Senators Told Dance Band Idea Down in Flames

By Hazel Johnson

Plans for a big-name band for the Homecoming dance officially folded at Wednesday night's senate meeting. More than \$1,000 was pledged by sororities and fraternities to underwrite the event, which fell through because there was less than the required six weeks notice or booking agencies.

If sororities and fraternities will again pledge \$100 a house, a nationally-known band may be hired for Winter Carnival.

The beginnings of another Mackay Day controversy, which is fast becoming as traditional as the events themselves, appeared evident as Jim Carlson, engineering representative, joined a discussion of the event.

"If Mackay day does not have a separate Engineers' day then the engineers are liable to pull out of the whole deal," stated Senator Carlson. The discussion arose when President Clair Earl revealed that an administration-sponsored committee had been appointed to investigate purpose, significance, and pitfalls of the spring celebration.

Student representation on the faculty committee include Earl, Jackie McGowan, Hans Mohr, Guyline Ferguson, Kay Eaton, and Lillis Hatch.

Earl asked senators to report Mackay Day suggestions from their houses at the next senate meeting.

Gow Hall

The Gow Hall appeared to be under fire as Earl reported that one committee member favored cutting out the Macaky Day luncheon completely. Senate sentiment favored keeping the luncheon, but with professional caterers providing the food.

On the lighter side, the problem of "How Will the Senators Get Their Faculty Bulletins," was resolved by Plan Two. Plan One found senators detouring towards the water cooler in front of the quonset huts to watch for a blue streamer that would be the signal to pick up bulletins in the ASUN office. This was not too couth and resulted in Plan Two.

Miss Terry, President Stout's secretary, will now call Senator Phil Collins the night before the bulletins are printed. Collins will in turn nail up a blue piece of cardboard, not a streamer, on the water cooler. At the sign of the flying blue cardboard senators will know that bulletins are available in Dean Elaine Mobley's office, not the ASUN, and pick them up. At the same time they will check off their name on a "Those Who Are Entitled to Receive Bulletins" list.

Wolf Pack Travels Road to Davis For Season's First 'Toss-Up' Game

The entire Wolf Pack aggregation will see action this weekend, as was announced by Head Coach Jake Lawlor. Regulars and reserves on the first team will clash tomorrow night in an evenly matched game with the California Aggies at Davis, while members of the Junior varsity left this afternoon for a tiff with Lassen Junior College in Susanville.

The varsity eleven as well as the JV's have been going through rigid practice sessions the past week in preparation for their separate tiffs. Coaches Lawlor, Hugh Smithwick, Neil Garrett and John Carline have been cracking the whip in the drill periods each evening, and staged a scrimmage both Tuesday and Wednesday nights between the second string and the JV's to sharpen their offense and defense plays and work on individual players for the big weekend to come.

Meet Cal Aggies

Tomorrow the Wolf Pack will journey to Davis to meet Coach will Lotter's Mustangs in what might prove to be a decisive conference game. Although the Nevadans will be seeking their first win—after dropping three games during the season outset, the Aggies also have a three-loss deficit.

Nevada, meanwhile, has dropped regulars Don Jones and Bob Litton from their lineup, as both are suffering leg injuries as a result of the Fresno State game last week. Jones, reliable end and fullback of past seasons, will watch from the sidelines as Frosh fullback Frank Sullivan and End Dick Bankofier open the game. Litton, also out for this game, will see George Graham, Frankie Garcia and Joe Leal running out of the halfback slots.

Others in the tentative starting lineup for Nevada include: Ed Jesse at quarterback, Joe Lash at the other end post from Bankofier, Joe Viani and Boyce Ford in the guard positions, and Marv Baker and Ron Einstoss holding down the tackle slots.

JV's Fire Up

Tonight's game at Susanville is

the "big moment" for those who haven't seen action in the regularly scheduled games. Coach John Carline, graduate student, took twenty eager reserves to meet the Junior collegians from Lassen. On the line, he plans to use Jerry Booth at center, Jim Baker and Jim Thornton at guards, Howard Seemon and Phil Hatch at tackles, and Tim Hogan and Jim Wittenburg at the end posts. To back the forward wall, reserves George Douglas, Phil Sabrina, Jim Wright and Otis Blankenship are being relied upon.

In the JV backfield, transfer students Bill Bowser and Wynn Heffler, unable to see action in varsity competition, will be running out of the halfback slots. Dave Lowe, starter, and Jack McClosky, reserve, will hold down the fullback position, and quarterback Bob Farari will start, relieved by Phil Cervas.

YEAR BOOK PICTURES

Underclass sorority women and fraternity men are scheduled to have their pictures taken for the 1955 Artemesia next week.

In addition, juniors and seniors who failed to be photographed last week are to do so then.

The photographer is located at Ross studios, 812 N. Virginia street (three doors south of the Wolf Den) Mondays through Saturday between 8:30 a. m. and 4:30 p. m. The cost of the sitting is one dollar.

FROLIC TICKETS

Tickets for the annual Wolves Frolic to be presented November 5th, will be on sale Monday in the ASUN book store.

Select Military Queen Candidates

Preparations for the November 20 Military Ball are being laid by members of Scabbard and Blade. Moved up from its former Spring-time date, the Ball will be held in the Fable room of the Mapes hotel.

Candidates for Queen of the Ball will be selected by sororities and the Manzanita-Artemesia association next Monday, reports Ed Baroch, president of Scabbard and Blade.

The five candidates will be introduced to the battalion at a formation scheduled for November 11 at Mackay stadium.

The winner will be elected by votes cast at the ball November 20th. She will be presented to the celebrants under the customary saber arch and appointed Honorary Major in the Nevada ROTC Battalion.

Traditionally, the Military Ball is a function of Scabbard and Blade. This year, however, the Pershing Rifles will collaborate in preparation and expense in addition to their other duties and drill ceremonials.

HEY!

Monday is the deadline for float entries in the Homecoming parade. Homecoming committee reports the largest number of entries since 1947. Any group wishing to add to the 35 entries already received are urged to submit their entry to Homer Haines, Sigma Nu.

SKI TEAM TRYOUTS

Ski coach Chelton Leonard has announced that tryouts for the 1954-55 ski team will be held in the new gymnasium, Department of Athletics office, on Tuesday, October 26th at five p. m.

Big Fight Team Meets to Work Out

The largest turnout of boxing hopefuls in the history of the university met their Coach, Jimmy Olivas in the gym last Tuesday night. Twenty-five would-be slugers congregated for the pre-season meeting to begin training and roadwork now.

Schedule for the team is shaping up as meets with Santa Clara (Feb. 15, here) and San Jose (March 4, here) are already on the agenda. The Nevadamen will also journey to Chico for the Far Western Tournament in February, meet Chico State here March 12, and match the University of California here on February 12th. Still tentative are a meet with Idaho State in Elko Feb. 19 and one with Cal. Poly on a date yet to be announced.

Total Gifts to UN Top Other Years

Gifts to the University of Nevada from personal estates and foundations are now more than at nearly any time in the institution's history.

President Minard Stout said that in the biennium which ended on June 30, 1954, the university received a near record \$535,050. In the first two months of the present biennium the university has already received \$500,500.

Of these two totals, \$800,00 has been received from the Max C. Fleischmann Foundation of Nevada.

The current totals are far in excess of previous years. In the biennium ending June 30, 1952, total gifts received by the University were \$140,917. In the preceding biennium ending June 30, 1950, the gift total amounted to only \$45,707.

President Stout pointed out that Nevada is now beginning to follow the pattern of other states in bequests to universities. Although corporation gifts are far below average in Nevada, individual bequests and foundation grants are increasing.

This is for the Sorority house that wrapped last week's garbage in the Sagebrush. We found it! Now KNOCK THAT OFF!

I'm sorry Tommy, but it's all over between us.

GREEKS GET GOING

Four of the five greek houses on campus are looking forward to a busy weekend.

Lambda Chi and Gamma Phi join forces tonight for a joint pledge dance at Lawton's hot springs. The dance will begin at 9 p. m. and is scheduled to end at midnight.

Sigma Nu is planning a social for tomorrow. The Gamma Phi's are invited for dancing from 7 to 9 p. m. Bill Edwards will act as social chairman.

The ATO's dance at the chapter house tonight to music by Mel Brunetti's orchestra.

Otto Schultz is the social chairman. Invitations have been sent to Lt. Colonel and Mrs. Robert Bereuter, Captain and Mrs. Frank Holt, and Ray Alzola.

The Phi Sig pledge dance will be held at the Gaynor room, a part of Ray's drive-inn, tomorrow night. Phil Collins is social chairman.

Invitations have been set to Prof. and Mrs. James Van Dyke.

A.S.U.N. PROMOTING HOMETOWN RELATIONS

The most recent project of the ASUN is the promotion of better relations with the home towns and high schools of the students of the University of Nevada.

To further this project, interested students are invited to become hometown publicity chairmen. Anyone who is interested is asked to come to the ASUN office and leave his name, phone number, and the name of his home town.

Copies of the Sagebrush were sent to all high schools in the state, as another segment of the better relations project.

The ASUN is hoping to have more publicity about the students in the high school and town newspapers of the state.

Classes are great. Attend one TODAY.

Officers Named To Home EC Club

Lillis Hatch was elected president of the Home Economics Student club at a meeting held this week. Patsy Terry is the newly-elected vice president; Lee Mortensen, secretary; Joan Sawle, publicity chairman, and Judy Adams, historian.

Freshman home economics majors were introduced to the club at the meeting, and at a picnic held last week.

Plan Trip

Over the weekend of October 29-31, five representatives of the club will journey to Yosemite for a workshop meeting of representatives from province 15, the local area of the National Association of Home Economics. Included in this area are colleges in northern California and the University of Nevada.

Representatives from Nevada will be Lillis Hatch, Lee Mortensen, Joan Sawle, Donna Holstine, and Patsy Terry. While at the conference, the group will discuss ideas and problems concerning college home economic organizations. The two faculty advisors who will accompany the group are Professor Virginia Carroll and Professor Mildred Swift.

The Home Economics club plans an initiation of all new members at their first meeting in November. Seventeen new home economic majors are expected to be added to the club at this time.

Boola !!

Six people came up to me this week and said, "Say, you sure made a spectacle of yourself at the Fresno game Saturday night." That's true. I was cheering. Assistant editor Ted Scott was cheering too. We shouted so hard that we dropped the ice. "BOOLA!!" we cried, "BOOLA!!"

The point is this: What were those six people doing that they had time to look at Scott and I? They couldn't have been cheering. No. Very few people were cheering.

Perhaps the blue and white rooters were stunned into silence by that 52-6 score, but I doubt it. Even before the game, during warm-up when the score was still tied 0-0, the Nevada yell leaders were all alone. No response from the living dead up in the bleachers.

Now dig this, students . . . a guard or a halfback still gets hit just as hard whether he is winning or losing. When you are on the short end of a 52-6 score, it is pretty hard to stand up and keep going. Cheers are just icing on the cake when you are four touchdowns ahead, but when your nose is bleeding and you have cleat marks all over your ribs; when sweat runs into your eyes and the other gang keeps right on belting you—it would be nice if you knew you had the support of someone besides the wife and kid in Victory Heights.

The men on the field don't quit when they get clobbered. Why should you people in the stands turn to jello? Why should you? You're not any colder in the bleachers than the players down there. See if you can match their guts. See if you can match the noise of the yell leaders at least. See if you can equal Scott and me. BOOLA!!

Out Of The Brush

By P. FINCH

"College football is an Infernal Nuisance" was the title of a recent article by Robert Hutchins, former president of the University of Chicago which abandoned football in 1939.

Hutchins is currently fighting a move to reinstate the game at Chicago and asserts that football hampers a university's efforts to become the kind of institution it ought to be, one devoted to education, research, and scholarships.

He writes: "No other country looks to its universities as a prime source of entertainment . . . anybody who has watched university presidents solemnly discussing the Rose Bowl agreement must realize that we in America are in a different world."

The critical educator says we are the only people in human history who ever got sport mixed up with higher education.

But, Mr. Hutchins, we must

have some claim to distinction.

Last year there was some carping about the many queen contests. Some said we had run out of queens. The Homecoming queen candidates stand as a firm rebuttal to this vicious rumor. In no order at all they were Jean Lagomasino, JoAnn Ward, Barni Davenport, Loretta Daviey and Marie McDonough.

C. H. Russell (who is governor of the state) calls attention this week to the ninety-sixth anniversary of the birth of Teddy Roosevelt, whose big stick policy we could use today. We could also use that famous toothy smile.

Latest estimates of the population of Nevada hover around 240,000. This is almost half of many people as the city of San Francisco boasts. Somehow, somehow, this creeping evil of congestion in Nevada must be retarded and stopped.

Editor's Note: Finch is back. Took a lot of effort to talk him out of continuing to pump gas to support his new house ape. Nice to have him with us again. And nice to know (paragraph six) that C. H. Russell is governor of the state.

Union Discussed At YWCA Meet

Plans for the Student Union building were explained to the WYCA Wednesday by Bill McDonald, chairman of the student union committee. He discussed the student union issue, the financial situation, the committee program for the semester, and the architectural plans for the building. A sample of the tile which is to be used for the floor covering was exhibited to the group.

Bev Sue Hug, president, asked for volunteers to collect money for the Community Chest drive which will wind up this week. Those who volunteered are Myram Borders, Sandra Nichols, Lois DeRuchia, Sandra Towner, Teresa Gibson, Carol Meader, Lola Honey, Francine Luwe, Marie McDonald, Donna Fisher, Barbara Lee Moore, Shirley Allen, Charlotte Gleason, Sandra Byers. They solicited funds from the living quarters on campus.

The YWCA members sold pom-poms at last Friday's rally.

Future plans and projects of the YWCA are to raise funds to send a delegate to the YWCA One Hundredth anniversary celebration conference at the University of Kansas this fall, and also one to Asimolar at Pacific Grove, California, a YWCA conference for western states.

YWCA officers are Bev Sue Hug, president; Shirley Allen, vice president; Lola Honey, treasurer; and Pat Davis, secretary.

Sigma Rho Bowls Way to Top Spot

Sigma Rho Delta really turned on the heat in the Intramural Bowling league Tuesday night, sweeping their three game series from top-spot Theta Chi.

A triple victory over Theta Chi moved Sigma Rho into first place one game ahead of the SAE's, who also took a three game series from the Phi Sigs.

Sigma Nu took two games from the Independents, and dropped one, while Lambda Chi came up from the cellar to score a double victory over ATO.

Early Results

In the first meeting of the Interfraternity Bowling League held Oct. 12 the results were as follows: Theta Chi 2, SAE 1; Sigma Rho 2, Phi Sigs 1; Independents 2, Lambda Chi 1; Sigma Nu 11/2, ATO 11/2.

DuWayne Goodman bowled the evening's high series of 512 and Louis Heltzel came up with the high game of 195.

Theta Chi had high team game of 626, while ATO ended the night's bowling with a grand total of 1726 pins.

The standings prior to press time are as follows:

Team	Won	Lost	GB
Sigma Rho ..	5	1	-
SAE	4	1	1
Sigma Nu ...	3 1/2	2 1/2	1 1/2
Independents	3	3	2
Lambda Chi .	3	3	2
ATO	2 1/2	3 1/2	2 1/2
Theta Chi ...	2	4	3
Phi Sigs	1	5	4

Patronize people.

DIRTY BITS

By SANDRA MITTS

The Inter-faith council is sponsoring an all-school dance tomorrow night. A Hollowe'en costume dance, it will be held in the basement of the Methodist church between the hours of 8:00 and 12:00 p. m.

Nine women joined the sorority ranks this week. The Thetas have rung up a total of twenty-eight pledges to date. Their four new ones are Meris Berryman, Judy Adams, Peggy Cimijotti, and Bonnie Woods.

Sandra Nichols pledged Tri Delt to make their total twenty-two, and Elaine Zietlemann joined the Phi Phis, bringing their total to ten. The new Gamma Phis are: Barbara Erb, Lowene Tippin and Joyce Drisdale, for a total of thirteen.

Adamae Gray, KAT president, announced her pinning to Jerry Mann, Sigma Nu, at the Monday night meeting. Jerry was just recently initiated. The Sigma Nu's serenaded the sororities and presented Adamae with a corsage of white roses.

Corsages were also given to Tri Delt's Barbara Moore and Barbara Price, recently pinned to Gene Timmons and Bob Jepson, respectively.

The Pi Phis proved this week that they are not to be outdone by anyone. Following the food poisoning seige at the Tri Delt house a few weeks ago, the Pi Phi's served chicken a la king at their Monday night meeting, which caused more than thirty members and alumni to fold up.

The unfortunate happening occurred during the visit of the sorority Providence president, Mrs. Hansen, who was in Reno for only two days.

The editor's right—he did yell Saturday night. Try it!

The KAT's have initiated a weekly social hour. All campus men and women are invited to visit the house on Friday afternoons between one and five p. m.

In addition to this, some say that the group has also formulated a date bureau. But this is supposed to be top secret. (Their number is 2-2532).

Editor William Eaton and Phi Sig president William (Pappy) Dennett are making the dinner rounds of the sorority houses. This week it was a fried chicken feast at the Tri Delt house.

Jane King, Manzanita hall, this week revealed her engagement and forthcoming marriage to Lt. Frank Cupps of Stead AFB. The wedding will take place on Saturday, October 30th, at the First Methodist church.

Happy birthday, Mother!

Janet Van Valey, Artemisia editor, can be seen on campus daily (well, almost) greeting everyone with "Have your picture taken!"

Janet is urging all juniors and seniors to PLEASE have their pic-

STUDENTS' TALENTS REVEALED BY FILES

An activity file, showing all the interests and talents of students is being prepared by a committee headed by Sallie Mae Rogers.

The file is designed to give various committees, and groups access to information, showing just what students have what abilities and whether they will put those abilities to use.

It is expected that the file will be of greatest help to groups such as the Sagebrush, band and assembly committees as it contains personal data on each student showing just what he did along those lines in high school as well as whether or not he is interested in doing the same in college.

tures taken next week at the latest. Farrel Ross has moved a photography studio just three doors south of the Wolf Den to accommodate the students.

The most common excuses of procrastinators are: "I'm waiting for my hair to grow out" from the women and "I can't afford a hair cut" from the men. Very strange!

Bob Jonasen, former Theta Chi of the U. of N visited Reno this week. He is now stationed with the naval aviation cadets in Corpus Christie, Texas.

Ted Scott, assistant editor, feels that although he is broke, his parents deserve some belated recognition for their heroic efforts in making him all that he is today on this, their twenty-seventh anniversary.

Don Bernard, SAE pledge from Carson City is going to the Indian dance in an authentic costume. He is getting a mohawk hair cut.

Students to Take Deferment Tests Deciding Selective Service Status

Students soon will be sweating out the results of various tests to be given here and in California. The tests are the selective service college qualification test, the medical college admission test, the law school admission test, and the graduate record examination.

The success of a male student in the selective service test will mean a year's deferment from the army for study. A low grade may lead to the army. The test will be given at the University of Nevada December 9, 1954. Application blanks may be secured from any selective service board in approximately two weeks.

Students should first check with their advisors to determine whether or not a test is necessary, said William D. Carlson, dean of men. Some schools require admission tests and some do not, while some require that the test be taken after entrance.

Serigraph Exhibit To Start Sunday

Forty original serigraphs will be exhibited in the art department from October 24th to November 14th. The serigraphs, or silk screen prints, will also be for sale.

The artists who will enter their prize winning prints are: Mary Asher, Howard Bradford, Dorothy Bowman, Eugene Chodorow, Dean Dallin, Mario DeFerrente, Norma Flynn, Lathrop Gay, Miriam Hawthorn, Roger Hellenbeck, Thomas Laursen, Guy Maccoy, Ralph Peplow, Geno Pettit, Lee Purcell, Anna Sten, Gabi Wasow and R. Freeman Worthley.

These print artists are nationally recognized in their fields. Some of the prizes the prints have taken are the San Francisco Art Association prize, the National Exhibition of Prints, the National Serigraph Exhibit in New York, and the National Color Print Show.

According to Edward Yates, assistant professor of art, "The western serigraphic institute was organized with the purpose of further acquainting the American public with the development of serigraphy as a fine art medium."

The showing will be held in Room 8 of the temporary buildings from 1:00 p. m. to 4:00 p. m., every day except Saturday.

Life is fast and loose. Fine.

The medical college admission test is usually taken in the junior year of college, Dean Carlson said. It will be given at the University of Nevada on November 1, 1954, and will also be given in November and May at the University of California in Berkeley. Application blanks are available in the office of student affairs. They must be received by the Educational Testing service by October 18.

The law school admission test will be given here on February 19, 1955. It is also being given at the University of California on November 13, 1954. Applications can be secured from the educational Testing service, and must be received by November 3.

The graduate record examination, for students wishing to do graduate work in other schools, will be given at the University of California on November 20. The same examination will be given here on January 27, 1955, and possibly in April, Dean Carlson said. Applications must be received by November 5.

For further information about examinations and schools which require them, inquire at the office of Dean of Student Affairs. William Ward Eaton, Sagebrush editor, deluxe, may be seen loitering about the university parking lot in search of editorial material.

Did it Happen?

Two years ago, out-of-State Union labor bosses sought to scare you by telling you that, if the "Right to Work Law" was passed, it would create economic chaos in the State—that you would be forced to leave—that you couldn't strike for better pay and working conditions—that Nevada would be practically a ghost State!

Did it happen? Of course not! And, you were not fooled!

Actually, in the two years under "The Right to Work Law," Nevada has made one of the greatest population gains in its history. Employment has been up; wages and working conditions have been improved.

Now, a few brash labor leaders, who wish to personally control your Union's large funds—your funds—ask you to repeal "The Right to Work Law," ask you to sacrifice not only your right as free men and women, but your control over your own Union—and Nevada's progress. They don't want to have to keep you "sold." They want you "told"!

Do you want that?

Military Guards Campus Women In Initiation Rite

Scabbard and Blade, national honorary military society, initiated 35 men October 20th.

Initiates were posted as armed guards on the grounds of the sorority houses and women's dormitories letting no one in or out until the secret password was given.

Candidates completed formal initiation last night. Ed Baroch, Scabbard and Blade president, was in charge of formal and informal initiation.

Initiates

Those initiated were William T. Barrett, Grant L. Bowler, Maxwell K. Boty, Dale W. Burt, Philip R. Collins, George R. Douglass, James G. Dunseath, William G. Edwards, Duane A. Glanzmann, Daniel S. Goodman, Gary B. Haven, John C. Jepson, Robert A. Jepson, Robert C. Lewis, Con J. Lund, Farrel W. Lytle, David J. Mahoney, John C. Mead, Eugene B. Mills, Thomas David Murie, Edward Pesout, Dwight S. Powell, Ted R. Scott, Richard D. Symonds, Charles M. Taylor, Robert W. Thomason, Roy M. Whitacre, Everett L. Whitt, James T. Wright, Charles E. Hanna, Duane B. Urban, Art Imagine, Roger Trunday, Oakley Parker and John Cardinelli.

FIRST AID OFFERED TO P. E. MAJORS

A first aid instructors' course is offered this semester for all physical education majors and minors who are at least twenty years old and have received an advanced first aid certificate.

The course, according to Dr. Ruth I. Russell, will be under the instruction of Mr. Lee McGowan, field director from the area office.

The study is equivalent to P. E. 411. Students who enroll this semester may enroll for P. E. 411 next semester and get full credit by taking only the final exam.

Your picture in the 1955 year-book will not turn out too well unless you go down to the photographer and have it taken.

How is an oil well like a cow?

In many ways the similarity between an oil well and a cow has a great deal to do with the future security of your children.

Both well and cow give us vital products—petroleum and milk. But unless we withdraw those products at an efficient rate we can ruin our source of supply.

For it's as economically unsound to take a year's supply of oil from a well in a month, as it would be to try to obtain a year's production of milk from a cow in a day!

It's equally bad economically to *underproduce* a well or a cow. Yet, today, the American petroleum industry is *underproducing*—to accommodate the oil coming into this country from far-off places.

Obviously, if our own industry is to maintain its capacity to produce it has to be able to sell

its products. Whatever interferes with this jeopardizes its ability to continue to satisfy America's need for oil.

Nor does it have the financial resources to drill wells and then shut them in until needed. You have to *do* business to *stay* in business.

What's worse, oil from distant shores creates a dangerous dependency. In a national emergency it could disappear overnight. And we can't slow

our production down too much and expect it to be adequate when we want it.

In our opinion, there is only one safe way to keep this nation's rate of petroleum production up to any challenge it may have to meet. That's to encourage our domestic oil industry to constantly find and develop new fields in the Western hemisphere, *where we can get at them if we need them.*

Journalists Hold Off-Record Meet

The University of Nevada chapter of Sigma Delta Chi, national professional journalistic fraternity, will meet Friday evening at 7 p. m. for its annual Press and Government dinner.

The affair, which is to be held at the Santa Fe Hotel, will feature an off-the-record roundup of Nevada election facts and forecasts by leading Western Nevada political writers.

Taking part in the roundtable discussion will be, Joe McDonald, editor of the Nevada State Journal; John Sanford, editor of the Reno Evening Gazette; Claude H. Smith, editor of the Fallon Standard; Robert Bennyhoff, Nevada manager of the United Press; Ed Olson, Nevada manager of the Associated Press Leonard Lefkowitz, Associated Press staff member; Carl Shelly, publisher of the Sparks Tribune; and Neal Van Sooy, editor and publisher of the Carson City Appeal.

Ronald Einstoss, president of the organization, has invited all Western Nevada newspaper and radio men to attend this annual event.

During the course of the evening, voter reaction, political favorites, and Nevada politics in general will be discussed.

EE's PLAN YEAR'S TOUR

Robert A. Martin, chairman of the student branch of the American Institute of Electrical Engineers, this week announced the organization's fall activity schedule. The various tours and speakers are arranged through the efforts of Mr. Martin, with the assistance of Prof. William L. Garrott, student advisor to the group.

- Oct. 21—Tour of KZTV.
- Nov. 4—Speaker, Mr. George C. Tenney, vice president, AIEE.
- Dec. 3—Annual Banquet, speaker: General Electric company.
- Jan. 6 — Speaker, Mr. Dwight Hoopes, Westinghouse Electric Co.

LINCOLN TO JOIN FROLIC LINE-UP

"A Day in the Life of Liberace," is the theme for the Lincoln Hall association's skit to be presented in the Wolves Frolic. This marks the first time that Lincoln hall has presented a skit in the frolic. The hall members participating in the skit are Charley Myerson, Joel Cooper, Bob Boyer, Tim Hogan, Ralph Cinfio, Ralph Rubenstein and Bob Faiss, director.

Loretta Davey, homecoming queen candidate from the Artemesia-Manzanita association was introduced Tuesday night at a Lincoln hall meeting.

A commercial antenna for the television set was also discussed and will be purchased in the near future.

A minor fire was discovered last week in the automatic washing machine and put out before any further damage was done. The estimated cost of the fire is \$150.

Two Teams Swing As Four Flounder

Women's Recreational Association volleyball is in full swing this week with Kappa Alpha Theta and Delta Delta Delta leading the tournament with two wins and no losses for each.

Other wins and losses are Artemesia-Manzanita, no wins and two losses; Town Girls, no wins and two losses; Gamma Phi Beta, no wins and two losses; and Phi Beta Phi, no wins and two losses.

The tournaments will be played off on Tuesday afternoons from 4 p. m. to 5:30 p. m. and on Thursday nights from 7 p. m. to 8:30 p. m. Any unaffiliated girls are urged by Doctor Ruth Russell to come and join the Town Girls, and all affiliated girls interested are invited to help out their groups.

RE-ELECT GOVERNOR

RUSSELL

He Fought to Save Jobs!

When Congress prepared a Law threatening Nevada's legalized gaming industry, with its thousands of jobs, and millions of invested dollars, Governor Russell flew to Washington, appeared before the Committee, got them to change the proposed Law.

Only by keeping Nevada's gaming industry clean, free of gangsters and hoodlums, and by being able to demonstrate to Congress that he was successful in keeping it clean, was the gaming industry saved.

Teachers Discuss Graduate Program

The graduate program at the University was discussed at the first meeting of the American Association of University Professors. The discussion, held in the basement of Stewart hall on Wednesday evening, was led by Professor Joe Moose, chairman of the graduate committee and Prof. Charlton Laird, past chairman of the committee.

More effective cooperation among teachers at the University and promotion of interests of higher education and research, are the

and president of the AAUP. purposes of the organization.

Dr. Garold Holstine, professor and dean of the College of Education, will discuss the objectives and plans for the College of Education at the November meeting.

During the December meeting, with the help of a student panel, the role and importance of social organizations will be discussed.

"Regardless of whether you are a member of AAUP or not, you are cordially invited to attend any or all of our meetings which will be held on the third Wednesday of every month unless determined otherwise in the first meeting," said Dr. Charles V. Monson, assistant professor of philosophy

Women to Hear Smithwick Speak

"What a Spectator Needs to Know About Football" will be the title of a talk given before the PEMS, women physical education majors, by Mr. Hugh Smithwick, instructor in athletics at the University of Nevada.

Interested women students are invited to attend the meeting on Thursday, October 28, at noon in the new gym. The charge will be thirty-five cents for lunch. Anyone interested should get in contact with Marge Titus, president, or Miss Ruth Russell, women's P. E. department.

Freshman and transfer students were welcomed at the last meeting of PEMS, held on October 14.

Betty Munley explained the job of ushering to the members and volunteers were called for to usher at last Saturday's games. The group voted to continue publication of their newsletter, sent to all graduates of the department twice yearly.

The club is working toward a goal of one hundred per cent individual membership subscription to the American Association of Health, Physical Education and Recreation Journal. The award for achievement of this goal is a plaque from the AAHPER. Subscription price is \$2.50 per year.

The PEMS also discussed the possibility of holding a playday for all western Nevada women high school seniors at the University of Nevada campus in the spring.

Proctor Hug, prominent Sparks resident, will speak to the group at a meeting late this fall.

Apology: Last week, this newspaper printed a picture of a man all dressed up and grinning at a young lady. We called that man a "minor ASUN official." Our mistake. He is really a very important ASUN official and his name is Ambrose Brodie.

Competition... leads to the world's best service

The world's first service station was opened by Standard Oil Company of California in Seattle, Washington, in 1907, two years after cars came to the Pacific Coast. Pioneer motorists, tired of wrestling 5-gallon cans to fill their tanks, flocked to this convenient gasoline station. Other suppliers saw the point... service stations soon sprang up all over and the competition to serve you better began.

Look how it is today! Here are just a few of the services you now find at Independent Chevron Stations and Standard Stations. We originated many of them in competing with hundreds of other companies for your business. This competition that has brought you more convenient motoring has grown with the West. Since 1907, we've seen the total number of Western gas stations grow from our lone Seattle pioneer to 26,000 today. For us it has meant working harder to

merit your business... investing \$275 million in 1954 alone to find new oil and improve our refinery output... spending more than \$35 million in the last 5 years for research and technical services to bring better products to motorists, industry and farms. Since this is Oil Progress Week, we'd like to remind you that this competition which sparks oil progress brings you more miles-per-gallon of gas, lubricants that lengthen your car's life—and the world's best service.

STANDARD OIL COMPANY OF CALIFORNIA

75 years of planning ahead to serve you better
