

## HOME COMING DANCE

The Homecoming dance will be held at the State building rather than at the Riverside hotel, stated general chairman Dave Buckman at an interview today. The dance will be Saturday, November 8, from 9 to 1.

# UN Sagebrush

Established by the ASUN — Founded October 19, 1893

## STUDENT UNION

Information concerning the proposed student union building will be given by a group of student speakers the week of Nov. 17-21. They will tour through 12 Nevada towns to speak to various civic groups. They will speak not as lobbyists but as informants.

VOL. XXX, No. 5

FRIDAY, OCTOBER 24, 1952

## Weights and measures man evaluates six gorgeous Homecoming candidates

With Homecoming just a short way off, the business of picking a queen for the gay occasion is scheduled for November 7.

It has been the custom for the male students of this institution of earning to gather together to hash over the attributes of the various candidates for the honor, and this year is no different.

The various sororities on the hill and Artemisia hall, taking into consideration the honor of having one of their neophytes selected, have one their best to put forth their most alluring candidates to compete.

### KAT

KAT presents as their candidate for queen, Miss Gail Altenburg. Gail hails from Carson City and is majoring in pre-nursing. She enjoys sports and reading for pastimes. On the physical side she is of fair complexion, weighs 124 pounds, and is 5 feet 3 inches, measures 35-36, has grey eyes, brown hair, and is 18 years old. Miss Altenburg, like all the rest of the candidates, is a freshman.

### Gamma Phi

Gamma Phi offers as their candidate, Miss Joan Cunningham. Joan is a product of Reno and a graduate of Reno high school. She enjoys devoting her spare time to winter sports, when weather permits, and to home economics work, which is her major. Miss Cunningham stands 5 feet 8 inches and weighs 130 pounds. She measures 36-27-36. Joan has brown hair and eyes, and is light complexioned. She is 18 years old.

### Artemisia

Artemisia hall's candidate will be Miss Pat Fay. Miss Fay also is a Reno high school graduate. She stands 5 feet 5 inches and weighs 115. She is an art major but prefers to devote her spare time to singing. Pat measures 35-25-37 and has light brown hair and blue eyes. She has fair coloring and is 18 years old.

### Pi Phi

Pi Phi will enter as their aspirant for the Homecoming throne Miss Barbara Farrugia. Miss Farrugia is a resident of Reno but attended Bishop Manogue high school. Here at the university, Miss Farrugia is majoring in English and enjoys being active in sorority activities. Barbara is 5 feet 2 inches in height and weighs 111 pounds. She measures 36-24-34, has light brown hair and blue eyes. Barbara is 18 years old.

### Tri Delt

The Tri Delt will enter as their contender for the queen, Miss Evelyn Titus. Miss Titus is another Renoite and graduated from Reno high school last June. Evelyn stands 5 feet 3 inches and weighs 115 pounds. She is majoring in English and prefers to spend her spare time either dancing or watching for participating in sports. Miss Titus measures 35-25-35, has blonde hair and light blue eyes. She is light complexioned and is 17 years old.

## Stout outlines ideals on college education

Pres Minard W. Stout outlined three of his basic beliefs on education to a group of American association of university women on Thursday evening, Oct. 9, at the abcock auditorium. He stated that each student is an individual, and should be educated as such. Secondly, everyone has a right to learn. And lastly, he believes there should be an educational environment capable of aiding each student to do his very best in our society.

### Finance

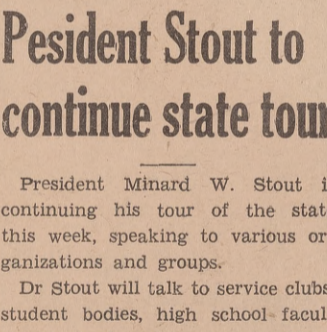

Realizing the need for a fine faculty and university facilities, Dr. Stout expressed his intention of asking the legislature for an increase in faculty salaries, and more money for the university library and its staff.

KAT—Gail Altenburg

Gamma Phi—Joan Cunningham

Artemisia Hall—Pat Fay

## President Stout to continue state tour

President Minard W. Stout is continuing his tour of the state this week, speaking to various organizations and groups.

Dr. Stout will talk to service clubs, student bodies, high school faculties and alumni groups in Hawthorne on Monday, Tonopah on Tuesday, and Las Vegas on Wednesday and Thursday.

The basic pattern that Pres Stout follows in his speeches is: 1. for what does the University exist? What is expected from the University? 2. For whom is the university?

He then discusses the three basic requirements of university: instruction, service to the state, and research.

Included in his talk was his concern for an educational program different for women than for men. Dr. Stout feels that women must choose between a career or a home, and this fact warrants a slightly different educational program for women. Men have no choice but to choose a career.

### Admission

Dr. Stout told the women that he feels the admission requirements are too high for Nevada high school graduates, and he plans to study this situation.

In the future, Pres Stout plans to speak often to groups about his educational theories, with particular attention to the university admission requirements.

## Trygve Lie Speaks for freedom today

Trygve Lie, secretary general of the United Nations, recently addressed the people of the United States in regard to United Nations day, which is today, Oct. 24. In this speech Lie stated:

Seven years ago this Oct. 24, most of the world's peoples, through their governments, launched the greatest effort in history to work together for lasting peace and for the economic and social advancement of all peoples.

### Today

Today it is only too clear that we are still far from achieving these ends. We live amid bitter ideological differences, massive conflicts of power, localized fighting and the danger of a world war which may wipe out civilization.

This is a situation which we must face squarely, but we must also note what we have attempted and achieved. If we do, we see major failures and setbacks, but also persistent effort. We see good beginnings and some achievement in almost every field: collective security, peaceful settlement, economic, social, cultural and humanitarian work, the progress of dependent peoples and the building of a world system of law.

### Faith

However, these are only the first steps towards goals never before reached. Faith and work for many years is needed to eradicate the age-old evils of war, poverty and inequality. This perspective we must always bear in mind.

There is another basic fact we must remember. The United Nations is not something apart from peoples and governments, something which, of itself, will realize our wishes. We the peoples of the world and our respective governments are the United Nations. The organization is the instrument of our will and our intelligence.

### Now

For the immediate future, we must make the fullest use of this world instrument on three main tasks. We must build up collective strength to discourage or suppress acts of armed aggression. We must exploit every means for peaceful settlement of conflicts between powers great or small. We must redouble our efforts to help the majority of humanity still living in wretched poverty to achieve decent standards of living.

On these tasks, we must concentrate. But the purpose of the United Nations, all of them, are necessary and practical; the felt needs of humanity, not visionary ideals. Let us therefore cherish every success of international cooperation which strengthens the United Nations.

### Need UN

For today, amid conflicts and fear of war, we need the United Nations more than ever. Let us give it every possible support, not only on United Nations day but in the days and years to come. If we do, we can in our lifetime build firmly for a world order of universal peace and lasting security.

## '52 Homecoming Plans hit all-time high with revival of UN football as feature

With the revival of football as an added feature, Homecoming, 1952, shows promise of becoming the biggest and best since the turn of the century.

The Wolf Pack will play Fresno state college Saturday afternoon, November 8.

### Half-time

Half-time activities, under the direction of Bob DeRuff, will include the crowning of the Homecoming queen and the giving away of prizes sponsored by Nevada's alumni association. Candidates for queen include Gail Altenburg, KAT; Barbara Farrugia, Pi Phi; Joan Cunningham, Gamma Phi; Evelyn Titus, Tri Delt; Pat Fay, Artemisia hall.

Queen candidates will also be introduced at an assembly Thursday, November 6. The male populace will choose the Homecoming sweetheart from these coeds the following day. The girls' campaigns have been directed by Jean Wilton, KAT.

### Prizes

Prizes to be given away at half-time include a four-day vacation trip to either Las Vegas or Reno, a console radio, a deep freeze, washing machine and a complete set of luggage.

A combined balloon and Homecoming parade which may prove to be the longest in the university's history, will begin Saturday at 10:30 a.m. Giant balloons entered in the parade by the Nevada retail merchants will add color to the campus floats.

Lambda Chi and Pi Phi, 1951 winners of sorority and fraternity float awards and Frolic skit trophies, will be eager to win again.

John Bruce Harris is chairman of the committee directing the parade, while Frank Marfisi will handle awards for all Homecoming events.

### Events

Fraternalities will hold open house for their alumni immediately following the parade.

Skits and musical productions will be presented by student groups at the Wolves Frolic Friday night, 9 p.m., in the State building.

Male and female kick choruses under the direction of Dr. W. Miller and Miss R. Ryan, will "ad-lib" between acts.

Climaxing the day's activities will be the Homecoming dance held in the Redwood room of the Riverside hotel Saturday evening.

Preceding Saturday's activities will be the sorority open houses slated for Wednesday evening.

### Dance

The annual all-school Phi Sig street dance, under the chairmanship of Fred Lee, will be held Thursday night on University avenue. Refreshments and "lucky lager dance time" will feature this event.

### Rally

A rally and night pajama parade through downtown Reno under the direction of George Schindler, head cheerleader, will begin at 7:30 Friday. Torches, banners, and professional entertainers are tentatively scheduled as part of the rally program.

### Homecoming program

Wednesday, November 5th  
Sorority Open Houses 8:30-11:00 P.M.

Thursday, November 6th  
Assembly 11:00 A.M.  
Phi Sigma Kappa Street Dance 8:00 P.M.

Friday, November 7th  
Rally and Night Parade 7:00 P.M.  
Wolves Frolic 9:00 P.M.

Saturday, November 8th  
Homecoming Parade 10:30 A.M.  
Fraternity Alumni Open Houses 12:30 P.M.  
Homecoming Game 2:00 P.M.  
Alumni Get-together Lawton's 8:00 P.M.  
Homecoming Dance Redwood Room, Riverside Hotel 9:00 P.M.-1:00 A.M.  
Dave Buckman, Chairman 1952 Homecoming Committee stated that plans are coming along well.

## Martie commends UN medical care

Contrary to rumor, the university health service still offers students the same medical care it always has, Dr. J. E. Martie, chairman of the health commission, stated recently. Dr. Martie scoffed at the suggestion that some of the infirmary's services had been suspended, pointing out that the only cut made recently was on drugs prescribed by outside physicians.

## Journalism student scoops 50 newsmen

A journalism intern scooped 50 professional newspapermen Monday afternoon.

Liela Rowson, taking her internship with KOH, was assigned to report the Blair lie detector case. At 5:15 the KOH local news broadcast started. At 5:20 Blair was freed. At 5:23 KOH announced his release.

Fifty experienced newspapermen from local, San Francisco, Los Angeles and New York newspapers fell for one of the oldest journalistic tricks. Liela tied up available telephone lines long enough to win her scoop.

## Talented frosh throttle sophs so will discard drinks in bonfire

Into the bonfire at Homecoming go dinks, ribbons and bibles. The frosh won last Saturday at the field day contest with the sophs. Winning was not necessarily due to skill but rather it was attributed to the fact that the sophs recruited a few upperclass women, stated Leo Quilici, a committee member.

A large majority of the freshman class in 30 cars and two trucks, left at 8 a.m. Saturday to paint the N. Each man was armed with his own broom to do the job.

Lime and water in buckets were supplied, and an assembly line was set up.

The sophomore girls won the 50-yard sack race, or hop, along Mackay field. They were also victorious in the grease pig fight. According to Quilici, the pig was unable to be contended over when it came time for the boys to fight.

The sophomores won the 50-yard piggy back race and also the rotten egg relay. Each man carried two rotten eggs 100 yards, and at a point 10 yards from the teammate, he threw the eggs for him to carry on. Twelve men were on a team.

The freshmen won the girls' tug of war, and the boys' tug of war with a total of about 150 present.

Winners of the women's 50-yard dash were the sophomore women.

The freshmen won the 880-yard relay passing a baton to teammates.

Climaxing the events was a good soaking for Orin Bachelor, chairman of the men's upperclass committee. The freshmen got their retribution.

Which of the above is the most slippery? Gordon Foote or the porker?

It's in the bag, the bag that is.

was the colorful fall Halloween decoration scheme which featured the freshmen being pursued by witches.

Art Imagine, chairman for the sale of tickets, reported that any profit made from the dance would be turned over to the sophomore treasury.

Melvin Brunetti's band provided the music for last week's brawl.

Chairman for refreshments was Dana Orth.

### Football team leaves for Idaho rooterless

No buses or band will accompany the football team to Pocatello, stated Proc Hug, ASUN president.

We've had our trip, stated Prof Hickman, bandmaster. Admission Day in Carson City, and the Homecoming parade are the next band appearances slated for the semester.

The length of the trip plus the expense were the main reasons cited for not taking buses to Idaho.

## Big turnout shows at Stout reception

More than 500 students, faculty, alumni, and Nevada citizens attended the special reception held to honor Pres Minard W. Stout and Mrs Stout of the University of Nevada.

The affair was held at the Reno twentieth century club, Wednesday evening, October 22, from 8 to 10 p.m. Frederick Wood, chairman, committee on arrangements, stated that the reception was a success from all sides.

Students of the university were extended a special invitation to greet the new head of the institution. Many of them attended in groups of social or other campus organizations of which they are members.

In the reception line, in addition to Pres and Mrs Stout, were regents Ross, Hardy, Lombardi, and their wives.

Faculty, alumni, and students were on hand to take care of introductions.

Refreshments and music were under the direction of the faculty club.

## Soph Fall Brawl acclaimed success

Approximately 200 students attended last Saturday's Fall Brawl, reported Jim Williams, general chairman for the all-school dance. Williams attributed the success of the sophomore-sponsored dance to the preview skit for the brawl, which was presented at last week's assembly. Sue Casey, chairman, and her skit committee gave students a preview of what was brewing for the Fall Brawl.

One of the highlights of the brawl

## Editors of Brushfire ask for contributions

Contributions for the 1953 edition of the Brushfire, annual University of Nevada student literary publication, may now be submitted. This announcement came from the newly appointed student editors and faculty advisors for the Brushfire who met Tuesday afternoon to discuss and outline plans for the magazine's 1953 edition.

Bill Venture, a managing editor for the Brushfire, reported that is the hope of this year's staff to publish a magazine which will contain a variety and a wide spread of contributions from members of all the classes at the university.

As in previous years, the new edition will contain creative writings of stories, plays, poetry, radio script articles of study and translation of prose and poetry, contributed by students.

### Advisors

Walter Van Tilburg Clark and Paul Eldridge, advisors for the publication, explained that although the Brushfire is now only an annual publication, sufficient interest and contributions of students this year could promote a bi-annual magazine in future years.

- 5-8—Junior class (unaffiliated members)
- 11-12—Senior class (unaffiliated members)

## Here it is again! the greenhouse story

Maybe you've wondered about the sectional buildings behind the science building bordering the president's house. They are greenhouses that are used as part of the botany laboratories. The plants have also been used for graduation and other university functions.

Various plants from rare flowers to fruit trees are grown in the buildings.

One of the plants, an expectant banana tree, should become a mother in about six months, says Herbert Preuss, university gardener, as should the coffee plant that he is raising.

### Cold Weather

Mr Preuss explained that the cold weather does not effect the growth of these hothouse plants. He stated that the greatest dangers to his plants are snow drifts, and that if they do not melt immediately, break the glass panes. If this happens, the constant temperature cannot be maintained. An alarm-type system that rings a bell in the gardener's home when the 60-degree minimum temperature drops is one of the safeguards against a freeze.

Although the gardener is not too receptive to deals that might involve destitute males, free orchids and formals, he admits that the greenhouse has been subject to raids during the 40 years that it has been maintained.

## Westinghouse executive to entertain engineers

The bi-monthly meeting of the student branch of the American institute of electrical engineers will be held November 5 at 7:30 p.m., in the electrical engineering building.

The speaker will be Mr W. A. Howe of the Westinghouse corporation, San Francisco. He will speak on "High Voltage Insulation Development."

The general public is invited to attend. Slides will illustrate the lecture, and refreshments of coffee and doughnuts will be served.

Jerrold Cox, senior, is the program chairman and James Osmun, also a senior, is branch chairman.

## Venison steak fry for aggie students

A venison steak fry for all students enrolled in the agriculture college and their dates will be held at 2 o'clock Sunday at the Pyramid Guest Ranch at Sutcliff.

The aggie club is sponsoring the picnic to acquaint freshman students in the agriculture college with the members of the club.

Jim Hettinger, president for the aggie organization, reports that there will be facilities for table tennis and basketball at the ranch. He advises those interested in playing tennis to bring their own equipment.

### Dancing

The steak fry will get under way at 5 o'clock. Later in the evening there will be dancing, Hettinger said.

Dick Reid, a member of the aggie club, is credited with having shot the deer which will be served Sunday.

Faculty members are also invited to attend the steak fry, Hettinger said.

Candy was passed at the Gamma Phi sorority meeting last Monday night when Shirley Hart announced her recent marriage to Bob Welty.

Shirley who pledged Gamma Phi this semester, is a freshman '49 graduate of Reno high school.

The announcement came as a complete surprise to everyone.

## Pre-med honorary society elects Hendrickson pres

Alpha Epsilon Delta, pre-med honorary society, recently elected Barbara Hendrickson as its president. The elections were held at the society's first meeting of the year last Tuesday.

After the elections the planning of this year's curriculum was started to get the club underway after the summer law-off.

Also elected to office were Joe Bugica, vice president, Alice Welsh, secretary, and Doug Douglass, treasurer.

Alpha Epsilon Delta, which was founded back in 1939, added six members to its fold at initiation rites last Wednesday. The initiates are Corinne Vista, Marvin Abrams, Ray Ferrari, Lamoin Garrard, Pat Norton and Darrell Cannon.

This society was formed primarily to unite the pre-medical students into a closer group. It also brings their future profession into a social atmosphere.

### NOTICE

Get your tickets now for your alumni friends and family who plan to attend the Homecoming football game, Nevada vs. Fresno.

The game is scheduled for 2 p.m. at Mackay stadium, November 8.

Tickets are on sale at the department of athletics office, Hilp's Drug Store and Southworth's Cigar Store.

A group of YWCA and foreign students preparing a broadcast for United Nations day, Oct. 24. Left to right: John Sablan (Guam), Marilyn Royle, Hermann Winkler (Germany), Joanne Menu, and Lamberto Certeza (Guam).

SAEs Don Thompson and Bob Gallagher have returned to Nevada from Korea and are now busy hitting the books instead of Reds.

## Capacity Crowds Overflow Library

Almost twice as many students this year may be counted in the library than last year. Last Wednesday evening at 8:30, the librarians counted 164 students in the main reading room as compared to 88 exactly a year ago.

The increase may be partly due to the fact that there is no heat in the dorms, according to Mr James J. Hill, head librarian.

Students seem to be concentrating on their studying more intensely and earlier this year than last, said Mrs Fred M. Stevens, member of the library staff. But the crowded conditions and constant walking in and out of students make it difficult for most of them to study.

A couple of students even dragged arm chairs to the downstairs hall to study in a conference last week. They explained to Mrs Stevens that they needed a place to study together. Mrs Stevens feels this example deserves notice in the student union planning. Conference rooms seem to be needed.

The librarians have noticed that the busiest time seems to be on Tuesday evenings.

Two new staff members work in the library. Mrs Alice Addenbrooke is at the main desk. She was the former curator of Bowers Mansion.

Mary Beth Elkins, a graduate of 1946, is back at the university to obtain her teacher's certificate. She helps in the reserve room.

The hours for the library are 8

## Singers rehearse annual Messiah

Rehearsals began Monday, October 8, for the annual presentation of Handel's oratorio, The Messiah, to be sung by a combined university singers and a downtown choir. The singers devote a portion of their regular practice periods to the oratorio which will be ready in December.

Theodore H. Post, head of the university music department, who will direct the campus group in the Messiah on Monday and Wednesday afternoons at 4:00, has requested that all singers interested in participating should come to these rehearsals.

Also planned in the winter's activities is a Christmas concert to be given before the Faculty club. A select group will tour out-of-town to nearby high schools presenting similar programs.

In the past week, Dr Stout has addressed the state convention of the future homemakers' association in Ely, the state meeting of the Nevada association of school administration October 18 in Winnemucca, and organizations in Pioche and Caliente on October 23.

The Sagebrush is one of the largest weeklies in the state of Nevada.

## LET'S PICK UP THE BALL

In a week and a half, America will go to the polls to elect a new president. The individual must decide on whether Eisenhower or Stephenson is the best candidate. The main thing is to get out and cast a ballot on Nov. 4.

Of the third of the student body eligible to vote, many will be going to the polls for the first time. Think seriously before voting. Don't vote for one of the candidates only because your parents do, but make your own decision. You are given the right to vote when you reach 21 for a good reason. By then, you are supposed to be able to think for yourself.

### Why

Is there a reason why the University of Nevada does not have a Young Republicans and Young Democrats club? Is there such a lack of concern over the future of the nation in the student body? Are local problems here at the university of such grave consequence that national problems are inconsequential?

In the classrooms we are being taught how to think. The above mentioned organizations are also designed to teach people how to think, not about chemistry or Greek, but rather of the issues at stake in our dynamic society. Membership in these clubs should be stressed as much as enrollment in any course, for the future of America rests in our hands.

### Clubs

Let's get a Young Republicans and a Young Democrats club started. Never let it be said that politically minded America must

find its numbers in older members of society, the students are busy with other matters.—S.S.

## SPIRIT

Spirit, that intangible something, has returned with a bang to the U of N this year. We say returned, because the old grads of '48 and '49 will tell you how great it was in their time.

This may be mere nostalgia on their part when looking back on good old college days which are no more for them. But they have a point. School spirit is necessary.

Many of us saw a cold fall and early winter of little or no spirit last year without football. We missed those trips to the games in San Francisco and the informal gatherings afterwards at Bob's Nevada lounge. Some of us even made the effort to gather a gang to go to the Cal-Washington game last fall, but it was different sitting on the Cal side instead of yelling for Nevada.

### Lawlor

Football is back and with it a new spirit of pride in our university which was noticed by Art Rosenbaum, sports writer for the San Francisco Chronicle. Shortly after the Chico game he wrote an article including a statement from Jake Lawlor. Lawlor was quoted: "Our opening rally was the best in a dozen years. Our first game drew the second largest crowd in Reno history—6,000 . . . It was the first time a game had been played under lights here, and it signaled Nevada's return to football."

Lawlor went on to hint at the possibility of six games next year against small teams if the players want the games. "And positively no player will be aided in any way except to receive a free uniform and free coaching and free bus rides to the games," said Lawlor.

### Try Again

Rosenbaum started his column with: "Of the many schools that dismissed the sport (football) as either too high pressured, too expensive or too frustrating (after many losses) only Nevada has seen fit to try again."

We no longer have to make lengthy explanations as to why we haven't football. We are no longer embarrassed when caught in spirited football discussions with our buddies from other campuses.

### Traditions

And spirit has returned to other phases of campus life besides the games and rallies. This year the upperclass committees have well enforced the traditions by frequent stockading and dunking of violators. The N was well painted by the frosh, and the greased pig was strongly contended for at last Saturday's frosh-soph field day.

We've noticed much enthusiasm generated towards activities. Blue Key has a large new group of men as do other service organizations.

Sororities and fraternities pledged larger groups than in previous years.

The university band has doubled this year.

Whether it is the large new crop of frosh, the return of football, our new president or just an up-swing in the times, the needed shot in the arm has been administered in the form of SPIRIT!—M.O.

## Student interest lags in politics

Although 450 students now attending the University of Nevada are old enough to vote in the coming national election, leaders of the local Democratic and Republican young voters' groups claim there is a lack of interest. Instead of well-organized groups on campus students interested in politics must join downtown organizations to get the feel of the coming contest.

### Passive

Phi Alpha Theta, national history honor society, has taken a stand against the passiveness displayed by Nevada students. In their regular meeting last week, the pros and cons of the candidates were discussed by members and the invitee public as well.

The 468 students 21 or older represent more than one-third of the total number enrolled at Nevada this semester. Many of these men and women are registered to vote in their own precincts in their own states, but Young Republican leader Howard Babcock and Young Democrat Bob Knudsen stated that there is not enough interest shown on campus to organize special groups for students.

## Sagebrush to mail out subscriptions

The Sagebrush will be mailed to off-campus students and subscribers starting November 7.

The past issues have not been mailed out partly due to a breakdown in the university's addressograph machine. Another machine has been rented.

In order to have plates made for the addresses the Sagebrush has to send to Sacramento. Now the plates are in the process of development.

### Former Students

It has been impossible to send issues to former students who are registered this year because the registrar's office must straighten out their records before the Sagebrush can find out who is registered.

The Sagebrush staff hopes that the students who have inquired about their copies will understand why they have not received them and that they will wait patiently until the Homecoming issue.

There will be no issue next Friday, October 31, because of the state and school holiday.

## Colleges exchange newsworthy items

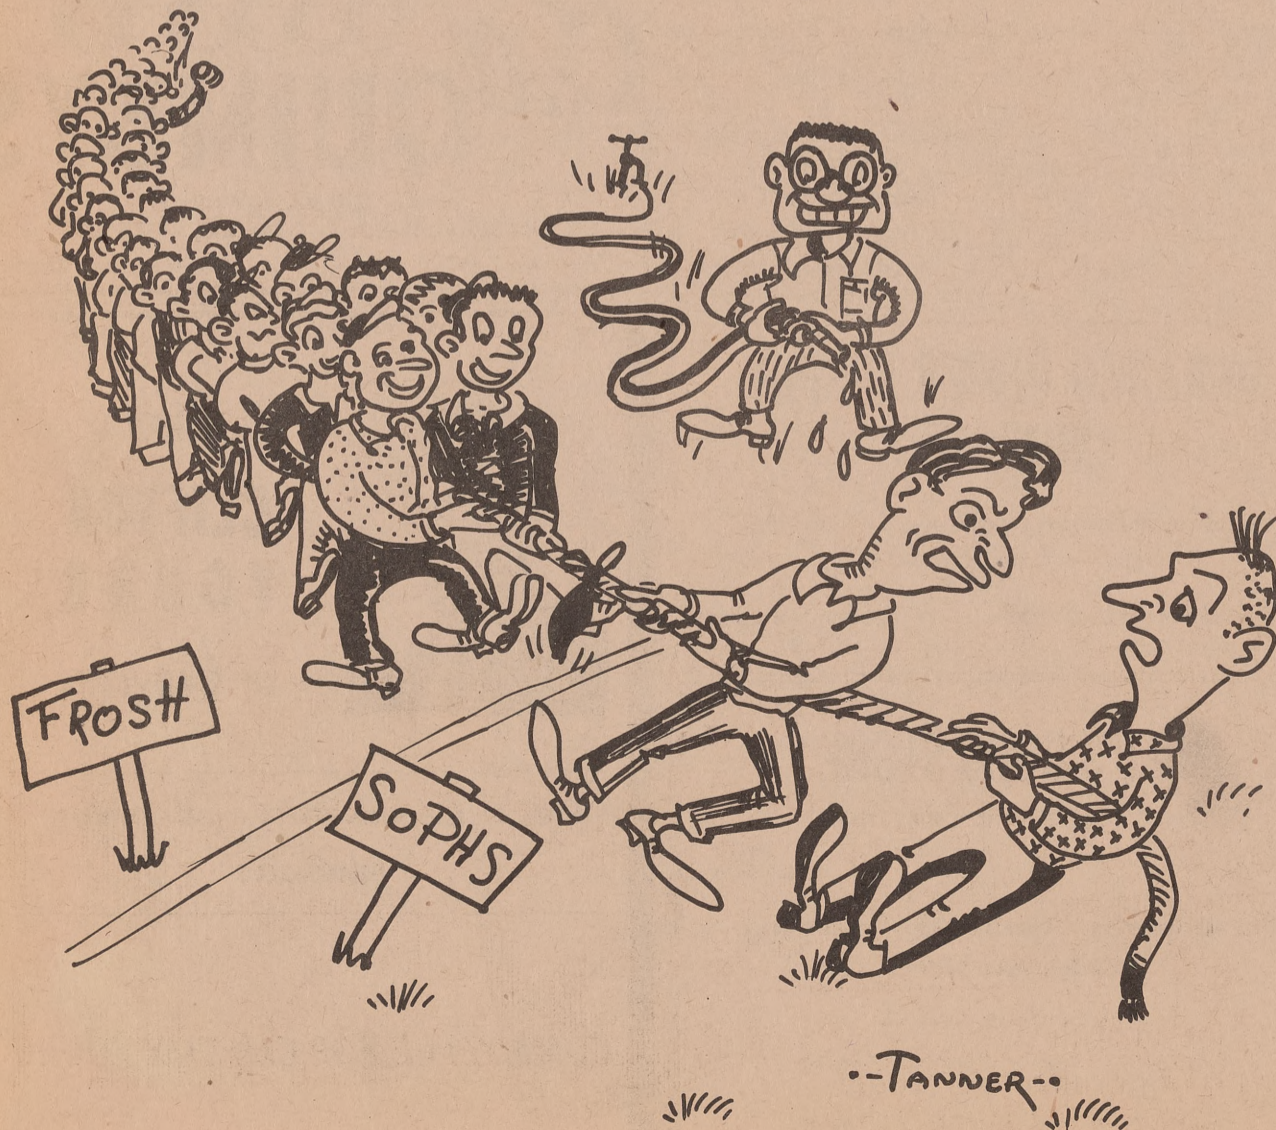

By VIRGINIA CAHLAN

So the freshmen think they have it bad! Well, it might be of interest to note the poor freshmen at Brigham Young university. It seems that for two days they have to go around as Cougar Cubs. This means that they have to wear a costume consisting of a blue and white tail, at least two feet long, a black nose resembling that of a cougar, whiskers, kitten ears, and one blue and white sock.

Their admiration for upperclassmen will be shown in a number of ways, such as carrying books, opening doors, and shining shoes. Besides this they have to paint the Y and attend a compulsory dance in their cougar costumes.

### San Jose

From the Spartan Daily of San Jose state college comes the news of an exchange rally that really sounds like fun. This rally took place at Fresno state. It was a show that was put on entirely by the students of San Jose and lasted for 40 minutes. It included a tap dance, record pantomime, harmonizing by five freshman girls, plus a melodramatic skit. Refreshments were served afterwards by Fresno students to the entertainers. It was agreed by all that the project was a success.

# Organizations meet Blue Key men to plan activities lead many events

As the year gets underway, the various clubs around the university are beginning to stir, although some of the clubs and organizations have not organized yet.

The WRA, with its branches of Orchestras, Paniwallas, and Saddle and Spur, has begun its year's activities. Orchestras meets Thursday at 7:00 in the new gym. Paniwallas holds its meetings twice a month, the next meeting being October 22 at Artemisia hall at 7:00.

### Spurs

Saddle and Spur riding has been combined with WRA riding this year and is held on Fridays from 1 to 3, or from 3 to 5.

Regular activities scheduled for the WRA are volley ball at 4 on Tuesdays and Thursdays, archery on Mondays and Wednesdays at 4, social dancing at 7 in the old gym on Tuesdays, and roller skating, also in the old gym, at 7:30 on Saturday nights.

### Pems

The Pems meet at noon the second and fourth Wednesdays of the month.

The Rifle club will not be able to organize until November due to the shortage of officers in the military department to supervise the shooting.

For the same reason, the newly organized Women's Rifle club will not be able to meet before then either.

## Sagens to serve at Wolves Frolic

The Sagens met to discuss plans for the near future last week. For Homecoming they will usher at the Wolves Frolic, and sell football programs at the game.

The men of the Blue Key in their white caps with blue insignia can be seen assisting the frosh and acting in a helpful way whenever possible around the campus.

The Blue Key is a national honorary service organization consisting of upperclass male collegiates. Membership is chosen on the basis of good fellowship, interest in, and loyalty to the university, qualities of leadership, scholarship and enthusiasm on the campus. New members are chosen and voted upon by the old members.

### Publication

Every year they sponsor the publication of the student directory, and promote school spirit and campus traditions. This year they aided the frosh to register and ushered them about the university grounds, pointing out main buildings and places of significance, on the campus trek.

The plans for this year include managing the sale of homecoming raffle tickets and ushering for the

wolves' frolic. Prizes for raffle tickets will be given away during half-time at homecoming.

## Enterprise flourishes via popcorn venture

Rugged American individualism and enterprise did not die out with the close of the frontier days. One eager young lady in Artemisia hall posted a colorful advertisement upon the bulletin board last Tuesday evening: Popcorn for sale in the basement.

All evening a delicious warm, buttery, salty fragrance floated up

through the laundry and trash chutes, weaving its way around the halls.

All evening feet tramped up and down the stairs until lock-up time at 11. All evening the telephones felt slippery-salty.

What was the noble cause—Red Cross? Blood Drive? YWCA? Community Chest? Guide dogs for the blind? No! Just old fashioned individual enterprise. Charity begins at home, an old American custom. And the popcorn was great!

### Bennyhoff lectures about United Nations

Journalist Robert Bennyhoff, who has seen the UN in action in various parts of the world, discussed the program of the United Nations at the Education auditorium, October 23 at 8.

The purpose of this meeting, according to Mrs Iven Jeffries, president of the Reno AAUW, was part of a nation-wide movement to bring about recognition of the importance of UN day, October 24.

The Reno AAUW, American association of university women, and the league of women voters were the sponsors of the program.

Bennyhoff stated, "There are three alternatives that the United States may take in regards to the Korean war. Ideally, UN troops should use every possible weapon . . . atomic included . . . and wipe out the North Koreans.

As this action is not practical, number two alternative would be for the U.S. to withdraw and just

draw a fence around herself and all of her possessions. This, too, is not practical. So the U.S. must turn to the third method, which is through the United Nations."

The UN has accomplished more than the organization has been given credit for doing. Bennyhoff spoke of many little-known functions, including aids to backward and under-developed countries.

Bennyhoff, a University of Nevada journalism department alumnus, is the manager of the United Press Reno office, and was one of six UP correspondents to cover the Bikini atomic bomb tests.

### Blue flag replaces Willie the Wolf

Taking the place of Willie the Wolf who used to be the Wolf Pack's coyote mascot, will be a large blue flag with a white block N in the center.

The N will be displayed for the first time at the Homecoming assembly, Thursday, November 7, in the old gym.

### YWCA group learns about joining Waves

Waves as a career was the main topic of the discussion held by the YWCA group Thursday, October 23, in Stewart Hall.

Miss Ruth Russell, head of the women's physical education department, was well-qualified as the principal speaker, as she served as a lieutenant from 1943 to 1946 and is now serving in a reserve capacity.

Opportunities for girls serving in a reserve capacity in the armed forces while still in college were discussed in addition to the training program, ROC, that a girl is eligible to receive after graduation.

If a girl is accepted in the reserve while still in college, she receives pay and attends weekly reserve meetings. Two summer trips of six weeks each at a training camp in Maryland must be completed before she becomes an ensign upon university graduation. She must then spend two years on active duty and six years as a reserve

officer.

Miss Russell also spoke the women's air force and WACs.

### Leifson and Mohr elected as ROTC cadet officers

Freshmen and sophomore ROTC cadets recently elected Olaf Leifson as their president and Hans Mohr as vice-president. Further elections of officers will be held at a later date.

### Brent Aiken named carnival chairman

Brent Aiken, Theta Chi, was named, at last week's senate meeting as this year's winter carnival chairman.

General carnival plans, including committee appointments, will be submitted for approval by Aiken at the next senate meeting.

# YOUR VOTE NOV. 4

## Can Bring A Better Balance Than This

Growing bolder and bolder with each passing year "Big Labor" bosses have been tipping the balance of the scale, not in favor of their union members, but in favor of themselves.

Through compulsory unionism power has been concentrated in the hands of a few "Big Labor" bosses. Don't let this happen in Nevada. Don't let them take away our Right to Work!

As voters you have the opportunity to bring the scale into balance by protecting the right of an individual to work, by protecting his right to join or not to join a union without being compelled to do so. It's a right we now have . . . don't let "Big Labor" bosses take that right away.

### Don't Let Them Take It Away - - Our Right to Work

## VOTE QUESTION # ONE

# YES X

# KAT, ATO lead in ticket race

Leaders in the Homecoming raffle ticket selling race are the KATs for the women's organizations and the ATOs for the men's organizations. Archie Evens, Phi Sig, is leading the individual race.

### Awards

An award of \$75 will be given the men's and women's organization selling the most tickets. Blue Key is in charge of the ticket sales on campus, and those interested in participating in the contest should contact Joe Bugica at 2-1462.

### Prizes

Prizes, which will be awarded at half-time during the Homecoming game, include: a four-day winter vacation for two, all expenses including transportation, at the Last Frontier hotel in Las Vegas (or in Reno if the winner is from the southern part of the state), a Capehart console radio, an 18-foot deep freeze, an automatic washing machine and dryer, a portable typewriter, a complete set of luggage and \$25 in cash.

Description of a government bureau: Where a taxpayer keeps his shirt.

# Nancy Adams injured in Sleepy Hollow fall

Nancy Adams, freshman, was injured October 13 by a fall as she was entering her 10 o'clock English class in the temporary buildings.

She was unconscious for several minutes. When she regained consciousness she was taken to the Washoe medical center for treatment and x-ray.

Her injury amounted to a bruised arm, but she was returned to the university infirmary for observation and dismissed from the infirmary the next day.

Once upon a time, when an American said he'd bet you a dollar to a doughnut, he meant he was giving you a hundred-to-one shot. Today he means it's an even bet.

# Cap and Scroll holds dinner to discuss possible initiates

Members of Cap and Scroll, highest senior women's honorary organization on campus, held their monthly dinner meeting October 10 at the Circle RB lodge.

Pres Beverly Myles conducted the business meeting, which included discussion of women students eligibility for initiation in early December.

### Brains

Membership into Cap and Scroll requires that the senior woman be president of an organization on campus, and also have a 2.7 or better grade average.

Present at the meeting were Betty Kling, Beverly Myles, Phyllis Carpenter, Shirley Kershner, Lura Ward and Lynn Horner.

# Houses hold annual pledge dances Friday

Two full houses and a full Lawton's were the scenes of the three pledge dances which were held by Sigma Nu, Tri-Delt and Pi Phi last Friday.

An attendance of 80 couples was reported by the Sigma Nus, who held their dance in their fraternity house. Chairman for the dance was Paul Argeres.

Also holding their pledge dance at their house were the Pi Phis, who reported an attendance of approximately 40 couples. Co-chairmen for the affair were Leona Hickey and Jacelyn Lord.

Delta Delta Deltas, with 50 couples present, held their dance at Lawton's. Chairman for the dance was Nadine Fagg.

# Sun, sand, venison satiate Theta Chis

Incline beach at Lake Tahoe was the scene of a barbeque held by the Theta Chis October 12.

More than 20 members, pledges and date, enjoyed barbequed venison prepared by Chef Leonard Gilmore and his assistant, Bob Madison.

Good food, drink, swimming and sunshine aided the success of the outing.

# LUCKIES TASTE BETTER!

They're made better to taste cleaner, fresher, smoother!

Take a Lucky from a newly opened pack and carefully remove the paper by tearing down the seam from end to end. Be sure to start on the seam. In tearing don't crush or dig into the tobacco. Then, gently lift out the cylinder. See how free Luckies are from air spaces —"hot spots" that smoke hot, harsh and dry—from loose ends that spoil the taste. Note that Luckies' long strands of fine, mild tobacco are packed firmly to draw smoothly and evenly—to give you a cleaner, fresher, smoother smoke. Yes, Luckies are made better—to taste better! So, Be Happy—Go Lucky! Get a carton today.

When rushing season comes around  
For our sorority,  
The girl who always gets our bid  
Knows L.S./M.F.T.

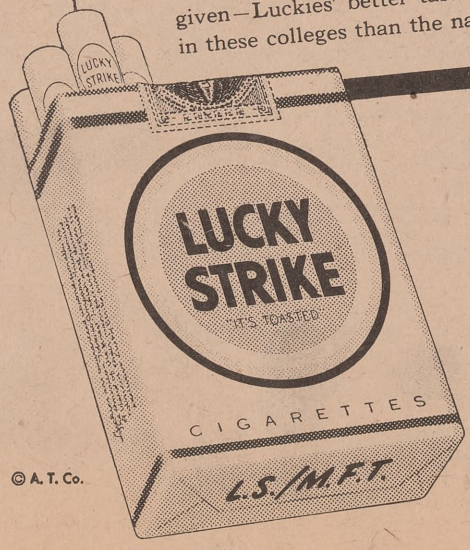

Leah Belle Korn  
Pembroke College

## SPECIAL NOTE!

College students prefer Luckies in nation-wide survey!

Nation-wide survey based on actual student interviews in 80 leading colleges reveals more smokers prefer Luckies than any other cigarette—and by a wide margin. No. 1 reason given—Luckies' better taste. Survey also shows Lucky Strike gained far more smokers in these colleges than the nation's two other principal brands combined.

# Pack Tracks

By ROLLAN MELTON

All-staters from Nevada high schools last fall, now performing with the Wolf Pack, include Howdy Davis, center, Reno; Harry Summerfield, end, Lovelock, and Marvin Baker, tackle, Sparks.

Nevada's starting offensive guards, Bob Hallahan and Boyce Ford, both of Reno, are freshmen.

The Wolf Pack's non-commercial return to intercollegiate football has won the praise of several West coast sports scribes, who perhaps, like many others, were wondering if Nevada's local talent would get pushed off the field by the play for pay boys from other schools.

The blue and silver's 2-0 grid record was good enough to rank them among the Associated Press' national list of unbeaten teams last week.

Jerry Mann, a 5'11", 205-pound line backer on the Nevada squad, played a lot of ball for the USC Trojans before entering the service in 1948.

Chico state, beaten by the Pack 34-2 two weeks ago, got into the win column Saturday after 16 straight lickings, walloping Southern Oregon, 40-0.

Perhaps one of the first thing team members do when they start slinging bull in the dressing room, is label fellow footballers with nicknames. They do it at Nevada, at least. You want a for instance? Well, there's Bilbo Helms, Boulder City's contribution to the university, who's known to his friends as "Poor Devil." Floyd Vice, quarterback from Elko picked up "Horny" as an adopted name somewhere. Also there is Bill "The Toe" Cooper, the Wolves' point-after-touchdown man, and Lee "Yap" Schroder, of Yerington, Nevada, Kentucky, and Nevada again.

Jimmy Olivas, boxing coach, would like to add the University of Minnesota to the fight schedule this winter. The nationally ranked mid-western team will be in this area when it stops in Chico for a card.

The Homecoming battle with powerful Fresno state looms as the toughest of the season for the undersized Pack squad. The Bulldogs have dropped just one game this season, a decision to a coast grid power, San Jose state. Last week the California eleven polished off Utah state, of the strong Skyline conference.

## Boxing workouts to start next month

Members of the boxing team will begin workouts early next month according to mitt coach Jimmy Olivas, who will have five lettermen returning from last season's fine team.

Coach Olivas, himself a former Nevada boxing great, expects a fist schedule to include such perennial rivals as Chico state, UCLA, San Jose, Idaho state, California, and possibly Minnesota. Dates of the cards are not yet definite.

### Vets

Veterans returning include Sam Macias, 118 pounds; Daune Moore, 132; Elwood Haggerty, 132; Doug Byington, 147; and Bill Cockrell, 175.

Ed Barrington, football tackle, who had quite a lot of boxing experience in the service, may turn out for the team as a heavyweight.

Others in the heavy class who've indicated they'll turn out are Gene Phelps, a freshman from Lovelock, and Rollan Melton.

## Retuning stars to bolster ski team

Five returning lettermen are expected to bolster this season's University of Nevada ski team, which has dedicated itself to a strenuous conditioning program which includes entry in the Homecoming cross country race.

The quintet of letter wearers back from last year's outfit include John Cowley, Bill Bulkeley, Jack Rykken, Pat Myers, and Allan Ramsey.

Coach Shelton Leonard, a former Nevada ski standout, will direct workouts this winter, replacing Hal Coddling.

At a team meeting last week, Shelton announced that members should begin working out now in preparation for the big race from Sparks to Mackay stadium.

The new Nevada coach, at the suggestion of a team member, will write to UCLA, Stanford, and California, which host invitational meets, asking them if they will allow entry of eight-man teams rather than the six they have been using.

A new national ruling specifies eight men to a team.

Listed as new team members are Dick Ankers, Bill Thornton, and Dick Thomas, former Reno high skiers, and Don Thompson, a former member of the UN team.

## Mt. Rose skiers to find safer tows

This winter many improvements in local skiing facilities will be under way. At the Mount Rose Bowl, Keston Ramsey, owner, is having the T-bar line and rope tows re-

vised.

The T-bar will be extended over the knob of the hill to a flat surface on the top. This will allow snow bunnies a longer chance to hop off the tow without slipping down the slope or being taken for a ride through the terminal at the top and carried down hill too.

The tow rope will be strengthened, and an electric motor installed which permits more persons to be on the line at one time.

The Reno Bowl at Slide Mountain is progressing. When completed, a whole new area will be opened to ski enthusiasts. The road is being worked on by a state highway crew, but there is no chance for a tow there this winter.

## Pershing Rifles club plans to show off in parades

The Pershing Rifles have once again been organized this year and are under the command of student officers John B. Harris and James E. Skinner. This is a military organization that specializes in perfection of drill and in fancy types of drill.

As soon as they are a little better organized, they hope to enter in parades and public ceremonies. In the past they have been very successful at this type of thing. Capt. Edward M. Frye is the faculty advisor to the Pershing Rifles.

## WANTED!

## THESE HANDS ARE PRICELESS!

They protect the American way of life . . . our homes, our freedoms, our future.

**These Hands**, sensitively trained to respond acutely to the commands of an alert mind and courageous heart, are the hands of a United States Air Force Pilot.

The skillful touch of these hands attunes the blasting speed of modern jet aircraft to effective missions in discouraging any enemy. These hands are supremely capable of flying and fighting these machines with devastating effect.

**These Hands** belong to young, spirited American men (not supermen) who desire to live unmolested in a free America . . . who want to enjoy the same rights and opportunities open to all real American people.

**These Hands** belong to our sons—yours and mine. Youths who must decide today how they can share in defense of our nation and also better themselves. To insure greater chances of their success, today's college men should be encouraged to complete their education and then serve their country best by enlisting as Aviation Cadets in the U. S. Air Force.

Theirs is the choice of becoming either a Pilot or Aircraft Observer. After graduation as Second Lieutenants in the U. S. Air Force, they wear the silver wings of flying executives and begin earning nearly \$5300 a year.

**These Hands** represent a man ready to qualify for this tremendous task because he is between the ages of 19 and 26½ years, unmarried, and in excellent physical condition, especially eyes, ears, heart and teeth. He possesses at least two years of college and the inherent urge to fly.

**These Hands** shape the destiny of America . . . the difference between our survival and oblivion. The U. S. Air Force needs the hands, the minds and the hearts of young Americans who desire to make the American way a greater way of peace and happiness for all.

**WHERE To Get More Details**

# Tri Delts unbeaten as tourney ends

By DEE TURNER

Winners of the volleyball tournament so far, have been announced by Corrine Vieta, manager. Tri Delts are ahead with four wins. Gamma Phis are second with two wins and the Thetas, Artemisia hall and the un-affiliated town girls all have one win on their record.

Janice Palludan is acting as scorekeeper for the tournament. Members of the Tri-Delt leading team are Wanda Black, Doris Holmes, Dixie Sturges, Sue Swartz, Marge Titus, Marge Sewell, Carol Normandy, Lorraine Munier, Barbara Gregory, Eileen Yreuta, Mary Moore, Marcia Malcom and Kay Eaton.

### Challenges

Last Thursday, after the tournament was completed, the teams held challenge games, where any team could challenge another. Next Tuesday, triplet games will be held with only three members on a team.

The archery teams are planning to enter in the winter intercollegiate archery tournament, it was announced by Miss Mary Rulifson, advisor. The teams are composed of UN archers. These can be all men, all women, or mixed teams.

The meet will be held from November 1 to December 16. Three teams are planning to enter in all five events offered. The group meets at 4 p.m. every Monday and Wednesday afternoons, and any student is welcome to attend.

### Classes

Class A will include 24 arrows shot from 50, 40 and 30 yards; Class B, 24 arrows at 25, 20 and 15 yards; Class C, 60 arrows at 30 yards; Class D, 60 arrows at 20 yards; and Class E, 60 arrows at 15 yards.

Students coming out for archery are Duane Urban, Duane Glanzmann, Roy Whitacre, Dale Burt, Dan Elliot, Lucille Nelson, Shaile Loneridge, Myldred Cordes and Leanne Norton. Myldred and Leanne are co-managers.

Twenty-four girls are participat-

ing in horseback riding. The group has decided to work primarily on drill and square dances on horseback. This will enable them to present a Gymkhana, which is a display of horsemanship.

Miss Ruth Russell pointed out that many of the new students taking riding are very able horsewomen. Some of these are Rosie Strachwitz, Karen Phillips, Eleanore Shane, Nan Imperatrice, and Viola Neil. Many Saddles and Spurs members are again participating, she said.

### Conference

Miss Russell, Miss Rulifson and Miss Jean McIntosh, who comprise the women's physical education staff, are planning to attend a conference of the Western Society of physical education teachers of college women in Asilomar, California. Miss McIntosh and Miss Rulifson will be in charge of workshop groups while Miss Russell will attend as secretary-treasurer of the organization.

# Unbeaten Idaho State plays host to Nevada wolf pack tomorrow

The University of Nevada's toughest grid opponent to date, the Idaho state Bengals, play host to the Wolf Pack tomorrow in an afternoon game scheduled in Pocatello.

The unbeaten Idaho eleven has already clinched the Rocky Mountain conference championship. They crushed a well-regarded Colorado Mines team, 40-16, after jumping to a healthy 27-0 first quarter lead.

### Loaded

The Bengals, says assistant Nevada coach Hugh Smithwick, who saw them play Saturday, are loaded. They displayed a potent offensive attack as well as a hard charging unit that completely smothered Colorado runners in the first half.

I rate this Idaho team right along with our Homecoming opponent, Fresno state, Coach Jake Lawlor commented early this week. That definitely is a compliment to the Bengals, for the current Fresno squad is now enjoying one of the most successful grid seasons in the history of the school.

Nevada's footballers have gone unbeaten thus far this year, turn-

ing back the Cal Aggies, 26-13, then whipping the Chico state Wildcats, 34-2.

During drills this week, stress has been laid on defensive play, in the hopes that the Pack can stop the high-gear offense of Idaho state.

The Nevada squad, 32 strong, plus the two coaches and two managers left this morning by bus. They'll arrive in Pocatello tonight. The group will return Sunday.

# Ski tow operators needed at Mt. Rose

Jobs are now available for the coming ski season, says Keston Ramsey, owner of Mount Rose's Sky Tavern. Men are needed on the weekends to help with the tows and T-bar. Compensation is free rides on the lifts.

Applicants should apply to Allen Ramsey at 2-2998 or to Don Thompson at 2-8803 for further details.

# Inter-fraternity rifle meets scheduled for November

Plans are being made for the inter-fraternity rifle matches to be held Nov. 17 to 21.

The winning fraternity will receive a rotating marksmanship trophy which is now held by the SAEs. The victors will also receive a permanent trophy and points toward the Kinnear trophy.

## CAMEL leads all other brands by billions of cigarettes per year!

# 26 new members

Twenty-six students at the University of Nevada were recently elected to membership in Phi Alpha

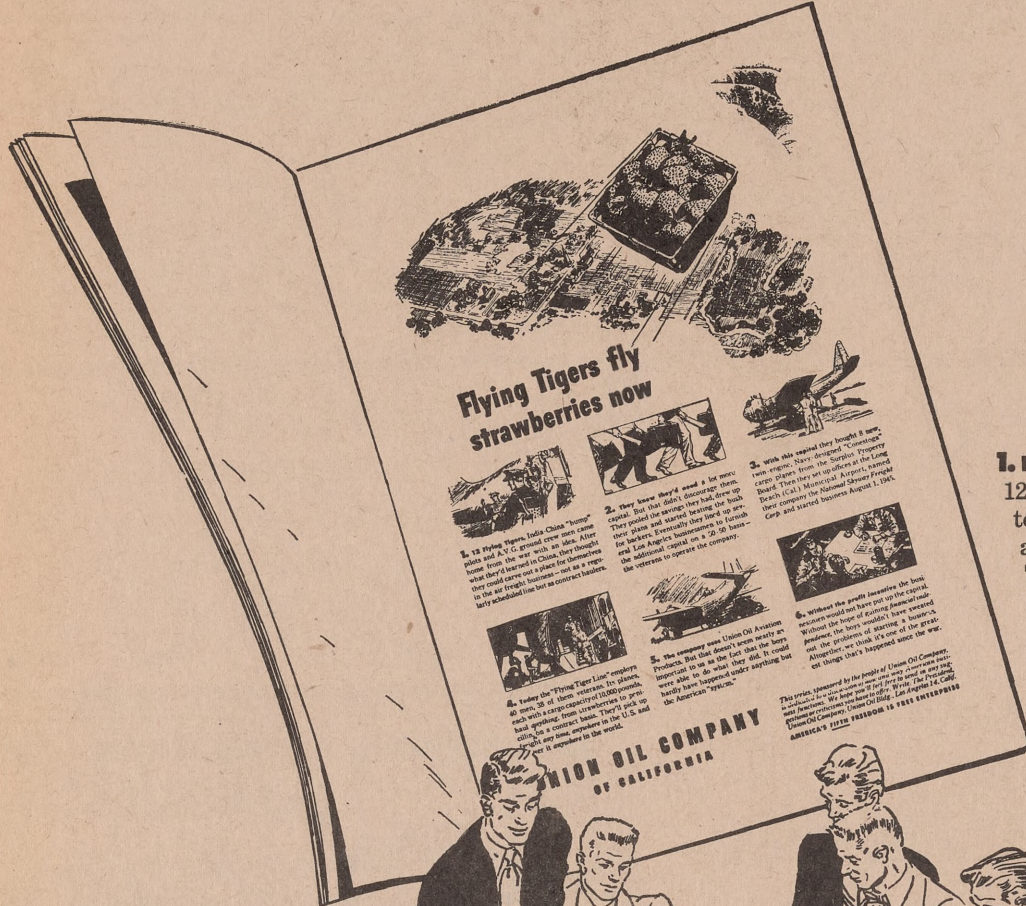

Theta, national honorary society. Members of the organization are selected from students who have taken at least 12 hours of history or political science and have at least an overall average of "B" in the subject. Students elected to the group

were Mrs. Elizabeth Aplin, Doris Henderson, Ada Jane Geitner, Ann Boero, James Brooke, Gene Brown, Elsie Shaver, Don Loveless, Sally Bassemier, Warren Botkin, Marcia Malcolm, Robert Marker, William Smith. Mrs. Alice Addencock, Sarah

Titus, Richard Hight, Ruth Ingram, Earl Barry, Irene Findlay, Catherine Lojas, Hazel Jones, Diane Lewers, Nan Imperatrice, Bulkeley Well, Pete Cladianos and George Foley. Laura Ward was appointed vice president of the group to replace

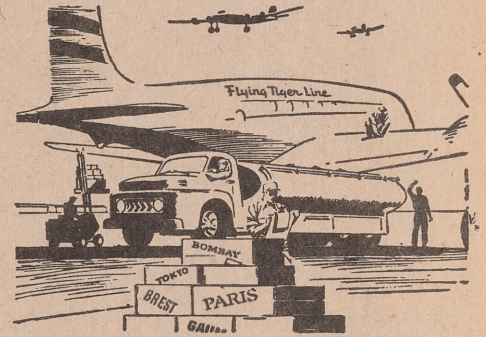

Joan Lorie, who transferred to San Diego. The University of Nevada is one of the few universities in the United States without a student union building.

# How the Flying Tigers got over the Hump

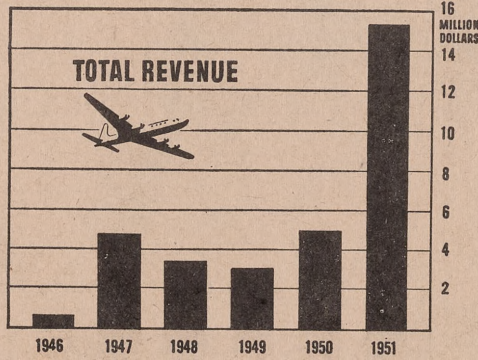

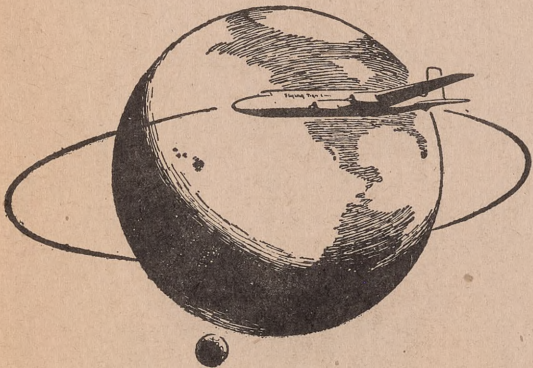

1. In November, 1945, we told the story, in this series, of 12 India-China "hump" flyers from the American Volunteer Group who came home from the war and started an air freight business. They called their company The Flying Tiger Line Inc.

2. As we told you then, the veterans pooled all their savings but they still needed additional capital to launch their project. Several Los Angeles businessmen offered to furnish this capital on a 50-50 basis—the veterans to operate the company. This capital enabled them to start operations on June 25, 1945, with 8 war surplus Conestoga cargo planes.

5. The company has used Union Oil aviation products since it began operations in 1945. But that doesn't seem nearly as important to us as the fact that the men were able to accomplish these things. It could hardly have happened under anything but the American profit and loss system.

4. Last year their fleet earned a total revenue of \$15½ million compared to \$458 thousand the first year. In 1951 their planes flew a total of over 13½ million miles compared to ½ million miles the first year. Today The Flying Tiger Line Inc., is the world's largest certificated freight and contract air carrier.

6. For without the profit incentive the businessmen wouldn't have put up the capital to start the business in the first place. Without the hope of gaining financial independence, the veterans wouldn't have had the incentive to sweat out the problems of starting the company and developing it. Altogether, we think it's a wonderful example of the advantages of our American free enterprise system over others.

**UNION OIL COMPANY**  
OF CALIFORNIA  
INCORPORATED IN CALIFORNIA OCTOBER 27, 1890

This series, sponsored by the people of Union Oil Company, is dedicated to a discussion of how and why American business functions. We hope you'll feel free to send in any suggestions or criticisms you have to offer. Write: The President, Union Oil Company, Union Oil Building, Los Angeles 17, California.

Congratulations frosh, on your fine showing at last Saturday's field day. I guess everyone knows now who "carries the weight" around here.

Red Esplin is so far the best story teller in the Theta Chi fraternity. Red is leading in the house's annual liars contest. The final winner will be honored with a trophy sometime before Christmas.

Herb Hughes put on a show for his fraternity brothers one night last week. The Sigma Nu boys gathered in Herbie's room to watch him make love to his pillow. From the mumbled phrases uttered by the pledge, the only recognized words were "Dolly Montgomery."

Lambda Chi and ATO are still on the lookout for the girls who tripped lightly out of their respective houses with some of their most cherished possessions—the Lambda Chi plaque and the ATO honor roll plaque and the J. C. Penney trophy. Rumors have it that J. Edgar Hoover will arrive in Reno next week to begin work on the case.

One Phi Sig pledge was evidently given the wrong information concerning his fraternity. Upon answering the phone one day last week he was heard to say, "Good afternoon—Phi Beta Kappa."

Any sorority wishing to share their food with a group of hungry boys may write to I. M. Hungry.

37 Lake St. The boys will accommodate by first stealing the food from you and then helping you eat it at their house.

Jackie McGowan and Betty Kling spent two hours last Wednesday afternoon in the violators' stocks chained to the front porch of the Pi Phi house. The dirty work was that of the Taus who came in search of a missing banner. Incidentally, the violators' stock was last seen floating in the lake.

Jack Cherry, Don Woodin and Don Stewart will be active members of Lambda Chi fraternity Sunday when they receive their final degree of initiation.

The Phi Sigs had house guests last weekend when the members of the Cal Aggie chapter spent their sneak at the local house. The nine arrived Saturday morning and left Sunday night after completely raiding the ice box.

One of the many high-lights of the Sigma Nu pledge dance last Friday night was the hourly tour conducted through the garden.

**UN Band performs at Manzanita lake**

The University band gave its first campus concert yesterday on the north shore of Manzanita lake.

The large turnout of students and faculty promises more campus concerts of popular and standard music, stated Prof Felton Hickman, music director.

**Pledge dances head week-end activities**

The pledge dances seem to predominate again in the calendar of coming events for this next week.

October 24—Gamma Phi, KAT, Lambda Chi, Sigma Rho Delta pledge dances.

October 25—Idaho State game at Pocatello, ATO, SAE, Theta Chi pledge dances.

October 28—German club.

October 31—Admission Day, NO CLASSES!

**Lawlor retires as ASUN secretary**

Miss Trinie Trquiaga plans to replace Irma Lawlor as secretary and bookkeeper for the ASUN. She will take over the position of the first of November when Irma Lawlor retires.

Miss Erquiaga has worked in Reno

for the past 15 years. Her former home was in Fallon.

Irma Lawlor was for the past six years secretary and bookkeeper for the graduate manager, James McNabney, and for the associated students of the university. She is leaving her job to go to her full-time job at home with her family.

### Grant attends WSSF conference in Calif.

Vana Grant, chairman of the world student service fund here, attended the California and Nevada WSSF conference Oct. 10-12 at La Honda, Calif.

It was a week end of highly concentrated information, inspiration and appreciation, commented Miss Grant. We are so far away from other schools that we don't realize the tremendous importance the WSSF has on other campuses.

#### San Francisco

Held at the San Francisco YMCA camp, the convention included an address, the university and a world in revolution, by Dr Alexander Miller of Stanford, and panel discussions on WSSF in Europe, Asia and at home.

### Freehand drawing class held Tuesday night

Artzi, a freehand drawing night class for townspeople and students, has drawn double the number expected and has been divided into two classes.

Thirty-eight persons are presently enrolled in the class, 20 of whom are townspeople.

The course is offered Tuesday evenings, 7:30 to 9:30, for one unit. John C. Sheppard and Edward W. Yates are the instructors.

### Terry Alauzet speaks to journalists about Hawaii

Miss Terry Alauzet, waterfront and airport reporter for the Honolulu Star Bulletin, was guest speaker last night at a joint meeting of the University of Nevada press club and the Nevada chapter of Sigma Delta Chi.

Miss Alauzet told of her experiences as a mid-Pacific reporter covering the transportation centers of Honolulu. In the course of her work she met and interviewed celebrities of stage, screen, radio and

political life.

A Nevada journalism graduate, 1951, Miss Alauzet is now visiting with her parents in Reno. She plans to return to her job with the Bulletin shortly.

### Spanish club elects officers; Normandy chosen president

Carol Normandy was chosen to lead the Spanish club this year at its first meeting held Oct. 16 in Morrill hall. Also elected in the organization meeting were Myron

Hanley, vice president and Leanne Norton, secretary-treasurer.

The group discussed plans for the year. The next meeting will be the third Thursday in November.

D Lawton B. Kline is the club advisor.

Second only to speeding as an accident factor in 1951 was failure to respect the right-of-way.

Three out of four motor vehicles involved in 1951 accidents were passenger cars.

### AND YOUR OWN HOME TOWN!

Yes, Greyhound provides frequent service everywhere in weather-conditioned Super-Coaches. You save every mile, have extra cash for extra fun on any trip. No fares are lower than Greyhound's . . . why take less than the best!

#### Finest Charter Service

For group trips to big games, school get-togethers, other events in town or elsewhere, use chartered Greyhound buses. They provide the most convenient, economical travel way for bands, choirs, and similar groups.

Modern Greyhound Super-Coaches, with skillful, courteous drivers, offer complete dependability. Rates are usually no higher than for inferior charter buses and less dependable service.

#### SAMPLE LOW FARES:

From Reno:	
San Francisco	\$4.60
Salt Lake City	12.70
Los Angeles	8.85

# NOSE, THROAT,

## and Accessory Organs not Adversely Affected by Smoking Chesterfields

### FIRST SUCH REPORT EVER PUBLISHED ABOUT ANY CIGARETTE

**A responsible consulting organization** has reported the results of a continuing study by a competent medical specialist and his staff on the effects of smoking Chesterfield cigarettes.

**A group of people** from various walks of life was organized to smoke only Chesterfields. For six months this group of men and women smoked their normal amount of Chesterfields—10 to 40 a day. 45% of the group have smoked Chesterfields continually from one to thirty years for an average of 10 years each.

**At the beginning** and at the end of the six-months period each smoker was given a thorough

examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the sinuses as well as the nose, ears and throat.

**The medical specialist**, after a thorough examination of every member of the group, stated: "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."
