## Open Farm Bids At Regent Meet

Bids on the University farm will be opened by the board of regents tomorrow morning at 10.

As of Wednesday afternoon this week, the comptroller's office had received only one bid. Sealed bids and proposals were to be deposited with University Comptroller Perry Hayden by today.

The Board of Regents had indicated that the University must have property to replace the South Virginia farm before it can be sold.

The recent accreditation of five departments in the College of Engineering by the Engineers Council for Professional Development and the campus parking problem are also scheduled for discussion at the meeting.

The regents have reserved the right to reject any and all bids and proposals on the farm. Decision on sale of the present 208-acre property will be made on January 17, and on the purchase of a substitute farm January 18, 1956.

### Water Rights

In calling for purchase bids on its present farm, located immediately south of Reno on U. S. 395, the regents asked that bids be submitted for either or both of the following: one bid with water rights to be retained by the regents, the other bid by which water rights would go with the land.

The regents also reserved the right to retain physical possession of the farm until June 15, 1956, and to remove improvements now on the farm.

In asking for proposals of a substitute farm, the regents said it must be in the near vicinity of the Reno campus and that only acreages from 600 to 1400 acres in one body would be considered. A listing of soil types is required.

The regents must be guaranteed possession of the new property by Feb. 15, 1956.

This is the first time the regents have officially requested

bids on the property, although they have received three offers during the past three years.

## Pi Phi Celebrates 40th Year at UN

Pi Beta Phi celebrated its 40th anniversary as a national sorority on the Nevada campus with a banquet Sunday in the Terrace room of Hotel Mapes. Honored guests were the charter members of the Nevada Alpha chapter.

The local chapter of Pi Beta Phi was founded in 1900 as Delta Rho. The Delta Rho women petitioned members of the 23rd biennial convention of Pi Phi held in Berkeley in July of 1915 for a charter. The charter was granted on November 12, of the same year.

### House

On April 28, 1831, building of the present Pi Beta Phi house at 896 North Sierra was begun. Lehman Ferris, Reno architect, especially designed the house for the needs of college women. Recently the downstairs area was completely redecorated.

There will be entertainment and awards at the banquet.

## Reward Offered

(See Page 10 Filler)

## Wolves Follies Set For Thursday

Wolves' Follies, an all-comedy assembly, will be presented on Thursday in the Education auditorium. Gilbert ("Rusty") Ballinger, Bill Hunt, Vern Durkee, and an all girl chorus line, under the direction of Coraleta Feary, will be among the featured entertainers.

Special costumes ranging from the Sheik of Araby to Dennis the Menace will be worn. Scenery will be used for the first time this semester.

The assembly committee hopes that their all-out publicity campaign will produce the largest audience of the semester, according to Tim Hogan, director publicity. Hogan is making use of the campus loudspeaker, posters, and printed signs.

Bob Faiss, assembly chairman, stated that he hopes the costuming and scenery will add to what he calls "My policy of producing bigger and better assemblies."

The Christmas assembly on December 15 and the Lambda Delta Sigma assembly are on the program for the future. The Follies marks the fourth assembly of the year.

## Regent Left Out Of 200 Directories

Regent Bruce Thompson's name was omitted from the 1955 University Directory through carelessness of part-time typing help, said Miss Elaine Terry this week.

Miss Terry, President Stout's secretary, was in charge of preparing the directory.

Two girls were hired on an hourly basis to copy names from the president's file and type them for the directory, she said. They evidently passed over the card containing the regent's name. The girls could not be reached for comment.

### Attention

The deletion was called to Miss Terry's attention by "someone within the presidents' office" one week after the book went on sale in the YWCA office, Stewart hall basement.

All unsold books were immediately recalled, she said, and Thompson's name, typed on strips of gummed paper, was inserted. A check showed that more than two hundred books were sold before the mistake was noticed.

### Curtis Comments

The incident attracted wide notice when it was mentioned by newspaper columnist Mark Curtis. Curtis is a former Sagebrush editor.

The full name and title omitted should be found on page 17 of the directory and read:

Thompson, Bruce R., (Ellen) Member Board of Regents First National Bank Bldg., P. D. Box 787, 3-8354 1550 W. Plumb Lane, 2-1807.

## Senators Differ On Float, Front Limit

By Dave Lowe

An informal vote on the limit of house decorations and floats placed houses in opposite camps at Wednesday's senate meeting.

Delta Delta Delta, Pi Beta Phi, and Sigma Alpha Epsilon were in favor of "no rules" in the float and house front decoration competition, while Kappa Alpha Theta, Theta Chi,

Alpha Tau Omega, Gamma Phi Beta, Phi Sigma Kappa and Sigma Nu wanted some regulations.

The alternate senators were asked to meet and discuss possible solutions to this problem.

ASUN President Jerry Mann announced that due to other more pressing obligations, Boyce Ford would be unable to head the Mackay Day committee.

The nominating committee has the names of Bob Jepson and Don Travis under consideration to fill the position left by Ford.

Dick Thomas, a regional executive of World University Service, spoke to the Senate on the importance to W.U.S. and its job.

Bob Faiss, Assembly committee chairman, gave his report and stated that this committee gave the student body the first professional talent in two years with comedians Rowan and Martin.

"There is no lack of talent at the University but there is a great lack of material to produce and to produce with," stated Faiss. He added that he was organizing an assembly library where books and props could be stored.

### Blood

Chuck Coyle brought up a plan to start a University blood bank using Freshman blood.

Bob Faiss, John Jepson, and Chuck Coyle were asked to meet with Capt. Louis Spitz of the traffic department of the Reno police to discuss repeated traffic violations by University students.

The Senate voted unanimously in favor of supporting a fund-raising campaign for support of the Nevada Ranch School in Smith Valley. Senators Sandra Newell, Artemisia-Manzanita, and Julie Stavros, Pi Beta Phi, were asked to look into the proper procedure for helping the campaign.

Mann urged students to support the basketball team because he said "Nevada has the greatest potential team in years."

Mann also asked Senators to ask if houses would support the school's try for a big name band.

### GOING, GOING

Jim McNabney, manager of the University bookstore, has stated that the shelves are to be cleared next week and all surplus books are to be returned to the order houses. All students who still need books in use this semester are urged to get them as soon as possible.

## Surprise Vote Opens Floor Voice In Mackay Choice

ATO Don Travis was nominated as Mackay day chairman at the senate Wednesday after a surprising vote opened nominations from the floor.

Bob Jepson, Sigma Nu, was recommended to the nominating committee by ASUN president Jerry Mann, Sigma Nu, when Sigma Nu Boyce Ford resigned the position of chairman of the Mackay Day celebration. The committee recommended Jepson to the senate.

According to the ASUN constitution a nominee must receive a two-thirds approval of the senate, and upon disapproval, further nominations may be made from the floor. The senate returned an 8-7 vote after a secret balloting. Senators Virginia Coleman, at-large, and Richard Brown, Lincoln hall, were absent from the meeting.

### From Floor

ATO Don Travis was nominated from the floor, automatically making him eligible for consideration by the nominating committee.

Members of the nominating committee are: Mike Marfisi, Sigma Nu; Frank Phelps, associated engineers, a Sigma Nu; Steve Dollinger, SAE; Everett Witt, ATO, and Sandra Newell, Artemisia-Manzanita.

## DINNER-DANCE PLANNED AT LAMBDA CHI HOUSE

A dinner-dance to raise money to furnish the new chapter house will be held tomorrow in the Lambda Chi Alpha house. The dinner-dance is being arranged by the wives of the alumni of Lambda Chi.

In charge of the arrangements are Mesdames Kelly Eccles and Rodney Boudwin. Assisting them are Mesdames James McNabney, Melville Hancock, John Sala, William Van Tassel and Peter Echeverria.

Peter Echeverria will be master of ceremonies for the evening.

## Vote No

# Phi Sig "Moonlight Girl" Sought, Winner To Be Announced Tonight

The winner of the Phi Sigma Kappa fraternity "Moonlight Girl" contest, for the Nevada chapter, will be announced at the Phi Sig Christmas formal tonight. The "Moonlight Girl" will be chosen from five candidates representing the four sororities and Artemisia-Manzanita association

The candidates for local chapter "Moonlight Girl" are Penny MacNeil, representing Artemisia-Manzanita, Cameron Samuels, Kappa Alpha Theta, Marilyn Cook, Pi Beta Phi, Holly Dorland, Delta Delta Delta, and Jo Ann Rogero, Gamma Phi Beta.

The "Moonlight Girl" contest is a national contest sponsored by the Phi Sigma Kappa fraternity. The winner of the contest will reign over the national Phi Sigma Kappa convention to be held some time this summer.

The winner of each of the chapters is entered in the national contest. The photo of each chapter winner appears in "Signet,"

the national Phi Sig magazine. From these photos five are picked in the national finals. From these five the "Moonlight Girl" is chosen.

## NEW OFFICERS CHOSEN TO HEAD THETA CHI

Dale Burt was chosen to lead Theta Chi for the spring semester at the semi-annual elections held last week. Other officers elected include: Jerry Fowler, vice president, and Dave Middlebrook, secretary. Past president Bob Pearson will be social chairman and Chuck Fulkerson will be pledging chairman.

## 'Make Like Scouts' Two Tau's Told

Roland Westergard, president of Alpha Tau Omega fraternity, and Chuck Coyle, prominent member, were guests of honor at a surprise party sponsored by the Tau pledge class on Monday, Nov. 21.

They were escorted to the party by 13 members of the pledge class. It was held at a spot 11 miles off highway 395, on the old Red Rock road, behind Stead Air Force base. After a brief ceremony, Westergard and Coyle were left at the scene, with instructions to "make like Boy Scouts."

Westergard and Coyle arrived back at the ATO house at 1:30 a. m. Informed sources at the ATO house report that there are several pledges which are having a hard time sitting down

## Dance Rules Set By Student Group

"All student dances sponsored by University organizations must be held within the area bounded on the north by the city limits of Reno, on the south by the Mesa, the east by the eastern limits of Sparks, and on the west by Lawton's." This ruling was passed by the student relations committee.

Request for social functions must be submitted to the Dean of Women's Office one week before the event.

Dean Mobley said that this ruling is "consistent with our slogan 'slow up and grow up.' It is not to cramp students' style, but to keep them alive to graduate."

Also included in the student relations committee decision was the fact that a "bona fide faculty member or a house-mother must be in attendance at all exchange dinners.

# Christmas Formals Planned for Weekend

Christmas formals are planned for this weekend by Lambda Chi Alpha, Phi Sigma Kappa, Lambda Delta Sigma, Pi Beta Phi, and Alpha Tau Omega.

A dinner dance at the Supper club is planned by the Lambda Chi Alphas for tonight at 8 o'clock. Music will be furnished by the Music Makers. Guests will be Dr. and Mrs. Russell Elliott and Mr. and Mrs. Bob LeGoy. Gary Brock, social chairman, planned the dance.

## Health Rep. Talks To Pred-Med Frat

"Tooth decay in our city's children can be reduced by sixty-four percent," said Dr. Omar Seifert, representing the dental division of the State Health association. This statement was made in a recent speech to the Alpha Epsilon Delta fraternity, a national pre-medical organization.

Officers elected for the coming semester were Dick Morrill, president; Lance Dodson, vice president, and Francine Mannix, secretary.

Dr. Seifert spoke on the use of fluorine in city drinking water. It has been proven, said Seifert, that the use of one part fluorine to one million parts water can reduce tooth decay.

Also speaking on the subject was Dr. A. M. Miller, visiting dentist from San Francisco. Miller showed slides of teeth which have been exposed to fluoridated water and non-fluoridated water.

Seifert pointed out that fluoridation has been proven in various western states, but has not yet been tried in any Nevada city.

Also discussed at the meeting were plans to initiate six new members next semester. Only requisite for the club, said Morrill, is that a person be a high sophomore or better.

Phi Sigma Kappa will hold a dinner dance at the Mesa tonight at 7:30. The "Moonlight Girl" will be announced at the dance. Earl Hawley, social chairman, has engaged Tom Murie's band. Guests will be Professor and Mrs. Seim, and Prof. John Gottardi.

### LDS Dance

Lambda Delta Sigma will hold its dance at the Reno Institute of Religion tonight at 9 o'clock. "The Temple by the River" is the theme and Irving Webb's orchestra will play. The dance is sponsored jointly by the women's chapter (omega) and the men's chapter (alpha). Professor and Mrs. Eldon Wittwer, Professor and Mrs. Charles Monson, and Mr. and Mrs. Ladd Cropper will be guests.

Pi Beta Phi will hold its dance tomorrow night at 9 o'clock at Lawton's. Tom Murie's band will play. Guests will be Coach and Mrs. McEachron, Professor and Mrs. A. E. Hutcheson, and Mrs. Nellie Corle. Beverly Ricketts, social chairman, planned the dance.

Alpha Tau Omega will hold its dance in the Fable room of the Mapes tonight at 9 o'clock. Bob Scott, chairman of the dance, has engaged the High Lows to play. Professor and Mrs. William Miller will be guests.

### Formal Called Off

Gamma Phi Beta's Christmas formal, scheduled for tomorrow night, has been called off. The sorority had planned to hold its dance at the Halfway House, but Dean of Women, Elaine Mobley, told the Gammas to find a closer place. Unable to obtain another place to hold their dance, they had to call it off.

## 13 Scholars Join History Group

Thirteen were initiated recently into Phi Alpha Theta, national history honor society.

New members are Beverly Ricketts, Helen Hotchkiss, Manetta Lytle, Mike Marfisi, Mary Hackwood, Mrs. Bertha Wagner, Dean Clark, Gary Brock, Pat Cordes, Marilyn Neathers, Sandra Nickell, Karen Phillips, and Carole Matthiessen.

### Ceremonies

Initiation ceremonies took place in the snack bar. They were followed by the annual dinner at a downtown restaurant where initiates, former members, some members and guests, attended.

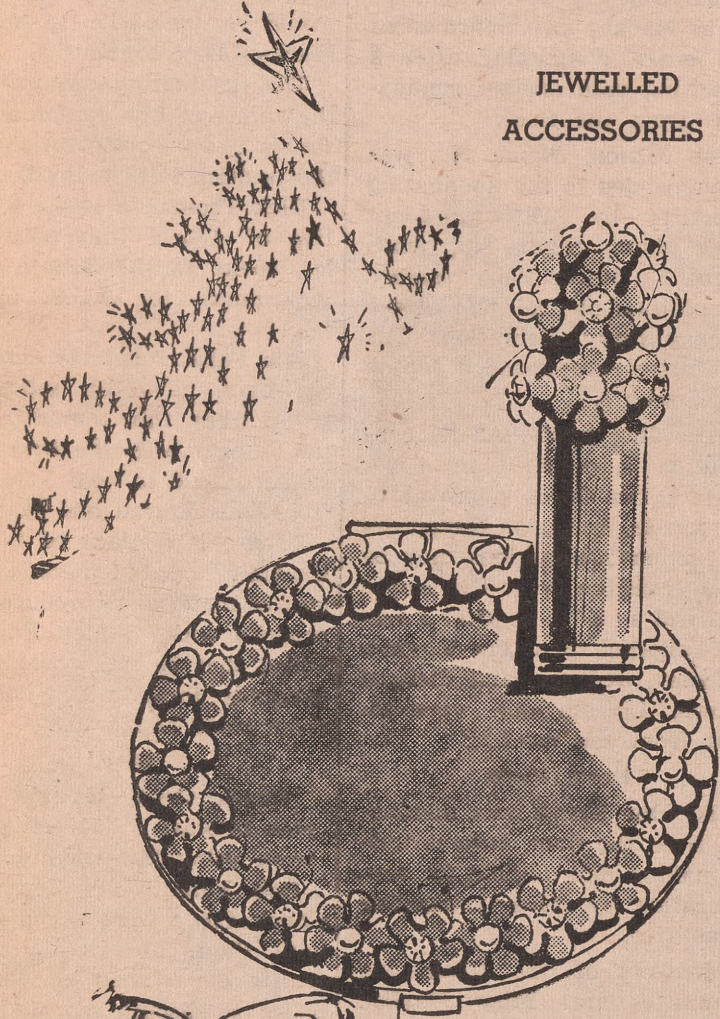

Requirements for membership in Phi Alpha Theta are at least B in 12 hours of history or political science, and a B in at least two thirds of all other courses.

Dr. Russell Elliott, history and political science department, is advisor to the group.

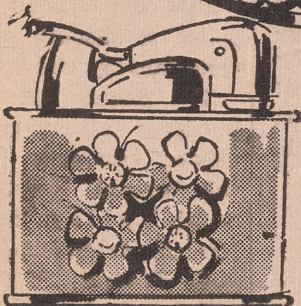

You can have reliance on every Silver State Appliance.

## Two May Be Sent To Model UN Meet

By Steve Dollinger

The University of Nevada will send two delegates to a Model United Nations meeting if the university is accepted as a member, and if the finance control board also approves.

The Model United Nations is a student organization that meets at a member university once a year to discuss foreign problems in a manner similar to the United Nations. Each university attending the meeting represents a different country.

The finance control board will authorize Nevada's entry when a method of choosing the delegates is presented. The senate is studying the problem.

The University of Nevada's letter of acceptance and preference of the country the ASUN would represent was submitted late and the University of Oregon, the host school this year, will choose Nevada's country. The rule of letting the host school choose the country of late members was accepted at the last Model United Nations meeting.

### LAMBDA CHI BENEFIT

Lambda Chi Alpha alumni have been invited to a benefit dinner-dance to be held tomorrow night at the new chapter house on University Terrace.

A small admission charge will be made to obtain funds to furnish the new home. In charge of the affair are wives of the alumni members.

# Sorority Grades Top Women's Average

Scholarship trophies were presented to Delta Delta, Kappa Alpha Theta, and Pi Beta Phi at Co-Ed Capers, the semi-annual women's get-together.

The AWS scholarship of \$50 was awarded to Marilyn Brooks, Kappa Alpha Theta, by AWS president Sandra Mitts.

The Tri-Deltas won the cup for the highest active scholarship. The cup for the highest pledge scholarship went to Kappa Alpha Theta, while Pi Beta Phi was awarded a plaque for the greatest improvement over the corresponding semester of the previous year

(spring semester 1955 over spring semester 1954).

**Delta Delta Delta's active average last semester was 2.79. Gamma Phi Beta's was 2.70, Kappa Alpha Theta's was 2.73, and Pi Beta Phi's was 2.76.**

Entertainment began with the Gamma Phi skit. Several of the women sang "Winter Wonderland" which was followed by a piano solo of "Tea for Two."

Artemisia-Manzanita was next on the program with Chris Paschel doing a pantomime to "The Man in the Little White Coat."

Miss Jacqueline Wilson, physi-

cal education instructor, then awarded the W.R.A. plaques. Guylene Ferguson accepted the plaque for last year's basketball tournament which went to Delta Delta Delta. Georgia Meyers, Kappa Alpha Theta, received the award for this year's volleyball tournament.

The W.R.A. awards were followed by the Theta's entertainment. Peggy Cimijotti sang "The Yellow Rose of Texas" and "Autumn Leaves."

Coraleta Feary and Sandra

Mitts then did a rendition of "Herbert" for Delta Delta Delta.

Last on the program was the Pi Phi skit. The theme was "Dr. Elaine Minsey Reports on the Lofe Life of the College Co-ed."

Dean of Women, Elaine Mobley, who presented the various awards, said that the sororities' averages were higher than the women's general average.

Panhellenic council sponsors the two scholarship cups in order to increase interest in scholarships.

The improvement plaque is sponsored by the Dean of Women's office. It was first awarded in 1933 by Margaret E. Mack.

## Campus Leaders Plan Workshop

A meeting of student leaders to review accomplishments of the past semester and to plan the spring schedule will be held on campus between semesters. The meet has been titled the Leadership Conference workshop by ASUN president Jerry Mann, who hopes it will become an annual affair.

Proposals of the students who attended the Leadership Conference held at Lake Tahoe in early September, will be studied, said Mann, and a survey held to see

how many have been accepted and put into effect. Chairmen of major student committees are now making semester reports to the ASUN senate.

Delegates to the workshop will participate in four discussion groups to make suggestions for the spring semester. Two speakers will be named later.

Asking all interested students to attend, Mann said, "Student government is the job of everyone."

### STUDENTS HAVE CHOICE IN P.E. ENROLLMENT

Students will be allowed to enroll in the physical education activity of their choice as a consequence of a physical education interest test given Oct. 30.

The test, taken by all freshmen and sophomore P.E. classes, contained a list of all P. E. activities open to students.

## Happy Day

An extra day of hangover recuperation has been allotted. Monday, Jan. 2, is a legal holiday and classes will commence on Jan. 3.

## Editorial

### Parking

One of the topics it is hoped will be discussed at the board of regents meeting tomorrow is the parking problem. Problem should be spelled with a capital P.

Since the departure of Ray Williams parking, never satisfactory, has become progressively worse. Mr. Williams broke a vertebrae, incidentally, and has recently decided to leave the campus cop job permanently.

Mr. Williams performed his duties well and for this reason was, next to the Sagebrush editor, the most unpopular person on the campus.

His unpopularity is inextricably linked with the chief cause of illegal parking. It is socially approved by students as a whole.

If a student leaves his car in a red zone, along the curb of the main drag, or maybe even on the quadrangle lawn, and does not receive a ticket he has won a game of tag.

Even when double parkers obstruct the normal flow of traffic students think nothing of it. On the following day they might do the same.

When an overworked enforcer does ticket a car the owner is absolutely outraged. It is tyranny. It is contrary to the natural rights of man.

That illegal parking is popularly sanctioned is further indicated by a statement of the superintendent of buildings and grounds, Carl Horn, which appears elsewhere in this issue. At one time the men's upperclass committee had more efficacy as an illegal-parking deterrent than the hired cop.

At present, if the upperclass committee threw parking offenders in the lake it would be bucking a strong public opinion. This is diametrically opposed to its function.

Bucking public opinion is something very few do for the elementary reason that if a great many opposed a certain aspect of public opinion then that aspect would no longer be public opinion. Kick that one around.

A brace of uniformed policemen, who are heedless of student dislike, are apparently required to repair a situation which could easily be resolved by social disapproval.

### Mann Comments On Traffic Problem

Jerry Mann, ASUN president, when asked of his opinion of a stoplight at Ninth and Virginia streets, stated, "I think it is a very good idea." Mann said that he is preparing a letter to the proper city officials to see if any improvements can be made.

Mann stated that the heavy student traffic across the intersection would necessitate some improvements.

President Stout when asked what the administration was doing about the situation stated "We have constantly been trying to get a stoplight put in there." Stout stated that many times in the past the administration has been attempting to get some sort of improvement at that intersection.

### BASTA TOURS STATE

Sam Basta, student guidance counselor, gave talks on the University and gave college aptitude tests to the senior students of northeastern Nevada high schools this week.

The tests are the same as those given to each freshman and new student at the University.

Basta left Reno by automobile last Monday and visited schools in Lovelock, Winnemucca, Battle Mountain, Carlin, Wells, Montello and Elko. Later this year he will tour the remaining parts of the state.

Basta stated that the talks and tests are part of an annual program to publicize the University. All tests will be kept on permanent file in the dean's office. High school students who have taken aptitude tests will not have to repeat these tests upon entering the University.

## Sideline Glances

by Ken Robbins

Victory Heights, that remote clump of buildings that houses the families of veteran students and faculty members, is scheduled to be destroyed within the next few years.

As it now stands, Victory Heights will definitely be destroyed without a working provision for the erection of a similar low-cost housing project.

At the time of an administration ruling earlier this year closing the buildings to new occupants, a question might have been raised. That is, whether it was better to let married students move into the project with the understanding that they would have to vacate within a couple of years or bar them altogether. They were barred, rather than providing them with low-cost housing for half of their required time here and then turning them out, leaving them with the alternatives of quitting college, going elsewhere to school, or paying outrageous rents here in Reno.

This question is negligible, however, to the \$64,000 one. Will the housing project be replaced, or will it not?

The last session of the Nevada state legislature was petitioned loudly and often by the administration and residents of the project themselves, but to avail.

Perhaps a similar petition will be submitted to the next session in an attempt to create this new, modern project vitally needed. But if it fails, where do we go from here?

While not receiving the general interest of the students on this campus that the new student union building receives, the housing project is equally important.

While an endowment from some unknown benefactor to build this project is something to be hoped for, student interest should be automatic.

Time should be given in the student senate considering a plan, in conjunction with the administration, whereby this loss to our campus might be replaced.

To many, low cost housing for the married student might not be considered a necessity, but it is certainly an asset to a university and a benefit to the married student who is entitled to education as much as anyone else.

Perhaps it is solely up to the administration to provide, but it is up to the students to suggest and support.

A very interesting sentence appeared in one of the letters to the editor in the last issue of the Sagebrush.

In dealing with a statement made in this column recently about the sidelines being an independent's dish of tea, it reads: "Yes, it certainly is, not because of any unbiased opinions you might have, but because you represent so well that segment of students, both affiliated and unaffiliated, who engage in caustic criticism, but are never around to offer assistance."

Obiter dictum, this column represents no one but it's author, and as for being around to offer assistance, we'll leave that up to

the people who voted against him in last year's elections and the people who elected him to the Student Union Board of Directors.

In defense of the independent, let's say we're around, but not particularly noticed, or wanted. While this column does not represent the independents, it most certainly does advocate the independents' status.

At the present time, the independents on this campus are not represented in the student senate. In a very recent effort to acquaint freshmen with the procedure of student government, members were selected from the fraternities, sororities, and two dormitories. These organizations are assured of their representatives in each student senate, but where are the independent freshmen representatives?

The dormitories might be considered independent, but like the fraternities and sororities, they have their elected officers and hold meetings as an organized body.

A senate representative from any of these organizations attends the senate meetings and reports to the group he represents, and now, in an attempt at better student government, students are being tutored, in effect, for their positions.

The independents have no such representatives and receive no such reports.

At the outset, a student wishing to represent the independent faction first faces the next to impossible task of commuting with his group, and second faces the task of going into an election cold, without benefit of a working knowledge of the senate itself.

If we try for an office and fail, we are condemned for failing. And now our numbers are excluded from this orientation process.

If at first you don't succeed, independently, you can rally and climb to the position of flunky, or climb into your shell and remain unheard from.

It would seem that if there was a strain between the relations of the elected leaders and the independents, that the leaders, not the independents, would be adept at remedying the situation. In this attempt to prepare better leaders, it appears quite evident that the only ones who will participate are those selected from their own group.

Possibly the only way an independent could break into the leading citizen column would be for the independents to organize and elect. This is an attractive proposition, but very impracticable due to the glaring apathy and inertia of that rank.

In future "caustic" criticisms of this column, please do not lay that apathy and inertia at this door.

## Out Of The Brush

By P. FINCH

A reader has made a splendid supplementary suggestion to stop-lighting Ninth and Virginia street. The trouble trucks would have in resuming speed after a stop on the hill has been the chief objection to a stoplight.

Our reader's idea would obviate this with a compromise. Since the foremost danger is from southbound traffic, which can be seen only a block away up the hill, this gentleman suggests a single stopsign toward that direction.

Naturally, trucks have no difficulty resuming speed downhill after a stop.

This suggestion would create a three-way stop sign seriously impeding no one save the hell-bent-for-election southbound cars. They would be restricted from picking off University of Nevada pedestrians, which, after all, is an unpleasant habit.

An equally admirable aspect of this alternate proposal is that a piece of metal fixed to a post in the ground is considerably cheaper than an electric stoplight.

Albeit reluctantly, the Sagebrush is willingly to compromise with the City of Reno. As a matter of fact, if the city would nod the idea, the Sagebrush would be happy to endeavor to raise the money for a stopsign.

To coin a popular ditty, it Might As Well Be Spring. Youthful exuberance has been manifesting itself in many-splendored ways these past weeks.

A group of fraternity pledges came under considerable fire by the Territorial Enterprise for whooping it up in Virginia City. Seems that the students were too much for the citizenry and law enforcement officers. The newspaper accuses them of petty thievery, vandalism and what not.

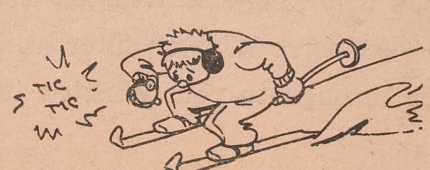

The charges and general discomfiture are probably justified. If our ruffian element wants to tear up a town that town should be Reno. Pick on someone your own size. And Reno should be the community to cope with us since it, more than any city in the state of Nevada benefits financially from the University.

Back to Spring. Two weeks ago the Reno police were called to break up a minor riot of sorts in front of Artemisia hall. Scabbard and Blade, the ROTC honorary organization, was pulling its annual sentry duty before the sorority houses and the hall when some of their number became involved in a fight with boy friends.

Details of the riot are missing, but it is an axiom not to mess around with a sentry.

These incidents, together with another attempt to steal the bell clapper recently, certainly indicate the early approach of Spring.

Political ads for students running in the next ASUN election are now being accepted by the Sagebrush.

# DIRTY BITS

By SANDRA MITTS

Dirty Bits has been somewhat swayed from its regular line this year . . . We seem to have turned up our noses at the usual pinning-engagement type of thing, and gone in for the more, shall we say, "highbrow."

This week, pinnings and engagements take the limelight again, with the time of year, the holidays or whatever it might be turning mens hearts where men's hearts will be turned.

Bill Marsh and Myrna Stewart were married in Las Vegas over the Thanksgiving holidays. Bill is an ATO senior, and Myrna a former Theta pledge. They have an apartment here in Reno, and Bill will continue his studies.

The second of the Garner triplets was married this week. Joan Garner married '55 Nevada graduate Dave Traitel in Reno Monday night.

Jean was the first triplet to take the step, when she wed SAE

Frosty Cahlan in Las Vegas last summer. They are now in Arizona where Frosty is attending the University of Arizona.

The Garners seem to see something fascinating in journalism majors, as this is the line that both Frosty and Dave have chosen. Dave is now an ensign in the navy.

The third sister, June, is still going to school here and is a Theta, as are Jean and Joan.

A third wedding this week was that of Lena Quilici and Tom McGee. They were married at Our Lady of Snows last weekend.

Tom, an ATO, was recently discharged from the army, and plans to resume his studies in February. Lena is a Pi Phi.

Nancy Johnson and Nolan Larson were married recently in S. California. They are living in Reno where Nolan is going to school and is an active Phi Sig. Nancy graduated last spring and is working.

Chad Combs, one of Nevada's outstanding debate men, was married last weekend, too. His bride is the former Phyllis Kearney.

That should be enough marriages for one week.

On a lighter side, a pinning was announced at the Tri Delt house Monday night. Louise Harrison is wearing the SAE pin of Mike Evans.

Dave Cutler, who recently completed two years of duty with Uncle Sam, is back in Reno and planning to re-enter the University in February. He was a Sigma Nu before joining the army and spending two years working in guided missiles.

Christmas has been selected for the marriage of former Tri Delt president Peggy Jackson and ATO gag man Tom Davis. December 20 to be exact.

Somebody pulled a phony on Sierra street Monday night. The fire sirens screamed in the area of the sorority houses about eleven p. m., and the women were aroused from their beds. Five large fire trucks, complete with ladders, hose, etc., screeched to a halt and hastened to the back of the houses to find, of all things, a fire smoldering in the Theta

# Retarded Children Topic of Meeting

University future teachers learned some of the problems faced in the teaching of retarded children Monday afternoon. Neil P. Scott, director of guidance and trash can.

Well, life is full of strange things!

Jean Lagomarsino, Gamma Phi Beta, announced her pinning to Richard Miolini, Sigma Nu.

Also at the Gamma Phi house, Joyce Drisdale announced her pinning to Jim Fast, Alpha Tau Omega.

Rachel Sheppard, Kappa Alpha Theta, announced her engagement to Pierre Boutet, Alpha Tau Omega.

attendance of Reno city schools, conducted the lecture on how children are selected for special education, their characteristics, and differences in instruction methods.

Dr. Roy Willey, professor of education, said the lecture was in conjunction with the university's increasing stress on the training of future teachers' understanding of the problems of retarded children education. Two courses in this type of teaching technique are now offered and plans are being made to offer more in the summer session.

Notice to saloons: Youth will be served.

# What Cleopatra taught Caesar

or... She asped for it

Once upon a time there was a snazzy squab named Cleopatra living in Egypt. She came from a very good family and had a figure like a million bucks.

One day she met Julius Caesar, who was Roamin' Egypt on a very liberal expense account.

"Ah ha," thinks Cleo, "here is where I create about six pages for *The Decline and Fall of the Roman Empire*. When I'm through with this boy, I'll be Queen of Egypt and he'll be selling his memoirs in drugstores for two-bits a copy."

So she went for the full count at a high-priced beauty saloon and bought several quarts of *Midnight on the Pyramids*.

But Caesar wasn't buying the pitch. "Hmmm," thinks Cleo, "I'll finesse the Queenship with my ace."

Whereupon she sauntered in with several tankards of the fine beer that Egyptians had been brewing for thousands of years. (Let's face it—here comes the commercial.)

"By Jupiter," said Julie, "this is good! Such clear, sparkling brilliance! Such refreshing flavor! Such creamy foam! Be mine . . . be Queen . . . but above all be generous with this delightful brew! Wherever did you learn to make it?"

"Why . . . my mummy taught me," she answered coyly, passing him a pretzel.

And from then on, Cleo clung to Caesar; even in Rome where she heard a soothsayer mutter something about the Ides of March.

"Ah, the Ides of March," exclaimed Cleo, "that's Bock Beer time in Egypt."

Not long after, Caesar got rubbed out, and Cleo got herself back to Egypt where she carried on with Marc Anthony until Augustus upped and fixed his wagon. Anthony did himself in and Cleo did likewise when her charms failed to awe Augustus.

"I'll take a short bier," said Cleo as she lay dying from the asp's sting.

And so ended the career of one of the best salesmen that beer ever had.

MORAL: You, too, can make social conquests with the help of fine beer. Treat a friend to a bottle of Budweiser. And (unless he's a tightwad) he's sure to return the compliment.

**Budweiser**

### University Hour Features Combos

Brass and clarinet ensembles, composed of members of the University of Nevada band, are now rehearsing for the "University Hour" program to be held Sunday afternoons. Both groups are directed by Prof. Felton Hickman, band director.

Those in the clarinet ensemble are Kenneth Dennison, Bill Kaiser,

Kaye Reid, Jerrie Germain, and Shirley Allen.

#### Brass

Playing in the brass group are Tom Murie, Jay Evans, and Tony Bastanchury, trumpets; Sally Gillespie, baritone horn; Jim Trimbell, trombone; Fritz Hertlein, tuba, and Prof. Hickman, french horn.

### Women's Teams Add to Carnival

Women's team competition will be an added attraction of the seventeenth annual Winter Ski Carnival to be held Feb. 8-12. In the past, individual competition has been the only entry for the women's class.

Four bids have been accepted and three more are tentatively set for the carnival. Michigan University will represent the Big Ten conference, while the University of California, UCLA, and Arizona State at Flagstaff are the western entries. Thirty-seven bids have been sent out to various schools in the country.

Denver University, three time winner of the event, along with the University of Colorado and Washington State College, are tentatively scheduled for the carnival.

### Woods Selected Honorary Lt. Col., Reigns Over Annual Military Ball

Kappa Alpha Theta's lovely, brown-haired, blue-eyed Bonnie Woods became an honorary cadet Lieutenant Colonel at the 27th annual Military ball. She also reigned as queen of the ball, which was held in the Fable Room of the Hotel Mapes on Nov. 18.

Bonnie is the daughter of Mr. and Mrs. E. J. Woods of Carlin, Nev. She is majoring in physical education in the College of Education.

The queen candidates, escorted by their company commanders, were presented to the guests after passing through the traditional saber arch.

#### Announces Queen

Following the introductions, cadet Charles "Chuck" Handley announced the selection of Miss Woods as honorary cadet Lieutenant Colonel for the 1955-56 school year. Governor Charles Russell then presented the queen with a bouquet.

The new queen and her escort led the grand march, consisting of members of the saber arch, the uniformed basic and advance course cadets, and their dates.

At the conclusion of the grand march, the honorary Lieutenant Colonel issued her first order, which was "Everybody dance."

Over three hundred civilian and military personnel attended the military ball. Music for the occasion was furnished by the Eddie Gomez band.

### Bible Will Speak To Young Demos

United States Sen. Alan Bible will speak to the Young Democrats Thursday, Dec. 8, at 8:00 p. m. in the basement of the Wolf Den. A short business meeting will take place at 7:30 prior to the Senators talk when club pictures will be taken and refreshments will be served. Club president Chuck Coyle said that the subject of the Senator's talk was not disclosed.

### Plans Discussed At Society Meet

Plans for the coming year were discussed at the first meeting of Phi Kappa Phi recently. Members of the scholastic honorary society decided to hold both a fall and spring election for new initiates and to honor the new members.

Officers for this year, that were elected last spring, are: Dr. John Morrison, president; Dr. John Martie, vice-president; Dr. Thomas Frazer, secretary; Prof. John Bon-

ell, treasurer; Dr. Russell Elliott, marshal; and Dr. Alden Plumley, historian.

Last year's elected members included: students Alice Koontz, George Coffill, Hans Mohr, Jake Carpenter, Mrs. Genevieve Jones, Olaf Leifson, Barbara Maclean, Helen Carlson, Ray Pastorino, Sue Casey, Priscilla Dorazio, James Carlson, Janice Green and John Hall; and faculty member

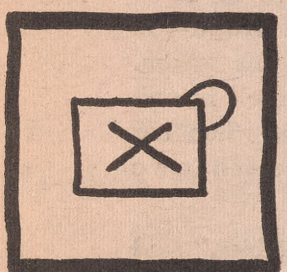

# HI! JOIN ME FOR A LUCKY DROODLE?

WHAT'S THIS?  
For solution, see paragraph below.

**HERE'S A DROODLE THAT PACKS A PUNCH.** It's titled: Lucky smoke rings blown by prizefighter with tooth missing. It packs a moral, too: Why knock yourself out looking for a better-tasting cigarette when all you have to do is light up a Lucky? Luckies taste better, first, because Lucky Strike means fine tobacco. Then, that tobacco is TOASTED to taste better. So light up a Lucky. It's the winner — and still champion — for better taste!

"IT'S TOASTED" to taste better!

### Campus Singers Plan Appearances

University Singers, campus choral group, is practicing for various performances to be given during the month of December. First on the agenda is a small concert for the Repertoire club of Reno at the Reno Ballet Arts institute.

The singers will appear in the Associated Students Christmas assembly to be given Thursday, Dec. 15. They will present the same program Dec. 16 at the Nevada State hospital. Carols to be sung on those nights are: "O Praise the Lord of Heaven," "Sing Praises," "Hasten Swiftly Hasten Softly," "Carol of the Bells," and "Medley of Christmas Spirituals." Many of the pieces are from Europe.

Dr. Keith Macy, co-chairman of the music department, is director of the chorus. Officers include Walt Anderson, president; Norma Dyer, vice president; Richard Bertolin, secretary, and John Scott, treasurer.

### Holladay Works Exhibited Here

Thirty two paintings and drawings by Harlan Holladay, instructor in art, are now on display in the University of Nevada's art department. Portraits in oils, landscapes in oils and water colors, and drawings of Holladay's family are included.

The exhibit will be open to the public until the Christmas holidays. The gallery is open until 4 p. m. on school days, and on Sundays from 2 to 4 p. m.

#### The Missus

Drawings of Holladay's family include two of Mrs. Holladay, who served as housemother at Manzanita hall during the first part of this year, and is now acting in that capacity at the president's dorm.

You can have reliance on every Silver State Appliance!

### SPROW ELECTED PRESIDENT AT NOV. SKI CLUB MEET

Bill Sprow is the new president of the University of Nevada Ski club. Abner "Buster" Sewell was elected vice president; Joan Smith, secretary; Jim Dunseath, treasurer, and Gene Kiliany and Gloria Hains were appointed social chairmen at the Nov. 9 meeting. Assistant professor Kenneth C. Bradshaw, of the math department, is the club's faculty advisor.

An inter-school ski club meet is one of the big plans for the future. The University of California at Berkeley, Stanford, San Jose, Sacramento State, California Aggies, Sacramento Junior college, Auburn Junior college, and Sierra Junior college will be invited to participate. Such problems as room and board are being worked on by committees.

University of Nevada Ski club

parties, spaghetti feeds and intra-school ski meets are being planned.

#### Students Invited

All students, skiers and non skiers, are invited to attend the meeting on Dec. 7, in the Education auditorium, at 7:30 p. m. Moving pictures featuring the Reno skiing area will be shown.

New ski apparel and equipment will be featured in a fashion show sponsored by a local sporting goods store.

Anyone who hasn't joined the Ski club is welcome to sign up at the Dec. 7 meeting. Future meetings will be held in the Education auditorium on the first Wednesday of each month.

You can have reliance on every Silver State Appliance!

#### TWELVE BOOKS ADDED TO UNIV. LIBRARY

Twelve new books have been added to the University of Nevada library.

They are: "From My Experience" by Bromfield, "The Best Plays of 1954-55" by Kronenberger, "Ten Centuries of Spanish Poetry" by Trunbull, "The Overreached" by Levin, "The Restoration of Learning" by Bestor.

"Silent Years" by Byrne, "The Frontier Years" by Brown, "Anthology of Japanese Literature" by Keene, "Grandfather Stories" by Adams, "High Sierra Country" by Lewis, "American Literary Criticism" by Glicksberg, and "The American Lawyer" by Blainstein and Porter.

#### WIVES VISIT HOME

Faculty wives got a chance to look over the new off-campus home of president Minard W. Stout at the Women's Faculty club tea last week.

Guests were greeted and escorted through the new home

### A Campus-to-Career Case History

### HE'S BUILDING A FOUNDATION FOR HIS FUTURE

Paul Guild, E.E., Purdue, '49, started as a student engineer with Long Lines—the Bell System unit that interconnects Bell Telephone Companies. In the student training program he became familiar with all operations of the business.

After that he spent two years on technical and engineering projects that took him to Indianapolis, Cleveland and Atlanta.

March of 1953 found Paul in Cincinnati working on the construction of radio relay routes. He worked with the newest microwave equipment that

transmits television pictures and telephone conversations simultaneously.

In 1955, as part of his further development, Paul was transferred to a completely different assignment. He now supervises the important planning job of balancing a working force of 900 Long Distance operators with the ever-changing work load.

"I use my engineering background on this job, too," says Paul. "It's extremely interesting and has lots of responsibility. Besides, you need experience in more than one department to give you background."

Paul Guild is typical of young engineers in the Bell System. Similar career opportunities exist in the Bell Telephone Companies, Bell Telephone Laboratories, Western Electric and Sandia Corporation. Your placement officer has more information on these companies.

# WIN!

## \$50,000 IN PRIZES

# 10 Ford Thunderbirds

### PLUS 40 COLUMBIA Hi-Fi Phonographs

## FOR THE 50 COLLEGE STUDENTS WHO WRITE THE BEST NAMES FOR VICEROY'S PURE, WHITE, NATURAL FILTER!

**10 Winners! 10 Thunderbirds!** Win a fully equipped new '56 Thunderbird! In your choice of colors! Automatic transmission, two tops, power steering, radio, white side walls. Act now and win!

**40 Winners! 40 Columbia Hi-Fi Sets!** Own America's most exciting Hi-Fidelity Phonograph—the Columbia "360"K—in beautiful Mahogany!

Plus 10 RCA Victor Color TV Sets to the college organizations designated by the 10 Thunderbird winners!

**NO OTHER FILTER LIKE VICEROY!**  
No cotton! No paper! No asbestos!  
No charcoal! No foreign substance  
of any kind! Made from Pure Cellulose—  
Soft... Snow-white... Natural!

It's easy to name this amazing Viceroy Filter when you know what it's made of... why it's superior... why Viceroy's give you that real tobacco taste you miss in every other filter brand!

Remember, the Viceroy Filter is made from 100% pure cellulose—a soft, natural material found in many good foods you eat! There are no impurities in the Viceroy Filter. So naturally it lets the real tobacco taste come through!

Name the Viceroy Filter! Enter this \$50,000 contest, today!

**HINTS TO HELP YOU WIN!**  
You'll think of dozens of names when you read these facts: The Viceroy Filter is the most modern in the world today! Perfected through 20 years of research!  
It contains no cotton, no paper, no charcoal, no asbestos, no foreign substance of any kind! Instead, it is made from pure cellulose—a soft, snow-white, natural material found in many good foods you eat.  
Only the Viceroy Filter has 20,000 filter traps—twice as many filter traps as the next two largest-selling filter brands! No wonder Viceroy gives you that Real Tobacco Taste!  
Name this amazing filter and win! It's easy!

### JUST FOLLOW THESE EASY RULES!

- 1 On any plain paper, write the name you think most suitable for the pure, white Viceroy Filter described on this page. It's easy! You can think of dozens of names like "Super-Pure," "Filtron," "Naturale," "Flavor Flow," "Cellultrate," "Twice-The-Traps." You can use one, two or three words. Any name may win!
- 2 Mail your entry to Viceroy Thunderbird Contest, P. O. Box 6A, Mount Vernon 10, New York. Write plainly or print your name, the name of your college and your mailing address at college! Submit as many entries as you wish—but with each entry include the picture of the Viceroy Filter Tip torn or cut from the backs of two (2) Viceroy packages.
- 3 Contest open to all students attending colleges and universities in the U.S.A.
- 4 Contest closes midnight, January 31, 1956. Entries judged by The Reuben H. Donnelley Corporation on the basis of aptness of thought, originality and interest.
- 5 Prizes listed elsewhere in this ad. Winners of the ten Thunderbirds will also be permitted to designate the school organizations to which Brown & Williamson Tobacco Corporation will award RCA Victor Color TV Sets! Write the name of the organization you want to receive this award on your entry.

## Lee Wilcox Appoints 24 to Head Winter Carnival Sub-Committees

Winter Carnival Chairman LeRoy Wilcox made appointments of sub-chairmen and assigned duties to each at a meeting Wednesday night.

The appointments are as follows: dance, Rudy Zawacki; dance tickets, Elaine Zunino; banquet preparations, Bill Adams; banquet tickets, Shirley Allen; ski team housing, Helen Meader and Jim Dunseath; fraternity and sorority decorations, Ernie Soumbeniotis; lunches on the hill, Norm Schultz; registration, Kathy Hill; Powder Puff derby, Barni Davenport; publicity, Bob Faiss and Marlene Lewis.

Campus decorations, Gene Kiliany; queen candidates, Nora Kellogg; decoration judges, Joan Sawle; dance decorations, Bob Jepsen and Bob Litton; trophies, Chuck Smith; parade, Bilbo Helms; assembly, Gary Luther; programs, Doris Ames; German band, Buster Sewell; dance publicity, Harvel Neill; spaghetti feed, Gloria Haines.

### More Yet

There are still several committee chairmen to be chosen, Wilcox said. The next meeting of the Winter Carnival committee will be held Tuesday at 7 p. m. in the education auditorium. Students interested in working on the committee may attend.

A newspaper is really not necessary to the University of Nevada; it is so small that everybody knows what their neighbors are doing. They read the Sagebrush to see if they are caught at it.

## Wilkerson Poem To Be Published By Poetry Assoc.

"The Wind Sighs," a poem by Linda Wilkerson, sophomore journalism student, has been selected by the National Poetry association to be published in the "Annual Anthology of College Poetry."

The anthology is a group of poems selected from thousands submitted by college students all over America. Each state is represented in the anthology.

Miss Wilkerson has written several poems during the past year, but never submitted any for publication.

Miss Wilkerson is a member of the university band, Newman club, and Independents. Edith Henrich, whose book, "Person in the World" was published recently, is her English teacher. Mrs. Henrich has coached her in poetry writing.

### The Wind Sighs

The winning poem is as follows:

"The wind sighs in a minor key.  
Roses, turned to ash,  
crumble into dust.  
The silver mist is now a dull, dead thing—  
heavy and grey.  
The waterfall where we met sobs, echoing the sighing wind.  
He is gone."

## INTRAMURAL RIFLES TO FIRE DEC. 12-16

The intra-mural rifle matches will be held Dec. 12 through 16, with practice beginning Nov. 23.

These matches are open to any fraternity or organized group eligible to compete for the Kinnear trophy. No individual who has been awarded a Circle N for shooting may be on a team.

The teams are composed of five members with the score of the three top shooters being used as the team score.

Any .22 caliber rifle firing rim-fire cartridges, with metallic sights, and a trigger pull of not less than three pounds, may be used. ROTC equipment is available at the range for the use of competitors.

The military department will supervise and judge the scores.

## Nine Join PEM's This Semester

Nine freshman women have joined PEM's, a women's organization for physical education majors and minors, since the beginning of the semester.

New members are Evelyn Ames, Shirley Behymer, Betty Lockhart, Deanne Munk, Karen Nelson, Farol Lee Spell, Evelyn Stentz, Mary Ann Tonini, and Joyce Wilson.

PEM's, whose membership is now 27, challenged Gothic "N" to a volleyball game which was played hursday at 11 a. m. PEM's treated Gothic "N" to a lunch after the game.

Helen Meader, president, is planning a post-Christmas party for the organization. PEM's was responsible for the sale of programs at the football games.

## Library May Invest In Micro Film Camera

The University of Nevada library will possibly invest in a micro film camera and many volumes of microfilm this spring.

Possible purchases of micro film will include the "Congressional Set" from 1817 to date and the "American State Papers" which is the first through the fourteenth U. S. Congresses. The first orders will be short run material.

At present the library has on micro-film the "New York Times" from 1908-1930, the "New York Times Index" from 1913 to date, historical thesis for the state of Nevada, Scientific papers, and the census schedule from the National Archives for the years 1870, 1880 and 1890.

### Conserve Space

Mr. James Hill pointed out that micro film and micro-cards conserve space in the library as well as being more economical where binding is concerned. The university has about sixty thousand feet of micro film and micro cards for the first hundred volumes of the "Haklyut Voyages," and six years of the "Saturday Review of Literature" and "Newsweek." The library also has a 40 to 60 volume of English drama on micro cards.

Micro film requires a micro film recorder in order to be read. This is a machine which looks very much like a glorified Tele-

vision set and magnifies the film. A "reader" is necessary to read micro cards. The three by five cards are inserted in the reader and magnified by a small lens. One card contains an equivalent of 70 or 80 book pages of print. The university has two card "readers" and one micro film reader.

Other places in town which contain such "readers" are the "Reno Evening Gazette," "Journal," Washoe County Library and the county recorder's office.

## Speeches Review Tri-Delt History

Three speeches on the history of the Tri-Delts were given at its 67th anniversary party recently. Both the student chapter and the Tri Delta alliance attended the party, held at the chapter house.

Gwen Guinn spoke on the "Founding of the Tri-Delta," Marva Edwards spoke on "Local Development," and Sandra Nickell spoke on "National Development."

A skit depicting the four seasons through songs was presented by pledges Marjorie Bolander, Carol Gardenswartz, Janene Asuras, and Nedra Norton.

Louise Harrison, chairman, was master of ceremonies.

## Horn Laments Upperclass Apathy

Traffic policeman Ray Williams, who injured his back several weeks ago, has decided to give up the job.

According to Carl Horn, superintendent of buildings and grounds, the traffic problem, parking in particular, is worse than it has ever been.

"Morale on this campus is very low," stated Horn. "I

don't know what has happened to the upperclassmen. An infraction such as illegal parking or walking on the grass used to mean a dip in the lake. Now the upperclassmen, who once had their own patrolmen, don't even see it."

Horn also stated that the regents would decide at their next meeting what to do about another traffic cop. He indicated that there is a possibility that the new policeman would be a member of the Nevada State Patrol.

The Sagebrush will give \$50,000 for information, furnished to it exclusively, that will convict the person or persons who sank the Maine.

The public be darned.

## Play Is Postponed Until Early January

A delay in the arrival of curtains and staging materials has forced postponement of Campus Players' production "By the Skin of Our Teeth." The play, originally scheduled for showing next week, will be presented in the early part of January.

Play director Prof. Asher Wilson explained that the three-act comedy relied heavily on intricate staging effects and that ordered materials had been delayed at the warehouse.

"The delay," stated Wilson, "will insure a finished product and more polished performances." Members of the cast are practicing daily.

The production, starring Trudy Caddell, Coraleta Fearie, George Evans, Sandra Newell, Bob Faiss and Tim Hogan, has been tentatively scheduled for Jan. 11-12.

## Theta Chi Wins Singles in Badminton, Table Tennis; Snakes Lead in Two

Theta Chi fraternity has won intra-mural badminton singles and table tennis singles, announced Coach Chester M. Scranton, director of intra-mural sports.

Kinnear trophy points will not be given for these events. In badminton the Theta Chi's went undefeated. They were paced by ATO who finished in second place with only one loss.

Table tennis singles was another unblemished repeat for the Theta Chi's. Sigma Nu's finished in second place with one defeat.

Sigma Nu is leading the volleyball race and has yet to meet defeat. By winning one of its remaining games Sigma Nu will cinch the race and add sixty Kinnear-cup points to its collection. Theta Chi and ATO still have an outside chance to tie or beat the "Snakes."

Basketball, badminton doubles, and table tennis doubles started this week, but results are not available as yet.

The latest results on bowling, which are those of Nov. 15, have the "Snakes" in front and undefeated. ATO is in second with one loss. Individual performances so far show George Ball (ATO) with high average of 166, and Don Cutler (Theta Chi), high game of 200.

### Final Badminton Singles Standing

## Men May Apply For Marine Bars

A Marine recruiting team will be at the University library December 6th and 7th from 9:00 a. m. until 3:00 p. m. to interview college men interested in a commission in the U. S. Marine Corps.

Freshmen, sophomores, and juniors can obtain commissions through the Platoon Leaders class, while seniors and graduates may get lieutenant bars through the Officer Candidate course.

Capt. Smith

### Training

The Platoon leaders class requires that the cadets attend two 6-week summer camps and graduate from college. The two courses open to seniors and graduates lead to line (combat) commissions and aviation commissions.

University students now in the local unit are Howard Seeman, Robert Fricke, Don Bissett, Alex Necce, George Folsom, Dave Zumoff, George Morris, Gerald Randall, Billy McClain, Ronald Lynch, and Ruel DePoali.

### BARTLETT RECEIVES ODD FELLOW AWARD

A \$150 scholarship has been awarded for a high grade average to Fred Bartlett by the Odd Fellows of Nevada. Bartlett averaged 2.4 last year.

A business administration major, Bartlett will receive \$75 each semester. He graduated from Reno high school in 1954.

## Young Addresses Future Teachers On Latest Russian "Smile" Policy

By Dave Lowe

"Conciliation is paying off for Russia," said Congressman Cliff Young to a meeting of the Future Teachers of America in the Education auditorium Tuesday night.

The Congressman stated that some of our allies in Asia Minor and the Mediterranean area have already warmed to Russia considerably since the Russians instituted their "smile" policy.

### Reason to Doubt

He claimed that we have reason to doubt Russia's sincerity in hopes for peace because in the last 34 years Russia has made many non-aggression treaties and broken them at random. Fifteen once-free countries are now behind the "Iron Curtain." Also the new Russian leaders have not disavowed any of the statements by Lenin to the effect that "we can never be at peace as long as Capitalism exists," nor has there ever been a nation in the 6000 years of recorded history with such power without a supreme Being.

### Scorpions

Young compared the situation to that of two scorpions in a bottle where each had the power to destroy the other with the risk of self-annihilation.

The young Nevada lawyer said that unless Russia met certain tests we should doubt their sincerity in a desire for peace.

The tests were: that they agree to a united Germany with free elections, free elections for the Satellites, that they tear down the barbed wire and guard houses on the "Iron Curtain," that they accept Eisenhower's proposal of aerial inspections, and that they disband the international Communist conspiracy.

After his talk he agreed to answer questions from the future teachers.

### Dependable Allies

In answering one question Young replied, "Americas most dependable allies are probably Great Britain, Philippines, Canada, and a number of South American countries, but Italy and France have not built up their de-

fenses as they agreed to do."

When asked why Russia dropped their overbearing attitude, he said that "It was getting them nowhere, in fact, the military gap was increasing in our favor. They were disappointed when the free world didn't have its long-awaited depression. They also probably wanted more time to increase their productivity and the Russian standard of living."

"Their standard has suffered greatly," Young stated, "because of great military production." Once, during a famine in a part of Russia, the Soviet government was trading with Ceylon—rice for rubber.

You can have reliance on every Silver State Appliance.

## HAROLD GIVES NEAR 20 GRAND

Almost twenty thousand dollars was distributed to holders of the Smith Scholarship yesterday.

At present there are 98 Smith Scholarship students enrolled in the University of Nevada. Twenty four of these students are freshmen, 29 are sophomores, 23 juniors, and 22 seniors.

The policy of Raymond Smith, owner of Harolds Club, in distributing the checks to the four-thousand-dollar scholarship holders is to write one check to the University of Nevada to cover the full amount for that particular time. The check for this mid-semester was \$19,600. The comptroller's office then writes individual checks to the students.

At the beginning of each semester the \$300 check is given, and at mid-semester each year a \$200 check is distributed.

Since 1946 Raymond Smith has been awarding the Smith Scholarship to students graduating from Nevada high schools. The scholarships which are now in effect will be continued, but new ones will not be awarded.

## STUDENTS MISTAKEN IN ABSENCE ATTITUDES

Students who think their absences are excused by informing the Dean of Women or the Dean of Student Affairs are mistaken. Dean Carlson said this seems to be the growing impression among the students.

Dean Carlson pointed out that the office of student affairs sends to the faculty lists of students absent. It includes: students representing the university in such functions as athletics and forensics, students hospitalized or sent home by the university health service, and students required to take selective service or military examinations.

Absences for any other reason will not be listed on the faculty list. In all case it is the responsibility of the student to contact his instructor and he is expected to make up the work missed. After this procedure has been completed and the student has fulfilled his job in checking with his instructor, the student will be considered excused.

# Boxers Offered Louisiana Trip

By Bill Engel

"Opportunities for fun, travel and experience can be yours. We need you!" If it sounds like a recruiting poster, it is. The university boxing team is looking for men.

Fight trips will be made to New Orleans, California and Idaho this year, and many openings still remain on the boxing team, according to Stan Drakulich, assistant coach. Practice is in full swing with all weight classes open to

the best fighter, regardless of experience, Drakulich added.

Those boxers doing well during the season can look forward to the NCAA tournament and the Olympic tryouts, as well as the many regular season trips. Warm up matches with service teams are also planned for pre-season training.

### Replacements

Many students seem to feel that their weight class offers no opportunity because that class is already filled by a team member, explained Drakulich. But no posi-

tion is permanent, he added.

Many more men are needed to build up the team to strength. Anyone interested in either boxing on the team or just working out may attend the practice sessions held every afternoon in the old gym.

## KAT's Now Lead Hoop Tournament

Kappa Alpha Theta is now leading the women's basketball tournament with two wins and no losses, following its last game with the Pi Phi Tuesday.

The final score of 29-27 came after a tied game and two minute interval period, when Bonnie completed a "sudden death" shot for the Thetas.

Scores for the past two week's games are:

### November 22

Pi Beta Phi 28, Independents 8. Kappa Alpha Theta 27, Delta Delta Delta 23.

### November 29

Kappa Alpha Theta 29, Pi Beta Phi 27.

Independents- 18, Gamma Phi Beta 11.

Basketball team captains are: Independents, Kaleo Brandt; Kappa Alpha Theta, Helen Meader, and Dorothy Hill; Pi Beta Phi, Lil Johnson; Delta Delta Delta, Honor Settlemeyer, and Gamma Phi Beta, Pat Vessey.

## Surprise!

A surprise party was the feature of the Block 'N' meeting held in the new gym last night. Pres. Roger Trounday said that the party honored the new members who received letters for football.

Trounday said that the party was not advertised because many of the club's members have not been attending the meeting regularly and it was to benefit the members who have attended every meeting this year.

### SKIERS HOPE FOR SNOW

Snow conditions in the major ski areas in the Reno region are extremely poor. Only Reno Ski Bowl remained open last week-end for skiing, with just a rope tow working.

Prospects for this week-end are equally poor, unless an unexpected storm hits this week. What little snow remains in the ski bowl area is icy in many spots and a good deal of the hill is bare. Skiers are hopeful that within the next few weeks several feet of snow will fall in the Sierras, since the first skiing event of the year is scheduled for the middle of December.

# SPORTS

## Band to Appear Tonight In Entirety

The University of Nevada Band will appear in full force for tonight's game, according to Felton Hickman, band director. Usually only a pep band is used for basketball games, but this year's band is small enough to allow the entire band to play.

The band is currently rehearsing for a concert to be given during 1956. No definite date has been set as yet. Auditions are now being heard for soloists.

## Team Introduced At Kick-Off Rally Held Yesterday

The 1955 Wolfpack basketball team was introduced during the Kick-off rally in the Old gym yesterday morning. Coach Jake Lawlor presented the season schedule and a talk on the team's chances this year.

The rally, first to be held during the day, featured introduction of the individual players by song-leaders and cheerleaders.

The rally committee, under the direction of Gary Brock and Phil Hannifan, presented a preview of the first game with Beale Air Base. The pep band played between skits.

Rallies to introduce other varsity teams are being planned, announced rally chairman Bill Sprow.

## Intersquad Match Opens JV Season

Opening this year's junior varsity basketball season will be a preliminary intersquad game before tonight's varsity opener with Beale AFB. Tomorrow night, the JV's will play the Reno Print city league team as a prelim to Nevada's second contest with the Beale hoopsters. Both games will start at 6:45 p. m.

After recent cuts, the junior varsity has been narrowed to 20 men, according to coach Hugh Smithwick. There have also been several additions to the squad, he added.

### Present Members

Present members of the junior hoopmen include: Leslie Fry, Gary Porter, Gary Wilson, Garry Stone, Neil Rice, Jim Randall, Paul Turner, John Sibbald, Bill Rankin, Tony Bell, Don McIntyre and Dick Stringham. Other players are: George Smith, Mark Nicklanovich, Sam Beagle, John Flynn, Gary Lundergreen, Dave Ferrari, Clyde Sabala and Dewey Bershied.

Future game scheduling is awaiting the decision of the city league basketball commission on whether the junior varsity can play in city league competition, explained Smithwick.

## Rifle Team Loses Two Postal Shoots

By Bill Engel

Last week's postal match with Dartmouth and University of Florida marked the first time the rifle team has been defeated this year. Those two defeats mar the seven straight victories of earlier matches.

Nevada shooters lost to Dartmouth, in a three-position shoot, 1414 to 1415. They lost to Florida, in a four-position match, 1898 to 1930.

Aside from the regular postal matches scheduled for this season, the team will also travel to Eastern Washington State and University of California, Berkeley, for shoulder to shoulder matches. Arizona State is flying up here in February for a shoulder to shoulder match. There will also be several contests with local rifle clubs during the year, said coach Cantrell.

Returning lettermen this year include: Max Botz, senior; Terry Katzer, junior; John Darrah, junior; Gene Espin, junior; John Middlebrook, junior; Dick Miles, junior, and Chuck Taylor, senior.

## Blood Money Paid Student Donors

Have any old blood to spare? The Washoe County Blood Bank is now paying \$10 a pint to students who donate blood, according to Dean William Carlson.

Students who wish to make some extra money are asked to be typed at the Washoe Medical Center on Mill and Kirman streets. Names and blood types will be kept on file. When blood is needed the prospective donor will be contacted.

The blood bank is open 10:00 a. m. to 4:00 p. m., Monday through Friday. Donors must be at least 21 or have a notarized permit from their parents. Blood cannot be donated more often than every three months.

For additional information contact Mrs. Adeline Steiner in the Dean of Student Affairs' office.

## Matmen Grapple In Novice Match

Nevada matmen will make their first appearance in intercollegiate wrestling in many years, at the San Jose State novice invitational match tomorrow. Nevada, with other schools from northern and central California, will attend this ninth annual novice meet.

Only wrestlers who have placed first, second, or third in NCAA or AAU matches are excluded from novice matches.

Representing the Wolf Pack at San Jose will be Don Nelson, in the 147 pound class; Dick Hamilton and Dick Mansfield, in the 157 class; Don Stone and Bill Lundergreen at 177; Harold Gottelli, at 191 and Phil Hatch in the unlimited heavyweight class.

Wrestlers with previous collegiate experience include Nelson, Stone, and Lundergreen. All members of the team will face some stiff competition against such schools as Fresno, COP, Stanford and San Jose, according to athletic director Art Broten and team coach Neil Garrett.

The team will leave here Friday and weigh in at 9:00 a. m. on Saturday.

Then there was the old maid who said she was looking for an LS-MFT man . . . long, short, medium, fat or thin.

# Hoopsters Open Season

By Bill Engel

Wolf Pack hoopmen will open their season here tonight against Beale AFB.

Starting time for the game will be at 8:15 p. m., with a preliminary intersquad contest of the junior varsity set for 6:45.

Starters for the first of a two-game series with Beale AFB, will be Jim Lyon, 6'3" and Roger Trounday, 5'10" at forwards; Hal Plummer, 6'5", center, and at guards, Dan Sullivan and Ken Longero, both six footers. All but Lyon are veterans from last year's squad. He is new to Nevada, but had previous experience at Sacramento junior college.

Coach Jake Lawlor feels that this game will be a good start for the team because of Beale's fine record last year of 32 wins and six losses. The air force team also has the advantage of a few inches of height, particularly at center.

### Nevada Looks Good

Nevada looks good in the shooting department, according to Lawlor, but the defense is still weak. Last season's opener was with College of Idaho, who split

the two game series with the Wolf Pack.

Starting lineup for the airmen include Chuck Sootman, 6'5"; Dave Murphy, 6'3", at forwards; John Askey, 6'6½", center; and Ed Ruck, 5'11" and John Cherry, 6'1" at guards. Sootman had a year's college play at CCNY, Murphy two years at Washington and Lee; Askey, four years at Alabama State; and Cherry, only high school experience.

Though Beale has never played Nevada before, the airmen did beat Humboldt State in their two meetings this year. For the past few years, the university athletic department has been trying to arrange a series with Beale, but this was the first year it was possible, explained Lawlor. He hopes that the series with the air base will be continued in future years.

### Fourteen Home Games

Including tonight's game, fourteen of this year's 21 scheduled games will be played at home. Contests here are with Whittier College on Dec. 12, Olympic club of San Francisco on Jan. 13 and 14, Fort Ord on Jan. 16, College of Pacific on Jan. 28, Chico State

on Feb. 3 and 4, Humboldt State on Feb. 10 and 11, and Cal Aggies on Feb. 24 and 25.

Highlight of the season will be the team trip to the Far Western Conference tourney in San Francisco, Dec. 28, 29 and 30. Six teams have accepted invitations for the tournament.

### Out of Town

Out of town contests include Eastern Oregon at La Grande on Dec. 9 and 10; College of Pacific at Stockton on Dec. 17; San Francisco State at San Francisco on Jan. 6 and 7; and Sacramento State on Feb. 17 and 18.

An open date still remains on Jan. 27, said Coach Lawlor in announcing this year's schedule.

# Nevada Coaches To Reorganize

Physical education teachers and coaches from throughout the state met in Hawthorne this week to reorganize the inactive "Nevada Association for Health and Physical Education."

Dr. Ruth Russell, associate professor of physical education at the University of Nevada and president of the association, said the group, organized in 1929, is primarily interested in high school and junior high school physical education. Officers of the association have been mainly college instructors, but the group will reorganize with high school instructors in the positions of leadership.

# PE Performs In Carson

Badminton, volleyball, and tumbling will be demonstrated by the University physical education department Friday, Nov. 9 at the Carson City high school.

The badminton demonstration will include both men's and women's singles, and mixed doubles. Demonstrators will be Helen Meader, Shirley Behymer, Coach Gordon McEachron and Dan Sullivan.

### Triplets

Six women will then give a demonstration of volleyball triplets. This is a volleyball game played on a court the size of a badminton court with three women on each team. Participants will be Helen Meader, Shirley Behymer, Dorothy Hill, Loene Tippin, Josie Aufdermaur, and Evelyn Ames.

The program will be ended with an exhibition by Art Broten's tumbling team and perhaps a performance on the trampoline.

Chaperones for the occasion are

to be Miss Lois Fitzgibbons, Art Broten and Coach Gordon McEachron.

Requests for similar demonstrations have been made by several Nevada high schools although no definite plans have yet been made.

All those young Americans who dream about being president, should go to France. They're bound to become at least a premier, sooner or later.

# Fourteen Picked For Varsity Squad

Fourteen men have been picked for the varsity basketball team, according to Jake Lawlor, coach. Those players cut from the squad will continue to play, but with the newly formed junior varsity.

There may be further cuts, Lawlor said. He felt there would be some shifting of players from the JV's to the varsity, and visa versa. The basketball coach explained that there would be no freshman team this year, but that all those not on the varsity, regardless of class, would go to the junior varsity.

### Seven Return

Seven men have returned from last year's team. The 1955 season ended with eight wins and thirteen losses, and three wins to seven losses in conference play. Coach Lawlor feels the team will do much better this year, with half the squad having varsity experience.

This season will open with a two

game series against Beale AFB on Dec. 2 and 3.

Returning from last year's team are: Bob Jones, guard, with two years experience; Ken Longero, guard, with one year; Hal Plummer, center, with one year; Dean Smith, forward, with one year; Dan Sullivan, with one year; Roger Trounday, with two years; and Brian Whalen, with previous varsity experience.

New additions to the squad include: Don Bissett, forward; Harold Hanson, center; Martin Johnson, forward; Jim Lyon, forward; Dale Porter, center; Joe Viani, guard, and Rick Wolgamott, guard.

This year's team will average over six feet and is much taller than teams for the past few years, according to Lawlor.

You can have reliance on every Silver State Appliance.

### Platforms Hit At Convention

Chuck Coyle, president of University of Nevada Young Democrats, headed a delegation of nine to the Young Democrats three-day state convention recently in Reno.

The convention discussion covered the platforms of the Democrats compared to the Republicans. Platforms in the coming 1956 elections were reviewed.

Neal Smith, national Young Democrat chairman; Thomas Cooke, Democratic Washoe county chairman; Grant Sawyer, Democratic state chairman; Philip Burton, Democratic regional chairman, and Allen B. Abel, president of the Washoe County group spoke to the delegations. The convention was closed with a banquet at the Hotel Riverside and a speech by Senator Alan Bible. Reno lawyer Pete

### Prank Backfires On Frat Pledges

A traditional fraternity pledge prank backfired last week when six Theta Chi pledges took a walk they had scheduled for someone else.

The pledges tied-up two Theta Chi actives, Dave Lowe and Chuck Fulkerson, and drove them to within three miles of Pyramid Lake. There they left the actives

Echeverria was master of ceremonies.

Pat Culever was selected as a delegate by the University Democrats to represent them in the national convention of the Young Democrats in Oklahoma City early this December.

Other members of the delegation were Bill Macdonald, Merle Hoyt, Phil Hannifin, Julie Stavros, Don Travis, and Simmie Cooper.

to struggle out of their bonds and walk back to Reno.

The pledges began to worry about the possibility of snow, so they drove back to the spot to bring Dave and Chuck back to town. The actives, however, had taken refuge in the meantime in a nearby ranch home, and could not be found. The pledges, still searching for their victims, ran out of gas and walked 25 miles back to town.

The actives returned the next day about 8 p. m., after spending a pleasant day on the ranch.

The pledges involved were Gary Soule, Dave Wood, John Calaghan, Jay Schofield, Roger Grable, and Danny Johnson.

### SAE TRIBE STAGES ANNUAL INDIAN DANCE

The SAE braves and their squaws danced to the music of Jack Reimers and his band last week at the fraternities annual In-

### SAE FRAT FLAG STOLEN DURING PLEDGE SNEAK

The SAE fraternity flag was stolen during a recent pledge sneak. The negligence of the pledges left the flag exposed to a possible theft, stated John Etcheto, SAE president.

It is the pledge classes duty to remove the flag from its position over the front porch at sundown. They didn't take the flag down before going on the sneak and it was taken when the actives left the chapter house to find the pledges.

dian dance.

Gay Hanson won the prize for the best girls costume and Mike Evans won for the men. Mrs. A. Auchampaugh, SAE house mother, Dr. and Mrs. Hicks, and Mr. and Mrs. R. Mills were chaperones and they judged the 120 homemade costumes.

### Lambda Chi Home Opens in January

The new \$70,000 Lambda Chi Alpha fraternity house will definitely be open Jan. 3, announced Bob LeGoy, alumni advisor. Completely furnished, the house will cost approximately \$85,000.

Special house elections will be held next week to start operation of the new home. Gary Brock and Merle Hoyt are the two candidates for house president.

#### Quarters 35

The house will furnish quarters for thirty-five men. Study facilities are provided in each room. The building is modern throughout and has facilities to accommodate a house mother.

The Lambda Chi's have been without a house for over a year. The old house stood on the same site before it was torn down to make room for the new house.

An open house will be planned soon for the campus. The date is expected to be the first week in January.

The house is now being used for meeting every Monday night. It will also be the scene for the alumni fund-raising Christmas dance.

The house features living quarters on the ground floor, an open terrace that overlooks downtown Reno, and large dining and living facilities.

The construction was done by alumnus Mel Hancock, general contractor. It is primarily roman brick and stucco on the outside, and plaster and Philippine mahogany on the interior. It also features a flagstone fireplace to be matched later by a flagstone patio.

#### COLLEGE IS SOFT LIFE

Some students might want to stay in college forever if they figured out just what a soft touch they have here.

This semester there is a possibility of 141 calendar days that could be spent in classrooms. Instead, the students are around the buildings only 83 days out of this total, or 58 per cent.

To further delight the lazy, the school week can be compared with the 40-hour week. Students spend only 37.5 per cent as much time at their occupation as the average worker does.

#### Vacation

The list of school-day vacations for this semester are as follows: Admission Day, one day; Veterans Day, one day; Thanksgiving, two days, and Christmas, ten days.
