

AWS elections to be kicked off at Coed Capers

The Coed Capers will set off the election machinery next Wednesday night for Associated Women Students president.

Annually, all women students on campus have a "get together" dinner and presentation of scholastic awards and trophies.

Five Candidates

Five candidates will be running for the position of AWS president. The Coed Capers will include a four minute campaign speech from each candidate. No outside campaigning will be carried on.

Primary elections will be held the day after the meeting, March 13, with the regular election held on Friday.

Candidates for president are Arline Cave, from Elko and representing Kappa Alpha Theta; Betty Kling, Carlin, representing Pi Beta Phi; Ruth Moore, a Tri-Delt from Winnemucca; Joan Foster, Gamma Phi Beta from Sparks; and Phyllis Carpenter, Artemisia-Manzanita from Ely.

Scholastic Honors

Scholastic honors will be presented to the sororities during the Coed Capers. The house and the pledge class with the highest grade point average will receive awards, and a trophy will be presented to the sorority showing the greatest improvement during the year.

Co-chairmen of the event are Margaret Terry and Ruth Moore.

Ten dollars offered for "Big" day name

A contest is being held to get suggestions from the students for a name for the celebration combining Mackay day and Engineer's day.

Since so much student opposition has been voiced against Benefactor's day and Founder's day as names, Dean of Women Elaine Mobley and Dean of Men Robert Griffen have offered a prize of \$10 to the student suggesting the most appropriate name.

"The names should have some significance, such as an Indian word, or perhaps one could be invented to fit," explained Jim Eliades, ASUN president.

Entries in the contest should be handed in to the ASUN president's office in the ASUN building, the Sagebrush or in a specially marked box in the Snack bar.

Deadline March 24.

Five dance students attend college meet

Five modern dance students and two faculty members travelled to San Jose last week-end for a meeting of modern dance groups from eight colleges.

The women took part in a master lesson and witnessed demonstrations and concerts during their stay. Harriet Ann Gray and company, modern dancers, conducted the entertainment and instruction.

Attending from Nevada were Jean Wilton, Evelyn Nelson, Myrtle Coates, Nancy Howell and Priscilla Miller. Faculty members who accompanied them were Miss Mary Rulifson and Miss Jean MacIntosh, physical education instructors.

UNIVERSITY OF NEVADA Sagebrush

Established by the ASUN — Founded October 19, 1893

VOL. XXIX, No. 20

UNIVERSITY OF NEVADA

FRIDAY, MARCH 7, 1952

"Big" day plans outlined

Carlton Forbes, engineer, and Jack Keen, arts and science, were named as co-chairmen of "Benefactor's Day" by the nominating committee of the university senate.

"We have a few problems such as a suitable name and the question of growing beards," Jack Keen enthusiastically told the senate Wednesday night, "but we're really getting the ball rolling for a terrific May 17 weekend."

Concrete Plans

Concrete plans were laid down by Keen to the senators. Advisors and committee members were named and a tentative schedule of events listed.

Advisors to the committee include Dr. John Martie, professor of physical education for men; Howard B. Blodgett, professor of civil engineering; and David Goldwater, president of the Alumni Association.

Carlton Forbes, president of the Associated Engineers, will be in charge of the exhibits and contests. Jack Keen will be the co-ordinator and in charge of the social end. Jim Hettinger, Aggie club president, will be the representative from the agriculture department, while Proctor Hug, men's senator-at-large will be the representative from the arts and science. Knight Beauchamp is from the physics department, and Michal Rauhut is representing the chemistry department.

Publicity

Publicity for downtown papers and the state will be handled by Bob Petrini, journalism major. Nancy Swope will be in charge of

the luncheon as Home Economics club president. The luncheon is expected to be about four times as big as it was last year, said Keen.

Dance Arrangements

Dance arrangements will be handled by Lou Eccles, Homecoming chairman for '51. The dance will be in the new gym this year with a top band to provide the music. Trophies and awards will be presented during the evening.

The queen contest is being handled by Ruth Eachus. Jim Brooke is in charge of the obstacle area. Joe Bugica is arranging the high school president's day convention being held here at the same time. Arrangements for the benefactors will be handled through President Malcolm Love.

Committee meetings will be held every Tuesday afternoon at 4:30 in the ASUN building, announced Keen and Forbes.

Tentative Schedule

The co-chairmen presented a tentative schedule of events. All the details have not been worked out, but roughly it will include a student assembly Thursday to kick off the celebration and an introduction of the queen candidates. That afternoon from 1 to 6 would be devoted to a work day to set up the exhibits. Open houses Thursday night would again introduce queen candidates.

Round of Events

Friday morning would include the obstacle race, beard check and balloting for the queen. The afternoon would feature a band concert by the University band under the direction of Felton Hickman in the

middle of the quad and contests within and between the departments.

There will definitely be a physical education show Friday night directed by "Doc" Martie and perhaps a play by the campus drama group.

Saturday morning the exhibits will again be open to the public and judging will take place. Luncheon may be held either Friday or Saturday to honor the benefactors. During the luncheon there will be a speaker and the traditional song teams.

The dance will be held in the evening in the new gymnasium. Time for the fraternity skits has not yet been decided.

Campus Cooperation

The Associated Engineers stated in their resolution proposing the celebration that this would be an opportunity for the entire campus to cooperate in making this single celebration a big success. They also feel that such an affair would give the people of Nevada a better glimpse of the university and enhance the relationship between the two.

It was also suggested that this plan be put on a two year trial basis. If any organization feels that it is being left out, it should turn in all suggestions and recommendations to the ASUN president or co-chairmen.

Need for help and co-operation from all the students to put this affair over was stressed by the committee. There will be jobs for everyone who is interested.

Legislative allotment for Lincoln hall not enough to cover repairing bills

Four bids received Friday by university officials for remodeling Lincoln hall ran from \$41,000 to \$68,000 higher than the amount allotted by the Nevada legislature.

The amount and type of remodeling to be done on Lincoln hall will depend upon what can be done with \$104,000, the amount appropriated by the Nevada legislature for repairing the hall. With this sum, only two-thirds of the work can be accomplished.

The university administration will decide what work needs to be done the most, said Miss Alice Terry, secretary to President Malcolm Love.

Lowest Bidder

Another meeting will be held with the lowest bidder to work out a satisfactory arrangement.

Last Saturday Dr. Love conferred with the board of regents executive committee, Russell Mills, a Reno architect, Perry Hayden, Carl Horn and Frank Capriotti, the Reno contractor who extended the lowest bid of \$154,287, to determine how extensive a program can be conducted with the available funds.

No Work Yet

Work will not begin until all arrangements with the contractor in regard to the amount and type of repairing to be done have been arranged.

ELECTIONS

All organizations are reminded by Malcolm Short, election committee chairman, that nominations open March 10 and close March 17.

Nominations will be accepted for the positions of student body president, man senator-at-large, woman senator-at-large, associate Block N representative and all class officers.

Other important dates:

Election rally March 20
Primary elections March 21
Final elections March 27

High schoolers to hold playoffs here next week

High school basketball teams representing Eastern, Western, and Southern Nevada vie for honors at the state hoop tournament at the university gym March 13, 14, and 15.

Qualifying from the southern part of the state were the Las Vegas Wildcats and the Lincoln Lynx. Appearing from the eastern section are Ely and the Winnemucca Bucaroos. Western conference quints include Douglas, Reno, Douglas, Manogue, and the Lovelock Mustangs.

District Champs

Reno, Ely and Las Vegas are the champs of their districts. Drawings this week paired Winnemucca against Lovelock, Reno against the Lincoln aggregation, Manogue vs. defending champions, Ely Bobcats, and the Douglas Tigers vs Las Vegas.

Four referees from Portland, Oregon, will officiate at the tourey.

ATO Help week termed success

"Help Week" instead of "Hell week" was the theme of the ATO fraternity's cleanup project downtown last week when 26 frat pledges pooled their efforts in painting the YWCA at 339 W. First street and clearing surrounding grounds.

"This new type of program proved so successful," reported Tau Jim Williams, "that similar plans will be developed for future initiations."

The Theta Chi fraternity is expanding its Help week program downtown also, taking part in the current Red Cross fund drive. The chapter has been assigned to district five in Reno.

Praise from YWCA

Officials at the YWCA praised the efforts of the ATO's and expressed the hope that the same type of constructive work might spread throughout the chapters of the nation.

ATO pledge crews, working eight-hour shifts, spent seven days at the project site. They were under the supervision of Jim Lee, the ATO house manager.

Indiana First

The local fraternity decided to try out the "Help week" instead of the traditional "Hell week" after an ATO chapter at the University of Indiana had successfully carried out a similar program.

The ATO's project was the first of its kind to be tried downtown. Other chapters on the campus, however, have in the past included the same type of constructive work on their own houses.

General Cleaning

Last week the Sigma Nu and Lambda Chi fraternities wound up general cleaning and repairing about their houses.

The Phi Sigma Kappa initiation of pledges does not come until near the end of the semester, and plans have not been announced yet.

Horse show events planned for spring

The sixth annual University of Nevada Aggie club horse show will be held at the Reno rodeo grounds, May 10 and 11, according to Dick Reid, Horse show manager.

The Horse show will feature fourteen main events, including: Halter classes—Palomino, Arabian, quarter-horse, and get-of-sire; also five-gaited class, fine harness class, trail horse class, and cutting horse classes.

Two new classes will be added to this year's show, Reid said. They include the Nevada cutting horse and the open hackamore class.

Three Races Daily

Three races will be run daily and it is expected that California as well as Nevada racing strings will compete.

The second annual futurity race including 2-year-olds of any breed will also be a featured event, Reid said.

Prof. Carrol E. Howell, livestock judge, University of California, and C. G. Aroujo, Coalinga, California, will judge the horse show in Reno. One other judge will be named later.

The Sixth Annual Horse show is managed by Richard A. Reid, university senior from Lund, assisted by Bill Cockrell, junior from Gerlach.

Large scale investigation of advisability of Mackay day beards to be conducted by senate

The question of growing beards popped into the limelight at a senate meeting held Wednesday night.

Because "Benefactor's Day" is a completely new affair, it was suggested all the old traditions be disregarded. This would include growing beards.

There were many reasons given by the senate. Students having job prospects do not like to be interviewed with a two or three weeks'

growth on their cheeks. Easter vacation comes right in the middle of the process, and almost all of the best social functions take place during the interim before the beard check.

Spirit

On the other side of the question, beards do add spirit to the occasion, but, as one senator pointed out, "let's hope not too much."

To get a representative opinion from the student body the senators

will take the question back to their houses for a vote. Senators-at-large Bobbie Jean Cummins, Martha Oviatt, Proc Hug and Jim Brooke will conduct polls from the unaffiliated students. From these cross-sections the senate will decide whether to have a beard growing contest or not.

Appointment

The senate nominating committee announced the appointment of Dr. John Morrison, assistant professor

of English, as a member of the finance control board, and Leila Rowson, journalism student, to the Publications Board, at senate meeting Wednesday night.

Football Report

Jim Eliades, ASUN president, gave a Block N report on the status of football at Nevada. He stated that out of ten or 15 teams wanting games with Nevada only four were chosen. There is a possibility of playing Arizona state in Las

Vegas, as a fifth game.

The possibility of Nevada's joining an all-sport conference was brought up. Teams in all sports from the member schools would compete in such a conference.

A limited baseball schedule may be started this spring if an all-star team can be picked from the interfraternity teams. The all-stars would play two intercollegiate games.

WSSF mock town to have mayor as carnival plans go into action

Jim Hulse, senior journalism student, is a candidate for mayor of the WSSF carnival town and will be elected March 15, the night of the carnival.

"He's sure to win," quipped Vanna Grant, "No one else is running!" The mock town will include a jail, candy shops, telegraph office, blacksmith shop, pet shop and other businesses. The theme was chosen by Miss Grant and the WSSF committee at a meeting this week.

The carnival will be held in the old gym March 15 at 8 p. m.

One purpose of the carnival is to raise money for foreign student education. World Student Service Fund is an organization of college students, whose aim is mutual to all college students in need. But that is only part of it.

"I want everyone to find out what WSSF is about," said Miss Grant, "and then to concentrate on having a good time."

Stunts

Stunts are planned for the carnival, involving faculty as well as students, she added.

Revolving plaques for the best booths will be awarded again this year.

All organizations on campus have been invited to be represented in the carnival by a booth.

Shops

A pet shop for Sigma Alpha Epsilon, a jail for Blue Key, a candy shop for Kappa Alpha Theta, a blacksmith shop for the Agricultural club, a telegraph office for the Sagens, and a butcher shop for Alpha Tau Omega are some of the ideas for booths which have been turned into the WSSF committee.

Samples of what student contributions to WSSF can do for needy foreign students is illustrated by a WSSF pamphlet which says:

"Five dollars will pay for one stu-

dent's share in the cost of equipping a free canteen for one hundred students in Padua."

"Ten dollars will buy books, through WSSF, for a devastated university library."

Toward these ends, the university contributed \$420 last year to WSSF.

Trophies and Publicity

Diane Lewers will be in charge of the trophies for the carnival; Barbara Van Meter will handle high school publicity with posters and letters; Marilyn Royle will take care of contributions given to WSSF on campus; John Harris will be in charge of publicity, and Wayne Ashley will take care of booth building, all as members of the WSSF committee.

Mary Jane Zunino will introduce WSSF at a student assembly next week.

Other members of the WSSF committee are Proctor Hug, Len Savage, Elmo Oxborrow, Mae and Leah Gregory, Arline Cave, Mimi Shith, Joan Foster, Jerry Wyness, Elise Valentine Gene Garriott, Donna Burton, Milton Sharp, Marvella Chandler, and Rosemary Cochran.

PINNED

Florence Lee announced her pinning to George Myles last Wednesday by passing the traditional box of chocolates at Artemisia hall.

Florence is a sophomore from Panaca and is majoring in education, and George is a junior business major from Austin.

National matches for UN rifle team

By placing sixth in the collegiate matches the university rifle team earned the right to compete in the National ROTC intercollegiate rifle matches, sponsored by the army and to be fired during March in the old gym.

Sgt. C. Brunetti emphasized the rifle team's need for practice because of the strong competition they face in the national matches.

"We may not win, but if we can come within the first ten teams of the nation we have really put a feather in our caps," said Brunetti.

First Time

It is the first time the university rifle team has ever been in national matches, he added.

The rifle team consists of Kim Choy, George Schindler, William Becker, Clarence Miller, Charles Taylor, William Engel, Robert Jonassen, James Etcheto, Melvin Guerrero and Jerry Markowski.

Eight of the best shooters from the team will be chosen, said Brunetti, to compete for Nevada in the individual national intercollegiate match to be held April 5 in Berkeley, sponsored by the National Rifle association.

Communist paper competes with 'Brush

The Sagebrush received a bit of competition from an unexpected quarter Wednesday morning—that of the "progressive" daily, the People's World.

More than a hundred students were surprised to find, stuffed into their mailboxes, a tabloid size newspaper with the challenging headline of "Are you free to speak?"

Over 100

Miss Marie Clark, postal clerk at the university station, said that well over a hundred papers came into the office. She further stated that the papers were not mailed at the university office.

At the main post office in downtown Reno, Superintendent of the Mails A. O. Shine said the papers were mailed in Reno.

The World is the only daily communist paper published in the west. The Daily Worker, a similar publication, is printed in New York City.

Refreshment time at the Phi Sig's dance Friday. Gathered around a table in the "refreshment" room of the Phi Sig house are Earle Dempsey, Darlene Hudak, Dr. Eric Axilrod and Phyllis Cowan. (Paul King photo)

Only five jetomizers returned to infirmary

Despite last week's appeal for the return of jetomizers, the plastic sprayer attachments for medicine bottles, the university infirmary has had only four returned in the past

week, according to nurse Mary Rotter.

Twenty-four jetomizers are still unreturned and in student hands. Although nurse Rotter said that the peak of the recent cold wave has been reached and is now on the way down, there is still a need for the unused gadgets.

Assistant Sports Editor Rollan Melton
Staff Reporters: William Van der Ley, Shirley Kershner, Marie Nielsen, Rosemary Cochran, Jack Penman.

LET'S HEAR ABOUT IT

Have any gripes, any suggestions or perhaps some words of praise? If so, write a letter to the editor.

The letters to the editor column is open to everyone. The Sagebrush will print all letters sent in, as long as they are within the bounds of good taste and free from libel.

This is your chance to get your ideas into print.

Don't let a good idea simmer because there is no way to publicize it. This is virtually a chance to write your own editorials.

Do you think the Sagebrush stinks? Does the editor have B.O.? Do you feel that the paper does not give your organization enough coverage?

Let's hear about it.

We are particularly interested in comments and criticism of the paper itself.

Hints: Keep your letter short and to the point. Do not pick on anyone for personal reasons. Sign your name and address (which will not be printed, if requested). Anonymous letters will be ignored.

GET RID OF THEM

A constant rhubarb is always going on about the traffic problem on the campus. Too much speeding, illegal parking, negligence in registering.

The perfect solution should be obvious. It is a simple solution, a necessary solution and a highly beneficial solution: **KEEP ALL AUTOMOBILES OFF THE CAMPUS**

The two parking lots, one opposite the Ed building and a smaller one opposite the Aggie building, have room for not more than eighty cars.

These eighty cars could be parked just as easily in the large area by the new gym.

By closing the two campus parking lots, the street running from the library to the infirmary could be closed to all traffic.

This would automatically eliminate the speeders and the show-off drivers. Pure luck alone has prevented any recent accidents on that street.

By closing the two lots and blocking off the road, the campus itself would be given an esthetic boost.

Stand, sometime, outside the university post office. Look across the quadrangle towards the Mining building. It is a pleasing, academic quadrangle. It looks as a campus quadrangle should look—

EXCEPT FOR THE BUNCH OF MULTI-COLORED AUTOMOBILES IN THE PARKING LOTS.

How many other universities allow automobiles on the campus?

Drivers will complain that they will have to walk too far to the classrooms.

Nonsense!

The inconvenience would be far outweighed by the gain in having a better-looking, safer campus.

A GOOD MOVE

To the Alpha Tau Omega fraternity goes much credit for starting a new trend in campus life.

The starting of "Help week" to replace the traditional hazing of pledges will in years to come have a tremendous influence in cementing public relations between the university and the city of Reno.

The "Help weeks" will be doing a great service to the community.

They will also eliminate the degrading, almost sadistic practice of hazing. A good move.

To the ATO's, the Theta Chi's and the other fraternities that follow—good work.

No pledges pledged, but pledge hops held

The traditional pledge dances were far from being staid and traditional last weekend. One sorority and three fraternities held their "pledge" hops. In true college spirit, a lively time was had by the party-goers.

Kappa Alpha Theta was the only sorority to hold a dance. Elise Valentine was in charge of the affair, which followed a St. Patrick's day theme. Helping with the entertainment was Jerry Wyness, who, in a burst of enthusiasm, clipped off Frank Schadrack's tie with a pair of scissors. Schadrack didn't seem to mind but onlooker Bill Jager did... it was his tie.

While the orchestra was out for intermission, an impromptu "hokey-pokey" took place, with the music gustily supplied by everyone participating. One unidentified male guest refused to remove his coat and join the festivities. The reason: his shirt had no sleeves.

No Pledges

Although the KAT hop was called a "pledge" dance, and was held to honor pledges, the Thetas have not pledged any girls this semester.

Sigma Rho Delta held its pledge affair on Saturday night also.

Unexpected guests for the evening were four unidentified girls, who, dressed in horse costumes, sauntered into the dance, and made themselves at home.

Poor Sam

Decorations included a pledge or active member, called Sam, who was hung in effigy because "he couldn't get a date." However, later in the evening, he was seen loitering against the wall outside the ladies room, apparently still trying.

Chairman of the dance was Keith Miller, helped by John Darling and Rayner Kjeldsen.

Bug Chaser

Friday night at Lawton's was the time and place of the Theta Chi dance, arranged by Gene Garriott. The Theta Chi's had a valid "pledge" hop, having recently pledged three new men. One unknown man went overboard, however, and chased a spider all the way across the floor... he may have been on the clean-up committee.

Phi Sigs

The Phi Sigs had only one pledge, but they still had a "pledge" dance at their chapter house on Friday night. Bill Brown, Phi Sig social chairman, was in charge of this "sport" hop.

Early in the evening, the participants did their dancing mostly in the downstairs "soda" bar.

Later in the evening, lively Charleston dancing took over the party.

3 pledge dances for the weekend

Another round of pledge dances comprise the social calendar for the evening. Saturday night will find Sigma Nu holding its dance at the chapter house, and Pi Beta Phi will dance at its chapter house.

March Theme

A March theme will be featured at the Gamma Phi dance. Decorations will center around lambs and lions to symbolize March. Guests for the evening will be Mr. and Mrs. R. L. James and Prof. and Mrs. A. E. Hutcheson. Norma Walsh, Gamma Phi social chairman, is in charge.

Sigma Nu

Sigma Nu will honor its pledges at the chapter house. Jack Keen and Jim Patterson are in charge of decorations and general supervision. Guests for the evening will be Doug Douglass and Dr. Eric Axilrod.

Pi Phi

Pi Beta Phi pledges and initiates will be honored at a St. Patrick's day dance at the Pi Phi house. Ruth Eachus is in charge of the dance, and will be helped by Nan Imperatrice, Judy Ware and Donna Keller.

COED OF THE WEEK

ANDREE ANCHART, a 20-year-old sophomore from Reno, is the roving cameraman's choice for "Coed of the Week." Andree is a member of Kappa Alpha Theta, Saddle and Spurs and the Newman club. She is majoring in education. She also works part time as a stenographer for a downtown attorney. And horror of horrors, she pulled down a 3.0 grade average last semester. (Paul King photo)

FROM THE SIDELINES

by
Covington

STORY: Sundowners' initiations have created many incidents which are talked about for many years. One of the best of these happened only last year. Friendly Fred Lee, one of the initiates, was in a helpful mood about dawn of the night of the running. He probably would have helped anyone at that particular time, but the persons who seemed to need it most were the Reno garbage collectors.

The erstwhile Boy Scout jumped on the back of one of the automatic trucks and started loading the garbage. The men, either not knowing he was not a regular or not caring, were eager for the assistance.

But Fred did not know the mechanics of the loading device that compresses the trash, and when he pushed the lever, the garbage came out instead of going in. Still, no one seemed to care. After depositing a tidy bit of refuse all over Douglas alley, the crew moved on, leaving in each place the tell-tale pile of garbage on the street.

All was not well, however. Soon the big boss came running up to the truck demanding to know the length of Fred's service. Fred answered with an undetermined number of fingers and was promptly fired. Very much chagrined over the whole situation, he continued with the initiation.

ANOTHER TALE: Two or three of the guys were at the Golden hotel catching the late show when Les Paul and Mary Ford were here last year. The musical pair had been bringing down the house with almost every show and had been pleasing everybody, except for one person. This knowing woman of the world, whose specialty was the Golden, started talking to the boys, also a specialty.

She didn't like the act and predicted its downfall. Said she: "This is a hick town. The people here would like any show. Wait'll they get to Portland, then they will find out. That town has class." Despite this sage prediction, Les Paul and company have done pretty well. Among other things, they just finished a run at the Copa Cabana in New York... Another hick town?

GOOD SIGNS: The SAE's had a beer-bust last Friday and a lot of people were there (social note). It used to be a regular thing all over campus, but this year has seen few of them. Times have changed apparently, and it would be too bad if they continue in this direction. Contrary to some opinions, these parties serve to unite the students and to create a little of the lacking school spirit. And, what's more, people enjoy them.

Theta Chi's Friday night pledge dance at Lawton's. In the right background, Rollan Melton is introducing Harvey to his date. (Paul King photo)

Cash offered for Brushfire stories

Does the thought of \$35 stimulate your literary talents to turning out a creative maserpiece? Let's hope so, for Brushfire, a student literary publication, is offering two prizes for short stories contributed by students.

Thirty-Five Bucks

Thirty-five dollars will go to the best story. Second prize will be \$15, Don Petroni, Brushfire editor, announced today.

April 1 will be the deadline for all stories, and they may be turned in to the English office starting this week.

"Our object in offering prizes is to encourage students in all departments to contribute to the magazine," says Petroni, "however, the staff reserves the right to refrain from awarding the prizes if they feel that no stories submitted merit them."

Red Esplin and date with a big smile at the Theta Chi's pledge dance at Lawton's Friday. (Paul King photo)

49 to be initiated into frats in March

Fory-nine men will be initiated into fraternities on campus during March. Four were initiated in February.

In addition, twenty-seven new men have been pledged to Greeks this semester.

Alpha Tau Omega will take in sixteen next week. They are James Botsford, Mel Brunetti, Ernest Carl, Edward Davis, Ray Ferrari, William Giubergia, Bob Haig, John Hannifan, Olaf Liefson, Ronald Munk, William Pelter, Otto Schultz, Charley Spina, Frank Stewart, Jerry Schwab and Jim Williams.

Newly pledged to ATO are Dan Young, John Legarza, Jerry Reynolds and Bob Quinlan.

Theta Chi

Theta Chi will initiate eleven during the next week. They are Glenn Dory, Edmund Baroch, Jean Boutillier, Duane Urban, Don Cutler, Lionel Perez, Leonard Gilmore, John Dinny, Kurt Lobough, Duane Gardner and Brent Aiken.

Frank Knebel, Jim Straight, Robert Thompson, Rollan Melton, Hans Mohr and William Bulkeley were recently pledged to Theta Chi.

Lambda Chi Alpha

Lambda Chi Alpha plans to initiate Don Anderson, Elwin Pulsipher, Jake Carpenter, Ray Pastorini, Skip Ormsby, Bill Richards and Silvio Santina.

Recent pledges to Lambda Chi are Pete Hess, Bob Wilcox, John Ullom, Jerry Martin, John West, Steve Ramesa, Jim Willoughby, Takis Polikalas, Don Wooden and Dallas SeEVERS.

SAE

Eleven men will be initiated to Sigma Alpha Epsilon. They are

Ronald Graham, Lyle Joy, Elwood Haggerty, Russ Bowring, Linn Ferguson, Richard Curry, Ed Yates, John Staunton, Frank Baker, Jerry Markowski and Don Wilkerson.

Gary Harbin is the most recent pledge to SAE.

Sigma Nu

Sigma Nu initiated Bob Wilson, Charles Christner, Dave Traitel and George Baur last month.

Newly pledged to Sigma Nu is Chris Benbow.

Sigma Rho Delta

Sigma Rho Delta will initiate Vince Mahoney, Tom Ballow, Harvey Wolin and Bill Lampe.

New pledges to Sigma Rho are Lazo Pavlakis, Jim and Bob Adams and Dale Odeal.

Phi Sigma Kappa pledged Dave Rovens.

8 seniors elected to Phi Kappa Phi

Eight seniors were elected to Phi Kappa Phi, honorary scholastic society, at a meeting held February

Frosh has helluva time keeping date

Getting out of Reno can be quite a problem at times. First it was the weather. Then it was the bus strike.

Last Sunday night, the problem nearly put an end to a promising military career for George Rostine, a freshman from Henderson.

George was scheduled to leave Reno by bus Sunday night for Los Angeles, where he was to be checked out for admission to West Point. Rostine was nominated to the academy by Representative Walter Baring last year.

No Chance

Last week's bus strike, however, canceled his chances of reaching Los Angeles by bus. The next train, he found, would place him in L. A. too late.

All plane flights out were booked. Undaunted, Rostine inquired at the local hotels for an auto ride to Los Angeles. No luck.

His friends canvassed the local freight lines for a possible truck ride. Still no luck.

Last Minute

Late that night a telephone call informed Rostine of a last-minute

cancellation which left a seat open on a plane.

The hat was passed around in Hartman hall, George's residence, and enough was collected for his "chance of a lifetime."

CAPT. BASTA

Capt. George Basta of the military department is at Letterman general hospital at the Presidio in San Francisco for a physical check-up.

He left February 25, and is expected to return this week.

U of N thespians present 'Macbeth'

"Macbeth" will be presented for university and high school students this weekend at the Reno Little theater.

Curtain time is at 8:30 p.m. tonight, tomorrow and Sunday. Student body cards will be good for admission to all three performances.

Collaboration

The campus dramatic group and the Reno Little theater group are collaborating to produce Shakespeare's famous play. Mr. Edwin Semenza and Dr. William Miller are co-directors of the presentation.

Thirteen students, one professor and two actors from downtown are

cast in various roles.

Student Actors

Students playing parts are James Hulse, Mary Ann Norlen, Joan Miller, Pat Welty, Bob Glass, Don Petroni, Bob Moran, William James, Robert Debold, Frank Knebel,

Myron Leavitt, Bruce Anderson, Don Harris, John Iacovelli.

Dr. John Morrison is the only faculty member in the cast.

Mrs. Eve Loomis will be Lady Macbeth and Randall Ross will portray Macbeth.

TO ENGINEERING STUDENTS:

Graduating Engineers are offered a great future, in a great place to live by Lockheed Aircraft Corporation in Southern California

Your Lockheed Counsellors will be on the campus to talk with you on... Thursday, March 6

They will discuss:

- Your salary at Lockheed.
- Your field of engineering at Lockheed.
- Your training opportunities at Lockheed—and at major universities in the Los Angeles area.
- Your chance for quick advancement at Lockheed.
- The better living conditions for you in Southern California.
- The vast range of recreational opportunities in Southern California.

Contact your Placement Officer today for an appointment with your Lockheed Counsellors

P. S. Be sure and ask your Lockheed Counsellor how Lockheed can help you get an advanced degree in engineering.

Boxers wind up season with 2 wins after losing card to Idaho at Elko

Winding up a two-month long boxing season last week at Elko, the University of Nevada mitt team closed out the year with a 2-4 win-loss record.

The Pack boxers dropped the Elko card to an experienced, hard-punching band of fighters from Idaho state, winner of the intermountain tournament last year.

Picking up wins for the Wolf Pack were star welterweight Doug Byington, who ran his season's win streak to six, and hard-punching heavyweight Gordon Surber, who knocked out his opponent in the second round.

TKO

Losing decisions were Nevadans Sammy Macias, Duane Moore, Elwood Haggerty, Bob DeRuff and Bill Cockrell. Vince Reagor lost on a TKO in the first round of his bout.

Nevada probably will not have entries in the Pacific coast boxing tournament or the intermountain tournament set for next month, be-

cause of lack of experience.

Next Year

Only two men will be lost to next year's squad. Bob DeRuff and Don Eckles are graduating. Gordon Surber has one remaining year of eligibility if he does not graduate.

Back to bolster the team next year will be Macias, Byington, Ed Stevens, Pat Drescher, Haggerty, Cockrell, Rollan Melton, John Cobb, Ed Hancock Reagor, and Jerry

Thinclads start spring training

Track training for the Wolf Pack thinclads officially began last Tuesday. Hugh Smithwick, varsity track coach, issued uniforms, but working out on the track was difficult due to an uncalled snow-storm.

Lost to the squad this year will be Lee Schroder, 10 flat hundred man, who has found greener pastures at the University of Kentucky, also Skip Wigg and John Gianotti, discus and two-mile respectively, via the graduation route, Lee Hall, javelin tosser to Tulsa university, Stan Drakulich who

Shreve.

Listed below are the individual records for each of the fighters on the Nevada varsity:

Boxer, lbs.:	Fights	W	L	Dr.
Macias, 119	5	2	3	0
Moore, 132	5	1	2	2
Cuffe, 139	1	0	1	0
Drescher, 139	3	0	3	0
Byington, 147	6	6	0	0
Reager, 155	3	0	3	0
Marshall, 165	1	0	1	0
DeRuff, 165	5	3	1	1
Cockrell, 178	5	1	4	0
Eckles, 190	2	0	2	0
Haggerty, 125	4	1	3	0
Stevens, 165	3	0	3	0
Surber, 218	4	3	1	0

doubled in the javelin and shotput to the marines, and Kenny Baxter, hurdler. Bill Jager, high jump letterman may not be eligible this year.

Strong 440

High powered Marv Byers who dashed off a 50.1 quarter last year will be back this year to speed the one lapper again. The 440-yard dash may be one of the Pack's strongest events this year with Byars, letterman Ed Stephens, freshman Bob Quinlan and Dave Mathis working out in this race. The Pack has a chance, if all these runners develop, to field a good mile relay team.

Returning Lettermen

Returning lettermen aside from Byars and Stephens are Giles Altenburg and Jerome Etchegoyen in the pole vault, both flirting with 12 feet, Brent Tyler and Earl Jarrett in the high jump, Charles Bell and Bert Munson for the half mile and mile and Proc Hug in the hurdles. Reggie DePoali, center on the basketball team and a letter winner, will leave the shot this season.

Point Getters

Likely point getters who are expected to turn out again this year are Dale Riddle in the broad jump, Leo Quilici, discus, Jerry Wyness, high jump, and Bob DeRuff in the hurdles.

Smithwick says he hopes to have some strength in the javelin with Mert Baxter and Bert Larkins, if they turn out.

Freshman prospects aside from

Quinlan who won the state high school quarter mile last year are Bob Hage, state meet shot-put champion of last year, Johnny Legarza, hurdler and dashman from Winnemucca, Len Ferguson, and Bill Hutchison, second place winner in the state high school mile.

Tune-Up Meets

Two tune-up meets before the regular season starts will be held. Smithwick hopes to have an interclass meet before the interfraternity meet to help the trackmen get in shape.

Four meets have definitely been scheduled for this year with a fifth meet arranged tentatively.

TRACK SCHEDULE

- April 5, Chico State at Reno.
- April 19, Sacramento at Sacramento.
- April 26, San Francisco State at San Francisco (tentative).
- May 3, College of Pacific at Stockton.
- May 10, California Aggies at Reno.

It's coming

MAY 9

John C. Kinnear appointed as head of mines division

John C. Kinnear, sr., member of the advisory committee on the Mackay School of Mines, was recently appointed head of the metals and mines division of the national mobilization program by Charles E. Wilson, director of defense mobilization.

The university has long benefited from his advice and actions. It was largely due to his actions that the Kennecott corporation donated equipment and exhibits to the Mackay School of Mines.

In 1949 at the invitation of the board of regents and the president of the university, he delivered the Commencement day address. At the same time he was conferred the honorary degree of Doctor of Laws by the university.

Trophy

Back in 1934 he donated a copper drinking mug to the university to be awarded annually to the best campus organizations in inter-mural competition. This became known as the Kinnear trophy.

Mr. Kinnear, well known in Nevada and world-wide mining circles,

has been associated with the Kennecott Copper Corporation for the past 40 years. Last year he retired as vice-president of the corporation, a position which he held since 1945.

Mr. Kinnear's career resembles the typical Horatio Alger story, that of success through years of application, energy and hard work.

Born in Scotland

Born in Scotland in 1885, he came to America as a youth with his parents. He graduated from Massachusetts Institute of Technology in 1907 with a B.S. degree in mining and metallurgy. That same year, he married and with his bride traveled across country to Nevada.

With a meager start as a miner, Kinnear worked himself up to engineer with the Diamondfield Daisy mining syndicate at Goldfield and at Diamondfield. After a short period as an engineer with the Utah Copper company, he returned to Nevada.

In 1910 he entered the employ of the Nevada Consolidated Copper company. This later became the Nevada Mines Division of Kennecott Copper corporation.

Spectacular Rise

It was here that Mr. Kinnear began his rise in the Kennecott corporation. From a laborer on the bull gang in the smelter department, he successively attained the positions of: foreman, smelter engineer, assistant smelter superintendent, assistant to the general

manager and assistant general manager. In 1927 he was appointed general manager in charge of all operations in Nevada.

He became vice-president of the corporation in 1945, in charge of operation of the southwestern division. Three years ago he culminated his career with the corporation by being elected a director of Kennecott and placed in charge of all its mining operations in the United States and South America.

Through the years, Mr. Kinnear has become highly active in civic and national mining organizations. For more than 20 years he was president of the Nevada Mine Operators association. Among others, he is a past director of the American Institute of Mining and Metallurgical Engineers, a member of the Nevada State Advisory board, and presently president of the Mining and Metallurgical Society of America.

Civic Functions

In Nevada he has played an important part in civic functions. He served for 20 years as member of the state board of education, and the last ten as president. He is president and director of the Nevada Northern railroad, and vice-president and director of the Ely National bank.

He also is a member of the Masons, Shriners, Elks, and the Bankers Club of America, the Mining Club of New York and vice-president of the Nevada area of

Boy Scouts.

His son, John C. Kinnear, jr., has followed closely his father's footsteps. A graduate of M.I.T., he is now assistant general manager of the Nevada Mines Division of Kennecott Copper corporation. He is also a member of the advisory committee of the Mackay School of Mines.

Sigma Nu's ahead in winter sports with 260 points

With the major fall and winter sports in the interfraternity competition on campus completed, the Sigma Nu's hold the lead in the race with 260 points. Right behind the leaders are Theta Chi with 235 points and Sigma Alpha Epsilon with 225.

By taking first place in the basketball play, the Sigma Nu's earned 100 points which pushed them ahead of the rest of the Greek organizations. Aside from basketball, the top house in the standing annexed the softball crown and placed second in the cross country and third in the rifle shoot.

Four First Places

The Theta Chi's have won four first places, but in sports which did not award as many points as those won by the leaders. The second place house won the horseshoe

singles and doubles worth 60 points, volleyball and skiing.

Other winners in the sports so far have been SAE's in rifle firing and Lambda Chi in the cross country.

Remaining to be played in the competition are handball singles and doubles, tennis singles and doubles, baseball and track.

Upset Possible

Both of the teams following the leaders have a good chance of upsetting the winner, if they have good luck in the rest of the events. It is even possible that ATO, which is in fourth, and Lambda Chi, fifth, may take the trophy if they can place first or second in the remaining events.

Following is the placing of the houses in the various events; Horseshoe singles—Theta Chi, Phi Sig, SAE; Horseshoe doubles—Theta Chi, ATO, SAE; Softball—Sigma Nu, ATO, SAE; Volleyball—Theta Chi, SAE, ATO; Cross Country—Lambda Chi, Sigma Nu, Theta Chi; Rifle—SAE, Theta Chi, Sigma Nu; Skiing—Theta Chi, Lambda Chi, SAE; Basketball—Sigma Nu, SAE, ATO.

Total Points in Kinnear Race

Sigma Nu	260
Theta Chi	235
SAE	225
ATO	168.67
Lambda Chi	151.17
Phi Sigma Kappa	15
