## Foreign Language Clubs Schedule Play 'Der Moerder'

Announcement has been made by Mr. Charles Hennecke that the three language clubs will each present a one-act play in the education auditorium on Friday night, May 19. The three organizations are the Spanish, French and German clubs.

The only play that has been chosen up until now is "Der Moerder" which will be presented by the German club under the direction of Mr. Hennecke. The leading roles will be played by Wally Graf, Anne Fuhrman, and Robert Yim, while also included in the cast are Benjamin Banta, Bruce Kewey and George Magée.

"Der Moerder" is a one-act comedy about a woman and two men in her life, one her husband, and one a suitor.

## 6 Military Students May Receive Army Commissions

Six advanced military students were given recognition recently when they were selected as distinguished military students.

The honored cadets are: Cadet Donald E. Wood, Cadet Ronald V. Lange, Cadet Warren K. Sandow, Cadet Theodore H. Lokke, and Cadet Theodore S. Klimaszewski.

The students, who are members of the first year advanced infantry, were chosen on the basis of their academic record and on their known ability of leadership.

This honor is the first step toward a regular commission as a second lieutenant in the army or air corps. If the cadets continue to show special ability in military they will be again recognized next year and eventually will receive a commission.

## Summer Sessions For Vet Students Explained by VA

GI's who are presently attending the U of N, need have no worries about registration for the summer sessions. Those students need only fill out the usual VA forms—the same ones filled out at the beginning of this semester.

GI's who plan on going to another school for the summer will have to apply to the VA for a certificate of supplementary eligibility. A student from some other school who plans to attend school here this summer will also have to obtain a supplementary certificate.

The VA strongly recommends that students needing a supplementary certificate apply now in order that there will be no delay later, when time is of greater importance.

## Moseley Visits

Dr. John O. Moseley was the guest of Acting President Gilbert E. Parker and Mrs. Parker last Monday afternoon and evening, the president's office announced.

Dr. Moseley was traveling from Palo Alto, California, where he now lives, to Evanston, Illinois. He has a position with Sigma Alpha Epsilon fraternity, whose headquarters are in Evanston.

## 'CASH AND CARRY' TERMS FOR ATHLETES ON SCHOLARSHIP

### Boosters Club Promises Payment

By FRANK JOHNSON

University of Nevada students on athletic scholarships will at least be assured of having their board bills paid until the end of the present semester, according to Perry Hayden, university comptroller.

Mr. Hayden said that he had been promised a payment of \$1,500 Saturday from the Downtown Boosters Club to cover the players board bill for the coming month. Hereafter the Boosters will pay the athlete's food expenses in advance from month to month.

The necessity for advance cash payments of players' expenses was brought about last Saturday when the Board of Regents voted to cancel all credit for the Boosters Club effective April 22.

At the regents' previous meeting they announced a \$45,000 debt owed the university by the Boosters for players' expenses, and allowed them until April 15 to make at least a \$10,000 payment on it.

#### Four Point Program

The Boosters failed to meet the deadline, which coincided with the special regent meetings. Before the meeting George Southworth, Jr., Boosters head, indicated that he had \$7,500 in pledges that could be immediately made available for the current expenses of the football players—if the board of regents would write off the \$45,000 debt, grant immediate financial assistance, seek future assistance from the legislature, and if complete cooperation from the faculty and student body could be obtained. He also indicated that these conditions would have to be met if the club were to continue its fund raising activities.

Southworth indicated that the money might be released immediately, and be applied toward current bills, although the regents made no definite indication that they would cancel the debt.

At the close of the regents meeting it seemed that the debt would probably be absorbed, but no commitments were made on the other three demands made by Southworth and the Boosters.

Because of their increasing alarm of the athletic situation, a faculty investigation committee made a thorough study of it, and presented the regents with their recommendations for its improvement. Although approved by the faculty for presentation, these recommendations were opposed by Coach Joe Sheeketski and several other faculty members.

#### Ignored

For the most part the faculty recommendations were ignored by the board of regents. One in particular, which would eliminate from intercollegiate competition all athletes on scholastic probation, was unanimously rejected. Had this rule been imposed, Coach Sheeketski estimated that one-third of his present squad would have been eliminated from competition.

Although no definite decision was made, it was apparent that the Alumni Association and the Boosters Club were willing to work in close cooperation in future fund raising campaigns. Both Southworth and Walter States, alumni president, expressed hope that the fund raising would be boosted by a joining of forces.

One of the faculty recommendations was that fund raising be handled through the alumni association.

One of the regents, Samuel Arentz, said that the board's decision to cut off the Boosters' credit was not meant as a "slap in the face"

for the football program. The action was taken only because the regents had no funds available, and were in no position to grant further credit.

## Activities Permitted Despite Probation

"The Board of Regents, following the recommendations of the ASUN senate, recommended that anyone on probation can participate in student body activities," said student body president Paul Reimer at the regular meeting of the student senate last Wednesday.

All athletics were included under the heading of student body activities in spite of disapproval registered by faculty members. Overthrowing of this recommendation by university officials would greatly jeopardize the position of varsity football on the campus next fall, it was explained.

## Catholic Group Elects Nevadan For First Time

A Nevada student was elected to a Newman Club province office for the first time in the Catholic youth organization's history, at the convention held in Stockton last weekend.

The student is Bob Petrini, sophomore journalism major, who was elected to the post of vice-chairman of the club's Central Pacific Province. The new vice-chairman will have charge of the province's social functions.

Over 300 students from 23 western colleges participated in the convention. The Nevada chapter had the distinction of having the largest visiting delegation.

## 'N' Gets Paint This Time for Sure

April 29 has been set as the date for the second painting of the Block N on Peavine mountain, and all freshmen will be required to take part in the outing, Ted Kondel, Block N president, stated.

In the past, the lack of water has hindered the efforts of the enterprising frosh to whitewash the N, but this year, for sure, water will be provided.

Roll call will be taken at the mountain and only freshmen who work, attend classes, or are sick

will be excused. Excuses must be turned into the ASUN office or to Jim Wilson, Block N member in charge of the affair, by Friday, April 28, in order to be accepted.

Due to the lack of funds in the freshman class treasury for refreshments, the Block N voted \$15 to be used for that purpose this year, and will be served after the painting is completed.

Any absence on the part of a freshman without an excuse will be severely punished this year.

## Publicity Committee Issues Film Call

The ASUN publicity committee has issued a plea for moving picture films and still slides of the Nevada campus that would be suitable for showing on the committee's future high school tour.

These movies may be on any phase of campus life including the various departments or general landscape scenes. They need not be in color, but color films will be greatly appreciated.

Committee chairman Gerald McBride reports that these slides and films will be shown to the high school seniors who will be contacted on the proposed tour.

The tour will be composed of two units, one covering the north-

ern and central sections of the state, and another covering the southern portion.

McBride expressed his appreciation for the cooperation given him by the Greek letter organizations and the Highlanders. "We could not have gone through with the tour plans without their donations," he declared.

McBride announced that anyone interested in making the tour who has a good background of certain departments of the university should contact him at the ATO house.

Also, anyone with the badly needed film and slides should get in touch with him at the Tau house.

## LUCIUS BEEBE ACCEPTS INVITATION TO BE MACKAY LUNCHEON SPEAKER

By BOB PETRINI

Lucius Beebe, noted authority on railroads and author of several books on the Virginia & Truckee railroad, has accepted an invitation to be the principal speaker at the Mackay Day luncheon, May 6.

Eppie Johnson, general chairman of the Mackay Day celebration this year, announced Beebe's acceptance yesterday afternoon during a meeting of the committee working on the May 5 and 6 event.

Charles Clegg, collaborator with Beebe on many books, will also be a luncheon guest, Johnson said.

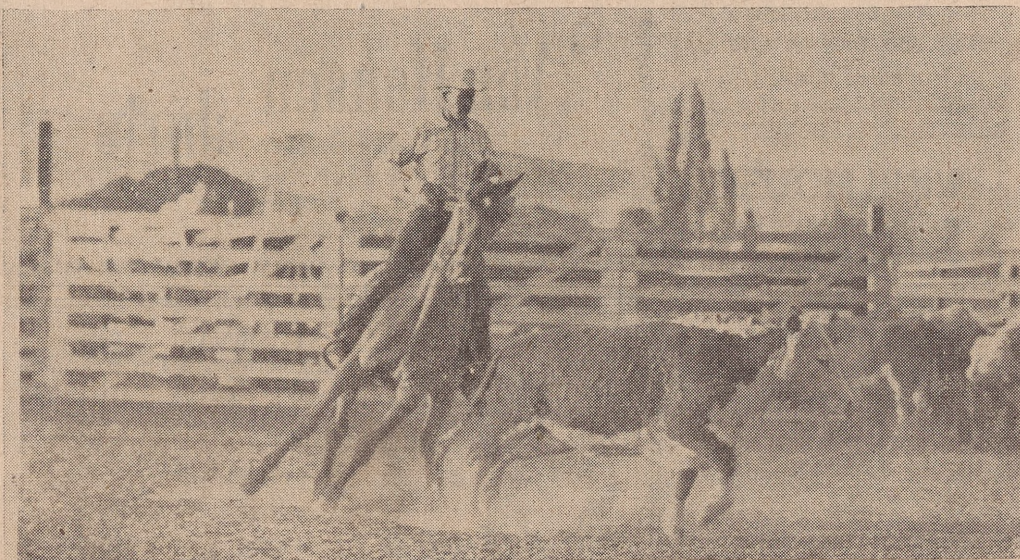

Other guests for the Mackay celebration were announced yesterday. They are Governor and Mrs. Vail Pittman, Col. and Mrs. Gilbert E. Parker, Robert Griffin, Miss Elaine Mobley, Dr. William C. Miller, Mr. and Mrs. Robert Z. Hawkins, Mrs. Irvin Berlin, Louis Gordon, Roy Hardy, Mr. and Mrs. Gordon Sampson, and Mrs. George Hemmingson.

Chairman Johnson said yesterday that the fraternity skits scheduled

for Friday, May 5, would be subject to censorship by the Mackay Day committee. Any skit not meeting the approval of the committee will be disqualified from competition, Johnson added.

Each organization participating in Mackay Day was asked to furnish two handmade posters about the celebration to help publicize the event. It was requested that these posters be in by next Tuesday. They can be turned in at the graduate manager's office.

Placards with the various fraternity and sorority Greek letters placed on them were also requested from each group. These are to be placed at the various organization's tables during the luncheon. It was suggested that the cards be of 14 by 16 inch size.

Cutting horse contest—one of the features of the annual Aggie Horse Show, May 13, and 14. Above, Wayne Cutlip on Cue performing at last year's show. Both horse and rider will compete again this year.

## Students Submit Research Papers

Three University of Nevada students, Robert McPhee, graduate student; Richard Panzer, graduate student, and Albert Richardson, senior, will present papers at a convention of the Affiliates of the American Chemical Society meeting at Stockton April 28 and 29.

Subject of Panzer's paper is "Investigation of Selenium Compounds in Range Plants." He will present it Saturday at 11:40. Robert McPhee will present a paper on "Absorption Spectroscopy Studies on Vegetable and Animal Fats and Oils," while Albert Richardson will present a paper on "The Quantitative Analysis of Benzene, Toluene and Xylene mixtures by Means of Ultraviolet Spectrophotometry."

In all, 11 or 12 university students, plus staff representatives, will make the trip in private cars to the meeting.

Professor Morris, assistant professor of chemistry and advisor for the Chemistry Club, said the three paper represent actual research done here at the university.

## Old-Time Flickers Showing Deficit

The ASUN is going in the red on the old-time movies. Twice in recent weeks manager Dwight Peterson has come before the finance control board asking for more funds to keep the program going.

Last week's loss was \$23.07, necessitating an advance of \$15 to insure this week's program. Only 71 persons attended Sunday evening's show.

According to manager Peterson students turn out well for the oldies but the film "classics" are poorly attended and nearly always show a loss. A motion to do away with the movies was defeated in the board meeting, in the hope that this week's show would show a profit.

## Humanities Group Hears Murgotten

The Humanities Group heard a reading by Professor F. C. Murgotten, of the foreign language department, at the monthly meeting held at Professor Murgotten's home last Monday.

His reading consisted of a chapter of the "Camel Driver," a book in preparation dealing with times under the Caliph Omar.

### BERYL BUTLER PINNED

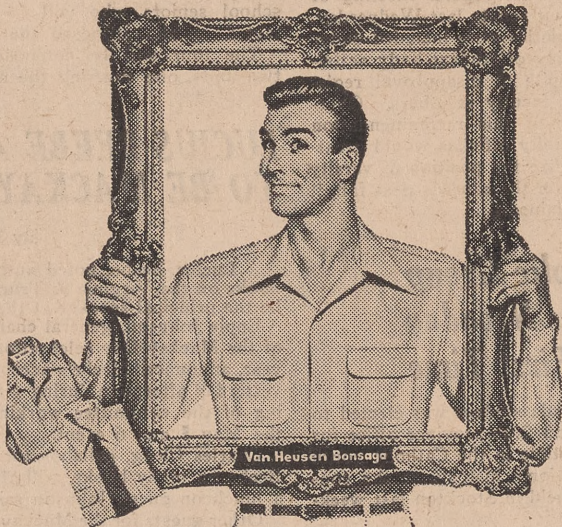

Candy was passed by Byrl Butler, a Pi Phi pledge, to announce her pinning to Phi Sig Jack Sheblen.

## 'Sure Its Spring, But Off the Grass,' Says Superintendent

Spring weather seems to have driven the rules about "cutting campus" from the minds of many Nevada students. Carl Horn, superintendent of buildings and grounds, winced every time he looked out on the campus this week and saw the number of fever-stricken students lying on the new greenery.

To keep the grass looking attractive, Horn said, students will have to remember to refrain from walking or congregating on it. He pointed out that the lawns and flowers on the campus cost about \$17,000 every year to maintain and that "cuttin campus" adds to the cost.

Eleven men working full time for eight months are required to keep the grass in shape, according to Horn.

## ASME Secretary To Visit Campus Tuesday Morning

C. E. Davies, secretary of the American Society of Mechanical Engineers and this year secretary to the Engineers Council for Professional Development, the engineering accrediting association, will visit the University of Nevada campus Tuesday morning.

Davies will talk to the mechanical engineering students at 10 am and then will meet with the ASME student officers and mechanical engineering faculty for a short time. He will be the guest of the faculty at a luncheon during the noon hour.

He is on a tour of the nation visiting ASME branches and engineering institutions. His trip began the first of April and will continue into the first days of May.

During the past 16 years, Davies has been secretary to the ASME. Before that he served as assistant, then executive secretary. He also edited the ASME publication, Mechanical Engineering for a short time.

## Faculty Changes Made Official At Regent's Meet

The board of regents officially approved changes in personnel recently when it accepted the resignation of J. P. Puffinbarger from the school of education and accepted Dr. Frederick M. Lash, who holds a Ph.D. from the University of Washington, to fill the vacancy for the remainder of the term.

Tenure status was given to four assistant professors, Dr. Alex Dandini, foreign languages; Dr. Jay Hansen, physics; Miss Ruth Russell, physical education; and J. Craig Sheppard, art.

Miss Mary Rotter was selected head nurse of the infirmary for the summer session. Mrs. J. B. Lynch was named as her assistant.

# PACK TRACKMEN AT DAVIS; MEET AGGIES, SF STATE

Nevada varsity track team will leave tomorrow morning for its initial intercollegiate competition of the season, a three-way meet at Davis, California. The Wolf Pack will meet the Cal Aggies and San Francisco State in the triangular set-to.

Nevada track coach Hugh Smithwick expresses optimism for the performances of some of the Pack individuals, but hastens to point out that the team, as a whole, lacks depths in all events. Poor weather conditions have added to the troubles of the Nevada team, making workouts pretty much of a hit-and-miss proposition.

With all factors taken into consideration, here is the way the Nevada team may make out in tomorrow's meet.

In the 100-yard dash: Lee Schroder, former Yerington high school ace, has been clocked in 10 flat, with letterman Charlie Springer close behind.

The 880-yard dash: Again it's Schroder, followed by Springer, both at slightly over 23 flat.

440-yard dash: Marvin Byars has been pushed hotly by John Buccambuso and Howard Barber in trials this spring. He'll be out to avenge last year's loss to Peterbaugh of the Aggies. Clocked last week at 52 flat.

The distance runs are wide open, with no one as yet set to compete.

The 880-yard run: Ross Smith and Jim Tate, both experienced from last season, will be after the win and place spot.

In the hurdle events, Proc Hug figures to be the man to beat.

Bill Jager is number one, seemingly, in the high jump, with Lee Schroder returning to action for the broad jump.

In the pole vault, Jerome Etchegoyhen, Bob Arnesen, and Giles have all better 11 feet.

Javelin: Bill Higgins, varsity letterman, is off the squad on suspension, and will probably not be ready for tomorrow. He'll be replaced by newcomer Stan Drakulich, who has done better than 160 feet in practice.

Weights: Lawrence "Junjab" Hairston has been equalling his last year's marks with the shot, and has corrected his big trouble with the discus. He had trouble stepping out of the ring on the discus throw, but has overcome it, and has been hitting around 145 feet. Add Art "Skip" Wigg, another vet of last year's squad, and the weights are filled.

## Three UN Students Get Navy Promotions

Three University of Nevada students have received promotions in the Naval Reserve.

Gerald W. Galletti, William T. Metzger, and Frank H. Johnson, all university students, were promoted from seaman recruits to seaman apprentice, according to word released by the naval armory. Galletti's promotion is effective as of January 1, 1950, while Metzger and Johnson's promotions are effective June, 1949.

## Frat Sports Skeds Given

With the start of the tennis doubles schedule last Monday evening, the 1950 intramural program at the University of Nevada moves into the final sport.

Just completed were tennis singles and handball singles.

Current intramural sports, in addition to tennis doubles, are baseball, which runs until June 3, and handball doubles, scheduled to end May 25. Tennis doubles will continue through May 12.

Here are the schedules for next week:

### Baseball

(All games scheduled for 7 pm)  
 April 24—Organized Ind. vs SAE.  
 April 26—Unorganized Ind. vs Sigma Nu.  
 April 27—Highlanders vs ATO.  
 April 28—Theta Chi vs Lambda Chi Alpha.

### Handball Doubles

April 22, 1 pm—Sigma Pi vs Organized Ind. 2 pm—ATO vs Lambda Chi Alpha.  
 April 24, 4 pm—Highlanders vs Theta Chi. 5 pm—Sigma Nu vs Sigma Rho Delta.  
 April 26, 4 pm—SAE vs Phi Sigma Kappa. 5 pm—Sigma Pi vs Highlanders.  
 April 27, 4 pm—Organized Ind. vs Lambda Chi. 5 pm—ATO vs Theta Chi.  
 April 28, 4 pm—Sigma Nu vs Phi Sigma Kappa. 5 pm—SAE vs Organized Ind.

### Tennis Doubles

April 22, 1 pm—Sigma Rho Delta vs ATO. 1 pm—Theta Chi vs Organized Ind. 2 pm—Highlanders vs SAE. 2 pm—Sigma Nu vs Phi Sigma Kappa.  
 April 24, 4 pm—Sigma Rho Delta vs Sigma Nu. 4 pm—Theta Chi vs Highlanders. 5 pm—ATO vs Lambda Chi Alpha. 5 pm—Phi Sigma Kappa vs SAE.  
 April 28, 4 pm—Sigma Rho Delta vs Organized Ind. 4 pm—Theta Chi vs Phi Sigma Kappa. 5 pm—ATO vs Sigma Nu. 5 pm—Lambda Chi vs SAE.

## Grid Coach Hits Pessimistic Note As Spring Practice Continues

Although Head Coach Joe Sheeketski sounds a pessimistic note about things to come, his candidates for spring football honors are back at work, and trying hard to make up for time lost due to poor weather.

"The present outlook for a successful season of football for the University of Nevada isn't good," is the way Sheeketski sums it up.

Sheeketski pointed out as his major problem the shortage, in numbers, of candidates for the team. At the present time, he said, there are only 26 men working out, and not all of them are at their best, due to injuries. The travelling team, the coach said, should carry about 33 men.

A possibility for this fall is the recruiting of some junior college transfers, but Sheeketski pointed out that the possibility of getting really good talent this late in the year is remote.

Last week the squad worked on a two-platoon system, with one team always on the offensive, and the other handling strictly defensive chores.

Offensive players include Bob Collett and Jerry Wyness at ends, Bob Martin and Gordon Surber at tackles, Ray Suchy and John Gonda at guards, and Carmel "Crusher" Caruso at center.

In the offensive backfield, Pat Brady and Ray Gonzalves alternated at quarterback, with Bud Brooks and Lee Schroder switching at fullback, and Tom Massey, Al Barham, Howard Barber, Myron Leavitt, Herm Fisher, John Buccambuso and Andy Kalmanir at the half-back spots.

Howard Hartsfield and Wally Bernard drew the defensive assignments, with Ron Einstoss and Charlie Gardner at tackles and Lawrence "Junjab" Hairston and Dean Westgaard at guards. Backfield men included Ed Holoka, Al Matteucci, Dennis Dunlop and Wayne Schmaltz.

The highly competitive scrimmages were marred by injuries in the form of a cut above the eye for Fisher and a twisted knee for Dunlop.

Be it known to all the folks. We couldn't cause to grin. They always cut out better jokes And put some clean ones in.

## Aggie Horse Show Tickets on Sale

Tickets are now on sale for the fourth annual University of Nevada Aggie Club Horse Show, May 13 and 14 at the Reno fairgrounds. Tickets may be purchased from Aggie Club members.

Many special features are planned for the two day affair, according to manager Eyer Boies. Two quarter-horse races will be held daily in conjunction with the show.

## Fine Arts Club Elects Miller

Marnie Miller was elected president of the Fine Arts Club Monday night at the Theta house.

The main purpose of the meeting was to elect officers who will begin their terms this month. Anna Bee Wallace is the new vice-president and Ann Brown was elected secretary for the new term.

## Hall Gals Get Beer Mugs Too

Not to be outdone by their sorority "sisters," the non-affiliated women of Manzanita Hall are planning the purchase of beer mugs with the university seal in place of a Greek coat-of-arms, said Betty Miller, Manzanita Hall Association vice-president.

The beer mugs will be used for strictly decorative purposes, or perhaps for food-drink use by the girls in the hall, it was said.

The purchase date will not be set until there is majority approval by the women in the hall. Mrs. Nellie C. Palmer, the dorm house mother, has given the girls the okay.

# Brush Strokes

By MARK CURTIS

Every year Professor Austin Hutcheson gives an English History exam in which he asks for "Three university wits." And every year, some university wit names Hutcheson as one of the three. And every year, they get credit for it. . . . Gamma Phi Beta house mother, Mrs. Addie Ranken, passed candy in the sorority house this week. She had become engaged . . . with a practical joke. . . . Dean of Men Robert Griffin says his meeting with other deans back east recently, during the Bionin noteriety, kept him busy answering questions on just exactly what Nevada's relationship was with gambling. But, as for anyone being particularly critical about the situation . . . no. They didn't feel they had the right. After all, there were men there representing colleges where murders had taken place (eight campus murders in the last year) and one poor dean was trying to explain the story about the fraternity initiation at his school, where the boys ate dogs. Gambling, in this crowd, was a virtue, not a vice. . . . Which brings to mind another item on Princeton. The only time we ever mentioned this institution was when a young professor lost the third round of the game, "Russian Roulette." Well, this time, it's a different story. Seems a young professor, 25, lost the third round of a game called "Russian Roulette." Well it WAS a different professor. . . . Craig Sheppard, Assistant Professor of Art, started to write a check for tickets to the Martha Graham show here recently. No check book. This would have stopped a lesser man. Sheppard simply wrote the amount on a slip of paper, with a signature. And that, my friends, is as good as a check, they tell me.

**PUBLICATIONS:** A book to be entitled "50 Glorious Saturdays," by S. Dan Brody, will be out soon. It's of interest to you because those 50 glorious Saturdays have been chosen by the National Football Writers Association as football's 50 most thrilling games since 1920. Among the thrillers is the Nevada-St. Mary's game of 1934. Tom Cashill kicked a field goal in the last 30 seconds. Final score—9-7—in favor of Nevada. . . . St. Mary's has a new coach for the coming season, a young man by the name of Joe Ruetz. Joe has given his team a four page pamphlet entitled "The Philosophy of Football." In it he says "There's no half-way measure. You must punish yourself to get in shape. You must deny yourself some of the luxuries and pleasures which other students enjoy. . . . You should have the desire of heart for physical contact (combat). . . . Don't pass up your educational opportunity. Try to maintain a high scholastic average. The day of high pay in pro football is gone. Once you finish here you will live on what you know . . . not your football reputation." . . . What ever happened to the "Brush Fire," the new campus literary magazine? There's a lone copy of LOGOS, a similar attempt which appeared more than a year ago. Bob Nelson, at the U book store, has marked out the price of 50 cents. It is now 60. "Somebody may think it's a rare book if we raise the price." . . . Dr. R. E. Lapp, a top U. S. physicist, says we have to write off most of the big cities in the U. S. if an enemy drops H-Bombs. "We must prepare to lose 10-15 million people in first day of blitz!" Before the advent of the Hell bomb, Dr. Lapp wasn't this scared. He wrote a book to prove it in which he said of the obsolete A-Bomb "Like taxes, radio activity has long been with us. It is not to be hated or feared." Then he says that we would stand to lose "200,000 killed, 250,000 more injured." The name of his encouraging book was "MUST WE HIDE?"

**JUNIOR MISSES . . . COMPLETELY:** The two and a half year old son of a GI student at Nevada has been taught for over a year, the answer to the question—"Who you gonna vote for for governor of California?" His automatic answer became "Jimmy Roosevelt." (This is an old Democratic custom). For over a year, now, he's never flubbed the answer once. His big scene . . . his big chance, came recently, when the stock question came from Jimmy's sister, Anna Roosevelt. Somewhere, unaccountably, he had switched party affiliation without his parents' knowledge. The answer he clonked Anna with "Bugs Bunny!"

**COLLEGE PRESIDENTS:** The youngest is a fellow named Paul Wagner. He's 32 and runs the country club type institution, Rollins College in Winter Lake, Florida. They don't have exams there. . . . A guy by the name of James Munroe Smith was president of LSU when the "L" stood for LONG, Huey. Smith failed an examination (of his books) in 1939 and was sent to jail for embezzlement. One of Nevada's 1947 football stars was enrolled there at the time. . . . Ed Tozowski. In the SYTNFS department (So you think Nevada takes football seriously), LSU paid athletes \$68,000 in Smith's last season there. New LSU president, Harold Stoke, says he would "like to see LSU associated with something besides pro football. . . . Dwight Eisenhower, Columbia's president, sniped at recently by Columbia's newspaper because he was so busy with things off campus, said ". . . I've never told anyone how to write. . . I'm not going to sonw. . . more power to the lad who wrote that editorial." . . . Nevada is on its eighth president, Acting Prexy Gilbert E. Parker (E. for Everhard—Harly ever used). He's a graduate engineer, Cornell, and makes \$8,000 . . . (if they want a permanent man, in here now to take over this Snafruniversity, they'll have to raise the ante). Besides the paycheck, there's free rent in the "big house," with utilities, a car, gas and an entertainment fund. . . . President number 7, John O. Moseley, has about half a column in WHO'S WHO. For some odd reason, they fail to mention his stint as Nevada's president. Or maybe it isn't so odd at that.

Dr. Robert O. Johns '42, a practicing chiropodist in San Francisco, wants former naval officers to call him at 210 Post St., Sutter 1-4593.

# Pack Golfers Open at Home Tomorrow PM

The University of Nevada golf team will make its home debut of the year tomorrow afternoon. The Pack linksmen will take on Sacramento College at 1.30 pm on the Washoe county golf course. Students are invited to attend the match.

In matches last weekend, the Pack greensmen split with Sacramento College at Sacramento, 10½-10½, then dropped to Chico State at Chico, 11-10.

In Sacramento, Wayne Adams led the Nevada team with an even-par 72, followed by Earle Charlton and Bob Larson. The team match was not decided until the final putt on the 18th green.

Chico State holds the honor of handing the Nevada teams its first loss of the year. Low man for the match was Clay Wolfe of Chico, with a 74, while Adams again led the Nevadans, with 75. Harry Gould of Nevada carded a 79, and Charlton finished with an 80.

# 'Comstock Stomp'

The tinkling, off-beat rythm of an old-time piano, and the chant of the snake oil vendor, along with music and laughter of a mining town dance hall, will announce the initial appearance of the Golden Nugget Saloon at 737 Lake street, tomorrow night.

# Tate's Dismissal Being Investigated

A motion was passed unanimously by the student improvement committee Thursday to investigate Professor Robert Z. Tate's dismissal. "Further action by the committee on this case will depend on information gathered by the group," said Jim Godbey, chairman.

# Amendment Slated For Constitution By Finance Board

"The board of athletic control shall have full control over all athletic funds without supervision of the finance control board." This is the interpretation of the ASUN constitution decided upon by the executive board of the ASUN.

According to the executive board all conflicting portions of the constitution should be amended to follow this pattern. Thus, once and for all, financing of athletics is placed in the hands of one group.

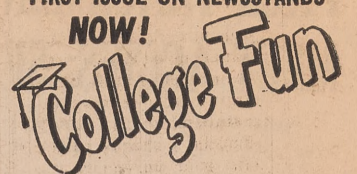

Amendments to correct the constitution will be placed on the ballot at the next ASUN election, according to the executive committee.

# Groups Contributing To Help Finance Publicity Plans

In view of the fact that fraternal groups on campus are being asked for \$10 each to support the ASUN publicity committee, the University of Nevada Aggie Club is offering a contribution of \$7.50 if each of the other organizations on campus will contribute at least \$5.00.

The aggies are making this offer because they feel that the publicity committee is worthy of all the support students can give.

## Secretary Gives Nevada Alumni Facts on Athletic Situation

By MAX DODGE

It's high time that all of the misunderstanding over the athletic situation at the university was cleared up. Too many people think that someone is trying to build the old school into another Notre Dame, completely subjugate the academic side of the hill, and hand everyone their degrees in football science.

Actually all anyone is interested in, and we've talked to most of 'em, is to field athletic teams which will hold their own year after year with those opponents who have come to be more or less traditional. Frankly Nevada is in a peculiar position as the only institution of higher learning in the state. It means that every time the Wolf Pack trots on the field they are not only representing the university, but they are upholding the reputation of the entire state.

There has always been considerably divided sentiment over the athletic-versus academic issue. If those on both sides of the fence would be truthfully open-minded about it they would agree that both are vitally important. For if you build up and expand the academic curriculum, you are going to have better athletics to keep up student moral and spark. If a good, healthy athletic program should come first, you draw attention to the university and the academic side of the picture.

### Time Is Here

Now is definitely the time for the Alumni Association to go to work on both. We must get rid of our petty jealousies, profit by the sensationalism that the "hard-up-for-news" reporters and editors have read into the recent newspaper accounts of our program, and lay out a program which will allow these divided interests we have had in the past to start working together.

Let's set every alumni chapter in the state up on an identical basis. In each chapter there will be a booster's committee for those people most interested in the athletic picture, a legislative committee composed of those who feel that the answer to the academic situation is to get the university off of the starvation legislative appropriation they have been receiving, etc.

### Cooperation

In short, let's all stop sitting back and taking pot-shots at one another, and all get working together on making a greater University of Nevada.

There has already been more than enough written on whether

athletes should receive scholarships or not. The fact remains that they do. Taking a quick objective look at it: If a high school student cracks a straight "A" average he is offered any number of academic scholarships. If the same high school should develop someone who stands out in athletics, would he be any more professional in accepting a scholarship for his ability. It has recently been pointed out to us that a lot of football players are dragging down more lettuce each year playing pro-ball and coaching than a lot of Phi-Bates.

Another quick glance would show that the athletic scholarship if it were figured on a per hourly basis for the time spent in practice, etc., would average out about 50 cents per hour. Almost any man on the team could beat that by working part time while going to school.

If there isn't an alumni chapter now within reach of you or other alumni of your area start talking it up. It will give you a chance to get together occasionally with other Wolves and hash over your days on "the hill." The Alumni Association is in the midst of an expansion program, and it should probably expand in your direction.

## Alumni Invited To Mackay Day

All university graduates and former students are being extended a very cordial invitation to visit the hill and take part in this year's bigger than ever Mackay Day celebration by Chairman Eypie Johnson.

There will be a reception at the president's home for all visitors at 11 am on May 6. From there is the luncheon and other activities which are listed elsewhere in this publication.

Anyone who can make the trip in and who will need hotel reservations, tickets for the Mackay Day luncheon or what else, contact this office and we would be happy to take care of them for you.

## Bay Area News Winnemucca, Elko Paid Visitations

Nevada women are invited to join Nevada men at the April 28 luncheon meeting of San Francisco and Bay Area alumni. The heretofore stag affair, scheduled regularly on the last Friday of each month, will be at the 711 Restaurant in San Francisco.

Harry Day, '18, is chairman of the get-together.

Nevadans now living in the Bay Area who attended the February and March luncheon meetings include Glen La Tourette, '35; Ross Ashley; Edward S. Montgomery, '34; Ben Cardinal, '40; Herman Konnerth, '40; Harry C. Day, '18; Oscar Mapes Robinson; Fred Spitz; Bob Robinett; K. K. Nopf, '28; Rudolph H. Larsen, '28; J. F. McQueen, '43; Dr. Robert Johns, '42; Arthur Graham, '32; Charles L. Crow, '46; J. B. Kellogg, '29.

Laurence S. Niswander, '28; Edward Beaupert, '40; R. A. Carville, '37; Dr. Harry W. Sawyer; Marvin A. Moler, '38; Melvin M. Tilley, '40; William McCulloch, '35; Ned Morehouse; Mike Gould; Arthur Rockwell, '47; James Tierney; Herman Fruedenbury; George Wade, '39; Arthur Kaufman, '41; Al Stockton; Robert Geyer, '31; Harold Coffin, '26; and Perry Carlson and Joe Radetich who were in charge of the luncheon.

William Harris is personnel director of civilian employees on Treasure Island. He and his wife have a son, Billy, age 4, and a daughter, Gail, aged 10 months.

### 1950 Artemisia to Include Mackay Day

By TED KERSTETTER

Social events and activities of the spring semester up to and including Mackay Day will be covered by the Artemisia this year for the first time in the history of the annual, revealed Harry McKissick, business manager of the yearbook.

Hard work and cooperation on the part of the business staff in selling ads is the main reason for the later deadline. McKissick praised his staff by saying that a great number of ads were sold in all sections of the state and were turned in unusually early enabling the publisher to grant an extension of the deadline. In former years, the ad section has not been finished before the rest of the copy was handed in.

McKissick added that the Artemisia now contains 32 pages more than the original estimate, and more are being added. Besides Mackay Day, the Artemisia will also cover activities of early May, including fraternity costume dances.

The business staff of the annual includes Harry McKissick, business manager; ad salesman Ward Hinckley, Ted Lokke, Arlene Freedman, Mary K. Irwin, Georgia Ames, Jim Eliades, Mary Lou Kent, Joan McEachern, Maxine Brockett, Buck Wells, Gloria Eddy, Mary Micheo, Jeanne Fulstone, Tom Ross, and

George Franks; and the office staff consisting of Jeanne Fulstone, Shirley Keshner, Eleanor Fulstone, and Marnie Miller.

### Nevada Scenes In Art Display

Professor J. Craig Sheppard, of the university art department, announces that an exhibition of the landscape paintings of Dr. Oscar Brousse Jacobson is now being shown in the gallery of the art department.

The collection of 20 scenes from nine western states includes paintings of scenery from Virginia City and Pyramid Lake. These should be of special interest to the natives of this part of Nevada.

Dr. Jacobson held the position of director of the school of art and the museum of art at the University of Oklahoma for the past three decades. He has traveled in England, Sweden, France, Germany, Denmark, and North Africa and has painted in all of these countries.

The paintings of Dr. Jacobson, a native of Sweden, have been exhibited in such art centers as New York, Kansas City, San Francisco, St. Louis, Paris, Stockholm and Washington.

Dr. Jacobson is well known as a lecturer and has toured the United States and other countries in that capacity.

The current exhibit at the University of Nevada will close on April 23.

### Engineers Planning Their Day; May 20

The annual Engineers Day will be held May 20 and will include all of the regular contests and activities that have been on the agenda in the past, William Hooper, general committee chairman, announced.

The winners of five contests, which include mucking, riveting, surveying, drilling, and dexterity with a slide rule, will be rewarded with a trophy.

The engineers plan to have a revolving trophy starting this year in place of the individual ones given in previous contests. One department winning the trophy twice would keep it and another would take its place.

Committee chairmen have been appointed and the work is reported to be progressing satisfactorily, Hooper reports.

### Theta Chi Fined For Two Violations

Theta Chi fraternity was fined \$10 by the interfraternity council last Monday.

Theta Chi was found guilty of two violations of the interfraternity constitution. They failed to submit a list of candidates for initiation to the dean's office, and initiated a

man who was ineligible under the rules of the interfraternity council.

#### FOR RENT

### SPEAKERS NAMED FOR GRADUATION

Baccalaureate and commencement speakers for the coming commencement exercises were announced last Saturday by Col. Gilbert Parker, acting president of the university.

Bishop Thomas K. Gorman of the Catholic Diocese of Reno will deliver the Baccalaureate address June 11. The commencement address, June 12, will be given by Dr. Monroe E. Deutsch, retired provost of University of California, one of the leading educators in the west.

Other details of the two programs are to be announced later.

### MOBLEY INVITED TO SPEAK TO CAL DEANS

On request of the California Association of Women's Deans and Vice-Principals, Miss Elaine Mobley, Nevada dean of women, went to their convention to assist in reporting on national convention held in March.

The convention was held Saturday at the Sonoma Mission Inn, Boyes Springs, California.

Dean Mobley reported on a thesis, "The Personnel Profession," by Lawrence A. Appley, president of the American Management Association, presented at the national convention for Deans of Women in Atlantic City in March. This thesis, according to Dean Mobley, was the main topic at both conventions, and included "Achievements and Objectives" of personnel.

### Johnson Speaker At Crucible Meet

Principle speaker at the meeting of the Crucible Club Tuesday night was A. C. Johnson, chief of the Reno branch, mining division of the U. S. Bureau of Mines. His subject was the development of mineral deposits in Nevada and California.

Edward J. Matson of the U. S. Bureau of Mines showed colored slides of bureau project work, and W. T. Benson, also of the bureau, told about mineral property examination.

### SAE Plans New \$80,000 Chapter House

A new \$80,000 SAE house, accommodating 36 men, may soon make its appearance at 835 Evans avenue. Architects Russell Mills and Edward Parsons are now completing final working plans for the structure.

The fund raising campaign for the new house was set off at a Founder's Day banquet held March 12. In addition to the regular new house assessment, active members of the Nevada Alpha chapter have pledged over \$4000 of their future earnings.

The new chapter house will be a one and two story ranch type building of modern concrete and brick. A permanent chapter room will be installed in the basement.

The new structure will be located on the present site of the 75 year old Evans estate mansion. It has been the home of Sigma Alpha Epsilon since 1927, except during the war years when it was temporarily a rooming house.

If sufficient funds are raised, construction will start early this summer.

### Home Economics Students Attend Demonstration

Students and instructors of home economics attended a home freezer lecture last Tuesday afternoon, which was held in room 108 of the Agriculture building. The meeting was held under the auspices of the Union Ice Co. of Reno, in conjunction with the International Harvester Co.

Mrs. Anne Cook, home economist for the northern district office of the International Harvester Co., was in charge of the demonstration, assisted by Mrs. Michael Graban, who is the home economics demonstrator in Nevada for the same company.

The purpose of the home economics forum was to illustrate the proper preparation of all types of food prior to being placed in a home freezer. Mrs. Cook emphasized the savings that could be made in time, energy and money with the proper use of the facilities offered by a home freezer unit.

After the lecture, a complete meal was served.

### Wooster Tells AAUP Of Better Relations

The American Association of University Professors met last Wednesday evening in the basement of Artemisia Hall.

Mr. Earl Wooster, superintendent of city schools, spoke on "How Relations Between the University and the Public Schools Can Be Improved."

### Whirlwind Hits; \$75 Repair Bill Is Result

A \$75 whirlwind hit the University just before noon Thursday, April 6, the day after Easter vacation began.

Someone apparently forgot to lock some windows on the second story of the Library building, according to Carl M. Horn, superintendent of buildings and grounds, and the twister swung them open with such a force against the brick wall that the steel frames were warped completely out of shape.

The same whirlwind, according to Mr. Horn, picked up a big sheet of iron and flung it completely over the top of a car in back of the Mackay Science Hall.

### Blue Key Members Now Attending Oregon Convention

The Blue Key convention in Corvallis, Oregon, now in session, is being attended by six Nevada members of the organization. Clarence Lund, Bob Vaughan, Buck Wells, Harry McKissick and George Vucanovich left Wednesday by automobile to attend the meet.

The western regional convention of the national honorary service organization, encompassing 12 schools, started April 20 and will close tomorrow, April 22. Object of the meeting is to discuss chapter projects, and to attempt a uniform system for choosing members, scholastically, socially, and in regard to campus activities.

Last year's Blue Key convention was held on the University of Nevada campus.

### PHT Degree Deadline May 1

Application deadline for a PHT degree (Putting Husbands Through) is May 1.

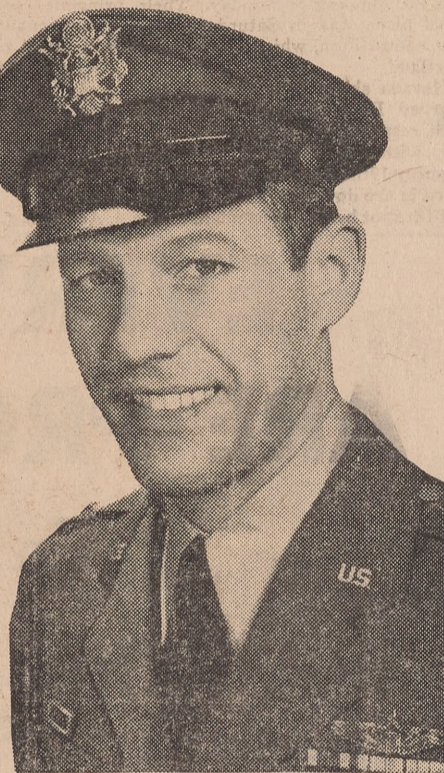

At that time, all married seniors who feel that the "little woman" deserves something more than watching the graduation exercises, should have contacted any of the following agents: Dave Spoon, ME department; Robert Connolly, EE; Bill Whitehouse, mining and geology; Vern Meiser, CE department; or Lou Mendive, and Norman Olsen, arts and science.

Thirty-eight have paid the 50 cents fee so far. James Sartor, who initiated the move on Nevada's campus, said about 50 were expected.

### Capt. Paul Buskey, Middlebury, '38 Air Intelligence, U.S. Air Force

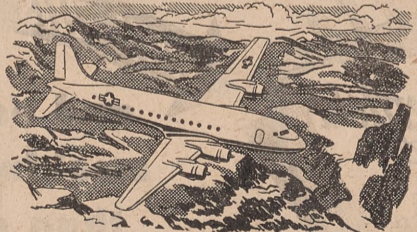

An excellent student at Middlebury College, Vermont, Paul found time to win the coveted All Sports Trophy in his senior year. He graduated in June, 1938.

He then joined a coated paper mill firm as research and control man. Pearl Harbor changed all that—Paul went to Maxwell Field to begin Aviation Cadet training.

An outstanding Cadet, 2nd Lt. Paul Buskey was held over as an instructor after graduation. Then he was assigned as a pilot in the Air Transport Command.

His big plane education was topped with 23 missions over the far-famed "Hump," flying C-54 transports. After V-J Day, he stayed on in the Far East until March of 1948—specializing in Air Intelligence.

Back home, after accepting a Regular Air Force Commission, Captain Buskey went to Air Tactical school, was there rated an outstanding student, and won assignment to Command and Staff school.

Today, Captain Buskey is an Air Intelligence Officer on MATS Headquarters Staff at Andrews Air Force Base near Washington, D. C. He looks forward to a rewarding future in the U. S. Air Force.

### Denver Wins Vanderbilt Ski Races; Nevada Finishes in Fourth Place

Denver University took first place in three events, and finished third in the other event, to win the Warren Vanderbilt memorial cup ski races last weekend.

By doing so they took the trophy from last year's champion, University of Nevada. The Nevada team placed fourth in this year's competition, placing second in the slalom, and fifth in the other events.

Behind Denver's first place score of 398.18 came California, with 372.41; Portland, with 371.63; Nevada, with 366.22; Stanford, with 365.97; and Lewis and Clark, with 213.2. San Jose State and Placer College were disqualified.

Keith Wegeman and Don Johnson of Denver, both of whom are former Olympic stars, and John Lie of California, were individual stars of the meet.

Denver won the cross country on Friday, the downhill on Saturday, and the jumping on Sunday. Their third place was in Saturday's slalom competition, which was won by Portland.

Nevada skiers John Gianotti and Harvey Rose finished sixth and 10th, respectively, in the cross country, with Les Hawkins and Bob Ramsey 19th and 18th. Gianotti was third in the downhill, with Hawkins in fifth spot behind Wegeman. Ram-

sey of Nevada placed 10th. In the slalom, Gianotti was again third, with Hawkins fourth.

The meet closed the regular intercollegiate season for the Wolf Pack

### Recognition Set For Econ Dept.

Alleged duplication of courses may cause reorganization of the university department of economics by the board of regents.

Willard F. Williams, who has been teaching agricultural economics for the past year, has been given first choice should the position of instructor in agricultural economics be maintained. The regents, however, feel that the economic principles taught in the agriculture department could be taught in the department of economics.

Should the agriculture students be shifted to the economics department, one instructor would be eliminated in the department of agriculture, but an added burden would be placed on instructors in economics.

According to Dr. Eldon Wittwer,

director of the college of agriculture, the basic principles of economics may be adequately taught in the economics department, but more advanced courses, with direct application to agriculture, can be more easily taught in the agriculture department.
