

Six Hundred Ask Appropriation For Impartial UN Investigation

Six hundred and seven University of Nevada students endorsed a petition last week requesting an impartial investigation of the university. The signatures were collected in a day and a half.

The petition was submitted to the committee for appropriation at the assembly last Friday by Steve Stewart, a senior, and several other university students.

The petition began as a result of an unofficial committee organized by Dave Ryan, sophomore. Among the other students who made up the committee are John Hall, senior; Janice Green, senior; Duane Urban, senior; Leroy Wilcox, senior; Dwight Powell, junior; Sue Casey, senior, and Dave Traitel, senior.

John Hall and Steve Stewart drafted the petition.

The text of the petition is as follows: Be it known that we the undersigned, students of the University of Nevada, are petitioning the Legislature of the State of Nevada to request that the legislative body now in session appropriate funds for an investigation

of the University of Nevada, a desire also expressed by the Board of Regents, the University President, the ASUN Senate, and the Alumni Association.

We wish further to ask that the following points be seriously considered, in order to assure that the investigation will be carried to a successful and effective conclusion:

1. That the investigating group be impartial, disinterested, and from outside the State.

2. That all monies necessary to obtain the services of the said disinterested group and to insure the completion of its investigation be appropriated by the current session of the Legislature.

3. That the said disinterested group initiate action as soon as possible, in any event prior to the termination of the current scholastic semester at the University.

4. That all persons offering testimony in the investigative action be required to give said testimony under oath and that such persons be assured protection from possible subsequent retributive measures.

BOOKS GONE

Four important reference books are missing from the University of Nevada library, Miss Ruth Hadley of the reference library said. Two volumes of the Encyclopedia Britannica and two volumes of the Encyclopedia Americana are missing.

The Britannica volumes have been missing since last spring and the two Americanas since last semester.

With the coming of the freshmen term papers, the books will be badly needed, and Miss Hadley said if the guilty persons will return the missing books no questions will be asked.

MONDAY, March 21, is the vernal equinox.

SENIORS BUY NAME CARDS

Sale of senior announcements and calling cards is set for March 28 to April 1 in the YWCA snack bar, between 9:00 a. m. and 4:00 p. m. The calling cards will be available either processed or engraved.

The senior announcements will be 19 cents each. Processed calling cards will be \$2.25 for the first one hundred, and \$1.50 for each additional one hundred; engraved calling cards, \$3.50 for the first one hundred, and \$2.00 for each additional one hundred.

All who do not order within the week designated will be sent a postcard.

"Therefore, to make it easy on everyone, order them during the set time," urged Joy Thompson, head of the announcements committee.

Gung Ho.

WUS Carnival On in Old Gym

Many college and high school students are expected to attend the World University Service carnival beginning tomorrow evening in the old gym directly after the final game of the state basketball tournament.

The WUS carnival proceeds are used to help foreign universities, sometimes those behind the iron curtain.

Sponsored by the YWCA, the annual event will feature booths of any campus, church or social group wishing to participate. Tickets will be sold at the door and the group gathering the most ticket stubs during the evening will receive a prize.

UN Car Named Highway Menace

Police flagged down five mammology students and Fred R. Ryser, assistant professor of biology, recently while on a field trip to trap animals for study.

The police stopped the car a '41 Plymouth, just outside of the Reno city limits to ask why a car that old was carrying an official state seal. They even rubbed the seal to see if it had been painted on recently. The police were finally convinced that the car was not stolen, that the seal was not a forgery, and that the occupants were legitimate, but warned the group that the car was a menace to highway safety.

Trapping for small mammals along the Truckee river last Friday, after the near arrest, were: Paula Gray, Kerry Van Gilder, Mary Bishop, Frank Stewart and Ted Kerstetter.

Mr. Carl Horn, building superintendent, later informed Prof. Ryser that there is another university car of an even older vintage than the one in question. It dates back to 1939.

Lambda Chi fraternity is running a \$1.00 car wash in front of Stewart Hall. The wash opened on Wednesday and was closed this afternoon.

Legs

Kappa Alpha Theta sorority should draw heavily as their booth will consist of girls' legs sticking through the wall. The object is to throw a hoop over a leg with a garter as prize.

The Pi Beta's will have the dunking booth again this year with the Sigma Nu's in charge of the archery booth.

Other sororities and fraternities will be represented but are still vague as to what their booths will consist of.

Dance music will be furnished by Jack Reimer's band.

Shirley Allen, chairman, said the university raised \$450 for the national funds last year at the carnival. At present more than thirty-two countries participate in the program.

The WUS buys paper, student health centers, medical examinations and student housing for impecunious universities.

Tentative Construction Date Set For Fleischmann Agriculture School

By this time next year, final plans for the future Fleischmann school of agriculture and home economics should be completed and into the actual construction phase.

Although present blueprinting is strictly tentative, it seems certain that main units of the schools made possible by the recent two million dollar Fleischmann grant will be located in the stretch between Evans avenue and the Engineering building.

The future schools will be known as the Max Fleischmann College of Agriculture and the Sarah School of Home Economics, and, under terms of the grant, will probably consist of the following: a main unit housing the animal husbandry department, research chemistry, soils and plant nutrition, agronomy and range management, agricultural economics, and life sciences. Several classrooms will also be included in this main unit which present plans indicate will occupy most of the future site of the school.

The exact location of the main unit and the home economics unit have not been definitely assigned. Present suggestions point to a central location for the main agricultural unit with the home economics unit adjacent to the engineering building or possibly in the present site of the president's home.

New greenhouses, also part of the Fleischmann construction, will probably be located near the main agricultural unit. One plan has the greenhouse on the Valley road farm, which is also due to receive improvements from the Fleischmann grant. The future greenhouse will supplant and effectively enlarge the present structure and is intended to provide adequate facilities for the various concerned departments.

A separate farm mechanics unit is to be included in the future construction. All the units are intended to serve four purposes: (1) a school of agriculture, (2) an agricultural experiment station, (3) agricultural extension, (4) the Sarah Fleischmann School of Home Economics.

Before drawing up final plans, university and Fleischmann representatives together with architect Edward Palmer, plan to tour the Sacramento, Berkeley, and Davis, California soon to observe agricultural facilities. Later in the year, a commission will visit the universities of Oregon, Idaho, Utah, Wyoming and Washington State.

The recent grant to the university by the Max C. Fleischmann foundation totals more than two million dollars, all to be channeled into construction.

Loathe thy neighbor.

Intramural Track Scheduled Soon; Team Member Lists Due Monday

All organizations planning to enter intramural track teams should present a list of team members by March 21, it was announced by Associate Professor Chester M. Scranton.

Scranton, in charge of intramural activities, added that trackmen that have not had physical examinations this year should have a recheck before reporting for practice March 26.

Five sports are left of the original eighteen scheduled at the beginning of the year.

The five are track, officially scheduled for April 17; tennis doubles and singles, not scheduled; handball singles and doubles, not scheduled.

The Sigma Nu's are currently leading the race for the Kinnear Cup with 500.50 points.

Last year's cup winners, Alpha Tau Omega, is in second place with 257.50.

Sigma Nu nearly doubled the field in total points by winning 10 of the first 13 events on the intramural calendar. They tied with Phi Sigma Kappa in horseshoe singles and won the horseshoe doubles.

Other winners were in softball competition, cross country, badminton doubles, riflery and skiing.

Fifth placed Theta Chi tied Sigma Nu for the badminton singles

while Alpha Tau Omega tied them for first in table tennis doubles and in basketball.

Team standings to date:

Sigma Nu	500.50
Alpha Tau Omega	257.50
Lambda Chi	156.25
Sigma Alpha Epsilon	155.50
Sigma Rho Delta	110.75
Theta Chi	106.75
Independents	65.00
Phi Sigma Kappa	58.75

RIFLEMEN TO SHOOT IN NATIONAL MEET

Ten Nevada riflemen are on their way to the University of California today to compete in the National intercollegiate indoor rifle meet. The sectional matches will include teams from northern California and will take place at the Berkeley range. Other sections throughout the nation will have similar meets simultaneously tomorrow.

Silver and blue shooters that will compete in the national meet will be: Max Botz, Terry Katzer, Gene Espin, John Darrah, John Middlebrook, Dick Mills, Con Lund, Chuck Taylor, Len Sperling and Steve Nielson.

Last year the Nevada pot-shots were fifth out of 17 teams at the Berkeley meet, while Terry Katzer was 17th in the nation in the individual department.

By Ron Einstoss

Several weeks ago this column mentioned the sad state of affairs that existed in the once proud and prominent Block N Society. Since that time two meetings have been held and the group seems well on its way back as a strong campus organization.

At a recent well-attended meeting, members decided to get underway a movement which will strengthen the Block N. It was voted to draw up a pledge that present and future members would be called upon to sign asserting their willingness to participate in Block N activities. A three-man committee—Joe Leal, Joe Lash and Jake Longero—was appointed by President Doug Byington to draw up the pledge.

Another major step taken by the Block N was to authorize the members to wear an emblem signifying the sport in which they earned their monogram. These emblems will be worn only on the jacket—awarded for two letters in the same major sport—and will be pinned above the letter in the upper left-hand corner. Reason for the move is to insure recognition for the various major sports on campus.

While on the subject of major sports, the Block N has voted to back the request for major status of the two remaining minor sports, golf and riflery. Both are slated to be on the ballot during the spring student body elections and the Block N is asking the students to back them.

Filling out the slate of business at the meeting was the election of Roger Trounday as vice president. The office had been vacant since Lee Schröder left for the armed forces at the beginning of the semester.

The next meeting is on Thursday, March 24.

FRENCH CLUB HEARS RENO VICE-COUNCIL

Honored guest Monsieur Lapuyade, acting Reno vice council, spoke to the French club at its third meeting of the year March 8th.

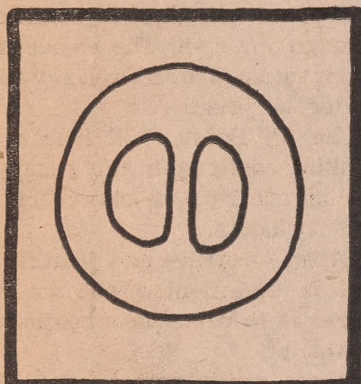

Dr. John Gottardi and Dr. Eilertson showed and explained slides of Paris sights and landmarks.

Lorraine Meunier presided.

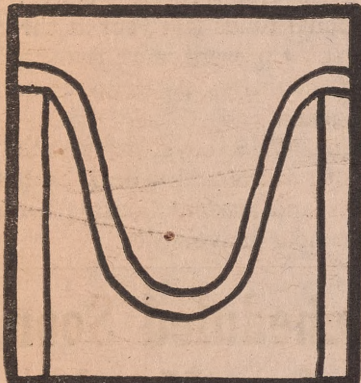

Laugh—and they put you away.

HAVE A LITTLE FUN when you smoke. Enjoy yourself. Give yourself the pleasure of a better-tasting Lucky Strike. The enthusiasm often inspired by Luckies' famous better taste is illustrated in the Doodle (right) titled: Alphabet soup for Lucky smoker. So why *stew* over what cigarette to smoke? Luckies' taste is *letter*-perfect. After all, L.S./M.F.T.—Lucky Strike means fine tobacco. Then, that tobacco is *toasted* to taste better. "*It's Toasted*"—the famous Lucky Strike process—tones up Luckies' light, mild, good-tasting tobacco

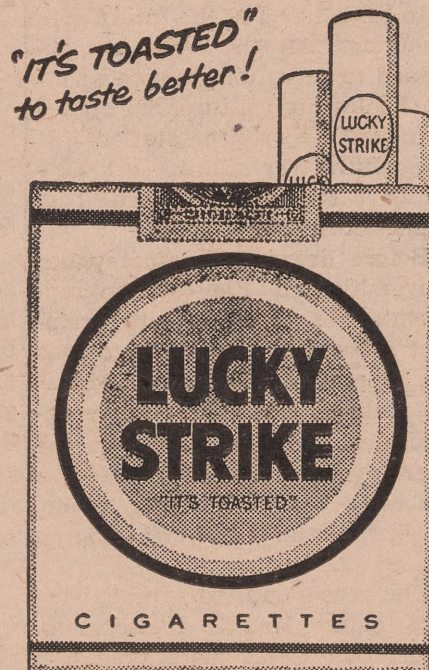

to make it taste even better... cleaner, fresher, smoother. When you light up, enjoy the better-tasting cigarette... Lucky Strike.

STUDENTS! EARN \$25!

Lucky Doodles* are pouring in! Where are yours? We pay \$25 for all we use, and for many we don't use. So, send every original Doodle in your noodle, with its descriptive title, to Lucky Doodle, P. O. Box 67, New York 46, N. Y.

Senate Discusses Student Union

Bill MacDonald, chairman of the Student Union committee, met with members of the ASUN senate Wednesday night in an attempt to prepare a final draft of the proposed Student Union constitution.

MacDonald pointed out to the senators that the money for the building would be forthcoming within the next two weeks, and that bids for the building's construction would be let immediately thereafter.

The building should be complete within a year after construction has been started.

Five Dollars

A major point discussed at the meeting was that of the five dollar membership fee. The fee is to go into effect the semester immediately following the construction bids. This indicates that a membership fee will be paid before the building has been completed, but the money will be applied to the fund for furnishing the building.

Furnishing the building will be the responsibility of the students. The estimated cost is \$70,000.

A revised draft of the constitution will be presented to the various fraternities and sororities for approval at the next regular meetings. To date only one organization has approved the document.

Voting on the constitution will take place April 15, the date scheduled for primary elections.

FORMER NEVADA CO-EDS TOUR LATIN AMERICA

Three former students of the University of Nevada left recently for Mexico City.

Loretta Davey, Hazel Johnson and Dixie Williamson will attend Mexico City college for two quarters, beginning March 22.

SAE'S HONOR INITIATES AT FOUNDERS BANQUET

Fourteen new members were initiated into Sigma Alpha Epsilon last weekend, at the chapter house.

The initiates are: James Underwood, Jack Vetter, Braden Stotts, Jim Phalen, Harry Cook, Stephen Dollinger, Ted Osgood, Hollist Manning, LeRoy Wilcox, Harry Mangrum, Eddie Alvarez, Steele Houx, William Kearney, and Richard Bortolin.

SAE also had its annual founder's day banquet at the Mapes hotel on Sunday. About 150 members and chapter alumni attended. Linn Ferguson presided.

Eight Will Attend Science Conclave

Eight students will represent the University of Nevada at the annual conclave of Nevada and Northern California College Affiliates of Chemistry and Science. The conclave is slated to be held at the University of San Francisco, April 22 and 23.

Representing the University will be Raymond Ferrari, Leonard Sperling, Don Nelson, Duncan

Chairman of the arrangement committee was Forest Cahlan.

Frew, George Louis and Fritz Hertlein. Dr. Loring Williams, faculty advisor and Clair Earl, student body president, will be professor of chemistry, will be convention chairman.

Anachronism

Senator Lovelock, a Republican of Washoe county, was one of the chief opponents to the Victory Heights reconstruction bill. Many backward universities have used the self-liquidating loan plan to house their married students but Senator Lovelock, a member of the education committee is adamantly against it.

His reasons seem to be (1) it is poor business to borrow for 40 years, (2) low cost housing encourages too-early marriages, (3) the state is under no obligation to help married students.

Well, he may be right about the immorality of borrowing money. Much literature written in 1890 can be dug up to support his view. The cash nexus is much to be preferred to the installment plan and if the senator has a few loose grand the administration would probably accept the donation. Senator Lovelock must fear the length of time, too. After all, the tenants would have ample time to welch on the rent in forty years.

The theory that low-cost housing encourages too-tender youths to marry is fallacious through. Love laughs at legislation. (ow). No replacement for Victory Heights will not deter matrimony—it will deter education.

Another point the senator has is that the state is not obliged to help married students. This is a good solid philosophy and if the senator's views were only more widespread, government would certainly be simplified.

His logic operates like this: the state did not ask these people to marry; ergo, why should it accept the responsibility of helping them. Marriage, while it may be unfortunate, is not the fault of the state.

The senator's views should be applied to roads and highways. The state did not ask its citizens to buy cars. Why should it build and maintain highways? Let them go to pot like Victory Heights.

The state did not ask people to have children. Why should it build schools? Offering low-cost education increases the birth rate and just adds to the problem.

Why help single students with dormitories? It is not the fault of the state that they seek an education.

In short, why have a government? Ah, that's it. We have to elect people to teach us rugged individualism, i. e., how to make the best of what we have without trying to better it.

Yes, Senator Lovelock knows good business. It is hoped that the people will think it good business not to re-elect (the Sagebrush seems to be babbling of elections here of late) a man whose political philosophy was archaic, old-fashioned, and absurd before Nevada became a State.

Letter TO THE EDITOR

It was my pleasure to be able to participate in the 1955 Winter Carnival.

It always is a real pleasure for me to be able to be with such a splendid group of young men and women.

With every best personal wish,
Sincerely yours,
Charles H. Russell
Governor.

Activities Planned By Social Groups

A varied week is planned by campus sororities and fraternities.

Next Saturday, March 26, Alpha Tau Omega will have its annual cocoanut dance at Echo's. Chairman is Pierre Boutet. Master Sergeant Howard C. Heil and Police Captain Louis Spitz will be guests.

Theta Chi has scheduled its founders day banquet for April 10.

Last Wednesday, Gamma Phi Beta and Lambda Chi held a swimming social. The same day Pi Beta Phi and Sigma Alpha Epsilon held a social, as did Theta Chi Kappa Alpha Theta.

Pi Beta Phi initiated Lillian Johnson recently.

During an ATA Help week, pledges worked on the Little League baseball dugout.

Sigma Nu combined its annual Jailbird dance with its pledge dance at Moana.

Phi Sigma Kappa held its annual founder's day banquet at the Trocadero.

Call for all students completing basic military training and for veterans exempt from basic was issued by the military department this week. Applications for the advanced course must be filled out immediately and turned into Captain Holt. Those qualifying must take or have taken mental and physical tests.
Announcement that military drill will start next Tuesday, March 22 was issued this week by the department.

VEGAS CAMPUS GETS FINANCIAL SETBACK

Permanent extension of the university campus in Las Vegas received a setback last Tuesday when the chairman of the Senate Finance Committee, Ken Johnson, announced that a majority of his budget group opposed the appropriation.

He said that the general feeling was that the little money available should be used in building up the Reno campus.

The Southern extension was marked for \$200,000 appropriation.

Why do more college men and women smoke VICEROYS than any other filter cigarette?

BECAUSE ONLY VICEROY GIVES YOU A PURE, NON-MINERAL, NON-TOXIC FILTER WITH 20,000 FILTER TRAPS IN EVERY FILTER TIP!

1. Yes, only Viceroy has this filter composed of 20,000 tiny filter traps. You cannot obtain the same filtering action in *any other cigarette*.
2. Besides being non-mineral and non-toxic, this cellulose-acetate filter never shreds or crumbles.
3. The Viceroy filter wasn't just whipped up and rushed to market to meet the new and skyrocketing demand for filtered cigarettes. Viceroy pioneered. Started research *more than 20 years ago* to create the *pure* and perfect filter.
4. Smokers en masse report that filtered Viceroy's have a finer flavor even than cigarettes without filters. Rich, satisfying, yet pleasantly mild.
5. Viceroy draws so easily that you wouldn't know, without looking, that it even had a filter tip . . . and Viceroy's cost only a penny or two more than cigarettes without filters!

That's why more college men and women smoke VICEROYS than any other filter cigarette . . . that's why VICEROY is the largest-selling filter cigarette in the world!

AGGIE HORSE SHOW QUEEN TO BE NAMED MARCH 27

Five women students have been selected to compete in the annual Aggie Horse Show Queen contest. The event will be held at the Wa-

shoe Horseman's Park on March 27. It is sponsored by the university Aggie club, an organization for students in the College of Agriculture.

The contestants, who will be judged on horsemanship and personality, as well as beauty, are Josie Aufdermaur, Lois DeRuchia, Sybil Jones, Joanne West, and Janet Klages.

The actual breakup of points, percentage-wise, is thirty-five per cent on horsemanship, thirty five on beauty, and thirty on personality.

As part of the contest, the women will exhibit their horsemanship by going through a lope, walk, trot, gallop, figure eight turns, and also by unsaddling and saddling their mounts.

Royalty

Josie Aufdermaur is the candidate from Tri Delta. She has ridden most of her life since she was raised on a ranch in Lovelock, Nevada.

The candidate from Kappa Alpha Theta is Lois DeRuchia. Lois, also, has ridden for many years. She is the president of the university's women's riding group, Saddle and Spurs.

Sybil Jones was chosen by Pi Beta Phi to represent them in the contest. She is a freshman student from Las Vegas.

Representing the Artemisia-Manzanita Association in the contest is Janet Klages. Janet, a freshman student, is from San Marino, California.

Candidate from Saddle and Spurs is Joanne West. Joanne will use her own horse in the event. She has ridden since she was four years old and last year entered her horse in the Aggie horse show.

Queen last year was Pat Deaton.

THETAS DANCE

Kappa Alpha Theta honored 12 pledges at a pledge dance last weekend at the sorority house.

Pledges honored were: Mary Reckers, Joanne Backer, Joyce Belaustegui, Kaleo Brandt, Myrna Stewart, Alice Cochran, Katherine Christensen, Beverlee Pomin, Peggy Folkes, Marilyn DeLong, Susan Doyle and Karen Kerper.

AWS Elections Slated This Week

Four women were named this week as candidates for president of the Associated Women Students. Primary elections will be held on Wednesday, March 23, with the finals to follow on Friday.

The women will be introduced at an assembly to be held in the education auditorium on Tuesday morning at 11:00. The assembly will be held instead of the traditional Co-ed Capers.

The candidates for the office are Sandra Mitts, nominated from the floor at the AWS council meeting Wednesday, Annette Dickson, Kappa Alpha Theta, Dixie Sturges, Delta Delta Delta, and Lola Honey, Gamma Phi Beta.

Honors

Scholarship plaques and trophies for the first semester will also be awarded at the Tuesday assembly. Honors will be given the sorority with the highest active member grade point average and the highest pledge grade average, as well as to the group that has made the greatest scholastic improvement over the preceding semester.

Polling for both primary and general elections will be held in the YWCA snack bar between 8 a. m. and 4 p. m.

Offer Special Reading Course

The department of English is offering a special reading course for students interested in improving their reading ability.

Dr. Lauren L. Brink announced this week that twenty-five students had enrolled in the class.

Reading scores for students entering the course were determined by the Iowa silent reading test.

A growing trend for programs of this type has occurred in both the United States and Great Britain, Dr. Brink stated.

SIGMA NU INITIATES

Recently initiated into Sigma Nu fraternity were 22 new members.

The initiates are: Robert Litton, Donald Kitts, Thomas McClaskey, John Ingram, Patrick Morris, John North, Thomas Friberg, Michael Newell, Robert Fricke, Jim Gilbert, Theodore Hunnewell, Martin Conlin, Joseph Crook, Michael Dewees, William Eddleman.

Robert Ferrari, John Flynn, Daniel Pease, Gus Perkins, John Phelps, Vernon Pursell and Jerry Williams.

PACK GLOVES SCORED, 7-1

Nevada's boxing team closed out its 1955 collegiate campaign Saturday night when the Chico Wildcats pounded out an avenging 7-1 victory. Fighting without the services of three regular starters in this last meet, the Wolf Pack finished the season with two wins and three losses.

The lone winner for the visiting Nevadans was fiery Don Kitts, the 126-pound Reno freshman. Kitts swept the first round from Chico's Benny Cooper, was close in the second and took the third by a big margin to cop the win.

Coach Jimmy Olivas indicated this week that he will take four boys to San Francisco this weekend to compete in the Pacific Coast Intercollegiate tourney.

They are: sophs Ted Contri, 147; Keith Ernst, 139; Doy O'Day, 156, and senior heavyweight, Bill Griggs.
