UNIVERSITY OF NEVADA, RENO, FRIDAY, JUNE 2, 1950

Death and Fire Strike U of N Trailer Court

Death and fire left the university trailer court at West Second street shaken Sunday.

First of the two accidents was the drowning in the Old English Mill ditch of Andy Tulp, two and a half year old son of Mr. and Mrs. John Tulp, a University of Nevada summer student.

The child apparently fell into the ditch just a few feet from his home, at around 4:15.

First to see the drowning child was another boy, Paul Pearson, 10, who attempted to pull the child out, meanwhile yelling for help.

Fire department men were called at 4:28 and rushed to the scene with an ambulance and a resuscitator.

The fire department crew worked for around two hours on the child, according to Reno Fire Chief Evans. They gave up only when it was clear that there was absolutely no hope.

Ironically, the city of Reno has been discussing abandonment of the ditch for years.

Funeral services were held Wednesday for the tiny victim at the O'Brien-Rogers funeral parlor.

An inquest was also held Wednesday at 3:30 pm by Justice of the Peace Lawrence Layman, ex-officio coroner.

The same day of the drowning, fire damaged the shower and lavatory section at the trailer camp, Fire Chief Evans said.

Assistant fire chief North said the fire was probably caused by a backfire in a water heater.

North explained the fuel oil system at the camp is all gravity flow—against city ordinances and installed by the government.

The fire department has asked the city to correct the situation.

Carl Horn, superintendent of buildings and grounds, said the trailer was heavily damaged. Replacement has not yet been decided upon.

BEASLEY SIGNS WITH N. Y. YANKS

Scott Beasley, favorite target of Stan Heath as Nevada swept to the major college total offense title in 1948, has signed with the New York Yanks for 1950, owner Ted Collins revealed today.

Beasley went to camp with the Yankees of the AAFC last fall and survived until the final cut. Coach Norman (Red) Strader recommended bringing him back for another shot at the majors in view of the presence of two such able passers as George Ratterman and John Rauch on the squad.

New Arrival!

The arrival of 3 pound 11 ounce yearbook, Artemisia, was announced this morning. Editor Barbara Carter and book are reported "doing very well."

First look at the new arrival will be allowed Saturday morning, June 3, in the ASUN building.

It is not necessary that students have their student body cards.

Only students who have paid both semesters fees will receive their books.

"Willie the Wolf" takes time out from indoctrination in mascot principles to pose with Erma Capurro, graduate manager's secretary. Jerry Wyness says, providing no hitches occur with adoption papers, Willie should be around next fall for a little moral support.

Campus Groups to Participate In Activities Parade Next Year

Approximately 28 campus organizations are scheduled to participate in the freshman orientation week activities parade, according to J. Craig Sheppard, chairman of the activities parade committee.

Sheppard also announced that there has been a change in the schedule for the freshman week activities. The activities parade will now be held in the old gymnasium instead of the new and will take place on Tuesday night of freshman week rather than on Monday as it had previously been.

With this change, Sheppard said, the activities committee will not be rushed in removing the decorations and booths, as in the past, to clear the gymnasium for the orientation speeches which ordinarily follow the activities parade. The speeches are now scheduled for Monday of freshman week.

Members of the activities parade committee are: Orchesis, Joan Melner; Sagens, Dariel Durham;

Mechanical Engineers, Lester G. Brounell; Phi Alpha Theta, Gerald Galletti; Fine Arts, Taffy Rule; Corps of Sponsors, Anna Picchi; Alpha Epsilon Delta, Joan McCabe; WRA, Natalie Curtis; AIEE, Wayne Ashley; Lambda Delta Sigma, Mona Perry; Chemistry Club, Reilly Jensen; Aggie Club, Louis Beaupre; Rifle Club, Lowell Miller; Pershing Rifles, James Lee; Saddle and Spurs, Margery McKnight; Crucible Club, Fred J. Fulton; Press Club, Pat Welty; and Newman Club, Jerry Casey.

Sigma Delta Chi, Edward Scripps; YWCA, Pat Welty; Organized Independents, Lois Ruth Forsm; Rover Scouts, Dr. Irving Sandorf; Artemisia, Ted Lokke; Campus Players, Larry Means; Ski Club, Brent Aiken; Scabbard and Blade, Larry Means; Nu Eta Epsilon, Glen H. Clark; and Chi Delta Phi, Lura Ward.

Other organizations may enter the parade, Sheppard said.

Publicity Committee Is Preparing All-Out Campaign for Next Year

An all-out campaign for good will in the state will be waged next year by the University of Nevada publicity committee. Their plans include tours to high schools throughout the state, more issues of a "Newsletter," the university publicity magazine, and movies shown at high school assemblies.

Ted Covington, newly appointed chairman of the committee, stated that he believed the committee will be one of the most active organizations on the campus next year and also expressed his thanks to the fraternal houses for giving their contributions and placing their faith in the work of the committee.

"We started too late this semester to get started," Covington said, "but next year we will, with the help of the administration, reach high school graduates of every town in the state and impress upon them the opportunities that are afforded at the University of Nevada."

This project will be carried out, Covington says, with more issues of a "Newsletter," an outline of departments, introduction of department heads, and aims of the university.

In addition to this, the committee has three reels of moving pictures showing various activities of the university, which it plans to show to high school seniors

throughout the state next year.

Covington has not yet selected a committee for next year. The committee this year included Gerald McBride, chairman, Joey Miles, Colleen Gilbert, Patti Zahm, Ted Covington and Jack Berry.

Intramural Code Being Revised

Fraternity athletic codes from several western colleges are being collected preparatory to revising the present intramural code at Nevada.

George Vuvanovich, Blue Key, plans to gather the codes during the summer and turn them over to the interfraternity council for consideration next fall.

A revision is necessary, Vuvanovich says, because the present rules are not specific and lead to friction between various campus organizations.

U of N's Largest Graduating Class To Receive Diplomas On June 12

The largest graduating class in the history of the University of Nevada will receive diplomas at commencement exercises on June 12. Degrees or certificates will be granted to about 365 men and women.

'50 Grads Urged To Attend Exercises

Graduating seniors have been requested by Louis Mendive, senior class manager, to meet for commencement rehearsal Saturday, June 10, at 9:30 am.

Also they are reminded to meet one-half hour earlier than scheduled on June 11 and June 12. Times for these two days are 10:30 on June 11 and 9:30 on June 12. Meeting place is the university quad.

All graduating seniors are urged to attend the exercises of both days in order to insure that the procession will function according to the schedule.

3 Professors Will Retire

Three men, whose services to the university total more than 90 years, will retire from the university staff this summer.

The three men are Dr. Charles H. Gorman, comptroller, Dr. Francis Murgotten, professor of foreign languages, and Mr. Frank B. Headley, head of the farm development of the agricultural experiment station.

Dr. Gorman joined the staff in 1911 as the first employee of the university business office established by the state legislature. He later became comptroller, and in 1941 was made vice-president. He was acting president of the university in 1943, succeeding Leon W. Hartman on his death.

Professor Murgotten joined the faculty in 1922 as assistant professor of foreign languages. He is an ordained minister of the Episcopal church, and was a pastor in Carson City before coming to the university.

Mr. Headley has spent 41 years in Nevada doing farm management and agricultural research. From 1909 to 1925, he supervised the experiment farm on the Newlands project.

Later Mr. Headley became chief of the Department of Farm Development of the university agricultural experiment station, a position he has held ever since.

U of N Academic Rating is High Speaker Says

That University of Nevada's academic rating is high was declared recently by a guest speaker at the annual state convention in Reno of the American Association of University Women.

She is Dean Anna L. Rose Hawkes, of Mills College in California, who spoke on "Why Isn't My College on the Approved List?"

The objectives of the Nevada institution are clearly set forth, a faculty that is academically prepared is maintained, and just this year the university raised its admission requirements for all students, Dean Hawkes explained.

In addition, 43 commissions in the Armed Forces of the United States will be awarded to university men.

The largest group, totaling 155, will receive the bachelor of arts degree while 12 will be awarded the special degree bachelor of arts in journalism.

Bachelor of science degrees in engineering will be granted to 90 men. Twenty-two in civil engineering, 23 in electrical engineering, 12 in mechanical engineering, 18 as geological engineers, three in metallurgical engineering, and 12 in mining engineering will receive their degrees.

Bachelor of science degrees will be conferred on 32. Bachelor of science in business administration will go to 39 and bachelor of science in chemistry to four.

In the college of agriculture, 17 will receive bachelor of science in agriculture degrees and six bachelor of science degrees in home economics will be given.

Six special degrees will be awarded in the college of engineering while six degrees will be bestowed: two in arts and four in science.

Many Attend Leadership Course

All ASUN officers, class officers, incoming senators and interested students attended a leadership course in the Education building auditorium Monday through Friday. All sessions were from 6 pm to 8 pm.

The speakers and their respective subjects included in the course were: Captain Stanton L. Fickel, psychology of leadership; Gale L. Richards, parliamentary procedure; P. O. Reimer, intra-school relations; Dean R. S. Griffin, inter-school relations; A. L. Higginbotham, public relations; Gene Mastroianni, student government and finances; and Dr. William C. Miller, student government and finance.

The leadership course is to be held annually jointly by the ASUN and the university.

Latvian Student To Register Here

A Latvian displaced person, Vija Bergs, will arrive in Reno sometime in September to enter the University of Nevada. She is being sponsored by the YWCA of the university.

The DP committee of the YWCA met Monday to complete plans for Miss Bergs' arrival. Miss Bergs will be studying natural sciences and may be a junior or a senior, according to the information received from the International Relief Organization.

The committee is composed of Jeanne Pardi, Jimmy Horning, Jennie Lee Gibson, Mae Gregory, Pat Welty, Joan Foster, and Suzie Leake, chairman.

The University of Nevada has already promised a tuition scholarship to the student. To date the committee has secured pledges of half the needed budget to care for the girl.

"No. 32"

For the 32nd time since last September we are putting a Sagebrush to bed.

This one is no different than the rest except that it will be our last publication of the 1949-50 school year.

We want to take this opportunity to thank the many faithful friends for the assistance given us during our reign. Especially do we wish to offer thanks to our staff:

Neal Corbett, associate editor, who has put in countless hours of work on the Brush during the last three years.

Dorris Linsea, assistant editor, who has been one of the mainstays here in the Brush office.

Jim Hulse, an up-and-coming journalism student who also has put in enough time to earn his Brush "wings."

Stan Miller, another eager head writer and prominent journalist. Len Crocker, one of the ablest sports editors we have seen.

And to the many reporters working out of the journalism department for their endless hours of extra time writing Brush copy. And, of course, to the journalism department instructors and professors for their valuable assistance and time spent helping to put out a "better" college paper.

And last, but not least, Mark Curtis, who has been putting in time and effort without any recognition whatsoever. Mark has his real work before him as editor of the 1950-51 Brush—and no mean job it is.

So to all, we say thanks . . . and "thirty."

Minerals Experiment Station Passes First Step In U. S. Senate

A bill to establish a minerals experiment station at the University of Nevada was approved by the senate interior and insular affairs committee on Monday, and Senator George W. Malone, a member of the committee, said the bill has a good chance to pass the senate.

Appropriations of \$750,000 for the erection and equipment of the buildings, and \$250,000 annually for the maintenance and operation were authorized by the bill sponsored by Nevada's three congressional delegates.

The legislation provides for the station to handle research and investigation and serve as a center for information and assistance in matters pertaining to mining and metallurgy. It would also aid in the use and conservation of rare and precious metals and various

other mineral substances. One of the bill's sponsors, Senator Pat McCarran, stated, "the station would do much in aiding the Nevada miners with their problems and would benefit the entire mining industry."

Finance Board Approves \$1200 For Awards

The finance control board approved yesterday: \$1200 for athletic awards, \$85 to pay for a surrey stolen from the Mackay Day dance, a bid by The Camera for next year's publications photos and a summer committee of three to handle finances for the ASUN.

Publications board was voted \$75 to have its year end banquet.

The board also accepted the bids approved by publications board for printing and engraving of next year's printed matter. The bids for photography by The Camera was approved with the proviso that pictures for the yearbook may be retouched only if students return them on time, and that unsatisfactory photos would be redone.

The surrey stolen from the Mackay Day dance was provided the Mackay Day committee by Phi Sigma Kappa. During the course of the evening it was stolen. Officials assumed it was a prank. Since it has not been returned the ASUN paid the cost of the buggy and according to graduate manager Gene Mastrianni, the police will be called in on the case.

Non athletic awards will be taken care of according to the board.

Prof. W. Miller, chairman of the finance control board; Gene Mastrianni, graduate manager, and Kay Sterling, student representative, will handle all ASUN finances for the summer months.

Investigation Halts In Tate Affair; Prof. Has No Plans

The ASUN student improvement committee, which for the past several months has been investigating the conditions surrounding the failure of the university administration to renew Professor Robert Z. Tate's contract, or to correct conditions which resulted in the dispersal of the university band, has given up their investigation for this semester.

Professor Tate says that his plans at the present time are not definite, but that he has several possibilities. As to whether or not he will remain in Nevada, Tate says that he is not sure. He expects to leave for awhile at the close of the school year, but says that he may return.

In relation to the ASUN student improvement committee, headed by Jim Godbey, Professor Tate said that their investigation had been exceptionally thorough, and had been given to the administration and published in the Sagebrush.

Geology Exams

So you think your final examinations are rough?

Wearry students in petroleum geology number 430 finished a two-week final examination in the course which entailed an estimated 50 hours of map work in addition to the time required to answer four comprehensive questions about the course.

One isopachous map, one paleogeologic map, two structural maps and one cross-section were required for the test which was completed

ATO'S WIN KINNEAR TROPHY WITH 170.84 LEAD OVER RIVALS

Alpha Tau Omega fraternity has clinched the coveted Kinnear trophy for 1949-50. With only baseball and handball doubles left on the intramural sports program, the Taus have a safe 170.84 point lead over their nearest rivals.

The trophy is a symbol of fraternity athletic supremacy at the University of Nevada. It is presented annually to the Greek group having the highest number of points in the year round intramural program.

The ATO's have a total of 453.34 points to date. Their closest rival, Sigma Nu fraternity, has 282.50 points.

Since only baseball is left on the intramural sports schedule, it is impossible for any team to overtake the Taus. Winning points for baseball are 100 for first place.

Winning the Kinnear trophy marks the ninth time in the 14 years it has been presented, that the ATO's have accomplished the feat.

It is the first time since 1946, however, that Alpha Tau Omega has won the cup.

Chester M. Scranton, university physical education instructor, this week listed the current Kinnear standings (which include every sport except baseball) as follows:

Organization	Points
Alpha Tau Omega	453.34
Sigma Nu	282.50
Sigma Alpha Epsilon	197.25
Lambda Chi Alpha	150.00
Phi Sigma Kappa	136.00
Organized Independents	100.00
Theta Chi	93.33
Sigma Rho Delta	61.00
Highlanders	50.00
Unorganized Independents	00.00
Sigma Pi	00.00

Colorful Notices!

In response to student complaints that class notices listed for reading on the faculty bulletin board often go unannounced, such notices are now printed on colored paper. It is felt that this will be a more obvious reminder to the faculty to make the announcements to their classes.

The move was made at the suggestion of the student activities committee.

Ride Service Now Operated By Sagers

Sagers, Nevada's men underclass service organization, officially went into business last week, when they took over the campus car ride service which has been operating under the supervision of Blue Key.

The Sagers Ride Service, as it shall be called from now on, is designed to save expense, time, and trouble for the many students who travel home at vacation, on long weekends or at odd times.

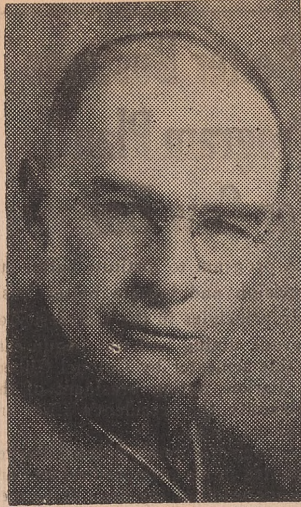

As has been done in the past, drivers and riders will make their application by filling out the blanks that are available in the snack bar and place them in the box which is located in the northeast corner of the room. The slips will be collected from the box at regular intervals, and the Sager committee will contact all those who it is possible to help.

Because of the time and expense involved in operating such an enterprise it is necessary to raise the price for this service, so it has been set at ten cents per hundred miles.

Anticipating a rush of business at the semester's end, President Ted Short announced that an extra bunch of applications and an extra box will be placed by the side of the door of the library in the near future.

"This is a chance for all those who do not have a car to save themselves a great deal of time and expense when traveling home," Short said, "and it will offer men with cars an equal opportunity to save themselves the expense involved in making a trip home or elsewhere."

The Sagers also answered the question as to the whereabouts of the sign, which for a great many

He will preach the baccalaureate sermon for the U of N Sunday, June 11.

The Most Reverend Thomas K. Gorman, bishop of Reno, will have as his topic for the sermon, "Show Me the Coin of Tribute."

Bishop of Reno since 1931, Dr. Gorman has a distinguished career as a priest, professor, editor, and administrator.

He is the author of two books—"Seventy-Five Years of Catholic Life in Nevada" and "America and Belgium."

years has hung at the corner of University and Fourth streets, and which gives directions to the university. The sign was removed a few weeks ago by a group of Sagers and is now being refinished and painted. With the aid of one of the local utilities' crews, the service organization hopes to have it up again in the near future.

Library to Keep Regular Hours

There will be no change in library hours during final's week.

James J. Hill, university librarian, said that he could only remember once in the past when the library had stayed open longer hours during final's week, and that unless there was enough demand for longer hours, the library would maintain regular hours.

During summer session, Hill said that the only difference in library hours would be on Sunday, when the library would be closed all day.

Two More Games

Two more home basketball games have been requested of the University of Nevada for the 1951 season.

The University of Hawaii and Denver Chevrolet have been asked to be put on the Nevada schedule, Gene Mastroianni, graduate manager, announced.

The dates for which the Hawaii game could be scheduled are filled, and it is doubtful that it will be added to the roster. The Denver Chevrolet game, however, will be played.

ATO's Elect

Officers were elected by Alpha Tau Omega for the fall semester of 1950 Monday night, May 23, at the regular chapter meeting. The new leaders of ATO are John Marvel, worthy master; John Smales,

chaplain; Edward Arciniega, exchequer; Jack Crowell, worthy scribe; Giles Altenburg, sentinel; Jack Peterson, keeper of the annals and Proctor Hug, usher.

Hug was also elected to the senate for the forthcoming year.

Brush Strokes

By MARK CURTIS

At a midwest Psychological Association convention last week someone brought in a chimpanzee, who dressed as well as could be expected, sat at a table, drank, walked to the bathroom and cleaned up a little, and was able to say "mama," "papa," and "cup." Which is just another warning why college entrance exams MUST be kept high! . . . But this chimp had nothing over one we heard about earlier this year. The psychologist locked himself in a room with it, then began teaching it tennis by whacking a ball against a wall, stumbling all over, working up a sweat, sprawling face down sometimes . . . all while the chimp sat in a corner, chin in hand, and watched. The psycho finally thought the chimp had the idea, so he placed the racket and ball in front of him, went out of the room and locked the door. He rested up a moment, then told his colleagues they would look in on the panzee and see how much he'd learned. With another dab at his wet forehead, he leaned over and peeked in the keyhole. . . . He saw, very distinctly, a little round eye peering through the other way.

Charles H. Gorman, who's retiring as comptroller of the university this year, made Ripley's Believe It or Not in 1943. In that year he became acting president of the University of Nevada and Ripley said, ". . . the only president of a university who NEVER attended college." Funniest sight this week: the two city employees hanging on the back of a Reno garbage disposal truck, laughing over some test papers they'd just found in a campus garbage can . . . LouellUGH Persons hopes it isn't true, but hears a rumor that Rudy Valley and his fourth, Eleanor Kathleen Norris (Nevada Theta of '45-'46), are breaking up. Louellugh is breaking up, too. But, check with Rudolph when he appears at Tahoe's Cal-Neva on the 29th.

CURTISYS—To the Fulstone twins for about the only FAVORABLE publicity anyone in this university got this year. . . . Still not sure which one has the Toni. . . . A curtsy too, to Taffy Rule, for becoming RENOWned as Miss Reno. She lost her race for the Tri-Delt entry to Mona Perry; then entered the competition for "20-30". This time she was in a draw with Florence Maestrestjuan. The "20-30" Club had their hands pleasantly full so the Optimists offered to take Taffy for their entrant. Now we know where the Optimists got their name. Taffy won the title, third time around. They tell me she peeled off 20 pounds for the contest. Next—MISS NEVADA? . . . Another curtsy to Eppiedoodleda—Eppiparcucar—Eppendicitis . . . anyway, a curtsy to that guy who really produced a Mackay Day this year (his last name's Johnson). . . . Another bow to the Highlanders for that same event. They pitched in "work day" even though they weren't in competition for the cup. . . . A neat curtsy to Herbert Caen for borrowing an item from "strokes," enlarging on it, and making it into a production (The Roosevelt Cuff Links story). Ne says he reads the Brush regularly. . . . To Acting President Colonel Gilbert Parker, a shaky salute for taking more daubing in Brush Strokes than anyone else, and never once yelling for paint remover. . . . And a curtsy to everyone who ever contributed to the column, especially to the ITEM-Miser, Bill McFarland. It is impossible to fill one of these things without everybody telling you what's going on. . . . And a thanx for that FIRST letter of encouragement and appreciation. The epistle was signed simply "Five Nevada coeds spoken for by Jane." . . . To the Tri-Delts for the last letter of the year, a note of congrats and kind words. . . . And for the other notes received, both good and bad, THANQUE.

APOLOGIES: to Ed Toczylofski, Nevada alum, for misspelling his name twice. . . . to the Filthy Five for PRINTING their names. The LADY of the house (Artemisia Hall) ordered them to disband. Sorry, very sorry, since the title meant nothing. . . . Apologies to Ingrid Bergman, over whom a Stromboli was made out of a molehill. Fellow named dave hand called us a number of things, if you'll remember, because we weren't letting this girl live her own life. His letter to the editor was libelous, but since the Brush printed it, we had no recourse but to sue the paper, too. Ain't THAT a riot? . . . Insincere apologies for trying to beat you over the head with World Federalism. It may interest you to know you're not the first who have considered the idea a little crazy. The federation of the United States squeaked through to ratification by the narrowest of margins back in 1788. On July 10, that year, the New York Public Advertiser noted the following in its shipping news: ". . . the entrance (into the harbor) of the good ship FEDERAL CONSTITUTION—carrying 13 parcels of Peace, Union, and Friendship. Passenger list: Messrs. Flourishing Commerce, Public Faith, etc." Also noted in the shipping news—" . . . the total loss of the sloop 'Anarchy,' wrecked on the 'Rock of Union.'" . . . To put it still another way, the only peace which has EVER existed, has been under Law and Government. . . . Here we are 15,000 words from where we started, according to the spirometer. Somebody told us 250 different names were mentioned. So let's go to bed and let all these people go home.

"Better Business" Program Plan For Gow Hall

A program to institute better supervision and initiate better business principles in the University of Nevada dining hall was begun early this semester by Colonel Gilbert E. Parker, acting president of the university, the president's office announced today.

Among the items Colonel Parker included in his proposed reform are the inclusion of the dean of women as permanent chairman of the dining hall committee, making the dean of men, the health officer, and the manager of the dining hall permanent members of the committee, and making the comptroller a member of the committee.

As to actual operation of the dining hall, Colonel Parker recommended "a coordination of the accounting systems between the comptroller's office and the dining hall, a system of periodic dining hall reports during each semester, a recommendation that men students living in the dormitories be on the same basis that the women required to eat in the dining hall students are required to, and a popularizing of the dining hall, which is considered by many students as below average, but which, in comparison with the dining halls of other universities, is actually above average."

The rates of pay of students employed in the dining hall would also be reviewed, as it has been found, Parker said, that they are paid 40 to 100 per cent more than are students doing comparable work at other institutions.

Colonel Parker also felt that a system of registering any complaints against the dining hall should be made clear to the patrons. He recommended that all complaints be first made to the manager, and that those she could not settle be reviewed by the committee.

Colonel Parker indicated that the student committee investigating the dining hall had not, as yet, made any report of their investigations to him, and that such a report, if made before the end of the semester, would be valuable in aiding him with his investigations.

Plan to be at Bowers Mansion for the senior picnic Thursday.

Seniors, pick up your caps and gowns at the library next week.

It's the senior trek on Friday—caps and gowns.

He will deliver address at commencement.

Dr. Monroe E. Deutsch, vice-president and provost emeritus of the University of California, will speak to Nevada's graduates Monday, June 12.

Dr. Deutsch will also speak Saturday evening, June 10, at the annual banquet of Phi Kappa Phi.

He has been awarded honorary degrees by five colleges and universities, was cited as "The Distinguished Alumnus" of UC for the year 1947, and he is a president of the Western College Association, of which the University of Nevada is a member.

Welty Heads Wise-Y

Election of fall semester officers for Wise-Y, sophomore and upper class women of the YWCA, was held the weekly Wednesday noon luncheon meeting in the YWCA office of Stewart Hall.

New officers are Pat Welty, president; Joan Foster, vice-president; and Nancy Haggerty, secretary-treasurer.

Eligibility, Extra Curricular Activity Recommendations Are Approved

At a meeting of the Athletic Policy Investigating and Recommendation Committee held Wednesday, May 17, 1950, it was decided to include ten new recommendations concerning the eligibility of students participating in extra-curricular activities, intercollegiate athletics included.

Under the item of Eligibility and Admissions the following recommendations were adopted:

1. Students participating in extra-curricular activities abide by the entrance requirements as they appear in the forthcoming university catalogue.

2. A faculty committee of not less than five members be set up to:

(a) To certify the eligibility of all students participating in extra-curricular activities, intercollegiate athletics included.

(b) To report to the academic deans and director of the particular activity those students who are endangering their scholastic record by participating in these activities.

(c) Report to the president the actions of the committee.

(d) Recommend to the faculty such changes and improvements necessary to the effective operation of the committee.

(e) To elect its chairman and to draw up by-laws to be approved by the faculty, the president, and the board of regents.

3. The Board of Athletic Control and the director of athletics be advised yearly by the Eligibility Committee of any proposed changes to the university catalogue regarding admissions, eligibility, and scholastic requirements. The Board of Athletic Control and director of athletics will be advised in time to make any recommendations it cares to, to the Board of Regents prior to the regents approval of any changes.

The next item was that regarding Probation of Students. The recommendation approved was:

4. That a more lenient ruling than that proposed by the faculty committee be effected, following the lines of the letter from Stanford University, as follows:

"A student on scholastic probation is entitled to participate in extra-curricular activities including intercollegiate athletics.

If a student is allowed to stay in the institution he is allowed to participate in the activities of the institution.

The third item to be discussed was the business of fund raising, disbursement of funds, and assurance from the alumni representa-

represent the faculty; two students to be elected by the student body as specified in the constitution; and one member to be appointed by and to represent the Board of Regents; the chairman of this board to be elected year to year.

8. This seven man Board of Athletic Control to have full jurisdiction over all intercollegiate athletics as outlined in the board of regents' resolution of April, 1939, which set up the present athletic board.

9. That the various groups coordinate the appointment of their members to the board through their chairman so that continuity of membership will be assured through staggered terms of appointment, and if at all possible there be no fewer than three new members at any time.

The final recommendation accepted was:

10. That each board member be instructed that he is responsible to the group that appoints him to the athletic board. That part of his duties is to report to, and continually advise his respective group of the board's progress and action.

Infirmiry Wants All Equipment

All equipment that has been checked out from the infirmiry must be checked in immediately or the responsible persons will be charged out of their \$10 breakage fee.

The following persons have ace bandages checked out and should be returned: Bill Baur, Alton Benedetto, Robert Bradshaw, Henry Clark, Pat Brady, Paul Clark, Ken Daoust, Margaret Cornick, Al Dondero, D. A. Douglas and Denis Dunlop.

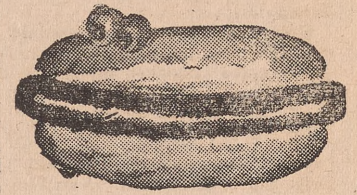

Other students who still have ace bandages are John Peterson, Dan Oujmet, Peter Raboli, Samuel Savini, Ray Scofield, Jerry Stanford, Kay Sterling, Dan Sullivan, J. J. Sullivan, Audrey Westergard, John Lundquist, Joan Metzger, Jack McAuliffe, Joan Lang, Howard Hartsfield, Lee Hansen, and Saryle Grafton.

Three pairs of crutches have yet to be returned. Willard Esplin, John McEachern, and Raymond

Marks are the men held responsible for them.

Lawrence Hairston, William Horton and Leo Le Goy are requested to return their equipment.

Don't forget the senior banquet at the Trocadero tonight.

First Annual Sigma Delta Psi Day Displays Variety of Athletic Talent

Pat Brady's 77 yard in the air football kick was the outstanding accomplishment of the first annual Sigma Delta Psi day.

Held May 25 and sponsored by the Nevada chapter of the national honorary athletic society, the event was declared a success by G. A. Broten, advisor to the group.

During the afternoon 11 events required for entrance into Sigma Delta Psi were run off. Any University of Nevada male student was eligible to compete in any and all of the events.

The best times in each event were recorded and placed on file for future reference.

Brady's kick was the best mark registered during the day. He almost doubled the necessary qualifying distance of 40 feet.

Bill Higgins was the day's only three event winner. He took first place in the javelin throw, the baseball throw and high jump.

Several students scored wins in two events. Procter Hug Jr. won both the broad jump and 120 yard low hurdles, Marvin Byars the 100 yard dash and mile run.

As a result of the day's activities, several students now have only one or two events remaining to qualify in Sigma Delta Psi.

Bill Higgins now has only his swimming requirement; Lionel Leonard the mile run; Alf Sorenson, swimming; Jerome Etchegoyhen, handstand and hand spring; and Elwin Pulsipher, hand stand and rope climb.

Bill Jager, Sigma Alpha Epsilon and sophomore arts and science student, completed his final requirement during the day. He successfully ran the mile during the day's program.

Alpha Tau Omega fraternity had the most men qualifying in the various events. Total events qualified for by the Taus amounted to 34.

The Unorganized Independents qualified men in 33 events for a close second and Lambda Chi Alpha had 31. Other organizations and events met were Sigma Alpha Epsilon, 30; Sigma Rho Delta, 22; Sigma Nu, 12; Organized Independents, 10; Phi Sigma Kappa, 5; Theta Chi, 1; Highlanders, 0; and Sigma Pi, 0.

About 125 men turned out for the program, according to Broten. The best times during the meet have been placed on a plaque in the new gymnasium where they will remain until broken.

The list includes:
100 yard dash: Marvin Byars. Time, 10.5 seconds. Qualifying time, 11.6 seconds.
120 yard low hurdles: Procter Hug Jr. Time, 13.9 seconds. Quali-

fying time, 16 seconds.
Broad jump: Procter Hug Jr. Distance, 20 feet 3-4 inches. Qualifying distance, 17 feet.

High jump: Bill Higgins. Height, 5 feet 10 and one-half inches. Qualifying height, 5 feet.

Shot put: Lawrence Hairston. Distance, 40 feet 8 inches. Qualifying distance, 30 feet.

Baseball throw: Bill Higgins. Distance, 325 feet. Qualifying distance, 250 feet.

Football kick: Pat Brady. Distance, 77 yards. Qualifying distance, 40 yards.

Mile run: Marvin Byars. Time, 5 minutes 13 and 8-10 seconds. Qualifying time, 6 minutes.

Rope climb: Jerry Schafer. Time, 8.1 seconds. Qualifying time, 12 seconds.

Javelin throw: Bill Higgins. Distance, 177 feet 8 inches. Qualifying throw, 130 feet.

Swimming, handstands, fence vault, handsprings were not run off during the day.

SAE's Take First Place

With a record of nine wins and no losses, Sigma Alpha Epsilon fraternity has taken the 1950 intramural handball doubles championship.

The SAE's will now receive 40 points towards the year's intramural championship.

Taking second place in handball doubles was Alpha Tau Omega, which received 20 points.

Third, and receiving 10 points, was Sigma Nu.

An unusual occurrence in this year's sport was that only the three above mentioned teams finished the schedule. According to intramural rules any team forfeiting two or more games is automatically dropped from the schedule and is credited with no wins.

Teams which forfeited were Sigma Rho Delta, Phi Sigma Kappa, Sigma Pi, Organized Independents, Lambda Chi Alpha, Highlanders, and Theta Chi.

Theta Chi Wins Intramural Tennis Doubles Title

Final results for intramural tennis doubles and corrected standings for tennis singles were released this week.

G. A. Broten, university physical education instructor in charge of intramural tennis, said that an error was made in the original tennis singles results.

As a result of the new singles standings, a three way tie exists between Sigma Nu, Theta Chi and Phi Sigma Kappa fraternities. Each of the three will receive 11.66 points in intramural sports standings.

Second place went to Alpha Tau Omega, which received two and a half points. Third was Sigma Alpha Epsilon which got one point.

Theta Chi is the undisputed tennis doubles champions, having completed an eight game schedule without defeat.

The Theta Chi's will receive 40 points in intramural standings.

In second place was Lambda Chi Alpha fraternity, which will receive 20 points. Sigma Nu took third and 10 points; Phi Sigma Kappa, fourth, five points; and Alpha Tau Omega, fifth, two and a half points.

The final standings in both tennis singles and doubles were listed as follows:

Tennis Doubles		
Organization	W	L
Theta Chi	8	0
Lambda Chi Alpha	7	1
Sigma Nu	6	2
Phi Sigma Kappa	5	3
Alpha Tau Omega	4	4
Sigma Alpha Epsilon	3	5
Organized Independents	1	7
Highlanders	1	7
Sigma Pi	0	8

Tennis Singles		
Organization	W	L
Sigma Nu	7	1
Theta Chi	7	1
Phi Sigma Kappa	7	1
Alpha Tau Omega	5	3
Sigma Alpha Epsilon	4	4
Lambda Chi Alpha	3	5
Sigma Rho Delta	2	6
Highlanders	1	7
Organized Independents	0	8
Sigma Pi	0	8

SENIOR BANQUET

The class of 1950 will hold its banquet Friday, June 2, at the El Cortez Hotel.

Principal speaker will be Colonel Gilbert Parker, acting president of the University of Nevada.

The junior breakfast will be held at the 116 Club Saturday morning, June 3, at 9:30 am.

Fashion Show, Opera Presented Thursday

"Give Me a Ring was the theme of a fashion show and opera presented last Thursday evening in the education auditorium by YWCA freshmen.

A short opera, now appearing on Broadway, was presented by Marjorie Dickinson, soprano, and Joseph Battaglia, tenor. Members of the Mackay Day song team sang several numbers.

Fashions were modelled by Katherine Claudianos, Patti Jefferson, Dorothy McElwain, Marge Terry, Darlene Lowry, Jimmie Horning, Connie Lee, Lois Lang, Jean Pincolini, Joan Lang and Arlene Freedman.

Song team members include Jennie Gibson, Jeanne Zeleata, Alvan Denton, Mike Dwyer, Katherine Claudianos, Patti Jefferson, Jean Pardi and Grace Jeppson.

Joan Foster announced the show and Thelma Gerrey provided piano accompaniment.

Klim, P. O. Host High School Leaders

New ASUN president Ted Klimaszewski and P. O. Reimer were hosts to the leaders of the various high schools who were attending their annual convention May 19 and 20.

Ted Klimaszewski personally conducted the student body presidents around the campus on a tour and P. O. Reimer gave talks pertaining to campus life.

An important matter to come before the group, and one that was voted against at the convention, was the problem of whether to form a state association of student councils.

Serving as convention chairman this year was Wallace Kurtz. This year's committee at the university included Jane Ray, Caliente; Patti Jones, McGill; Art Wigg, Yerington; Ray Marks, Reno; Elmo Dericco, Lovelock; Ted Lokke, Sparks, and Carol Oldham, Silver City.

Free luncheons were served by the sororities while the fraternities furnished the students housing.

"HAM" HANGS PIN

Jane Bergendorf, Pi Beta Phi, is now wearing the pin of "Ham" Prugh, SAE.

Junior-senior breakfast at the 116 Club tomorrow morning at 9:30.

Caps and Gowns To Be Available At Libe Next Week

The graduation caps and gowns will be available to seniors at the university library from Monday through Friday of next week.

One hundred and fifty sets have already arrived, and the rest will be here by next week.

Clare Louise Johnson, who is in charge of the caps and gowns, said that they cannot be picked up before Monday, and they have to be returned immediately after graduation.

Seniors will first have to deposit one dollar at the comptroller's office, and then present the receipt at the cap and gown room at the north end of the first floor of the library before the caps and gowns may be picked up.

KLIM TAKES OATH NEXT WEDNESDAY Publication Board To Hold Banquet

Ted Klimaszewski, newly elected president of the Associated Students at the University of Nevada, will take his oath of office before the ASUN senate at its last meeting of the year, Wednesday, June 7.

The new senators for next year will also be sworn in at that time to conclude the senate's action for the year.

Plans for its annual banquet were made by publications board at its final meeting yesterday.

The board is also seeking editors and business managers for the annual frosh handbook which must be rewritten this summer. Editors and

business managers of both the Artemisia and Sagebrush have been asked to make recommendations for the jobs. Anyone interested may apply however, to the graduate manager, for possible positions on the book staff.

Journalism Students Hear Editor

Nevada students of journalism will probably have a better than average opportunity to find a job, according to Ray Spangler, editor of the Redwood City Tribune of California.

Mr. Spangler, in a short talk to journalism students and members

of Sigma Delta Chi last Monday, praised the Nevada school of journalism, and remarked that the old theory that journalism schools did not train men properly for a newspaper profession, is fast disappearing.

Mr. Spangler is president of the Northern or San Francisco chapter of Sigma Delta Chi, the professional journalistic fraternity, and former president of the California-Nevada Associated Press editors.

Not Till July!

Many veterans on the campus are living under the illusion that the checks for subsistence from June 1 to June 9 will be mailed to them before the first of next month. The government always pays in arrears the first of each month, therefore, the checks for the June 1 to June 9 period will be mailed so that they will be received on July 1.
