Recommend No Exams For Homecoming Week

No examinations will be scheduled during the Homecoming weekend from Thursday through Monday whenever faculty members find it possible to follow this policy, Dr. Robert S. Griffen announced this week.

This recommendation comes from the university administrative council, composed of the deans and directors of the departments, and has jurisdiction over all academic affairs of the campus.

The success of this policy depends largely on student cooperation, the council stressed. Whether any future recommendations of this sort are issued depends upon student attendance during this period.

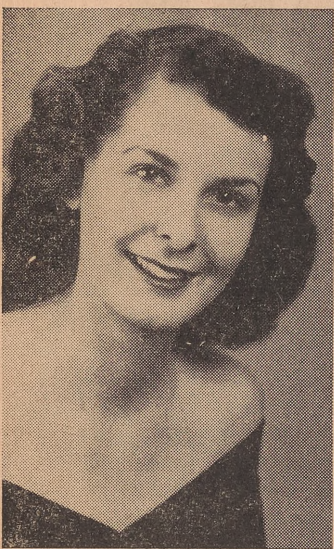

"Students are urged to demonstrate their good faith by attending classes and keeping up with their assignments as much as possible," Dean Griffen commented.

Only a Recommendation

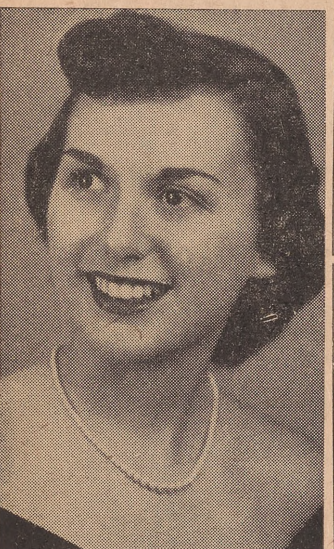

The recommendation is not a hard and fast rule, council members decided, since the policy will be difficult to carry out this year.

The Admission Day holiday, which comes on the Wednesday following Homecoming, would prevent classes meeting on Monday, Wednesday and Friday from taking an examination for the period of a week. This might inconvenience the schedule of certain instructors. The policy, however, will be carried out whenever feasible, Dean Griffen stated.

Students in the cast of the Wolves Frolic attending dress rehearsal Thursday night will not be excused from Friday classes, as originally anticipated, the council decided.

UNIVERSITY OF NEVADA FRIDAY, OCTOBER 12, 1951

Homecoming Plans Roll

"All Homecoming traditions will be observed this year except the annual intercollegiate football game which will be replaced by a student and alumni team contest," said Lou Eccles, Homecoming chairman. "A full weekend of events is scheduled and we want everyone to attend all of them." Dates set for Homecoming are October 25, 26 and 27.

Open houses, a street dance, the Wolves Frolic, a parade, the football game and the Homecoming dance are all planned.

The official beginning will be Wednesday, Oct. 25, when the sororities hold open house to introduce their candidates for Homecoming queen. Campus lovelies vieing for the honor are: Carol Doyle, Sallie Rogers, Vicky Vickery, Leona Hickey, Priscilla Rowan and Janet Melindy. The men students will vote Thursday. The name of the queen will be announced Friday night at the Wolves Frolic.

The Phi Sig street dance will begin at 8:00 Thursday night. Records over a loudspeaker will furnish music for dancing. The street will be roped off in front of the house at 437 Lake Street. Coffee and doughnuts will be served by Phi Sigma Kappa fraternity.

Friday Frolic

The Wolves Frolic, a variety show composed of acts from fraternities, sororities, campus organizations, and other talented performers will start at 9:00 Friday night in the State building. The show will last about two hours, according to Dr. William Miller, director of the Frolic. An added attraction will be a ballet featuring a group of male students.

The parade will get underway at 10:00 a.m. Saturday and proceed through downtown Reno. The University of Nevada band and the bands and drill teams of Sparks high school and Reno high school will participate in the march. The Eko Drum and Bugle Corps is also expected to come.

Floats entered by fraternities, sororities, and campus organizations will be judged. Cups will be awarded to the winners.

Almost Has Beens

A special feature of the parade will be ancient cars transporting some of Nevada's former football players who claim they are too old to play on the Alumni team and too young to stay at home.

Kickoff time for the alumni-student game will be at 2:00 p.m. Half-time activities include the crowning of the queen by President Malcolm Love, the Frosh-Soph tug of war over the 50 yard line, and the finishing of the cross-country race slated to end at half-time.

Immediately after the game the

Buick automobile will be given away by the Alumni Association.

Each sorority is serving a luncheon for its alumni Saturday noon, and the fraternities are holding "open house" for their graduate members after the game.

Dance Saturday

The Homecoming dance Saturday night from 9:00 to 1:00 at the Mapes Hotel will climax the festivities. Cups will be awarded to the queen and the winner of the cross-country race. The sorority and fraternity with the winning float in the parade, skit in the Wolves Frolic, best attendance at the dance, and the outstanding organizational float will also receive cups.

Chairman Lou Eccles announced "Tickets to the dance are only \$75 stag and \$1.50 per couple. Also, all girls will have a two o'clock night."

Committee Members

The committee for this year's Homecoming celebration are: Lou Eccles, general chairman; Marvin Byars, cross-country race; Vince Reagar, cups and awards; Earle Dempsey, street dance; Knight Beauchamp and Norman Minola, parade; Joann Menu, Ray Hunter, Joan Foster, Jean Wilton, dance; Carol Oldham, Connie, Lee, secretaries; Myron Leavitt, Bill McDonald, publicity; Proc Hug, representative to Alumni Association; Ruth Eachus, Jack Keen, queen contest; John Harrison, liaison for Wolves Frolic; Red Esplin, half-time activities.

Gadda, Schultz In Run-Off Elections

George Gadda and Otto Schultz will be on the run-off elections ballot for freshman class manager. Following elections held yesterday, no one of the five candidates received a majority of the votes.

Six Coeds Vie For Queen Title In 1951 Race

Candidates for the 1951 Homecoming Queen are Carol Doyle from Delta Delta Delta, Sallie Rogers from Gamma Phi Beta, Vicky Vickery from Kappa Alpha Theta, Leona Hickey from Pi Beta Phi, Priscilla Rowan from Manzanita hall and Janet Melindy from Artemisia hall.

The women were selected at their houses and halls a week ago Monday. Their names were kept secret by the Homecoming committee. Ruth Eachus and Jack Keen, members of the committee, are in charge of the selection of the queens and their campaign.

According to Ruth Eachus, the election for the queen will be held Oct. 18 in the basement of Stewart hall at the Y. W. C. A. snack bar. At this time the Block N assistant representative and the freshman class manager will be chosen. Only male students will be eligible to vote for the queen, according to Jack Keen.

Brush to Break It

The Sagebrush will make the announcement of the results during the middle of the Wolves Frolic and until the last minute before publication the votes will not be counted. It is the desire of the Queen committee to keep the results completely secret.

The candidates will be introduced to the men on campus when they attend dinners and luncheons at the fraternity houses and dining hall. Their pictures will be posted on campus. All males on campus who have not had a chance by that time to meet the candidates will have their last opportunity to do so at the open houses to be held Oct. 17.

With a total of 178 votes cast, Schultz and Gadda lead the other candidates with 52 and 49 votes respectively. Moose Rasmussen received 37 votes, Ray Pastorino 23, and Merle Zmak 17.

Eighteen Students To Be Selected For Who's Who

Who's Who In American Colleges will contain the names of 18 University of Nevada students this year. The Who's Who is published annually and lists the names and biographies of campus leaders from every college and university.

Each organization on campus is asked by Robert Griffin, dean of men, to submit the name and type-written description of the qualifications of any student who might qualify for Who's Who. Individuals not connected with any campus organization are also urged to submit their names and qualifications.

Selections from the candidates for Who's Who are made by the dean of men and the dean of women. They have been using for several years a point system to evaluate the qualifications and determine which names will be chosen. Each activity in which the candidate has participated is awarded a certain number of points. The scholastic record of the candidate is also evaluated. Equal importance is given to activity participation and to scholarship.

Deadline Tuesday

Organizations or individuals submitting names are urged by Dean Griffin to list every activity the candidate has taken part in and also the year of participation. Student body organizations, committees, departmental clubs, and other activities are all to be listed. The names and biographies must be submitted to the dean of men or dean of women before October 16.

Only juniors and seniors are eligible for selection. Preference will be given to seniors, since juniors will again be eligible next year, according to Dean Griffin. The president of the ASUN and the editor of the student newspaper are automatically placed on the list.

When the 18 students have been chosen, their names and biographies will be sent to Who's Who headquarters in Alabama. The book will be published sometime next spring. Each student selected will receive an engraved certificate.

Tickets on Sale For Frolic Show Starting Monday

Tickets for the Wolves' Frolic will go on sale Monday afternoon to all students, according to Dr. William C. Miller, director of this year's show. They will be sold in the ASUN building every afternoon next week.

Scripps' - Scraps

By ED SCRIPPS

Ever since my first attempt at column writing last week, people have been remarking about the title. It seems there is some question about the proper pronunciation. Well, take your choice.

Registration was some time ago, but I just heard about the Frosh who asked one of the Blue Key members where he could sign up for a course in "humilities" . . . that's one I've been trying to get out of for the past two years.

And then about the same time the campus loudspeaker announced, "There will be a student assembly this morning, and all students are urged to be PLEASANT." Not a bad idea either.

Well we can all get to those one o'clocks on time again, the World Series is all over. GENE BROWN is still moaning about the outcome, it seems "Those D— Yanks" won again. Among the most interested of the fans was Dean Griffin; sitting on the window sill of his office was a radio, broadcasting the games.

Baseball was not limited to New York, the University of Nevada ended its own softball version of the series last Monday when the Sigma Nu's took the ATO's with a seven to two score to win the inter-fraternity championship. ATO's landed in second place while the SAE's came up in third. All three houses will get points for the Kinnear trophy. It promises to be a good race, and the students are missing a good excuse not to study if they don't show up at some of the coming contests.

Socials held the spotlight this week on the campus. Nevada men got a good look at Pi Phi pledges at an open house held last Sunday in their honor. Congrats girls, a good party and WOW.

SAE's followed through with a social for all freshmen women last Wednesday, another good party and another WOW.

SUE HEYMAN still can't seem to make those meetings. She turned up for one last Wednesday promptly at eight; well, the meeting was at seven. You're getting closer Sue, keep trying.

O FOR A DOG'S LIFE . . . the only one I've seen to date who can get away with sleeping in class is Jaguer, JIM DAVIES' new pooch. He even cut geography last Wednesday, for that matter so did Jim, but then the prof forgot to call Jaguer's name, "lucky dog."

WHO'S DANCING WHERE . . . DON PETRONI, social chairman for SAE's scheduled a pledge dance at Lawton's for Saturday; well it seems the Pi Phi's also have one scheduled for Lawton's. It's going to be a night crowded isn't it.

California's football army seems to be on the march again with the old platoon system in full swing. Kip Taylor, Oregon State coach, has his own idea of a platoon system; one for defense, one for offense, and one to attend classes. Not a bad idea at that.

Alumna, Joan Powell, (51), was working for United Air Lines this summer. One of their favorite service slogans reads, "good passenger service doesn't just happen." So when Joan was explaining efficient service to a satisfied customer, he proudly pointed out that, "Good passenger service JUST DOESN'T HAPPEN." Somebody must be right.

Congrats to the administrative council. They have made strong recommendations to faculty members that no students be given exams from the Thursday before Homecoming to the Wednesday after. Take note, professors.

Somebody has been sending nasty letters to Colonel Loewus, new head of the military department. The colonel turned around and read them back to the class. Hep two three four.

RIDE 'EM COWBOY . . . VERLITA JOHNSON was demonstrating to a couple of kids who rode by her place the other day, that their horse was perfectly safe. Verlita hadn't even gotten herself in the saddle when she found herself walking around on a pair of crutches. For a moment I thought ski season had started.

Scotty and Lynn Hart are back again at their old stand at the Blue and Silver. Good luck, it's good to see you back.

"Old Time Movies" are also making a comeback on the campus. This time the Campus Players are sponsoring the Sunday night show. For two-bits you can see the best in movies, starting this Sunday with "The Phantom of the Opera."

Night Raiders Attack Observatory; University Erects Steel Barricades

Several assaults on the new astronomy observatory by unknown vandals this summer compelled the university to install steel shutters on the window.

The observatory, located on the hill behind the veterans' housing project, was completed recently and is awaiting the installation of a \$7,000 telescope.

Vandalism was first noticed, according to Perry Hayden, university comptroller, when a night watchman reported that all but four window panes in the building had been smashed. The panes were of heavy wire-mesh glass.

The next day the vandals returned, entered the building, and destroyed the toilet fixtures. Everything that was loose was stolen, and damage was estimated at \$250.

To prevent a recurrence, steel shutters were ordered placed over the windows. The shutters, costing over \$500, are one-quarter inch thick. Since their installation no further destruction has been reported.

The observatory will be opened to astronomy classes as soon as the new telescope is finished and shipped here from San Francisco. The scope will be mounted on a concrete block within the building

and will be fixed to machinery which will compensate for the earth's revolution.

BLOCK N

Block N, composed of 20 returning lettermen, meets for the second time this year Wednesday, 8:00 p.m., in the athletic office of the new gym.

Burt Larkins, president of the athletic organization, says there will be important business on hand and urges all members to be there.

Pulitzer Winner SDX Initiate

8 Undergraduates, Five Professional Newsmen Included

Eight undergraduate journalism students and five professional newspapermen including a 1951 Pulitzer Prize winner will be initiated tomorrow into Sigma Delta Chi. Initiation ceremonies for the national professional journalistic fraternity will be held in the Journalism building, and will be followed by a dinner at the Santa Fe hotel.

Undergraduates, all students in the journalism department, are Joseph Abbott, Frank Johnson, Willard Esplin, Donald Loveless, Arthur Peterson, William Van Der Ley, William Smith and William Irish. Arthur Long, pledged last year, is scheduled to be initiated in the spring.

Professionals Too

In recognition of their active work in journalism, four Nevada newsmen and one from California will also be initiated. They are Edward Montgomery, Nevada journalism graduate of 1934 and winner of this year's Pulitzer Prize for local reporting; Carl Shelley of the Sparks Tribune; Paul Gardner of the Lovelock Review-Miner; Pete Kelley of the Nevada Daily Appeal, and Frank McCulloch of the Reno Evening Gazette.

Highlighting the initiation, a talk by Montgomery will be given at the dinner following the ceremonies. As a reporter for the San Francisco Examiner, Montgomery was awarded the Pulitzer Prize for his distinguished reporting of corruption among income tax officials in the Bay area.

Acted On Tip

Overhearing a drunk boasting about contacts among tax officials who could 'fix' income tax raps, Montgomery followed the tip and turned it into one of the top stories of the year.

Montgomery's evidence, obtained from the records of a mining firm that was producing no ore, formed the basis of the accusing of several government agents who were selling stock to gamblers who were headed for trouble concerning their income taxes.

As an undergraduate at Nevada, Montgomery worked on the editorial staff of the Sagebrush for four years, was a member of the ASUN Senate, and served as president of the Press Club for two years.

New Yell Squad To Lead Rooters At Alumni Game

Leading the rooters at the Homecoming football game will be the recently appointed cheerleading squad. Don Harris, Bill Brown and George Schindler will make up the first team. Bob Coughlin, Bob Cooper and Elwood Haggerty will serve as alternates.

Don Harris, head cheerleader, has been on the squad for two years. Schindler served as an alternate last year, and Brown was a yell leader in Grass Valley high school.

Song Team Tryouts

Tryouts for the song-leading team will be held on Monday at 1:00 p.m. in the Mackay stadium, according to Harris. All women students interested in trying out for the team are asked to contact Mary Jane Zunino, head of the song leaders.

Saddle And Spurs To Resume Riding

Saddle and Spurs, the women's riding club, has resumed horseback-riding Friday afternoons from 1:00 to 5:00.

At the end of the four weeks of riding, the club will hold breakfast and supper picnic rides.

The new officers of the Saddle and Spurs, elected at the end of the last spring semester, are Norma Walsh, president; Marie Neilsen, secretary and Diane Lewers, treasurer.

In November the club plans to hold a banquet and at this time to initiate new members into the club.

From Harvard come word that freshmen became so skillful at beating the pay phones in the dormitories that the telephone company had to take the things out. This is another example of the unhappy collision between culture and the practical side of life.—New Yorker.

35 Students Apply For Employment

Thirty-two students responded to a three-day job interview session held on campus by the Nevada State employment service last week. Mr. Frank Naef and Miss Janice Young, both members of the employment service, who conducted the interviews in Stewart hall last Wednesday, Thursday and Friday, announced Monday that 16 women and 16 men were interviewed and filed applications for part-time positions.

Three persons have already been placed in positions and four others are awaiting confirmation from their prospective employers.

The majority of the job-seekers are freshmen, although seven veterans are among the men seeking part-time employment. Mr. Naef stressed the fact that applicants are still welcome, but they must register at the downtown office on East Second street.

The program is aimed at locating suitable jobs for students. To make use of this service students should fill out application blanks, which may be obtained at the downtown employment office, 102 E. Second St. On these blanks is listed the students' available time for such work.

Inasmuch as the state employment service is the leading agency of its kind in Nevada, it should provide the best service for students, according to Mr. Naef.

The new service comes at an opportune moment, he added, as Nevada students are finding it increasingly difficult to obtain part-time employment.

"Did you ever notice that you will find almost no total abstainers in jail or in the poor house?"—Not lately.

Only 1209 Students This Semester; Male Registrants Lead Women 2 to 1

Enrollment this semester has reached a total of 1209, a 12 per cent drop from last year's 1387, Mrs. Jeanette C. Rhodes, registrar, announced this week.

The 178-student drop follows the trend of lower enrollment figures after the peak of veteran and post-war registration was reached a few years ago.

A breakdown of men and women students reveals a less than two-to-one ratio of men to women for the first time since the end of the war. Total men registrants are 789, as compared to 420 women.

The freshman class, traditionally large, is the biggest again this year with 391. Juniors outnumber the sophomores, however, 248 to 244. There are 211 seniors registered. Fifty-three specials and 62 graduate students complete the list.

"Veteran enrollment may soon be on the upward swing again. The present G. I. program will terminate about 1955, but it is very probable that by then the Korean war veterans will be attending college under a G. I. Bill," said Robert Griffin, dean of men.

"A measure now before congress would provide that Korean veterans be given privileges similar to World War II veterans' rights," he continued.

Veteran enrollment this year, however, has dropped off slightly as compared with last spring. Disabled veteran registration has remained constant.

Admissions cleared by the admitting office have also declined, director Clarence Byrd stated. Last year, 542 admissions were cleared by October 1, when registration closed. About 83 percent of this number actually enrolled.

As of October 1 of this year, 458 admissions had been issued. This figure is not final since Las Vegas admissions are not yet complete, but the figure is running close to the 480 estimated earlier by Byrd.

Photographs for the 1952 Artemisia will be taken at the CAMERA, 129 N. Virginia, according to the following schedule.

BEHIND THE BROOM With THE MORRILL HALL MORALIST

I bin a wonderin about this here report that Dick Tracy had received bout a hundred thousand letters from adult (??) Americans expressin their sympathy with him and his wife on their losin the little baby Bonnie Braids.

I'm bettin they didn't get a single letter from the baboons in Africa.

Joe Stalin blew up a atom bomb tother day just to impress the rest of the world that he's a up an comin feller. 'Course he might just have thought it might be a good idea to have something to save a few faces when he has to order his Chinese volunteers to follow suit and back up a little with him.

A couple of profs left the campus tother day for a trip. When they got all their luggage stowed away an sed good bye they headed out in the big dual wheeled Buick Coup which is supposed to be the tow car for the big trailer which was given to the University last spring. I can't help wonderin if some-boddy thought they'd better take the towin job on account of they might come back loaded.

You can bet them sports car race drivers will high-tail outa town as soon as the races is over. They're too smart to hang around and be challenged by some of these high school and university drivers.

The latest diversion in Washington (D.C.) is tryin to Boyle Bill accordin to the president's office.

Campus Players got out a announcement that the campus could all attend the show Sunday night of The Phantom of the Opera. Wouldn't you think the Education Aud might be a leetle mite crowded if they all showed up.

The committee calls pictures back to 1935 "Old Time" I didn't mention that I seen the Great Train Robbery in 1904.

Blue Silver Reopens

The Blue Silver is reopening under the management of Lynn and Scotty Hart this week.

Lynn and Scotty originally owned the Wolf Den from 1941 to 1945, when they then built the Blue Silver. Lee DeLauer leased the restaurant for two years, and now Lynn and Scotty are back and managing it.

Regular board by the month is being offered to campus students this year.

"We hope to see all our friends soon and welcome them," said Lynn and Scotty.

Draft Deferments Thru Examinations To Be Continued

The present program of student deferment through competitive examinations will continue, it was recently announced in Washington by the selective service system headquarters.

The next tests will be given to students on Thursday, December 13, 1951 and on Thursday, April 24, 1952.

Four Possible Ways

There are four possible ways in which a male student with no previous military experience may be deferred.

1. Men who have been approved for advance R. O. T. C. courses and have entered into a contract with the United States government to take additional training after their collegiate careers are eligible for deferment.

2. Students who are enrolled as full-time students and are in good standing are eligible, provided they have not been deferred previously for the same reason.

3. Students are eligible if during their last academic year they ranked in the upper half of freshman class; the upper two-thirds of the sophomore class; or the upper three-fourths of the junior class.

4. Students are eligible for deferment if they attain a score of 70 or better in the selective service college qualification test.

The department of veterinary science has a collection of several hundred permanently mounted gross pathological specimens covering practically all the common infectious disease of animals.

Sigma Nu Takes Inter-Frat Softball Championship 7-2

The "top-half" of the fourth inning proved to be the big one for Sigma Nu fraternity as they banged out seven runs to defeat the ATO's 7-2 in the interfraternity softball championship game. The game was played last Thursday afternoon at Clark Field.

This game marked the end of the softball double elimination tournament which has been in progress since October 26. The "Snakes" went through the tournament without a loss. An earlier defeat at the hands of the champions coupled with last Thursday's loss eliminated the "Taus."

The "Taus" scored in the first inning when Short, left field, crossed the plate on catcher Quinlan's single. In the bottom half of the third the "Taus" scored again. Vice, ATO shortstop, scored on an error by Sigma Nu's Borda, second base, in a double play attempt. At the end of the third ATO 2, Sigma Nu 0.

Warm Up

Apparently the "Snakes" just needed a few innings to warm up for in the fourth they exploded in a 6 hit, 7 run rally. Hits by Neal, Marfisi, Brooks, Borda, Young and Douglas drove in the 7 tallies.

Battery for the ATO's was Hage, Morrison, pitchers and Quinlan, catcher; for the Sigma Nu's, Douglas, pitcher and Marfisi, catcher.

Elimination Games

Double-elimination play-offs ended Monday, leaving the way clear for the final game.

In two September 26 games, Lambda Chi outscored Theta Chi, 15-14 and Sigma Nu won over Sigma Rho by default.

The following day SAE walloped Phi Sig, 26-7 and the Independents forfeited to ATO. September 28, Sigma Nu downed Lambda Chi 10-7 and ATO edged SAE 5-4 in a close game.

Theta Chi and Phi Sig won forfeit games from Sigma Rho and the Independents respectively on October 1. October 3, SAE blanked Theta Chi 5-0 and Lambda Chi won by forfeit from Phi Sig. October 4, SAE 7, Lambda Chi 5. The ATO's won on Monday the right to meet Sigma Nu for the title by edging the SAE's, 2-1.

The tourney was originally set as a round-robin affair with all teams scheduled to play each other. The double-elimination idea, however, was adopted to permit softball-football players to get in more grid practice before the university-alumni game October 27.

Pack Tracks

By DAVE MATHIS

Last Thursday brought interfraternity softball to an end. This year a double elimination tournament was inaugurated to replace the old round robin affair of previous years. This was done to speed things up; but—before the smoke of softball battles cleared, almost as much time was consumed as if the round robin had been used. At any rate those softballers who are also out for interclass football can now devote full time to the gridiron.

It seemed to this reporter that interfraternity softball players showed more finesse and ability than usual. Lambda Chi's game with Theta Chi was a thriller as were the games between ATO, SAE and Sigma Nu and Lambda Chi. They were all tight games with close scores.

Those players who seemed to particularly stand out were Wyness, Echeto, SAE; Douglas, Neal and Marks, Sigma Nu; Vidovich, Lambda Chi; Vice, Savage and Quinlan, ATO; and Cutler, Theta Chi. This is the opinion of this reporter, who saw the above play. There may be many other opinions, and if so send them into the "Brush" and just for kicks we can compose an all interfraternity softball nine. In the absence of football it would make good copy for this column.

It has been proposed that this year's cross country race should finish at the half time of the homecoming football game. This is all very fine except for the fact that some of the top runners in the "frats" are also out for football. Beside the fact that these runners cannot participate in both contests, it has been pointed out to me by some of the men who are going to run that they will miss the first half of the game—by racing in the endurance grind... Miss it as spectators... Perhaps another date such as Friday afternoon would be more convenient to all concerned. However, this is merely

Sigma Delta Psi Invitation Open To Campus Men

Sigma Delta Psi, national honorary athletic society, has extended an invitation to all campus men to try out for membership.

Men wishing to take the qualification tests for entry into the society should contact members of the organization or Dr. J. E. Martie of the men's physical education department.

Giles Altenberg, president of Sigma Delta Psi, headed the group's first meeting last week. He said there are seven active members in the organization this year: Bill Jager, Jerry Wyness, Proc Hug, Altenberg, Bob DeRuff, Ken Yenter and Elwin Pulsipher. There are several men just one event short of gaining admission.

At the meeting last week, plans were discussed for the purchase of jackets bearing the Sigma Delta Psi emblem.

Through the generosity of several donors the Mackay School of Mines has accumulated a very valuable collection of Comstock maps, both surface and underground. These are filed in a large map case, a gift of Clarence H. Mackay.

a suggestion.

Getting back to softball for a moment, I want to add that the only trouble that the teams had this year, as far as arguments go, were over some of the calls by the umpires. This was not because of the insincerity of the umpires, but because they happened to be from the same fraternity as one of the teams on the field. This of course prompted suspicion in the other teams. It would be wise to continue the practice of the last few games which was to have neutral umpires. This could be practiced in other interfraternity sports also.

Dropped in last week to see Jake Lawlor and he informed me that the basketball schedule was complete and would be released in the near future. He also stated that the boxing schedule was being made out. Bouts are trying to be arranged with UCLA and with Idaho State at Elko.

"Jake" Lawlor Starts Ninth Year As Nevada Coach

Once voted the most colorful coach in Madison Square Garden, Jake Lawlor, Nevada's head basketball mentor and head of the department of athletics for the ensuing year, begins his ninth year at Nevada.

Jake won his laurels at the Garden in 1947 when the Wolf Pack defeated Saint John's 55-49. That season Jake had a win-loss record of 19 out of 32 games. The year before, however, (the season of '45 and '46) the pack won 29 of 33 games. The team that year entered the NAIB tourney and Bob "Shag" O'Shaughnessy was named all-American.

Lawlor began coaching at Nevada in 1942 and except for the years of '43 and '44 when the university discontinued basketball because of the war, has turned out some exceptional teams. Along with his duties as basketball coach Jake served as a line coach for the Wolf Pack gridders and as a track coach.

A University of Nevada graduate of the class of 1930, Jake lettered in basketball and football while attending the university. In the summers he found jobs where he could play baseball. In 1929 he worked at McGill, Nev., and played catcher on the McGill town team. His ball playing ability was fine enough to get him into professional baseball. After graduation he played for Sacramento and San Francisco in the Pacific Coast League.

When his ball playing career came to an end, he began coaching at Storey county high school in Virginia City, and later he moved to Reno high school. After his Reno job he came to Nevada and has remained at the basketball helm since that time.

In a window of an Indianapolis restaurant was the sign: Come In and Eat Before We Both Starve.

Walt MacKenzie Enters Car Race

Walter MacKenzie, 22-year-old senior journalism student, has an entry in the sport car races scheduled for October 21.

MacKenzie, a former hot rod mechanic from San Mateo, California, has entered a 1935 Ford sport roadster in the "Virginia Lake Handicap," a ten mile race limited to novice drivers. Said MacKenzie, "I'll try anything once."

Some of the world's fastest cars and best drivers will be seen in action in Reno during this first annual sports car road race. More than 30 entries have been received from all parts of the country. Some drivers are coming from as far away as New York and Florida for a chance to prove themselves on Reno's unique road race course.

You may send a message around the world in one-seventh of a second, yet it may take years to force a single idea through a quarter inch of human skull.

Old-Time Movies To Be Shown In Ed Building Every Sunday

Movies will be shown on the campus every Sunday night at 7:00 p.m. in the Education building auditorium beginning Sunday, Oct. 14, according to Mary Ann McClure, president of Campus Players.

Campus Players, honorary drama group, have arranged for a feature and three shorts to be shown every Sunday night at 7:00. The admission charge will be 25 cents.

The features will be older productions of good quality and dramatic significance. Insofar as is possible, each feature will be accompanied by one comedy short, one cartoon, and alternately one sports reel or one travelogue. The features will date back as far as 1935 and will include some well acted performances.

Showing on Sunday night, Oct. 14, will be "The Phantom of The Opera" with Claude Rains, Nelson Eddy and Susanne Foster.

Coming programs will be posted no later than Wednesday of every week and will be published in the Sagebrush.

Efforts will be made to have the showing over by 9:30 p.m. each Sunday evening.

The committee consists of Mary Ann McClure, president of Campus Players; Larry Chapman, Norma Carnell, Pat Welty, Vince Reager, Robert DeBolt, Bobbie Jean Cummins.

Hi School Papers Will Be Judged By Press Club

Publications from Nevada and Eastern California high schools will be judged again this year in an annual contest sponsored by the Press club, a professional and social organization of students in journalism and staff members of the campus publications.

The department of journalism cooperates with the Press club in the contest. Shirley Kershner, Tri-Delt journalism major, was appointed chairman of a committee to contact all high schools for entries.

Each year an award is given to the high school publishing the best printed yearbook or the best mimeographed yearbook. An award also is given to the high school publishing the best printed newspaper or the best mimeographed newspaper. Four awards in all are given each year.

The publications are judged by the advanced journalism classes. The criticisms and evaluations are returned to the high schools after the contests.

All high schools in Nevada and Eastern California, are eligible to compete for the awards.

Firm Promotes Nevada Graduate

Richard Gorman, 1951 graduate of the college of engineering, has been placed in charge of five to fifteen test engineers with the General Electric Company of New York, according to Prof. I. J. Sandorf, chairman of the electrical engineering department.

The new assignment will be concerned with the manufacture and testing of aeronautic ordnance equipment.

As a result of this new position, Gorman has been given a postponement in reporting to active duty with the Air Force, according to Prof. Sandorf.

Frosh To Paint 'N' on Peavine Next Saturday

The freshman class's annual job of whitewashing the 'N' on Peavine mountain is scheduled for Saturday, Oct. 20.

All first year students are to meet in front of the A.S.U.N. building at 8:00 a.m. Transportation will be provided from there. Students can take their own cars. Old wearing apparel is recommended.

Any freshman failing to show up will be dealt with severely by the upper class committee. No excuses will be accepted, according to the Block N.

The whitewash job is designed to brighten things up for the grads who return a week afterwards for the Homecoming celebration.

The painting will be supervised by members of the Block N.

YWCA To Start 'Chest' Drive

The Community Chest campus fund drive, sponsored by the Y. W. C. A., will begin next Monday under the direction of Ann King, sophomore Y.W.C.A. member.

Representatives from each sorority, fraternity, dormitory and hall will be appointed to receive donations from students. The money collected is to be turned in to a central Community Chest fund in Reno.

Part of all donations made on campus will be returned to the YWCA to help offset the annual deficit created by necessary upkeep in the snack bar.

Miss King hopes to collect an average of 25 cents per student this year. In last year's drive, the YWCA set a goal of \$500, but realized only about 50 percent of that figure.

A table will be set up in the snack bar for accepting donations from students who do not belong to an organization. Each donor will be given a red feather sticker, the symbol of the Community Chest.

Trying to settle a problem with oratory is analogous to trying to unsnarl a traffic jam by blowing horns.

Cap And Scroll Holds First Meet To Honor Officers

Members of Cap and Scroll, women's honorary organization of coed leaders, held their first dinner meeting of the year Thursday, October 4, at Eugene's restaurant.

Honored at the dinner were the group's officers: Barbara Carruth, president; Donna Batt, secretary, and Verlita Johnson, marshal.

To be eligible for Cap and Scroll a student must be president of a club or other organization on campus and have a grade point average of at least 2.7.

Those attending the dinner be-

sides the officers were Beverley Poe, Norma Walsh, Berlien McCray and Mona Perry.

Prof's Turn Actor For 'Tightrope'

American movie-goers will soon see the faces of Dr. John Morrison, Dr. William C. Miller, Dr. C. G. Laird, Dr. Robert Gorrell of the English department, Dr. Ralph Irwin of the psychology department and many other well-known university figures in the forthcoming movie, "Tightrope."

The movie concerns an editor in a mid-western town who attempts to clean up the bookie business. Dr. Laird and Dr. Irwin will appear as ministers, Dr. Miller as an undertaker, Dr. Morrison as a po-

lice officer, and Dr. Gorrell as a lawyer. The filming is being done entirely in the Reno-Carson area and is being handled by Aspen Productions with offices in the Hotel El Cortez. Tightrope will be released by Eagle Lion, Inc.

Campus Interviews on Cigarette Tests

No. 24 THE CLAM

Fresh out of Bivalve, N. J., he arrived on the campus all bug-eyed and his big mouth hanging open. He was immediately sucked into a "shell game" and found himself making all the quick-trick cigarette tests. But his native instinct told him that such an important item as cigarette mildness couldn't be tossed off lightly. Millions of smokers everywhere have discovered, too, that there's but one true test of mildness.

It's the sensible test... the 30-Day Camel Mildness Test, which simply asks you to try Camels as your steady smoke... on a pack-after-pack basis. No snap judgments! Once you've tried Camels for 30 days in your "T-Zone" (T for Throat, T for Taste), you'll see why...

After all the Mildness Tests—

Camel leads all other brands by billions

Delta Delta Delta Begins Initiation At Slumber Party

Seven neophytes will become active members of Delta Delta Delta tonight following the final degree of initiation at the chapter house.

Initiates are Barbara Gregory, Jan Holland, Marcia Malcolm, Corinne Vieta, Ann Borerio, Dorothy Bell and Sally McKissick.

The women are in the final phase of the three day initiation ceremony, and have been living in the house since Wednesday night.

The seven were honored at a slumber party at the house Wednesday night. Thursday they attended a banquet in their honor given at the house, and Thursday night were given the Trident degree of initiation.

Tonight the final degree is scheduled, to be followed by a midnight breakfast. Tomorrow morning, they will breakfast in bed, served by the old members.

Social Committee Meets Wednesday On UN Campus

A social calendar committee meeting will be held Wednesday, October 17, at 4:30 p.m. in the Journalism building, Dean Elaine Mobley said today.

Miss Mobley has requested that the social chairmen of all sororities and fraternities, dormitories and any other social groups, attend as representatives of their respective organizations.

Miss Mobley also urged all the organizations to discuss their social budgets and plans among themselves before sending a representative to the meeting. All the chairmen should be prepared to voice the opinion of their entire group, and to decide what date they want for their social functions.

Roll call will be taken at the meeting before proceeding to fix dates for the dances and parties. It is necessary that all organizations be represented so that any conflicts may be reconciled.

All groups will be notified on Monday night of the meeting.

First Field Trip Taken by Aggies

Ten students from the Agricultural College took one of the first all-day field trips to Pershing county last week.

Poisonous weed control methods were observed on patches of halogeton west of Lovelock. The class also observed operations at the Hays and Hess manufacturing plant near Lovelock.

Stay one step ahead of the crowd and you'll invite a kick in the pants.

Extension Courses Reach Over 200 Nevada Residents

Enrolling over 200 students, the new extension courses offered to residents of five southern Nevada communities are now well on the way to becoming a popular adjunct to the educational activities of the University of Nevada.

The extension courses consist of two series of lectures. One concerns "Aspects of American Society," and the other is "Life and Work in Nevada." Both may be taken for university credit. The courses are designated as education 201 and education 202.

"Aspects of American Society" consists of such topics as the political development of the United States, the development of American music, plant resources, and literature and drama. "Life and Work in Nevada" touches upon such topics as Nevada's historical background, mineral resources, agricultural development and culture.

American Presidency
The initial lecture in the former course was given Oct. 1 by Dr. Russell R. Elliott, assistant professor of history and political science, and entitled "The American Presi-

dency from McKinley to Truman." A similar set of two-hour lectures were given the same day by Dr. Austin E. Hutcheson, associate professor of history and political science, who talked on "Life and Work in Nevada." Dr. Hutcheson's lectures were entitled "Statehood, Lincoln Era, and Silver Politics" and "Giants of Comstock Days."

The same lectures are given on five successive days in each of the five communities. Different members of the University of Nevada staff participate from week to week in these special "home" extension courses.

Benefit Five Areas
Present communities benefited by this arrangement are Hawthorne, Pioche, Tonopah, Ely and Las Vegas.

Considering the interest for these courses in the outlying parts of the state, it is possible that the same facilities will be extended to five northern Nevada communities next semester. Proposed for future "home" extension courses are Reno, Fallon, Lovelock, Winnemucca and Elko, according to Dr. Harold N. Brown, director of summer sessions and extension.

It wasn't too long ago that local movie houses and bars posted signs to check weapons at the door. The good old days must be coming back..... one local theater has posted: "Check your knives at the door."

Independents Hold Meeting

Independents, the organized unaffiliated student group on campus, is holding its first meeting of the year Monday at 7 p.m. at the old gym, Acting President Barbara Andrae stated today.

Election of new officers and planning of the group's activities for

this semester will be the main business discussed.

Any student not affiliated with fraternities or sororities is eligible for membership in the Independents, which is primarily a social organization.
