

Jitters Prevail in Reno After Earthquake Series

New Seismographs Register Tremors As Hill Shudders

A series of earthquakes of varying intensity during Christmas vacation initiated the University's first seismograph, spotlighted Professor Vincent P. Gianella, and put Reno at the head of national news.

Professor Gianella, of the geology department in the Mackay School of Mines, said "We've never had such a rash of earthquakes."

When the first shock was felt in Reno on Monday, Dec. 17, Professor Gianella was called upon to give his opinion of the disturbance. Wednesday, after another severe shock was felt, Professor Gianella was consulted frequently by the press, and was interviewed on the "Man on the Street" program of a Reno radio station.

A new seismograph was installed on the university campus just in time to record the quakes. The old seismograph, which is still kept in operation in the Mackay School of Mines, was thrown out of commission by the first severe shock.

Reno seemed to take the shocks more or less in stride, but papers throughout the country built up the event until telegrams offering aid began to descend upon the city. The American Red Cross in San Francisco offered its help. Los Angeles wired to ask if blankets and other supplies were needed, and individuals all over Reno received wires from anxious friends and relatives.

When it became apparent that the rest of the country considered Reno a shambles, the Chamber of Commerce issued a press release to 750 newspapers and radio stations to the effect that no bricks had fallen, but that an old building could be dynamited if news photographers wanted pictures of destruction. "Reno wants to cooperate," Harold Tamka, president of the chamber, said.

Suspicious glances are being cast at a Sagebrush reporter who wrote a letter to the editor just before Christmas. The letter was addressed to Santa Claus, and asked that "a small earthquake be provided so that Professor Gianella might try out his new seismograph."

(Continued on Page 3)

Wrong Addresses Delay GI Checks

It is urged that veterans receiving subsistence checks from the Veterans Administration promptly turn in their new addresses as these checks cannot be forwarded.

Many of the checks which have been mailed have not been returned because of the failure of the veteran to notify the VA regional office that is holding his records.

The Treasury Department holds all checks which cannot be delivered until the veteran submits a change of address to his local VA office.

PANZER, TURNER WED

Richard E. Panzer, graduate teaching assistant in chemistry, and Doris I. Turner, were married Dec. 26 in Richmond, California. Mrs. Panzer, the daughter of Mr. and Mrs. Harry Turner, Vallejo, California, is a junior at College of Pacific, Stockton.

The couple will be at home in Reno Feb. 1. Mrs. Panzer plans to continue her studies at the University of Nevada.

Probable Damage In Stronger Quake Told by Professor

What would a really sharp earthquake do to the University of Nevada?

Since this is as unpredictable as when the next earthquake will occur, one guess is as good as another.

Professor Walter S. Palmer, chairman of the metallurgy department, knows the history of most of the buildings on the campus. It is his contention that Morrill Hall, which houses the president and administrative offices, would be the most likely victim of a major tremor. The third floor of the building, built in 1886, was long ago condemned for classroom use.

With the possible exception of the Agriculture Extension building, other structures on the campus are well enough constructed to withstand the whimsies of geological faults. The Extension building, constructed of stone, was built in 1901.

Possibly the strongest building on the campus is the Mackay Science building, according to Professor Palmer. This structure is built of reinforced concrete.

Most of the other buildings are of brick and cement mortar. This is a combination which can also take big shakes, says Professor Palmer.

As to the condition of the terra firma beneath the University of Nevada, Palmer thinks it couldn't be better. For this part of the country, that is. Consisting of hard pan, which is next to rock, the "hill" is so hard that holes for the campus trees had to be blasted.

Only damage reported on the campus were a few new cracks in a few old ceilings, a smattering of fallen plaster dust, and a few dislodged museum pieces in the Mackay School of Mines.

Reno Rotary Club Offers Scholarship

The Rotary Club of Reno has announced that applications for its annual scholarship are now available.

The annual amount paid is \$250 to be made in eight monthly installments beginning in February of the year.

The qualifications for application are as follows: The applicant shall have completed one semester's work in the university, must possess a good character, must have maintained a good scholarship and must be self-supporting in whole or in part.

Dr. Harold Brown, scholarship committee chairman stated that previously men have always gained a majority of the scholarships. He said that he would like to have more women take advantage of this opportunity as it is co-educational.

ASTRONOMY SOCIETY SHOWS PALOMAR FILM

A sound-color film entitled "The Story of Palomar" was presented at a meeting of the Astronomical Society of Nevada Wednesday evening in the Mackay Science hall at the University of Nevada.

The movie described the planning and building of the Palomar observatory and also the new giant 20 inch Hale telescope. The film also showed the great telescope of Palomar and Mt. Wilson in actual operation.

Dr. Chappelle Dies at His Home Before Christmas

Funeral services were conducted last week for Dr. Benjamin Franklin Chappelle, professor and head of the department of foreign languages at the University of Nevada. The rites were directed by the Reno Elks lodge from the Ross-Burke chapel.

Victim of a heart attack, Dr. Chappelle was found dead in his home two days before Christmas. He had suffered a heart attack some years ago and had since been under the care of physicians.

Besides his daughter, Caroline, Dr. Chappelle leaves a sister, Mrs. Laura Christman of Reno. Mrs. Chappelle died in 1936.

"Lead Kinky Light" and "Ava Maria" were sung by Mrs. Dorothy MacLeod, accompanied on the organ by Mrs. Lula Grimmer.

The widely known educator had been a member of the University of Nevada since 1917. He became head of the language department in 1922.

Born in Philadelphia, Pa., in 1885, Dr. Chappelle received his A.B. and M.A. degrees at Dickinson College at Carlisle, Pa. He also studied at the University of Berlin, Heidelberg, Lausanne and Poitiers, the University of Pennsylvania and the University of California.

In 1934 Dr. Chappelle was awarded the "Palme Academiques" with title of Officier d'Academic (France) and he was also a member of such scholastic and honorary societies as Phi Kappa Phi, Pi Gamma Pi, Phi Beta Kappa, American Anthropology Association, and the American Association of University Professors.

He traveled in Spain, Portugal, other European countries, and later in the Central and South Americas on missions for the United States intelligence department. He later wrote a book called "The German Element in Brazil," a monograph, published in 1917, which was written from his experiences with the intelligence service.

MINING STUDENTS EDIT NEWSPAPER

The first newspaper to be published by the Mackay School of Mines appeared on the campus January 3. A four page edition of mining and alumni news, the "Mackay Miner" was made possible by the donations of members of the Reno chapter of the American Institute of Mining Engineers.

The paper was edited by Ed Morrice and contributors to the first issue were Alberto Barrios, Crucible Club president; Jerry Boettcher, Charles Lockhart, Stan Davis, Nick Tudor and Bill Williams.

Engineers Briefed On Modern Motors

An illustrated lecture on "Modern Motors, Their Control and Application" will be given by L. Stoeckley in the Electrical Engineering building at 7:30 Thursday night.

Mr. Stoeckley is a General Electric engineer from San Francisco.

The demonstration is sponsored by the local branch of the American Institute of Electrical Engineers. The public is invited to the lecture.

NELSON SAYS POSSIBLE CUT IN FOOD COSTS

"If food prices continue their downward trend we hope to ask for a decrease in the monthly board rate in the not too distant future," Mrs. Nellie W. Nelson, director of the university dining hall, announced today.

The dining hall was partially remodeled and the serving system changed during Christmas holidays. Most obvious change was from army type metal serving trays to dishes and new plastic trays. The steam tables were remodeled and covered with stainless steel. New display counters for salads and desserts were added.

Funds for the change were appropriated by the university, Mrs. Nelson said. No money was taken from the student board fee of \$50 per month. Dishes already on hand were put back into use.

The production department of the dining hall—where food is prepared and cooked—is being improved. Funds for this purpose are being obtained from sales of surplus equipment.

"We hope that this will help us to give the students better service and hotter food," Mrs. Nelson added.

200 STUDENTS ADMITTED HERE FOR NEXT TERM

About 200 new students will be admitted to the University of Nevada when the spring semester begins on February 1," said Dr. M. W. Deming, director of admissions.

So far, more than 450 people have written in for formal application blanks.

Most of the letters have been from Nevada high school graduates, but many inquiries from other states have also been received. "The university will admit all qualified applicants from Nevada," said Dr. Deming. The new students will replace those who drop at the mid-term. Usually 150 students leave school at that time.

The enrollment in the university is almost never as large in the spring as it is in the fall, since most of Nevada's high schools hold graduation exercises in the spring. Next semester's enrollment will be as large as this semester's, which is 1774.

The university is permitted to enroll up to 700 out of state students in any one year. At present the enrollment for this group is below that figure. This makes it possible for more students from other states to enroll.

Moseley Brochure Salutes Mackay

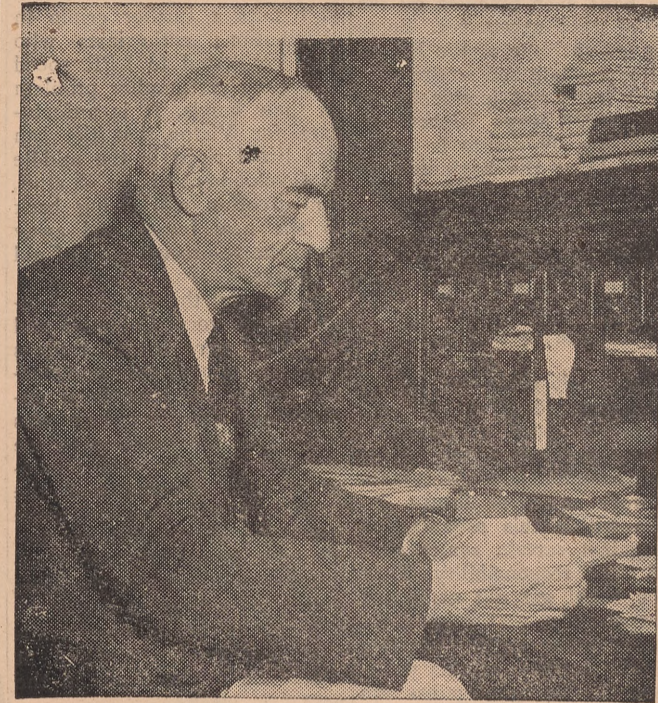

A brochure entitled "The Man With the Upright Face" has been prepared by President John O. Moseley to advance the sales of the John Mackay statuettes.

The cover features a pen and ink sketch of Mackay drawn by Professor J. Craig Sheppard of the art department. An interpretation of the meaning of the statue, the original of which stands in front of the Mining building, is in the second page.

A story of John Mackay and his contributions to Nevada and the university appears inside the booklet and was written by President Moseley.

On the back cover is found the Mackay Song. Students who wish to buy a statuette should call at the office of the president.

Nevada Press Club Honors Former Gazette Editor

Editor Graham Sanford

Plaque Dedicated To Graham Sanford In KWRN Broadcast

A plaque, honoring a man who came to Reno for a visit and spent the rest of his life here rising to one of the most responsible newspaper posts in the state, was presented to the Reno Evening Gazette by the University of Nevada Press Club.

In ceremonies carried over KWRN Wednesday, the late Graham Sanford, former publisher of the Gazette, was honored with the presentation of the fourth Press Club plaque, recognizing outstanding journalistic contributions to the state.

Doris Hanssen, Press Club president, gave the plaque to Graham Dean, present Gazette publisher. Governor Pittman and Joe McDonald, editor of the Nevada State Journal, participated in the dedication, outlining highlights in Mr. Sanford's career.

Graham Sanford came to Nevada for a short visit during the Tonopah gold discoveries. He went to work for the Journal, and then for the Gazette. Quitting the newspaper field for a while, Mr. Sanford founded the Reno Printing Co. In 1915, however, he became a partner in the Gazette.

Until his retirement in 1941, Mr. Sanford was editor of the Gazette. When he was invited to become an honorary member of Kappa Tau Alpha, national society honoring scholarship, in that year, Mr. Sanford accepted. His letter then stressed a belief in the newspaper as a public service, of the need in a reporter for honesty and careful thinking.

The plaque will be placed in the lobby of the Gazette building, which was built during Mr. Sanford's time as editor. Plaque production was supervised by Jack Ryan, in the university department of engineering.

Thirty Expected To Be Graduated

All seniors who expect to graduate after this semester's work is completed are asked to call at the registrar's office, Miss Jeannette Rhodes, university registrar, announced.

Approximately 30 students are expected to be graduated from the college of arts and sciences, while no students will be graduated from the college of agriculture and the college of engineering.

A list of graduates will be available after final examinations, Miss Rhodes said. No ceremony will be held after the first semester, but those who wish may return in June for commencement exercises.

FACULTY PARTY SET FOR TOMORROW NIGHT

The annual joint dinner party of the Faculty Club and the Women's Faculty Club will be held tomorrow at the Twentieth Century Club at 6:30 pm. Professor I. J. Sandorf, president of the Faculty Club, said that dancing, games and entertainment will be features of the evening.

Dr. John Gottardi is in charge of the entertainment program. Professor and Mrs. Joseph H. Robertson, Mr. and Mrs. Verner E. Scott, and Miss Ruth Irene Russell will be hosts and hostesses for the affair.

Powerful USF Cage Team Meets Pack Five Tonight

Looming as one of the best teams in the west if not the best, San Francisco Dons move into the Nevada gym tonight for the first game in a weekend series with Jake Lawlor's hustlers.

Pete Newell's cagers arrived in Reno today sporting a record of 10 wins in 11 starts. Last year the Dons defeated Nevada in both of their meetings, 45-37 and 55-40.

Nevada, owners of not quite as bright a record, will go all out to knock off the Dons. The Wolves have won six games in 12 starts but four of the lost encounters were by two and three pint margins.

Lawlor will probably start Dan Orlich at center, Joe Libke and Louie Joseph at forwards, and Ron DuPratt and Les Ray at the guard slots.

Coach Newell will open with a combination of John Bennington and Don Giesen at forwards, Joe McNamee, center, and Ross Giudice and Rene Herrerias, guards. Both Judice and high scoring Don Lofgran sustained knee injuries in the Bradley Tech game last Saturday night but are expected to be able to play as usual.

The well balance USF quintet unveiled a potent new scoring threat in defeating Santa Clara last Monday night. Six-foot six-inch center Joe McNamee, who has been a brilliant rebounder but only a steady 10 point a game scorer, exploded for 18 field goals and two free throws for 38 points, a new Cow Palace record.

In conquering the Broncos, USF rang up its fourth triumph in six days. Last Sunday night they returned from a 6000 mile air barnstorming trek that saw them topple unbeaten LaSalle in Philadelphia, edge once beaten City College of New York in a Madison Square Garden overtime contest, and snap Bradley Tech's perfect string of 12 victories in Peoria, Illinois.

Previously the Dons had tagged the initial collegiate loss on highly touted North Carolina State. Their record of impressive wins, marred only by a 61-5 setback at the hands of UCLA, gives the Newellmen one of the outstanding casada records in the nation.

Traner Attends West Coast Meet

Dean Fred W. Traner of the school of education at the University of Nevada recently attended a meeting held by the Northwest Association of Higher and Secondary Schools in Seattle Washington.

As a member of the Commission on Higher Schools, it was Dean Traner's duty to examine the application of 22 different institutions of higher learning for accreditation by the association.

The outcome of the committee meeting was the issuance of accreditation to some of the schools. To others, limited accreditation was given, while still another group was definitely rejected by the committee.

PUBLICATION BOARD

Members of the publication board will gather informally tomorrow night at the Golden Hotel for dinner and dancing. The affair will be at 8 pm with members and their guests in attendance. Chairman of the evening will be Cliff Banta.

Snow Halts Skating As Plea Sent Out

Manzanita Lake in past years provided university students a convenient and sizable ice skating site during extremely cold weather. This year, however, a thin covering of snow has prevented skating on the thick, but very rough surfaced ice.

If any campus service organization would be willing to scrape the ice surface free of snow, the Reno fire department will flood the lake and make the surface suitable for skating.

NOTICE

The university admissions committee reported this week the loss of a black binder containing material that is impossible to replace and is of utmost importance. The binder resembles the ordinary type classroom binder and if found, please return to admissions office in the quonset hut behind Stewart Hall.

The Hat of NO Sagebrush

Nevada's Largest Weekly Newspaper.

Member Associated Collegiate Press

Entered at the Postoffice at Reno, Nevada as second class matter Published at Reno, Nevada, by the Associated Students of the University of Nevada

EditorJon F. Milburn

HOUSECLEANING

In the past the University of Nevada Sagebrush hasn't failed to blast anyone or anything which was out of alignment with the ideals and good policies of this school.

The time has come to view the shortcomings of the Sagebrush itself.

From many quarters complaints have been received by the editor concerning the distribution of this newspaper. Some students claim that they have yet to see an issue of the Brush. Others claim that they receive their copies late and irregularly. Many of these students are becoming irate, and justifiably so.

Each student belonging to the ASUN pays 75 cents a semester for a subscription to the Brush. This sum is incorporated in the ASUN fee which is paid at the beginning of each semester. Any ASUN student who has not received this paper, or who has been receiving it irregularly, is perfectly within his right to demand why. After all, he has paid for his subscription, and such a situation is actually cheating.

Many members of the Sagebrush staff work conscientiously each week to produce this publication. At the sacrifice of good grades, studies are often put aside so that deadlines can be met.

When the circulation of the paper isn't completed in the proper manner, these people are also cheated. Their valuable time, effort and sacrifice of grades have been of no avail. To these people the circulation of this newspaper, the subsequent reading of it and an occasional compliment or legitimate gripe means everything. It's their work and their future.

However, a recent investigation within this organization has produced conclusive evidence against certain senior staff members who have fallen short of their responsibility. They have used the Brush for what they could get out of it and have disregarded honesty and purpose.

Risking the antagonization of advertisers, the possible loss of mailing permits and even a total collapse of this publication, these people have deliberately conspired against the Brush, the ASUN and every student who has paid his 75 cents for a subscription to this newspaper.

Steps are now being taken to rectify conditions within this organization. All constructive moves will be announced at a more appropriate time.

FINE ARTS DAY BEING PLANNED

An arts and science day, a day to be set aside for original exhibits by students in the arts and science department, is being planned by the student administration to take place in the spring semester.

Such an affair, as discussed at the senate meeting Wednesday night, would give art, drama, and music students an opportunity to display their creative and productive talents. Furthermore, it would contribute to the university's prestige. Guests from all Nevada would be welcome to attend plays and concerts presented at that time and to view the various exhibits.

Nevada Couple Have Holiday Wedding

Virginia Auchampaugh, daughter of Doctor and Mrs. Philip G. Auchampaugh, and John N. Moseley, son of President and Mrs. John O. Moseley, were wed Dec. 19 at the Federated Church here.

For the wedding the bride wore her grandmother's gown. Her maid of honor was Margaret Moseley, sister of the bridegroom, while Robert Steele, a student at Stanford University, was best man.

The couple met on the University of Nevada where Miss Auchampaugh was a member of Kappa Alpha Theta. Moseley now attends Stanford University and is affiliated with Sigma Alpha Epsilon fraternity.

JUST FOR THE RECORD

By Barney Childs

The happy day is with record enthusiasts—J. Caesar Petrillo has given the go-ahead to record companies. With the ban off, production is swinging into high again, and those in the know expect the first of the new sides to hit the market in the next couple of months.

RCA Victor is still tinkering with their version of the long-playing record; this rig will involve 45 rev-per-minute discs, in opposition to the 33-1/3 speed of the Columbia LPR's. This puts a further crimp in distribution; enthusiasts who have converted to LPR speed now have yet another problem on their hands. It is unfortunate for Victor that the ban was lifted right in the middle of development of the 45 stuff, for attention will swing back to the new issues and away from the re-presentation of old standbys.

In a way, the ban was useful to collectors; Columbia and Victor were led to repress many sides, both pops and classical, that had long been unavailable. This writer was pleased in the extreme to see re-release of the two Hindemith viola sonatas and the Brahms Horn Trio, to name but three of the hitherto unavailable items. Hindemith enthusiasts will welcome the news that a recording of the great E-Flat Quartet is now available; cut by Columbia, it should be in the shops in the next few weeks.

Imports will probably decline in popularity with the increased activity of domestic companies, but there are many people who, having fallen back on foreign material during the lean months, are convinced of the superior fidelity and excellent performances available on imports. Then, too, the foreign lists, especially English Decca, contain many items hitherto uncut in this country; the Bartok Sixth Quartet, the Mozart Quintet for Horn, Violin, Two Violas and Cello, the Benjamin Britten Folk Songs. There is still no sign of the old Telefunken and Ultraphon

masters that were supposedly impending under the aegis of Capitol, who took them over from Mercury.

This writer hopes the new activity in recording will see an improvement in the caliber of popular hits. Aside from "What Did I Do," there seems to be no side that can come up to the standards set during the period 1940-43, when the Dorseys and Miller reigned supreme. The emphasis has passed from big bands to combos, and today we can scarce suggest an aggregation that can come up to the level of these earlier groups. Kenton and Raeburn, Elliot Lawrence and Benke, although providing occasional journeys into "experimental" swing, are too stamped with the post-war "Zeitgeist" to make a hit with all, and bands like the old Herman crew (remember—the Band That Plays the Blues?) Goodman's, Lunceford's, and even Charlie Barnet's are a thing of the past. The heyday of the combo, "kicked off" by the King Cole Trio, is fading; few listen to Joe Mooney or Slim Gaillard any more, and the emigration of the be-bop school to large bands has further weakened this form. Of course, if you LIKE organ and novachord, there are many such arrangements as the Three Suns or Ben Leicht knocking around, but—

Q. My husband enlisted in the army December 31, 1946. Is he eligible to receive war service compensation in event of disability incurred in or aggravated by service?

A. Yes. President Truman proclaimed the cessation of hostilities effective 12 noon, December 31, 1946. However, it has been ascertained that records of the department of the army, do not show the hour of enlistment. Accordingly, it is presumed that an enlistment on December 31, 1946, was entered into prior to noon on that date. However, the disability must have been incurred in active service before July 25, 1947.

Q. I did not select an optional settlement of my NSLI. In event of my death, is my widow entitled to settlement in a lump sum if she wants it?

A. No. Payments in one

sum may be made only if designated by the insured.

Q. Does Veterans Administration give flags to the next of kin of a deceased veteran?

A. Yes. Flags are issued to drape the casket of a deceased veteran and are given afterwards to the next of kin.

Q. What income provision is attached to compensation payable to the widow of an American soldier killed in line of duty?

A. There is no income restriction to compensation paid for service-connected disability or death.

It Troubles Trouble

THIS newly developed electronic tester looks for trouble . . . discovers trouble before it becomes serious. With it, every telephone line in a Central Office can be checked and tested at the rate of 5,000 per hour. Breaks and weaknesses in wire insulation can be spotted miles away and the trouble eliminated before it interferes with telephone service.

In the telephone business the search never ends for new equipment and new methods that will help make good service even better and keep it low in cost. That's why America enjoys the finest telephone service in the world.

American Legion To Hold Banquet; Open to Public

The University of Nevada Memorial Post of the American Legion will begin its activities for the spring season with a dinner-dance to be held at Lawton Springs, the evening of January 15.

Featured in the way of refreshments will be a buffet supper. Lee DeLauer, adjutant and finance officer of the post, added that the affair is not restricted to members of the post, or to veterans, and that the public is invited.

Another highlight of the activities planned by the Legion post will be a Golden Gloves boxing tournament the latter part of February. Although final details have not as yet been released, DeLauer pointed out that members of the post may work at various tournament jobs during the three-day affair, and that they will be paid for this work. In line with this announcement is the news that the campus group has purchased for the university a new boxing ring which will soon be put into use.

DeLauer also stated that the annual membership drive is now under way, and that all veterans interested in joining the post are invited to attend the meetings which are held on alternate Thursdays at the Highland Recreation Hall above the university campus. The next scheduled meeting, at which refreshments will be served, will be held January 20.

Professor Palmer Presiding Chairman At Engineers' Meet

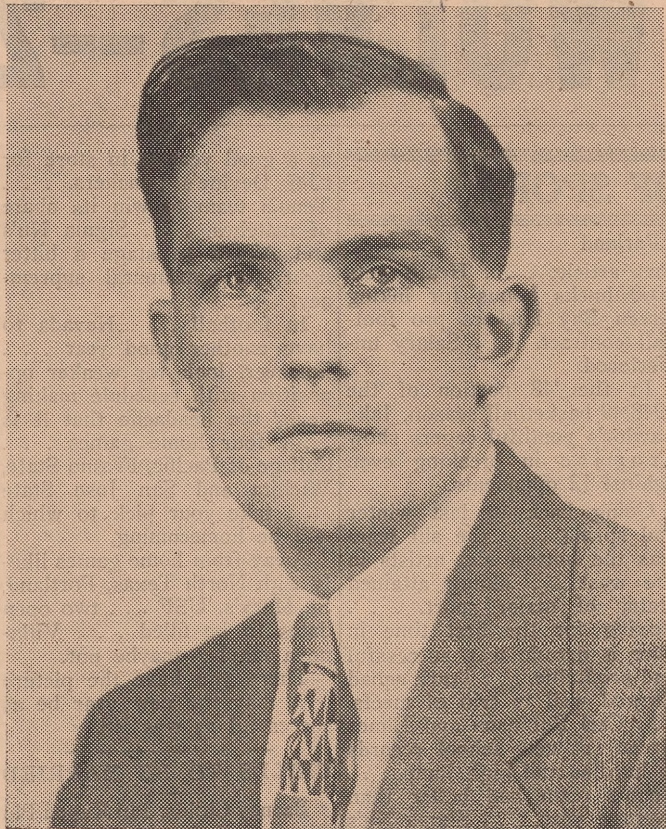

Prof. Stanley G. Palmer, dean of the college of engineering, presided as chairman at the 14th annual meeting of the Pacific Southwest section of the American Society for Engineering Education. The group met December 28 and 29 at the University of California in Los Angeles.

Prof. Jay Arnold Carpenter, Mackay School of Mines director, and Prof. Howard Blodgett, chairman of the department of civil engineering, also attended the meeting.

Professor Carpenter toured the mining districts in Nevada for a week before the meeting. While in Los Angeles he also visited the offices of companies which own mining property in Nevada.

This is the way to write a thoroughly angry business letter: "Sir, My typist, being a lady, cannot take down what I think of you. I being a gentleman, cannot write it. You being neither, can guess it."

NEW EE INSTRUCTOR

D. L. McLeod is the latest addition to the expanding electrical engineering department at the University of Nevada.

New Seismographs Register Tremors

(Continued from Page 1)

One enterprising insurance salesman read that local agencies were refusing to sell earthquake insurance until the tremors had subsided, and made an arrangement to represent Lloyd's of London in the Reno area. He reported that his clerks could not type out the policies as fast as they were sold.

Western Nevada is listed by the United States Coast and Geodetic Survey as a place where destructive earthquakes have occurred in the past and may occur again. Two men from San Francisco were dispatched to the University of Nevada by the survey chief with equipment especially designed to record quakes too strong for the delicate seismograph.

Geological faults in the earth are located all about, and even underneath, Reno. The recent shocks are believed to have originated in the Verdi fault, 15 miles west of here. Some buildings in Verdi were damaged, but Verdi residents were en route to see the damage reported in Reno at the same time curious Renoites were heading west to see what had happened in Verdi.

Downtown businessmen report no cracked walls or other damage, and the quake seems to have subsided sufficiently so that it can be regarded as history, although geologists emphasize that no one can predict anything about an earthquake. As the last headlines died, Reno received a telegram from

'Meteor' Staged Here Next Week

An experienced campus cast will present "The Meteor," a three act play by S. M. Behrman, at the Education building auditorium three evenings next week. The curtain will go up at 8:30 pm on January 11, 12 and 13. Students will be admitted free of charge on their student body cards.

Rex Jemison and Jane Baty will play in the leading roles. Jemison has appeared in seven other campus productions, while this will be Miss Baty's third appearance in a university sponsored drama.

Of the supporting actors and actresses, Norma Carruth has been in three other plays, Mark Bray in two, and Lorne Black, Jerry Wyness and George Bennett have each appeared in one. Barney Childs and Drake Delaney will make their first appearance in a campus stage play.

The play is being directed by Dr. William Miller of the university speech and drama department. Dr. Miller has directed numerous campus productions in the past.

Nevada Represented By Eight Students At Asilomar Meet

Eight students represented the University of Nevada at the Asilomar conference in Monterey Bay, California, over the Christmas holidays. The conference, held to discuss student christian association movements, was attended by 550 college men and women from Nevada, California, Arizona and Hawaii.

Rudy Gerken represented the University of Nevada YMCA; representing the campus YWCA were President Mary Lou Sewell, Dolores Spradling, Helen Burr, Marie Penrose, Neva Marker, Joan Fregger and Barbara Smith.

Dean Elaine Mobley, Jean Howden, YWCA secretary on campus, and Lou Hilbert, leader of the Wesley Foundation of the First Methodist Church of Reno, also attended the Asilomar. Mr. Hilbert was official musician for the conference and played the piano for assembly and programs and the organ for chapel.

Dean Mobley conducted a daily hour seminar on "Democracy on the Campus." This was one of ten seminars for which the students volunteered to attend.

IT'S A GIRL!

A daughter, Sandra, was born to Mr. and Mrs. Michael Graban on December 27 at the Washoe General Hospital. The

girl weighed seven pounds. Mr. Graban is an instructor in journalism at the university.

WILDCATS PULVERIZE WOLVES--27 to 7

PENNSYLVANIANS TOO TOUGH IN HARBOR BOWL GRID COMBAT

Injuries to Heath and Howard Costly to Nevada Cause

Pulverizing Nevada's vaunted offense which swept through nine of ten opponents during the regular season, Villanova's vicious Wildcats rammed and slammed their way to a 27-7 triumph over the Wolf Pack in the third annual Harbor Bowl classic at San Diego on New Year's Day.

Showing utter disregard for the team that wrote four new offense marks in the nation's record books, the Philadelphia wrecking crew just about had everything their own way in running over, around and through the Silver and Blue.

So thorough were the Wildcats (they go by the nickname Main Liners, however, for all practical purposes that cognomen is much too mild for use in describing them) in their roughness, that over half the Nevada attack went to the bench during the first half.

Stan Heatht, Nevada's All-American and the nation's number one passer, and Sherman Howard, the Wolves high scorer, were both victims of flying feet in the thick of scrimmage during the second quarter. Heath received a pair of broken ribs and Howard got a mean gash on his forehead.

In the first period, Villanova marched to a pair of touchdowns the first two times they got their hands on the ball. Nevada could never get going, either in the air or on the ground, in the first half, save one time on a recovered fumble and a 15-yard penalty which gave the Wolves a golden opportunity on the Villanova one yard line. The threat fizzled with a fumble.

Only in the third quarter did Nevada momentarily find itself to march 97 yards and their only touchdown.

Being forced deep into a hole on its own three yard line as a result of a beautiful coffin corner kick by Bill Doherty, Nevada, directed by Alva Tabor subbing for the injured Heath, moved to the Wolf Pack 39.

Tommy Kalmanir found daylight after circling his own right end, cut to the left and scampered 61 yards for the six pointer. Bob Corley kicked the extra point to pull Nevada within six points of the easterners at 13-7.

The Pennsylvanians retaliated with a lightning 80-yard run on the part of John Geppi. Moments later a Tabor pass was picked off by a Villanova defender who raced to the Pack

eight. Pete D'Alonzo crashed over from there. The Wildcats were knocking at the door again when time ran out with the ball on the one yard line.

Joe Sheeketski, for the first time in his coaching career, let it be known that he was very unhappy with the officials for letting many rough tactics on the part of Villanova go unnoticed—tactics which provoked no less than three flurries of flying fists between opposing players.

Aside from football, the Harbor Bowl featured quite a bit of pagentry. Martha Vickers, movie star, reigned as queen of the event and was escorted by King Dane Clark, also of filmland.

Over a half dozen bands were on hand to furnish music at half time. The NBC radio network went into the homes of several Hollywood notables for comments on the game. Phil Harris, Walter O'Keefe, Archie of Duffy's Tavern, and Dennis Day aired their remarks.

Santa Clara Refuses Nevada Game in '49; No Reasons Given

The Nevada Wolf Pack has not been listed on Santa Clara's 1949 football schedule.

Coach Joe Sheeketski and graduate manager Gene Mastrianni were unable to offer any explanation for Santa Clara's action. Mastrianni said that a previous understanding with Santa Clara graduate manager Denny Keenan had been that if the Sacramento game was a financial success the two teams would meet again in 1949. Both agreed earlier in the season that the game was successful financially.

Nevada played Santa Clara this season at Sacramento, taking a 14-0 defeat, the only game Nevada lost during the season.

Nevada will play the Portland University Pilots at Portland on Sept. 25 next year, according to Sheeketski. The game is the first to be announced on Nevada's 1949 schedule.

Mastrianni stated that he was trying to get the Santa Clara Broncos to play Nevada on October 2, which is still an open date for them.

Officer: You were doing 70 miles an hour.

Miss Sweet: Isn't that marvelous! I just learned to drive yesterday.

Eighth Place Won By Varsity Skiers At Colorado Meet

University of Nevada's ski team took eighth place at the national intercollegiate ski meet at Aspen, Colorado, during the holiday vacation.

Middlebury College of Vermont won the meet for the second straight year by edging out Western State of Colorado for the team championship.

Results of the meet were as follows:

- (1) Middlebury, 394.47; (2) Western State, 392.22; (3) Utah, 370.19; (4) Denver, 369.31; (5) Colorado, 366.07; (6) California, 353.88; (7) Wisconsin, 352.01; (8) Nevada, 350.49; (9) Wyoming, 344.40; (10) Harvard, 344.32; (11) Seattle University, 336.54; (12) San Jose State, 302.94; (13) Yale, 301.50.

Members of the Nevada team who participated in the meet were Barnes Berry, John Gianotti, Jack Parkes, Bill Briner and Harvey Rose, Coach Jerry Wetzel, a former Nevada ski star, also attended the meet.

The Aspen meet was only the start of a greatly expanded University of Nevada ski schedule which climaxes with the Sugar Bowl Silver Belt Race on April 23 and 24.

Nevada's new ski coach, Jerry Wetzel, has a wealth of material for his team this year with veterans Cliff Banta, Les Hawkins, Barnes Berry, Jack Parkes, Harvey Rose, Bill Briner, Bud Schoenfeld and Norman Olsen returning. Other student skiers including John Gianotti, Wayne Adams and Bob Ramsey are also trying for a berth on the team.

SPEAKING OF SPORTS

By Bill McFarland

Grabbing a quick re-take of the Harbor Bowl game last New Year's day, it was just a case of "brute force" overwhelming "finesse" when Villanova ripped Nevada to pieces. "Wot Hoppened" is that for the second time this season our guys ran into a bruising, rock-'em-sock-'em type of ball club (Santa Clara was the first) and as a result were worn down and defeated.

A vicious Villanova let it be known from the beginning what the outcome would be. Even had Stan Heath and Sherman Howard not been injured, it is doubtful that the Wolf Pack would have pulled the tilt out of the fire.

Nevada went into the affair offering no alibis should they come out on the short end. They are offering no excuses now. They played hard, and even in defeat, were a great ball club; in fact, about the best this school has ever had.

1948 in a Nutshell

Football, naturally enough, was king on the campus during the past year. Sheeketski's crew won nine of 11 starts and set four new national grid records in doing so.

Stan Heath became Nevada's first bonafide All-American. Joe Sheeketski ended his second year on the hill with a record of 18 wins in 22 outings.

"Sports-Week" created big stink with a yarn about UN football and gambling. Nevada counter-attack apparently fizzled against

that article. . . . Heath gets 5000 bucks bonus for inking Green Bay Packers pro football contract. . . . Salary undisclosed.

In the '48 portion of the 1948-49 basketball season, Jake Lawlor's youthful cagers show promise in breaking even against 12 opponents.

Going back to last winter and spring . . . the ski team was the hottest slat artists in the west . . . skiing attained status of major sport. . . . Boxing for the first time in over a decade was successful and profitable. . . . Track squad showed well in trio of meets. . . . Carl Robinson and Elmer Green set new school records in hurdles and high jump. . . . Tennis team had better than average year. . . . Sigma Nu's cop Kinnear trophy in intramural play.

What to Expect in '49

With 1949's sports program coming up, here are some prognostications for Nevada fortunes during the next 300 and some odd days.

Since basketball is almost at the half-way mark, look for the hoopsters to wind up the campaign with an even break in won-loss column. . . . Also hope that someone finds a solution for the empty seat situation prevailing at home games . . . attendance is below par.

Skiers will place high in majority of meets . . . in fact, might win several. . . . Boxing will again click the turnstiles

as a good year is in store for Cliff Devine's punchers. . . . Tennis team to win its share of matches. . . . Sigma Nu's and ATO's to stage a bitter fight for intramural supremacy.

In football . . . Nevada to have another good year . . . however, look for weaker opposition with schedule making being the headache that it is . . . four home games . . . College of Pacific, Fresno State, Wichita and San Jose State . . . take your pick to which will be homecoming.

Away from home games likely with North Texas, Portland, St. Mary's, USF . . . two open dates to be filled . . . Villanova maybe—maybe not.

There you have the picture . . . may the new year be as successful as was '48.

CHILDS TO BE MARRIED

Barney Childs, Phi Kappa Phi Rhodes scholar, announced his engagement to Charlotte Brown of Palo Alto, California, Monday night at the Independents meeting.

The wedding ceremony will take place on April 16 in Palo Alto.

Sigma Nu Holds 27-Point Margin In Kinnear Race

For the third straight year Sigma Nu leads all other contestants in the Kinnear trophy race with 157 points scored thus far. Running a close second is Alpha Tau Omega with 150 points.

Events for which points have been awarded so far are horse-shoe singles and doubles, softball, cross country race and volleyball. The interfraternity rifle match has already been shot, but points toward the Kinnear trophy have not yet been awarded.

Other fraternity standings are:

Phi Sigma Kappa	103.75
Sigma Alpha Epsilon	100.20
Lambda hi Alpha	47.70
Sigma Rho Delta	32.50
Theta Chi	20.20
Sigma Pi	3.95
Organ. Independents	0.20
Unorgan. Independents	0.00

"Their marriage is a secret."
"Yeah, that's what everyone is saying."

LIFTS DAVE FROM LOVE'S NADIR TO CORYBANTIC ECSTASY

LUCKY ME! ABOUT TO BEHOLD THE KALEIDOSCOPE UNDULATIONS OF GRETA GAYHEART - AND ESCORTING THE MOST GLAMOROUS GAL ON THE CAMPUS

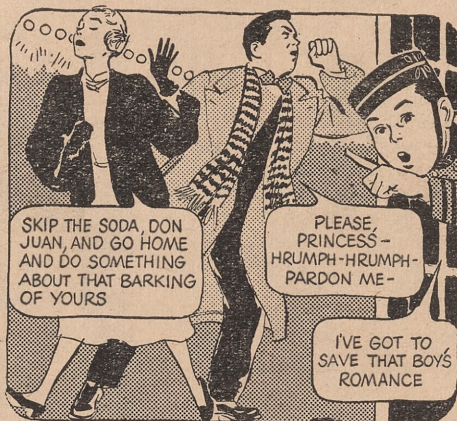

ROMANCE CERTAINLY SEEMS TO BE ON THE HORIZON, MY GAY LOTHARIO

AH, MY ROMANTIC ODALISQUE EVEN GRETA'S BEAUTY CAN'T COMPARE WITH - HRUMPH / ULP - HRUMPH / PARDON ME FOR CLEARING MY THROAT SO MUCH--

ROMANCE MY FOOT! YOU'VE BEEN HARRUMPHING AWAY ALL NIGHT LIKE A FULMINATING FOGHORN!

O-O! HE'S GOT CIGARETTE HANGOVER

SKIP THE SODA DON JUAN, AND GO HOME AND DO SOMETHING ABOUT THAT BARKING OF YOURS

PLEASE, PRINCESS - HRUMPH - HRUMPH - PARDON ME -

I'VE GOT TO SAVE THAT BOY'S ROMANCE

DAVE, YOU'VE GOT CIGARETTE HANGOVER. WHY NOT CHANGE TO PHILIP MORRIS, THE ONLY LEADING CIGARETTE PROVED DEFINITELY LESS IRRITATING?

SOUNDS SENSIBLE, JOHNNY, I'LL TRY IT

DARLING, EVER SINCE I CHANGED TO PHILIP MORRIS MY THROAT HAS FELT AS SMOOTH AS YOUR OWN IRIDESCENT AURIOLA

THE WAY YOU'RE PITCHING WOO, I'D SAY YOUR VOICE WAS NEVER MORE EUPHONIOUS

THANK YOU SO MUCH ROMEO, I NEVER ENJOYED A MORE DELIGHTFUL EVENING

I'M IN SEVENTH HEAVEN WITH YOU, GORGEOUS. BUT DON'T LET'S FORGET TO THANK JOHNNY AND PHILIP MORRIS TOO

BUILD YOUR VOCABULARY

NADIR - As low as you can get; directly under foot.
CORYBANTIC - Wild with excitement.
KALEIDOSCOPE - Many-colored; technicolor, in fact.
UNDULATIONS - What panther women and serpents do, looping around gracefully.
LOTHARIO - The greatest "maker of time" before Bulova.
ODALISQUE - An Oriental charmer.
FULMINATING - Exploding, thundering.
CIGARETTE HANGOVER - That stale, smoked-out taste; that tight, dry feeling in your throat due to smoking.
IRIDESCENT - Changing colors under light.
AURIOLA - Golden halo.
EUPHONIOUS - Pleasant-sounding.

Our Story Points a Real Moral

Our campus story has a definite purpose: to make you realize the genuine DIFFERENCE that PHILIP MORRIS possesses. We have full proof of that, but too extensive to be scientifically detailed here. We cordially invite interested students engaged in chemistry and pre-medical work, to write our Research Department, Philip Morris Company, 119 Fifth Avenue, New York, N. Y.

CALL FOR PHILIP MORRIS

Pack Casabamen Have Rough Time During Holidays

Basketball during the Christmas holidays resulted in a record of two wins and four losses for the University of Nevada cagers.

Fighting all the way, Nevada dropped decisions to St. Mary's, 62-60; Loyola of Los Angeles, 42-33; and North Carolina State (twice), 49-48 and 70-51. In the final two games the Wolf Pack hit the victory column at the expense of Montana State College, 54-52 and 59-56.

Jake Lawlor's five gave the fans in San Francisco Cow Palace a thrilling performance against St. Mary's before coming back to Reno for the remaining five games. Noteworthy of these games was the fact that four of the six games were decided by three points or less with Nevada winning a pair of them while losing the other two.

In the Frisco game, Nevada, without the services of footballers Dan Orlich and Harold Hayes, nearly scored an upset against St. Mary's before bowing 62-60. Ron DuPratt collected 20 points to outscore Frank "Apples" Kudelka in a hot scoring duel. Louie Joseph was not far behind DuPratt with 15 points.

Feeling the strain of the sizzling pace the previous night against St. Mary's, the Wolves dropped a 42-33 contest to the barnstorming Loyola Lions. Joe Libke hit 15 points.

North Carolina State, Southern Conference champions and owners of a 75 point per game average last year, was nearly upset by the scrappy Nevada Wolf Pack in the first game of a two game series. A jump shot by Warren Cartier with two minutes to remaining furnished the North Carolina five with a 49-48 decision. Minutes before Nevada had jumped into

the lead 48-47. DuPratt was high scorer for the locals with 13 points, while All-American Dick Dickey collected 12 points for his team.

Showing Nevada fans why they were conference champions last year, State rolled to their sixth victory in seven starts by dumping the Wolves 70-51. Paul Horvath collected 23 points for the visitors while DuPratt was again high point man for Nevada with 13 points.

After four straight defeats, Nevada snapped their losing streak with a pair of thrilling wins over Montana State College by scores of 54-52 and 59-56. Both teams had trouble hitting in the first half of the first game. Eight minutes elapsed before Nevada hit a field goal and then they found themselves in a 13-5 hole. Montana State's lead was whittled down to 29-22 at half time and during the second half Nevada staged a hot rally to edge out the visitors. DuPratt tied Joe Mathias and Clarke Coover of Montana State for high point honors with 13 tallies.

In the last game of the holiday series, Nevada rallied again to edge the Bobcats. The contest was the roughest of the year with 34 fouls being called. High point honors went to Joe Libke who had a total of 20 points.

Heath, Sinofsky Sign Contracts With Pro Elevens

Stan Heath, Nevada's All-American quarterback, will do his passing for the Green Bay Packers of the National professional football league next year. Curly Lambeau, Packer's head, made the announcement of Heath's signing Tuesday.

Terms of the agreement have not been announced, but it is thought that Heath received a bonus in addition to a lucrative contract.

Lambeau said that Heath signed the contract in Los Angeles after last week's Harbor Bowl game.

Mickey Heath, father of Stan, said that the offer from the Packers was "the best offer that we got." Heath was among the most sought after player of the present college crop, and had previously been offered \$40,000 for two years with the New York Yankees of the All-American conference.

Ken Sinofsky was also inked to a professional contract. He was signed by the New York Yankees of the All-American Conference. Ken will

Corley Kicks Way To Grid Honors

Bob Corley, 210-pound center for the University of Nevada football team, captured the 1948 crown for points after touchdowns, according to statistics released by the National Collegiate Athletic Bureau. In nine regularly scheduled

games, Corley was credited with 41 points out of 55 attempts giving him a slight edge over Clinard of Vanderbilt. Clinard fell one point short with a total of 40 points.

Although these figures are official, Corley has actually made 43 points after touchdowns and has contributed a field goal, according to University of Nevada statistics. This would give Corley a total of 46 points for the 1948 season.

In percentage, Corley had a high mark of .745, but Billy Booe of Yale had the most consistent toe as he kicked 22 conversions out of 22 attempts to post a 1000 percentage.

In addition to regular season games, Corley kicked sev-

en points out of 11 tries against the University of Hawaii at Honolulu, and added one point against Villanova in the Harbor Bowl which gave him a final total of 54 points.

Ron DuPratt High Scores for Cagers

Ron DuPratt, Nevada's perpetual motion guard, holds the Pack lead in the basketball scoring race after the Brigham Young series. DuPratt has a total of 144 points which gives him an average of 12 points per game. He has 58 field goals and 28 free throws to lead the team in these departments as well as in total scoring.

The scoring duel actually is a four cornered one with Louie Joseph, Joe Libke, and Les Ray all having 100 points or more for their efforts to date.

Joseph is second with 115 points, Libke next with 111 and fourth is Ray with 100 points. Ray has been coming up fast in the last four games, and both he and Libke have added unexpected punch.

Nevada has a total of 625 points to 627 for their opponents as they have split even in 12 games. Fourteen men on the squad have figured in the scoring.

Freshmen Quintet Win Three of Four

The freshman basketball team garnered three wins in four tries during the Christmas vacation.

Lovelock and Portola high schools, and the First National Bank team of the Reno City League fell victim to the fast moving frosh while a formidable Stockton high school team handed them their only loss.

The Wolf cubs had little trouble with Portola as they won 50-19, and received even less competition from a scrappy, but out-classed Lovelock squad which they walloped 49 to 7.

The bankers from the city league led 23-17 at the half, but succumbed to the second half rush of the freshmen. They lost 49-35. In the game Ed Hancock, freshman forward, rang up 20 points to lead all scorers.

Stockton defeated the frosh by a score of 47-36.

SKI SCHEDULE

January 22-23: Reno jumping and giant slalom championships, Mt. Rose Bowl.

January 30: Nevada state jumping championships, White Hills.

February 5-6: University of Alberta international intercollegiate ski meet, Banff National Park, Canada. (Tentative.)

February 12-13: Snowshoe Thompson Memorial Meet, White Hills.

February 18-19-20: University of Nevada Winter Carnival, Mt. Rose Bowl.

February 26-27: F. W. S. A. jumping championships.

March 4-5-6: P. C. I. S. U. championships, Yosemite, California.

March 12-13: Reno Silver Dollar Derby, Mt. Rose Bowl.

April 2-3: Reno giant slalom championships, Mt. Rose Bowl.

April 8-9-10: University of California Vanderbilt Cup Races, Donner Summit, California.

April 23-24: Sugar Bowl Silver Bet Race, Sugar Bowl, California.

Date to be announced: University of Utah Winter Carnival, Alta, Utah.

NEVADA AIR ATTACK BOTTLED UP IN HARBOR BOWL

Villanova shows how it put the clamps on Nevada's famed aerial circus in the Harbor Bowl classic. Stan Heath is shown desperately trying to get a pass to Scott Beasley (upper left) only to have the pigskin go astray when a host of Wildcat linemen rushed him badly. This hard hitting type of defense and super blocking on offense gave the Pennsylvanians a 27-7 verdict over the Wolves. (Journal photo)

Info Concerning Fulbright Awards Made Available

University of Nevada students and faculty members seeking information concerning participation in the program of international education, made possible by the Fulbright Act, can contact Dr. William C. Miller, associate professor of English.

Dr. Miller has been appointed as coordinator of information for both faculty and students for Fulbright scholarships.

From the office of President John O. Moseley came the announcement as a result of a request from the Institute of International Education calling for the appointment in or-

der to assure the fullest participation of the University of Nevada in the Fulbright scholarship selection.

The letter stated that the duty of the person appointed is to undertake the responsibility of respectively advising faculty members and students on the opportunities of the program, and to make known the current information on the Fulbright Educational Exchange Program.

The Institute of International Education and the Conference Board of Associated Re-

search Councils are appointed by the Board of Foreign Scholarships to make preliminary selection of candidates for Fulbright awards.

The Institute of International Education is concerned with selection of pre-doctoral graduate students, and the responsibility of the Conference Board of Associated Research Councils is the selection of university and college teachers and research scholars.

Supervision of educational aspects and final selection of candidates is the responsibility

of the Board of Foreign Scholarships appointed by the president.
