Pack Tracks

By LEN C. CROCKER

Now where did I put that list of items for this week's column? Oh, well, let's just ad lib for a while.

Just for laughs . . . take a look at the beisbol photo elsewhere in the sports section today. It shows the new strike zone, between the knees and the armpits. Used to be the shoulders for the top of the zone. How come a beisbol photo you say, when we don't have it as one of the intercollegiate sports anymore?

Well . . . there's always inter-frat ball. And for those baseball fans who would like to see university students in action elsewhere (this is a plug) there's always the Reno Garage team. The garage team is working out twice a week at the ball park on East Fourth street. Among the university crew with the team so far are Ted Kandel, Johnny Subda, Pat Brady, Ray Hunter.

How about some of the less well known sports at Nevada? There's track, for example. The Nevada track team opened the season last week, and looked surprisingly strong, for such a small squad. The thing that hurts the most was the lack of depth on any events. The team, however, took five places, and a tie for another. Another meet, this one at home against Chico State, tomorrow afternoon.

Golf and tennis matches this weekend. Both matches will begin at 1 pm. The golf match at the Washoe county course; the tennis at the courts behind the golf course. The teams are doing pretty well, too, why not cruise out there and take a look?

Annual High School Forensic Contest Now Underway

The annual high school forensic contest for the state of Nevada is now being held at the university.

Various auditoriums on campus are being used for the different parts of the contest, with temporary building number 18 the headquarters.

Gale L. Richards, university professor and director of the tournament, announces the following schedule of events: Today, registration, first and second round debates, extempore speaking, third and fourth round debates, oratory, and interpretation of Shakespearean scenes.

Tomorrow morning, interpretative readings, fifth and sixth round debates. Tomorrow evening, debate finals, banquet, and interpretation of one-act plays.

Subjects for the contests were submitted to the schools participating in advance of the event. Speakers will be judged upon effectiveness of delivery, analysis of their topics, clearness, and skill.

Judging of the final contests will be done by faculty and university students and awards will be presented for each contest.

Eppie Johnson, Mackay Day chairman, is leaving no stone unturned in his drive to have the "biggest and best Mackay Day ever held on the Nevada campus." Johnson and his committee, composed of over 30 students, are working round the clock to complete plans for the annual celebration.

NEVADA'S BLOCK 'N' CLAIMED LARGEST EMBLEM IN THE WORLD

By JOHN FLANGAS

The largest college emblem in the world is the block "N" on Peavine Mountain, or so the Artemisia of 1914 said it was.

The emblem measures 150 feet in height and 150 feet in width with each leg measuring 20 feet across. The block "N" covers approximately 13,000 square feet and is geometrically perfect in every detail.

Construction of an "N" of large dimensions on the foothills back of the university had been considered for years. No one seemed enthusiastic enough to begin such a task until Clarke Webster and Harvey McPhail, both juniors at the university in 1913, failed to stop at the appointed place for a surveying class, but continued on to the southeastern side of Mount Peavine with transit and stakes. Here, on a slope overlooking the Truckee meadow, a block "N" of gigantic size was laid out. It looked almost impossible for the students to build but

the two men were willing to take that chance.

News of the start on the "N" reached the student body and was received with enthusiasm. Harvey McPhail was named to take charge of the world.

Sunday, March 13, 1913, was the first day of work. The sides of the letter were marked off before hand and a string was laid out. Rocks, some weighing tons, were shoved into place down the slope.

Water for whitewash was hauled in barrels to the foot of the slope on which the "N" rested. Here a human chain was formed and "operation whitewashing" was begun.

During the years that followed, the task of whitewashing the "N" has fallen to the freshmen, but facilities are provided and it is no mean task as it was on that first day in 1913.

'Brushfire' Set to Make Appearance

By BEVERLY JONES

Approximately 50 pages of short stories, poetry, and literary criticism, some of which is experimental work, will appear in the first issue of "Brushfire," the literary magazine.

Publication date has been set tentatively for the end of the month, but members of the editorial board are not yet certain of the exact date.

Contents of the magazine will include: "For Fear of a Song," a short story by Beverly Lehman; "There Will Be More," an experimental short story by Arthur Boardman; "The Modern," a poem, and "To W," a sonnet, by Phillip Payne; "South Pacific '42," a poem by Charles Gibson; three unnamed experimental poems by Louis Hess; "Beethoven, Bouillabaisse and Sir Arthur Sullivan," and "In Twilight Ranks," poem, as well as "Pisces," a short story, by George Bennett; "Desert Snow," a poem by Buckley Wells; "Flies," a poem by Bill Smith; "Tirade," a critique by Gary Adams; "The Creator," a short

story by E. P. Zorra; and "Spring Comes to a Backyard," a poem by Edith Moore.

An abstract drawing of a brushfire done in two colors and designed by J. Craig Sheppard of the art department, will make up the cover of the magazine. Illustrations for the inside of the magazine were also handled by Mr. Sheppard, assisted by Louis Hess.

"Brushfire" will be printed by veritype and lithographed, and will sell for 35 cents a copy.

Pi Phi's Observe 83rd Birthday

Members of Nevada Alpha chapter of Pi Beta Phi fraternity on the campus are celebrating the 83rd year of their organization today.

The fraternity was founded on April 28, 1867.

There are now over 50,000 members with 97 chapters throughout this country and Canada. Also there are 236 active alumnae clubs.

Mackay Day Plans Now Completed

Last Shipment of Gold Ore Via Virginia & Truckee Railroad Set

By BOB PETRINI

Plans for the 1950 Mackay Day celebration neared completion yesterday, with most of the committees for the event reporting "everything under control."

This year's Mackay celebration next weekend is May 5 and 6. General chairman Eppie Johnson said, "that if things continue to go as they have, the 1950 Mackay Day will be one of the most outstanding in the University of Nevada's history."

During yesterday's meeting of the Mackay committee, Johnson urged the wholehearted cooperation of all university students and groups.

Skits

The order of the fraternity skits at 11:10 am May 5 was also announced. In their respective appearances the fraternities are Lambda Chi Alpha, Theta Chi, Delta Sigma Phi, Alpha Omega, Sigma Alpha Epsilon, Highlanders, Sigma Pi Sigma Nu, Phi Sigma Kappa, and Sigma Rho Delta.

Johnson also issued the following schedule of events for the two-day celebration:

Friday, May 5, 1950

- 8:00 am Beard check — all fraternity men to be present at Mackay Statue.
 - 9:00 am Benediction in front of Mackay Statue.
 - 12:00 noon Mackay Luncheon, new gymnasium. Song teams. Speaker, Lucius Beebe, noted author.
 - 4:00 pm Last shipment of gold ore on Virginia & Truckee Railroad. Commercial Row and Virginia street.
 - 4:30 pm Parade up Virginia street to Mackay School of Mines, where Governor Pittman will present gold ore to the university.
 - 9:00 pm Mackay Day dance, old gymnasium.
 - 9:30 pm Square dance contest.
 - 10:00 pm Attendance check ends.
 - 10:30 pm Prizes to be awarded for skits, song team, costume and beards.
- "All persons attending dance are encouraged to wear western garb or costume. No sorority or fraternity members will be counted toward the respective attendance cups unless then are wearing costume," according to Johnson.
- 11:00 am Interfraternity obstacle race, starts at Manzanita Lake.
 - 11:10 am Assembly and fraternity skits at Mackay Stadium.
 - 1:00 pm to 4:00 pm Fraternity work day.
 - 7:00 pm Sorority open houses.

Blue Key Accepts 7 New Members

Six students and one faculty member have been accepted and will be initiated into the Blue key in the near future, George Vucanovich, president, said today.

The Blue Key fraternity is a service organization that requires its members to do a certain amount of work beneficial to the university.

Those passing the necessary requirements are Irving Hackett, Ted Klimaszewski, Fred Purtil, Leo Muller, Louis Zorio, Ted Lokke, and Dr. William Miller of the drama department.

The men will be honored at a banquet to be held the second week in May.

Young Democrats

A meeting of the University of Nevada Young Democrats will be held Sunday at 7 pm in the recreation hall, corner of Highland avenue and Beech street, said Jack Berry, president of the group.

Officers and representatives of the newly formed Reno Young Democrats will attend.

All students are invited to attend. Refreshments will be served.

Saturday, May 6, 1950

- 8:00 am Beard check — all fraternity men to be present at Mackay Statue.
- 9:00 am Benediction in front of Mackay Statue.
- 12:00 noon Mackay Luncheon, new gymnasium. Song teams. Speaker, Lucius Beebe, noted author.
- 4:00 pm Last shipment of gold ore on Virginia & Truckee Railroad. Commercial Row and Virginia street.
- 4:30 pm Parade up Virginia street to Mackay School of Mines, where Governor Pittman will present gold ore to the university.
- 9:00 pm Mackay Day dance, old gymnasium.
- 9:30 pm Square dance contest.
- 10:00 pm Attendance check ends.
- 10:30 pm Prizes to be awarded for skits, song team, costume and beards.

"All persons attending dance are encouraged to wear western garb or costume. No sorority or fraternity members will be counted toward the respective attendance cups unless then are wearing costume," according to Johnson.

Press Club Hears Calkins Speak

Selby Calkins, Chamber of Commerce director, was guest speaker at the Press Club, journalism organization, Wednesday night at the Kappa Alpha Theta house.

Mr. Calkins spoke on his experiences as a free lance correspondent. He served in the Orient for many years.

Barbara Smith, president of the group, named the committees for the forthcoming picnic, May 14, and breakfast, May 21.

At the close of the evening, refreshments were served.

Comptroller Appoints New Accountant

A new accountant has been appointed to work in the comptroller's office, according to Perry Hayden, university comptroller. Thomas Benton Cox will assume his new duties May 1.

Cox is a Reno resident. He is a graduate of the Lancaster, Ohio, Business College, and the Reno Business College.

Before coming to Reno, Cox was a first lieutenant in the U. S. Army Signal Corps.

Proposed Constitutional Amendments Slated for ASUN Election in May

Several proposed constitutional amendments were put before the ASUN senate at the regular meeting held in the Student Union Building last week.

These amendments to be voted on by the student body as a whole are additions and revisions of Divisions one, two, and five of the constitution of the Associated Students of the University of Nevada. They are as follows:

DIVISION I ARTICLE III

Section 1. a. The Senate shall be composed of one representative from each recognized social fraternity and sorority on the campus, it being understood that such recognition shall be granted by the President of the University; one nonsorority representative from Manzanita Hall Association; one nonsorority representative from Artemisia Hall Association; two representatives from the Independents at large; one nonfraternity representative from the Highlanders; the President of the ASUN; and four senators at large, two men and two women, to be nominated and elected from the student body in the manner prescribed for all ASUN offices. Senators at large shall be elected for a two year term, the terms alternating so that two senators, one man and one woman, are elected yearly.

Section 6 a. It shall be the duty of the Senate to elect upon the recommendation of the Nominating Committee, and from within its own membership, the following committee members:

1. For the Finance Control Committee, one man and one woman representative, who shall be chosen for alternating two year terms.
3. For the Publications Board, one Senate representative who shall be a Senator at Large.
4. For the Administration Student Affairs and Student Health Committees, one student representative, who shall serve on both these committees, and who shall be a Senator at Large.
5. Any vacancies occurring in aforesaid committee positions whether by absence of Senator or Senator at Large, shall be filled from the remaining members of

the ASUN Senate in the manner prescribed for election of committee members.

Section 6 b. The Senate shall elect by a similar method the following committee members-at-large.

1. Owo members of the Publications Board.

Section 6. b.

10. Assembly Committee:
a. The assembly committee, whose duty it shall be to plan, take charge of, and promote all ASUN assemblies, shall consist of the Chairman, who shall also be ASUN representative to the Faculty Committee on Assemblies, and two assistants.

11. Publicity Committee:

a. The Publicity Committee, whose duties it shall be (1) to publicize student activities, functions and accomplishments as they pertain to students and students life on campus; (2) to maintain the integrity and reputation of the University of Nevada through proper publicity; (3) to present to the people of the State of Nevada a true and complete account of the current

state of affairs at the University of Nevada as they affect the students therein, shall consist of the following members: The chairman, who shall be recommended to the Nominating Committee by the previous chairman and who will be of at least junior standing and will have served at least one previous semester on the Publicity Committee, and his assistants, the number to be at the discretion of the chairman, recommended to the Nominating Committee by the chairman for his current term of office and including representation from both the junior and senior classes.

Article IV Finance

Allotment of Funds—
Section 2 a. \$2.75 of each student for each semester shall be allotted to official ASUN publications. This fee shall entitle each student to receive one copy of every edition of the Sagebrush and after two semesters, one copy of the Artemisia. The administration of this allotment shall be in the hands of the Publications Board, subject to approval of the Finance Control Committee.

b. \$0.50 of the fees of each member of the junior and senior classes, and \$0.25 of the fees of the members of the freshman and sophomore classes shall go to the funds of the respective classes on the basis of membership therein.

c. \$7.00 of each student fee each semester shall be allotted to intercollegiate athletics. This fee shall entitle each student to free admission to all intercollegiate athletic events conducted by the Board of Athletic Control. The administration of this allotment shall be in the hands of the Board of Athletic Control.

d. The remainder of the membership dues shall be collected and held in trust by the comptroller of the University and can be drawn upon only by the approval of the Finance Control Committee. The Finance Control Committee will receive budgets for all ASUN organizations and activities and will apportion these funds over the entire activities program conducted by the ASUN.

Finance Control Committee—

Section 3. b. The Finance Control Committee shall consist of the following members: (1) two mem-

bers of the faculty, one of whom shall act as chairman, to be chosen by the Senate at the first regular meeting of the fall semester to hold a two year term; one new senator at large, elected in the immediately preceding general election, thus being chosen yearly.

DIVISION II—PUBLICATIONS ARTICLE II Publication Board

Section 1. The Publication Board shall consist of (1) the faculty chairman of the Finance Control Committee, who shall also serve as chairman of the Publication Board; (2) the Senate representative, who shall be a Senator at Large; (3) two members who shall be graduating seniors appointed by the Senate, neither of whom shall be either editor or business manager of any official ASUN Publication.

The following by-laws in Division V, Article IV have been passed by the ASUN Senate but are being put up for student consideration.

DIVISION V—BY-LAWS ARTICLE IV

Section 1. At the end of each school year, all outgoing ASUN officers, ASUN committee chairmen, and class officers shall be required to submit a written report of their year's activity, encompassing their particular operations, procedure, finances and suggestions for future improvement. This report will be in the hands of the Student President by May 15 of each year. These reports will be made available to incoming officers and chairmen as they are elected or appointed.

Section 2. There shall be established as a requisite for officers of the ASUN a Leadership course conducted jointly by the ASUN and the University of Nevada. This Leadership Course, to be held in the interval between ASUN general election and the close of the school year, will be of not less than six hours duration nor more than 12 and will include elements of Psychology of Leadership, Parliamentary Procedure, Public and Interscholar Relations, Consideration of the ASUN Constitution, Student Government and Finances, and Personal contact between incoming and outgoing officers. This Leadership Course, will be required of all ASUN and Class Officers elected in the General Election, ASUN Senators selected for the ensuing

year, and will be open to additional students who express a desire to attend. Responsibility for the yearly conduct of the Leadership Course shall rest with the Student Body President.

Pi Beta Phi Picnic Opens Social Events During This Weekend

Pi Beta Phi will get this weekend's social events rolling with a picnic at Idlewild Park. A treasure hunt, baseball, and other games will provide entertainment at the affair. Chaperones for the evening are Professor and Mrs. Tate and Mr. and Mrs. H. M. Richardson.

The scheduled Independent dance has been postponed.

Lawtons will be the scene of Artemisia Hall's spring formal. A May Day theme is being used. Chaperones are Mrs. Andrew, Miss Russell, Dean Mobley, and Mr. and Mrs. Gunn. Art Cox and his orchestra will furnish music for dancing.

Last week's social functions included the annual freshman-sophomore dance held at the Mapes Hotel ballroom. A spring motif carried out the decorations. Music was provided by Bill Sorenson.

Gamma Phi Beta entertained their dates with a hay ride followed by a barn dance held at the Game Farm. Bales of hay and saw-horses adorned the dance floor. Chaperones included Mrs. Addie Rankin and Mr. and Mrs. Poolman.

The "Comstock Stomp" provided the theme for the Phi Sigma Kappa fraternity dance held at their house. Chaperones were Mr. and Mrs. Gunn, Mr. and Mrs. Skull, Professor and Mrs. Inwood, and Mr. and Mrs. Grafton.

Spasmodic Parking Condition Reported By Special Officer

"The parking situation still remains spasmodic on the campus, very good one day and poor the next," special officer Art Cox said Tuesday.

It has, however, been improving as the semester wears on, but Cox said he hopes the campus does not suffer a late semester let-down as in the past.

Violators continue on the whole to be the same few students, but they are not the only guilty parties, and the most tagged areas are still the ones around the post office, snack bar, and library. Parking facilities around the post office are for five minutes only, Cox said.

Citations are being sent by mail to violators, and the usual penalty for first offenses is \$1.

Guaranty Rights Available to GI's

Veterans who have not taken advantage of the loan guaranty rights provided in the GI bill will find their home loan benefits added to greatly by provisions contained in the Housing Act of 1950, recently signed by the president.

Changes in the GI home loan program resulting from the new law have been recently outlined by the Veterans Administration. To put the new provisions into effect, regulations and procedures are now being drafted by the VA and will be released soon.

Nevada Electronics Seniors Now Touring San Francisco Bay Area

Electronics seniors of the University of Nevada are now on a tour of the San Francisco bay area with Professor Harold J. Hendriks, head of the electronics department, as advisor.

The nine students and Professor Hendriks left Reno yesterday and attended a new electronics equipment show at the Hotel Whitcombe yesterday evening.

This morning they are to go through the Eitel-McCullough factory, one of the leading manufacturers of vacuum tubes for radio transmitters and broadcast stations. Palo Alto and Hewlett Packard Company are the objective for this afternoon. The company is a large producer of specialized test equipment and the group intends to go through the sales, research and production departments.

Tomorrow morning the group will go to Mare Island navy yard where Jack Hough, a University of Nevada electrical engineering

graduate with the class of 1931, and now head of all electronics installations at the yard, will show them the navy's high power transmitter located at the yard.

The senior electrical engineers making the trip are Walt Coughlin, Louis Fritch, L. D. Kiley, Walter King, Otto Krause, Tom Macaulay and Glen Menu.

Better Attendance At Movies Reported

Dwight Peterson, movie manager, reports that the attendance for last Sunday's movie was 159, much better than the preceding week and that the showing realized a small profit.

If the student support continues, the movies will be shown as scheduled until the end of the semester.

Senior Chemists To Get Fellowships After Graduation

Three chemistry majors, who plan to graduate in June, will receive teaching fellowships after graduation.

William Johnson, who receives his B.S. in chemistry this June will go to Michigan State in September. He will receive \$1500 a year as a chemistry laboratory assistant while working on his Ph.D.

Albert Richardson, on receiving his B.S. in chemistry, will go to Iowa State in September where he

will be research assistant in the Institute for Atomic Research. While working on his Ph.D. he will receive \$1500 for 12 months and a month's vacation.

Joe E. Moore will receive his B.S. degree this summer before taking his full time fellowship at Oregon State. When there, he will receive \$1500 a year while working on his Ph.D.

Department of Labor Says Outlook Dim For Most 1950 Grads

Sharp Competition School Teachers Faces Engineers Should Seek In Coming Years Elementary Jobs

Engineering is the nation's third largest profession and one of the fastest growing, according to a study made by the United States Department of Labor's Bureau of Labor Statistics.

Great numbers of engineering jobs should be available over the next decade owing to the expected substantial growth in employment and to the thousands of openings which arise each year because of deaths, retirements, and other losses from the profession.

In the next year or two, however, new engineering graduates are likely to meet sharply increasing competition for employment. Many members of the record-breaking class of 1949-50 and of the somewhat smaller classes expected in the next year or two may be unable to find professional engineering positions immediately. However, their training should help them get administrative, sales, or other technical positions.

Students who will graduate from engineering school after the next few years, those who are now at the beginning of their professional training or still in high school, are likely to have better employment prospects.

By the time they leave school competition for engineering positions should be much reduced, unless many graduates of the next few years who do not get engineering employment immediately, continue to seek such work.

Employment Will Vary

Even in the next few years, the employment situation will vary among the different branches of the profession. In all branches, there is likely to be a continuing demand for men with special abilities or training in such work as research and design. In the past, even in times of depressed industrial activity, the engineer who was at or near the top in ability had little trouble in obtaining or keeping a job.

Engineering graduates of the next few years who are unable to get engineering jobs may adjust to the situation in several ways. Some will find that their engineering education has helped to qualify them for administrative, sales, or other technical jobs.

Others may remain in school and obtain post graduate degrees in engineering to improve their chances for employment. Still others may take additional training of other types, built upon the foundation of their engineering education, to help them find employment in another occupation.

Chances Better

Those who seek immediate employment in non-engineering occupations will find that their opportunities are improved by the growing belief on the part of employers that engineering education is a good background for many non-engineering jobs. On the other hand, their chances of finding other employment will be limited by intensified competition for entrance jobs in many fields over the next few years, resulting from the postwar boom in college enrollments.

College freshmen and those who plan to enter engineering school in the future would be well advised to get the best possible training. The minimum educational require-

(Continued on page 12)

Graduates trained for elementary school teaching should find a wide choice of employment opportunities in most states this spring. On the other hand, prospective teachers at the secondary level will find a highly competitive employment situation in all but a few subject fields.

Last year, only one student completed training for elementary teaching for every three who were needed; this year, the shortage will be nearly as acute. The number of students completing preparation for high school teaching in 1949 was four times as great as the demand; the oversupply in 1950 is expected to be even greater.

Prospects for Elementary Teachers

The need for teachers in elementary schools should continue to increase for several more years. According to a recent study by the Department of Labor's Bureau of Labor Statistics, enrollments in grades one to eight will probably rise sharply for the next seven years in most states and then level off.

The total number of elementary teaching positions will therefore increase considerably, perhaps by more than 260,000 in the next seven years. The number of new teachers required annually will be greatest about 1953, the year when the sharpest increase in enrollments is expected.

More new teachers are required each year as replacements than for new positions, even in the current period of rapid growth in elementary school population.

It is estimated that over half a million elementary teachers will be required in the next ten years to replace those who die, retire, or leave the classrooms for other reasons. In addition, a large number will be needed to replace some of the persons now teaching on emergency certificates.

The number of young people taking training for elementary teaching will depend, in the future as in the past, chiefly on the other employment opportunities available and the relative salaries offered.

If general economic conditions should become less favorable and there should be considerable unemployment, the supply of elementary teachers might become such that keen competition would develop.

Prospects for Secondary Teachers

Strong competition for high school teaching positions is expected in the country as a whole for the next few years at least. However, the distribution of teachers both by locality and by subject field is such that some schools suffer shortages while others have many applicants for each job.

With few exceptions, shortages are now limited to rural areas and such special subject fields as home economics. The greatest oversupply in most states is in men's physical education, the social sciences, and English.

It is likely that education and experience requirements will be raised, in line with the prewar trend. Students taking training for high school teaching should plan to get a master's degree in order to qualify for the best employment opportunities.

(Continued on page 12)

Letter to Editor

Dear Editor:

The following is a copy of the letter sent to Col. G. E. Parker, Student Improvement Committee April 25, 1950

Colonel Gilbert E. Parker, President University of Nevada Reno, Nevada

Dear President Parker:

As you know, the Student Improvement Committee has been studying the band situation to determine the reasons for the decline of the band and to recommend procedures for improving this situation.

We have investigated from two angles: One, the taking of a poll of ex-band members to find out from them their reasons for withdrawing from the band. Secondly, we have conferred with various persons connected with the direction and administration of band affairs.

Enclosed is a tabulation of the result of our poll. It shows that by far the most important cause of student failure to reenroll in the band was objection to the excessive demands of the military department.

Another important objection was that insufficient credit is allowed for the large amount of time spent in band work.

Band members further objected to being graded on the curve because the activities of the band do not correspond in any respect to an academic subject and should not be graded as such.

These statistics indicate that other causes for lack of student re-enrollment were relatively insignificant.

Our interviews with Professors Tate and Post and with yourself indicate that both faculty and administration personnel connected with the band favor a return to the level of excellence that the band enjoyed under Professor Tate's direction a year ago.

In view of the facts that the Improvement Committee has discovered, we recommend that the following steps be taken:

1. That a specified maximum number of appearances (probably three or four, including the Governor's Day program) suffice for military demands on the band, and that these maximum appearances be enumerated in the catalogue.

2. That amount of credit and status of students taking band for military credit be clarified and enumerated in the catalogue.

3. That more than four credits be allowed as a maximum for band students because such a limit is detrimental to the band in causing the most valuable members to drop out after four semesters' work.

4. That the grading system advocated by Professor Tate be adopted. This includes provisions that, as far as possible, each member receive a grade consistent with the general level of band performance, and that any deviations from this depend upon exceptional meritorious work or, conversely, an uncooperative attitude.

5. That the administration should aid substantially in the financing of the band, and that specific provisions for the band, to include such items as instrument, music, and uniform funds, be included in the next and all following budgets submitted to the legislature. Additional finances are definitely necessary to supplement those received from the ASUN and the scanty budget allowed the music department.

6. That the band have more than two practice periods per week in order that the band may build up musically.

7. That concerts here and concert tours of state high schools be included in the band program as an incentive for band enrollment.

We feel that the condition of the band is of great concern to the whole university from the standpoint of publicity as well as student morale and should deserve more careful consideration and action than it has received in the past.

Furthermore, the student improvement committee fails to see

how the administration's decision not to renew Professor Tate's contract will materially aid the condition of the band.

Results

The results of the poll of past members of the university band as taken by the members of the Student Improvement Committee.

Objections to the grading system — 33 per cent.

Objections to the instructor — 10 per cent.

Objections to marching for ROTC — 60 per cent.

Objections to expense and upkeep of uniforms — 25 per cent.

Objections to credit received — 40 per cent.

Conflicts with other activities — 25 per cent.

Dropped band when size became too small to be effective — 10 per cent.

Feel that not enough time allotted to band is used in practice — 16 per cent.

Eighty-two per cent of the total number of band members were interviewed.

Respectfully submitted, JIM GODBEY, president ASUN Improvement Committee.

AAUW Book Section Meets Monday

The book section of the American Association of University Women will hold a meeting Monday night in the children's room of the Washoe county library at eight o'clock.

Mr. Albert Hilliard, a member of the board of regents, and Professor John Gottardi, chairman of the foreign language department, will lead a discussion on Leo Tolstoy's "War and Peace."

AGGIES WIN TRACK MEET, NEVADA THIRD

Nevada varsity track and field squad showed unexpected strength, but lacked the depth to make it really count, as it placed third in the opening meet of the 1950 season. The event was the annual three way meet between Nevada, the Cal Aggies and San Francisco State, held last weekend in Davis, California.

Cal Aggies warmed up after a slow start, and mainly on the strength of second place points took the meet, with a point score of 60. The Gators of SF State were second with 55, and Nevada trailed, with 47.

Six first place finishes were recorded for the Silver and Blue, with wins going to Lawrence "Punjab" Hairston in the shot put, Art Wigg in the discus, Lee Schroder in the broadjump, Bill Higgins in the javelin, Marv Byars in the 440, and a tie for first in the pole vault, between Bob Arneson of Nevada and Roushall of the Aggies.

Mile run: Cullen (A), Sharp (SF), Stoneking (SF), Tompkins (A). Time 4:42.9.

440: Byars (N), Levine (SF), Crawford (SF), Hanna (A). Time :50.6.

100 dash: Posey (SF), Parish (SF), Schroder (N), Anderson (A). Time :10 flat.

120 high hurdles: Bellue (A), Parish (SF), Waller (A), Coltron (SF). Time :15.1.

880 run: Perry (A), Peterbaugh (A), Levine (SF), Smith (N). Time 2:07.

220 dash: Posey (SF), Hynes (SF), Crawford (SF), Schroder (N). Time :21.9.

Two mile: Wadsworth (A), Schnell (A), Stoneking (SF), Cullen (A). Time 10:34.1.

220 low hurdles: Parish (SF), Bellue (A), Waller (A), Hyde (SF). Time :24.3.

Relay: SF State, Nevada (Aggies fouled out).

Shot put: Hairston (6), Beard-sley (A), Drakulich (N), Morger (SF). Distance: 47 feet, five and three-eighths inches.

High jump: Broun (A), Bellue (A), Jager (N), Nelson (A). Height: six feet.

Javelin: Higgins (N), Drakulich (N), Watson (A), Kaiser (A). Distance: 173 feet five inches.

Discus: Wigg (N), Hairston (N).

INTRAMURAL SCHEDULES

Nelson (A), Dalby (N). Distance. 133 feet 10 and three-fourths inches.

Pole vault: Arneson (N), Roushall (A), (tie for first), Duncan (SF), tie for fourth between Altenberg (N), Etchegoyhen (N), Stevenson (A), Spyers (A). Height 12 feet.

Broad jump: Schroder (N), Kero-pian (SF), Hinkle (SF), Anderson (A). Distance: 20 feet 11 and three-quarters inches.

W. H. (Tiny) Buntin is on the

A committee studying baseball rules in an effort to simplify them has redefined the "strike zone." It's now a ball over the plate between the batter's armpits and the top of his knees. It used to be up to the player's shoulders. In the event the player uses a crouch, the umpire must consider the height of the armpits if the batter were standing upright.

Two Nevadans On LA Newspaper

Two University of Nevada journalism graduates are on the editorial staff of the Los Angeles Examiner.

Clarence (Gus) Newman, after eight years on the city side, has been made associate automotive editor. He is also the representative of the editorial staff on the Examiner house organ. Newman has been with the Examiner since shortly after his graduation from Nevada.

W. H. (Tiny) Buntin is on the

Examiner's city staff. He formerly was with the International News Service. During all of World War II he was a staff war correspondent. At one time he was head of the Seattle bureau of INS.

Both men originally hailed from Ely and both once worked on the Ely Daily Times.

Pack Netmen Win, Golf Team Loses, In Double Match

After defeating Sacramento College varsity tennis players in seven straight sets and winning the eighth by default, Nevada netmen celebrated their first match in Reno last Sunday in an understandably good mood, while the varsity golfers were in somewhat lower spirits.

Nevada's Ron Brubaker won the first match by default. Al Henderson's 7-5, 6-2 victory was followed by the closest match of the meet, in which Gil Ellis defeated Sacramento's Thomasin 7-5, 9-7.

Wally Graf conquered Smith of Sacramento 6-0, 6-4, while Len Howard defeated Yoshihara 6-4, 6-2. In the final singles match, Jock Michienzi defeated Kushida 6-4, 6-3.

In doubles, Graf-Delanoy crushed Semas-Thomasin 6-2, 6-4, and Gill-Howard beat Smith-Youshira 6-4, 6-1.

In the golf meet, Wayne Adams, state golf champion, scored Nevada's only win in a 13-8 defeat by the Sacramento Panthers when he defeated Jim Clarke 3-0.

In the less successful portion of this meet, Bob Larson suffered a 3-0 defeat, Harry Gould, a 2-1 setback, and Earle Charlton, a 2 1/2-1/2 loss.

University Books Now Easier Kept; New Forms Adopted

In order to make university book-keeping more modern and efficient, several new forms have been adopted by the comptroller's office.

For the first time in 75 years a faculty contract form will be used. The new contract will give all university agencies concerned, and the faculty member, a complete but simple record of the salary to be paid and the length of time for which the member is hired.

New travel requisitions and requisitions for supplies have also been adopted, according to Perry Hayden, University of Nevada comptroller.

40 Colorblind Students on Campus But Only Six Turned Out for Test

By BEVERLY JONES

Approximately 40 people on the University of Nevada campus are color blind.

This statement was made Wednesday by Bryant Nagle, psychology student working in cooperation with Prof. Paul Brewer on an experiment with color blindness.

Only six students have appeared to take the test, however, and without further assistance from qualified people, the experiment cannot be a success. At least 25 positive tests, must be given in order to prove that there is some correlation between color blindness and high intelligence, Nagle said, and up to this time, only 12 have been given, six to students from the university and six to downtown people.

Color blindness is very rare among women, but according to conclusions reached by Prof. Brewer and Nagle, there are at least 40 cases of color blindness at the university.

The experiment was begun in February to work on a theory that there is a definite correlation between color blindness and intelligence as well as personality types.

Without the necessary number of subjects, however, no positive conclusion can be reached.

SAE Sends Ten Delegates to Meet

Ten members of the local chapter of Sigma Alpha Epsilon traveled to San Jose, California, last weekend to attend a province convention of the national fraternity.

Official delegates from Nevada at the San Jose convention were Edward W. Scripps, Frank Schadrack, and Gilbert Anderson.

FINANCE BOARD OK'S CHANGES

Additional appropriations for the Sunday movie project, a raise for the employees of the graduate manager's office, and an Engineers Day budget was approved by the board of finance control Monday.

A final allotment of \$40.00 was granted the old time movies by the board. With this amount, plus the \$85.00 already invested, the movies must pay their way.

From now until the end of the semester the movies must be self-supporting within the budget allotted or be cancelled. Last week's show realized a profit of \$2.50, with 159 persons attending.

Finance control approved raises for Erma Capurro, and Jim McNabney, secretary and assistant graduate manager, respectively. They are employed in the graduate manager's office jointly by the ASUN and the board of athletic control. Miss Capurro's ASUN salary was raised from \$1380 to \$1680 and Mr. McNabney's from \$804 to \$1304.

An Engineers Day budget of \$94.25 was approved, and the publicity committee budget was laid aside until further information can be gathered. This committee is planning a tour throughout state high schools for several students who are to advertise the university.

67,000 NEEDLESS DEATHS

One of every three cancer deaths last year could have been prevented by early detection and prompt treatment, the American Cancer Society points out.

The Navy's new flying laboratory, a modified Lockheed Constellation, will soon be ready for extensive tests of Airborne Early Warning (AEW) radar equipment and procedures. The purpose of the system is to spot enemy surface units and aircraft at a greater distance than is possible with shipboard or land-based radar equipment.

Dining Hall Plans For Two Banquets

The dining hall has two banquets scheduled for the coming weeks. Tomorrow night the State Forensic tournament will have a banquet in the dining hall with approximately 50 persons attending, Mrs. Nellie Nelson, director of the dining hall, said Wednesday.

Mrs. Nelson said she is already planning for the Trukish-American Friendship Club, Am-Turk banquet, to be held May 14.

The menu will be rather unusual, featuring Turkish dishes.

Mrs. Nelson said the dining hall is able to cater to any non-profit organization planning a banquet of not over 250 persons.

**BEHIND
SHOW BUSINESS
WITH PERRY COMO**

Supper Club Hall of Fame

If a man be known by the company he keeps, I'm doing very well. But I have a suspicion the charming personalities who drop in at the Chesterfield Supper Club all the time have something more on their minds than just seeing me.

PERRY COMO

Anyhow, it's wonderful having them around. Not only do they add glamour to our show, but they keep us regular Supper Clubbers on our toes. When Raymond Massey comes over, I have to shake my Pennsylvania drawl, and when Danny Kaye stops by, I have to study my Russian or pig Latin, or whatever it is that Danny's using at the moment.

I have a special weakness for pianists and a great admiration for them. We've had quite a few visit us, from the breath-taking Jesus Maria Sanromá to the sardonic Oscar Levant and the hilarious Victor Borge. Borge gave me lessons on how to play duets with one finger, Sanromá held us all spellbound with his keyboard wizardry and Levant broke up a rehearsal by saying, in the middle of a hushed number, "This reminds me of Hildegard." Let me not forget Hoagy Carmichael, who plays the piano even better than he does golf. Last time Hoagy was over, he arrived for rehearsal promptly at 10 A.M. one full day early! Our long friendship and the Carmichael easy-going, good nature saved the day, but I doubt if Hoagy will ever forgive us for getting him up so early two days in a row!

I seem to have talked about nothing but male guests so far, but the ladies—bless 'em!—have been responsible for some of our gayest moments. We've had glamour and charm from Claudette Colbert, Lucille Ball, Janet Blair, Ava Gardner and Jané Wyman.

And, of course, Mae West! We were happy to have Mae make her return to the airways after 12 years via the Supper Club. She was such a hit, we had her back again recently. Our studio at NBC has a very wide stage with a tricky step, and we were worried about Mae making her way across with that famous sprained ankle. So, we posted Martin Block at the step and held our breath. She made it all right, for one of our (and her) most effective entrances.

We've had all kinds of vocalists

to help the Fontane Sisters, conductor Mitchell Ayres and myself, including Patti Page, Jeri Sullivan and Dorothy Shay. Burl Ives brought his inimitable talents to our mike, and so did Eddy Arnold. I've been watching Eddy's career with amazement and pleasure ever since I met him a couple of years ago. Here's a guy who made a tremendous reputation with a handful of impressive recordings. Eddy always brings along his guitarist, another Tennessean with a style as individual as Eddy's own.

Johnny Mercer and Bob Crosby have brought their own special blends of comedy and music to our show, and the King Cole Trio and the Mills Brothers have added the best there is in harmony. And, when Borrah Minevitch's Harmonica Rascals join us, I get a chance to chit chat with their star Johnny Puleo. Johnny and I worked together for Ted Weems in the old days, and the old days get wilder every time we talk them over.

When we have a comedian, the rehearsal usually takes a little longer. Good comics add bits of business and new gags as they rehearse. Once Danny Kaye dropped in to play Caesar. I was Mark Antony. I thought the rehearsal would never end, but I didn't care. Kaye kept us rolling with his ad libs, and most of them were so good we had to re-write the script again and again. We spend lots of time and effort with guests like Bob Hope, Eddie Cantor, Morey Amsterdam, the Great Gildersleeve, George Jessel and Milton Berle. But, it's worth it.

Maybe it's because I've never won an Oscar, but the great dramatic actors really fascinate me. They always seem to fall in so nicely with whatever foolishness we've cooked up for them. Charles Boyer struggled manfully in a Southern sketch which called on him to mention a "little old love seat." Those L's just don't come through a French accent very easily. After everything else was letter-perfect, Charles went off by himself muttering, "li-tel old luff" over and over again.

Henry Fonda, another wonderful guy, gave us a great show, as did Tony Pastor, Ole' Red Godfrey, Sid Stone, Sister Rosetta Tharpe, Fibber McGee and Molly, Ella Logan, Robert Q. Lewis and Minerva Pious. They just stop in and take pot luck at the Supper Club.

Needless to say, whether it's radio on Thursday night or television on Sunday night, we're very proud of our guest roster at the Chesterfield Supper Club, and of the wonderful new and old names that are added each week.

"Not the Stan Mulkey, the famous ski star?"

Who Owns the Faded Sign on Fourth St.?

Who owns that faded sign which hangs over the intersection at University avenue and Fourth street?

The Sagers, campus service organization, want to dress it up with a paint job, but they can't find out who owns it.

The sign states, in case you don't remember, that the University of Nevada is only four blocks away.

A Sagebrush reporter, bent on discovering the secret of ownership, tried the following sources on his own hook: Reno city manager, chamber of commerce, Reno traffic department, city paint and sign department, and the superintendent of buildings and grounds at the university.

The ownership of the sign is still a mystery.

**Colored Slides Seen
By Spanish Club**

"A trip South of the Border," a lecture by Professor Eugene M. Gibson, instructor in foreign languages at the university, illustrated with colored slides, was the feature of the Spanish Club meeting last night.

Songs and music were provided under the direction of Doctor Robert H. Poole, assistant professor of foreign languages, by a six piece band, composed of Spanish Club members, using South American and Cuban instruments.

**Parker Attending
Education Meet
In Salt Lake**

Colonel Gilbert E. Parker, acting president of the University of Nevada, will attend a meeting of the Technical Advisory Committee on Regional Education in Salt Lake City Friday and Saturday.

The idea of regional education is to combine the educational facilities of several states for technical, professional, and graduate training into a regional rather than a state basis. The plan was first advanced by a board of control for Southern Regional Education.

The plan was discussed by the last meeting of the western governors, and a special committee on regional education was set up. This special committee established the advisory committee, to which Colonel Parker was appointed.

This weekend the delegates will develop a regional plan and program to be submitted to the special committee appointed at the governor's conference.

The committee will consider facilities for training in medicine, veterinary science, and dentistry, but there are possibilities of including other educational fields in regional education programs, also.

22 MILLION WILL DIE

Cancer will account for 22 million deaths among Americans now living if the present death rate continues, the American Cancer Society points out. A gift to the 1950 Cancer Crusade can help cut this appalling figure.

Brush Strokes

By MARK CURTIS

ED's NOTE: Due to the extra work entailed in putting out the Mackay Day edition of the Sagebrush Mr. C's Brush Strokes holds off for this week. Besides, he says, "It's spring."

Campus Public Address System Goes Commercial---3 spots for a buck!

By RODLIN GOFF

The public address system on the campus, operated by the local student chapter of the American Institute of Electrical Engineers, has gone commercial.

Any student or campus organization may advertise over the system at the price of three announcements per dollar.

The advertisements are handled through the ASUN office, and persons desiring to advertise should go there to place their advertisements.

The public address system has been a project of the club since 1947 and is now under the supervision of Stewart Dawson, senior electrical engineering student.

Professor Hendriks, technical advisor for the project, said the amplifier had been rebuilt, and the group is considering relocation of the speakers to help eliminate echoing off campus buildings.

A local record shop now is supplying them 12 new records twice a week.

Advertisement proceeds go to the club for expenses, Professor Hendriks said.

Long range plans call for a cable to the other campus buildings and individual speakers in each, said Professor Hendriks.

Sigma Pi Visited By National Sec'y

George Garver, national traveling secretary for Sigma Pi, paid an official visit to Nevada's colony of the fraternity this week.

Garver has been visiting all of the Sigma Pi chapters and colonies throughout the United States. His job is to help qualify members of Sigma Pi to meet the problems of organization and administration.

In conference with Nevada Sigma Pi officers, Garver said that provisions were being made whereby with cooperation with the grand chapter funds will be made available to help assure success of Nevada's colony in acquiring a house by next fall.

Garver also made plans with Nevada Sigma Pi members to send representatives to the grand convocation to be held in Salt Lake City from August 16 to August 19, 1950. Representing Nevada will be Richard Piccinini and Pat Culver, president and treasurer, respectively.

No Jobs Unless You're a Salesman

Jobs are scarce for students according to a report from the dean of men's office. The only job openings listed are for salesmen.

Any students interested in selling auto lights, cooking utensils, or books this summer can consult the bulletin board in the dean's office for more information.

Trailers, Jobs Are Available

Applications are now being accepted at the office of dean of men for trailers at the University Trailer Court on West Second street. At present there are three units to be rented. No applications are being accepted for apartments in Victory Heights.

Several jobs offering current employment and others for summer work are posted on the bulletin board in the dean of men's office. Rooms and apartments for immediate occupancy are also listed. The rents range from \$7.50 weekly for the rooms and \$40 per month for the apartments.

Early treatment of cancer could save at least 67,000 lives a year, the American Cancer Society points out.

Mackay Day Work Groups Announced

Work schedules for the Greek letter groups on Mackay Day were announced by committee chairman Eppie Johnson today. Johnson also designated the order in which the fraternities and sorority song teams will appear at the Mackay luncheon.

The men of Alpha Tau Omega and Phi Sigma Kappa will set up tables for the Mackay Day luncheon Friday, May 5, from 1 to 4 pm in the new gymnasium. The Sigma Nu's and Lambda Chi Alpha's are scheduled to take down the tables Saturday after the luncheon.

Sigma Alpha Epsilon and Delta Sigma Phi will move the food for the luncheon over to the new gym. Sigma Rho Delta and Sigma Pi have charge of moving the food back after the luncheon.

Theta Chi fraternity will handle all dance decorations, putting them up at 2 pm Friday and taking them down Sunday at 10:30 am.

Beard checks for university male students will be held in the new gym at 8 am Saturday, it was also announced.

Order of appearance of the sorority and fraternity song teams during the luncheon was also decided.

Retirement Plan Question to Go On Ballot Soon

BY STANLEY MILLER

Whether the university will scrap its present retirement program in favor of the state public employment retirement plan depends upon the outcome of a special vote of university employes to be held next Tuesday and Wednesday.

The proposed shift in programs was submitted to the board of regents by the state retirement board, and will be discussed at an employee open meeting to be held in the education auditorium Monday at 7:30 pm.

The proposal has been approved by the faculty retirement committee, but the recommendation of the board of regents will depend upon the result of next week's ballot.

All state and county employees except those of the university and Washoe county now benefit by the state plan.

University employees are guaranteed, under the present system, only a minimum of 33½ per cent of the average of their last five years' salary, up to a maximum of \$150 per month. The state plan provides for a minimum of 50 per cent of the five years' average, up to a maximum of \$200 per month.

Other benefits of the new system would be possible lower retirement age, limit to the contribution made by the worker, and clarification of the length of service necessary before a pension is granted.

A two-thirds favorable vote of university employees is necessary for instigation of the new plan.

Gamma Phi Beta will be the first sorority; Delta Delta Delta, second; Kappa Alpha Theta, third; and Pi Beta Phi, fourth.

Theta Chi will start the fraternity song program; Sigma Nu will be second; the Highlanders, third; Phi Sigma Kappa, fourth; Sigma Alpha Epsilon, fifth; Alpha Tau Omega, sixth; Delta Sigma Phi, seventh; and Lambda Chi Alpha, eighth.

Sigma Delta Chi Dinner Meeting Being Held Tonight

Sigma Delta Chi, professional journalistic fraternity, will hold its monthly dinner meeting tonight at 7 o'clock at the Santa Fe Hotel.

Jon Milburn, president of the Nevada chapter of the fraternity, said this week that Art Suverkrup, editor of the Gardnerville Record-Courier, had been invited to be the guest speaker of the evening.

Suverkrup is to discuss covering

the legislature. His talk will include his experiences as Associated Press correspondent at the Nevada State Legislature.

Milburn said that all members and pledges of the Nevada Sigma Delta Chi chapter will attend tonight's meeting.

THE SWEETS CO. OF AMERICA, INC. HOBOKEN, N. J.

Seven Coeds Now Entered in May 18 'Miss Reno' Contest

By JOAN METZGER

A title, a possible scholarship, and a chance to become "Miss Nevada" will be at stake when approximately 20 contestants from organizations on the campus, and service clubs in Reno participate in the "Miss Reno" contest, Thursday, May 18, in the new gym.

The winner of this contest will become "Miss Reno" and will be Reno's candidate for "Miss Nevada" in the final contest June 30.

Girls from towns and cities all over the state will come to Reno on that date to try for the honor of being Nevada's representative in the "Miss America" contest in Atlantic City next fall. In addition to the trip to Atlantic City and a host of other gifts, the new "Miss Nevada" will be the guest of the Reno Junior Chamber of Commerce at its convention in Chicago in the latter part of June.

Sue Broadbent, co-chairman of the contest, announced the list of candidates from the university for the "Miss Reno" competition. They are Shirley Laurie, Gamma Phi Beta; Marjorie Yetter, Artemisia Hall; Mona Perry, Tri-Delt; Marilyn Byrd, Kappa Alpha Theta; Frances Batt, Pi Beta Phi; Donna Speers, Manzanita Hall; and Pat Goodale, Corps of Sponsors. A complete list of those girls sponsored by the service clubs was not available.

Sanctioned jointly by the AWS and the Junior Chamber of Commerce, the contest will have a Cinderella theme, with a big slipper as the main decoration. No definite starting time has been set, according to Miss Broadbent. Entertainment, consisting of the winning Mackay Day song teams, and tentatively a quartet from downtown, will be featured on the program, along with Merle Snyder's orchestra, to accompany the show.

Judging

The candidates for the title will meet the judges at a luncheon preceding the show on May 18. Judging will be 25 per cent on each of the following: appearance in a bathing suit, appearance in a formal, poise, and talent. Emphasis will be on talent.

A small bracelet with a Cinderella slipper attached will be given to each girl taking part in the show, with the winner being given a scholarship, if possible. The scholarship is still indefinite, according to Miss Broadbent. A dress designed by Bill Dohn, chairman from the Chamber of Commerce, will be one of the many prizes awarded the winner.

Tickets will be on sale next week. Student rates, which include high school, are 80 cents and \$1.00 general admission, and reserved seats, \$1.50.

Those on the "Miss Reno" committee are: entries, Cherie Hubbard; publicity, Barbara Smith, Rose Marie Faul and Dorris Linsea; awards, Norma Carruth; budgets, Kay Sterling; judges, Jean Ellen Rule; staging, Terry Alauzet

SPRING FOOTBALL

Spring football training sessions on the hill are continuing to take their toll from the already-small squad working under the direction of head coach Joe Sheeketski.

Now on the injured list are linemen John Gonda and Bob Collett with bad shoulders, lineman Lawrence "Punjab" Hairston with a twisted ankle, and lineman Bob Martin with a badly bruised elbow.

Backfield men Paul Stimac, Bud Brooks, Wayne Schmalz, and Herm Fisher are also ailing; Stimac with a knee injury, Schmalz with a bad leg, and the other two with assorted cuts on the head.

Last week's sessions featured backs running through plays, under the direction of Sheeketski himself, with the line working under coaches Jake Lawlor and Dick Evans. Line assignments have been in blocking.

All men concerned are being given a taste now of both offensive and defensive work, breaking up the former two-platoon system used by Sheeketski.

Palmers, Sheets To Be Honored By Reception

Dean and Mrs. Stanley G. Palmer, and Professor and Mrs. Earl W. Sheets will be honored at a reception and dance given by Colonel and Mrs. Gilbert E. Parker. The dance is to be held at the Twentieth Century Club on Wednesday evening, May 3, at 8:30 pm.

The entire faculty has been invited to the occasion, to meet and congratulate the recently married faculty members and their wives.

Mr. Palmer, dean of the college of engineering and professor of electrical engineering, was married over Easter to the former Mrs. Marion Nelson of Oklahoma City.

Professor Sheets, acting professor of animal husbandry, and acting head of the department, was married recently to the former Miss Melba Alice Siebold of Milwaukee, Wisconsin.

Dress for the dance and reception will be semi-formal.

Fifty-four fellowships to train research scientists have been awarded this year by the American Cancer Society.

"He used to be a pursuit pilot!"

Obstacle Race One of Newest Mackay Day Traditions; Started in 1947

By DAVE MATHIS

The hale and hearty athletes in the fraternity houses seeking an additional way in which to put the test to their muscles, combined their intellectual powers and came up with the idea of a novel relay race to be held annually on Mackay Day. The idea became more than the product of their thoughts and on Mackay Day of 1947 the first paddle race, as it is known today, was run.

The race itself is a hybrid cross between a relay race and an obstacle course. The contestants must swim, ride bicycles, attempt to run with their legs enveloped in gunny bags, roller skate, ski, roll tires, haul each other in wheel barrows, and many more things equally as zany and perilous.

The prize for this contest is the baton of each of the relay teams. The baton, which is passed from one competitor to one of his teammates, is a paddle which has been gaily decorated for the occasion.

The first race was run from Manzanita Hall via Manzanita Lake to Mackay Stadium. In order to get to the stadium in the prescribed manner the teams first had to three legged race to the shores of Manzanita, whence the baton was passed to a swimmer who gave it then to a bicycle rider that peddled to Mackay Stadium. A sack race across the field finished up the race. Since this race more events have been added each year. The winner of the first race was the ATO's.

The following year the Taus, still muscle bound, won again but their winning streak was broken last year when Theta Chi's warriors came home with the paddles.

This Year

The race this year will begin in front of Manzanita Hall. The men with the batons will then plunge into the waters of the lake and swim across. On the opposite shore a wheelbarrow will be waiting and the baton will be wheeled to the sidewalk running along University avenue, and then to the intersection at the corner of Stewart Hall and across from the library. From Morrill Hall to Mackay Statue will be covered on skis and then a tire will be rolled down onto Mackay Field. The baton is then passed to a bicycle rider who will make a

lap and a quarter and then the race will finish with a sack run.

Every fraternity is expected to have a first class paddle for this race.

Aggies Are Ready For Horse Show

Aggie Club members, preparing for their fourth annual Horse Show, spent last Saturday painting the horse barns at the fairgrounds.

In order to make the grounds more attractive, "aggies" commanded several sprayguns and gave each stall a fresh coat of white paint.

Crucible Club Issues Annual 'Mackay Miner'

Members of the Crucible Club, University of Nevada's organization for geology and metallurgy majors, recently have issued their annual publication, "The Mackay Miner."

The newspaper consists of ten pages and is distributed to members of the club, alumni of the organization, mining men, and companies in this part of the country.

Circulation of the Miner is about 200, says Jay A. Carpenter of the Mackay School of Mines, advisor of the Crucible Club.

Purpose of the publication is to keep alumni informed of the university's mining activities and to give the students an idea of what is going on in the mining world. This is the fourth year in a row that the Miner has been published.

William E. Whitehouse, of Oro Grande, Calif., is editor of the 1950 Miner; James B. Scott, of Reno, assistant editor and Reginald A. Glahn, of Reno, business manager.

Officers of the Crucible Club are Fred Muller, Carson City, president; John Cunningham, Seward, Alabama, vice-president; Walter Johnson, San Diego, secretary; and Bill Wood, Reno, treasurer.

There are 120 members in the organization this year, compared to 90 of a year ago.

Sagens Schedule Annual Outing

The Sagens, women's service organization on the campus, will hold their annual picnic Sunday at Crystal Peak Park near Verdi. The members will leave the Gamma Phi Beta house at approximately 11 o'clock Sunday morning.

Sagens hold their picnic for members just prior to Mackay Day each year.

THE FREDERICK W. WILSON MEMORIAL TROPHY

Professor Wilson was both friend and instructor to Nevada's aggie students from 1914 to his untimely death in December of 1948. It was Prof. Wilson who first suggested that the Aggie Club sponsor a horse show, and worked on the first two shows, until his death. In order to keep his name forever associated with the show, and realizing his special love for the quarter-horse, the Aggie Club purchased through contribution this revolving trophy. The trophy is awarded each year to the two outstanding colts of any quarter-horse stallion competing in the spring show.

Rovers Elect New Officers

The Rovers, an organization on the campus associated with scouting and the Boy Scouts of America, held elections Wednesday afternoon.

The following officers were elected: Sid Robinson, Rover leader; Richard Stoops, mate; John Benson, director of recreation; Jack Smales, chairman of ways and means; Roy Bell, treasurer; and Robert Patrick, sergeant of arms. The executive representatives

elected for 1950-51 were: Walter Johnson, institution representative to the county board; Carle Stanley, chairman; Monty Boland, committeeman, and I. J. Sandorf, director of policy.

First Co-ed: "I've been asked to get married lots of times."

Second same: "Who asked you?"

First again: "Mother and Father."

Year's Best News Photos on Display

The best news pictures of 1949 are now on display in the Journalism building.

The 150 pictures in the exhibit were chosen as the best of 2,464 pictures entered in the contest by newspapers, magazines, and freelance photographers from the United States, the District of Columbia, Hawaii, Australia, Scotland, and England.

The exhibit is being sponsored by the undergraduate chapter of Sigma Delta Chi, professional journalistic fraternity, and will be open to the public from 2 to 5 pm on Sunday.

"News pictures of the year 1949" is a contest sponsored throughout the nation by Encyclopedia Britannica and the University of Missouri school of journalism.

The exhibit places the picture into five categories: picture portfolios include ten pictures by one photographer, pictures sequences, news pictures, sports pictures, and feature photographs.

This contest "serves as a forum wherein news photographers of the world evaluate their year's work; honor and reward the best examples of it," explained sponsors of the contest.

Students of Four Nevada High Schools Win Awards in Chi Delta Phi Contest

Students from four Nevada high schools won awards in the annual statewide short story and poetry contests conducted by Chi Delta Phi, national honorary English society at the University of Nevada, it was announced this week.

First place winner in the short story contest is Gloria Eineke, a sophomore student at Pershing county high school, for her story entitled "A Pearl Necklace."

In the poetry division, first prize was awarded to Jean Rainey, junior student at Humboldt high school, for her poem "Wild Geese." Second prize went to Pat Hunt, Reno high school junior, who submitted "Autumn Rain," and third place award to Laura Madge, Las Vegas high school, for her poem called "Sunrise."

An engraved Chi Delta Phi pin will go to the winner of each division, said Fay Fryberger, of Love-

lock, president of the society. Also, since the two winners are girls, honorary membership to Chi Delta Phi will be given them.

Fourteen Nevada high schools participated in the contest this year.

Gloria Griffin, of Reno, headed the committee for handling the contest. She was assisted by Mona Perry, of Las Vegas, and Norma Walsh, of San Francisco.

Judging of the short stories and poems was done by Chi Delta Phi members and faculty advisors.

Chi Delta Phi is a national honorary organization composed of college women who are majoring or minoring in English and who have an overall average of "B" in their work.

The annual short story and poetry contest is designed to promote an interest in literary writing among high school students and to recognize those with superior ability, it was explained by Miss Fryberger.

Joan McCabe Is New YWCA President

Joan McCabe will succeed Barbara Smith as president of YWCA for the ensuing year.

Elections were held last week with the panel of nominees being read and unanimously elected. Other officers include Pat Welty, vice-president; Lois Bates, secretary; Joan Lundy, regional representative; Mae Gregory, treasurer; and Colleen Gilbert, class program coordinator.

Appointive officers include Robyn Forsyth, WSSF chairman; Mike Dwyer, assistant; Nancy Haggerty, social chairman; Arlene Freeman, assistant; Jennilee Gibson, worship chairman; June Holmen, snack bar chairman; Jimmy Horning, assistant; Joan Foster, publicity chairman; Bobbie Barott, assistant; Pat Jefferson, football concessions chairman; Ann Templeton, Inter-Faith Council representative; Corrine Jorgenson and Alice Shelly, Freshman Club advisors; Alvan Denton, historian.

Also included in the list of appointive offices are the commissioners. They are Suzie Leake, world relatedness; Darlene Lowry, personal and campus affairs; Margie Foote, christian faith and heritage;

Katherine Cladianos, social responsibility.

Mrs. Gilbert Parker, wife of acting president Parker, entertained the new and old officers at a tea given at her home Wednesday afternoon.

Installation of officers will be held at a later date.

School Teachers

(Continued on Page 4)

Enrollments in grades 9 to 12 are expected to decline until about 1952. Therefore, the need for high school teachers will be limited largely to replacements for the next few years. After 1952, enrollments will probably rise slowly for the following three years and then increase rapidly into the 1960's.

During the 1950 decade, close to 85,000 new teachers may be needed to handle increased enrollments. In addition, from 17,000 to 20,000 replacements may be required each year during the 1950's.

However, unless high school enrollments are considerably greater than seems probable on the basis of past trends, a training rate as high as that in 1949 would continue to produce an oversupply of secondary school teachers even in the years of greatest need.

"Did you say something, dear?"

Nevada Debaters Fail to Place In Stockton Meet

Members of the university debate squad invaded Stockton and participated in the Pi Kappa Delta invitational forensic tournament, which was held at the College of the Pacific on April 3, 4 and 5. The Nevada men won three out of five in the elimination series but failed to place in the finals.

Members attending the COP tournament were Quay T. Weiser, Robert Ballard, William Engel, Ted Lokke, and Jerome Marks.

At the 26th annual tournament of the Pacific Forensic League, which was held at the University of Oregon, from April 11-14, there were nine schools participating. The Nevada entries again failed to place.

Nevada had just two men entered in the Eugene meet. They are Macklin Summers and William Engel.

Professor Gale Richards, coach of the debate squad, accompanied the members to both tournaments.

Engineers

(Continued on Page 4)

ments are being raised gradually and the proportion of engineers with advanced degrees, though small, is increasing.

The would-be engineer should endeavor to get the best possible record of achievement in his studies and to broaden his training as much as possible. Furthermore, many employers emphasize the extra-curricular college record of prospective employees.

Works of Fiction In Browsing Room

Fifty per cent of all books borrowed from the new browsing room since its opening March 6 have been fiction. Mrs. Edith Holmes, director of the room, pointed out this week.

Mrs. Holmes found "All The King's Men," by Robert Penn Warren, and "The Way West," by A. B. Guthrie, the most popular of all the books borrowed.

Senior CE Men Attend Convention In Los Angeles

Senior students of the civil engineering department are attending the western division convention of the American Society of Civil Engineers this week in Los Angeles. Paul O. Reimer, student body president, is also attending the con-

vention. During the convention, senior papers concerning civil engineering will be read in competition. Warren Meacham, senior student at the University of Nevada, will be the only Nevada delegate to submit a

paper. Field trips were taken on the way to Los Angeles and will be taken on the way back. President Reimer will resume his duties on Tuesday.

More than \$13,000,000 has been spent on research by the American Cancer Society during the past five years.
