Bent for Election

Politicos Reviewed

Twenty students have been nominated to fill six offices of the Associated Students of the University of Nevada which will be vacated at the conclusion of this school year. Two of the nominations came as the result of a nomination committee meeting held last Wednesday night. Two more nominations still must be submitted.

Thirteen candidates are slated to be placed on the primary ballot; 15 names will appear on the general elections ballot. Two more nominations are required to provide the required three candidates for the offices of ASUN president and man senator at large.

The primary election will be held April 15, at which time the Mackay Day queen will also be voted on. General election is set for April 22, when students will elect an ASUN president, a man and woman senator at large, and a senior, junior, and sophomore class manager.

Amendments

Three proposed amendments to the student constitution and the proposed Student Union constitution will also be voted on in the general election.

Nominated as candidates for ASUN president were Jerry Mann and Bob Genasci.

Candidates for man senator at large are Mike Marfisi, Chuck Coyle and Ken Robbins.

One more candidate must be selected for each of these two offices.

For woman senator at large: Donna Fisher, Margaret Orr, Yvonne Lartey, and Joanne Sawle.

Senior class manager: Ted Scott, Bob Lewis, and Gail Altenburg.

Junior class manager: Gene Killiany, Stan Draper, Walt Wiseman, and Ron Logar.

Sophomore class manager: Bob Ferrari, Bobby Lewis, Crispian Cufflin, Braden Stauts, and Gary Brock.

Jerry Mann is representing Sigma Nu in the race for ASUN president. He is a 26-year-old junior from Yerington, enrolled in the college of arts and sciences.

Bob Genasci, 21, is a member of Alpha Tau Omega. He hails from Loy-alton, California. His major is in agriculture.

Mike Marfisi is a sophomore in the college of arts and sciences. He is 20 years old and comes from Winnemucca. He is a member of Sigma Nu fraternity.

Chuck Coyle, 26, is Alpha Tau Omega's candidate. He is a history major. A sophomore, Chuck is formerly from New Jersey but prefers to call Reno his home.

Ken Robbins, a sophomore student from Ely, majoring in journalism, may be the third candidate for this office.

Donna Fisher's sorority is Gamma Phi Beta. 19 years old, she is a sophomore majoring in primary education. Her home town is North Las Vegas.

Margie Orr, of Pioche, represents Delta Delta Delta. She is also a sophomore in education, majoring in elementary teaching. She is 20 years old.

Yvonne Lartey is a language major. 19 years old, she lives in Reno and is a sophomore. Her sorority is Kappa Alpha Theta.

(Continued on Page 8)

Engineers Bring Crowd to Campus

A crowd estimated at more than a thousand attended the contests and exhibits of Engineers' Day last Saturday.

Civil engineers took the exhibit award with their display of testing equipment and materials for dam construction.

Those who won the contests are: Riveting: Eugene Grows, Elwyn Wilkinson and Jake Carpenter, all civil engineers.

Slide rule: George Samstead, electrical engineer.

Drilling: Jerry Fowler and Dan Goodman, electrical engineers.

Surveying: John Quintana, Ed Johnson and Gill Anderson.

The annual Engineer's Banquet was held that night with William Holcomb, assistant state highway engineer, and H. B. Boardman, professor emeritus of civil engineering, speaking on Engineers' Days of other years. About one hundred attended the banquet.

Judges for the event were Marshall Guisti, Richard Hughes, and Link Piazzo, local businessmen.

TENNIS SQUAD TAKES MONTANA U, 8-1

Coach Hutch Nenzel's tennis squad rallied to a hurry up call last week and swamped the touring Montana university's netmen 8-1.

The match was scheduled for Saturday, but the boys from Montana arrived two days early and took a shellacking.

Bill Van Wagoner, Bill Barrett and Tom Anderson took their singles matches in straight sets, while Dick McClintic and Steve Stewart were forced to go three sets for their Nevada wins.

Don Cutler was the only Pack casualty, dropping to Tom Andrews, 7-5, 6-3.

Drummer Fixes Education Bells

Louis "The Drummer" Chase has repaired the Education building bells. The bells, not having rung for two months, were adjusted and a reporter was present at the first ringing, 3:50 p. m., March 28, 1955.

Opinions were asked of several students idling in the halls and none recalled being aware of the bells one way or the other.

Louie, a maintenance man, who plays the drums part-time in various night clubs around Reno, said before the bell rang that he would bet no one would notice, and he was right.

AWS WON BY MITTS

Sandra Mitts was elected president of the university's Associated Women Students for the next school year, in an election last Friday.

Sandra, running as an independent candidate, defeated Annette Dickson of Carson City, Kappa Alpha Theta sorority candidate, for the presidency.

A junior from Las Vegas, Sandra succeeds Jacklyn McGowan, the current AWS president. The post automatically carries with it the vice presidency of the Associated Students of the University of Nevada, made up of both men and women students.

The president-elect is a journalism major and is a member of Delta Delta Delta sorority. A prominent campus leader, Sandra is now junior class manager, assistant editor of the Artemisia, and author of "Dirty Bits," which appears weekly in the Sagebrush.

Sandra, as president-elect, will attend the Intercollegiate Association of Women Students convention to be held at the University of Kansas in Lawrence, Kansas, from April 6 through April 10. Her expenses will be paid by the Associated Women Students.

In the election held on March 25, Sandra received 115 votes for the win, with Annette taking second place with 82 votes. Annette automatically becomes vice president.

Closed

All offices of the University of Nevada will be closed on Good Friday, April 8, 1955.

Administration Ponders Use Of Operation Fund Increase

Legislators trimmed the University of Nevada budget for '55-'57 from the requested \$6,109,937 to \$3,776,020. The figures represent both capital outlay and operational funds.

While the request was cut almost in half, the appropriation is a 30 per cent increase over the last biennium and a 61 per cent increase over the biennium of '51-'53.

The final operational appropriation came to \$2,861,020. \$3,736,437 was originally requested and this was later pared by the governor to \$3,178,911. The increase asked amounted to \$1,133,781 over the last appropriation. Received increase is \$258,364.

Capital outlays were also cut. The university asked for \$2,373,500. The legislature granted \$915,000.

THE DAYS are getting warmer

Mackay Queen Elected April 15

Voting for Mackay Day queen will be on April 15, the same day as the student body election primaries. The four candidates are:

Sally McKissick, Delta Delta Delta; Vivienne Potter, Pi Beta Phi; Shirley McKelvy, Kappa Alpha Theta; and Gail Johnson, Gamma Phi Beta.

Mackay Day activities are scheduled to start Thursday, April 28, and conclude the following Saturday. Among the activities planned are: men's obstacle race, women's obstacle race, a physical education show, a luncheon, the Mackay day dance, judging of beards, and singing by the fraternity and sorority song teams.

Cups for the winners of the various events have been donated by local business concerns.

TV Feature

A half-hour television show is planned for Thursday, April 28, to explain the different Mackay Day features, Ted Scott, publicity chairman, said.

Exhibit day, on which the various departments put on displays, has been dropped, at the request of the Mackay day committee.

The annual celebration honors the Mackay family, which did much for the university, including the building of the Mackay School of Mines.

How the increase of operational funds will be spent is still in the planning stage. Dr. Stout, president of the university, said that he and the deans are discussing such competing needs as faculty salary raises and the replacement of power and light equipment. A \$150,000 request for new electrical equipment was rejected by the legislature. The equipment was brought from Virginia City in 1908.

Rejections

Among the capital outlays rejected were: the remodeling of the Agricultural building; purchase of land north of the campus; student housing; the remodeling of the Bureau of Mines building; the remodeling of training quarters; and the construction of tennis courts.

Capital outlays approved were: the revamping of the Agricultural Extension and Hatch building, \$470,000; building for Nevada Southern, \$200,000; the remodeling of Manzanita, \$200,000; heating plant improvement, \$25,000; and the replacement of underground pipes, \$20,000.

Cost of Student

On the present budget, statistics compiled by the university indicate that the average instructional cost per student is \$742 a year. The overall average for U. S. land grant colleges is \$1,148 per student.

The increase of \$258,364 over the operational appropriation of the last biennium is to be spent on those university problems requiring priority, Dr. Stout said. The nursing school, salary increases, coaching needs, and capital outlays must all be considered, he said.

McKAY NAMED AS REPUBLICAN VP

Phyllis McKay, sophomore from Eureka was elected vice president of the Young Republicans at a meeting held Thursday, March 24.

She replaces Carole McGilvray who recently left school.

Dwight Powell of Schurz, was chosen as publicity chairman.

The organization's next meeting is scheduled for April 14. This will be its last business meeting of the year.

Powell indicated that the organization is working for another combined social with the Young Democrats.

The last such social was held at the Wolf Den four weeks ago.

For in much wisdom is much grief; and he that increaseth knowledge increaseth sorrow. (Ecclesiastes 1:18).

SENIORS TO CRASH PEARLY GATES AT BALL

The Senior ball, an all-school affair, using the theme of a "Stairway to Paradise," will be April 16 at the Riverside Redwood Room. The decorations take the form of a stairway leading to the "pearly gates" with the word graduation written on the gates. Dick Wiseman, in charge of decorations,

said that it signified the seniors' joy at the prospect of graduation.

Hollis Manning, dance manager, said that there will be no advance ticket sales but that they will be sold at the door for \$1.25 per couple. The dancing will be from 9-12 p. m., with Ed Gomes' orchestra furnishing the music. The dress requirements are formal, meaning the

lads with dark suits and the lasses with evening gowns.

Sue Casey, who is in charge of the guest and chaperon list, said Lt. Col. Robert L. Bereuter, professor of military science and tactics will attend. Others will be added later.

Grads Teach In Austria

American education methods were described to Austrian teachers recently by Karl Mueller and his wife, the former Carol Normandy. Both are graduates of the University of Nevada '54 and now teach in Innsbruck, Austria, under the Fulbright exchange student program.

The two Reno residents demonstrate the correct use of English for Austrian teachers by the use of diagrams and discussions in which everybody participates.

BLUE KEY HOLDS MEET

Scheduled tonight is a banquet at the El Cortez hotel for Blue Key delegates from numerous Western colleges.

The Blue Key, a national honorary service organization, moves into the second day of its three-day Western regional convention here.

Hosting Blue Key delegates from several Western colleges, the University of Nevada chapter, under president Doug Byington and with Richard Morrill directing the program, began the convention yesterday at 10:00 a. m.

A business meeting of the delegates was held in the Education building at 1:30 p. m.

Official purpose of the convention is to discuss "How Blue Key can better serve the universities and communities."

Senate Discusses \$5 Amendment

By Ken Robbins

The proposed Student Union constitution was again discussed at Wednesday night's ASUN Senate meeting.

Two major points were discussed thoroughly before final action was taken on them. The first point was that of the five dollar assessment.

According to a decision reached by the senators, the five dollar assessment will be mandatory, as the ASUN fee of \$14 is now. It would be required of every regularly enrolled student.

Bill MacDonald, chairman of the Student Union committee, pointed out that if the five dollar fee was not accepted as it is in the constitution, a similar fee could be levied by the Board of Regents.

Another major point concerned the Board of Directors provided for in the constitution. It was decided that the Senate would have the power to establish the first Board of Directors in cooperation with the present Student Union committee.

The committee would be in the position to nominate candidates for the first board to be voted on by the senate.

Both of these measures received unanimous approval by the senators present.

The present draft of the constitution will be presented for the students approval on the April 22 ballot.

One point in the election rules aroused considerable concern. It dealt with the problem of identification required to vote.

It was unanimously accepted to dispense with student body cards for these elections.

However, identification may be required as specified in the ASUN constitution. The clause states that positive identification may be requested by the inspector at the polls.

It was announced that an election assembly will be held Thursday, April 14, at 11:00.

Candidates for ASUN offices will be given opportunity to speak at this time.

Candidates for president will be allowed 5 minutes, senators at large 4 minutes, class managers 3 minutes.

LUCKY DROODLES! LOADS OF LAUGHS!

WHAT'S THIS? For solution see paragraph below.

STUDENTS!
EARN \$25!

Lucky Droodles* are pouring in! Where are yours? We pay \$25 for all we use, and for many we don't use. So send every original Droodle in your noodle, with its descriptive title, to Lucky Droodle, P. O. Box 67, New York 46, N. Y.

*DROODLES, Copyright 1953 by Roger Price

"IT'S TOASTED" to taste better!

NO MATTER WHERE YOU ARE, you'll get more pleasure from your cigarette if it's a Lucky Strike. That's the point of the Droodle above, titled: Three deep-sea divers enjoying Luckies. You get *deep-down* smoking enjoyment from Luckies because they taste better. Why do they taste better? That's easy to fathom. First of all, Lucky Strike means fine tobacco. Then, that tobacco is *toasted* to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, mild, good-tasting tobacco to make it taste even better... cleaner, fresher, smoother. So, when it's light-up time, light up the better-tasting cigarette... Lucky Strike.

BRUSHFIRE TO BE SOLD ON CAMPUS APRIL 12

Brushfire will be on sale the first Tuesday after Easter vacation, April 12. Nancy Anderson, editor of the campus student literary magazine, announced that the publication will be available in the University book store, the snack bar, and several places downtown. Only four hundred copies are being printed.

This year's Brushfire is fifty-one pages in length. It contains a variety of short stories, ranging from western to fantasy themes. Included also are a number of poems, and a few essays.

John Hall, senior student and recipient of the Rhodes scholarship this year, has submitted a poem. The 1949 Rhodes scholar, Berney Childs, will also have one or two pieces of his work in the publication.

Whiskered Faces To Appear Soon

The five o'clock shadow will become the twelve o'clock blackout (or red or blondeout, depending on the color) when the men sprout whiskers for Mackay day.

The face-framing race will officially commence April 11, the Mackay day committee announced. Whiskers must sprout in at least two or three places, including sideburns, mustaches, and chin whiskers.

Those who do not grow, or try to grow beards, will be reported to the upper-class committee, for consideration of a just punishment.

Those who cannot grow beards because of jobs or other reasons may turn excuses in to Ray Brookman, Gary Luther, David Lowe, James Anderson, James Larrabee, or Tony Martin.

Awards

Awards will be given the reddest, blackest, best-trimmed, and thickest beards. In addition the fraternity with the largest percentage of beards showing up at the Mackay day luncheon will receive a trophy.

Judging, except for the last mentioned contest, will be in Mackay stadium after the Saturday morning women's obstacle race. Judges will be Elaine Mobley, dean of women, and William D. Carlson, dean of student affairs.

For we hear that there are some which walk among you disorderly, working not at all, but are busybodies. (Thessalonians 3:11).

Golfers Open With 1 Win, 1 Loss

The University of Nevada golfers turned in a win and a loss last weekend as they opened their 1955 season at Chico with a three team meet with Chico State Wildcats and the Humboldt State Lumberjacks.

In match play, the Wolf Pack linksmen made up a series of threesomes with a player from each of the other schools, for the 18-hole contests.

Nevada won over the Humboldt team, 10-5, but were taken by the

lows:

In the short story division: Bill Eaton, Bruce Bledsoe, George Mross, Sandra Newell, Penelope Molineaux and Nancy Anderson.

Authors of poems are: Dr. Robert Hume, Barney Shields, John Hall, Sandra Newell, Bruce Bledsoe and Nancy Anderson.

Those contributing essays are Dr. John Morrison, Crispian Cufflin, Joyce Lindsay and Ed Hancock.

Bob Stites did all of the artwork.

Cats by a decisive 14½-½. Chico also swamped the Lumberjacks, 13½-1½.

John Jepson, John Cantrell and Dick Morrill won their matches against Humboldt.

Members of the Brushfire staff are: Nancy Anderson, editor; Yvonne Larty, business manager; Bob Stites, art editor. Members of the editorial staff are John Hall, Bruce Bledsoe, Sandra Newell and George Mross.

Ad and business staff members are: Sharon Utley, Betty Landers, Mardelle Capriotti, Mary Lee Metzker, Jackie Manoukian and Jeanne Meyers.

Contributors

Students and faculty members who contributed their literary pieces to the Brushfire are as follows:

**IF you are a college girl
IF you are between 17 and 25
IF you are interested in attending the
University of Hawaii Summer Session**

This is for You!

WHO ARE THE
"TOP-FLITE" GOLFERS
ON YOUR CAMPUS?

If you've watched them on the course, you've probably thought: "Boy, if I could just get my game down like that!"

Constant practice is the answer, of course, but getting the best from your equipment is just as important, too.

That's where Spalding TOP-FLITE® clubs have the edge. They have *more to offer* in precision balance that gives an *absolutely uniform swing-feel* with every club in the matched set.

That's the secret of Spalding SYNCHRO-DYNED® clubs. And, it will pay off for you from the first round. You'll make the same shots with new uniformity. The perfect balance of these clubs lets you swing *through* the ball with confidence. *Without* "choking-up" or "compensating." You get the ball away cleaner, longer, and with more shot control.

These are the clubs that have *lowered handicaps by as much as ½*; Spalding SYNCHRO-DYNED TOP-FLITE clubs. Your Golf pro has them now. And, now's the time for *you* to start playing better golf.

Beer

The latest scuttlebutt is that the traditional beer bust following the ASUN elections was prohibited by the administration.

The administration, and we checked, enforces the regulation that was set up long before the present regime took over. There can be no alcoholic beverages at a student function, it says. This rule is strictly adhered to, mothers.

But neither Dr. Stout nor student leaders have heard of any attempt to stop informal gatherings for the purpose of convivial beer-drinking off the campus. Even if the administration wanted to, which it says it does not, it would be impossible to stop such esoteric practices.

As for the rule on alcohol, which would better fit a young ladies' finishing school, one must blame the system and the society that establishes it. Students are constantly exhorted to grow up yet it is the last thing that Ladies' groups and their co-traveling male prudes want. If the administration permitted optional beer-drinking in, for instance, fraternity houses, neither the students or the administration or the university would be around very long. Americans worship youth and seek to keep their youth as young as possible for as long as possible.

Curiously, the students who like their likker now will deplore such practices among the next generation.

But beer busts are here to stay. So let's stick to the facts, m'am, and forget the hearsy.

Impractical

Gov. Bracken Lee of Utah signed a bill last week that was identical to the self-liquidating bond plan for the replacement of Victory Heights. Like the Nevada bill, it will cost the taxpayers nothing. It permit the issuance of bonds for junior college buildings that produce revenue.

This is the plan that Sen. Forest Lovelock, who fancies himself Nevada's answer to Bernard Baruch, called impractical and unbusinesslike. It was the efforts of this senator alone that stopped the bill in committee and prevented it from even coming to the floor of the senate for a vote. This is not representative government. This is one man rule.

How his opinions are formed was illustrated by his comment when he approved the appropriation for Nevada Southern in Las Vegas. "I favor this bill out of esteem for my colleague from Clark county (Sen. Mahlon Brown)." This is Lovelock in a nutshell. Money is no object when personal opinion and favoritism is involved. And the "impracticality" of a bill would have meant nothing if his deep-seated personal convictions were not opposed to the principle.

Harvard Lampon Movie 'Roscoes'

Harvard University's monthly magazine, the "Lampon," recently selected "the 10 worst pictures of 1954."

The list, selected by the editors included, "Hadja Baba," "No Business Like Show Business," "The Egyptian," "The High and the Mighty," "Magnificent Obsession," "Beau Brummel," "Student Prince," "Knights of the Round Table," and "White Christmas."

The "Caine Mutiny" was selected as the best argument against naval ROTC, and "The Long Trailer" as "the greatest waste of gas of the year."

Special "Roscoes" were voted for Tony Curtis, "whose marcelled and mobile grease locks have titillated scores of bobby-soxers." Grace Kelly earned the title of "ironclad virgin of 1954."

DIRTY BITS

By SANDRA MITTS

My semi-exclusive for this week: Adamae Grey, past KAT president, announced her engagement to Sigma Nu Jerry Mann at a formal dinner party Wednesday night. Though they have set no definite wedding date, the couple hope to be married this summer.

Tri Delt Kay Downer is the latest to have added her name to the list of April brides. She will marry O'Neil Saunders on the 24th of the month. Neil is in the army and recently got his orders for Germany. Kay will follow him there as soon as possible.

Mrs. LeMoine Gerard (nee Leanne Norton) will fly to Paris, France, to join her husband on Easter day. LeMoine graduated from the university last spring and is now stationed in France. Leanne is a senior member of Tri Delt.

Joan "Mae" Cunningham, Gamma Phi, announced her marriage Sunday at a luncheon given by her mother. Mae and Jim Underwood, SAE, were married in Las Vegas on September 8.

The engagement of Billie Holmes and Jerry Hunt was announced recently. Billie is a freshman living in Artemisia, and Jerry is a Theta Chi. Both are from Fallon.

Glenn Dorey, Theta Chi, was recently married to Yvonne King. Both are from Austin.

The engagement of Sue Lemmon was announced recently at the Pi Phi house. She will marry John Meckes during the summer.

AGGIES TO SPONSOR HORSE SHOW DANCE

Something new is to be added to the horse show this year.

The Redwood room of the Riverside hotel will house a western

theme dance, complete with a floor show, Saturday night, May 7. It is to be an all-university dance, sponsored by the Aggies.

Don Travis, Aggie dance manager, said the dance would probably be held between 9 and 12 p. m., but can't say definitely until arrangements for an orchestra are completed.

This dance will be the first of its kind to be held during the horse show. Although much is still in the planning stage, a "floor show" of western square dancing and the like is scheduled.

STARTS TODAY!

Why do more college men and women smoke VICEROYS than any other filter cigarette?

BECAUSE ONLY VICEROY GIVES YOU A PURE, NON-MINERAL, NON-TOXIC FILTER WITH 20,000 FILTER TRAPS IN EVERY FILTER TIP!

1. Yes, only Viceroy has this filter composed of 20,000 tiny filter traps. You cannot obtain the same filtering action in *any other cigarette*.
2. Besides being non-mineral and non-toxic, this cellulose-acetate filter never shreds or crumbles.
3. The Viceroy filter wasn't just whipped up and rushed to market to meet the new and skyrocketing demand for filtered cigarettes. Viceroy pioneered. Started research *more than 20 years ago* to create the *pure and perfect filter*.
4. Smokers en masse report that filtered Viceroy's have a finer flavor even than cigarettes without filters. Rich, satisfying, yet pleasantly mild.
5. Viceroy draws so easily that you wouldn't know, without looking, that it even had a filter tip . . . and Viceroy's cost only a penny or two more than cigarettes without filters!

That's why more college men and women smoke VICEROYS than any other filter cigarette . . . that's why VICEROY is the largest-selling filter cigarette in the world!

20,000 TINY FILTER TRAPS . . .
plus Richer, Smoother Flavor

Schedule Talks For Semester

Six spring lectures, ranging from discussion of the arts of India to readings from a current Broadway play, are scheduled, the Committee on Assemblies and Lectures announced recently.

The lectures will be held in the Education building auditorium. There is no admission charge.

The lectures scheduled are:
April 13-14: Beardsley Graham, secretary of the Association for Applied Energy Research at the Stanford Research Institute, Mountain States division, no announced topic. April 27, 8:00 p.m., Dr. David G. Mendelbaum, University of California, "An Anthropologist's View." April 28, 11:00 a. m., Dr. Mendelbaum, "The Arts

of India."
May 11, 8:00 p. m., Garff B. Wilson, professor of speech and dramatics, University of California; Bret Harte, Story Teller of the Sierras." May 12, 11:00 a. m., Prof. Wilson, "Readings from a Current Broadway Play."

700 Students Hit By Flu in 4 Weeks

More than seven hundred students of the University of Nevada have visited the infirmary during the last four weeks in an effort to squelch the flu.

As of last Monday, there had

been 737 cases reported. Mrs. Mary Johnson, head nurse, says that it is simply an epidemic of flu common to most schools and cities this time of year.

Assistant nurse, Mrs. Ann Barnes, expressed Dr. Robert Lockes' reflection that it has been years since anything like this has hit the Nevada campus.

Dr. Locke is the infirmary physician.

Of the 735 stricken, 36 have been placed in bed during the three week period. Among these has been Mrs. Johnson herself.

She describes herself as a horrible example of what happens when you fail to protect your health and insists that she be nailed to the bulletin board as a public example.

At present only one student, Mary Reckers, is confined to the infirmary with the disease.

Both nurses renewed their appeals for students to return the Ace bandages and the crutches that have been lent to them.

They would also like to have the students return the small bottles that were given them containing nose drops and cough syrup.

As a method of compromise, Mrs. Johnson added that the envelopes containing pills may be kept.

Six First Places Taken by Pack

The 1955 version of the Nevada meet with the University of California Aggies at Davis last week-end snatched six first places in a dual

Over-all depth of the Aggie aggregation collected a total of 74% points, however, to down the Pack with only 56%. It was the first track meet for both teams this season.

Double winners included Nevada's Bert Cooper, who finished first in the mile and two-mile distance events, and Bob Maulhardt of the Aggies, who won the low hurdles and tied for first place in the high jump with teammate Jack Knutson.

Four More

The four remaining Nevada first place honors were taken by John Mayerhoff of Winnemucca, who won the 440-yard run; John Meder of Carson City and Claude Mabry of Reno, tied for top honors in the pole vault; Lou Hutchison of Lincoln county took the broad jump, and the silver and blue relay team topped the Aggies.

Meder and Mabry promise a good season for the Pack in the pole vault, according to Coach Hugh Smithwick. The two Nevadamen tied at the twelve-foot level in the Aggie meet. Last year, Meder won the Far Western Conference meet at that level. This is Mabry's first year with the university trackmen.

Cooper won the mile run with a time of 4:46.4 and the two-mile with his time of 10:42.2. Mayerhoff's time in the 440 was 53.7, while Hutchison took the broad jump with a distance of 20' 3". The Nevada Relay team, composed of Gene Timmons, Charlie Harmon, Cooper, and Mayerhoff, turned in the winning time of 3:36.2.

Coach Smithwick stated that times were relatively slow because of a wind during the meet at Davis, California.

Stick with Mac and you'll never get back. (Anonymous, Early Americana).

PACK NINE DROPS, TIES SAC GAMES

The University of Nevada baseball team opened its 1955 campaign last Saturday in Sacramento, dropping a tight opener to the Sacramento State Hornets, 2-1, and tying up the second game, 5-5, after nine innings. That one was called because of darkness.

In the opener, Nevada's Stan Pomin held the Hornets to six hits, but the Pack was unable to produce enough power to overcome the one run lead picked up by the Californians in the second inning.

The Nevada squad had a big inning in the second game, the sixth, scoring four runs on Powell's walk, Trounday's sacrifice, walks to Manoukian, Skinner, DuBois, and a ringing double by Dave Ryan.

Sacramento State came back in their half of the sixth with four runs to tie it up, and Nevada was unable to score again, despite a triple by Allie Thieme in the eighth.

This weekend the Pack will be in Chico for a practice double-header with the Chico Wildcats. Their next conference play will be in Reno against that ball club.

The Nevada starting lineup for the Chico game will include: Al Thieme, first base; Ralph Powell, second base; Fred Jesser, short-stop; Milt Manoukian, third base; and fielders Rog Trounday, Dave Ryan and Bob DuBois.

"Pint-size" refineries help us keep gasoline prices low

Folks who like a bargain don't have to look any farther than the gas tanks of their cars. For despite a steady increase in quality, gasoline prices have remained low—and Standard Oil Company of California's table-top refineries are one good reason why.

They are pint-size laboratory pilot plants that enable our scientists to develop cost-cutting manufacturing methods for each new gasoline before we put it into production. With the aid of these rubber and glass forerunners of multi-million gallon refineries, we've worked with car manufacturers to perfect balanced gasolines designed to bring out more efficiency and economy from today's higher compression engines.

We've learned how to squeeze more gasoline from crude oil and we've found ways to make increasingly better gas at consistently low prices. Today's gasoline, for example, is 50% better than motor fuels of 1925, yet costs just a few pennies more.

The combination of research and competition has held gasoline prices down so effectively that they've advanced only 17% (ex-taxes) since 1925 while general living costs are up 52%. Even though our pint-size refineries make gasoline by the drop, they are one reason why Standard products give you a longer run for your money.

Standard plans ahead to serve you better

Aggie Horse Show Set for May; Sybil Jones Will Reign as Queen

The ninth annual Aggie club horse show is scheduled for May 6, 7 and 8 at the Reno Rodeo Grounds. Advertised as the largest and richest of student managed horse shows in the world, it attracts entries from seven western states.

Reigning queen of the show will be Sybil R. Jones, Pi Beta Phi, who was chosen tops in last Sunday's contest over four other entries for her personality, beauty, and horsemanship. The queen and her two attendants, Josie Aufdermaur, Tri Delt, and Lois De Ruchia, Kappa Alpha Theta, will attend the Sacramento horse show Friday, April 1. On Saturday and Sunday they will visit the horse show at the Cow Palace in San Francisco.

Queen Sybil and her two attendants will be accompanied by the Aggie club color guard. Eight of the group will ride in the grand entry at both horse shows.

Manager for the "biggest and richest little horse show in the world" is Neill West, '56, assisted by "Mike" Mansfield, '57. Gail Munk, '57 is in charge of the concessions; "Bob" Genasci, '56 is in charge of the grounds and "Gene" Austin, '57 will feed and water the livestock for the events. Tickets are handled by Micky Richards, '57, publicity by "Bill" MacDonald, '57 and the ads by "Bob" Ferrara, '57.

Scheduled for the Friday evening show, May 6, are the following events: Senior trail horse, reined stock horses (heavyweight), fine harness (open), reined stock horses (jaquima), western family group, and open cutting horses.

Saturday afternoon's show has listed: junior trail horses, Nevada cutting horses, open hunters, palo-

mino and arabian championship breeding class awards, Nevada snaffle bit class, Washoe junior drill team, reined stock horses (lightweight), college and high school girls' stake race, and open cutting horses.

The finals on Sunday afternoon, May 8, include: Nevada team roping, five gaited horses, reined stock horses (stake), open jumpers, quarter horse championship breeding awards, Nevada calf roping, musical chairs, western pleasure class, and the open cutting horse finals.

AGGIES SELL TICKETS

The Aggie club met last Wednesday to discuss the sale of tickets for the forthcoming horse show in May. Members agreed to sell tickets while they are home during the Easter vacation.

President of the club is Bob Genasci, Alpha Tau Omega. Vice president is Ed Depoali of Lincoln hall.

Ring Benefit On Tonight

Nine Nevada glovemen will meet Marine boxers from Pickel Meadows base near Bridgeport, California tonight in a benefit match for Alf Sorensen, Nevada alumnus. The bouts will begin at 8:00 this evening.

Sponsored by the Nevada Alums, all the proceeds of the boxing matches will go to the family of Sorensen, who has been in the hospital five months as a result of a car accident. All the officials—referee, timers and judges—have donated their services to aid the alum.

Reserved tickets will be \$1.50 and general admission will be 50c. Tickets have been on sale all over the state, according to Art Broten, Director of athletics.

Sorensen, at one time a letterman in football, basketball, track and boxing, was hospitalized in a

semi-conscious condition for the past five months. He received his injuries in an accident in which his companion, Gene Mastroianni was killed. They were both returning from a basketball game in Winnemucca where they had acted

as referees. Mastroianni was student body president in '42 and graduate manager of the University of Nevada in '50.

Avoid foolish questions. (Titus 3:9).

A Campus-to-Career Case History

Manager Ray New explains the importance of good service to one of his assistants

His "individual training" paid off

When Ray New—Business Administration, Buffalo, '51—started with New York Telephone Company, he never suspected his work would face him with problems of this sort—

"My job as business office manager is to see that the customer gets the best possible service. One of my assignments took me into a section of Manhattan that had a large Puerto Rican population.

"Frequently our people would get somebody on the line who couldn't speak a word of English. So I saw to it that each of my representatives learned a few standard Spanish phrases—enough to get somebody to the telephone who could speak English.

"There are no two days alike in this

work, with new problems coming up all the time. The best part of it is that the training program here is tailor-made to the job. First you get a general background in the business, then you go into what I call 'individual training.' That's where your own special abilities are developed and you're encouraged to think out new ways to solve everyday problems—like the one I just described.

"Right now I'm Business Manager in charge of an office doing \$250,000 worth of business a month."

You'll find these things true of college men, like Ray New, who go into telephone work. They've been well trained, they enjoy their present jobs, and they're headed for responsibilities and greater rewards. If you'd be interested in a similar opportunity with a Bell telephone operating company, or with Sandia Corporation, Bell Telephone Laboratories or Western Electric, see your Placement Officer for full details.

Candidates

(Continued from Page 1)

Joan Sawle, 19, sophomore also. She comes from Carlin. Her major is home economics and she belongs to Pi Beta Phi.

Ted Scott is a junior, majoring in journalism. The 26-year-old Scott hails from Topeka, Kansas. He represents Phi Sigma Kappa.

Bob Lewis is a native of Reno and is a junior in the college of arts and sciences. He is of the Sigma Alpha Epsilon house.

Gail Altenburg, a Kappa Alpha Theta, is from Carson City. She is an education junior.

Both of the last two candidates were selected by the nominations committee.

Gene Kiliany is from Scottsdale, Pennsylvania. Representing Theta Chi, Gene is a junior majoring in mechanical engineering. He is 24.

Stan Draper is also a mechanical engineering major. He is a 20-year-old Lambda Chi sophomore from Ely.

Walt Wiseman is 27 years old. A Reno resident, Walt is majoring in electrical engineering. He is a sophomore this year. His fraternity is Phi Sigma Kappa.

Ron Loga, 19, Hawthorne, pre-dental student, represents Sigma Alpha Epsilon.

Bob Ferrari, freshman majoring in civil engineering, is Sigma Nu's candidate.

Bobby Lewis, 19, Ely business major, represents Alpha Tau Omega.

Crispian Cufflin, Messina, South Africa, freshman geology major, for Theta Chi.

Braden Stauts, 18, physics major, Reno, represents Sigma Alpha Epsilon.

Gary Brock, 23, Reno, arts and science freshman, is a Lambda Chi candidate.

As two additional candidates were needed to fill the requirements, the executive committee was given the power to receive any further nominations prior to the deadline April 11.

GOLF TEAM SLUMPS IN SACRAMENTO MEET

The University of Nevada golf team came out fourth best in a four-way meet yesterday at Sacramento.

Although the Pack took a decision from Humboldt State college last weekend, they still were hampered by lack of practice.

Yesterday they dropped, in match play to Chico, 10½-4½; to San Francisco State, 11-4, and to host Sacramento State, 10½-4½.

The proper study of mankind is women.

Rifle Team Wins Four Awards

Four Nevada riflemen collected awards of gold plated belt buckles last Sunday at the finals for the Sagebrush smallbore rifle league matches.

The University Rifle club compiled 6025 points out of a possible 6400. The Reno Rifle club marksmen made 5791. Other teams in the league are Carson City and Fallon.

In the individual departments, Terry Katzer of the Silver and Blue led the aggregate firers with 765 points out of a possible 800. Katzer took an award in the prone position, shooting two perfect targets. In the sitting position, Max Botz managed 199 points out of the possible two hundred to win, while Chuck Taylor fired 184 to win the standing off-hand position.

Gene Espin and Dick Mills, both university shooters, wound up

Know Your Politicians

with 192 each in the kneeling position. But after using practically every rule in the book to see who was to receive the award, Espin emerged on top with a better 17th shot.
