## Sundowners Plan Car Registration For Coming Year

Automobile registration will again take place on the 22nd and 23rd of February at the east entrance of the library. Any person registering later than this will be fined one dollar, announced Mike Galli, president of the Sundowners.

The Sundowners, campus good fellowship organization, accepted the responsibility of automobile registration last September.

The following regulations are now being enforced on the campus by a special deputy assigned to the university:

The parking permit sticker must be displayed on the windshield in plain view. Registration is required only once in a calendar year. Faculty, staff, and students who enroll again the fall semester should register only in January of the calendar year. New students in the fall semester should register in the first week of the semester.

### Parking Areas

Members of the faculty may use the zones reserved for faculty parking or any other zone not otherwise restricted. Members of the staff, other than faculty, may not park in zones reserved for faculty, but may park in zones reserved for staff or any zone not otherwise restricted.

University students will park only in the parking lots north of the Agricultural Extension building, in the area south and west of the New Engineering building, and in the Mackay Stadium parking area.

University owned vehicles bearing EX-licenses may park anywhere that their business requires.

### Parking Restrictions

Parking in the following area is prohibited at all times:

a. Along the main street of the campus.

b. Along the street in front of Lincoln Hall, except that residents of the Hall may park on the south side of the street when the Hall parking area is filled.

c. On or in any established driveway, including the regular traffic lanes in the Mackay Stadium area.

d. (Within fifty (50) feet of the Infirmary. The only exceptions are those of the University physician and emergency cases.

## Monday, Feb. 21, Deadline for Clubs To Submit Budgets

Last opportunity for clubs and organizations to present budgets for consideration will be at the meeting of the Finance Control board on Monday, February 21.

Graduate Manager Gene Mastroianni announces that late considerations will be delayed considerably if they go beyond the February 21 deadline.

A few of the organizations expected to put budgets up for consideration and who are urged to have representatives present are: Band, Mackay Day committee, Debate squad, Associated Women students, and others.

### NOTICE

Paolo Treves, Ph.D., and member of Italian Chamber of Deputies, will speak at an all-university convocation at 4:00 p.m., Tuesday, February 22, in the Education auditorium.

His topic: "Italy's Foreign Policy Since Liberation of the Country."

## Sixty-two Students Suspended From UN

Sixty-two students were suspended from the university at the end of the fall semester, according to figures released from the registrar's office this week. This is a drop of ten compared to the same time last year.

To date, 46 students have been placed on probation. Complete grade reports will not be finished for three weeks, however, and this figure does not include probations carried over from last semester. The total number on probation, consequently, will be considerably higher, the registrar's office reported.

## SENIOR BALL SCHEDULED FOR EARLY SPRING

The Senior Ball is scheduled for March 19 at the Twentieth Century Club. The dance will start at 9 pm and no one will be admitted without a bid, stated Althea Benedict, co-chairman of the Senior Ball committee.

Bids must be picked up between February 22 and March 4 at the student body president's office in the ASUN building, said Miss Benedict.

Only seniors are eligible for bids and may have two each. There is no charge for the bid, however, the ticket accompanying the bid will be \$2 to pay for the breakfast after the dance.

A 3 am late night will be provided for University of Nevada women attending the dance who live in dormitories or sorority houses, said Miss Benedict.

The committee in charge of the ball includes Wally Green, senior class president; Bill Kormmayer and Miss Benedict, co-chairmen; Kay Brennan, decorations; and Bill Williams and Bob LeGoy, assisting committee.

The student body president's office will be open for bid seekers Monday and Wednesday 2 to 4 pm, and Tuesday and Thursday 8 to 9:45 am. Miss Benedict said any extra bids will be given out between March 4 and 11 to seniors who want them.

Formal dress will be in order for the women, and either a tux or dark suit for the men.

## Purchase Orders Must Be Obtained

Gene Mastroianni, graduate manager, announced that students are not obtaining purchase orders when buying organization materials. He said that, if this situation is not remedied, the graduate manager may be forced to do away with the ASUN bank service to campus organizations.

Mastroianni added that students obtaining material without purchase orders will be held responsible for the cost of the material.

## Payment Required For Annual Panels

Payment must be made for all Artemisia panels before the year book is published, according to Gene Mastroianni, graduate manager.

In the event that a group fails to remit payment before publication, persons involved will not be given a copy and their semester's grades will not be given out, he explained.

Organizations are urged to comply immediately.

DEFENDING WINTER CARNIVAL SKI CHAMPIONS

University of Nevada's skiing Wolf Pack took to the hills this afternoon in quest of retaining the championship of the Winter Ski Carnival. Last year, the Wolves just nipped University of California in a thrilling battle for Carnival supremacy. Pictured above, from left to right, are: Bob Ramsey, Barnes Berry, Jack Parke, Bud Schoenfeld, Cliff Banta and Coach Jerry Wetzel. Wetzel is coaching his team from a hospital bed because of injuries received in a snow avalanche while looking for a downhill site for this meet. The UN skiers have promised this one to "Wetz."

## ROTC QUEEN CANDIDATES

Seven candidates were chosen by Scabbard and Blade to compete for queen of the military ball.

The queen will be elected at the dance which will be held March 5 at the Mapes Hotel. An engraved cup will be awarded to the winning candidate by Jim Parker, captain of Scabbard and Blade.

Representing the Corps of Sponsors is blond Irene Fulton, Reno. She is a ski enthusiast and is a business major. Irene was chosen queen of the Earl Carroll beauties in a recent Reno contest and reigned as queen of the Reno high school military ball last spring.

Marilyn Humphreys, blond Theta candidate, is a native of Sparks where she was crowned queen of the Labor Day celebration last year and presided as queen of the 1949 Gold and Green ball. Marilyn majors in business and is active in YWCA, Ski Club,

PEM's and Corps of Sponsors. "I was surprised and pleased upon being named a candidate," she stated.

Gamma Phi's representative, Colleen Gilbert, Tonopah, served as a class officer all four years in high school, a cheer leader, and a state official in the Rainbow group. Also a business major, she is active in YWCA, Canterbury Club, and serves on the business staff of the Artemisia.

"I was completely astounded at being nominated for queen of the military ball because this is the first time such a thing has happened to me," Red-haired Beverly Jones, Las Vegas, and Manzanita candidate, exclaimed. Beverly is majoring in English here and was active in journalism and dramatics in high school.

Edith McDonald, Lovelock, is a familiar face among queen candidates because Edith competed for Homecoming sweet-

heart last fall and was second in the contest. She is an English major, and her high school activities included class officer and editor of the annual.

A well known Reno singer is Odile Frost, Pi Phi candidate. Odile attended Reno high school and now is a member of the university Ski Club, Fine Arts Club, and the Corps of Sponsors. She is majoring in French and minoring in music and hopes to have a musical career. This winter she was chosen by the Reno Chamber of Commerce to welcome ski enthusiasts.

Helen Keddie, Tri-Delt candidate, is also a redhead. San Francisco is Helen's hometown where she attended the convent of the Sacred Heart and held several class offices. During the summers she spends her time as a model in the city and has been a cover girl several times. Although her major is sociology, she intends to make modeling her career.

## Engineers to Hear General Electric Manager Speak

Engineering students will hear a talk on "The Approach to Your Future Job" by a manager of the General Electric Company on February 25.

The speaker will be M. M. Boring, manager of the General Electric technical personnel division in Schenectady, New York. He will also meet with the heads of the engineering college.

Another representative of General Electric will be here later in the year to recruit graduates.

Boring will visit the engineering department this month for the first time in several years. He or his assistants have visited the Nevada campus regularly since 1919.

Three of the ten 1948 June electrical engineer graduates, including Jack Owen, Dan Rice and Bob Uhlig, are now employed by General Electric.

### CLASS RINGS

Anyone planning to purchase one of the new class rings for delivery this semester is urged to have his order in by March 10, according to Blue Key secretary Joel Morris.

## FORMER COED GETS POSITION WITH SENATOR

Miss Shirley J. Fuetsch of Reno, has been appointed to Senator Pat McCarran's Washington staff, it was announced today by Coro Foundation of San Francisco, with whom Miss Fuetsch has recently completed an internship in municipal affairs. Miss Fuetsch, who has had considerable newspaper experience, will do work in public relations.

Miss Fuetsch holds a degree in journalism from the University of Nevada (class of 1940) and was women's editor of the university's weekly newspaper, Sagebrush. Her work with the Coro Foundation included time spent with the San Francisco recreation department, the board of education and the juvenile court. She also presented a question and answer radio program on municipal government in one of the city high schools.

## Chem Department Working on Naval Research Project

Work on a project to isolate a rare metal used in precision instruments may be completed this semester, Dr. George W. Sears, professor of chemistry, said today. The University of Nevada is the only western college of three working on a project granted by the Office of Naval Research.

Dr. Sears and Wallace Schulz, research assistant, are studying methods to isolate tantalum from columbium, with which it is usually found. Before the war, Australia was the only commercial source of tantalum used in making precision instruments.

Deposits of columbium tantalum ore are found in the Black Hills of North Dakota and in Brazil, Dr. Sears said. Methods of analysis to determine the presence of tantalum in the columbium ore are being tested.

### NOTICE

Executive officers of the World Student Service Fund are sponsoring a movie depicting the life of students receiving aid from the WSSF.

The picture will be shown in the Education Auditorium March 1 through March 4.

## WINTER CARNIVAL GETS UNDER WAY

### Nine Pacific Coast Schools to Participate in Meet

The tenth annual University of Nevada Winter Carnival will get under way this afternoon at White Hills with a strong field of skiers from nine western colleges participating.

Ski teams from the University of Utah, California, Oregon State, Stanford, UCLA, College of Pacific, Modesto Junior College, and Placer Junior College will all fight it out with the defending champion, Nevada.

The first event, a five mile cross country run, started at 2 pm this afternoon at White Hills.

Tomorrow, the downhill and first slalom races will be held

at Mt. Rose Bowl and the following day, Sunday, the second slalom run and the jumping will be held at White Hills.

Teams favored to cop the trophy this year are Utah, California, Oregon State and the host team, Nevada.

Back at the university campus, the sororities will have open houses Friday night that start at 7:30 pm. All sororities will have inside decorations and a hospitality cup is to be given to the sorority that is chosen friendliest. The visiting skiers will choose the sorority that they think is the most friendly.

All the fraternities will have outside decorations and a cup will be given for the best fraternity decorations.

Saturday night at 7 pm the Ski Carnival banquet will be held at the Riverside Hotel. There will be guest speakers at the banquet and the charge will be \$2.25 a plate.

After the banquet on Saturday night, the annual Ski Carnival Snow Ball will be held at the Reno Civic Auditorium. No special clothes are required for the dance and it is expected that a number of the skiers will come in ski clothes. Admission price is \$1.50 a couple and \$1.00 stag.

This year's Ski Carnival queen will be crowned at the Snow Ball Saturday night, and awards to be given at the dance include cups for the best sorority and fraternity decorations and the house hospitality cup.

Special type bleachers have been constructed at White Hills so that spectators may enjoy the races. A large crowd is expected on the hill and arrangements have been made to accommodate them.

Olympic skiers will be participating in the races this weekend, and competition is expected to be unusually keen. On Sunday, large cups will be given for the four main events, downhill, slalom, cross country and jumping, and will be donated by Reno merchants. Medals will be awarded to the first three winners in each of the four main events.

Fellowships Offered In Jet-Propulsion

Six jet-propulsion fellowships, three at the California Institute of Technology and three at Princeton University, have been announced by the Daniel and Florence Guggenheim Foundation. The fellowships offer approximately \$2000 a year and tuition for two years of post-graduate study.

Seniors or graduates interested in jet propulsion and rockets may obtain applications from Dean Palmer of the college of engineering, or directly from the Guggenheim Foundation, 120 Broadway, New York 5, New York.

### ANNOUNCEMENTS

Announcements for graduation are on sale at the ASUN president's office. They are priced at 17 cents apiece or three dollars per hundred. A dollar deposit is required of every student.

The president's office will be open Mondays, Wednesdays and Fridays from two to four o'clock and Tuesdays and Thursdays from eight to nine forty-five.

### WHY NOT A DECREASE?

This week the Sagebrush, through personal interviews with a representative number of students, determined that 70 per cent of the student body is opposed to any raise in the ASUN fee.

It was the general opinion that there are not enough activities (many comments included the short end of the football schedule) to warrant an increase.

It was also determined that 18 per cent of the students were not opposed to such an increase; however, a majority of this group felt that such an increase should be temporary, and a lower cost returned when the present inflationary period has past.

Twelve per cent of the students held no opinion on the issue.

A significant fact in the poll was that GI students, who would lose nothing from their own pockets through such an increase were almost unanimously opposed.

Like the great majority of students, we feel that an increase is unnecessary. However, it cannot be denied that inflation has made operating under present conditions a headache to the finance control board. Particularly, when the cheaper dollar is viewed as such, and spent without adequate planning.

An excellent illustration of what a little planning can do is the case of this year's winter carnival, under the direction of Ty Short. The 1949 committee was determined to not go into the hole like so many university affairs have in the past. Instead of following routine patterns, the committee put forth that extra effort necessary to good planning.

Last year the winter carnival lost about seven hundred dollars for the ASUN. This year it stands to gain an equal amount or more.

This is a story that could be repeated with every affair undertaken by the ASUN. It is a story that could eventually mean the decrease of the ASUN fee instead of an increase.

### Letters to the Editor

Editor, Sagebrush:

I've got a beef and you are the logical one to take it out on. An article in last week's Sagebrush mentioned that the ASUN fee was likely to take another "upswing." This is appalling. As if it wasn't bad enough when a raise went into effect a little over a year ago, we now may have to put up with another one.

Let's examine the facts. What does a student get for his \$13? If the student holder is sports-minded, then he may be gets his greenbacks' worth. That if of course, he has the time to attend the activities, many of which are held out of town and many which go on during week nights.

Naturally the student is entitled to a year's subscription of the Brush, but here again there are many of us who do not receive our copies regularly.

Now, we have the Artemisia. Up to last year's edition, the yearbook was rarely out on time. When it did get out (some times months later) it wasn't the fine work which should come naturally from a good state university.

As for the other expenditures (ASUN salaries, athletic funds, campus activities like Homecoming and Mackay Day, and class finances), we never hear of how our money is being spent.

Let's have a bi-annual report (to be published in the Sagebrush) on what we are spending our money for and how fast it's going. I have been here over two years and have yet to see such a report. I'm not condemning anyone or anything, but I do feel that improvement is needed.

As to another raise in the ASUN fee—no thanks! I'm having myself quite a time getting through college as it is. Another two dollar "up" and I would be "down."—M. M.

Dear Mr. Milburn:

I wish to extend my congratulations to you, to commend you on your recent editorial concerning registration, and to take this opportunity to augment what you have already said. The criticisms and suggestions are, I think, widely recognized, and I am merely putting them in organized form.

The sore spots in our registration scheme are acute. As you have already pointed out, the lines and red tape at the registrar's table could easily have been simplified. Perhaps, too, by delegation of authority to grant OK's for hours over the usual limit, or programs for probationary students, the lines at the tables of the deans of the various schools (and those of their secretaries) could be considerably streamlined and shortened.

Nevada is getting to be a full-sized university, and it is becoming increasingly evident that the gym just isn't big enough to hold the whole of the registration program; passage through exits and to the stairs into the gallery is regularly blocked by lines running at angles into each other, forming, as it were, a phalynx.

The obvious suggestion is, of course, that we employ the reasonable method of having most of the signatures obtained from instructors or department heads in their various offices on campus. Stanford and other universities with campuses larger than ours use such a system with no apparent difficulties. This need not be done for all departments, but let us remove from the gym those lines which always cause the conflict, in order to alleviate the situation in the central place of registration. Perhaps all upper division courses could be signed away from the gym; perhaps all freshman courses; but in any event we should seek some intelligent plan.

Pre-registration is used in some places, though it may entail some extra work for instructors during finals week, and that fact should be considered.

Graduate students have had to go through this melee of registration too, and they should be relieved of such details.

I have heard students comment that C. O. P., Columbia,

### Campus Queries

"Do you think that an increase in the ASUN fee is justifiable on the grounds of increased cost of activities?"

Student reaction to this proposed increase in the cost of the ASUN card came in a variety of answers and opinions.

Dan Alguin, junior student veteran: "Any action the ASUN council takes, it takes without any idea of student opinion." "We have had but one ASUN meeting this year. A student forum is necessary before anyone can decide whether or not this increase would be justifiable."

Neal Corbett, junior student veteran: "The deficit that they are talking about can be overcome by some sort of organization in student activities. Particularly in student dance promotions, they should be able to pay for themselves."

Hilmi Voskay, Turkish student: "The main advantage of going to school in America is that it is cheap, and everyone can go. Why do they want to raise the price?"

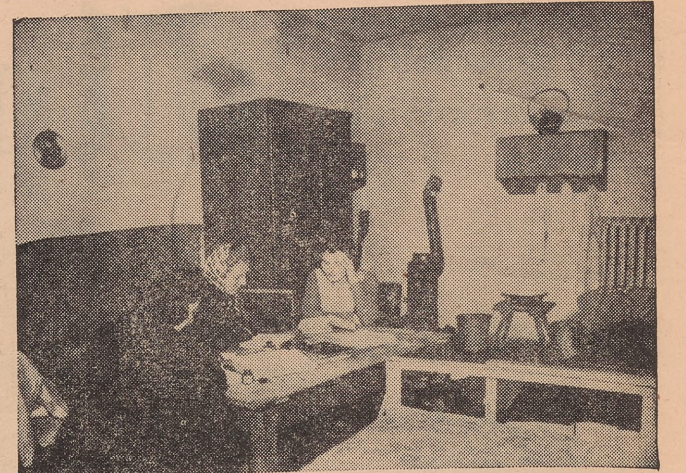

Marge Friend, president of Artemisia Hall Association, approves the raise if there is no other alternative. "I believe that we have to maintain our past standards. However I hope the condition is only temporary and will level off again in the future."

Miss Mobley, dean of women: "All costs of administering a student body program have increased since the student body fee of \$13.00 per semester was approved by the ASUN. I feel that before recommendation should be made to raise the fee that a careful study of costs of awards, and costs of printing student handbooks should be made.

"Perhaps we should re-evaluate some of the ASUN activities and rebudget accordingly. Each of us has to constantly rebudget to meet our personal obligations and why not do the same for our ASUN program."

and other schools are much worse off than we; well, let us recognize that we don't have the worst system possible, but there is much room for improvement.

People have been wanting more and more telephone service and we've been working hard to provide it. We've added nearly 9,000,000 new telephones in the past three years. Still more are needed and are on the way.

But that's not all that we've been doing to increase the usefulness and value of the telephone.

Telephone service has been extended to automobiles, trucks, boats, trains and airplanes . . . real progress has been made in expanding and improving rural telephone facilities . . . wire and radio relay networks have been developed and enlarged . . . research has started on new electronic devices which promise to bring even wider horizons of electrical communications within view.

All this means better telephone service for you . . . more people you can reach easily and quickly . . . more time in your day . . . a larger world in your grasp.

### Committee Named To Plan Program For Mackay Day

The first step in the presentation of the finest Mackay Day celebration ever held on the University of Nevada campus has been completed with the announcement of the members of the Mackay Day committee.

Co-chairmen of the committee are Joel Morris and Marge Simon. Other members are Eppie Johnson, Bill Gildner, Dave Kinneberg, Jean Fulstone, Barbara Laslo, Bill Wennhold, Peter Mygatt, John Gomes, Sue Broadbent, Barbara Carruth, John Cannan, Paul Riemer, Betty Burr, Virginia Shaw, Charlotte Johnson, Jerry Wyness, Dale Littlejohn, Mary Zorzakis, Wally Kurtz, and Barbara Crosier.

With plans for the May 7 celebration still in the tentative stage, the committee is meeting every Thursday at the ASUN building. Anyone with an idea he thinks will aid the spirit of the day is welcome to attend these 4 pm conferences.

One new idea being considered is that of a street dance, to be held the evening before the main celebration. Another plan being worked on is that of persuading the noted orchestra leader, Vaughn Monroe, that the University of Nevada would be a fine site for his Saturday evening broadcast for that week.

### Fragrant Flowers Flout Frigid Flurries

Has Reno's current arctic weather got you down?

If you want to get away from it all for a few minutes, drop around to the university hothouse, behind the Mackay Science building, and ask Mr. Preuss if you can see the flowers.

He'll be glad to let you in any day between 8 and 5 pm. The temperature is a pleasant 60 degrees and visitors will find lush, thriving palms, banana trees, tobacco plants and tomato vines.

There is a profusion of blossoms on the geraniums, Christmas cactus, flamingo flowers, and begonias. The climax will probably be a long look at three varieties of orchid in full bloom.

You don't believe it? Mush around and see for yourself.

### Husband Hunting? Take Home Ec

College coeds who study their home economics along with ancient history have nearly a 20 per cent better chance for marriage than college women who stick to purely academic fields, a survey here indicated.

On the basis of the survey, made among home economics graduates from Baldwin-Wallace College, 82.4 per cent, or 211 women out of 256, were married.

Nationwide statistics, based on the 1940 census, show that only 63 per cent of all women college graduates marry.

### Artemisia Staff Needs Ad-Chasers

An SOS is being flashed from the Artemisia business staff for ad-chasers. All annual copy must be at the printer by April 11. If that deadline is to be met, more volunteers are needed to chase ads. The annual will be distributed at the end of May if the printer's deadline is met.

### Chapel Series Start In YWCA This Week

As a result of more than a semester's planning by the Interfaith Council of the University of Nevada, the first of a series of campus chapels will be held in the office of the YWCA secretary in Stewart Hall at 6:30 pm Wednesday.

The chapels are planned not only for those students who regularly attend their own church group meetings, but also for those who cannot find the time to attend them.

The first chapel will be conducted by Wesley Foundation, and will follow the theme of "Brotherhood" in concordance with National Brotherhood Week.

National Brotherhood Week was instituted by the National Conference of Christians and Jews.

The chapels will be conducted by a different church organization each week and will be primarily a service of devotion.

### CAL PRESIDENT TO VISIT CAMPUS

Jean Howden, YWCA secretary, announced today that Jack Andrew, student body president from the University of California at Berkeley, will appear at the student center this coming Tuesday evening.

He will address a meeting of team captains and workers of the forthcoming drive of the World Student Service Fund which is to run from February 28 through March 9.

### PREXY RETURNS AFTER LECTURING

President John O. Moseley returned to the university Wednesday morning after a day's delay in his journey from St. Louis, Missouri, where he gave a series of lectures at Washington University.

His train was delayed by snow and storms in Colorado.

He also gave lectures at James Millikin University, University of Illinois, and Carroll College. The theme of his lectures was leadership.

While away, President Moseley also represented the Presbyterian men of Nevada at a Presbyterian laymen's conference in Chicago.

### Board of Regents Discuss Budget

The University of Nevada board of regents will meet with the state legislature tomorrow to discuss the university budget. Silas Ross, president of the board, reported that a regular meeting of the board was scheduled for today and tomorrow.

The regents will meet with the joint ways and means committee, Ross reported. He expects the legislators to ask many questions about the record-breaking budget.

The regular meeting of the board began today, said Ross. The budget itself was submitted to the legislature early this year.

## Nev. Tops Negro Basketball Champs By Score of 74-66

### Joseph Leads Wolves In Near Route of Barnstormers

Nevada hung the third defeat to come to the high-flying Yellow Jackets of West Virginia State in two seasons last Wednesday night in the Wolf Pack gym, by walloping the barnstorming visitors 74-66.

It was a real feather in the caps of Jake Lawlor's charges for they up-ended the country's outstanding Negro collegiate basketball outfit.

Prior to the current western barnstorming tour, West Virginia State had won 31 straight ball games and only during the past week have the Jackets been so rudely jolted by three of four western independents they have played.

St. Mary's, Loyola, and Nevada were the trio to deal out the misery. Santa Clara was the sole team in the west to lose to the visitors.

Nevada did the trick by completely out-running the Staters who hit town posting advertisement of a racehorse offense that wore down opposition with blistering speed.

That speed was lacking for most of Wednesday night's game. The Wolves got the jump on the Jackets in all but five minutes of the game. Nevada stole passes all over the court and fired long accurate shots to almost run the West Virginians off the floor.

Lawlor's five built up a 17 point lead halfway through the first half. Louie Joseph, Dan Orlich, Joe Libke, Les Ray and Ron DuPratt were hitting the meshes from all angles to post a 38-22 advantage at half-time.

State looked a little sharper in the second half and in the early stages closed the gap until Ray tanked three rapid shots to keep the margin big.

With five minutes left, Lawlor substituted freely and State managed to pull up keeping the score at a respectable figure.

## CALIFORNIA'S HARD LUCK TWINS

Norwegian exchange students Terje Jacobsen, left, and Lief Sommereth, top-flight skiers on the University of California ski team, hope for better luck in this year's Winter Ski Carnival. Last year this pair were injured in the annual event, Jacobsen broke his leg competing in the jumping event and Sommereth suffered severe injuries in the downhill race. (Gazette photo)

## Top Western College Ski Performers Listed for Winter Carnival Events

Some of the top ski talent in the nation will show its wares in this weekend's running of the 10th annual University of Nevada Winter Ski Carnival.

Nine of the west's outstanding ski teams are on hand for the event. San Jose State has withdrawn from an original planned 10-team affair.

Heading the list of skiers is the Nevada contingent, defending champs, who are coached by Jerry Wetzel.

Wetzel will give instruction this year from a hospital bed due to injuries received last week when he and two companions were caught in an avalanche while searching for a downhill site for the tournament.

The Nevada skiers are Barnes Berry, captain; Bud Schoenfeld, Jack Parke, Bob

Ramsey, Harvey Rose and Bill Briner.

University of California who was barely edged by the Pack last year, lists these personnel: Harry Morgan, coach, Jim Keresey, captain, Lief Sommereth, Bumpc Baldauf, Terry Jacobson, Mark Noble, Fred Corfee and Ed Paul, manager.

Oregon State College has Howard Waabe, coach, Bill Bowes, captain, Phil Peoples, Jim McGee, Jim Hosmer, Bob Reeves and Elaine McGillicuddy.

UCLA is led by Wolfgang Lert, coach, Dick Porter, manager, Ernst Petterson, Rolf Oeding, Don Wright, Don Ekine, Gordon Wright, Bob Cline, alternate.

College of Pacific will be represented by Bill Cook, manager, Robert Wilson, captain, Bobby Bonshu, Bob McMahon, Elton Murphy, Edy

## Nebraska St. Cancels Boxing Bouts Here; Changes on UN Squad

Nebraska State's boxing team, unable to get through the snowbound midwest, had to cancel their Thursday night appearance against Nevada's mitt squad.

A last minute call for a substitution failed to materialize. Graduate Manager Gene Mastrianni almost had Alameda Navy lined up when it was learned that this year none of collegiate teams on the coast are allowed to meet any non-scholastic club because of a PCI policy.

In the meantime, Cliff Devine's punchers have undergone some changes. Stan Drakulich, 175 pounder, and Mark Bray, 130 pounder, have decided to give up the sport. Each had an even break in the win-loss column.

Filling the vacant light-heavy spot will be either Frank Sanches or Don Blackham. Sanches won his fight in the 165 pound class against Chico last week and Blackham has recovered from an arm injury.

The squad is now composed of Dean Gloster, 125; Martin Rodriguez, 135; Bob Thronsen, 145; Jack Swobe, 155, and heavyweights Gordon Surber, Don Eccles, George Bedelich, John Kentera.

Kauppila and Roger Wickman. Stanford is headed by Bill Sigal, captain, Raleigh Andrews, Gregg Bemis, Bartow Fite, Tito Sigal, Butch Boucher and John Walter, alternate.

Utah skiers are Mel Dalebout, captain, Dave Christensen, Jim Crockford, Len Morris, Jim Murphy, Al Grice and are coached by Friedl Lang.

Placer College is led by Tige Larson, coach, Joe Tappero, captain, Paul Turner, William McNeill, William Durfee, Gerald Olmsted, Howard Ross.

Modesto Junior College is coached by San Poston, and skiers are Hans Holoas, captain, Roland Atterbury, Bob St. Joer, Bob Baker, Tommy Johnson, Bob Stone and Armour Smith.

## Loyola, Pepperdine Meet Nev. Cagers In LA Hoop Series

Coach Jake Lawlor and his Nevada basketball team were off for the southlands today for a three game series in Los Angeles during the next four days.

The Wolf Pack is going red-hot after wins over Sacramento Jets in a March of Dimes benefit game last Saturday and Wednesday night's showing against the barnstorming West Virginia State Yellow Jackets.

Tonight, the Wolves run into Loyola in a return engagement. Earlier in the year, Loyola tripped the Pack in Reno by a close margin.

A close tussle has also been forecast for this evening's go. Loyola just nipped West Virginia State last weekend and from the showing of both teams against a mutual opponent, it could well be a toss up.

Saturday and Monday nights, Nevada plays Pepperdine, always a toughie on the schedule. The Green Wave is one of the outstanding small college cage quintets in the country and Lawlor expects to have his hands full.

Nevada left by plane this morning and arrived at Los Angeles this noon.

## Harbor Rebroadcast; Movie This Sunday

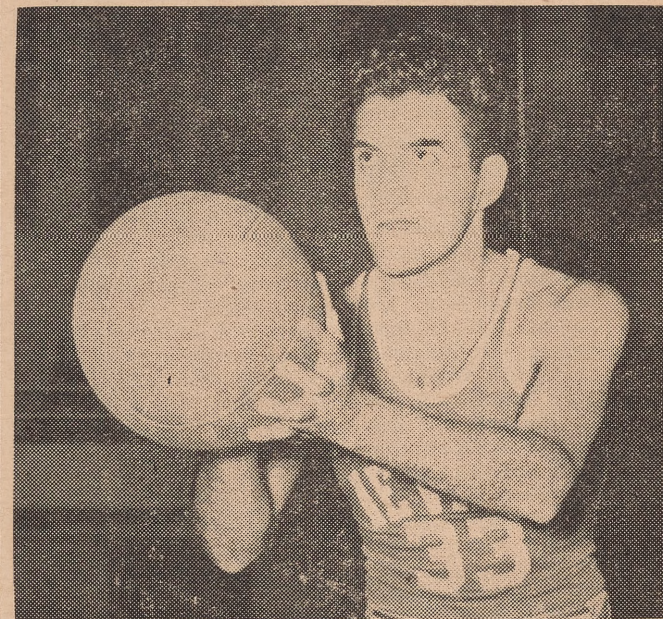

Sunday evening at 7:30, movies of the Harbor Bowl football game which featured the University of Nevada Wolf Pack and Villanovas Wildcats, will be on tap at the Civic Auditorium.

Following the movies will be a rebroadcast by transcription of the game in which Bill Stern gave the play by play.

The game brought many protests on the part of Nevada officials in regard to loose officiating and roughness by the Villanovas. Movies clarify those reports.

No admission will be charged for the movies and broadcast.

## SHARP SHOOTING FORWARD

Louie Joseph, Nevada's hot-shot forward, has been hitting the net with real regularity during the past two weeks of the cage campaign. Louie has been particularly effective with long-range one-handers.

*How Modern can Jazz get?*

Listen to Skitch Henderson's latest waxing of "CRAZY RHYTHM"—a Capitol Recording... and you'll know the answer!

One of the hottest of the oldies, "Crazy Rhythm", comes back with a sock, the way Skitch and his band revive it! Skitch Henderson is great at putting a smooth-modern touch on an old favorite. And when it comes to cigarettes, Skitch has another long-time favorite—Camels! Here's how Skitch plays it: "Camels are mild and full flavored. I've smoked Camels for years."

*How Mild can a cigarette be?*

**SMOKE CAMELS FOR 30 DAYS**  
—and you'll know!

In a recent coast-to-coast test of hundreds of men and women who smoked only Camels for 30 days—an average of one to two packs a day—noted throat specialists, after making weekly examinations, reported

**NOT ONE SINGLE CASE OF THROAT IRRITATION**  
due to smoking—

HOW MILD CAN A CIGARETTE BE? WELL, SKITCH, THE CAMEL 30-DAY TEST CONVINCED ME THAT CAMELS ARE THE MILDEST CIGARETTE I'VE EVER SMOKED!

I'VE KNOWN THAT FOR YEARS, NANCY! AND I GO FOR CAMEL'S FULL, RICH FLAVOR, TOO!

It's real harmony when Skitch Henderson and lovely Nancy Reed, his featured vocalist, get together and sing the praises of Camel mildness.

## Wolves Drop Jets In Dimes Benefit Hoop Encounter

Out hustling a sluggish Sacramento Jet team of the American Basketball League, Nevada copped its second win from AAU team 56-49 in the annual March of Dimes game here on Saturday night.

The Wolf Pack-Jet affair became the benefit encounter when San Francisco's national guard 49ers were unable to make the trip to Reno Friday night due to bad weather.

A small crowd saw the Pack run around the Jets who could not get going. Dan Orlich led the Nevada attack in a close first half. In fact, the California capitol outfit composed of former college stars had a 23-22 lead at intermission on the work of Pete Peletta and Tony Bragnetz.

In the second half, Nevada came back strong to dominate the backboards. Joe Libke was hustling rebounds and Louie Joseph along with Ron DuPratt were hitting long shots and following with quick breaking buckets.

Jake Lawlor sent in the subs in the final minutes and Sacramento, led by Jim White, ex-North Carolinian, Gene Brumbaugh, former Juniata College ace, and the ever-busy Peletta, closed the gap at the buzzer.

In the preliminary game, Nevada frosh trimmed Carson City high school by a count of 41-22. Frosh regulars sat out the second half of the contest, and reserves managed to handle the Carson attack without difficulty.

Back the Pack.

### TOP-SEEDED CITY LEAGUE CAGERS

Kingpins of the straightaway race in the hot Reno City League race is Roy Clothiers, composed mainly of former University of Nevada stars. The habadashery five has been tabbed favorites in the championship playoff tournament which begins tonight at the UN gym and continues through Monday evening. Pictured above are, left to right, Jack Pringle, Neal Cline, Bob Harms, Bob Knudsen, Art Olivieri, and Max Dodge.

## Nevada Opponents Show Top Records In Hoop Outings

Nevada's basketball record of eight wins against 12 losses might not look very impressive, but the Wolf Pack opponents so far have been doing all right for themselves in their own conferences.

A look at the official standings places North Carolina State, a team that won two games from Nevada (one by one point), at the top of the tough Southern Conference with a healthy margin of ten wins and one loss.

San Jose State, another team that holds double wins over the Wolf Pack, is leading the California Collegiate Conference race with five wins and no defeats. However, the Spartans best games' to date were the losing efforts, a 58-54 loss to the Oakland Bittners and a

50-49 loss to powerful Stanford. Chico State, beaten twice by Nevada early in the season, has compiled a record of ten wins and two losses to stay on top in the Far Western Conference race.

The Oakland Bittners who have an overall record of 43 victories and only one loss are leading the American Basketball League with seven wins and no losses. The Bittners had a tough time with the Wolf Pack, but managed to capture two wins over them.

USF, rated as one of the ten best collegiate basketball teams in the United States, and two-time conqueror of Nevada (once by two points, the other by six points), tops the California Independent race

with 19 wins and four losses. The Dons hold wins over such tough opponents as CCNY (2), La Salle, Bradley Tech, California, Kansas State, San Jose State (2), and North Carolina State.

Loyola University of Los Angeles, one time winner over the Pack, already has 17 victories to its credit and has knocked over many a good team including North Carolina State, Idaho, Toledo, Pittburgh and CCNY.

Brigham Young, defending Big Six Conference champ and two-time winner over Nevada (one by three points), lost its first three conference games and then reversed form to knock over seven consecutive victims including two over the powerful University of Utah.

## Freshmen Cagers Defeat Douglas

Nevada's frosh basketball squad hung another Western Conference high school basketball victim on the hook Wednesday night by dropping the conference's number two team, Douglas Tigers, by 47-19.

The freshmen ran up an early lead, and led 29-10 at the half. Coach Jim Melarkey emptied the bench in the second half, and the subs continued the onslaught.

Douglas fought hard all the way and displayed good passing game but had hard luck on shots, and difficulty with the superior height of the freshmen.

Top scorer for the frosh was Mert Baxter with nine points and Borda led the Tigers with five digits.
