Student Senate Discuss Plans For Mackay Day

Two Mackay Day subcommittees submitted tentative schedules for the three-day celebration at last Wednesday's senate meeting.

Changes over previous Mackay celebrations include beginning the activities on Wednesday with either their sorority open houses or a physical education show. Both subcommittees advocate Friday of the celebration as a school holiday.

Two Plans

Major differences of the two agendas were the luncheon plan and the time plan for engineering exhibits. One committee tentatively planned a Mackay Day program for Friday evening, to include the song teams and the benediction service. This committee scheduled the engineering contests for Saturday at one p. m. Exhibits by engineers would close during the contest judging, but other displays would remain open throughout Saturday.

The second committee proposed a plan that would offer the customary Mackay Day luncheon on Friday noon. This committee set up engineering contests for Saturday morning with exhibits to follow from one to five p. m. on a campus-wide basis.

An ASUN amendment to change the name of class manager to class president will be on the spring student body elections, as a result of Senate action.

Jazz Band

The George Lewis Jazz band concert idea, submitted at the last senate meeting, was unanimously voted down because a big name band is scheduled for ski carnival.

Questionnaires from campus organizations including the evaluation of and suggestions for assembly programs were returned to the senate sub-committee which is conducting the survey.

Blue Key Selling Wolf Den Tickets

Tickets for a 10 dollar meal ticket at the Wolf Den are now being sold by Blue Key, a national honorary, undergraduate, service fraternity. The tickets will be 25 cents each. Drawing for meal tickets will be held at an assembly previous to Christmas vacation.

Dick Morrill

Dick Morrill will represent the organization at the National Blue Key convention beginning December 16.

Members of Blue Key discussed the possibility of selling ads for the Artemesia during Christmas vacation to aid the year book manager.

Play at Winnemucca

IDAHO SERIES OPENS BASKETBALL SEASON

The first game of the University of Nevada's basketball squad will be on December 3-4, at Winnemucca in a two-game series against the college of Idaho.

The preliminary on the first night will be the University of Nevada's frosh against the Winnemucca high school Buckaroos. The second night preliminary will be the University of Nevada's Frosh against the Elko high school Indians.

Nevada's two scoring threats are expected to be Charles Handley, who was the second highest scorer in the Far Western conference last year, and Dan Sullivan, talented sophomore veteran.

During the past week practice has been concentrated strictly on defensive work, the Pack's weakest point up to the present date.

New Faces

The biggest problem of the 1954-55 basketball squad is, whether to use speed or height. This is shown by new faces George Wilkerson, small, speedy sophomore guard from Las Vegas, and Harold Plummer, tall sophomore denter of Reno.

U. of N. Debaters Travel to Arizona Forensics Meet

Nevada's ten man debate team took the road to Arizona over Thanksgiving vacation to attend a 48 team tournament at the University of Arizona.

Subject of the three day sessions was "Resolved: The United States Should Extend Diplomatic Recognition to Red China." The Nevada speakers defended both sides of the argument during the meet.

Seven Nevada students placed in the competition. Steve Stewart and Chad Combs made the quarter-final in the Upper Men's division. Bev Sue Hug got to the finals in the Upper Women's extemporaneous speaking, and Dwight Powell made the Men's Upper semi-finals. Sue Casey got to the semi-finals in Upper Women's impromptu speaking, with Steve Stewart taking part in the Men's semi-final in both extemporaneous, and impromptu speaking.

Students making the trip under the direction of Dr. Robert Griffin, professor of English, were Bev Sue Hug, Sue Casey, Carol Tollefson, Chad Combs, Steve Stewart, Dennis Smith, Bob Reeder, Roy Whitacre, Dwight Powell and Earl Hawley.

GOLF TEAM

All men interested in becoming members of the university golf team are invited to attend a meeting with coach Harold Bailey Wednesday evening at 7:30 in the new gym.

Purpose of the meeting will be to formulate plans for the coming season and arrange practice schedules with Mr. Bailey.

Student Drama Staged Soon

"She Stoops to Conquer," a comedy by Dr. Oliver Goldsmith, will be presented by students of the U. of N. in the near future.

Tryouts for the play were held during the past three weeks and a tentative cast was chosen.

The tentative cast includes John Martie, Ted Scott, John Hall, Warren Young, George Evans, Jim Larabee, Charles Fulkerson, Phil Collins, Paul Martin and Richard Bottolin.

John Scott, Hoyt Martin, Sam Wauchope, Vic Tulbure, Coraleta Feary, Marilyn Clifton, Alberta Jaques and Evelyn Nelson.

Katzer, Taylor Lead UN Rifle Team In Four Straight Wins for Season

The University's rifle team won every one of the four matches it entered this year. Sgt. J. C. Cantrell says that because of greater depth in the team this year and better reserves, the team should continue to make a good showing.

Scores for the matches were:

University of Virginia	1799	Nevada	1865
University of Tennessee	1853	Nevada	1865
Stanford University	1750	Nevada	1874
Michigan College of Mining and Technology	1777	Nevada	1877

Terry Katzer and Charles Taylor are the high scorers on the team so far this year. Katzer averages 381 and Taylor 378 out of a possible score of 400.

These two men were standouts on last year's team and seem to be the spark of the team this year. Max Botz, a transfer from Oregon State, will be another key man on the team, continued Cantrell.

YWCA Sends Delegates to Annual Confab

Seven university women will represent the local YWCA at the annual conference at Asilomar, near Monterey Bay, California.

Delegates to this year's YWCA conference are: Shirley Lois Allen, Pat Davis, LaVerne Eikelberger, Angeline Farros, Lola Ann Honey, La Wanda Kelley and Francine Luwe.

The conference will be held from December 26-January 1. For forty years college students have been attending the Asilomar conferences, concentrating on the relevance of the Christian faith to the contemporary scene.

"Where Are You?" is the theme for the 1954-55 meetings.

Members of the team this year include: Max Botz, sophomore; Eugene Espin, sophomore; Fred Ponasen, freshman; Terry Katzer, sophomore; Con Lund, junior; James Lusk, sophomore; John Middlebrook, junior, Richard Mills, sophomore; Steve Nielsen, freshman, and Charles Taylor, junior.

"We are fortunate in that we won't, we hope, lose any of these men for next year's team. All team members are freshmen, sophomores or juniors," added Cantrell.

Taylor, Katzer, Botz, Mills and Middlebrook are all lettermen.

Freshmen joining the team this year are Steve Nielsen and Fred Jonasen.

Independent's Rifle Team Wins Intramural Meet Title and Trophy

The Independents hold top honors in the recently fired intramural rifle matches, beating out Sigma Nu, Lambda Chi, and ATO fraternities.

Shooting for the Independents, James Taylor, Howard Espin and Con Lund shot a total of 524 points for the winning score. Only the top three scores from each team were taken to compute the total scores during the match.

Snakes Second

Sigma Nu fraternity placed second with a total score of 484. Members of the organization shooting were: John Ingram, Wayne Trewhitt, Jerry Williams, Bob Smith and Bob Litton.

Lambda Chi placed third in the match with a score of 477 points. Shooting for the Lambda Chi's were: Tom Ormsby, Douglas Parry, Dick Delessegues, Don O'Day and Bill Schroder.

Last minute entrants in the matches were Alpha Tau Omega's team of Wayne Bliss, Jim Thornton and Keith Ernst. The ATO's team shot a total of 352 points for fourth place.

The name of the winning organization will be engraved on the revolving trophy for the matches, and, together with a miniature trophy as a permanent award, be presented to the organization at the "Bean Feed" in December.

James Taylor, Howard Espin and Con Lund, the high score members of the winning team, will receive bronze medals at the Club Members match in February.

Firer of the highest individual score, Douglas Parry (177), of Lambda Chi, will be given a silver plate medal at the February shoot.

Kiddies! Send now for your own SAGEBRUSH MURDER KIT! Contains sneakers for slipping up on folks, balanced double-edge hatchet and mop in bucket for removing evidence. Send 10c in coin and three square feet of human skin to this newspaper.

U. N. in TV Ed Program

The University of Nevada will participate in a television broadcast this Sunday at 1:15 p. m., over station KZTV. The title of the program, "Child Development," will be narrated by Garold D. Holstine, dean of the college of Education.

This program is first in a series of such broadcasts which will be presented every Sunday.

This special program precedes a thirty-minute, nation-wide broadcast of "The Search," a research program of America's universities.

Dean William R. Wood, state-wide development program, is the over-all chairman of the television broadcasts in Nevada.

On December 12 the subject of "The Search" will be "Beef Cattle Development," by Texas A&M Agricultural department and moderated by A. McCall Smith, Nevada public information director.

Phi Sigs, Lambda Chis Winners In Intramural Basketball Openers

Phi Sigma Kappa opened the 1954 intramural basketball season Tuesday night by swamping Sigma Rho Delta 66-26. Bruce Jones was high man for the Phi Sig's and the game, scoring 26 points and Greg Pavlich led the losers with 14.

In the night's second game, Schroder, Martin and Brennan split up the scoring honors with eight, ten and six points respectively, to help Lambda Chi Alpha defeat Theta Chi, 34-27, and Ron Williams was the man for the Theta's with 16.

All games are to be played in the old gym on the night's schedule, and teams failing to report within 10 minutes after the time specified, will forfeit the game. No games will be postponed without the agreement of the athletic managers involved and the approval of the intramural superintendent, Professor Scranton.

This year's schedule is:

- Monday, Dec. 6**
8:00 p. m.—Theta Chi vs. Sigma Alpha Epsilon.
- Tuesday, Dec. 7**
7:00 p. m.—Alpha Tau Omega vs. Independents.
8:00 p. m.—Phi Sigma Kappa vs. Sigma Nu.
- Wednesday, Dec. 8**
7:00 p. m.—Lambda Chi vs. Sigma Alpha Epsilon.
8:00 p. m.—Sigma Rho Delta vs. Alpha Tau Omega.
- Thursday, Dec. 9**
7:00 p. m.—Theta Chi vs. Independents.
8:00 p. m.—Phi Sigma Kappa vs. Sigma Alpha Epsilon.
- Tuesday, Dec. 14**
7:00 p. m.—Sigma Nu vs. Alpha Tau Omega.
8:00 p. m.—Lambda Chi vs. Independents.
- Wednesday, Dec. 15**
7:00 p. m.—Sigma Rho Delta vs. Theta Chi.
8:00 p. m.—Phi Sigma Kappa vs. Alpha Tau Omega.

- Thursday, Dec. 16**
7:00 p. m.—Independents vs. Sigma Alpha Epsilon.
8:00 p. m.—Sigma Nu vs. Theta Chi.
- Wednesday, Jan. 5**
7:00 p. m.—Lambda Chi vs. Sigma Rho Delta.
8:00 p. m.—Independents vs. Phi Sigma Kappa.
- Thursday, Jan. 6**
7:00 p. m.—Theta Chi vs. Alpha Tau Omega.
8:00 p. m.—Sigma Rho Delta vs. Sigma Alpha Epsilon.
- Tuesday, Jan. 11**
7:00 p. m.—Sigma Nu vs. Lambda Chi.
8:00 p. m.—Theta Chi vs. Phi Sigma Kappa.
- Wednesday, Jan. 12**
7:00 p. m.—Sigma Rho Delta vs. Independents.
8:00 p. m.—Lambda Chi vs. Alpha Tau Omega.
- Thursday, Jan. 13**
7:00 p. m.—Sigma Nu vs. Sigma Alpha Epsilon.

ATO HOLDS BOWERY DANCE

The atmosphere of the gay 90's was brought to life in a pre-Thanksgiving costume dance given by Alpha Tau Omega fraternity. The Bowery Dance, ATO's traditional costume dance, was held at Echo's barn. The dance lasted from 9:00 p. m. until midnight. Mel Brunetti's band played.

Sawdust on the floors and newspapers on the walls added to the atmosphere of the dance. Beverly Ricketts, Pi Beta Phi and George Nelson, ATO, won prizes for the best costumes. Miss Ricketts was dressed as a chorus girl and Nelson as a bartender.

Guests at the dance were Prof. and Mrs. A. H. Jacobson and Prof. and Mrs. John P. Reed.

Hoop Opener

(Continued from Page 1)
man squad of last year are Frank Kendricks, forward from Carlin; George Wilkerson, guard from Las Vegas; John Meder, forward from Carson City, and Glen Piretto, forward from Reno.

Starting for the Wolf Pack will be Sully and Nelson at guards; Scott at center and Trouday and Handley at forwards. Bastian will alternate at either guard spot.

Idaho will put three long men on the floor with two men standing 6' 5" and another 6' 3". Their other two starters measure 5' 10" and 6'.

Coach Lawlor will take eleven members of the Pack squad to Winnemucca. The team left this morning at 10:30.

Newcomers to the varsity include Ken Longero, freshman from Carson City; Joe McKibben, freshman from Reno; Dean Smith, freshman of Reno, Harold Plummer, Dan Sullivan and Buddy Piazzo, sophomores of Reno.

Wanted: Male escort for sorority formal. Must be healthy, noble, good looking, intelligent, witty, good dancer. Must also be over six feet, 9 inches tall. Phone 2-3681.

WHAT DID IT COST TO CREATE YOUR JOB?

If you're an average U.S. factory worker—\$12,000.

If you're a rough carpenter, it took approximately \$350 worth of tools to set you up in your trade.

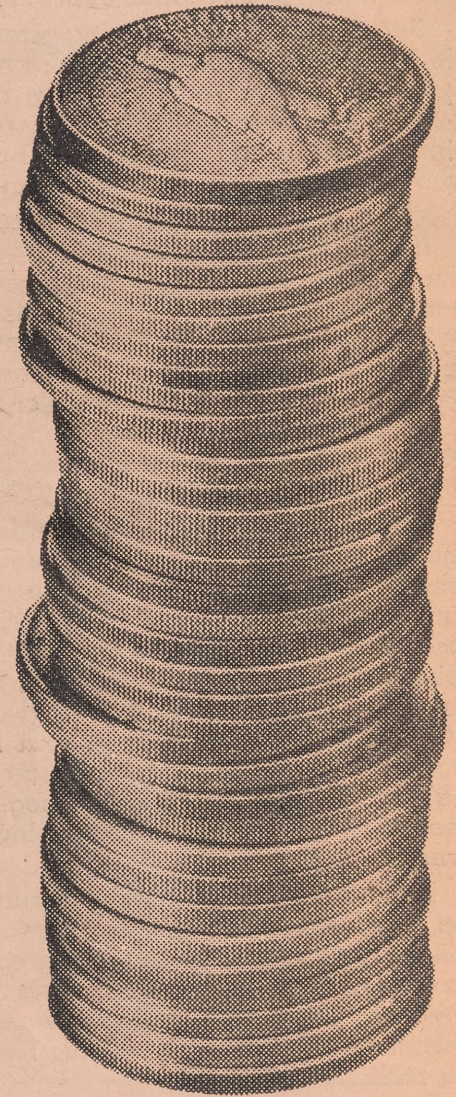

Tools for a garage mechanic cost about \$3,000; for a Washington wheat farmer \$12,500; for a secretary \$300.

But if you work for Union Oil, it took \$77,000 worth of tools in the form of trucks, service stations, refineries, oil wells, etc., to create your job.* Obviously, some of our jobs require considerably less investment than \$77,000 and some considerably more. But this is the average for Union's more than 9,000 employees.

That's big money. But it accomplishes big things.

It brings Union's customers better products at lower costs. It enables each employee to produce more and therefore earn more. It creates better jobs and a higher standard of living.

**Even this figure does not include the "tools" Union rents for its employees, such as office space, tankers, telephone service, etc.*

Editorial

It Pays To Be Ignorant

Education for the masses is the finest idea that was ever conceived by mankind. The only way to promote a better world—a more peaceful world, is through the stimulation of thought and ideas by educating everyone. Here in America, we have come closer to this ideal than any other nation.

But in this democratic program of widespread education, we have overlooked one vital flaw. In our efforts to develop the minds of everyone, we have had to work especially hard with those students who are of lower-than-average intelligence. This is good—and democratic; but what about the students who give evidence of better-than-average intelligence? Here is where our democratic education system falls down.

If little Johnny completes his fourth grade arithmetic lesson ahead of the rest of the group, he is patted on the head and then allowed to sit with his hands folded while the rest of the class "catches up." He is given no extra, or more advanced work to do. He simply marks time. Whatever intellectual potential he may possess is left alone. If he is fortunate enough to have parents with money and the awareness to further his education, he still has a chance. If not, then the development of his mind is left to Johnny and God.

This neglect of the brilliant student is due largely to a shortage of funds for public school development programs. Public school funds come from taxation and everybody resists taxation. They feel that enough money is being spent on schools now. This is true, in part, but only from the democratic standpoint. Enough money IS being spent to maintain the average. But only the average. Nothing is done about the ABOVE AVERAGE until those students in that bracket are old enough to receive a scholarship to college. By that time, the brilliant ones may have been lost through neglect—they may never have been stimulated to show scholarship ability. They are as lost as ever.

Neglect is often shown in institutions of "higher learning" too. There are countless numbers of students walking around college campuses who possess great academic potential. They go along with the crowd and never know that they have missed anything. They have never been encouraged to release their mental power to its full extent. They get easy A's and follow the mob.

In our efforts to promote democracy in education, we are sowing the seeds of our own intellectual disintegration. Some fortunate few are given the stimulus and the opportunity to develop if they can recognize and pay for it themselves. The rest die on the vine. The answer does not lie in cutting down the education of the slower students—and democracy and the PTA would not stand for it either. The answer lies in providing more opportunity and recognition for the bright students. This can only be accomplished with more money—to pay teachers—to train teachers—to buy textbooks—and to build schools so that attention can be given to the bright students. When the young minds begin to realize their potential, the return on our investment will come out in the form of better leaders, a better government, and a better world. Someone has to lead our educated masses.

SINGING SUNDOWNERS

The Sundowners, an organization of men elected to membership because of outstanding characteristics of good fellowship, are considering a song team for Mackay day, President Doug Byington said.

BE BRAVE

Students have not been picking up mid-term "cinch notices" from their advisors. Afraid to face the facts?

Eloise: There's 34 red ones in the locker.—Robert.

Out Of The Brush

By P. FINCH

Out of the Brush, a column appearing in the Sagebrush, was horribly in error last issue. The column criticized the Homecoming Queen election procedure as unnecessarily picayune in demanding from each voter his student body card. The column went on to say that although the student body card provision was in the ASUN constitution, the enforcement disenfranchised many men.

But there is no mention of voters needing their student body card in the ASUN constitution. The document states that when "positive identification" is made on the official list. "Positive identification" can mean many methods, none of which should be construed as a direct obstacle to voters. Further, there was no list at the polling stand. The unprecedented demand of a student body card was designed to compensate for negligence.

The public never forgives inaccuracy. A writer may be prejudiced violently. He may be banal to the point of childishness. And these faults may be excused by readers. But let him make a mistake of fact and he is liable to be pilloried. Out of the Brush, a Sagebrush column, has always been prejudiced and banal and now, much worse, it is guilty of inaccuracy.

Speaking of inaccuracy, a movie called "Beau Brummel" really played hanky-panky with facts. The picture was concerned with the British dandy of the title, Geo. IV, and Prime Minister William Pitt. The end of the picture had Brummel on his deathbed discussing the health of Pitt with George IV. Now Brummel died in 1840 and that time Pitt was in very poor health since he had died in 1806. Even stranger, while George and Brummel were talking about the health of a dead man they should have been concerned about George's health. He had been dead since 1830, although you could not notice it in the picture. Earlier in this remarkable film, Brummel was shown about to march away with British army to the Revolutionary war. This would make him an officer at the age of two and, while there are near instances of this in the modern US Air Force, it sounds implausible.

Lest there are accusations of prejudice, it should be mentioned that the motion picture was entertaining if a trifle fantastic.

Somebody named Harry Oliver in Thousand Palms, California, is running a campaign to prevent people from throwing refuse away in the desert. He feels that this mars its beauty. His opposite was the chairman of the Atomic Energy commission of a few years ago, after riding through the scenic state of Nevada, said the Nevada desert was a good place to explode bombs and to throw away old razor blades.

Louise: You didn't mix it right. She's still alive. —Roger.

Report Shows University Needs Budget Increase

More than four million dollars are required by the University of Nevada for the 1955-57 biennium, an increase of over a million dollars above the last biennium period.

In a prepared report, the University is asking the State for \$4,065,921 to be applied to operation and expansion. The report presents several supporting arguments, revealing the fact that only 57.1 per cent of Nevada residents who attended institutions of higher learning went to the University of Nevada.

This figure is compared to the national average for students attending universities or colleges within their own state of 80 per cent.

Failing

Contending that the University of Nevada is at present failing to fulfill the aims of a state university, the report submits facts and figures showing why 42.9 per cent of Nevada students seek education outside the state. Included in the report are the plans the University has to strengthen itself.

Some of the present needs of the University listed in the report are: (1) economic needs of the staff, and how these facts effect the ability of the University to hold desirable faculty members; (2) building needs, both for improvement and expansion; (3) materials of instruction needs; (4) equipment needs; and (5) the need for an improved program.

Prosperity

"Nevada is enjoying an increased prosperity," states the report, and can easily afford the requested education allowance.

This larger budget will be directed toward filling the needs of the University and putting it on equal standing with other western universities.

Much of the budget, if granted, will go into permanent building construction and improvement. Ranking first in estimated increases in enrollment among western universities, Nevada has shown the lowest expenditures for permanent building during the last decade, the report points out.

State-wide expansion is also planned to offset the trend of Nevada students to seek education outside the state. An improved and enlarged program will also be aimed at this problem, including a two-year terminal level program. Many present deficiencies in the University departments are cited to support this plan.

"In terms of the present \$2,175

Dig The "Graves"

By Scoop Rilling

Those holes in the hill below Lincoln hall and above Manzanita lake aren't graves.

Final confirmation of this fact came from the superintendent of buildings and grounds, Carl Horn, when he explained that they were dug in grave-like dimensions for another purpose.

The three holes, originally 12 feet deep, are placed in sporadic fashion on the site of the proposed Student Union building. Their purpose for being, according to Superintendent Horn, is for a drainage check or indicator that the architects and builders need before beginning work on the project.

Since the "graves" haven't filled with water and there was no "hard pan" encountered when digging them, the results of the experiment are positive, Horn indicated. However, the three pits must remain throughout the winter for additional observation.

Students are cordially invited to inspect the three pits and to forward opinions regarding them to this newspaper.—Editor.

TRI-DELTS FEED FACULTY

Delta Delta Delta sorority held its annual faculty and administration party last Thursday night at the sorority house.

Refreshments were served and the Tri-Delt members put on a skit. The feature entertainment of the evening came when several members of the faculty entertained the gathering.

Those in charge of the party were Dodie Black, Maisie Eldridge and Mardelle Capriotti.

income per capita," declares the report, "the cost to each person in the state to provide the University with its basic needs will be less than one half of one per cent of his income."

Summary

In summary, the report advocates the following improvements and adjustments:

(1) Increased faculty salaries to enable the University of Nevada to compete in the market for desirable new staff members; (2) increased library budget to bring the existing University library up to national standards; (3) a building program, considered in the light of expected future enrollments; and (4) an expanded program to adequately meet the needs of the youth of the State.

The requested funds do not represent an unprofitable expense, counsels the report.

"Funds spent for the University represents an investment in the people of Nevada and the continued growth of the State," states the report, "not an expense from which there will be no return."

Valet Service At New Shop

"Opening Soon" signs were taken down and the welcome mat spread when the Toggery Shop opened two weeks ago.

The Toggery Shop, located next to the U. N. book store, has some fine offers for students, according to Art Miller, manager of the store. All types of sports and evening clothes will be handled at the store, said Mr. Miller. Clothing handled will include sport coats, topcoats, shirts, slacks, socks and accessories for the men, and sweaters, skirts, blouses and dresses for the women.

Monkey Suits

Miller said that in the near future he hopes to stock both formal and tuxedos for the students to rent. Special dry cleaning rates will be given the students, according to Herb Bentley, co-owner of the Toggery Shop.

Cards will be printed soon valued at \$5.00 for cleaning. Students will be able to buy these cards at a twenty-five per cent discount or \$3.75. Each time dry cleaning is picked up the card will be punched according to the bill.

Three-day service is guaranteed, said Bentley, but a special one-day service may be had with a twenty-five per cent increase in price.

Waterproofing garments, cleaning suedes, blocking hats, and storing furs are other specialties offered by the Toggery Shop.

BLOCK N ACTIVITY

The Block N, an honor society of men who have won a block "N," is considering managing a concession at the Wolf Pack's home basketball games, said president Doug Byington.

The members met Thursday, Dec. 2, to discuss the possibility.

Morrison's Book To Be Published

"Modern Japanese Literature," by Dr. John W. Morrison, will be published by the University of Utah press in December or the beginning of January. The book deals with contemporary Japanese fiction.

Excerpts of the book appeared in the quarterly publication of "Western Humanities Review" in the spring and summer issues of this year.

Dr. Morrison did the main research on the subject while he was in Japan during the war.

The book has been in preparation for the past three years. After revision of the bibliography and

compiling the index, "Modern Japanese Literature" will be open for comments and criticism.

At a summer meeting at the University of Indiana, Dr. Morrison was chosen to preside over the East-West relations committee. The group will meet annually on various campuses.

Dr. Morrison also plans to prepare translations of Japanese material into English. Some Japanese authors have not yet had their works translated into English, and it will be the first time any western culture has had the opportunity to read some of the modern Japanese literature.

WRITERS WANTED

Brushfire editors announce that there is still room for any creative writing students care to submit. Essays, short stories, poems, or any original work is needed before deadline December 10th.

Students desiring to submit work may contact Nancy Anderson, John Hall, or leave their work at the English department office.

PHI SIGS EAT TURKEY ON THANKSGIVING

Thanksgiving was celebrated early at the Phi Sigma Kappa fraternity house November 23, with a dinner given for members and guests.

Sixty people were present to feast on roast turkey and mince meat pie. Among the guests were Dr. Thomas V. Frazier, Prof. and Mrs. A. H. Jacobson and Mrs. James Naismith.

After dinner Prof. Jacobson spoke on the spirit of Thanksgiving and its history.

Dr. Sheppard Shows Paintings

The University of Nevada art gallery and the Washoe County Library will be setting for two exhibits during the month of December.

Paintings by J. Craig Sheppard, head of the art department, will be exhibited at the University gallery through December 18. The paintings will be displayed between 1:00 p. m. and 4:00 p. m.

Lucius Beebe, Virginia City publisher and author, will display during the month of December, photographs depicting the eighty year history of the Virginia and Truckee railroad. Most of the photographs taken by Beebe and some by Charles Clegg, collaborator with Beebe on several of his books will show railroad cars, depots and freight yards of the old Virginia Truckee line. Landscape shots along the new defunct line will also be in the display.

Hate reds.

ENGINEERS SEE FILMS

Civil engineers saw a motion picture on rail steel and the Maryland road tests at their December 1 meeting.

YWCA MEETS TUESDAY

Objectives of the YWCA will be discussed at an all-Association meeting next week in a talk by Miss Frances Moser, regional staff

director from Los Angeles.

Miss Moser will meet with the YWCA cabinet members and advisory board Tuesday, December Seventh.

an interesting study

Curry, Doug Byington, Audrey Thompson, Alberta Jacques, Ida Jane Franklin, Gail Altenburg, LaWanda Kelley, Arlayne Larson, Helen Parlanti, Edith Caruk, Barbara Price, Lorraine Meunier.

Helen Argeres, Bettina Miller, Donna Marie Holstine, Lois DeRuchia, Pat Cordes, Marjorie Mead, Simmie Cooper, Katherine

HOYT ADDRESSES RENO KIWANIS

James M. Hoyt, instructor in economics and business, addressed the Reno Kiwanis club last Tuesday.

He spoke on group human relations and supervisory practice in connection with personnel management.

Hoyt recently spoke to the first conference of oxygen and acetelene plant operating engineers. The twenty-five people who represented this group came from the far western states and from Hawaii and Alaska.

The instructor also gave them a test to measure their individual supervisory ability. The organization reviewed current problems.

Warner, Mary Carol Jackson, Kay Eaton, Rhea Leavitt, June Thusen, Joanne Smith, Dorothy Kine, Gwena McKenzie, Ann Hyland, Sandra Byers, Janice Babcock, Margaret Orr, Genevieve Jones, June Hannon.

Draftee Exams Given Next Week

Selective service college qualification tests will be given Thursday, December 9, it was reported by the office of student affairs this week.

The three hour written exam will be given in Mackay science hall by William D. Carlson, dean of student affairs.

Main purpose of the tests is to provide evidence for the local draft and selective service boards in considering deferment of registrants from military service as students.

Selective service exams are given twice yearly. The next one is scheduled for April 21, 1955. The University of Nevada is among the one thousand examination centers offering the test.

WHAT'S THIS DROODLE?

For solution see paragraph below.

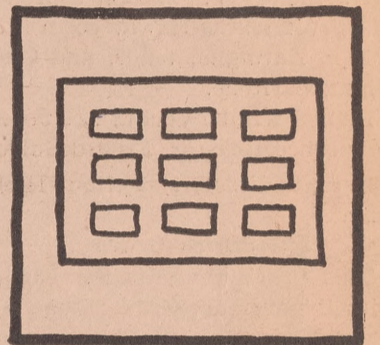

ACCORDING TO THE LARGEST and latest coast-to-coast college survey, college smokers prefer Luckies—and by a wide margin. The No. 1 reason: Luckies taste better. Thousands of students appreciate Luckies' better taste almost as much as the pair in the Doodle above, titled: Sweethearts attempting to kiss and enjoy better-tasting Luckies at same time. Luckies taste better for good reasons. First of all, Lucky Strike means fine tobacco. Then, "It's Toasted" to taste better. This famous Lucky Strike process tones up Luckies' light, good-tasting tobacco to make it taste even better—cleaner, fresher, smoother. So, enjoy the better-tasting cigarette . . . Lucky Strike.

Messiah Ready For Presentation

Nearly two hundred persons will participate in the twentieth annual presentation of The Messiah, to be held in the new university gymnasium Monday, Dec. 13.

Scheduled to begin at 8:15 p. m., the famed oratorio will be conducted by Prof. Theodore H. Post, chairman of the music department.

The cast will include the university singers, student instrumentalists, and the Reno civic chorus and orchestra.

The public evening concert has been a local Christmas tradition since 1927. It was originally a western Nevada community enterprise under Professor Post's direction, but since 1933 it has been an annual university event, remaining under Professor Post's direction.

Messiah audiences in recent years have numbered as many as three thousand persons.

Soloists in Handel's classic Christmas story this year include Mrs. Sidney J. Tillim, soprano; Margaret Burns-Hawk, contralto; Joseph Battaglia, tenor, and Glen Slight, baritone.

Pianist will be Verlita Lee Johnson; concertmaster, Fred deSalvo; assistant director, Felton Hickman.

Overture Grave

This year's presentation begins with the overture Grave: Fuga Allegro Moderato, The Longing of the World for the Messiah.

The Messiah was written in England by German-born George Frederick Handel in 1641, and was presented for the first time in

Dublin, Ireland, the following year. The custom of standing during the singing of Hallelujah began when the king of England set the example in London in 1743.

Membership

Membership in University Singers numbers over sixty. Those who are in the group are Shirley Allen,

Marge Andrews, Ilene Boffeniger, Evelyn Canepa, Marge Cimijotti, Alex Clark, Annie Condie, Carol Dickerson, Norma Dyer, Darlene Eather, Joseph Ellison, Angeline Farros, Ruth Gaiser, Doris Garcia, June Hannon, John Hansen, Charlene Harris, Leslie Hayden, Fred Hertlein III, Donna Holstine, Clark Jones, Dyann Jurey, William Kaiser, Ella Kurty, Adrienne

Kuypers, Ailayne Larson, Duane Lanback, Marjorie Mead, Dolly Montgomery and Phyllis Montrose.

Others are: Barbara Moore, Diane Oldenburg, Susan O'Neill, Manfred Nikoley, Beverly Ricketts, Barbara Read, Dave Ryan, John Scott, Leonard Sperling, James Taylor, Pat Terry, John Valone, Hawke Williams, Ronald

Williams, Lorraine Wright, Carol Zeni, Tom Jordan, Dolores Meunier, Carol Lindford, Charles Hall, Eugene Mills, Tommy Muri, Susan Thornberg, Joan Sawle, Sally Gillespie, Kathy Bradshaw, Susan Schwartz, Don Travis, Dolores Root, Donna White, Kenneth Trigero, Lois Enders, Ann Wainwright, Shari Reynolds.

No Filter Compares with **L&M's** for Quality or Effectiveness!

Miracle Tip

Actress Diana Lynn: This is the best filter of all—L&M's Miracle Tip. The smoke is mild, yet full of flavor.

Mr. and Mrs. Stu Erwin, stars of TV's great "Stu Erwin Show": As we say on TV, this certainly is the Miracle Tip. L&M's filter beats 'em all.

Mrs. Laddie Sanford, Socialite: I smoke L&Ms . . . so do most of my friends. Wonderful filter...fine taste!

Enjoy Much More Flavor—Much Less Nicotine

WHAT is it that makes L&M the most talked-about, most eagerly accepted, the fastest growing cigarette of all time?

Just this. It's the filter that counts—and none compares with L&M's Miracle Tip. You get much more flavor, much less nicotine—a

light and mild smoke. That's effective filtration. No other cigarette has it!

Why wait to try L&Ms? Discover for yourself what more and more filter tip smokers are finding out every day: L&Ms are just what the doctor ordered.

America's Best Filter Cigarette!
