UNIVERSITY OF NEVADA, RENO, FRIDAY, OCTOBER 14, 1949

Rough 'n Rugged Life Faces Frosh Violators

Choice of Punishment is Offered; Five Offenses Means "Falling Hair"

By Dorris Linsea

From blows to baldness... those are the key words to the punishments to be handed down to Nevada frosh men if the university's traditional initiation customs are not obeyed.

No freshman (or sophomore) is allowed to wear "cords" on the campus, nor use the front steps of Morrill hall. The penalty for wearing "cords" will be five swats, heartily applied. Other traditions are that freshmen must wear dinks, carry their "Frosh Bibles", paint the "N" on Peavine mountain twice a year, grow beards for Mackay Day, and avoid cutting campus, and sitting on the senior bench.

The Mackay Beards apply to all men on the campus, and the Campus cutting regulation will apply to everyone.

The penalty for not participating in the painting of the "N" will be 25 swats or a half a day of work. A first offense on any of the other traditions will be 3 swats; a second offense, 5 swats; a third, 10 swats; a fourth, 15 swats; and on the fifth violation, the offending freshman will have his head shaved!

For those who dislike the idea of being swatted, an alternative means of punishment may be chosen in the form of one hour's work in proportion to every three swats sentenced. The "work" to be done includes painting the tram, cleaning the gutters, clearing the campus of campaign signs and handbills, and picking dandelions.

These new plans were suggested by the men's Upper Class Committee, headed by Tom Bell. The suggestions were passed by the student senate and approved by the Student Affairs Committee. If the resolutions are not successful, they will be subject to revision in an attempt to make the freshmen abide by tradition.

Homecoming Week Opens Monday With Assembly

Candidates for Homecoming Sweetheart and Freshman class manager will be introduced to students at a special assembly Monday. The assembly will be held as part of the Homecoming week activities.

Pat O'Brien, Sigma Alpha Epsilon, has been appointed by the Assembly committee to plan the program, the Faculty committee on assemblies announced this week.

The usual change in morning class schedule will be observed Monday. Eight o'clock classes will end at 8:40. Nine o'clock classes will begin at 8:50 and end at 9:30. Ten o'clock classes will begin at 9:40 and end at 10:20. Eleven o'clock classes will begin at 10:30 and end at 11:10. The assembly will begin at 11:20.

Candidates for Homecoming Sweetheart are: Merrilyn Byrd, Kappa Alpha Theta; Mickey Francis, Pi Beta Phi; Lynn Horner, Delta Delta Delta; Fay Letford, Manzanita; Betty Jean Pincolini, Gamma Phi Beta; and Marjorie Yetter, Artemisia.

REQUESTED TO ATTEND

All freshmen and sophomores are requested to attend a brief meeting in Mackay stadium on Wednesday, October 19, at 4 p. m.

Student Senate Lists Penalties For Card Passers

ASUN cards improperly used that is by persons other than the ones to whom they were issued, will be taken up, and their use will be lost to the original owner, as well. So voted the student Senate at a special meeting yesterday afternoon.

The action was the direct result of a prolonged discussion of student malpractices at out-of-town football games, and was based on a request by the office of the Graduate Manager.

Gene Mastroianni, graduate manager, explained his stand is not based on one card being passed to someone not authorized to use it, but that it is based instead on hundreds of such cases. Since the University of Nevada operates on a percentage of the gate receipts at Kezar stadium, the only result is the loss of money by the ASUN. Rulings concerning the cards will be strictly enforced.

Penalties for passing of cards will involve losing the card for the next game, if it is the first offense. If caught again, the card will be permanently taken up. This ruling will become effective one week from today.

EDITOR CHANGES PHOTO SCHEDULE

The photograph schedule for the Artemisia has been changed, according to editor Barbara Carter. All organizations should take note of their allotted time and appear at "The Camera" on the days that have been set aside for them.

Alpha Tau Omega, Monday and Tuesday, October 17-18; Lambda Chi Alpha, Wednesday and Thursday, October 19-20; Phi Sigma Kappa, Friday and Monday, October 21 and 24; Sigma Alpha Epsilon, Tuesday and Wednesday, October 25-26; The Sigma Nu's, Thursday and Friday, October 27-28; Sigma Rho Delta, Monday, October 31st and Tuesday, November 1st.

Theta Chi's Wednesday and Thursday, November 2nd and 3rd. Sigma Pi, Friday, November 4. Highlanders, Monday and Tuesday, Nov. 7-8, and Independents Wednesday, and Thursday, November 9th and 10th.

Here are the students who are working behind the scenes to make Nevada's 30th Homecoming celebration the best in the history of the university, the Homecoming committee. Pictured above, left to right, are: front row, Wayne Osborne, Gloria Eddy, Beverly Jones, Helen Mansfield, Marnie Miller, and Elaine Horton. Second row, Bill Engel, Bob Vaughan (chm), Frank Crescenzo, Dan Illerich, Al McFadden, and Rod Smith. Back row, Lou Eccles, Jack Berry, Irving Hackett, and Jerry Wyness.

Wolves' Frolic Tickets On Sale

The Wolves' Frolic tickets will be on sale in the graduate manager's office it was announced today.

There will be two reserved sections, one will be the first and second rows of folding chairs which will be on the gym floor and the others in middle sections of the loge section in the balcony. These seats will sell for \$2.40, tax included.

The third and fourth rows of the folding chairs, the end sections of the loge section, and all of the folding bleachers will sell for \$1.80, tax included. The upper balcony will be considered general admission and will be \$1.00.

Regulations Issued On Campaign Signs

"Signs and hand bills posted during campus elections must be taken down in two weeks," announced Carl Horn, superintendent of maintenance. In the event that those persons who post these advertisements fail to remove them, Horn said, he will have his men clean up the campus at the expense of the candidates' backers.

Further rules and regulations stipulating that no form of advertising may be nailed or tacked to trees or pasted to lamp posts and buildings. Horn suggested that students use scotch tape because it does not mar buildings or harm trees.

Permission to post large signs must be obtained in advance from Horn's office.

Edwin C. Mulcahy Sparks Editor, Dies

E. C. Mulcahy, co-operator in the journalism internship course at the University of Nevada, died early this week. He was editor and publisher of the Sparks Tribune.

'N' Painting Plans Awaiting Freshmen Manager Election

The traditional painting of the "N" on Peavine mountain will be the main function of the Block N society for the first semester, according to Ted Kondel, president. As soon as a freshman class manager is elected plans will get underway. The "N" failed to get painted on time last year due to difficulty in obtaining water.

The Block N has given two \$100 track scholarships to outstanding track stars of Nevada high schools. John Buccambuso of White Pine high school and Lee Schroeder of Yerington were chosen by the society. Gene Mendiola of Reno was one of the winners, but gave up the scholarship and his alternate, Lee Schroeder was given it in his place.

President Parker Visits Stanford

Gilbert E. Parker, acting president of the university, returned Sunday afternoon from Palo Alto, California, where he attended the inauguration ceremonies of John Sterling, fifth president of Stanford university. The inauguration was held at the Laurence Frost amphitheater last Friday.

President Parker also visited the student union, mess-hall and dormitories at Stanford to obtain ideas on any future improvements which could be made here. President Parker stated that he was aware of the need here of improved conditions in regard to dormitory and student union facilities.

He traveled to Stockton Saturday to watch the Nevada-C.O.P. game. President Parker invited the presidents of colleges whose football teams play the University of Nevada to attend our home games and be guests at his campus home.

Dean Wood was acting president during Col. Parker's absence.

NEW PLEDGE TREATS
SAE's attending the College of Pacific game last weekend were treated to a barbecued dinner at the home of Len Gulich immediately preceding game time. Len is one of SAE's new fall pledges.

Red Feather Days Slated For Hill

Monday and Tuesday, October 24th and 25th, have been set aside as Red Feather days. During these two days, cash donations will be solicited on the campus for the Community Chest. While the drive is on, eight tables will be scattered about the campus, in strategic locations, with students appointed to distribute the customary miniature red feather emblems to those who donate toward the Chest drive.

Professor Sandorf, chairman of the Community Chest campaign at the University of Nevada, has appointed a faculty committee to be in charge of collections in the various departments on campus.

Members of the committee and their respective assigned divisions are: Mr. Clarence Byrd, School of Agriculture and the Extension Service; Professor A. L. Higginbotham, journalism department and quonset huts; Mr. William Van Tassel, College of Engineering; Dr. Robert Hume, English and art departments; Professor John R. Gottardi, Stewart Hall and library; Mr. Perry Hayden, Morrill hall; Mr. Frank Inman, Mackay Science hall; Mr. M. R. Miller, veterinary science building; Col. Smeed, new gym; Dr. Harold Brown, Education building, infirmary, and old gym; Miss Elaine Mobley, dining hall and women's dormitories; Mr. Carl Horn, employees of the buildings and grounds department; and Mrs. Marjorie Dickinson, who will direct the YWCA and the campaign for the student body.

Students, faculty, and employees are urged to give to the Community Chest fund. They are asked to do their part in making this year's drive a successful one.

SUBSTANCE CHECKS TO BE MAILED SOON

Veterans will start receiving their GI substance checks on the 30th of this month, according to information disclosed at the Dean of Men's office.

The checks will include subsistence for the 10 days in September.

Homecoming Events Set For Celebration

75th Anniversary Theme To Be Observed Throughout; Vaughan Says "It's Best Yet"

"Surprise decorations, the most unusual ever used in a student activity, will be the feature of the Homecoming dance next Saturday night," said Lee DeLauer, chairman of the dance that climaxes the Homecoming celebration next Thursday, Friday, and Saturday.

Only one hint was given by DeLauer: "he thee will be the 75th anniversary (and following generations)."

Novel changes, too, in the Wolves Frolic this year will make this colorful variety show faster moving and more unusual than it's ever been before. A Hollywood theater director, Byron Griffith, will be in charge of the production, which this year will be held at the university gymnasium instead of the State building in order to seat a larger crowd.

Two production stages, one on each side of the gym, and a master stage in the middle will make it possible for the skits and acts to appear in immediate succession, according to Mr. Griffith. Larry Chapman and his 15 piece orchestra will provide the music.

"This will be a quite extravagant production," said Mr. Griffith, "and will include, besides the skits by fraternities and organizations, a dancing specialty, clown work, tumbling acts, and a roller skating act."

Governor Vail Pittman will crown the Homecoming sweetheart during half-time of the football game Saturday afternoon, while Elaine Powell, 1948 Homecoming sweetheart will be her attendant.

Elections for the sweetheart will take place during the day next Thursday, when the men on the campus will have to choose between the six freshmen women who are competing for the honor.

The sororities and the halls are holding open house Wednesday night to introduce their candidates.

The Phi Sigma Kappa street dance Thursday night from 8:00 to 11:00 will start the festivities. The blocked-off street in front of the Phi Sig house will provide the "dance floor."

Downtown Reno will find out the festivities are in full swing when a large group of pajama-clad university students wind their way through the Reno streets Friday night in the traditional Pajamboree, which will leave from the University at 6:30.

The Wolves Frolic starts at 9:00 o'clock Friday night in the university gymnasium. Three prizes will be awarded for the best skits; one for the best skit by an organization and one each for the best fraternity and sorority skits.

The gymnasium will seat approximately 3,000, which is almost double the seating capacity of the State building, according to Frank Crescenzo, business manager of the Frolic. Seats will be sold on both the north and south sides of the gym—no seats will be used on the east and west.

Tickets will be on sale next week at the ASUN building. Alumni can buy their tickets Monday and Tuesday afternoons from 1:00 to 4:00. Tickets will be sold to students on Wednesday and Thursday from 1:00 to 4:00 p. m. in the Arcade 4:00 p. m. The tickets that are

left Friday will be sold to the public from 9:00 to 12:00 a. m. in the ASUN building and from 1:00 to 4:00 p. m. in the Arcade building in downtown Reno. Tickets will not be sold at the Frolics. Blue Key will be in charge of selling the tickets at the ASUN building.

Reserve seats will sell for \$2.40 and \$1.80. General admission tickets are \$1.00, Frank Crescenzo stated. The cross-country race from Sparks to Mackay Stadium will start at 9:00 o'clock Saturday morning. The individual winner will be awarded a cup and a revolving trophy. The first three men of the same fraternity who come in will add points toward the Kinnear trophy for their frat.

Three cups will be given for the best floats in the parade 10:00 a. m. Saturday. One cup each will be given to the fraternity and sorority who are judged as having the best floats, while another cup will be given to the organization who enters the best float.

President Parker will welcome the alumni at a reception between 12:00 and game-time Saturday afternoon.

The Nevada Wolf Pack will meet the Fresno State Bulldogs Saturday afternoon at 2:00 for the Homecoming football game.

During the half, Bob Vaughan, chairman of the Homecoming committee, will introduce Governor Pittman who will crown the Homecoming sweetheart. Afterwards the alumni prizes will be drawn by the queen.

(Continued on Page 6)

Biology Fraternity Makes Plans, Laws In First Meeting

The first Fall meeting of the Epsilon Theta chapter of Beta Beta Beta, a national honorary biology fraternity, was held on October 5. The purpose of the meeting was to discuss the drawing up of a set of by-laws.

Kay Johnson, fraternity historian, stated the group was organized to concentrate the efforts of students who had a mutual interest in biology. The fraternity was first formed on the campus last April.

Present officers of the fraternity are Richard Holland, president; Ben Banta, vice president; Robert Little, treasurer; and V. Kay Johnson, historian. Other members include H. D. Date, A. J. Dieringer, D. C. Melarkey, L. G. Sloan, R. A. Paterson, C. N. Saulisberry, R. C. Sumner, T. J. Trelease, K. C. Williams, and G. appetini.

Dr. Ira La Rivers, assistant professor of biology, is the faculty advisor for the group.

CLEARING THE AIR

Currently in operation on campus is an organization called the **STUDENT DISCOUNT CLUB** which is a take-off on the old student cooperatives found in many colleges around the nation.

The purpose of the club is to give students discounts at various Reno business establishments through the use of a membership card. These special rates are obtainable only by the student who owns the card and only honored at business houses which are listed on the back of the card. Membership in the Discount Club costs \$2.

Seemingly it is a good idea which might result in substantial savings to Nevada students.

NEVERTHELESS, IT MUST BE UNDERSTOOD THAT THIS PLAN IS NOT ASUN SPONSORED.

The people behind the Discount Club operate entirely as an independent organization. Signing up customers, securing merchants to honor the cards, and backing the program is their responsibility to the Nth degree.

The ASUN, as a whole, is not officially connected in any way with the group and will not be held responsible for actions on their part which are contrary to university policy or regulations.

YOU CAN'T TAKE IT WITH YOU...

After approving budgets for the Artemisia, at \$13,000, the Wolves' Frolic, \$1505, Play Production, \$391.50, AWS, \$763.50, WRA, \$460, and Band, \$350, the Finance Control Board decided early this week that at least one student activity would have to "take it on the chin". The one selected was the rally committee in charge of card stunts.

Asking for only \$63 per game to put on card stunts at the Wichita and Fresno state (homecoming) football games to be played here, the budget was flatly turned down.

Reason? Too much money!

THE BIG ONE COMING

As has been pointed out by more than one person, last week's issue of the Sagebrush with its 75th Anniversary theme was not unusual. In fact, it was the third such edition in a little less than as many years.

The October 7 edition, however, was the only legitimate one. Of the previous tries, only Sigma Delta Chi's Mackay day edition last spring had good reason for jumping the gun. The men of the journalism fraternity are to be given credit for putting out one of the largest papers in the history of the Sagebrush. The other try, two years ago, made just a plain mistake.

And speaking of mistakes it seems that the university administration should step into the limelight for their share.

A 75th Anniversary of a university (especially when the state has only one such school) should be a big thing. With proper planning and close coordination on the part of all concerned the diamond anniversary could have been combined with homecoming to be the biggest and best celebration ever held in the state. Had plans been made, the homecoming date (Oct. 22) could have been set forward. Possibly other things enter the picture, but we are sure they are minor and could have been worked out ahead of time.

Cross Country Race Training Has Started

Training for the four-mile cross country race began last week as men from nearly every fraternity and several unaffiliated men signed up for the competition. The training is being supervised by the physical education department.

The race, to be held on October 22 during the Homecoming celebration, is traditionally one of the most gruelling athletic battles of the year. The physical education department is requiring that all contestants train daily for at least three weeks in advance.

The runners are to begin at Sparks high school and race to Mackay Stadium, a distance of four miles.

Rhodes Scholars Forms Available

Applications for the annual Rhodes Scholarship competition are now being accepted by Sigmund W. Leifson, professor of physics and chairman of the nominating committee for Rhodes Scholars at the University of Nevada.

Those students accepted for the Rhodes Scholarship will be permitted to attend the University of Oxford for a period of at least two years, after which a third year can be taken if deemed necessary by the university. The basic value of the scholarship is 400 pounds, and at the present this is being supplemented by an additional allowance of 100 pounds a year.

Any male citizen of the United States with at least five years of domicile, unmarried, between the ages of 19 and 25, and having at least a junior standing in a recognized university or college in the United States is eligible.

Thirty-two students will be selected from the United States this year. For purposes of making this selection the states of the union are divided into eight districts of six states each. Not more than four students will be selected from each district. Students from Nevada will be selected along with students from California, Utah, Arizona, Colorado, and New Mexico. Each individual state will select not more than two candidates to appear before the district committee.

Peavine's Peak For EE Meeting

Starting off the fall semester in party style, the Electrical Engineers have had a dinner-meeting atop Peavine Mt. Wednesday, October 12, Glen Menu, advertising chairman, reported.

The get-together's chief purpose was the examination of the transmitter atop the peak.

The engineers conducted their first social meeting October 6th, with Professor Sandorf, advisor to the American Institute of Electrical Engineers, giving a short talk on the advantages of belonging to the organization. Refreshments were served afterwards.

Chairman Charley Tam appointed committee heads for the year, namely, program, Bill Hooper; frosh, John Triolo; membership, Lou Fritsch, and advertising, Glen Menu. Other officers of the group are vice-chairman, Stewart Dawson, and secretary-treasurer, T. Paul Sullivan.

ROTC Classes Held In Naval Armory

The six first-year basic ROTC classes are now being held in the United States Naval training station above Mackay Stadium, according to reports from the military department.

This loan of classrooms by the Navy enables the basic ROTC students to abandon the crowded, ill-equipped quarters in the gymnasium basement where classes were formerly held. This new arrangement was made possible by a special agreement between the Navy and the military department of the university.

Nominations Close For 'Who's Who'

Dean R. S. Griffin announced today that the deadline for submission of nominations for "Who's Who in American Universities" will be extended to Saturday, October 15.

The extension was granted because too few nominations have been submitted.

Snakes Still Lead Campus Pledging

Campus pledging operations are still bringing in new names to the fraternity pledge rolls as the first school month nears its end.

Sigma Nu has pledged three new men, Rocco Nobile, Jack Hursh, and Chester Mayfield, to bring its total to 32 and retain top standing in the pledge campaign.

Alpha Tau Omega has also added three new names, those of Ronald Pace, Walter Pico and Donald Spath. These additions raise the ATO's to second place with a total of 24 pledges.

Phi Sigma Kappa is the third fra-

ternity to add three new men: Neil each have one new addition, with Romero, Thomas Fargher, and Ken Ewald Pyzel pledging Theta Chi, and neth Lowry, for a total of 22. Albert MacKenzie pledging Lambda Theta Chi and Lambda Chi Alpha Chi Alpha.

"On the Road to Mandalay"

Inwood Interviewed About Burma Trip

By JOYCE FISCUS

Although flying fish are not his specialty, Dr. Ernest L. Inwood, University of Nevada professor of economics, business, and sociology, might be considered some sort of authority on the subject because of his residence during last year's leave of absence. "I lived on the road to Mandalay for a half year. It ran right past my house in Rangoon," he said during an interview this week.

Asked by the U. S. State Department to establish commerce courses at the University of Rangoon, Burma, Dr. Inwood, accompanied by his family, left the United States November 1, 1948. The trip was undertaken under the provisions of the Fulbright Act to which 4 countries subscribe and according to which professors and students are exchanged.

"The Burmese are a Mongolian type people, and are very sociable and hospitable. We were well entertained while visiting there," Dr. Inwood stated. "They admire the Americans greatly, although westernism has been held in suspicion. Many want to visit the United States, and many others have already done so."

Shoot 'Em Up's

Movies shown in Burma theaters are of Indian and American origin, he said, "although, unfortunately, the only types of movies that seem to reach them from America are the wild western and low grade pictures." The consequent viewpoint held by the Burmese movie addict is that western America is still infested with whooping Indians and desert rats.

Politically, Burma is faced with a civil war in which Christians and socialist government are at odds. Actually the government is faced with uniting five different factions in Burma, all of which believe they are qualified to rule.

Lots of Pups

Household pets are allowed to multiply unhampered in the belief that relatives are re-incarnated within the bodies of these animals. "Dogs have over-run Rangoon and as a natural result, cats are hard to find."

Conveyances range from 1949 automobiles to rickshaws or "trishaws," bicycles with side cars, "I used a jeep," smiled Dr. Inwood.

Economically Burma is the leading rice exporter in the Far East. Before the war she had a fine teakwood market and oil reserves. However, due to Japanese bombing and present rigid control of the socialistic government, neither of these two resources is developing rapidly. Inflation has contributed to retarding economic growth, in addition.

"As far as ambition goes," he added, "the women maintain many of the shops and seem to be more up and coming than the men."

In order to continue the education of his two school-age children, Dr. Inwood had to send them to India. "It took four days to make the trip by steamer to school," he reported.

Long Way Around

On the way home Dr. Inwood and his family returned through the Suez Canal, stopping on the way in Greece, Italy, France, England, and Scotland. He expressed surprise at the manner in which Europe had rebuilt and restored herself after the recent war.

In commenting on his over-all

impression of Burma, Dr. Inwood commended the Burmese people as having the best civilization outside of Japan in the Far East.

"I further believe," he concluded, "that the 'visiting professor' plan has done a great deal in breaking down the barrier of suspicion that separated America and the Western world from her Far Eastern neighbors."

YWCA Get-together Starts Kick-off Membership Drive

The YWCA membership drive got its official kickoff with the annual get-together Tuesday afternoon from 4:30 to 5:30 in the Student Center. The purpose of the affair was to give new women students a chance to get acquainted with the YWCA cabinet members.

An information program was held Wednesday night at 7:30 in the Student Center to give prospective members an opportunity to ask questions about YWCA, its activities and future programs. Cabinet members also gave short talks on their particular jobs.

Initiation will be held at a later date, according to Edo Moore, vice-president of YWCA.

Nevada Represented At Mining Congress

Jay A. Carpenter, director of the Mackay School of Mines, attended a meeting of the American Mining Congress held in Spokane, Washington, during the week of September 26. While at the congress he made an inspection trip to the Grand Coulee dam, and the Couer d'Alene and Metaline Falls districts.

The Mackay School of Mines had a good representation with delegates from all graduating classes from 1934 to 1949. Regent Sam Arentz represented the class of '34 and the class of '49 was represented by Douglas Baker, William Fugit and Kaare Aalde.

A traffic warning for heavy eaters—slow down, soft shoulders, dangerous curves ahead.

The Fulstone twins, Eleanor and Jeanne, or is it Jeanne and Eleanor? Either way, the girls are being sponsored by the Reno Chamber of Commerce in the twin contest for the you-know-what home permanent concern. The girls come from Sith valley and are Juniors on the A&S side of capus.

Greek Houses Getting Ready For Homecoming

With the activities of rushing and pledging over, events in Greek letter houses have subsided this week into anxious preparation of skits and floats for the Homecoming celebration October 20 and 21.

Wolves Frolic skit committees from the various houses have submitted themes to the Homecoming committee, and with only one week in which to develop their diamond anniversary ideas, both sorority and fraternity members are working swiftly and constantly in order to perfect their skits.

Chairman for the skit committees are: Tri-Delt, Taffy Rule; Theta, Suzie Leake; Pi Phi, Edith Moore; Gamma Phi, Ida Bess Sanderson; ATO, Ray Alzola; Phi Sig, Bob Moran; SAE, Pat O'Brien; Sigma Rho, Roger Banda; Theta Chi, Tom Godbey; Lambda Chi, Tom Bowman, and Sigma Nu, Bill Irish.

Pledge dances, usually held within the first two weeks after pledging ceremonies, are being postponed by many fraternal organizations

until the first week in November. In view of the pressing Homecoming situation, only the members of Pi Beta Phi, Kappa Alpha Theta, Alpha Tau Omega, Theta Chi, Lambda Chi Alpha, Sigma Nu, and Sigma Alpha Epsilon are planning their dances for this weekend. Phi Sigma Kappa is planning its annual street dance for October 20.

Astronomy Post Hard to Refill

No astronomy courses will be offered this semester, and it is doubtful if any will be available next semester, according to Professor Sigmond Leifson, chairman of the physics department.

Professor Leifson stated that he is anxious to restore the course to the department's curriculum, but is unwilling to do so until a fully competent instructor is found to replace the late Professor Gilbert Blair, who died recently. He emphasized the fact that "few competent physicists are looking for jobs at present, and even fewer are specialists in the astronomy field."

In the past the astronomy class has been tremendously popular with students, as is indicated by the average enrollment of 70 to 90 per semester. An introductory physics course is offered as a substitute for students who had enrolled in the astronomy class. At present it has a membership of about 50.

Other classes formerly taught by the late Professor Blair have been absorbed by other faculty members and by R. D. Tarble of the United States Weather Bureau.

Former Instructor Wins Traveler Title

A former University of Nevada instructor was honored last month when he was chosen "Traveler of the Month."

John Parker, former instructor in English, was chosen "Traveler of the Month" by the 'Radio and Television Mirror.' He was selected after his appearance on the program "Welcome Traveler" because

of his method of transportation, "hitch-hiking."

Parker taught here during 1946 and 1947. Also during this time he was employed at a local night club as a pianist.

Pack Drops To COP; USF Frosh Drub Cubs

PACIFIC TIGERS DROP PACK, 47-6

With a few jet model backs and a team loaded with determination, COP's fighting Tigers took a 47 to 6 win over an injury riddled Wolf Pack. This shellacking was the worst for the Pack in years.

The first period went scoreless and the fresh Wolves kept the speedy Tigers caged up. Little time had elapsed in the second period, however, before Eddie LeBaron and the Tigers surged through the bars, and taking advantage of a 38 yd punt return by Don McCormick, drove over for the initial score of the game. LeBaron combined three passes with some successful ground gains to advance the ball to the 10 yard stripe, where Price took over and punched his way through the line for the TD.

Preview of More
This proved later to be the only sustained drive that COP put together, but the TD was merely a preview of things to come. A few minutes later, Walt Polenske, a former Nevada ballplayer, snagged a Jesse pass on the COP 46 and rambled the remaining 54 yards for another six points. While things were still hot Macon, took a LeBaron pitchout and rocket 65 yards to paydirt. Near the end of the period LeBaron passed from the 46 to John Rhode, a big end who slugged the ball through to the end zone with less brilliance than the classy backs but with the same result.

The Tigers came back in the third period with all their fire and it was not long before their backs had taken up where they had left off in the previous period. Bruce Orvis exploded first, with a 49 yard run that left the Tigers again knocking on the door. Two plays later Orvis plunged over from the five yard line. Shortly after this the longest run of the day was made when Price galloped 88 yards for more points for the already loaded COP. To make things complete, and to add to his superior ball handling and punting "excellent" Eddie LeBaron intercepted a Jesse pass on the 18 yard stripe and went 82 yards to score. Third period score COP 47, Nevada 0.

Fisher Scores
A third of the way into the fourth quarter Nevada recovered a fumble on the Tiger 36. Jesse passed to Michienzi for 8, Jesse sneaked for one and Fisher drove to the 25 for a first down. Fisher plowed for three more and Jesse hit Klosterman for 13 yards. Ted Kondel took a flat pass and weaved to the five, and Fisher boomed the other five for the TD. This completed the scoring for both teams.

Nevada was hampered throughout the game by previous injuries, and to further hurt the Wolf Pack punch Jim Wilson, mainstay end, was injured in the first period.

DON FRESHMEN TAKE 47-0 WIN

Coming in, the aftermath of the Nevada-COP game, the University of Nevada freshmen dropped their initial tilt of the season Sunday when they were completely outclassed by the University of San Francisco yearlings, 47-0.

The loss was the first for freshman coach Hugh Smithwick, who directed an undefeated eleven last year. A big powerful line and shifty backs spelled doom for the cubs whose deepest penetration of the day was to their own 48 yard line.

The first Don score came late in the first period when quarterback Don Townsend handed off to Ed Lajeune who went over from the two yard line. Captain Gene Barry converted for the Dons and the first quarter ended 7-0.

Second Quarter

Tom Massey took the kick-off for the Wolf Cubs and ran to the 30. After Massey and Andy Kalmanir had picked up five and three, respectively, it was fourth and two to go for a first down. Nevada elected to run but the Don line held. A U.S.F. fumble nullified the break and Kalmanir quick-kicked to the 48 yard line.

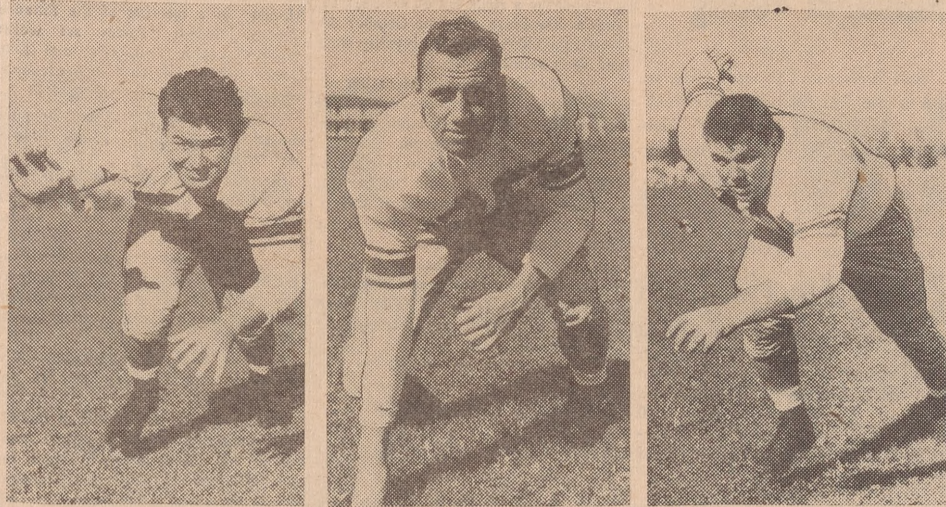

Dick Huxley picked up ten for the ons and Townsend scored on a bootleg. The third score came after Townsend passed to Smith to the 43, then threw to Colburn for the TD. A fumble by Charles Schmutte while attempting to pass was recovered by USF on Nevada's 19 yard line. Townsend carried to the six from where Whitney took it over. Barry converted and the score was 26-0 at the half.

Scudero, Townsend Shine

Nevada began the second half with a determined drive to its own 48 yard line where Schmutte's pass was intercepted by Ray Scudero who went the full distance to score. Massey and Kalmanir each picked up first downs to the 44 yard line, but another interception by Scudero stalled the drive.

After Lajeune had been dropped by Howard Barber on the nine yard line, Townsend passed to Glenn Poole for the score. The Townsend to Poole combination clicked for the last touchdown from the Nevada 29 yard line. Barry's kick was good and the score stood 47-0.

Although Nevada lost, much credit must be given for the fine defensive work of Lee Schroder, Doug Brooks, Ed Brown, and Bob Martin. Runs by Massey, Barber, and Kalmanir helped the Nevada cause.

Here are three of the keys in the Nevada power attack. At the left is Jack Carmody, slashing guard nicknamed by the team "Bear." In the center is halfback Herman Fisher, newly converted from a defensive back to the offensive team. Fisher scored the only TD against the Bengals of the Pacific last week. On the right is Dick "Buster" Tilton, tackle, who during his stay at Nevada has built a reputation as a hard man for the opposition line to get along with.

Student Center To Have Hot Food

The student center, in the basement of Stewart hall, may soon employ another woman to help keep the floors and tables clean. A wide variety of hot meals will also be available to students soon.

Mrs. Mary Duke, manager of the center, said that the students have requested the addition of hot meals and that she and her staff will do as much as possible to accommodate them. She also said that the students have been doing a fine job of keeping the

RALLY TONIGHT

Jerry Wyness, probable starting yell leader for the Wichita game, has announced that a rally will take place tonight in the Education building auditorium at 7 p. m.

A special feature in the form of "The Great Gildersleeve" will be present. Wyness urged all to attend.

The prices at the student center are still reasonable and, when possible, are kept at the same level as last year.

Math Club Meet To Be Held Soon

Prospective members of the University of Nevada Math club are invited to attend the first meeting of the fall semester, to be held Thursday, October 27, according to club president, Bud Wirsching.

Anyone interested in mathematics is eligible for membership, with math majors especially invited to join. Wirsching stressed that topics of discussion at the meetings will be easily understood by all who attend.

A short business meeting will be held.

Football Forecast To Be In 'Brush

For the pleasure of sports followers, the Sagebrush will publish each Friday during the football season the famed Joe Harris Intercollegiate and Professional Football Forecast. Harris selects not only the winners, but the probable final scores as well.

These predictions will be sponsored by the Reno Printing Company, and will appear as a part of their regular advertisement.

Over the last 10 years Harris has proved to be America's most accurate professional sports predictor. He began the current year by scoring 100 per cent on the nation's bowl games New Year's Day. Harris said Northwestern would take California in the Rose Bowl 20-to-14. That was the exact final score. He predicted the day's big upset—Texas' win over Georgia in the Orange Bowl. Harris said Villanova would defeat Nevada New Year's Day 20-to-7. Villanova won 27-to-7. He was correct on the major bowl triumph turned in by Southern Methodist, William and Mary, Baylor, and West Virginia.

Last season, predicting over 1,500 college games, Harris was 82.9% right. Statistics prove that he calls the exact final scores of 32 teams out of every 50 games. He forecast what was possibly last season's biggest intercollegiate upset. He said Missouri would beat highly favored Southern Methodist 20-to-14. Missouri won 20-to-14.

On the professional football front, Harris predicted correctly last season's first 25 games before his first tumble.

Senate Investigates Non-Student Use Of ASUN Cards

The Associated Students Senate met in special session yesterday to clear up several matters left to it by the Senate Investigating committee.

The committee, consisting of Tom Godbey, Tom Gaffey, Marilyn Neal and Bill Devlin, elected Godbey chairman at its Tuesday meeting. They then discussed the poor seating facilities for students at out of town games, especially at Kezar stadium in San Francisco. Another major issue was the lending of student body cards to non-students. The problem still exists even under penalty of forfeit.

Both these matters were referred to the Senate and their action has been withheld pending further discussion.

LOST

Two books and one binder belonging to George Beaman were lost at Clark field last Monday afternoon. Anyone knowing their whereabouts is requested to contact Beaman at the Lambda Chi Alpha house.

To give you a finer cigarette Lucky Strike maintains AMERICA'S FINEST CIGARETTE LABORATORY

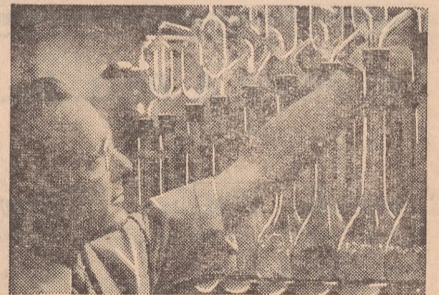

America's largest cigarette research laboratory is your guarantee that Luckies are a finer cigarette!

YOU SEE HERE the largest and most complete laboratory of its kind operated by any cigarette manufacturer in America.

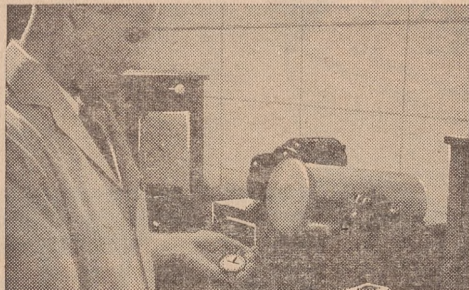

For many years Lucky Strike scientists have delved into cigarette research on an extensive scale. Out of this has grown an elaborate system of quality control. Every step in the making of Luckies—from before the tobacco is bought until the finished cigarette reaches you—comes under the laboratory's watchful eye. As you read this, a constant stream of tobacco... samples

from every tobacco-growing area... is flowing into the laboratory in Richmond, Virginia. These samples are scientifically analyzed, and reports of their quality go to the men who buy at auction for the makers of Lucky Strike.

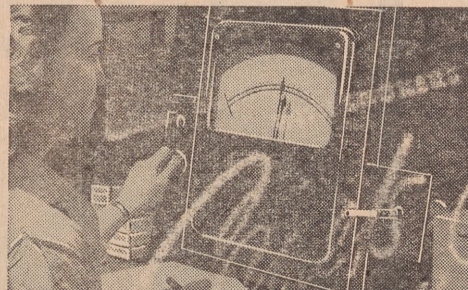

Armed with this confidential, scientific information—and their own sound judgment—these men go after finer tobacco. This fine tobacco—together with scientifically controlled manufacturing methods—is your assurance that there is no finer cigarette than Lucky Strike!

Testing tobacco. Samples from every tobacco-growing area are analyzed before and after purchase. These extensive scientific analyses, along with the expert judgment of Lucky Strike buyers, assure you that the tobacco in Luckies is fine!

So round, so firm, so fully packed. Typical of many devices designed to maintain standards of quality, this mechanism helps avoid loose ends... makes doubly sure your Lucky is so round, so firm, so fully packed.

So free and easy on the draw. This meter draws air through the cigarette, measures the draw. Samples are tested to see if they are properly filled. Tests like this guarantee Luckies are free and easy on the draw.

Jimmie Harker

campus ambassador for Carlisle's

Need Crepe Paper for those homecoming floats? Carlisle's has all the necessary supplies to carry out those clever ideas for the big parade. Pick up the phone and call "Jimmie", he'll come a runnin'. Incidentally, he can take care of all your sorority and fraternity printing in the finest quality manner, budget wise, too. Dial 4285, 2-5391 or 2-3891.

We know: **LUCKIES PAY MORE** for fine tobacco (millions of dollars more than official parity prices)

We are convinced: **LUCKIES PAY MORE** for cigarette research

So, for your own real deep-down smoking enjoyment

Smoke a Lucky!

Lucky Strike's fine tobacco and constant research combine to give you a finer cigarette. Prove this to yourself. Buy a carton of Luckies today!

Campus Campaigning Destroys Gate Light

President Parker Orders Apprehension Of Sign Owners; They Face Suspension

Orders for the apprehension of campaigners who tied a banner between the campus entrance pillars of the University of Nevada, have been issued by the acting president. The display was torn down Tuesday by a truck which dragged down one of the lamp posts with it. The owners of the sign face possible suspension unless they completely reimburse the university.

According to Carl Horn, superintendent of buildings and grounds, what happened is this:

On the evening of October 11, at five o'clock, a large Pacific Intermountain Express truck was proceeding down the campus end of University avenue. A large banner advertising the candidacy of one of the freshmen for office of class manager was affixed across the street, attached to the lamp posts on the granite pillars. There was not enough clearance under the sign.

The results are one less lamp post for the University of Nevada.

It will cost the university approximately \$50 to repair the lights, and according to Superintendent Horn, it is not certain whether the lights may be repaired. In that case, it will cost over \$150 for replacements.

Mr. Horn said that this is good time for all future campus sign hangers to take heed.

"The situation is no longer to be tolerated", Mr. Horn declared. "This is the second time in the last few years that this has happened, and it not only uses up vital funds, but keeps my men away from important jobs repairing the 'unnecessary damage'."

He emphasized that all such activities must be cleared through him. There has been flagrant violation of this rule, he pointed out, and definite action and prosecution will be resorted to in the future.

Transfer of Two Officers Announced

The transfer of two military department air force instructors was announced recently as a result of unification measures being taken by the army and air force. Lt. Col. Bruce Cator and M/Sgt. Seth A. Foster were effected at the University of Nevada.

Cator, who has been at the University since 1946, has been transferred to Lowry Air Force base at Denver, Colorado. Foster, who came to the University last year will be stationed in Long Beach, California.

Weiser and Hug Win In Freshman Manager Voting

Bud Weiser and Proctor Hug, Jr., led the field of candidates for freshman manager in yesterday's elections. Only 283 freshmen went to the polls out of a possible 720.

Weiser polled 60 votes and Hug received 55. These candidates will hold a run-off next week. Other candidates were: Dallas Watkins, 55; Willard Esplin, 34; Elwin Pulsipher, 323; Robert Pardi, 25; Jerry Shreve, 24.

The general election will be held similar to yesterday's voting, according to Melvin Windsor, election committee chairman. The polls will be at the ASUN building from 9:00 a. m. to 5:00 p. m. Voting for Homecoming Sweetheart will also be held at this time.

ATO Plans Social For Frosh Women

The Alpha Tau Omega Mother's club is sponsoring a tea next Tuesday. All freshman women on the campus are invited to attend.

Tea will be served from 3:30 to 5:30, and all who wish to attend will be welcome any time between these hours. The get-together will be at the ATO house on University Terrace.

PE Department Plans Steak Fry For Staff Families

The Physical Education department will sponsor a steak fry on October 16, and a breakfast ride on October 30, for all members of the University staff and their families.

J. E. Martie, Physical Education director, stated that the two outings will be the first conducted through the new faculty recreation program.

Staff members desiring to ride horseback to the steak fry on October 16, can meet at the gymnasium at 3:15 p. m. or at Chaska West's stables on Kietzke Lane at 3:00 p. m.

Members who have their own means of transportation are to meet at Huntsman park at 5:00 p. m. Those who need transportation are to telephone Ruth Russell at 6313.

Mackay Graduate Addresses AIME

The American Institute of Mining Engineers' monthly luncheon was held recently at the Bonanza Inn in Virginia City.

Robert Kendall, Mackay School of Mines graduate of '48, made the address on the subject "Is the Comstock Lode worked out?" Dendall is engineer for the Dayton mine.

Finance Board Approves Budget

Ticket prices for the Wolves' Frolic and Homecoming dance were set last Monday in a meeting of the Finance Control Board. Prices set were: Wolves' Frolic, 2.40, 1.80, and 1.00. Dance tickets will be 1.20 per couple and .75 stag, tax included.

Wolves' Frolic tickets may be purchased through the Graduate Manager's office.

Budgets were approved by the Finance Control Board for the Band, committees for the Homecoming dance, rally, and Wolves' Frolic, the Artemisia, ASUN historian, and Play Production. Among the larger budgets were the Artemisia at \$13,000, Wolves' Frolic, \$1505, and play production at \$391.50.

Shirley Bell was appointed AWS secretary with a salary of \$35 per month.

Other business accomplished included throwing out the War orphan sponsorship idea; approving \$10 each for two elections (Frosh class manager and homecoming queen) and allowing \$63 for card stunts for the coming football games.

Faculty member, William Miller, who is chairman of the board, presided, with Col. Smee, faculty member, and John Marvel, Kay Sterling, and Paul Reimer, student members attending.

Eddie Kriwiel, flashy halfback for the University of Wichita Shockers, is rated among the finest passers ever to play football at the Kansas university. Kriwiel leads the Shockers in statistics for passing, running plays, and punting. He is in addition one of the several three-letter men on the number two team of the Missouri Valley conference.
