

FROLIC THREATENED

Dr. Asher B. Wilson threatened to call off the Wolves Frolic production Wednesday if fraternity entries continue failing to show up for practice.

Dr. Wilson made the announcement through Pres. Jerry Mann at an informal senate meeting Wednesday night.

The director of the Frolic said that a number of fraternities were

not making an appearance for the rehearsals. If one more fraternity fails to appear, he said, that fraternity will be dismissed from the Frolic.

And if three fraternities are dropped, his message continued, the entire production would be dropped.

Sororities in the Frolic are attending promptly.

Students Meet With McHenry In Carson

The executive committee of the ASUN senate met with Dr. Dean McHenry, appointed investigator of the university, in Carson City today.

The purpose of the meeting, according to ASUN President Jerry Mann, was to get an overall look at the forthcoming investigation and to realize its scope and purposes. Mann said he and the committee were acting informally.

Originally planned for Thursday evening, the meeting was postponed because University President Minard W. Stout and Regents Chairman Silas Ross were out of town. The Thursday meeting was to have been with the entire student body.

Dr. McHenry was appointed last month by the legislative commission to head the investigation. He is a former professor of political science at the University of California at Los Angeles.

Misquote

Mann said at a special meeting Wednesday night that he had been misquoted in the local papers regarding the ASUN position on McHenry and the investigation. He said that the papers stated

that the SUN wanted to investigate the investigator and pointed out that this was not the purpose at all.

"We are not investigating anybody ourselves," Mann said. "We just want to meet with McHenry to get information on the investigation."

Mann added he is interested in learning the method in which the

Council Plans Protest To Renewed Ruling

The intra-Fraternity council plans to contest a ruling that all men who live in Lincoln hall must eat in the dining room, Council President Roland Westergaard said.

The ruling, announced by William Carlson, dean of men, would automatically stop Lincoln hall men from eating in their fraternity houses.

Carlson said the rule is not new. It has not been enforced in the past, but present conditions make enforcement necessary.

He has had to turn down many applications to the university because he cannot provide both room and board, he said.

Many of the men who live in Lincoln hall do not eat at the dining hall. Carlson would like to have these men live elsewhere so he could provide for those who do wish to reside at Lincoln and eat at the dining hall.

The intra-fraternity council is meeting next Monday to discuss the situation. Tentative plans have already been made, Westergaard said.

Mistake In Frosh Vote

A rematch in the freshman manager primary, has been called for Tuesday.

Election Committee Chairman Phil Collins said a typographical error on the ballots made yesterday's election void.

Five freshmen entered the primary race for freshmen class manager. Candidates include: Tom Corcia, ATO, Tom Burns, Sigma Nu, Gary Wilkerson, SAE, Bill Paterson, Phi Sig, and Don Ferrari, Lamba Chi.

Final elections will be on Thursday, October 20th.

Wolf Pack Tromps Sac Pack Gridders Face Tough Fresno State Bulldogs at Fresno in Their Third Game

The University of Nevada Wolfpack gridgers meet the powerful Fresno State Bulldogs in their third game of the season tomorrow night at Fresno.

Nevada enters the game with a record of one win and one loss. The win was over Sacramento State by a score of 28-7 last weekend. The loss was to San Francisco State, defending Far Western Conference Champs, by a score of 18-7.

The Bulldogs from Fresno are undefeated this season. They have also played three games, chalking up wins over San Francisco State, 20-12; Willamette U. 33-7, and San Diego Naval Training Center, 52-0.

The Nevada attack will feature the running of speedy halfbacks Charlie Harmon and Bill Bowser, who tallied two touchdowns apiece in last week's victory over Sacramento.

The Pack received a blow when it was announced that starting fullback freshman Mario Lommori suffered a shoulder injury in the game against Sacramento State and will be sidelined for most of the remainder of the season. Due to start in place of Lommori is sophomore Frank Sullivan, who while subbing for the injured Lommori, turned in a good defensive performance.

Scouted by Professionals

Fresno State will be lead by the always potent Dean Philpott, sophomore, who has already gained the attention of several professional scouts. Another threat is Bobbie Garner, who gained 131 yards in their win over the San Diego Naval Center.

This meeting will be the 25th between the two schools, with Fresno State holding the edge in wins 14 to 10. Two games have

(Continued on Page 2)

Harmon and Bowser Lead Wolfpack to First Victory In Conquest of Sacramento

The Nevada Wolfpack, led by Speedy Chuck Harmon and Bill Bowser, hung up its first win of the 1955 grid season Saturday at the expense of Sacramento State, 28-7.

Harmon and Bowser accounted for 24 of the 28 Nevada digits, picking up 12 each. Quarterback Ken Fujii added three conversion boots and Mike Lommori made good a conversion before leaving the game with a bruised shoulder.

Nevada's forward wall was led by big Walt Ryals who intercepted two Hornet passes.

Mike Leslie, Marv Baker, Clay Darrow, and Joe Vicanni all turned in good offensive games.

Harmon-Bowser Star

Highlight of the game came early in the final stanza when the Harmon-Bowser combination ripped off 175 yards in two plays, for a score. Bowser's 85 yard jaunt to pay dirt was recalled by an off-side Nevada penalty. Harmon, on the next play, traveled the same route on a 90-yard touchdown romp.

The two teams fought to a 7-7 deadlock at the end of the half. Conditioning and superior line work seemed to tell the story as the Pack roared back in the second half for three tallies.

Sacramento's big threat, Eddie Soto, quarterback, was removed shortly after the start of the second half when he was carried off the field with an ankle injury.

Darrow and Leslie set up two of the Pack's scores with heads-up defensive play. Darrow's recovery of a Hornet fumble on their own ten-yard stripe sent Harmon over the goal line three plays later. Another fumble recovery by Leslie on the Sacramento 15 sent Bowser crashing through center to give Nevada a 21-7 edge.

Rally to Precede First Home Game

Preceding the first home game of the year against Cal Aggies there will be a rally featuring a snake parade through town and a short skit by the rally committee and the cheerleaders.

The rally, to be held in Mackay stadium at 7:30 p.m. next hursday, will be the second home rally of the season.

Representatives for the Rally committee are: Buster Sewell, SAE; Gary Brock, Lamba Chi; Lynn Johnson, Sigma Nu; Phil Hannifan, ATO; Keith Hall, Theta Chi; Tina Miller, Tri Delt; Annette Dickson, Theta; Barbara Erb, Gamma Phi; and Myram Borders, Pi Phi.

The committee is headed by Bill Sprow, Sigma Nu, who is rally chairman for the year.

Drink beer. The governor has declared Jan. 1 through Dec. 31 Beer Week.

Mail Sagebrushes to friends and relatives in the east as souvenirs of the old west.

Newman Sponsor Tenor's Concert

Christopher Lynch, Irish tenor, will present a concert here November 8. The concert is to be given in the State building and will be sponsored by the University of Nevada Newman club.

Lynch is a protege of the late John McCormack, famed Irish operatic star. His repertoire includes ballads, classics, and songs from musical comedies. He has been received favorably by New York critics.

Tickets will be \$1.25, plus tax. This will be the first time the Newman club has sponsored a performance of this type.

Lectures Going Well At University of Oslo

By Angeline Farros

"My lectures at the University of Oslo are going along quite famously," said Prof. J. Craig Sheppard, Chairman of the Art Department, in a letter to Dr. William R. Wood, Dean of State-wide Development Programs of Higher Education.

Prof. Sheppard is in Europe on a Fulbright Lectureship, where he is lecturing on American Indian Art.

"I give two lectures a week, but the various offices of U. S. information and the cultural people of the Embassy are working me to death."

Touring Sweden

Sheppard is giving a series of eight lectures in conjunction with an American Indian painting ex-

hibition that is touring Europe and is currently in Goeborg, Sweden. He is due to go to Stockholm for a series when the exhibit goes there about the middle of October.

Sheppard said that he had an talk to the American School in Oslo, and for two talks to Study Groups in Oslo.

Sheppard said that he had an interesting group of students, who are grateful to be at the university. He said that both English and American are taught as separate subjects.

Sheppard is lecturing in Oslo, Norway this semester and at Bergen, Norway next semester.

He will tour Europe during the summer and return next fall.

Students Meet

(Continued from Page 1) investigator was selected and what qualifications were considered. He learned from Walter Whitacre of the legislative commission this week that the minutes of the meetings in which McHenry was interviewed and appointed will be sent to the ASUN as soon as they are transcribed. They are estimated to be 127 pages in length.

Another Meet

Dr. Stout will meet with McHenry during the first part of next week. He has been in Las Vegas for the last week, and his work with a committee raising funds for Nevada Southern will keep him in Clark county over the weekend.

Mr. Ross is also expected to meet with McHenry next week. He has been in the east on a business trip, and attended funeral services for Dr. John O. Moseley, former president of the University of Nevada, yesterday.

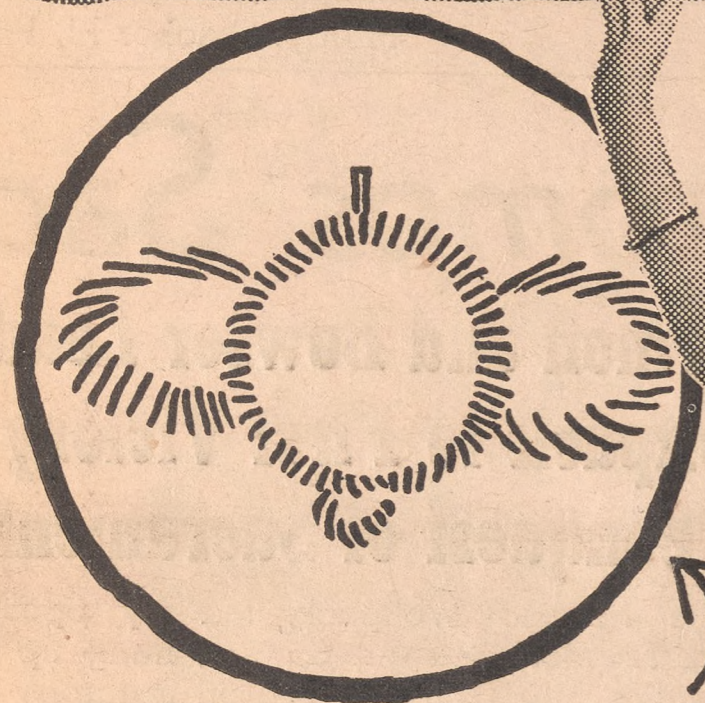

Dr. McHenry is expected to name a team of experts in various academic and administrative fields to assist in the investigation. His appointment to the position was opposed by the board of regents in a letter to the commission signed by Ross. In the letter he itemized why the regents believed McHenry to be unqualified to direct such an investigation.

Members of the senate executive committee who met in Carson City today were ASUN president Mann, Sandra Mitts, vice president, Patricia Cordes, secretary, Chuck Coyle, Earl Hawley, Gary Brock, Phyllis Crowder, and Phil Hannifin, president of the Jot Travis Memorial Student Union.

Reigning over the weekend's activities were Miss Hello Patsy King, Kappa Alpha Theta, and Mr. Hi Buddy Garcia, Sigma Nu. —Wayne Trewitt Photo

Bo sober, be vigilant; because your adversary the devil, as a roaring lion, walketh about, seeking whom he may devour. (Peter 5:8)

The ASUN saves.

Exchange Dinners Are New Social Feature

Exchange dinners will be a new feature of the social picture on campus this year. Sigma Alpha Epsilon was the originator of the idea and Bob Petroni, social chairman, has already arranged two dinners successfully.

The idea of the exchange dinner is to have five members of a sorority as guests at a fraternity house on each exchange, and have five members of the fraternity as guests at the sorority house on the same evening.

The idea has already been picked up by Sigma Nu and Bill Sprow, social chairman, has made similar arrangements.

Considering Idea

Alpha Tau Omega, social chairman, Roland Westergaard, said "that although we have made no definite plans yet, we are considering the idea."

Gene Kiliany, Theta Chi social chairman, thinks the "exchange dinner is a good opportunity to get to know each other better, and hopes to have them."

Phi Sigma Kappa president, Bob Pearson, has made no definite

plans yet.

Stan Draper, president of Lambda Chi Alpha, is unable to make plans until their house is completed.

The Gamma Phis had an exchange dinner with the SAEs on Oct. 11 and the Pi Phis had one with them on Oct. 13.

These dinners provide opportunities for the students to get to know each other better and improve relationships between the sororities and fraternities.

Last week a Sagemrush filler referred to the Sagemrush as the "Sagemrush." The proofreader has been severely reprimanded.

Proposals Aired For Homecoming

Proposed changes in the entertainment for Homecoming week were discussed yesterday at 4 p.m. The Sagebrush went to press before results of the meeting were known.

Margie Orr, secretary of the committee, said that the members had been meeting weekly in order to decide the best ideas for providing a bigger and better Homecoming celebration.

Members of the committee include: Gene Kiliany, chairman, Susie Kuypers, Jim Taylor, and Ronnie Logar.

Four More Pledge Campus Sororities

Four more women on campus have pledged sororities during the past two weeks. Gamma Phi has two; Delta Delta Delta one; and Pi Beta Phi one.

Pledges to Gamma Phi Beta are Gerrie Ann Germain and Pat Vessey who were pledged October 3.

Judy Hollister became a pledge to Delta Delta Delta on October 3, also.

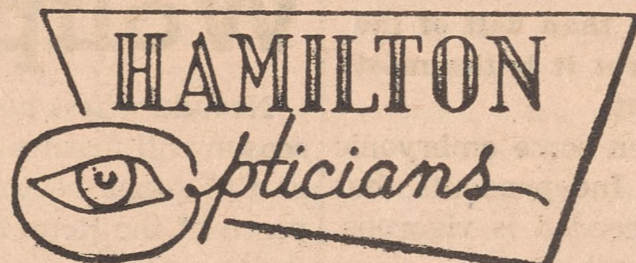

Letitia Sawle pledged Pi Beta Phi on October 10.

Optimism

Jerry Mann, ASUN president, was disturbed last week when the press indicated he wanted to investigate the investigator. All he wants to do, says Jerry, is find out what is going on for the benefit of the students. He agrees that it would be exceedingly silly for the ASUN to "investigate" McHenry since there is nothing the student government could do about the man one way or the other.

Jerry has written to legislators and other wheels to find out the prospective scope of the investigation, the date, and various other aspects. He feels that students have a right to know the score. The Sagebrush agrees and has been saying so on many occasions.

One of the flaws of this investigation is almost the same as that of an ASUN check on McHenry. There is no power of enforcing the decisions made by that body.

The board of regents is made independent of the rest of the state government by the constitution. McHenry will get his authority from the legislature, which in turn, receives its power from the electorate.

Both governmental bodies are directly responsible to the same source. Neither has jurisdiction, directly, over the other. As an example of this, observe the frustrated diatribes emanating from each toward the other.

Critics of this argument point out blithely that it is the legislature which passes on the biennium appropriation. Although they cannot dictate expenditures item by item legislators may cut the budget down to the nub.

Cutting the university budget to chastise the regents in the event they ignore the findings of the investigation will not benefit the university or harm the regents. The regents are not paid anyhow. It is funds of the institution and not those of the regents that the legislature controls. The so-called legislative control over the board of regents is no control at all.

Dr. Frank Richardson, now on leave, told the Sagebrush when Dr. Jacobson wrote his famous letter that the money problem was of secondary interest. He was aware that talk of an investigation damaged the budget appropriation but said that the university should not receive money until it knew how to spend it.

While this is a highly ethical viewpoint and spoken in sincerity, it is simultaneously extremely impractical. The most benevolent and just university in the nation is useless without money.

When the investigation is ended, in the mysterious and distant future, it is hoped that the findings do not lead to such an argument that the finances will be damaged. Unfortunately, circumstances indicate that this may happen.

The very fact that the legislature passed the investigation speaks of animosity. The regents had agreed to abide by any decision but the recent blast by Silas Ross seems to make that possibility remote. Everything points to a war at the end of the investigation if there is not a war during its progress.

Although there is no intrinsic solution to insuring the success of the study, public opinion may help its influential power. Whether it does is up to the nature of the findings.

The conclusions of the investigators in the state of Utah of its educational institutions were never put into effect. They were a waste of money, as this one may become.

Too much optimism should not be placed in the coming investigation. It may accomplish some measure of peace, and elevate the morale of the students, faculty, and administration. But if it does it will be from the effort of cooperation.

Out Of The Brush

By P. FINCH

Poore Finch's columnack is again to expound on divers topics bothe foreigne and domestick.

Political planning anticipating the far-off ASUN presidential office is already taking place. Speculations about which house will do what are rife.

Actually less than half of the enrolled students take an active part in politics. The relative handful of men that run the campus do so because of the monumental apathy of the rest.

This is true of national, state, and local politics but there is no legitimate reason for such a situation at the University of Nevada. Future wheels, and a good many students are, ought not be derelict citizens in any group.

At the last presidential election there was approximately a fifty percent turnout.

The most guilty are the Independents. This body, excluding those living at the dormitories, forms more than half of the student body. Yet it is the most politically silent.

There has been some embryonic organization of Independents, but what is really needed is vigorous, intelligent leadership.

If they do not see fit to back a candidate from themselves they might at least present solid support for a fraternity candidate who would thereby respect their voice.

Reason given two weeks ago for wishing the story on the offense of the Tri-Delts squelched was that its publication would have deleterious results, such as a riot, a fatal heart attack to alumnae, or shattered reputations.

Since the publication of the story we have heard of no calamities. True, the Tri-Delts were peeved, the other sororities gloated shamefully, and everyone was temporarily shook up, to coin a colloquialism.

But the point is it did more good than harm.

The relation of truth is never harmful . . . only the act itself and the attempt to suppress it.

What is so rare as a day in June? Bermuda shorts on the Nevada campus, of course.

Spring after spring we have waited with dread for the appearance of Bermuda shorts on men and women of the last frontier. Fortunately, the worst fears have not been realized. Real cats have sported berets and pedal pushers, but few, if any, Bermuda shorts.

The newspaper of an eastern campus recently carried a picture of students, male and female, gamboling in Bermudas, checkered, striped and polka dotted. They were revolting.

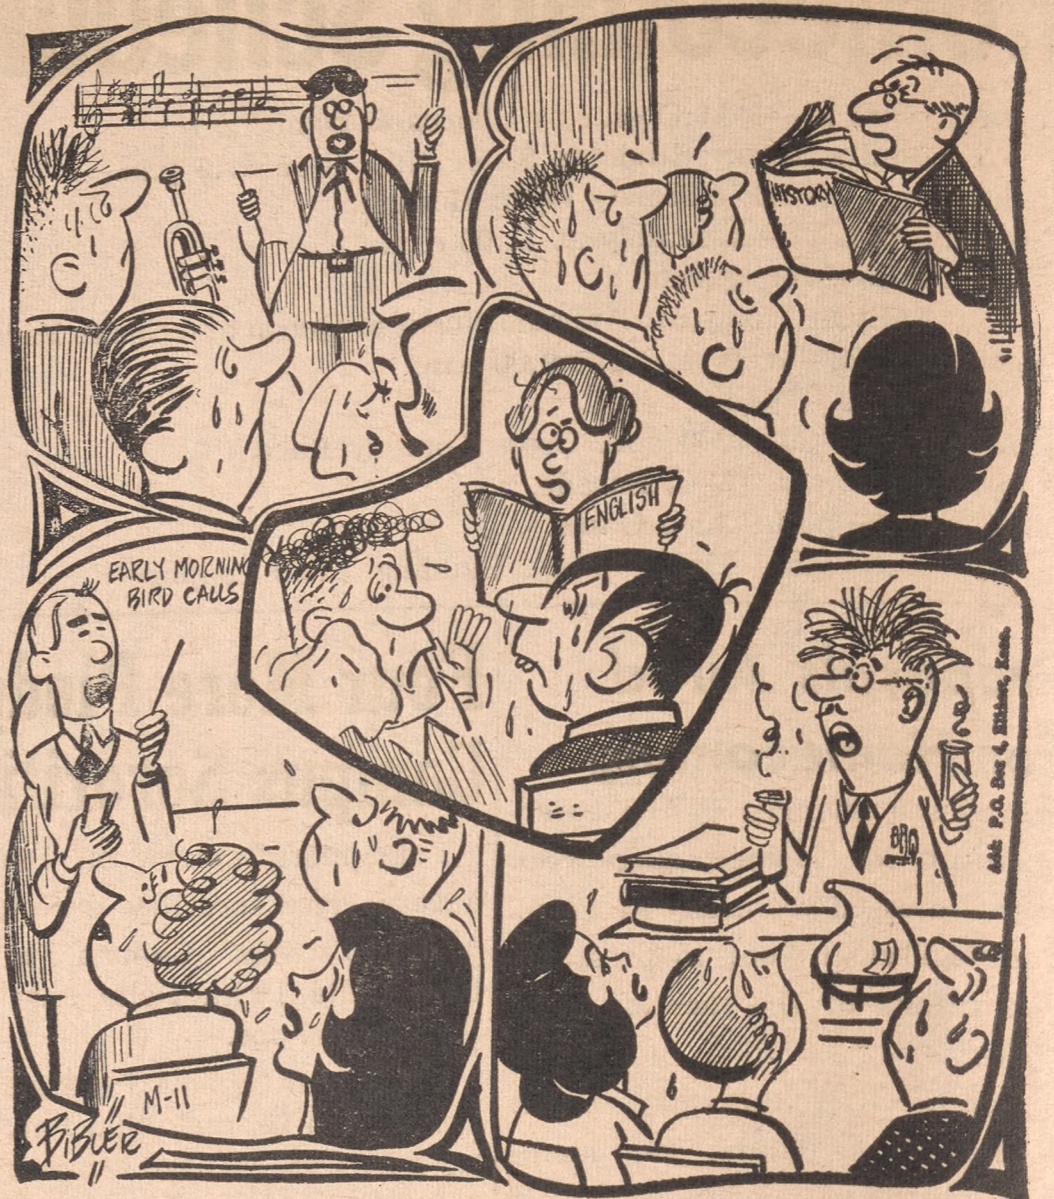

PI PHI PLEDGE PINNED

Kay Calvin, Pi Beta Phi pledge, announced her pinning October 10 to Stan Draper, president of Lambda Chi Alpha. Following the passing of candy, the Lambda Chis serenaded the Pi Phi house.

One, hup, reep, one, hup, reep.

LITTLE MAN ON CAMPUS

by Dick Bibler

"THIS IS THE MOST IMPORTANT CLASS YOU'LL BE TAKING—SO I'LL EXPECT A LITTLE EXTRA WORK FROM YOU THIS TERM."

Card Stunts to Cheer Wolfpack Gridders

Nevada's first home game of the season will feature card stunts and at Cal Aggie rooting section composed of the Reno High school students. Game time will be 8:00 p. m. at Mackay Stadium, Oct. 21.

Buzz Frey, card stunt chairman, has organized two non-moving stunts for halftime. No person will be allowed into the student section of the stands, consequently, unless he or she is wearing a white shirt or white blouse.

Reno high school student body

was given a formal invitation to attend the game to cheer against the Wolf Pack. Accompanying the student body will be the Reno school band in full dress uniform.

A special box for the university president, the board of regents, and the governor will be set up at the edge of the gridiron.

After game activities, sponsored by the rally committee, will include a dance at the old gym. Prices will be fifty cents a couple and twenty-five cents stag.

Dances Honor Frat, Sorority Pledges

Dances in honor of sorority and fraternity pledges will be held this weekend by Pi Beta Phi, Phi Sigma Kappa, Delta Delta Delta, Sigma Alpha Epsilon, and Theta Chi. Alpha Tau Omega held its pledge dance last weekend.

Pi Beta Phi and Phi Sigma Kappa are having a joint pledge dance tonight at the Mesa at 9 o'clock. Beverly Ricketts and Earl Hawley have hired Tom Murie's band to play for them. Guests will be Mrs. Nellie Carle, Dr. John Gottardi, Mrs. Margaret Hart, and Dr. and Mrs. R. Elliott.

Delta Delta Delta is also having its pledge dance tonight at Lawton's. It was planned by Dolly Montgomery. Don Thompson's band will play. The Tri-Delts' guests are Dr. and Mrs. Beesley, Dr. and Mrs. Morris, Mr. and Mrs. Duane Laubach, and Mrs. Eva Engleke.

Dance at Mesa

Sigma Alpha Epsilon has planned its dance for tomorrow night at the Mesa. Bob Petroni, Eddie Alvarez and Leroy Wilcox have been responsible for the arrangements and Jack Reimers' band will be featured. SAE guests are Dr. and Mrs. Moose, Mr. and Mrs. Tim Wilson, and Mr. and Mrs. John Sweat.

The Theta Chis will also have their pledge dance tomorrow night at Ray's Gay-nor Room. The Vernon Van Lone Quartet will play, and Gene Kiliany and Don Cutler are in charge of the floor. The

HEAD COLD?—COLD HEART

Students who wander into the infirmary hoping for a long, lazy stretch in bed are really going to need it.

Mary Johnson, head nurse, says: "A lot of students have been coming in with a cold and think they are in too poor shape to be walking around. We want all the students who have a cold to come in to be examined, but at the same time we'll do our best to keep them on their feet so they can GO TO CLASS."

New Home Opens Formally October 29

Lambda Chi Alpha's new \$70,000 home will be formally inaugurated the Homecoming weekend, Oct. 29, with an open house, Bob LeGoy, adviser of the chapter, said today.

The modern residence is being built on a slope on 255 University Terrace at the same site where the old one was located.

The two-story structure is designed to accommodate 28 men, 20 of the men in five four-men rooms and eight in a very large room. All the living quarters and the study room are located in the ground floor, which is built into the slope.

On the second floor are the kitchen, the dining room, the house mother's quarters, chapter room, the living room, and a covered terrace which overlooks downtown Reno.

The house is being built after numerous years of planning, marked by many financial difficulties. The funds were raised mainly through the chapter's building fund and contributions from the national chapter and from the fraternity's alumni.

Information released by alumni contractors Hancock & Hancock and Walker Boudwin Construction Company, indicate that the house will be built completely of roman brick, and the interior will be finished mostly in philippine mahogany and plaster.

All the furniture in the house will be new and much of it will be built directly into the house. Decorations and arrangement of furniture will be done by the Cross and Crescent Club, a mothers organization of the fraternity.

Construction started at the beginning of June.

Opening Scheduled Early Next Year For Business Administration College

University of Nevada's new College of Business Administration will come into existence early next year.

In announcing plans for establishing a College of Business Administration, President Stout said, "An improved and expanded business administration program is needed now to meet the needs for professionally trained business people in this rapidly expanding state. The University of Nevada should do for people of this state what other universities and land grant colleges are doing for the business people

of their states."

Actual Cases

The new college will have programs in such fields as accounting, management, personnel, finance, marketing, taxation, and business education. The undergraduate program will deal with the actual cases confronting Nevada business firms, in which students will discuss these anonymous firms from such standpoints as administration, communications, public relations, and production.

In addition to the undergraduate program, the college will offer special courses for middle management groups, usually made up of young men who have been selected by companies as potential management material. In many cases, these potential executives will be sent to the university at company expense for a one or two year course.

Endowed

President Stout said that the new college "might well prove to be of such benefit to the state's businessmen," that industries and companies would follow traditional practices in other states and endow professorial chairs in such fields as banking, life insurance, marketing, or hotel management.

Nevada Progress Said Nation's Best

The University of Nevada has come farther in three years than any other university in the country.

This statement by a Harold Stassen aide was reported by former Sagebrush editor Mark Curtis in his newspaper column Dateline Reno. Stassen was former head of U. S. foreign operations.

One of the facts which prompted this statement, Curtis wrote, was that about 65 per cent of the faculty now hold doctorate degrees. This is 13 per cent above the average for state universities and 9 per cent above private colleges and universities.

Curtis was editor of the Sagebrush in 1951 and a graduate of the journalism department. He writes a weekly column, Dateline Reno, for the Las Vegas Sun.

Student talent was displayed at the Hello on the Hill assembly Thursday. At left Charles Myerson entertained with a guitar solo. Chris Kristopholis, right, solos at the piano.—Wayne Trewitt Photo

AGGIE CLUB PLANS FOR COMING YEAR

Plans for Aggie club activities for the year were discussed at this week's meeting.

Chairman Don Travis, of the

horse show committet, gave a preliminary report on the progress of plans for the Aggie Horse show. Horse show committee attended.

SNAKES WIN TROPHY

Sigma Nu walked off with top honors at the annual been feed Monday night, sponsored by the Interfraternity Council.

The Kinnear trophy, award for the most intramural sports winnings, was taken by the Sigma Nus, as were ten other trophies.

ATO took second place with five trophies, including those for scholarship and scholarship improvement. Theta Chi and the Independents took two each, and Sigma Rho Delta, and SAE one each.

In addition to the Kinnear trophy, the Sigma Nus were awarded for wins in softball, horseshoe singles and doubles, the cross country race, badminton doubles, tennis doubles, handball singles and doubles, ping pong doubles and skiing.

ATO took the basketball, baseball, and volley ball trophies, in addition to this for scholarship.

Ping pong singles and badminton singles were won by Theta Chi. The independents took riflery and track.

Bowling and tennis singles were won by Sigma Rho and SAE, respectively.

IFC President Roland Westergaard presided over the gathering, held in the dining hall Monday night. Guests were William D. Carlson, dean of student affairs. Hugh Smithwick, athletic coach, Loring R. Williams, professor of chemistry, Lt. Col. Robert L. Bereuter, professor of military science, Chester M. Scranton, associate professor of physical education, and Art Broten, athletic director.

Do you throw it away or make it pay?

"YOU'VE heard it said that necessity is the mother of invention?

"Seems to me plain everyday American initiative is pretty inventive, too. Take the way Union Oil got into the dry ice business.

"Union, you know, supplies much of the natural gas used in Southern California. Well, some years back, we needed to increase the

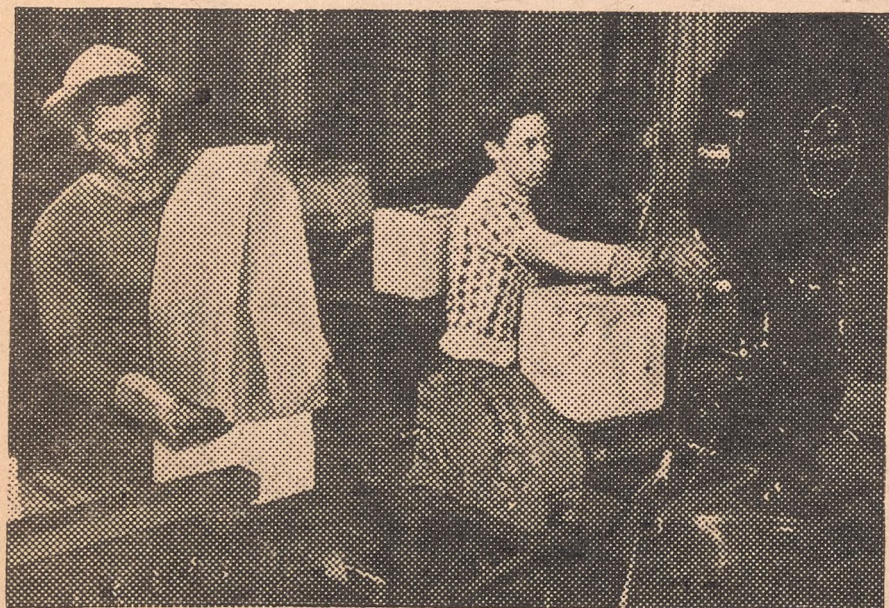

DRY ICE ON THE WAY TO THE CUTTING MACHINE.

heating value of our gas as it came from the field.

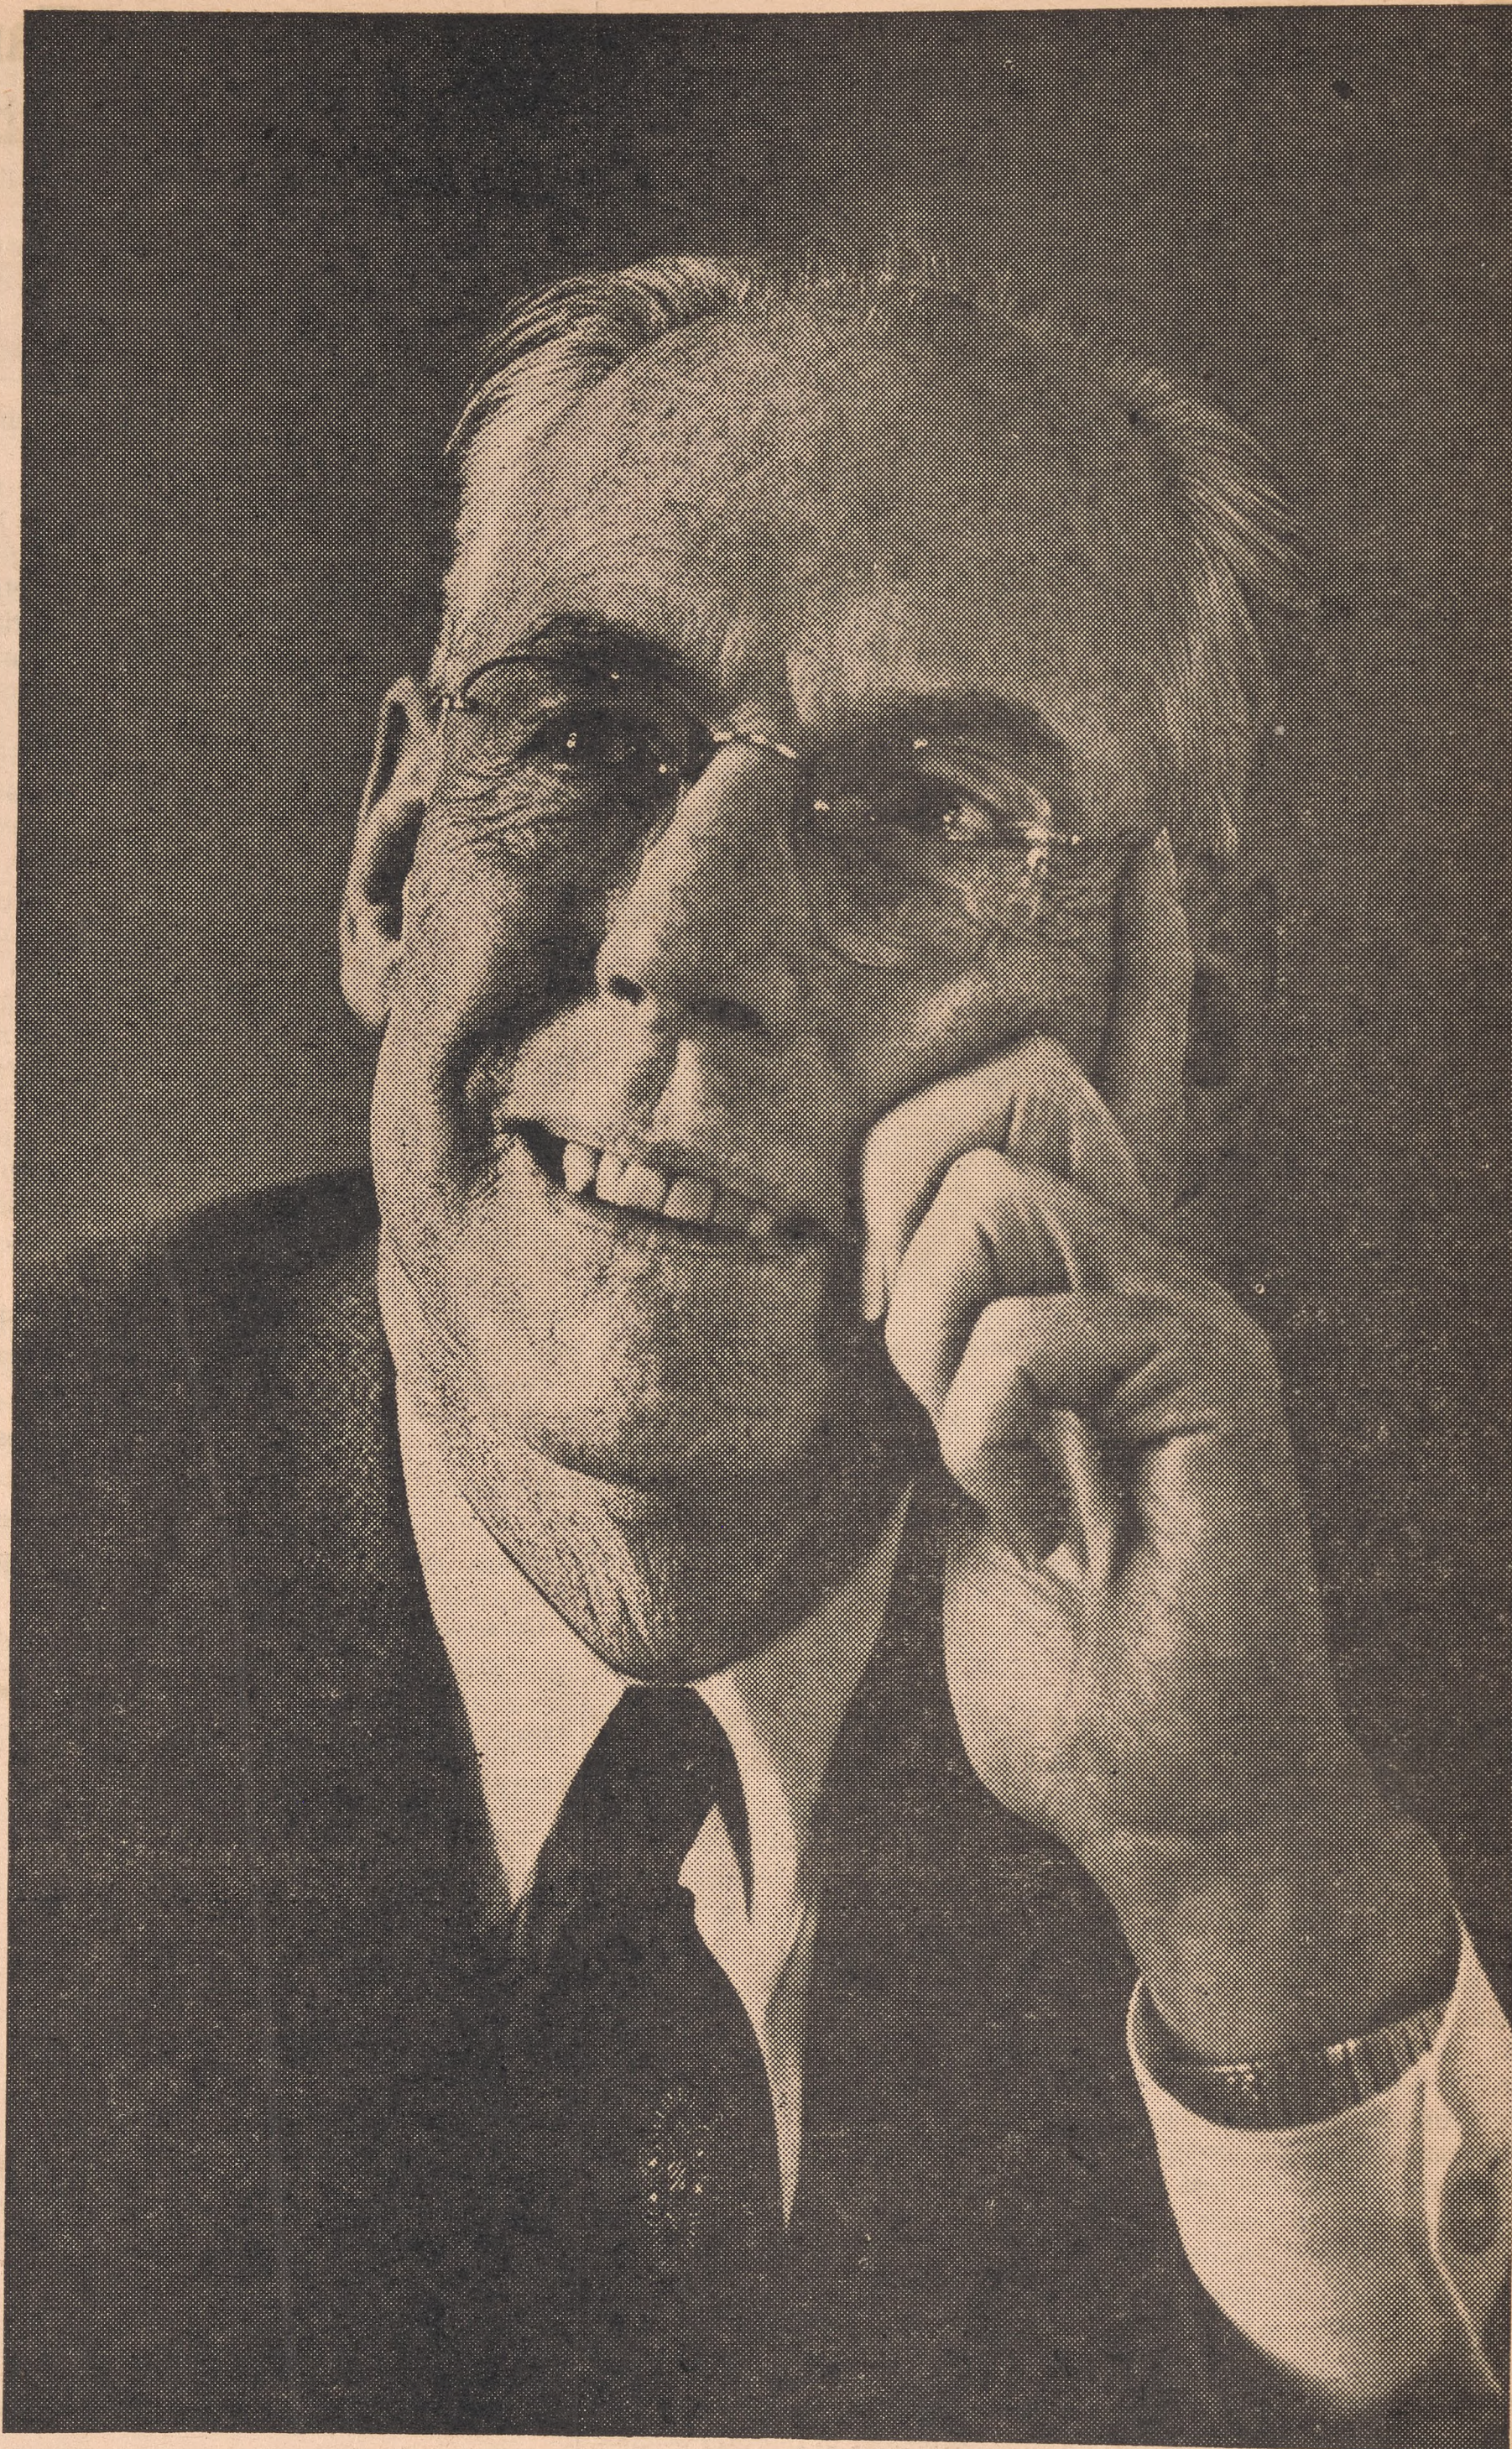

"We had a choice. We could enrich our product by adding other gases to it. Or we could accomplish the same thing by removing the CO₂, or carbon dioxide, from it. It was purely a matter of economics.

"We experimented removing the carbon dioxide with a process that had, till then, been used for quite a different purpose. It proved so effective it paid us to take out the carbon dioxide, even if we were to throw it away after we got it out of the gas.

"But that's the point. Instead of throwing the CO₂ away, we surveyed the dry ice industry, built an \$800,000 plant at Santa Maria,

THE PACKAGED DRY ICE READY FOR SHIPPING.

CLARE GARD, PROCESS ENGINEER—THIRTY-FIVE YEARS WITH THE UNION OIL COMPANY.

and converted our waste carbon dioxide into dry ice.

"That was 1948. Since then we've produced and sold over 102,000 tons of dry ice. And the plant's about paid for. See what I mean by American initiative?"

* * * *

Part of the initiative and inventiveness was Gard's, certainly. He was Process Engineer on the Santa Maria project.

A subsidiary company of ours has since built an ammonia plant which also makes dry ice. Union Oil is now the largest producer of this product west of the Mississippi.

So long as you and Gard and all of us continue to enjoy the encouragement and rewards of America's free competitive economy, this kind of inventive initiative will thrive.

YOUR COMMENTS ARE INVITED. Write: The President, Union Oil Company, Union Oil Bldg., Los Angeles 17, Calif.

AG Frosh Third in Speaking Contest

Clark Reber, freshman agriculture student, won third place in the annual public speaking contest held by the National Future Farmers of America. He is the first man from Nevada ever to win in the national contest.

This year's contest was held Oct. 10 in Kansas City, Mo. Clark won \$200.

Clark became eligible for the national contest by winning the western states contest held in Phoenix, Ariz., last May.

Clark's speech was entitled "Farm Organization, An Answer to Our Farm Problems." He spoke on the current problems of farm surpluses and suggested that the farmers work with the government in making regulations to help solve the problem.

Howard Christensen, agricultural education trainer, accompanied Clark to the national convention. Christensen was Clark's former advisor.

Active in High School

Clark has been active in Future Farm activities all through high school, and has won many honors for his work. He was secretary for the Nevada State Association of Future Farmers last year. He is a pledge for Theta Chi fraternity.

He has delivered his speech to several classes on the campus, as well as to various church groups. He was given help for the question period following his speech by the agricultural economics staff here at the university.

Clark is a graduate of the Virgin Valley high school in Bunkerville. He is the son of Mr. and Mrs. Leonard Reber of Mesquite.

Don't stop with the N. White-wash the whole university.

Open House Held In Mines Building

Faculty and students of the Mackay School of Mines will hold an open house in the Mines building, 1:30 to 4 p.m., Friday, October 21.

All students, faculty, and friends of the university are invited to attend.

The open house is to show recently remodeled facilities of the Mackay School of Mines. These include: Laboratory for uranium research, remodeled 1952-53; ore dressing and hydrometallurgical laboratory, remodeled 1953-54; and the mineral industry library, remodeled 1954-55.

Although the remodeled areas of the building will be the places particularly on display, the entire mines buildings, including the mineral museum, will be open to the public.

By special proclamation of the assistant Editors, this week has been set aside as "be kind to your Editor" week.

Former President Passes

Dr. John Moseley, president of the University of Nevada from 1944 through 1949, died Monday night in Illinois.

Dr. John Ohleyer Moseley, president of the University of Nevada from 1944 until 1949 died Monday night in an Evanston, Ill. hospital.

Dr. Moseley came to the presidency here from the University of Tennessee where he was dean of student affairs. He was inaugurated as president in ceremonies on the campus October 12, 1944.

Revived Debate

During Mr. Moseley's administration enrollment figures jumped from 784 students in the fall of 1945 to 1728 in the fall of 1946. His administration had to cope with the large enrollment of world war II veterans. He was influential in providing with a snack bar in the spring of 1946. The debate team, which had been inactive since the spring of 1943, was revived in the fall of 1947, because of Dr. Moseley's efforts.

He had held the post of executive secretary for Sigma Alpha Epsilon fraternity since he resigned from the University of Nevada presidency in 1949.

Held High Offices

Dr. Moseley held many high offices in Sigma Alpha Epsilon including that of national president and director of the student leadership school. He was also a member

Two Ex-Students Quit Army, Navy

Two well-known alumni of the University of Nevada were released this month from active duty in the United States armed forces.

Procter R. Hug, jr., was released from active duty with the navy, and Earle V. Dempsey, was released from the army.

Illustrated Lecture on Spain Given By Prof. Gottardi at Fraternity Meet

An illustrated lecture on Spain was given by Prof. John Gottardi Tuesday night at the monthly meeting of Phi Alpha Theta, honorary history fraternity.

Prof. Gottardi, a language teacher at the university, received a Spanish language diploma from the University of Madrid, and following his graduation went into an extensive tour of Spain.

His lecture was a description of Spain from its early days to its present time. With colored slides he illustrated the mountainous region near the Mediterranean and said that early Spaniards had a hard time occupying the rugged but productive coast.

From there he discussed the

Roman and African influence in the architecture of the country, the civil war, and present times.

Fifteen New Members

Fifteen new members were voted into the honorary organization. To be voted into the fraternity a student must have a B average in 12 or more hours of history or political science and the same average in two thirds of the rest of his courses.

The students voted in will be formally initiated in Nov.

About twenty persons attended the meeting among whom were Dr. Russell Elliott, Dr. Charles Hicks, Dr. Austin Hutcheson and Dr. W. S. Shepperson.

Reno Members Host Chem. Meet

Reno members of the Sacramento section of the American Chemical Society were hosts for the first sectional meeting of the society held in Reno October 8.

The meeting was held at the Mackay Science Hall on the University of Nevada campus.

Mr. Kenneth C. Kemp, who recently joined the chemistry staff of the university, spoke on "Enzyme Kinetics."

After the meeting, the members were entertained by a dinner in the Gay-Nor room of Ray's Drive Inn.

About thirty members attended the function.

Lead on, kindly light.

NOMINATIONS OPEN FOR WHO'S WHO SELECTIONS

Nominations are open for election to "Who's Who Among Students in American Universities and Colleges." Nomination forms are available in the Office of Student Affairs, and they must be filled out and returned before 4 p.m. Friday, October 21.

The requirements for eligibility are junior or senior standing, and a grade-point average of 2.0 or better. Students on probation are

ineligible.

Nominees must have a good record of leadership, firm character, and the promise of effective leadership in post-college life.

Last year's representatives from the Nevada campus include: Lorraine Meunier, Jackie McGowan, Hans Mohr, Evelyn Nelson, Don Wilkerson, Joy Thompson, Janet Van Valey, Frank Stewart, Ed Baroch, Jim Carlson, Jake Carpenter, Sue Casey, Clair Earl, John Hall, and Peggy Jackson.

Two Houses Hold October Socials

Gamma Phi Beta introduced its pledges October 12 at an open house social. The social was open to all dormitories, sororities, and fraternities. Guest was the Gamma Phi housemother, Mrs. Huffman. Dancing and refreshments highlighted the pledge presentation.

The Theta Chi's were host to Pi Beta Phi for a dancing social which was also held on October 12. The social was held at the Theta Chi house. Pi Phi housemother, Mrs. Nellie Carle, was guest.

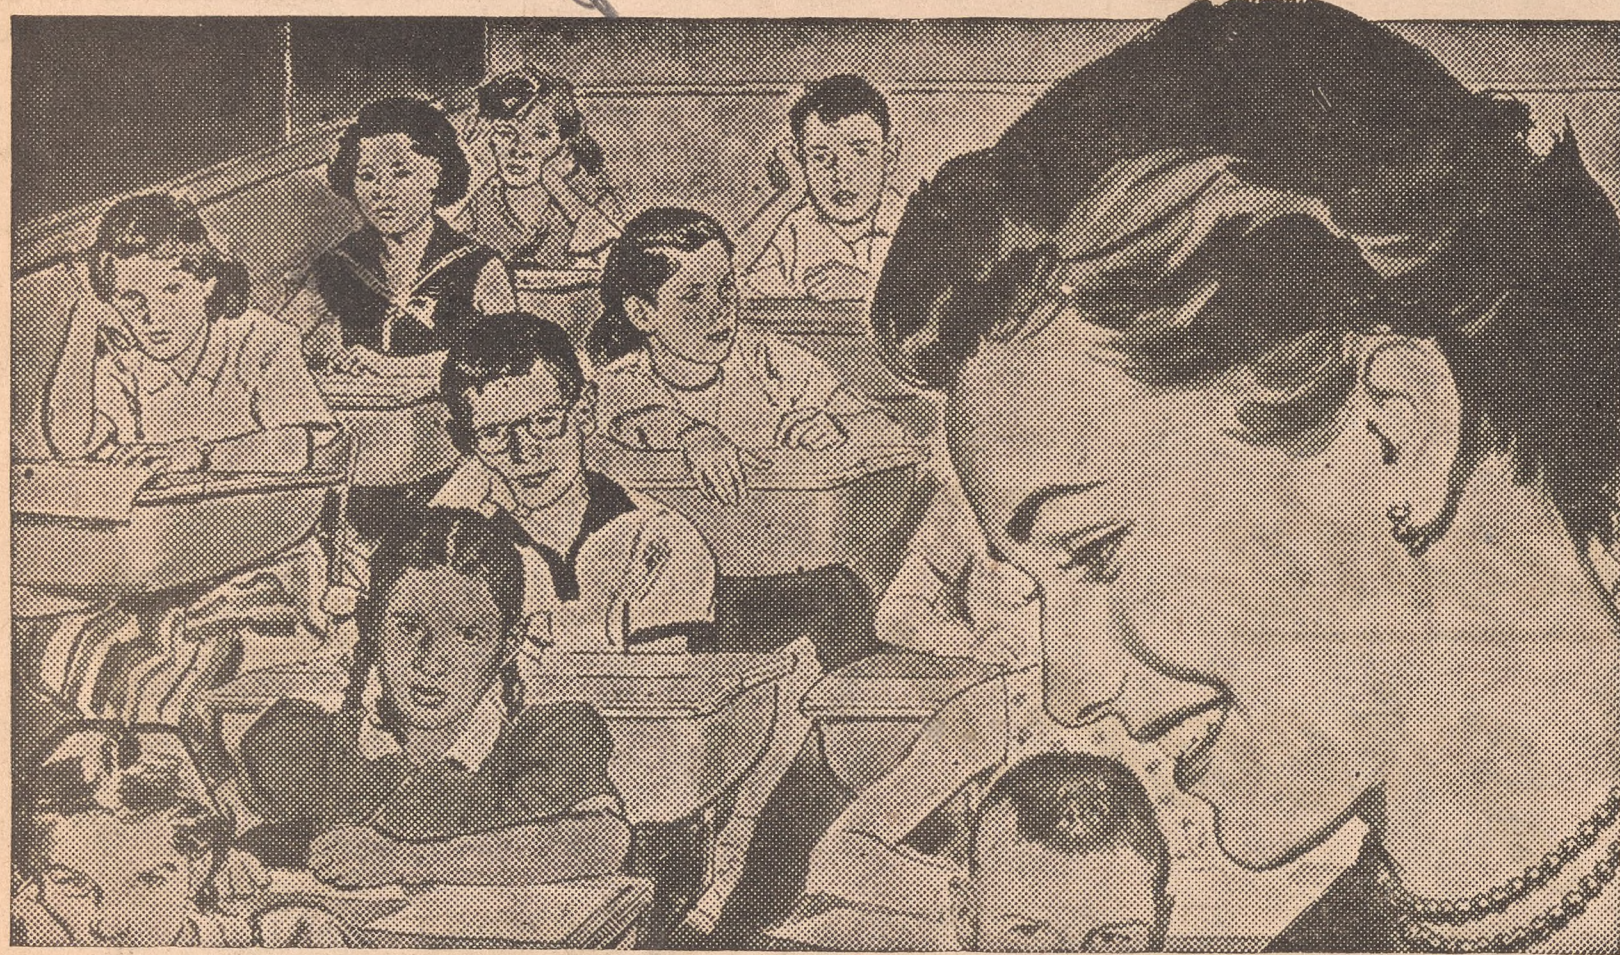

WRA Offers Gift Idea for Students

An inexpensive method of getting Christmas presents for family and friends has been offered by the Women's Recreation association to all students and members of the staff of the University of Nevada.

The W.R.A. is offering an extensive program of craft-work with emphasis on leather and leather-tooled goods. Dr. Ruth Russell, head of the women's physical education department is heading the project, and will act as instructor for the crafts class.

No charge will be made for the class, except for cost of materials. The class will be held on Tuesdays and Thursdays at 1:00 p.m. in the new women's gym.

No credit will be given for the class.

Your children visit a new world each week

Each Thursday, teacher turns a knob and the class enters a new world—a world many are visiting for the first time via the Standard School Broadcast.

Since 1928, this program has introduced man's musical heritage to Western children. Now playing for its second generation, the Standard School Broadcast is probably the biggest "classroom" in history. It has an audience of nearly 1,500,000 listeners throughout the West, Alaska and Hawaii... students in 54,000 classrooms and adult listeners at home.

They hear a symphony orchestra, a dramatic cast, choral groups and guest artists. Standard provides Teacher's Manuals as program listening guides.

Goal of the School Broadcast is to help listeners gain an absorbing new interest in music, and—through music—a broader knowledge and understanding of the world around them. We suggest that you listen in at home to enjoy the world's best music and to gain one more link with your children's interests. TUNE IN every Thursday...check your newspapers for time and station.

FOUR HONORED AT BANQUET

Four initiates were honored at the Sagens' banquet in September. The new members are Audrey Bernard, Pi Beta Phi, Kathy Hill, Pi Beta Phi, Francine Luwe, Gamma Phi Beta, and Roxanna Miller, Pi Beta Phi.

The banquet was held at the Santa Fe restaurant, where chicken and spaghetti were served. The Sagens' guests for the evening were Miss Ruth Russell and Dean Elaine Mobley.

Officers for the coming year were presented at this time. President of Sagens is Marsha Towner; vice-president, Donna Fisher, Gamma Phi Beta; and secretary-treasurer, Diane Spina, Kappa Alpha Theta.

Sagens, which is the women's service organization on campus, selects its members according to the service they give the school through their extra-curricular activities.

Among the activities in which the Sagens will participate this year are: ushering at the football games, ushering at Wolves' Frolics, and performing other services on campus.

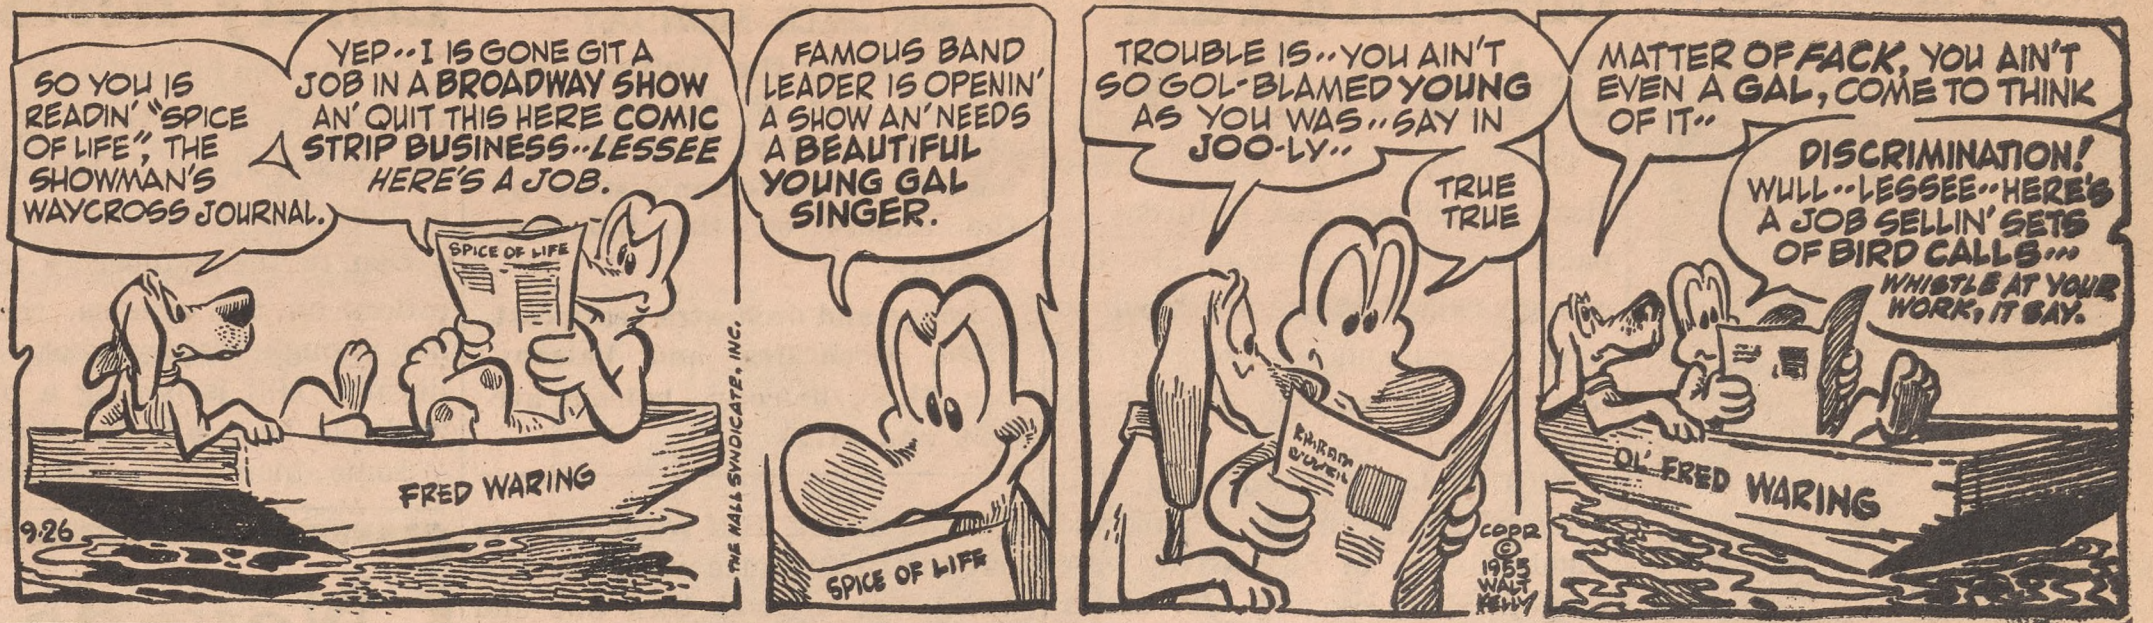

WRESTLING TEAM

Men interested in joining a wrestling team are asked to meet in the new gym October 19, said Art Broten, physical education chairman.

In previous years there has been no wrestling team, although there have been wrestling classes. Neil Garrett, assistant in athletics, will coach the team.

Mink Stole To Be Given by UN Alumni Association

A mink stole is one of the prizes to be given away at the Homecoming game with Chico State, October 29, Saturday, 2 p.m.

The other prize will be a round-trip plane ticket to the Rose Bowl for two that will include two tickets to the game, the Rose Parade, and four nights free lodging at the Biltmore Hotel.

Prizes will be provided by the Alumni Association.

The same night beginning at 9 p.m. will be the Third Annual

Get-to-Gether of the alumni which will honor the classes of '30, '40, and '50. The entertainment will be a free buffet and dancing.

Enlistment Campaign

This year there has been a campaign to enlist alumni in the Alumni Association. There is a yearly rate of three dollars per person and a charge of five dollars per couple if both are former students.

The Alumni Committee in charge of planning entertainment, was

announced by the president of the association, Samuel B. Francovich, '42, city attorney for Reno. They include: Paul Seaborn, Gwen Leonard, Harry McKissick, Webster Brown, Inez Loomis, Paul Reimer, Margaret Johnson, and George Southworth, Jr.

Do not covet your neighbor's wife--nor his Cadillac, nor his swimming pool.

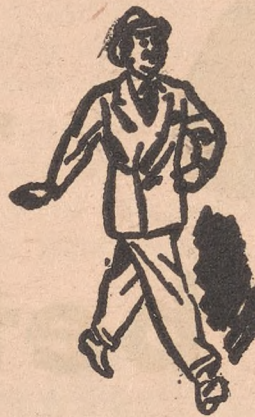

Members Needed

Lack of returning campus players creates an opportunity for students interested in drama this year, according to George Evans, president of the organization.

Three productions are scheduled for this year, including a melodrama to be presented during Mackay Day celebration.

One-Third Turn Out to Paint 'N'

Only one-third of the freshman class turned out last Saturday to paint the "N" on Peavine Mt., but enough rallied in the afternoon to send the sophomores down to defeat at the annual Frosh-Soph Field Day.

At the dance that night, Pat King of Kappa Alpha Theta and Buddy Garcia of Sigma Nu, were elected Miss Hi and Mr. Hello, respectively.

The dance terminated a week of get-acquainted festivities.

During the week an assembly featuring local talent was presented and the Old Gymnasium was nearly packed. Chairman of the assembly committee and master of ceremonies was Bob Faiss.

WOLVES FROLIC TICKETS GO ON SALE MONDAY

Tickets for the Wolves Frolic will be sold at the bookstore starting Monday. They will also be sold at Patterson's store by the Sagers on the following Monday.

Lodge and orchestra seats cost \$2.40. Orchestra and balcony are \$1.80, balcony - balcony are \$1.50 and \$1.20.

of Hello on the Hill week, reports that the Hello dance was a success. There was a good turn out and they netted \$20 over expenses.

Painting the the "N" was under the direction of the Block "N" Society, while Bob Cooper, and Donna Fisher organized and directed the field day which consisted of co-ed group games.

Toni De Reynier and Bill Eddleman were co-chairmen of the dance committee and Mary Lou Stone arranged publicity.

Library Needs Old History Books

Got any old history books around the house? If so, you may be just the person James J. Hill, director of libraries, is looking for.

Due to the number of new enrollees on the campus, there are not enough history books in the library. Hill is issuing a plea for books to be put in the library.

Some money is available, but

not enough to pay for all the books that are needed. Hill hopes that people will be generous and donate books.

Thy neck is as a tower of ivory, thine eyes like the fishpools in Heshbon, by the gate of Bath-rabim: thy nose is as the tower of Lebenon which looketh toward Damascus—Song of Solomon 7:4.
