Five Seniors Vie For Mackay Queen; Polls Open Wednesday in Snack Bar

Male students will go to the polls Wednesday in the Snack bar to elect the 1954 queen of the Mackay day celebration. The winner will be announced at the assembly on Friday.

A trophy will be awarded to the queen at the dance on Saturday night. She will also receive a gift.

Five senior women are competing for the title. They are Shirley Flagg of Gamma Phi Beta, Nancy Hartke of Pi Beta Phi, Jean Paulson of Artemesia-Manzanita, Barbara Rholffing of Kappa Alpha Theta, and Eileen Yrueta of Delta Delta Delta.

Shirley Flagg of Tahoe City, Calif., is a home economics major. She is 5 feet 7 inches in height and weighs 130 pounds. The brown-haired, brown-eyed miss plans to be an airline stewardess after she graduates.

Hailing from Pomona, Calif. Nancy Hartke will attend graduate school at the University of California. She is also 5 feet 7 inches tall and weighs 130 pounds. Nancy is majoring in biology. She has brown hair and brown eyes.

The third brown-eyed, brown-haired candidate is Jean Paulson of Henderson. Her height and weight are the same as the two women above. Jean will receive her primary teaching certificate in June, and will teach in Reno next year.

Five Foot Three

Barbara Rholffing will also teach in Reno next year. She is 5 feet 3½ inches tall and weighs 110 pounds. Reno is the home of the miss, who has brown eyes and brown hair also.

Five-foot seven-inch Eileen Yrueta, like the four other candidates, has brown hair and brown eyes. Eileen, a secondary education major, will take a four-month trip to Europe after graduation. Her home is in Winnemucca.

Wanted. One gas-cap for Chevrolet. Can pay cash up to 37 cents. Phone 2-3681— Ask for editor.

**Spring Is
The Most**

PE Show Starts Mackay Program

The Physical Education show will officially open the Mackay Day celebration Thursday evening, Apr. 29th in the new gymnasium. A demonstration of tumbling, parallel bars, high bar and the living staturary will be displayed by the men's physical education department. The women's department will present a program of modern dance.

This year's show is under the direction of Mr. Art Broten. The physical program was started five years ago by Dr. John Martie to be put on during the lull in February. Mr. Broten who was on the Olympic team was a featured attraction. The women's work was added to give the show more variation.

In 1952 the program was made part of the Mackay Day celebration and since has been the first event of the three-day celebration.

The Women of Orchesis, the campus organization of modern dance, and members of the production class will present a selection of dances. Miss Lois Fitzgibbons, faculty advisor of orchesis is assisting Mr. Broten in the preparations.

NEWMAN CONVENTION

Five university students will attend the annual regional Newman convention in Sacramento April 23rd, 24th, 25th. The purpose of the convention is to better the organization of local groups.

Campus Booths Open For Vote Registration

Students may register for voting on campus Monday, Tuesday and Wednesday of next week. The Young Republicans will have booths set up on campus making it possible for students to register without going to the court house.

A booth will be set up by the education building on Monday from 8:00 a.m. to 12 noon. Tuesday there will be a booth by the engineering building from 8:00 a.m. to 12 noon. The booth will be placed by the bulletin board on the quad. Wednesday there will be a booth in the snack bar open from 8:00 a.m. to 12 noon and from 1:00 to 2:00 p.m.

Students from other counties than Washoe may register at this time. Coe Swobe, president, urges all students, regardless of party, to register.

Gail Johnson, Dick Wiseman, Dave Ryan and Tom Bowman are in charge of the registration.

Tatum to All-Stars After Leaves Here

Coach Jim Tatum will lead the college all-stars in August at Soldier field but will still teach at Nevada from June 12th to July 16th.

The famed Maryland football coach was selected for his knowledge of defense to direct the pick of college football against the Detroit Lions, national football league champions.

With basketball coach "Phog" Allen, of Kansas, Tatum will teach a coaching school in the first term of the coming Nevada summer session. The term ends July 16th and Tatum does not start training his team until July 23. With him will report 50 top senior players to work out at Purdue university, Lafayette, Ind.

Tatum was assistant to Head Coach Bobby Dodd for the all-stars of 1942.

Eileen Yrueta

Barbara Rholffing

FRATERNITY SKITS RESTORED

Fraternity skits will be restored to the Mackay day celebration, after two years at rest.

The skits will be staged in Mackay stadium immediately following the obstacle races on Friday morning.

The skits will be concerned with Mackay day and the University of Nevada, past, present and future.

The winning fraternity will be awarded a trophy at the Saturday night dance. Judging will be done on the basis of costume, originality and continuity.

Jerry Mann, Sigma Nu, is chairman of the event.

Debaters Second In Montana Meet

University of Nevada debate squad returned from Montana State University on April 10th with second place honors in the eighth annual Tau Kappa Alpha forensic meet.

Bev Sue Hug and Sue Casey won first place in the women's A division debate. They competed against nine other teams and were awarded a trophy. The topic of debate was "Resolved: that the United States should adopt a policy of free trade."

Men Edged

In the men's A division Ray Kjeldsen and Steve Stewart were edged out of first place by Oregon State. The competition included forty-six teams.

There were 228 individual entries in the tournament representing students from 26 colleges in Washington, Oregon, Montana, Colorado and Nevada.

Myrtle Coates won points for the Nevada squad in the interpretive reading competition. The students were accompanied on the trip by their coach, Dr. Robert S. Griffin, professor of English.

UN ENROLLMENT INCREASE LEADING WHOLE NATION

University of Nevada led the nation during the present school year in percentage of students enrolling in college for the first time.

According to information received from Dr. S. M. Brownell, U.S. Commissioner of Education, Nevada's first-time enrollment percentage of 25.7—or 435 students as compared with 346 last school year—headed all states in the nation. Pennsylvania was second with the 38 states reporting increases in first-time students with 18 percent.

Total number of new students including freshman, transfers, and graduate-students is also on the upgrade. The number is 635 this school year as compared to 609 last year.

Our opinion of tight skirts . . . TIGHTER!!!

Richardson Wins In Supreme Court

The Nevada supreme court ruled this week that the dismissal of Dr. Frank Richardson, former head of the biology department, on grounds of insubordination was unfounded.

The decision was reached after lengthy deliberation by the court. Dr. Richardson's attorney filed the appeal in February following the regents dismissal of Richardson last spring.

One Year

The subject of the disputed dismissal was brought out in a series of regent hearings last spring when Dr. Richardson was charged with the task of showing cause why he should not be dismissed on grounds of insubordination.

Another charge against the former biology department head was that he had been untruthful when he said that President Stout had made an unfair attack on the American Association of University Professors.

No Case

The court decided that neither charge against Richardson had been born out in light of the evidence presented.

It was the court's observation, that while Richardson's remarks may not have been in good taste, they did not constitute grounds for his removal.

In effect, the court's decision restores Richardson to the faculty.

Academic Freedom

It has been the consensus among many people that the issues at stake actually revolved around academic freedom. The court expressed the opinion that this was not the case, and the decision is based only in light of evidence regarding this particular case.

Also the court announced that entrance requirements to the university were not at point in the issue nor were any possible personal differences that may exist between President Stout and Dr. Richardson.

President Minard Stout commented to reporters, "I've always tried to play according to the rules as they've been set up, operating under the constitution, the laws of the state and previous supreme court decisions. If this means that's no longer the law, we'll have to change our rules of operation."

Silas E. Ross, chairman of the board of regents declined to comment on the decision until consultation could be arranged with the other four regents.

DR. WOOD TRAVELS TO WASHINGTON

Dr. William R. Wood, newly appointed dean of statewide development of higher education, leaves tomorrow for a meeting of the armed forces education group in Washington, D.C.

School of Nursing Possibility Studied By Health Service

Summoned by the University of Nevada, Miss A. Olson, will interview university deans, nursing and medical groups, and hospital administrators throughout the state in order to determine if a nursing school is needed in the state of Nevada.

Miss Olson from the U.S. Public Health Service, office of education division of nursing resources will make a study of nursing needs and resources in Nevada.

She also hopes the survey will "give information on what facilities need to be developed in the state to have a program for the education of nurses".

Nurse Shortage

Today there is in the U.S. a shortage of some 50,000 nurses. "In actuality there are more trained nurses, but also there has been a tremendous increase in our population," Miss Olson said.

Nevada does not have a nursing school. Consequently, girls who are interested in nursing must go out of the state for their schooling. And Miss Olson said, "They have a tendency to stay where they are schooled."

If it is shown from the survey that the state is in need of nurses, a state advisory council will take over the results of the survey and study the problem.

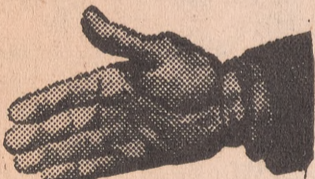

If they agree with the survey results appropriations will then have to be calculated and obtained.

Miss Olson said that her survey will take about two weeks.

George: Mother says I cannot see you anymore. I will mail your ouija board and sneakers—Dorothy.

HOW'D YOU LIKE TO meet

Captain Donald E. Spangle

He's here, on campus now—to show you how to...

earn over \$5000 a year...

become an officer in the air force...

get a head start in jet aviation...

be a part of a great flying team...

as an Aviation Cadet. See him while you can.

Capt. Donald E. Spangle and Aviation Cadet Selection Detachment 108 will visit the University of Nevada the 26th and 27th of April. He will be available Monday afternoon and Tuesday Morning to those desiring further information on career opportunities in the Air Force.

CAPTAIN DONALD E. SPANGLE AND AVIATION SELECTION 108 MATHER AIR FORCE BASE, CALIFORNIA

Military Ball Plans Rolling With Five in Queen Election

Plans are progressing for the military ball to be held at the Fable room of the Mapes hotel on May 8th. Under the sponsorship of the Scabbard and Blade, this year's military ball will be the 25th to be presented by that military organization.

The dance will get underway at 9 p.m. and is a school function and all students regardless of their connection with ROTC are invited.

Prior to the dance, a banquet for members of Scabbard and Blade is scheduled in the Sky Room.

Guests Vote

Each year a queen is selected by guests at the dance. Arthur D. Peterson is in charge of nominations. Five coeds have entered the contest and the winner will be elected at the dance.

Coeds entered in the queen

election are Margaret Ritchie, Pi Beta Phi; Georgia Meyers, KAT; Theresa Naveran, Tri Delta; Kay Eaton, Artemesia-Manzanita and Donna Fisher, Gamma Phi Beta.

Decorations for the event are under the direction of Bob Wilson, but at this time, no announcement has been made as to just what they will be.

Saber Arch

A distinctive feature of the annual military ball is the traditional

saber arch. The queen is presented by coming forward under a canopy of crossed sabers held by members of Scabbard and Blade.

The Nevada chapter of Scabbard and Blade is carried on the nation-rolls as C Company, 7th Regiment, and has 27 active members. Applicants to Scabbard and Blade are chosen from members of the advanced ROTC students.

Governor Charles Russell is invited to attend the dance and is ex-

Senate Meets

Editors for the Sagebrush and Artemesia were announced during Senate meeting Wednesday for the coming year. Bill Eaton will retain his position as Sagebrush editor and Leonard Harrison will continue as business manager. Janet Van Valey will be editor of the Artemesia. A business manager has not yet been chosen.

The Young Republicans group was officially declared a campus organization by the Senate.

Tennis and baseball have been recognized as major sports, and those participating will receive their awards this semester.

A new camera will be purchased for the Artemesia. The old one will be sold to a student.

pected to introduce the queen. Also invited are high ranking military and naval officers in the area. Dick Wiseman who is in charge of overall preparations for the ball further announced that cadet officers from Scabbard and Blade units in California would be invited to attend.

Mackay Events

Thursday, April 29th 8 p.m. Physical Education show in new gymnasium.

Friday, April 30th 10 a.m. Classes dismissed. 10:30 a.m. Obstacle races. Men-Manzanita lake. Women-Mackay stadium.

Following the races: Assembly in Mackay stadium. Announcement of Mackay Day queen.

Fraternity skits. Individual beard check. 1:30 p.m. Band concert in front of Mackay statue. 1:30 to 5 p.m. Exhibits open. 8 to 11 p.m. Open house at the sororities.

Saturday, May 1st. 10 to 1:30 a.m. Exhibits open. 11:30 a.m. Luncheon in new gym. Song teams. Fraternity beard check. Benediction service. Honor benefactors. 2 p.m. Track meet. 2 to 5 p.m. Exhibits. Engineering contests. 9 to 12 p.m. Western dance in new gym.

Okay, so the grass has to have water. But does the guy who puts out the sprinklers have to put them so they spray the sidewalks? No grass growing on the concrete, buddy. Why wet it down? No grass growing on our clothes and shoes either. Come on. Let's "sight in" a little better when you put the hoses out.

Don't Move!

The winter carnival was a big blast—a mighty strain. Then ASUN elections and ensuing uproar—and mid-term exams to boot. Very bad—hard on the nerves. Big panic. No sleep.

The worst has come.

Spring.

Can't stay awake all day—can't sleep a wink at night.

Flowers, sunshine—and glands.

Never saw so many glassy-eyed people, all over the lib steps, sprawled in the snack bar looking dazed.

The whole campus is in a state of shock.

Classes are a big help. It's so REFRESHING in there with all that dead air.

Anyone caught reading a text book will be prosecuted. It's here. Let it happen.

Blue Key Convention

Nevada's Blue Key chapter has been named host for next year's Blue Key regional convention. About 30 college presidents are expected to attend the three day convalesce in early April.

Dean William Carlson has been chosen by Blue Key members as their faculty advisor. In that capacity he will assist in planning for the convention.

Meanwhile, Blue Key president Pat Myers announced this week that the Blue Key will operate two information booths for Mackay day visitors.

Also coming up on Blue Key agenda is the initiation of 19 pledges who associated themselves with the campus service group during the semester. The initiation is planned to accompany a banquet in honor of the new pledges.

Life is poorly.

Indian Art Next Lecture Subject

Fourth in the annual spring lecture series will be a discussion of the human aspects of art by Dr. Oscar B. Jacobson, well-known author of books on American Indian art and costumes.

Dr. Jacobson will speak at the education building auditorium May 6th at 8 p.m.

Second and third lectures in the series were presented this week before capacity crowds at the university. Dr. Lawrence H. Snyder spoke on heredity and genetics in connection with re-appearance of family traits in children and the Rh factor in relation to mother and child, April 19.

The Hon. Kenneth Lindsay gave four specialized lectures during his two-day stay, April 21-22. The one time minister of education in Great Britain delved into the subjects of European unity and higher education in America.

Out Of The Brush

By P. FINCH

Ten men mostly old grads and ex-faculty members, are after the three vacancies on the board of regents. Two are filing for reelection since Newton Crumley dropped out to run for Elko senator.

The great issue, termed in the abstract, is academic freedom, a sort of "turn the rascals out" idea. Dr. Ulph, ex-political science professor, says that the only freedom at the university is "the freedom of the grave." William Buck, graduate at the university and now a real estate dealer, says the professors can't do their best work "while watching a censor over one shoulder."

Former coach Skeeketski and Bruce Thompson, attorney for Frank Richardson, have filed for reasons yet unknown but speculation is easy.

At any rate, departing faculty members from Nevada are not relegated to academic limbo. Mr. Francis Barsalou, now teaching his last semester here, will have a post at Notre Dame this fall.

We haven't seen any professors glancing furtively behind while delivering a lecture nor have we noticed and restraint in their comments. If there are thought police on the campus, they are out of the sight of the student.

Indications show that once the election oratory begins in earnest, the campaigning will be in a traditional mud-slinging manner. If not instructive it will be entertaining.

"Know thyself," say philosophers. If we all followed this advice successfully, we would probably commit suicide from the ensuing revulsion.

The president's residence (isn't that lyrical?) was built in 1900 at a cost of \$8,000 hard money. The president had to help with some of his own funds. The flagstaff didn't cost anything—it was donated by the citizens of Reno on May 31 1898. The act may have been inspired by chauvanism caused by the Spanish-American war which had started a month earlier.

Last week a group of German brewers said that Americans drink more beer than Germans. Maybe so. But American beer is not really beer. Japan and Mexico (excluding Tijuana), called backwad countries by some, make brew that puts our colored water to shame. The trouble is that women in our country drink beer and the brewer is forced by the female to make a pale substitute.

For some time, the company that nearly monopolizes Reno motion picture theatres have been urging us to write our congressmen to reduce the tax on movie tickets so we would pay less for Hollywood drivel. The admission was 50 cents and the tax 20 cents. Well, the tax has been lowered but we still pay the same price. Admission was upped to 64 cents with 6 cents tax.

Hank Greenspun, indicted for some indiscretions in his newspaper column, might fare better if the law had adopted the suggestion of Benjamin Franklin. Ben said that freedom of the press is fine but with it should be freedom of the cudgel, i. e., the writer should be prepared to physically defend his opinion and his assailant be able to clobber the writer with legal impunity.

ASUN President

Clair Earl

The largest percentage of students to turn out at the polls elected Carl Earl, Theta Chi as student body president for the 1954-55 school year. He defeated Otto Schultz, ATO, by a 375-329 margin.

"I know that I will need the support of the students and hope that we can work together to have a program that will be beneficial to all the student body," was Clair's statement to the press.

The new student body president is a junior student majoring in chemistry. Clair has been active in campus affairs. He served as junior class manager last year, is a member of the chemistry club and Scabbard and Blade, advanced ROTC honorary. Clair has been a leader among his fellow students since high school. At Moapa Valley high school he held many class offices and was recipient of the Harold's Club scholarship.

Coleman Senator

Virginia Coleman, the newly elected women's senator-at-large is a sophomore art major. She is a member of Delta Delta Delta. Virginia defeated two other candidates, Georgia Meyers, Theta, and Carole McGilvray, Pi Phi.

Men's senator-at-large for the coming year will be John Jepsen, Sigma Nu, who defeated John Nugent, Lincoln hall. This year Jepsen served as sophomore class manager. He is an arts and science major.

In the race for senior class manager, Jake Carpenter, Lambda Chi, won the honors over Charles Christner, Sigma Nu. Coming from Ely. Jake is majoring in engineering.

Dirty Bits Wins

Sandra Mitts, sophomore journalism major from Las Vegas was chosen junior class manager. Active on campus Sandra has served on the sophomore class committee, is a member of Press Club, and Chi Delta Phi, English honorary. She is affiliated with Delta Delta Delta. Other candidate in the race was Duane Glanzmann, Lincoln hall.

For sophomore class manager Mike Marfisi, Sigma Nu, edged out Bob Scott, ATO. Mike is a member of Sigma Nu and is taking a pre-law course.

Vote Totals

The complete vote totals for the election were: women's senator-at-large, Coleman 286, Meyers 227, McGilvrey 187; men's senator-at-large, Jepsen 546, Nugent 140; senior class manager, Carpenter 88, Christner 50; junior class manager, Mitts 104, Glanzmann 95; sophomore class manager, Marfisi 124, Scott 116.

PI PHI — ATO SOCIAL

Pi Beta Phi sorority and Alpha Tau Omega fraternity will have a social together next Tuesday. They will go to Virginia Lake for a picnic.

Women Race For First Time

Women will enter the obstacle races this year for the first time in Mackay day history. Sorority competition is the newest trend in the sporting field, but it will not detract from the male obstacles, according to Leo Quilici, chairman.

Classes will be dismissed at 10 a.m. Friday, April 30, and the men's races will begin at 10:30. The women's competition will follow.

Each male team will consist of twelve men who will participate in the eight obstacle events.

The race will start on the west side of Manzanita lake. One member of each team will swim to the opposite shore with a tire tube, and carrying a paddle. The paddle will be handed to teammates as they begin each obstacle.

On the other side of the lake the paddle will be given to one of two men who will be tied in a three-legged fashion. These two will run from the lake, across the road bridge and the lawn to the bottom of the steps at the 9th street entrance to the campus. The paddle will then be taken by a man who will roll a tire up the steps. If the tire rolls back down, the man will be required to get it and carry it back to the place at which it was lost.

Judges will be posted throughout the obstacle course.

At the top of the steps, the paddle will be taken by a man who will skip rope to the south end of the quadrangle, passing through the doors of Morrill hall, which will be held open.

With the paddle, two men will run in piggy-back fashion to the north end of the quad. The rider will carry a pan filled with water.

From here, two men will leap-frog to the side entrance of the race track, passing around the right side of the school of mines.

The wheelbarrow obstacle will follow. One man will roll the vehicle for a distance of 175 yards, while the other rides. They will then change positions, then run an additional 175 yards.

The final obstacle racer will be the skier, who with no poles will run across the center of the athletic field to the finish line.

Prizes Too

A prize will be awarded to the winning fraternity and sorority at the Mackay day dance Saturday night.

The women's teams will consist of seven members.

The race will begin at the center of the track in front of the stands. A woman from each team will dribble a basketball a distance of 75 yards. The women, too, will be required to carry a paddle throughout the race.

A woman will then roll a tire 75 yards, and pass her paddle to another who will ride a bike 200 yards. From the north end of the track a member of each team will skip rope to the north goal post.

Leap-frog will take the women 25 yards into the field, where they will hand the paddle to a team mate in a gunny sack, who will race to the middle of the field, and the completion line.

SIGMA RHO DELTA HOLDS DANCE, PICNIC

Sigma Rho Delta will hold a formal dinner dance Saturday night at the Villa Sierra. It will be attended by members and their guests. Special guests will be Dr. and Mrs. R. R. Elliott.

Sunday the Sigma Rho Delta will have a picnic at Pyramid lake for their members.

Ron Lemmon, social chairman, is in charge of arrangements for the two affairs.

ASTRONOMICAL SOCIETY

The meeting of the Astronomical Society of Nevada will be held Thursday, April 29th, in the Mackay science hall at 8:00 p.m., instead of yesterday evening as planned.

The postponement was made in order to complete arrangements for a speaker.

Lyle McCartney Heads Stock Show

Lyle O. McCartney of the university extension service in directing the Nevada junior livestock at the rodeo grounds this weekend. Governor Charles Russell appointed McCartney secretary of the show board to replace Archie Albright, former university extension man.

Nevada youths engaged in 4-H and future farmer programs will show 275 head of fat beef, lambs, and hogs. Competition will be for cash prizes, trophies and ribbons. The climax of the show is an auction sale where all animals are sold to the highest bidder.

McCartney has directed several of the university Aggie horse shows, and has managed the Elko bull sale. Aside from his official duties with the university agricultural department, McCartney serves as judge in many livestock and horse shows. He is presently riding his brown quarterhorse mare, to get her ready to show in the Aggie Pot-O-Gold horse show in May.

Rifles End Season

The University of Nevada rifle team will wind up this season's competition at the Nevada Small-Bore Gallery Shoot to be held Sunday, at the University range.

Plans for the shoot call for both individual and team competition, with medals to be awarded individual winners, a trophy cup for the team champion and a plaque for high aggregate individual score.

Match Open

Firing in the shoot will be open to all interested persons, with the matches to be fired under the rules of the National Rifle Association. Individual relays are to be fired in the morning and team competition in the afternoon.

Presentation of the awards will be made at approximately 5 p.m. Lee Darrah, president of the Nevada Rifle Association, will present the team award. Perry Hayden, secretary of the Nevada N.R.A. will present the awards to the highest aggregate winners of the match.

Officials for the meet will be Perry Hayden, official referee; Capt. L. G. McNair, executive officer; Lt. Col. Paul McKinley, chief statistical officer and Sergeant J. B. Cantrell.

Two Team Summer School Stresses Education Courses

With summer just around the corner most students are looking forward to a well-earned rest, but there are others who are just getting ready for a hard three months session in the classroom.

This summer's course of study is divided into two short terms of five weeks each. A student ordinarily may enroll in no more than six credit hours per term.

The first summer session opens June 12th and ends July 16th. Second semester begins July 17th and closes August 20th.

Education Classes

Both summer sessions stress education classes on their respective curricula. However, courses in the fine arts, sciences, languages and social sciences are also offered.

No formal admission or matriculation is required of summer students and no presentation of credentials from other schools is necessary unless the student expects to do work leading to a degree from the University.

Receive Credit

Teachers taking summer school are urged to find out what specific requirements must be met prior to registration as Nevada law requires

IRWIN, JANULIS TOUR STATE

Dr. Ralph A. Irwin, psychology, and Prof. Keiste Janulis, journalism, toured the state this week as the ninth team in the field lecture series.

Dr. Irwin spoke on psychology and techniques in propaganda in such fields as the cold war and psychological warfare.

Prof. Janulis traced the development of press systems and dealt with the influences brought to bear on newspapers.

In all 22 professors will speak during the three-month series. Traveling in teams of two, they present lectures at Las Vegas, Ely, Pioche, Hawthorne, and Yerington.

Baseball Team Meeting SF Staters While Trackmen Face Chico Saturday

Saturday afternoon Nevada's track and baseball teams will meet Chico State and San Francisco State respectively.

Beginning at 1:30 p.m. the slightly favored Chico State track team will touch off the Wolfpack's first dual meet of the year at Mackay stadium.

The Nevada baseball team with a 2-2 record will meet a Golden Gator team with a creditable 5-2 mark at Threlkel's park. The first game will start at 1 p.m.

Chico Strong

In three meets Chico State has beaten San Francisco State, lost to California Aggies, and taken San Francisco State and the Aggies in a tri-way meet.

The Wildcats, strong in the field of weights, will feature Ken Piercy who clears 6 feet 4 3/4 inches high jumping; Larry Davis, 22 feet 7 inches broad jump; and Bobby O'Connor and Hal Higgins 11 feet 6 inches pole vault.

Broadjumper Absent

John Meder of Nevada can equal 11 feet 6 inches in the pole vault but Lee Schroder, Nevada's broad jump ace, will not be on hand for the competition. He will be in San Francisco to represent the Reno YMCA in the regional wrestling tournament.

In the weights, Chico's Whitman, discus 133 feet; and Buckman,

discus 131 feet and shot put 42 feet 6 inches; plus Moore and Maderos, 160 feet in the javelin, will be opposed by Nevada's Meder and Leo Quilici. Meder throws the spear 168 feet while Quilici has heaved the discus 134 feet.

The sprints are expected to be close. With Schroder gone Nevada will depend on Don Jones in the 100 yard dash.

Another Jones, Bob, will carry Nevada's colors in the 220 and is given an even chance.

In the 440, Chico's Mike Adams, with a time of 51.4, has a clear cut edge.

The longer runs are rated as a toss-up with the nod going to State in the hurdles.

Chico's mile relay team of Davis, Chase, Maderos, and Adams have been timed in 3:34.2—five seconds better than Nevada.

The Pack's baseball team lost its opening series to Chico State 12-4 and 11-4 and came back at Threlkel's park to whip the Cal Aggies 15-5 and 6-2.

San Francisco won its first four in a row and then lost the second game of a double header to Cal Aggies 7-4 after taking the first game 5-1.

Sacramento State recently handed the Gator team its second loss 7 to 3.

Probable starters for Nevada will be: Ray Hunter, first base; Ralph Powell, second; Don Vidovich, ss; Leland Ceccarelli, 3b; Roger Trounday and Dave Ryan in two outfield positions; and Clancy Price catching.

Coach Jake Lawler will choose a

KAT DISTRICT PRES. VISITS NEVADA CHAPTER

The district president of Kappa Alpha Theta sorority visited the local chapter this week. Mrs. Alice Gonser arrived here last Monday, and stayed at the house until Thursday. The purpose of the visit was to create an interest among the members in the National Convention to be held next summer in Quebec.

Spring is glands. Boy!

pitcher from his mound staff of left-handers Burt Munson and George Young; and right-handers Jerry Carstens, Chuck Handley,

and Ernie Soumbeniotis.

Next Tuesday Nevada will play Chico State in a doubleheader at Threlkel's.

UNIVERSITY OF HAWAII

Tex Asks Aggies For Band Booking In May Horseshow

Tex Ritter, cowboy singer and bandleader, has written asking to come to Reno to play for a dance during the Aggie Pot-O-Gold horseshow. Rex Cleary, show manager, said that nothing is definite yet, but he was pleased with the request.

As May 7th, the opening night of the annual horse show draws near, preparations are speeding up. A few changes have been made in the program.

A western pleasure horse was added to attract horsemen from California. Harry Russell, local rancher, will act as ringmaster and light affairs judge, deciding the winners in events as the musical chairs and Hat and Boot race.

Entertainment Planned

The entertainment is lining up to be the best in the show's history according to Rex Cleary. Buddy Farrell, known for his dancing horses, will put them through their rhythmic paces during the Sunday afternoon show.

The Churchill County riders dressed in their blue and white outfits will do their square dance routine on horseback for the Saturday program. Friday evening spectators will see the Washoe Junior Horsemen's first exhibition of their new 20 rider drill climaxing in a pinwheel turn.

Cutting Horses

Entry blanks have been received from the owners of three outstanding horses in the National Cutting Horse association. The horses, Poco Lena owned by Don Dodge of Sacramento, Cuco Britches owned by Paul Newton of Hollywood, and Rusty owned by C. K. Huthsing of West Los Angeles are among the top ten cutting horses in America.

Aggie queen Pat Deaton, her court, and the Aggie club color guard led the parade at the University of California at Davis horseshow. After their successful appearance at Davis, they went to the Grand National Junior Livestock show at the San Francisco Cow Palace to publicize the Aggie show.

For sale: One 1939 Chevrolet. Minus hub-cap and gas-cap. Good rubber—all around doors, windows and on floorboards. Gets 400 yards to the gallon. Body by Fisher, engine by Philco. Phone 2-3681—ask for editor.

EARLY MINING HEAD DIES

Private funeral services were held in Berkeley, Cal. for George J. Young, former head of the Mackay School of Mines, who died April 2nd in Berkeley.

Dr. Young was named head of the mining school in 1900 and served for eleven years.

His textbook "Elements in Mining", begun at the University of Nevada, was adopted by nearly all mining schools and is still widely used today in its fourth edition.

Lifelong Mining Connections

His many articles and books on mining methods led to a lifelong connection with the Engineering and Mining Journal of New York.

In remembrance of his work in Nevada a large photograph of him hangs from the walls of the Mackay School of Mines library.

A graduate of the University of California, he also taught at Colorado School of Mines and University of Minnesota in addition to Nevada.

Everybody took off early Monday night and so we are short of fillers.

High School Publications Winners Told

The winners of the annual state high school publication contest have been announced by the journalism department and organizations.

Lander County high school's "The Mountaineer" edited by Marian Blossio took first place honors in the year book division. The "Aquila" of Boulder City high school and the "Lahontan" of Fallon tied for second place.

"El Lobo" of Basic high school won the printed newspaper division for the second consecutive year. Sparks high school's "The Streamline" took second place.

First Place

In the mimeographed newspaper division Fernley high school and Storey County high school tied for first place. Austin high school was second and Douglas County high

school third.

The contest is sponsored yearly by the department of journalism, the university press club, and Sigma Delta Chi, professional journalism fraternity. Emphasis of the contest is on helping the high school students improve their publications.

A critical analysis was sent to each high school entry by the advanced editing students in journalism. Judgement is made in consideration of opportunities, such as size of school, financial budget, and publication possibilities.

ALUMNUS MANAGES IN NEW ORGANIZATION

Leslie E. Clover (28), electrical engineer, was named manager of plant engineering and maintenance services of the General Electric Realty Corp., Schenectady, N. Y., last month.

The newly-established organization will specialize in the field of steam and power generation and distribution, water management, air pollution, and industrial waste treatment.

He now resides in Schenectady.

IT'S ALL A MATTER OF TASTE

Late for your date? She hates to wait?
Need something nice to soothe her?
Give her a round, firm Lucky Strike—
They're cleaner, fresher, smoother!

W. T. Donoghue
University of Virginia

When you come right down to it, you smoke for one simple reason...enjoyment. And smoking enjoyment is all a matter of taste. Yes, taste is what counts in a cigarette. And Luckies taste better.

Two facts explain why Luckies taste better. First, L.S./M.F.T.—Lucky Strike means fine tobacco...light, mild, good-tasting tobacco. Second, Luckies are actually made better to taste better... always round, firm, fully packed to draw freely and smoke evenly.

So, for the enjoyment you get from better taste, and only from better taste, Be Happy—Go Lucky. Get a pack or a carton of better-tasting Luckies today.

My roommate was a grouchy soul—
No person could be meaner;
But Luckies made him change his tune—
They're smoother, fresher, cleaner!

Chad Fornshell
Indiana University

When you light a Lucky Strike,
You're sure to recognize
That cleaner, fresher, smoother taste
Colleagues idolize!

Jean N. Singleton
San Jose State College

COLLEGE SMOKERS PREFER LUCKIES

A comprehensive survey—based on 31,000 student interviews and supervised by college professors—shows that smokers in colleges from coast to coast prefer Luckies to all other brands! The No. 1 reason: Luckies' better taste!

LUCKIES TASTE BETTER CLEANER, FRESHER, SMOOTHER!

Young Republicans Read Constitution Then Listen to Governor Russell Talk

Governor Charles Russell announced his plans to present an appointive, rather than elective, system for choosing the board of regents of the University of Nevada at the next legislature. This new plan would call for member of the board to be selected by the governor from persons meeting the qualifications for the position with approval of the legislature.

Governor Russell spoke at a meeting of the Young Republicans Tuesday, and expressed optimism that his plan for the board of regents would be adopted. He left this was the "only way to a capable administration and to get away from the politics involved."

Organized Minority

The governor was introduced by Jerry Mann, program chairman. Pete Marialdo, republican candidate for the comptroller's office, and Arthur Suverkrup were with the governor. Marialdo said the outlook for the republican party was good, although the democrats outnumber them more than two to one in the state. "An organized minority is better than a disorganized majority."

The governor explained the economy measure instituted during his term that made it possible for the government to allot an additional \$3,000,000 to schools in the state. These measures included the revision of the state purchasing agency and the comptroller's office.

Answered Questions

During a question and answer period following the governor's speech, he explained the legislature's part in the administration of the university, with special attention paid to the budget. The budget is set up by the university, approved by the board of regents, and then sent to the governor. After he has examined it it is sent to the legislature for final approval.

sponsible for protecting the country, they should be responsible enough to vote."

Wednesday Governor Russell left for Washington D.C. for a three day meeting with President Eisenhower and his cabinet. All governors of the 48 states will be present. The purpose of the meeting is to brief the governors on the aims of the administration for the coming year. Governor Russell hopes to be able to visit the Young Republicans on his return. He stressed the importance of such clubs as the Young Republicans. "If we are to have a sound party in the state of Nevada, we have to turn to you who are growing up."

Constitution Passed

Before the governor's speech, the constitution was passed on by the members present. Jack Cherry, chairman of the committee for framing the constitution read it.

al. The state has no control over the money in the president's discretionary fund.

The governor also stated that he was definitely in favor of lowering the voting age for 21 to 18. With so many young men being called into the service and made "re-

SONG TEAMS IN TRAINING

Sororities and fraternities have been working hard the past few weeks to have their song teams in top shape for Mackay Day. Mary Jane Zunino, chairman of the song team committee, said they expected "some good teams this year."

All sororities and fraternities have entered a group in the competition which will take place during the luncheon Saturday at 11:30. A trophy will be given to the winning sorority and the winning fraternity. Off campus people will do the judging.

Library Shelves Hold New Books

Ten new books are now available in the browsing room of the university library. The books range from fiction to instruction on constructing mobiles.

The shapes selected for a mobile should be simple, rythmical, and geometrically interesting, John Lynch suggests in his book "How to Make Mobiles".

"Period Piece" is a circular book, one that can be read starting from any page. The author, Gwen Raverat, writes in the preface "It is all going on at the same time, sticking out like spokes of a wheel from a hub, which is me". The action cover the years between 1870 and 1900.

"The Silver Chalice" by Thomas B. Costain is a fictional account of the origin and events related to the cup used at the Last Supper. Costain, known for his historical novels, was prompted to write the book by the discovery of the Antioch Chalice believed to be the inner part of the Holy Grail.

Werner Levi in his "Modern China's Foreign Policy" attempts to objectively analyze and interpret China's policy from its development over the past century to its present day situation.

"Triumph and Tragedy" by Winston S. Churchill concludes his series of books on World War II. "I have called this volume Triumph and Tragedy because the overwhelming victory of the Grand Alliance has failed so far to bring general peace to our anxious world," Churchill declared.

"The Columbia historical portrait of New York" is an attempt to interpret the evolution of the city in visual terms. Compiled by John A. Kouwenhoven it is composed of multiple visions of the city which men expressed over a period of 300 years.

Other books are "Arrow in the Blue" by Arthur Koestler; "The Voice of Silence," Andre Malraux; Willa Cather, a Memoir," by Elisabeth Shepley Sergeant; "Prize Stories of 1954," a collection of short stories.

Cheap Beef In '84

Steaks, roasts, and hamburgers from Nevada's range cattle may be cheaper and more abundant after completion of the university's agricultural experiment program in 1984. A comparison of bulls will be made to determine if improvement

of a range herd is faster with range bulls raised under vigorous conditions or with bulls cared and fed under farm conditions.

The cattle showing the best rate and economy of gain will be selected and bred to strengthen these desirable characteristics. Dr. James F. Kidwell, head of the animal husbandry department, is

in charge of the research project. The animal husbandry, agronomy and range management, veterinary science, and agricultural chemistry department are working together on the program.

Artificial Insemination

Dr. W. G. Black, assistant program leader, is conducting a study in the causes of the wide variation

in the calf breeds. Variation in the calf crop ranges from 25 to 85 percent. Dr. Black will study the possibilities of using artificial insemination on range cattle to produce a steady calf crop.

Every morning you wake up and there's Life— staring you right in your bloodshot eyes. Oh, it's too much.
