Football Fate In Balance As Investigations Begin

Young Democrats Plan Speaker For Sunday Meet

"You and Your Government" will be the topic of discussion in a meeting of Young Democrats to be held Sunday at 7 pm at the recreation hall on the corner of Highland avenue and Beech.

"It is designed to help make the student more conscious of the machinery involved in both state and national government. Aid in registration for the eligible voter and information for the non-eligibles who may be voting in coming elections are the principle objectives of the meeting," President Jack Barry reports.

The meeting will be held in an open forum style with a prominent local attorney leading the discussion. He will open by outlining voting procedures, convention activities, and election methods.

The meeting is sponsored by the Young Democrats of the University of Nevada, but all students whether Democrats or Republicans, are invited.

Plans for student attendance at the Jackson Day dinner have been made, Barry revealed, and plans to attend all party conventions are well under way.

Refreshments are to be served at the Sunday meeting.

Students Map Reno-Verdi Formations

Twelve student geologists are working between Reno and Verdi on a mapping project of the Truckee valley sedimentation formation.

The undertaking, first of its kind in this region, began last autumn at the end of the Truckee valley and now correlating the terrace formation along the north side of the valley. Richard Lawson, faculty advisor for the project, estimates that the work is over half finished and the south side will complete the survey by next November.

Administrative Council Plans Change In Length of Semesters, Vacations

By J. J. BROWN

The administrative council has decided to make some permanent changes in the registration schedule for coming semesters. The council will refer the following measures to the student senate to avoid a repetition of this semester's difficulties.

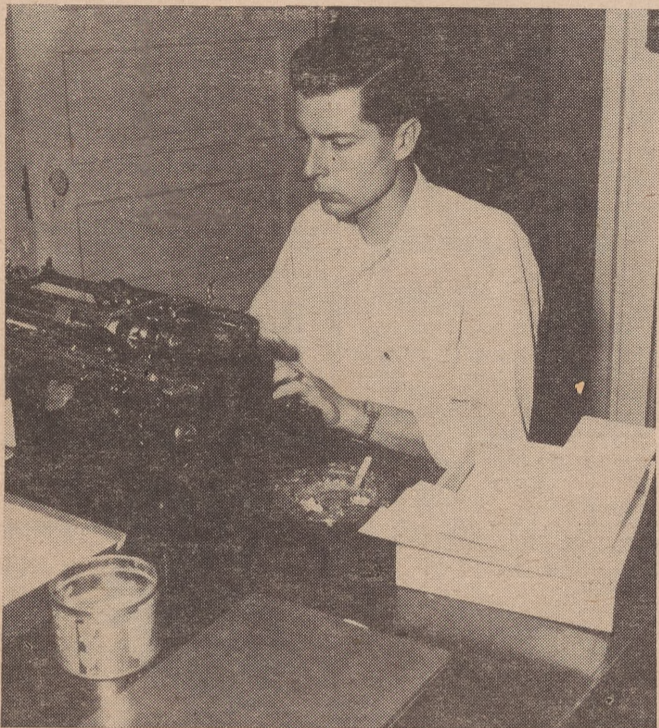

1. Schedule freshman orientation so that it will be completed by the weekend before regular classes are to be conducted.

2. Begin the fall semester a few days earlier.

3. Shorten the Christmas or Easter vacations, or both.

4. Lengthen the spring semester in June.

The dean of men's office has pointed out that more time is required to handle the complete records of grades than at present is

"Selling the university to the state" is just about what Gerald McBride, ASUN publicity committee chairman, is doing. McBride has been personally writing letters to all Nevada high school principals in order to secure cooperation and advice for his new program. Among other plans to be inaugurated soon is a newsletter put out by the student committee. (Sagebrush photo)

Senate Considers Ban on Salesmen

Elimination of some campus soliciting of magazine and book subscriptions, contracts to buy encyclopaedias and other publications is being considered by the student senate.

All agents soliciting such subscriptions must have the consent of the administration and carry a Reno city license. Students are advised to require these credentials of any person approaching them for such business.

Local agents for insurance, laundry, and similar services will not be affected by the new resolution, if it is approved.

give the registrar's office force. The additional length of time between semesters would also allow the students more time to consult with their advisors about their new classes.

Although many students were unable to secure a class schedule this spring, 2300 copies were printed and distributed. This number of copies among some 1600 students did not prove sufficient because many were lost or deliberately thrown away. The administrative council is considering levying a charge of 10 or 15 cents for each class schedule to avoid such a waste in the future.

Since these changes affect every student on the hill, all returning students are asked to make their preferences known through their student representatives.

Questionnaire Results Withheld; Students Urged to Voice Opinion

By NEAL CORBETT

Nevada's football remained well up in the air this week. The regents, responsible for giving it the swift kick, were unheard from, but students, faculty, boosters, and other interested persons waiting for it to descend were still running around a little confused.

Developments during the week varied.

Booster's chairman George Southworth, Jr. talked before the ASUN senate Wednesday night explaining the financial setup from the downtown end. He went through the Sagebrush questionnaire answering each question the way he saw it. After a lengthy discussion on the football problem (and athletics in general) Southworth said, "this questionnaire isn't worth the paper it's written on. It just doesn't give enough information for the student to vote intelligently."

Senate

The senate, however, saw it differently. Most representatives felt that even if the questionnaire did not give enough background, Nevada students should answer it anyway. They felt that the ballot was the only practical method of getting student opinion since they (the students) have an interest in the athletic program amounting to approximately to \$21,000 each year which they pay in student body fees.

Athletic Board

Meanwhile the board of athletic control was sitting tight. The five man council (two students, two faculty members, and one alumni representative) met Thursday afternoon to approve budgets for golf, tennis, and track. Football talk remained rather limited until adjournment, and then, with comments cut short by time, a special meeting was slated for Monday at 7:30 pm to thoroughly "hash out" the problem.

Faculty

On the faculty side of the picture things were beginning to roll. A special committee set up to "thoroughly investigate the athletic situation at the university" by acting president Col. Gilbert E. Parker, held one meeting. Dr. Ernest Inwood, appointed head of the group, reports that accomplishments of the meeting were held down to committee organization. He said, "the problem has many aspects to it and that it will take many weeks of investigation and research."

Students

Nevada students, probably involved in the athletic mixup to a greater degree than anyone else, are beginning to take the situation seriously. Sagebrush questionnaires have been pouring in. At press time today, 300 of the 1531 student body ticket holders have voiced their opinion. Because this figure only represents approximately 20 per cent returns, results are being withheld until a complete count can be made.

"This problem affects the student body more than any other group," Sagebrush editor Gene McKenna said, "so I again strongly urge every student to voice his opinion by filling out a questionnaire."

Artemisia Pictures To Meet Deadline

Artemisia photographers used mass production methods Tuesday in an attempt to finish off pictures in time for the March 7 picture deadline.

Two photographers took over the lower floor of the Education building and shot 23 pictures of clubs, service organizations and individuals.

Barbara Carter, editor of the yearbook, said that they were running on schedule, but had about 15 more pictures to take before the March 7 deadline.

Math Club Meets

Math Club members met yesterday evening to discuss the "Four Color Problem," a mathematical puzzle. Refreshments were served after the regular business meeting was adjourned.

Special Committee Submits Plans For Mining School Revitalization

Steps to revitalize the school of mines were outlined in a special report last Saturday by a special committee which was appointed by Col. Gilbert E. Parker, acting president of the university.

Among the most important proposals were that the school of mines should retain the name of Mackay in honor of the family that endowed the school; the administration of mine bureau and school should be separate; that an immediate search for successors be instituted for the directorship of both the mining school and the state analytical laboratory. Present directors will soon reach retirement age.

Of great concern was the fact that the equipment of the mining department was found to be outmoded. It was recommended that

the equipment be replaced. The recommendation from the mining department that it be separate from the other departments in engineering was changed to read, "The school shall continue as an integral part of the college of engineering."

Director of the school of mines has another job as head of the state bureau of mines and it is felt by the board to be an unsatisfactory set-up. Dr. J. A. Carpenter, director, has expressed the desire for the jobs to be separated so that a future director will be able to devote his full time to the school.

The same sort of predicament is said by the committee to exist in the metallurgical department. Prof. Walter S. Palmer is department head and also department head of the state analytical bureau.

ROTC Color Guard

The University of Nevada ROTC color guard participated in Wednesday morning's Red Cross parade, which opened the 1950 fund drive in Reno.

Members of the guard are Marvin Moss, Lloyd Skinner, Robert Petrini and Bud Whalen.

Wittwer Visits Utah

Professor Eldon E. Wittwer, director of resident teaching in agriculture, is attending the centennial celebration at the University of Utah as the representative of the University of Nevada.

Feather River Survey Planned

Dr. Vincent P. Gianella, professor of geology, is planning geology survey trips to the Feather River district and Chalk Mountain in the next few weeks, depending on the weather conditions.

The field trips will be made in the Hunt expedition car. Prof. Gianella will interpret the geology formation in the Feather River district, which he has studied for a number of years. Chalk Mountain is located about 50 miles east of Fallon.

Plans for 'Miss Nevada' of 1950 To Be Conducted on Statewide Basis

On or about June 3, Reno will be the scene of a great and feverish activity: the selection of a Miss Nevada to attend the Miss America pageant to be held in Atlantic City later in the summer.

The Reno Junior Chamber of Commerce has received the exclusive franchise to conduct and direct the statewide search for the girl who will represent Nevada.

In each area, the JC's will request a service club or fraternal organization to direct their own local contest, and a franchise to conduct these preliminary selections will be given to the club or combination of clubs who are to do this.

After all the sectional representatives have been selected, there will be held in Reno an exact duplicate of the Atlantic City pageant, and all the selectees will compete in a gigantic pageant for the honor of bearing the title of Miss Nevada.

Between now and June 3, there will be series of local or sectional contests to select the girls who will represent every part of Nevada in the Reno finals. The various clubs and organizations have been requested to sponsor girls of their own choice to compete in their various local selections.

The JC's have appointed William H. Dohn, Reno stylist, as general chairman of the Reno pageant. Mr. Dohn wishes to emphasize that the state finals will be an exact duplicate of the Atlantic City pageant, with the obvious exception of being a bit smaller in size.

The pageant will be judged by competent and impartial judges, who will be selected from various sections of the state and, also, from neighboring western states.

There are seven rules by which candidates for the Miss Nevada title will be selected.

1. Contestant must be resident of state, city or territory, at least six months prior to pageant. This rule is waived only for those whose residence is out of city or state, but who are college or university students in the city or state during the time of the pageant. These students may not compete, however, in more than one official pageant each year.

2. Contestant must be single,

never have been divorced or had a marriage annulled.

3. Contestant must be a high school graduate or a senior attending high school at the time of the pageant.

4. Contestant's age on September 1, 1950, shall be not less than 18 years of age or more than 27.

5. Contestant must be of good character, possess poise, personality, intelligence, charm, and beauty of face and figure.

6. Contestant must possess and display, in a three-minute routine, TALENT. This talent may be singing, dancing, playing a musical instrument, giving a dramatic reading, or, she can give a three-minute talk on the career she wishes to pursue.

7. Contestant may be either an amateur or a professional.

Whoever Miss America may be, she will not go unrewarded. Schol-

arships are the prizes, and they may be used by the winners to attend any school they may select.

Miss America will receive a \$5000 scholarship; first runner-up, \$3000; second runner-up, \$2500; third runner-up, \$2000; fourth runner-up, \$1500; and the next ten finalists will receive \$1000 each. In addition to all of these, the contestant judged to have the most talent and not in the above list of finalists and runner-ups will receive \$1000. Simple arithmetic shows that \$25,000 worth of scholarships are to be given.

Letter to Editor

Old Time Movies To Be Presented For Students Soon

March 1, 1950

Editor of University Sagebrush,
University of Nevada.

Dear Gene:

Nevada Alpha chapter of Pi Beta Phi wants you to know that it is unanimously in favor of the Sagebrush's stand on the present football crisis now at hand. You have taken the correct attitude as a university paper in the fact that you are making it possible for us, as students of the University of Nevada, to express our own opinions on the subject. Before we can do this individually, we want you to know how we stand as a group.

1. We feel that any activity or sport that brings national or local attention in a favorable way to our university, is worthy of any support that we can give it.

2. We feel that the financial status of our university in any category is as important as that of any successful business.

3. We are convinced that any way which is admirable and honest to maintain that status—should be followed.

4. We realize that the University of Nevada is a small college and that it cannot excel in all branches, including sports; consequently it is only logical to have it excel in those that will make it the greatest progress both eminently and financially.

5. We are cognizant of the fact, that we, as all other fraternities on the campus, are a selective group and that we do not represent the university as a whole. By way of explanation, we feel that we might be prejudiced or informed or uninformed, as to the major interests at stake.

6. In view of this last fact, we feel that there are many issues, concerning the athletic "setup" that should be brought out into the open—issues that directly involve the eminence and financial well being of the University of Nevada.

7. We, as students, have entrusted men older and more experienced than us to cope with these issues; and before answering your questionnaire we want to know just what it's all about from those men who have given their time, money and effort to make and maintain Nevada's "big time" football. We would also like to hear from those who do not approve of the present athletic program.

8. Lastly, we want to suggest that a forum should be held, at which every student would be present, a member of the athletic board of control, a representative of the board of regents, the acting president of the university, the ASUN president, the president of the Block N society, a member of the Boosters Club, and a representative, if possible, of every sport participated in by the University of Nevada.

Sincerely,
Nevada Alpha Chapter
Pi Beta Phi.

Students at the University of Nevada will soon be seeing "old time" movies like mom and dad used to attend.

These movies will be of the Charlie Chaplin type. Serials are also scheduled to be shown, such as "The Perils of Pauline" and the Flash Gordon variety.

Arrangements have already been made to secure the films that will be shown.

The movies will be shown as a student service and the price of admission will be used to pay the rental of the film.

Pictures will probably be shown in the Education auditorium on Sunday nights. A definite schedule will be announced later.

Blue Key Plans 'Ride Bureau'

You want a ride home on vacations but can't find one?

You've got a car and have plenty of room for the trip home, but can't find any riders to accompany you?

These are problems that frequently confront students at vacation time or on weekends.

The Blue Key service organization on the Nevada campus plans to help the student solve these problems by organizing a ride bureau which is to go into operation next week.

According to Bulkeley Wells, Blue Key chairman of the program, the bureau will work in this way: those students who want to share their cars may register their names with the bureau two or three days before they go home. The students who want rides can also turn their names into the bureau.

2. Contestant must be single,

Gala WSSF Campus Carnival Opens Saturday Night in Old Gymnasium

"Step right up folks, biggest little show in the world" will be the cry at the World Student Service Fund carnival dance this Saturday night in the old gym.

Thirty booths, sponsored by campus organizations will line the sides of the gymnasium. Those who attend can buy everything from cakes to kisses, have their fortune told by Madam Hart, their portrait done by Rembrandt van Sheppard, or be entertained at a colored slide travelogue by Lowell Thomas Inwood. A revolving trophy will be awarded to the organization whose booth nets the most profits.

The carnival will begin at 8 pm and continue throughout the evening. Dancing will begin at 9 o'clock. Music will be furnished by a combo of university students who have volunteered their services for the evening. Admission at the door will be 25 cents per person.

"The carnival dance was planned this year to give the students fun for their money while supporting the 1950 WSSF drive," said Pat DeWalt, drive chairman at the kick-off assembly Monday. She added that it was hoped sufficient funds would be raised this way so as to avert personal solicitations.

Dewalt Heads Gamma Phi's; Rule Leads Tri-Delts

Gamma Phi's and Tri-Delts have elected new officers for the coming year.

Gamma Phi Beta elected 1950 officers Monday night with Pat DeWalt taking the gavel as president. Other officers are Helen Burr, vice-president and social chairman; Colleen Gilbert, treasurer; Shirley Laurie, recording secretary; Marlene Nyberg, corresponding secretary; and Norma Walsh, rush captain.

Jean Ellen Rule is the new president of Tri-Delts. Officers for the coming year are Georgia Ward, vice-president; Jacque Sirkegian, social chairman; Connie Malcolm, treasurer; Alice Shelly, rush chairman; and Marnie Miller, senator.

Assembly Opens 1950 Nevada WSSF Drive

By PAT WELTY

"It's more than a charity, it is an organization on a student level to develop a relationship between students of other countries," said Dave Levring, student body president of Redlands University, as he explained what World Student Service Fund is, what it does and what it means in, an all-student assembly Monday morning kicking off the annual WSSF drive.

Levring said, "WSSF got its start back in 1933 when China was at war and her students were hard hit for school supplies. Students all over the world banded together in an effort to supply these people with the materials they needed to carry on their education."

"In 1933 students met in Geneva, Switzerland, and formed the World Student Relief. There are now 18 countries connected with WSR. A counterpart of this organization is the United States' WSSF."

A musical combo of university men provided entertainment at the assembly and Pat DeWalt, chairman of WSSF for the University of Nevada campus, introduced her committee.

Spanish Club Hears Musical Program

South American and Cuban musical instruments and music were featured at the meeting of Circulo Espanol, University Spanish Club, last night.

The group, meeting in the basement of Artemisia Hall, also studied various dances peculiar to the music in those countries, said Professor Alex Dandini, advisor for the club.

These gals are displaying the evolution of the bathing suit—from the old to the new. The big question now is: "Where do we go from here?"

AGGIE CLUB TO HOLD FOURTH ANNUAL HORSE SHOW MAY 24

The University of Nevada Aggie Club will hold its fourth annual horse show at the Reno rodeo and race track on May 24.

Heading the activities will be Eyer H. Boies, of Wells, a junior in the college of agriculture and former president of the sponsoring organization.

He said that one grand award, several other trophies, and many ribbons will be offered the winners of the various events on the program.

Included in his year's activities will be the judging of quarter horses, Palominos and Arabians.

Five-gaited and three-gaited class contests will be held, several races will be planned, and a parade of horses will conclude the program.

The show is open to all horse breeders in Nevada and surrounding states.

The main object of the show, Boies said this week, is to give the students an opportunity to broaden their education in the various breeds of horses in this area and to give them experience in the handling of a show.

The Aggie Club hopes to stimulate interest in the breeding of

horses, not only by stockmen but also by persons who are interested in horses for pleasure riding, it was explained.

BUTTONS SELLING

A net profit of \$480 was made from the sale of the buttons for the benefit of Jerry Wetzel and Terry Tollefson, former Nevada students, at the Snowshoe Thompson Memorial meet held at White Hills February 25 and 26.

Approximately 3000 more buttons will be on sale to aid in the medical care for these two men who were disabled in ski accidents last year.

Students may purchase buttons for 50 cents each from ski club members and others on campus who are selling them.

PHILLIPS-JONES CORP., NEW YORK 1, N. Y.

Brush Strokes

By MARK CURTIS

PUBLIC OCCURRENCES, FOREIGN AND DOMESTICK: When Graduate Manager Gene Mastroianni received two strips of carpeting postmarked San Jose, California, two weeks ago, the guess was . . . "it's a torn up welcome mat." The carpeting, which Mastroianni tossed in the garbage, was a sample sent to a San Jose firm for possible matching. A home builder here in Reno ran short of this certain type rug and wrote to the manufacturer using the graduate manager's letterhead stationery. Unable to duplicate the samples, the firm returned them to the letterhead address. So . . . Joe Sheeketski not only is short of carpeting for his new home, but he hasn't even a sample to send out for matching. . . . The Kappa Alpha Theta door swings both ways. Sunday night the sorority took in nine new members . . . Monday night, seven were out on probation and two resigned. . . . The carnival dance Saturday night will have 30 . . . count 'em . . . 30 booths for you to play with. Most questionable financial venture . . . a male kissing booth, featuring the lips of Tom Godbey, Eppie Johnson, David Collings and John Cowley. . . . The friendly business association between the Wolf Den and Blue Silver is stronger than you realize. When two counterhops of one establishment hang up their aprons for the night, they go next door for refreshments.

WHO KNOWS? If the Downtown Booster's Club decided not to pay the \$45,000 debt, what could be done about it? Who would pay it? The \$10,000 first payment is said to be no problem . . . however, what if they refuse to lay it on the line until the regents cough up a similar amount? (This could happen.) Measured in cash or "aesthetic" value, just what does a booster gain by financially encouraging Nevada football? If the boosters pull out altogether, how much would it cost the regents THEN to support ANY KIND of athletic program? Who is on the spot? . . . the boosters or the regents? Whose fault is it the boosters carry the major load . . . the boosters or the regents, or the students, or the state, or the administration or the . . . WHO CARES? There are so many ins and outs in this question, so many sides and arguments, we refuse to take a stand. We refuse because we got lost way back on that first turn. Drive slower, please . . . President Parker donated \$100 to the cause this week. Joe Sheeketski gave \$25. . . . You think we take football seriously? At UCLA, a faculty scientist has developed a ball filled with ammonia gas which acts as a receiver by absorbing microwave radio signals. All the coach needs is a transmitter.

BEST SELLERS: The Associated Women Student's handbook says "The 'how far should a girl go' business is up to your own good judgement, but show your affection for your man-of-the-hour in private, not on the campus in front of the dorms or sorority houses." Now that we have that settled, where shall we go? "HOW TO SAY NO . . . Tell him why you can't accept; he'll think a lot more of you and you'll have a better chance for more dates." Sounds genuinely regretful, even if you aren't quite. No body likes to be snubbed . . . be considerate. Don't give Wally Wolf the feeling that he's sorry he asked you. If you want a rain check on that 'invite,' ask him over to hear records or play cards." If this fails (it's a cinch to) just get out of the car and run like Citation. . . . On the bulletin board the subject of the Wise Y meeting was announced as "Shall I Take His Pin?" Underneath was penciled "What makes you think he'll offer it?" and "Yeah, but leave his hand." . . . When the Little Hatch Act was decided against, one regent remarked that it was surprising . . . employees could tell their employer what to do." Fifty-one University of California professors are doing a rather admirable job telling their employer what to do. If the regents don't back down on the Loyalty Oath, the profs will pull out. If the profs pull out, it will begin the disintegration of one of the best universities in the world.

FUED FOR THOUGHT: Headline in the San Jose Spartan Daily: "U of N in Editorial Against SJSC Daily—University Paper Blasts Mannie Alves, Spartan Daily—Says Stu Inman a Good Actor, Bad Actor . . ." Len Crocker had called Inman a good actor for his role in the San Jose basket series here, "Strokes" called him a ham. Nothing like leaving yourself wide open. Well, he WAS A GOOD HAM. Page three of the Spartan Daily was devoted to the verbatim comment of this column and Pack Tracks which had snapped back at columnist Alves for his criticism of the Wolf Pack. A good fued could ensue, but like the Daily's sports editor said, "These incidents could be interpreted differently, depending upon one's viewpoint." . . . which is exactly why we steered clear . . . that is until Mannie broke loose.

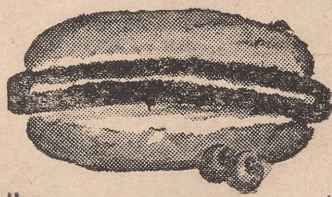

HAGGERTY ENGAGED Nancy Haggerty, Gamma Phi Beta active, passed candy Monday night at the chapter house announcing her engagement to Bill Metzger, journalism major.

fornia, and at Eva, Honolulu, T. H. She is the daughter of Mr. and Mrs. Samuel W. Barakat of Philadelphia.

Nevada Graduate Rejoins Marines

Ruth L. Barakat, mid-year graduate, has re-enlisted for a four year period in the Marine Corps and is now stationed in San Francisco.

During the war Miss Barakat served as a sergeant at the Marine Corps air station at El Toro, Cali-

foot-long dog at WAYNE'S DRIVE INN

Come out to WAYNE'S and get your ruler and measure. Way Out South Virginia Rd.

Sagers Reinstated As Recognized Campus Group

The Sagers, men's underclass service organization, recently suspended from all campus activities because of financial difficulties, has been reinstated, President Bill Jager reported.

Members of the Sagers will meet next Tuesday in the basement of the Theta Chi fraternity house at 7 pm. Tryees who have completed the required amount of work will be initiated, and plans for the coming semester will be formulated.

The Sagers is a men's underclass service organization and a stepping stone to Blue Key. Members do the campus "dirty work" such as decorating the goal posts before football games, selling programs at athletic events, and preparing for pep rallies.

'Brushfire' Staff Requests Student Literary Works

Newly appointed staff members of "Brushfire" the new campus literary magazine, have set up headquarters in room 17T of the English building and are now accepting student contributions.

Copy deadline is next Friday. The first issue is scheduled to appear about the middle of March, according to Buckley Wells, business manager. Exact date of publication cannot be determined until problems of supply and printing have been settled.

Members of the staff stressed that essays, themes, short and short-short stories, poetry, and other literary works from all students are desired. Contributions from off-campus writers will be excluded.

Material may be submitted to staff members at their office from 1 pm until 4 pm on Monday, Wednesday or Friday, or may be left in a collection box in room 13T.

The literary venture is operated solely by university students. Faculty advisors will offer their aid only when it is requested.

New Plant Species Believed Discovered

Dr. W. D. Billings, associate professor of biology, discovered what he believes to be a new species of flowering plant recently in the Steamboat Springs area south of Reno. He found the plant while on a field trip with a botany class.

According to Dr. Billings, positive identification of the plant as a new species cannot be made until further checks have been completed; but he said that since it is not mentioned in any identification keys of this area, there is a strong possibility that the plant is a new species.

Since a thorough classification of the plants of Nevada has never been made, Dr. Billings stated that there is a possibility of several undiscovered species existing in this area.

Museum Gets Gift

Donald E. White, state geologist, presented the Mackay School of Mines Museum with a specimen of fulgarite recently.

According to Walter S. Palmer, professor of metallurgy, the specimen was formed by a bolt of lightning hitting the earth at Steamboat Springs in May, 1949.

Orchesis Elects

Election of officers was held by Orchesis last Tuesday. President Nancy Hecker announced the names of the winning candidates for office: vice-president, Joan Melner; secretary, Irene Waterman; treasurer, Nilda Cox; publicity chairman, Jean Wilton.

Elliot Honored

Russell R. Elliott, assistant professor of history and political science, received an award last week for his manuscript "Twentieth Century Mining: a history of the Tonopah - Goldfield - Bullfrog Mining Districts, 1900-1915."

AAUW to Meet

The American Association of University Women will meet Tuesday at 8 pm in the children's room at the Washoe county library.

Mrs. Harold Brown and Mrs. Dwight Billings will discuss Jonathan Swift's "Gulliver's Travels."

The public is invited to attend the meeting.

Proves Popular

Roller skating takes over the old gym at the University of Nevada every Saturday night, reports Miss Ruth Russell, physical education professor, and 40 to 50 persons roll out each night.

Women's Upperclass Committee Threatens Stricter Enforcement

Stricter enforcement of two neglected campus traditions will be undertaken in the near future as the result of action by the women's upperclass committee last Wednesday.

Underclassmen are warned that according to the ASUN constitution, they may not enter or leave Morrill Hall via the front steps. Utilization of the bench in front of the Journalism building is also held unconstitutional by the committee.

As for enforcement of other traditions, Patti Jones, head of the women's upperclass committee, stated that upperclass women have been more negligent than the freshmen and sophomores.

Mary Lou Burg and Marilyn Rutledge, both upperclass women, were convicted of cutting campus and ordered to pay the penalty for this offense.

There are only ten freshman women who must wear ribbons and carry "bibles" this semester, it was reported. These women, however, are advised to comply with the rules in order to prevent any entanglement with the upperclass committee, Patti Jones said.

Sagebrush Plans Special Section For Alumni Group

The Sagebrush will begin publication of a section of alumni news in the March 10 issue.

For the remainder of the semester this section will appear in the Sagebrush twice a month and with the beginning of the fall semester, 1950, the alumni section will be carried in every issue of the Brush, according to Max Dodge, alumni secretary.

The February, 1950, issue will mark the end of publication for the Wolfprints, the monthly alumni news magazine. Hereafter all alumni news will appear in the Sagebrush.

With the appearance of alumni news in the Sagebrush, Dodge said, the paper will be increased approximately 1000 copies during the time that the alumni news is printed. The thousand copies that will be printed will be sent to the members of the association, in place of the Wolfprints, and will give them some information as to the activities of the school.

News of significance to the various chapters throughout the state will be sent in by the members and will be inserted into the alumni section.

He was dug out of his wrecked car and carried to the doctor's house.

"I can't do anything for you," said the doctor, "I'm a veterinarian."

"That's all right," said the printer-patient, "I was a jackass to think I could go 50 on those tires."

PSYCHOLOGIST SEEKS COLOR BLIND PEOPLE

Are you color blind?

If you are, or if you know someone that is, you are in a position to aid the psychology department with an experiment to be carried out during the next two months.

Professor Paul Brewer of the department of psychology has asked that all persons who fall into the above named categories contact someone in the department.

The experiments, Brewer said, will require about one and one-half hours of time of the volunteers. He added that they will probably be of interest to the subjects, as well as aiding the cause of the tests.

Anyone interested is asked to contact Professor Brewer at telephone number 8424, or to call in person at the psychology department in the Education building.

Campus Red Cross Drive Underway

A campus goal of \$43,000 and 100 membership cards has been set as the annual Red Cross drive at the University of Nevada got under way this week.

Under the direction of Elaine Mobley, dean of women, the program parallels last year's campaign with captains appointed in each of the various departments and buildings.

Miss Mobley said the university drive is organized under the heading of "special groups" by the Red Cross and includes the university faculty, student body and the staff.

How students will participate in the drive has not been decided yet, but Dean Mobley said a booth would probably be set up on the campus. She is also considering a plan for group contributions.

RIFLE CLUB MEET

A Rifle Club meeting has been scheduled for next Wednesday, March 8. Artemisia pictures will be taken at that time.

Gene Garriott, caught in a typical neophyte pose, tells the Theta Chi fraternity actives one of his "very best jokes" during dinner. Garriott, along with seven other OX men, went through Greek "hell week" activities on the Nevada campus all last week. (Sagebrush photo)

Alumni Groups Receive Charters

The newly formed Lincoln county alumni group was presented with a charter, February 15, by the Nevada Alumni Association, according to Max Dodge, alumni secretary.

This brings the total active representative chapters to six, with chapters in Las Vegas, Winnemucca, Elko, Lincoln county, Los Angeles for the southern California area, and San Francisco for the Bay area.

A charter for the chapter in Fallon is being prepared and will be presented to that group during a meeting which will be held there Saturday, February 25.

A committee was recently appointed in Ely to proceed with plans for the installation of a charter for the White Pine area.

Pat Fee Appointed Sagens' President

Pat Fee, former vice-president of the Sagens, was appointed temporary president of the group when Kay Sterling resigned at a meeting last week. Sagens is a women's upperclass service group composed of five members from each sorority and five independents.

Plans for the Sagens annual picnic were discussed and April 15 was set as the tentative date.

Schedules Out For Tennis, Track and Golf

Schedules have been released for all three of Nevada's spring sports, tennis, golf and track and field.

The tennis team is confronted with a nine-match schedule, one of which is tentative. Four of the matches, plus the tentative match, are set to be played in Reno, with four on the road.

Golf shows six matches on the sked, with three at Reno and three on the road.

Trackmen will find but two meets set. One will be a three way meet at Davis, California, involving Cal Aggies, SF state and Nevada. The other meet will be at home, against Chico State.

Athletic Director Joe Sheeketski pointed out that a third track meet had been originally scheduled for San Francisco, against SF State. He said the meet was cancelled for this year due to lack of travelling funds. The meet will probably be held there next season.

Track and Field

April 22: California Aggies, San Francisco State, Nevada—at Davis, California.

April 29: Chico State—at Reno.

Tennis

April 3: Washington State at

Reno.
April 8: Cal Aggies at Davis.
April 14: Sacramento JC at Sacramento.

April 15: Chico State at Chico.
April 22: Sacramento JC at Reno.
April 29: Chico State at Reno.
May 8: Sacramento at Reno.
May 13: Sacramento State at Sacramento.

May 29: San Jose State at Reno (tentative).

Golf

April 8: Cal Aggies at Davis.
April 14: Sacramento JC at Sacramento.

April 15: Chico State at Chico.
April 22: Sacramento JC, at Reno.

April 29: Chico State at Reno.
May 6: Cal Aggies at Reno.

Newman Meet Set

Newman Club, university Catholic students' club, plans to send several representatives to a regional convention in Stockton in April, Father Willy Price, club moderator, announced this week.

Sullivan Tops Frosh Hoopsters

Dan Sullivan, forward from Reno, topped the Nevada frosh basketball team in scoring during the season just completed, with 157 points.

John Buccambuso, forward from Ely, placed second, with 132, and guard Larry Bangert of Reno was third with 80.

Here are the final unofficial standings:

Dan Sullivan, f	157
John Buccambuso, f	132
Larry Bangert, g	80
George Williams, c	74
Ray Hunter, g-f-c	68
Wayne Seacrist, f-c	42
Ray Marks, f	30
George Mentaberry, g	27
Gary Morrison, g	22
Joe Frade, g	16
Jay Reynolds, c	14

Nevada's 1950 Football Schedule Lacks Two Prospects for Completion

Only two "good prospects" remain to be signed to complete Nevada's football schedule for the fall of 1950.

Joe Sheeketski, director of athletics, released the up-to-date program this week.

Games scheduled thus far are:

September 16: Utah State, Logan Utah.

Sept. 23: Texas A&M, Sacramento.

October 8: USF, San Francisco.
October 14: College of Pacific, Reno.

October 22: Santa Clara, Sacramento.

October 28: Loyola, Reno, Homecoming game.

Nov. 5: St. Mary's, San Francisco.

Nov. 18: North Texas State, Denton, Texas.

Negotiations are proceeding for September 30 and Thanksgiving Day openings.

Pack Ends Hoop Year With Wins Over St. Mary's

With a possible NAIB bid in the balance, the Wolf Pack took two fast cage tilts from the visiting Gaels from St. Mary's last weekend to give Nevada a 14-10 won-lost record for the season.

In Friday night's game, the Wolves came from behind to snatch a close 58-52 win, while on Saturday evening they won 75-67.

The Gaels got off to a quick 15-3 lead in the first game, that was soon whittled down to an 18-15 advantage as cented Ted Johnson and teammates Les Ray, Burt Larkins and Mert Baxter all began to find the range. St. Mary's led at half time, 26-21.

In the second period the Wolves soon tied up the count at 34-34, but the Galloping Gaels again took the lead, before the score became knotted at 43-all. Then it was all Nevada with the locals slowly increasing the score until the end.

For the winners, Johnson netted high point honors with 17, while Larkins and Libke scored 12 and 11.

Nevada started with a good advantage Saturday night, but the Moragans began to hit their shots and at half time led 39-36.

The Wolf Packers caught fire in the second half and began to hit the hoop with increased regularity, after Hal Hayes' three quick field goals.

The 75 points piled up by the locals came within four markers of their season high against Colorado A&M, and gave the Nevadans their first series win over St. Mary's in several years.

Ted Johnson's 23 points topped Nevada's scoring to put him over the 300 mark for the season.

Intramural Ski Meet Postponed

The annual intramural ski meet which was to be held this weekend has been postponed until the 25th and 26th of this month.

Chester Scranton, associate professor of physical education, said the meet was postponed because the varsity ski team had another meet scheduled this weekend. The varsity team usually runs the intramural meet.

BETTY OGAN PINNED
Robert Burke, Nevada junior, recently pinned Betty Lou Ogan of Reno.

VARSITY BASKETBALL TEAM STANDINGS

These are unofficial standings, kept by the sports editor.

Name	Games	FG's	FT's	FT'sM	FT %	Pts
Ted Johnson, c	24	115	76	43	63	306
Joe Libke, f	24	123	21	38	35	267
Mert Baxter, f	24	82	88	32	68	252
Les Ray, g	24	76	78	39	68	230
Hal Hayes, f-c-g	24	60	60	31	65	180
Burt Larkins, g	24	46	37	19	66	129
Buddy Garfinkle, g	24	28	14	9	60	70
Ed Hancock, f	8	8	2	2	50	18
Charles Higgins, g-f	8	3	1	3	25	7
Dick Truman, c	5	2	1	7	13	5

Frosh Trampled By Placer J. C.

A twenty point spread left the UN frosh wondering what had hit them last Saturday night as Placer JC rolled over the little Wolves 62-42. Placer just recently won the Modesto JC Invitational tournament.

The half ended in a 23-23 tie after a fast start by Placer which slowed considerably when the frosh got under way. George Goto, voted the outstanding player at Modesto, racked up his nine points in this first half.

Eighteen points in the second half of the game came from Dick Alvari of Placer, who went scoreless

in the first half. With eight minutes remaining the Placer team laid on the points leaving the frosh somewhat stunned.

Larry Bangert led the frosh scoring with 10 tallies.

Ski Team to Enter Tahoe Meet; Banta Shows 1948 Injury No Stopper

Members of the Nevada varsity ski team will participate in the 21st annual Lake Tahoe Club Invitation tournament Saturday and Sunday at Squaw Valley and Tahoe City.

The two day meet is sanctioned by the Far West Ski Association, and will include giant slalom for men and women, and cross country and jumping. The giant slalom will be staged at Squaw Valley Saturday, and is scheduled to start at 1:30 pm. If snow conditions are right, the race will be changed to 10:30 am. Jumping will be on Tahoe's Olympic Hill Sunday at 12:30 and includes A, B, C and D competition. Cross country races will be in the vicinity of the Tahoe City golf course, and will start at 10:30 am Sunday.

All contestants for the race must hold FWSA amateur racing cards, and are asked to contact Glen Myers, president of the Reno Ski Club, if they wish to compete.

Cliff Banta, outstanding member of the Nevada ski team, before breaking his leg two years ago, has returned again to the racing ranks by winning the Inyo-Mono Invitational meet last weekend on Mammoth mountain, near Bishop, California.

Placing first in slalom, and taking a third position in the downhill, Banta won the combined championship away from Dave McCoy, downhill winner and former FWSA slalom champion. Banta foreran the slalom races in the University of Nevada Winter Carnival, the same meet in which he broke his leg in 1948. He will be skiing once again for the university in its next meet.

The next meet scheduled for the Nevada team is in Seattle, Washington, March 17, 18 and 19. According to Bill Briner, team manager, six men, not yet named, will make the trip with the coach.

Dr. Church Named Citizen of Month

Dr. J. E. Church, retired University of Nevada professor, has been named citizen of the month by the Reno Junior Chamber of Commerce.

The award was presented to Dr. Church at a meeting held in Reno last week.

THREE IN INFIRMARY

Three university students were confined this week to the infirmary, Barbara Andras, Richard Williams and Lee James, according to Dr. Fortier, university physician.

2 Nevada Skiers Finish in Top Ten

Two University of Nevada varsity skiers placed in the first ten in the Snowshoe Thomson Memorial meet at White Hills last weekend. John Gianotti and Les Hawkins, both skiing for the Reno Ski Club, took sixth and fourth, respectively, in the classic combined.

Saturday the Wolf Pack cross country racers placed high in the field of langlauf skiers. Gianotti came through the finish line in 1:38:28 to tie Art Hill of Auburn for sixth place.

Les Hawkins followed Gianotti's time in the ten mile marathon with 1:40:56 for seventh position.

Jumping, the second event in the "Classic Combined" tournament, saw Nevada men at the end of the list in "B" jumping. Hawkins finished 10th, Gianotti 14th, Harvey Rose 11th, and Bill Briner 12th. In combined points, Hawkins was third and Gianotti sixth.

Briner, manager of the ski team, who was injured in an early race at Donner, will be training again with the team. Slow healing of a bad leg injury has kept him off skis, but he hopes to race in the next meet.

Social Evenings Set For Faculty, Staff

Social evenings, which will include facilities for games and music for dancing, will begin tonight in the old gym, from 8:30 to 11 pm. Members of the academic faculty, the non-academic staff, including administrative and clerical personnel, sorority house mothers, and members of all state and federal public service divisions are invited.

Dr. Earl W. Sheets, professor of animal husbandry, who is chairman of the faculty group's committee on informal social evenings, has announced that his committee has arranged the time and facilities for four such occasions this semester, the first of which will be held this evening. The future dates will be March 31, April 28 and May 26, and all will fall on a Friday.

PEM'S Granted New Charter

PEM's, physical education major's organization, has obtained a charter in the newly organized student branch of the American Association for Health, Physical Education and Recreation. The local group was one of the first clubs to apply to the national organization for a charter.

Miss Marge Price, PE instructor, stated that the student group within the national organization is to stimulate professional growth of the association.

PEM's will receive regular benefits offered to members, and will send in articles concerning their functions here. Reports on member groups will be sent out each month by the main organization to let each individual group know what the other is doing.

Scopes Misplaced

Two spotting scopes and one large German tank scope were reported "misplaced" today, by Col. Smeed of the military department.

"The equipment belongs to the Rifle Club," the colonel said, "and is valued at \$75." He asked that the equipment be returned to the Rifle Club as soon as possible.

Storeroom Entered

The room set aside for the faculty in the old gym has been entered by someone and various equipment has been stolen.

According to Col. Gilbert E. Parker, parts of the table tennis set are missing, and so are other miscellaneous recreative supplies.

The equipment which the upstairs room contains was bought by private subscriptions.
