Union Work Begins Tuesday

Groundbreaking rally for the new Jot Travis Memorial Student Union building will be held on the Nevada campus on Tuesday, Feb. 21, at 11:00 a. m.

The groundbreaking, which will be on an unofficial basis, will be performed by chairman of the student union board, Phil Hannifan, and Jerry Mann, ASUN president.

Plans for the ceremony were discussed at a special nominations meeting of the board of directors Tuesday night. As discussed, an attempt will be made to secure the services of the German Band and Bob Faiss, assemblies chairman, will be contacted in hopes that this will be turned into an informal student assembly.

Spade Raffle

Also discussed was the possibility of raffling off the spade used in the groundbreaking to the highest bidding sorority or fraternity house.

Hannifan proposed a by-law, which was passed by the members present, that upon being named to the board of directors, each member will be required to post a five dollar deposit on assuming his duties. Out of this deposit, 25 cents will be assessed when a member is late for a meeting, and 50 cents will be assessed for an unexcused absence.

The money assessed will be placed in a general fund and the remainder of the deposit will be returned to the member when his term expires.

Members of the board also submitted the names of several people from the various colleges on campus to fill the vacancies left by January expirations on the board. Eight members are scheduled to be replaced this semester. The vote will be taken at the regular session of the board next Wednesday night at 7:00.

Students to Select All-School Talent

Two shows will be staged next week by the ASUN assembly committee announced Bob Faiss, committee chairman.

An all-school talent show will be presented Thursday at 7:30 p. m. in the Education auditorium and a road-show troupe will travel to Carson City high school for a presentation Friday afternoon.

Student entertainers selected by the student body will be featured in the talent show. Ballots were distributed to living groups this week. The ten student performers receiving the highest number of votes will appear in Thursday's show.

Rusty Ballinger will be master of ceremonies for the show.

Ron Moroni, Jan Chiatovich, Al Creel, Gary Wilkerson, Chris Kaptovich, Mayer Freedman, Charlie Myerson, Gary Luther, Duke Fuller, Trudy Caddel, Dick Bryan, and Rusty Ballinger will appear in the Carson City show.

Denver Wins Carnival, Nevada Places Eighth

Denver University skiers came out on top in the 17th annual winter carnival meet. They won the slalom and down hill events, and placed second in cross country and jumping. The University of Idaho challenged their 391.4 points with 371.2 points to place second.

In the cross country event which started at Galena Creek on Friday afternoon, Western State won with 98.3 points. They were followed by Denver, Idaho, Colorado, and Washington State. Nevada placed eighth with 88 points. Top man in the event was Harold Riiber of Denver who won over Dick Hise of Western State. Harry Ericson was the top Nevada man in twelfth place. Rusty Crook was the second highest for Nevada.

The University of Idaho won the jumping event Sunday. They topped Denver University, Washington State, University of Colorado, and the University of Utah. Erik Berggren of Idaho edged Stephen Reishl of Western State. Rusty Crook was high for Nevada in the jumping event.

Denver Day

Saturday was Denver's day. They won both the downhill and the slalom. In the downhill Denver had 98.5 points to Utah's 96.8 points. Colorado, Washington State and University of Idaho followed. John Cress of Denver placed high in this with a time of 1.071 minutes. Dean Lodgoel of Whitmann had 1.072 for his time. Bob Autry was Nevada's high scoring man with 1.170.

In the slalom, Denver was first with 98.8 points and Idaho, Utah, Colorado and Western followed. Nevada placed sixth with 81.3 points.

Ski Meisters

Men who competed in all four events are honored as Ski Meisters. The five highest men were Frank Cammack of the University of Idaho with 374.4 points, John Cress of Denver University with 370.8 points, Gerald McClellan of Denver University, 368.7 points. Reid are Ullevaalseter, 363.1 points, and Bard Glenne of Washington State with 362.4 points.

Three Nevada women were among the first five to score during the powder puff derby. Kathy Zimmerman of the Nevada team was first, Mary Ann Tonini was third, and Joan Smith was fourth. Les Bennett of Whitman ranked second and Lorarine Beamer from Idaho was fifth.

BLOOD TO BE TYPED

Students who want to be blood typed quickly and for free should gather at the university infirmary Tuesday, Feb. 21.

The blood bank workers will be able to handle 12 students every six minutes. Blood typing will be done from 10:00 a. m. to 1:00 p. m.

Ski carefully! The leg you break may be your own.

HORROR CORNER

Ninth and Virginia has struck again!

Wednesday afternoon at approximately 4:15 p. m., a 1953 Plymouth driven by John Gary Whisler, a freshman student at the University of Nevada, struck a late model Ford station wagon driven by Nell Dugger, 2 C Park Terrace, Reno.

The Nevada student was traveling south when his car hit the Dugger automobile on the right rear side as it was crossing Virginia street towards Sierra.

Damage was not extensive to either automobile. The hood and grill of Whesler's car were damaged slightly, while the only damage to the other car appeared to be a dent above the rear wheel.

James Gilbert Funeral Services Held Tuesday

Funeral services for James Gilbert, 19-year-old sophomore, were held Tuesday afternoon in the home chapel of the Ross-Burke company.

A large group of fraternity brothers from Sigma Nu and friends from the other fraternities and sororities attended. The Rev. Theode Kerstetter of St. Stephens chapel officiated.

Gilbert died Sunday morning from injuries received in an automobile collision Saturday night six miles north of Reno on Highway 395. His northbound car hit a pickup truck as it turned into a driveway.

Out of Danger

With Gilbert were two friends, Ted Osgood and Braden Stauts, both of SAE. Osgood suffered a moderately severe brain concussion, but is out of danger, and is expected to leave Washoe Medical center next week. Stauts were released after emergency treatment at the medical center.

A member of the University ski team, Gilbert had been driving back to Reno after competing in the annual Winter Carnival. The final day of the carnival was dedicated to him, and he was posthumously awarded a sportsmanship medal.

Reno High Graduate

He was a native of Tonopah, but had lived in Reno since infancy. He attended grammar and high schools in Reno prior to attending the university, where he majored in engineering, and was a member of the Block N society.

He is survived by his parents, a brother, Marvin Dick Gilbert of Mountain View, California; grandmother, Mrs. Lida Gilbert, Reno; two uncles, Henry R. Gilbert of Hawthorne and Charles Gilbert of Reno; and two aunts, Mrs. Della Dodson, Hawthorne, and Mrs. Frances Piery, Independence, California.

Sundowners To Name Queen For Levi Formal

A "Bourbon Queen" will be selected to reign over the Sundowners' Levi Formal scheduled for February 24, Sundowner president Ralph Brinton announced this week. The queen will be chosen from nominees of each women's living group by the Sundowners.

"In case someone should get the wrong idea," explained Brinton, "a Bourbon is a rose distinguished by compact, upright growth, shining leaves and clustered flowers. In plainer language, we are selecting a 'Rose Queen.'"

Brinton described the type of queen the Sundowners want.

"We are looking for a queen who best reflects the Sundowners ideals. We don't seek a 'brain' and, on the other hand, we don't want a 'party girl.' The Sundowner queen will be an average college co-ed who has not yet won recognition for her service to the school."

An independent candidate will be selected by independent members of the Sundowner group.

All Segments

"We want to be sure that every segment of the female student body is represented," said Brinton. He explained that usually only affiliated girls or those living in campus dormitories are considered in queen contests.

Living groups selecting queen candidates are asked to observe these rules:

1. The candidate must hold no other campus "Queen" title.
2. She must be a regularly enrolled student.
3. She must not be president of any campus club or organization, except living groups.
4. She must be active in at least one campus club or activity.
5. She must be single.
6. She must not be on social probation.
7. She must have made a 2.0 average in one of the last two semesters. (This rule is waived for freshmen nominees.)

All groups making nominations are asked to hand the names of the candidates in to any Sundowner member.

The queen will be awarded a floral crown at the dance and will reign from the Sundowner throne.

The dance will be held at Moana and will begin at 9 p.m. Tickets are \$1.50 per couple and may be obtained from any member.

Travis Delegates Mackay Day Jobs

An organizational meeting of the Mackay Day committee was held Wednesday, under the leadership of Chairman Don Travis.

Travis announced the chairmen to head the internal duties. They are: Jay Powell, secretary; Donna Fisher, sorority open houses; Susie Kuypers and Tom Richardson, dance; Bob Morril, trophies; George Woodward and John Ingram, athletics; Steve Dollinger, high school president's day; Mike Evans, publicity; Simmie Cooper and Bob Lewis, beards and costumes; Bill Sprow, parade; Donna Holstine and Sue Humphrey, luncheon; Bob Faiss, assembly.

The group discussed the tentative program for the three day celebration to be held in May.

HART ELECTED HEAD OF YOUNG DEMOCRATS

Jim Hart was elected president of Young Democrats at the group's first meeting of the semester, Feb. 2.

Other officers are Barbara Cavanaugh, vice-president; Nora Kellogg, secretary; and Norma Jean Annett, treasurer.

A social between the Young Democrats and the Young Republicans was discussed. The social will be held sometime this semester. Those who were selected to work on it are Chuck Coyle, Carol Starr, and Nora Kellogg.

Reorganized Battalion To Become Regiment

For the first time in University of Nevada history the Corps of Cadets is now organized into a regiment. Lieutenant Colonel Robert L. Bereuter announced today that the Corp of Cadets which formerly consisted of a battalion of five companies will henceforth be formed as a regiment of two battalions, each battalion having three companies.

Cadet Colonel Robert C. Lewis will be the regimental commander of the new organization. Lewis, the top ranking cadet during the school year, is a history major at the University. He is the son of Bishop William F. Lewis, Episcopal bishop of Nevada.

Cadet Lieutenant Colonel Roger S. Trounday is the regiment ex-

ecutive officer. He is the son of Mrs. Grace Trounday of Reno. Trounday is in the College of Education and plays on the varsity basketball team.

Witt

Cadet Lieutenant Colonel Everett L. Witt of Henderson, Nevada, and Cadet Lieutenant Colonel Maxwell K. Botz of San Francisco are new battalion commanders. Trounday, Witt, and Botz were company commanders in the old organization.

The seniors promoted to the regimental staff include: Colonel Robert C. Lewis, Lieutenant Colonel Roger S. Trounday, Major James T. Wright, Major David J. Mahoney, Major Duane A. Glanzmann, and Major Charles M. Tay-

lor. Band leader is Captain Thomas D. Murie.

First Battalion

First battalion commander and staff are Lieutenant Colonel Everett L. Witt, Major Daniel S. Goodman, Major Robert A. Jepsen, Captain Roy M. Whitacre, Captain Hilliam S. Barrett, Captain Dwight S. Powell, and Captain Phillip R. Collins.

Company A will be headed by Captain Gary B. Hafen and First Lieutenant William Priest. Company B promotions include Captain John C. Mead and First Lieutenant Ralph M. Brinton. Company C, Captain Farrel W. Lytle and First Lieutenant Dennis K. Burge. Second battalion commander and staff are Lieutenant Colonel Maxwell K. Botz, Major Con J. Lund, Major John C. Jepsen, Captain Robert W. Thomason, Captain Gail G. Munk, Captain D. Symonds, and Captain Grant L. Bowler.

Promoted in Company D, Captain Joseph A. Leal and First Lieutenant Gerald E. Crowe, Company E, Captain James G. Dunseath and First Lieutenant Eugene B. Mills.

400

Lieutenant Colonel Bereuter said the new regimental organization is being adopted to provide more command and leadership positions. He also said that the increasing enrollment in ROTC will be more readily absorbed in the larger organization. At present there are approximately 400 students in the ROTC program, and 500 students are expected to enroll at the beginning of the next school year.

The new organization elevates the senior students to higher ranks and creates command positions in the companies for junior students. This will provide the junior with command positions before ROTC summer camp, said Lt. Col. Bereuter.

YOUNG REPUBLICANS SET FUNCTION DATES

Next meeting of the Young Republicans will be Tuesday, Feb. 21, at 7:00 p. m. in the basement of the Wolf Den. All those interested in joining the club and helping on the 1956 presidential campaign are urged to attend.

At the meeting held recently, the organization discussed and set dates for various future functions. Election of new officers has been tentatively set for Feb. 28, and the annual Sunday dinner with the Governor has been tentatively set for Sunday, March 4.

Also discussed was a social to be held with the Young Democrats and the date set for March 6.

The young Republicans held their Lincoln Day Dinner last Thursday night at the Masonic Temple.

AWS Elections Set for Mar. 14

Elections for president of the Associated Women Students for next year will be held on March 14, according to Sandra Mitts, AWS president. Nominations must be submitted to the council by Feb. 28, when its next regular meeting will be held.

In order to be eligible for the presidency the candidate must be of senior standing next fall. She must have a 2.4 over-all grade point average, as well as the ability to speak, organize and work with people.

The council will investigate qualifications of the candidates and eliminate those unsuited for the office.

Primary elections will be held on March 12, with the top two candidates going into the general election. Of these two, the woman receiving the most votes will be AWS president, and the runner-up vice president.

The proposed constitution for the women students will also be voted upon at the time of the general election. Copies of this were distributed to the living groups on campus this week, with copies also available in the YWCA.

EVERYBODY CALLS FOR LUCKY DROODLES!

WHAT'S THIS?

For solution see paragraph below.

MATCHLESS—that's the word for Lucky Strike! Want better taste in a cigarette? Light up a Lucky! Luckies taste better because they're made of fine tobacco that's **TOASTED** to taste better. Incidentally, *matchless* is the word for that Droodle, too; it's titled: Very short candle as seen by Lucky smoker about to light up. Touch a flame to a Lucky yourself. You'll call it the most *glow-rious* cigarette you ever smoked!

NEVADA AND SACRAMENTO DISPUTE UN DELEGATIONS

Delegates from the University of Nevada's model United Nations are in a hassle with those of Sacramento State college at the present time. The schools have each been appointed to represent both the Dominican Republic and Italy at a conference to be held in March.

As each school is graded on the presentation of its assigned country, it will be impossible for both schools to represent the same one. Earl Hawley, chairman, said that he should receive definite word soon.

One, Two

Originally, the University of Nevada had been assigned Italy, and Sacramento State College was to represent the Dominican Republic. At a recent pre-conference which was held at Stanford university, however, the chairman gave Italy to Sacramento, and the Dominican Republic to the U. of N. without changing their previous assignments.

Earl Hawley, Phi Sigma Kappa, and Gay Hanson, Kappa Alpha Theta, were designated by the senate to head the model United Nations project. Gay was chosen as chairman at the conference which will be held April 4 through 7 in Corvallis, Oregon.

Sixteen Students

The University of Nevada is sending 16 students to Oregon State college for this convention. There will be 11 delegates, four alternates, one pressman, and two advisors.

Hawley stated that some of the participants will appear on the Crusade for Freedom television program on March 7. Plans have been made by Dean Carlson, director of student affairs, and Mr. Hodges, head of the local Standard Oil plant.

Four Meetings

There have been four meetings of the model United Nations since

Nevada has been a member. At each of these meetings, reports have been given on the activities and physical make-up of Italy and the Dominican Republic.

Such reports include political affairs, economic conditions, social problems, geographical statistics, and the people's customs. Members of the committee volunteer to do research for these various topics. When the reports have been given, they are placed on the reserve shelf of the library for reference.

Material for these topics is gotten from the embassy in New York as well as reference books.

Fifty Five Cents

If any student refers to himself as an American or University of Nevada student, he is fined five cents. At a recent meeting, Joe Crook managed to make 11 such mistakes.

These hearings are open to all students interested in working for the model United Nations conference to be held in April. Meetings are held each Tuesday in the Senate room at 8 p. m., and generally last for two hours.

If everyone stood on their heads, more people would be smiling.

Cent Savers Give Post Office Woe

R. F. Briggs, superintendent of the university station of the post office, recently announced that this station was having considerable trouble with university students putting first class matter in unsealed envelopes with only two cents postage.

This matter, said Briggs, has to be returned to the sender, if known, otherwise it is sent to the "Held for Postage" section of the main office. Notice is then sent to the addressee to send the deficient postage, therefore causing considerable delay in delivery.

This is being brought to the attention of the students in hopes that such practices will be suspended.

Briggs volunteered the following information to prevent delay in similar situations:

Tri Delts Take Carnival Trophy

Delta Delta Delta was awarded the Winter Carnival Trophy for the best sorority house decoration.

Winners of the coveted trophies were announced at the annual Sno-Ball at the Fable Room of the Mapes hotel last Saturday night. Chuck Harrison presented the trophy to the winning sorority.

The Tri-Delt decoration depicted a Holland winter scene. "Winter Velcome" was the slogan of

the Dutch selection.

A windmill, which covered the entrance of the house, was the main eye-catcher of the theme, and two ice skaters were located below the windmill.

Judging was based on four features with the maximum of one hundred points being allotted to each house. Thirty points were given for originality, thirty points for workmanship, thirty points for overall appearance, and ten points for theme.

Louise Harrison, decorations chairman, and Mike Evans were in charge of the construction.

ENGINEERS

BOEING AIRPLANE COMPANY

WILL CONDUCT PERSONAL INTERVIEWS ON CAMPUS

Friday, February 24th

Boeing has many positions open for graduating and graduate students. These opportunities are in all branches of Engineering (AE, CE, EE, ME and related fields). Also needed are Physicists and Mathematicians with advanced degrees.

Fields of activity include Design, Research and Production. Your choice of location: Seattle, Washington or Wichita, Kansas.

Personal interviews will cover the details of openings, the nature of assignments, Company projects currently in work, and miscellaneous information about the Company.

Come and learn about the excellent opportunities with an outstanding Engineering organization—designers and builders of the B-47 and B-52 Multi-Jet Bombers; America's first Jet Transport, the 707; and the Bomarc IM-99 Pilotless Aircraft.

For personal interview appointments—consult your

Noted Lecturer Talks to Sigma Xi

A noted lecturer will be the guest speaker tonight at the Sigma XI club meeting. Dr. Fritz W. Went will speak on the subject "The Role of Environment in Plant Growth."

The club is sponsoring Dr. Went's lecture to encourage discussion of scientific research subjects. It is part of the club's plans to bring prominent researchers to speak on the campus.

Dr. Went is a professor of plant physiology at the California Institute of Technology. It is said that he is a leading expert in several botanical fields, including the effects of air pollution on plants, desert plants, and the importance of water in plant growth.

The meeting will start at 8 p.m. in the Education Auditorium. Refreshments will be served

PHI SIG HOUSE, Fraternity Winter Carnival decorations Winner

Editorial

Members of the Nevada assembly were presented with a rare philosophy recently when Rodney Reynolds, Washoe county assemblyman, sought to amend a section of a bill permitting aliens to act as exchange instructors at the University of Nevada.

The Washoe legislator suggested to his colleagues that all alien instructors be prohibited from teaching at this university, or to put it in his words, "It is better that we lose 100 fine minds than to allow one communist in our university."

Reynolds and his supporters are absurd in their conception that it is inevitable that a communist would penetrate the university through such an exchange, unless communist teachers were expressly invited to participate in the exchange. But perhaps Mr. Reynolds is in possession of some universal axiom that applies to men, women, and instructors that states that one of every 50 or one of every 100 aliens is a communist.

That the possibility exists is not disputed, but the suggestion of inevitability is nonsense. Reynolds advocates that the services of perhaps brilliant men be lost to the American student and offers no more than a hypothetical argument based on the Red scare now existing in this country.

Stan Irwin, representing Clark county, reminded the assemblage of the services rendered Princeton by the late Dr. Albert Einstein. Pursuing this thought further and extending alien influence beyond the school system, some of the leading scientists in this country who are outstanding in atomic and rocket research are aliens; among the most prominent, Germans. Upon these men rest the responsibility of this country's protection in the event of another global war.

Surely communism is as old as the perfection of the atom bomb. Are these men to be considered invaluable concerning our most top secret research while their countrymen are not to be trusted with the education of university students?

Norman Shuey, Churchill county representative who supports Reynold's stand, put forth the theory that a communist teacher who might slip through protective screens might undermine the American way of life.

In the first place, this tends to point out that our screens are not as fine as they could be, but being established by men, this fallibility is understandable.

Secondly, those against admitting alien teachers to our university support the view that is already too generally reflected by the public, that the only way to combat what may be considered evil is to turn your back to it, or in this case, legislate against it.

Does this theory coincide with the American way of life, which is based soundly on democracy?

Is it the democratic theory that men, in this case instructors, who may hold ideas contrary to our own are to be suppressed from expressing them in this country and at this university by governmental legislation, and in effect labeled communists? Or perhaps these men are not to be branded communists, but their ideas are to be treated with the "Thanks just the same, but we have all we need" approach.

The 25 legislators who voted the proposal down must recognize the value of the exchange of ideas. And where better should these ideas be exchanged than in the university?

Such narrow minded attitudes as presented by Mr. Reynolds and his supporters can only be detrimental to a world situation which demands international understanding and a mutual exchange of ideas.

"Menagerie Mountain" Wins Trophy For Best Fraternity Decorations

Phi Sigma Kappa captured the University of Nevada Winter Carnival house decorations trophy for the third year in a row with a theme "Menagerie Mountain" last Saturday night.

The winning scene depicted a hill covered with snow which had a chalet near the top with miniature skiers traversing down hill. A ski jump and tow gave it the added effect of a ski lodge.

More than one hundred hours of work had been put into the decorations since Feb. 3, at a cost of \$17 for materials. Chairman Phil Collins is given the credit for the theme idea.

Since the trophy was first awarded in 1950 the Phi Sigs have won four times. They took it in 1950, 1954, 1955, and 1956, while Lambda Chi Alpha had it in 1951, Sigma Alpha Epsilon in 1952, and the Alpha Tau Omega in 1953.

The trophy was donated by the Nevada Ski club in 1950.

So far this year the Phi Sigs have won the Wolves Frolic and the Homecoming float cups along with the Winter Carnival trophy.

A victory celebration was held with the Tri-Delts, winners of the

sorority decorations, on Sunday morning.

Future Teachers Elect Officers

Mary Jean Hackwood is the new president of the Future Teachers of America. At the elections held recently, Marva Edwards was elected vice president; Cathy Warner, secretary; Marie Anastassatos, treasurer, and Ann Merryman, historian.

F.T.A. members are planning to conduct radio interviews with prominent Nevada teachers. The interviews are planned to stimulate student interest in the teaching field. There is a special shortage of science teachers, according to past president Simmie Cooper.

A trip to Stewart is the next activity on the club's calendar. The members will have an opportunity to observe teaching methods and see how a classroom program is conducted.

Groundbreaking rally for Student Union building, Tuesday, Feb. 21. 11:00 a.m.

SKATES GO ROLLING FRIDAY IN OLD GYM

Roller skating for students on the Nevada campus is taking place every Friday evening in the old gym, Mrs. Gertie Berg, a freshman student, reminded recently.

Students who own their own skates can skate free of charge. Those without skates can rent them for 35 cents a night.

Skating begins at 7:30 p. m., Mrs. Berg stated, and continues until 9:30 p.m. or later. Music is furnished by phonograph and a large crowd could enjoy some fine group skating, Mrs. Berg said.

Southern Campus Building to Start

The first classroom building at Nevada Southern will reach the first stage of construction today when the contract awarding the planning of the building will be signed by the Nevada Planning Commission. The building will be erected on an 80 acre tract of land on Maryland Parkway which is south and east of Las Vegas.

The cost of the building is expected to run in the neighborhood of two hundred thousand dollars, and will be constructed under the supervision of Zick and Sharp, architects. Bids for the construction of the building should be let about May 1.

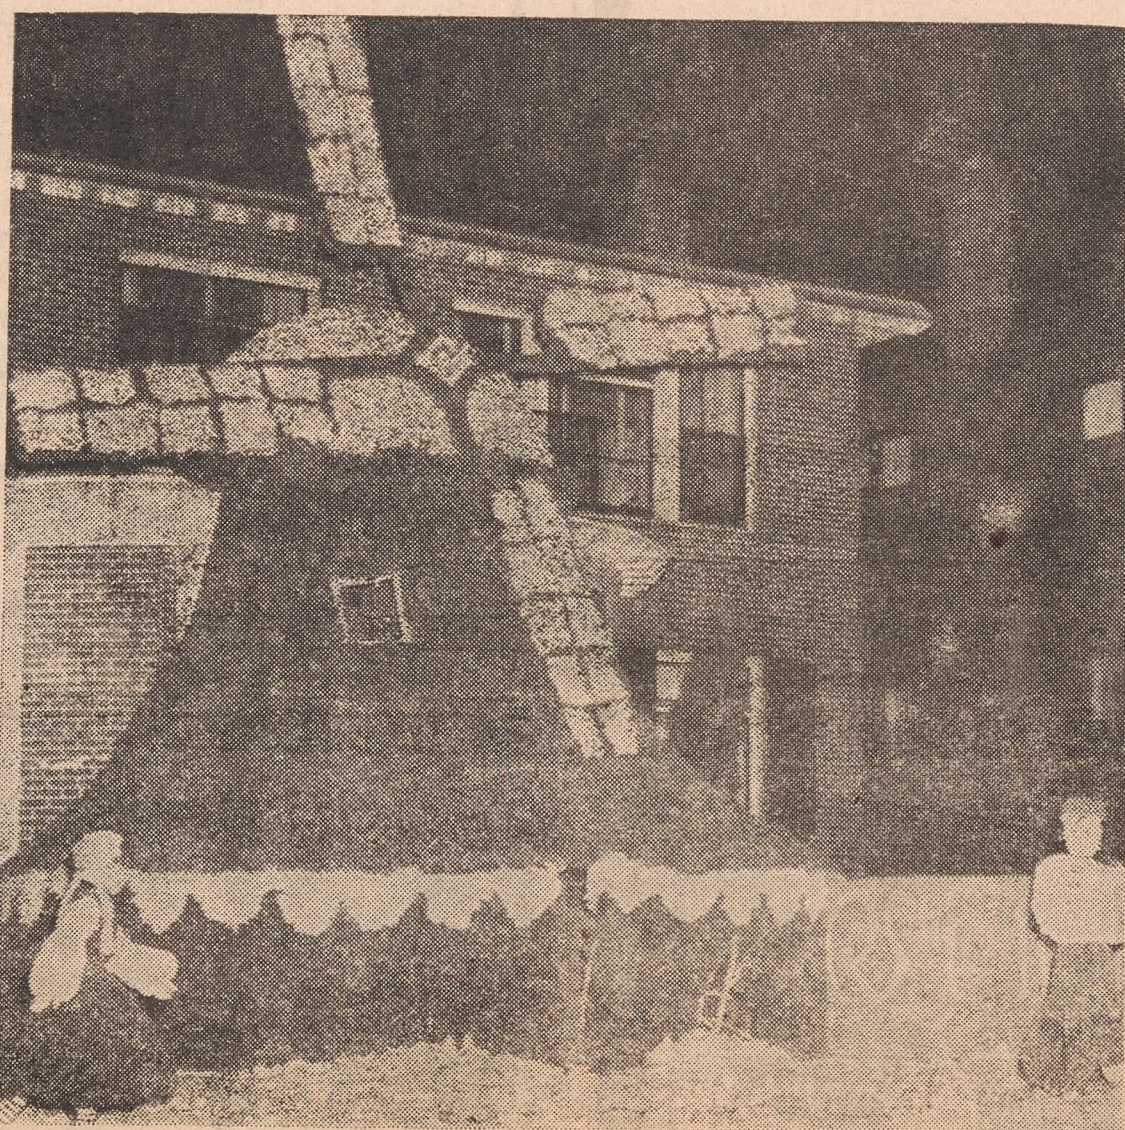

Although actual construction will begin sometime this summer there is little possibility that the building can be used by the start of the fall semester.

Master Plan

A master plan for the Nevada Southern campus is also in the planning stage at this time and will be submitted to the Nevada Planning Commission for approval sometime in the near future.

The first classroom building is expected to house the administrative offices, faculty offices, library facilities and six classrooms, thus enabling students of Nevada Southern to use their own facilities instead of those at Las Vegas High.

At present incomplete enrollment figures indicate that Nevada Southern has 150 full time students and a total enrollment, counting all part-time and special classes, of about four hundred students.

TRI DELT HOUSE, Sorority Winter Carnival winner.

Gymnasts Place High in AAU Meet

University of Nevada's gym team made a good showing last weekend in the Amateur Athletic Union Gymnastic championships held at the Los Angeles City College gymnasium. This was Nevada's first competition in a Pacific Coast gymnastic meet.

Three of the four students competing for Nevada placed among the first ten. Participating for the U of N were Steve Dollinger, Dave Harris, Claude Mabry, and Ed Wessel. Art Broten, coach of the team, said that he was very pleased with the results since none of the boys except Dollinger had ever participated in a gymnastic meet before.

Ed Wessel took second place in the high bar, missing first place by only one tenth of a point. Steve Dollinger, in the side horse, took ninth place and Harris was tenth in tumbling.

Nevada was the only out of state gymnast to compete against 151 gymnasts from California schools.

Broten said that two more meets have been tentatively planned for this semester. San Jose State College may be one of the opponents and Sacramento State the other.

Lincoln Concert To Be Presented By U of N Singers

A Lincoln Memorial concert presented by the University of Nevada Community Symphony and Chorus, will be the feature of the current "Sunday at Four" program presented in the old gymnasium at 4 p. m. on Feb. 19. Admission is free.

The program will be under the direction of William Keith Macy, associate professor of music at the University. It will feature the University Singers, the University of Nevada Community Symphony and the Civic Chorus.

The program will open with "Lincoln Portrait" (Aaron Copland), Randall Ross, narrator; and "Adagio for Strings" (Samuel Barber). Both these selections will be performed by the University of Nevada Community Symphony.

Music Program

The University Singers will then present Memorial Anthem — "In Solemn Silence" (Ippolitof Ivanof-Wilhousky) "Soon — AH Will Be Done" (William L. Dawson), and "Oh Religion Is a Fortune" (Arr. Macy). The University Singers are a group of forty University students.

Nevada Glovemen Meet Bears Sat.

The University of Nevada will take on the University of California Bears in a boxing match Saturday, Feb. 18, at 8:15 p. m. in the Nevada gymnasium.

Last weekend the Nevada team lost to the Louisiana State team in Baton Rouge. The Nevada team to date has won only one match and that was with Cal Poly.

Nevada will try to avenge their loss to Louisiana State on Feb. 27, when the Bengals will come to Reno for a match with the Wolf Pack. Nevada fighters will most likely meet the same opponents, said Jimmy Olivas, boxing coach for the U. of N.

The lineup for the coming bouts with the California Bears will be as follows: Sammy Macias, 119-126; Kieth Ernst, 139; Dick Short, 132; Jerry Tobin, 139; Ted Contri, 147; Bill Priest and Bill Short will be in extra bouts if they can be arranged; Mike Marfisi, 155; Larry Damon, 165, and Bob Genasci in the heavyweight division.

Fraternities Ski

Interfraternity sports have been at a stalemate since the "finals." The new semester finds the fraternities continuing their contests.

Sigma Nu boasts of having the biggest representation on the University of Nevada ski team. Lynn Johnson, Dave Pruett, Harry Ericson, Bill Thornd, John Bosta, and Warren Lerude are the Sigma Nu ski team members.

The only other house that claims to have representation on the university ski team is S.A. E. with Dick Yates, Braden Stauts, and Ted Osgood as members.

An inter-regional ski meet of the Theta Chi chapters will be held Feb. 18. Chapters from Stanford, University of California, and other nearby colleges are expected to attend.

Lambda Chi has invited all fraternity officers to a smoker to cement inter-fraternity relations Feb. 18.

Students and Wives Stranded In Slide Mountain Area Overnite

Four male university students and the wives of two of them were stranded all night in the deep snow of the Slide Mountain area early this week.

Mr. and Mrs. Jim Wittenberg, Mr. and Mrs. Fred Bartlett, Howard Seeman, and Karl Dahl were attempting a tobogaan run down Slide Mountain.

The group parked one car at the bottom of the slope and drove another car to the Reno Ski Bowl where they took the chair lift to the top of the mountain.

Plans were interrupted when one of the two tobogaans hit a rock and Fred Bartlett, a business major, wrenched his knee. As a result of the accident, one of the tobogaans had to be used to carry Bartlett.

The accident occurred at approximately noon when the group was about half way to Price's Lake.

Wittenberg, also a business major, said that members of the group were sinking to their waists in snow estimated to be more than ten feet deep.

Little Valley

Pushing through the deep snow, the six made it to Little Valley, west of Franktown at dark. Franktown is located at the bottom of Slide Mountain in the Washoe Valley.

After leaving Little Valley, they walked until 1 a.m. and then built a fire in order to get warm. They again started on their way, walking another mile before stopping to light a second fire.

The second fire was lit with the group's last dry match. All six stayed awake through the rest of the night.

Washoe county sheriff's deputies were alerted at 12:30 p.m. by Seeman's mother, and search

parties were sent out. At 5:30 a.m. a Civil Air Patrol pilot flew over and found the group. Upon seeing the plane the group spread out and stood to show that no one was injured.

Aside from Bartlett's wrenched knee, Fred Bartlett wrenched his knee, frostbitten toes. Except for that the six made their trek with no trouble and were not lost at any point in the journey.

Progress Made In Building Plans

Plans for a new \$470,000 classroom building to be located on the site of the present Agriculture Extension building are progressing rapidly, and it is believed that construction may get underway during 1956.

This report was released recently by the university. The building will be used to house several offices and classrooms which are now located in the temporary buildings.

The legislature appropriated funds for the construction of the building during the 1955 session of the legislature.

Nevada Riflemen Place First In Sixth Army Competition

Dick Mills, junior student, ranked third individually in the Sixth Army areas 250 man riflery competition, it was reported by Lt. Colonel Robert L. Ber-

uter. The rifle team hawkeys have been named Sixth Army champions and runners-up in the annual William Randolph Hearst Intercollegiate rifle matches.

Team coach SFC Joel Cantrell immediately issued a challenge through the military department and Lt. Col. Bereuter, to the University of Akron, national champions, for a meet to be held on the University of Nevada campus on April 21 to further test the shooters ability.

One point separated Dick Mills from second place teammate Terry Katzer. Mills fired 195 of a possible 200.

Other scores which won national recognition for the team were 192 fired by John Middlebrook, 187 by Gene Epsin, and 186 by Max Botz.

Six Points

The 954 total was six points better than Sixth Army runner-up Montana State and 14 ahead of Eastern Washington of Cheney, with the University of San Fran-

Pack Faces Hornets in Sac. Series; Drop Favored Lumberjacks Twice

The University of Nevada Wolf Pack will move to Sacramento tonight for a two game series with the Sacramento State Hornets. They will play in the Hornets gymnasium in Sacramento.

"We have a good chance of winning," says Coach "Jake" Lawlor "but it is going to be a rough series. We have the disadvantage of playing Sacramento State on their court, and they will be out to knock us out of possibly winning the conference title," he went on to say, "but we will be gunning for the league leadership and that is in our favor."

cisco fourth and UCLA fifth.

By coincidence the win over Montana State and Eastern Washington was the exact order in which the three teams finished recently in the special invitational meet held on the EWCE campus at Cheney.

Col. Bereuter, in extending the invitation to Akron, stated in part, "It is believed the presence of our two high scoring teams will provide excellent competition as well as friendly rivalry."

Two wins by the University of Nevada over Humboldt State Lumberjacks last weekend at the University of Nevada gymnasium left the Far West Conference in confusion. Nevada won a pair of games from favored Humboldt by scores of 63 to 58 in the first game and 68 to 57 in the second tilt.

Percentage-wise, Nevada is still second to Humboldt but if the Wolf Pack could win the rest of their games they could come out on top in FWC league play.

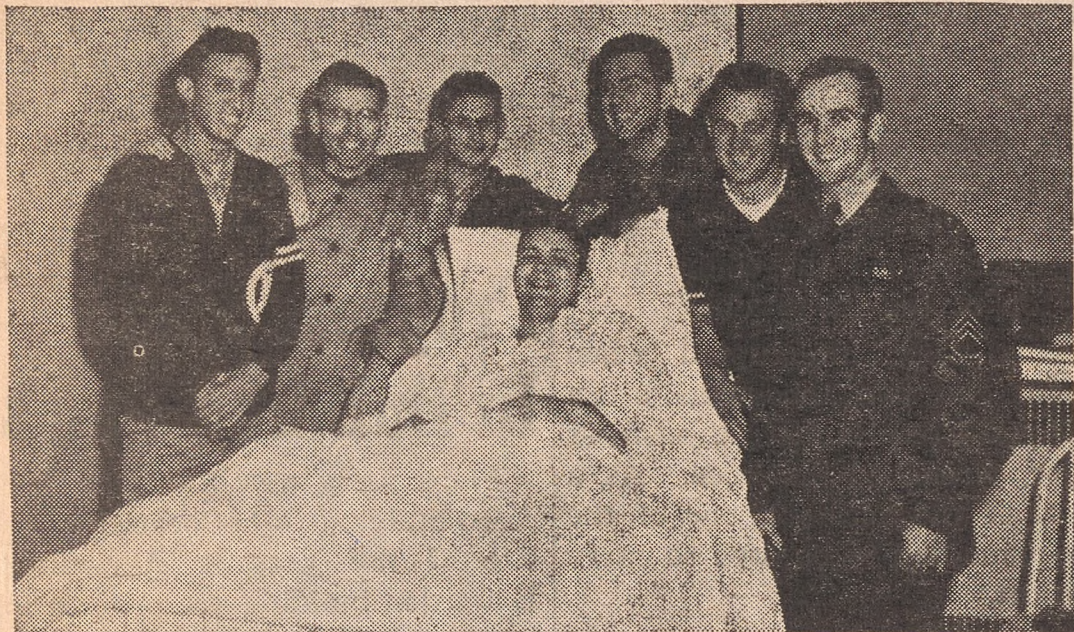

The remaining four games on the Wolf Pack schedule are going to be rough, says Lawlor. Nevada must win all the rest of their games in order to come out on top in Far West Conference play. If they should drop one out of the remaining four games there is a possibility of ending tied with San Francisco and Humboldt for first place.

In the first game of the Humboldt series, veteran guard Dan Sullivan was high pointer for the evening with 20. Humboldt led the Pack for the first ten minutes of play. Alert playing by the tall Lumberjacks gave them the upper hand. They stole the ball on several occasions and also dominated both backboards.

Humboldt jumped into an 18-11 lead, and Coach Lawlor rushed Bob Ferrari, Don Bisset, and Martin Johns into the game to give the Nevadans new life and upset the tempo of Humboldt's game.

Kenny Longero of the Pack kept hopes alive with fast floor action, while the long shooting of Danny Sullivan kept adding to the score.

Jim Lyon set a season high for the Nevada team by scoring 32 points during the second game, with 15 field goals and two free throws. In addition to being high scorer for the evening, his work on the board was very good.

RIFLE SQUAD. From left to right: John Middlebrook, Gene Epsin, Chuck Taylor, Max Botz, Dick Mills, Coach Sfc, Joel Cantrell. In bed, Terry Katzer.

Nevada Boxing Team Falls to LSU; Louisiana Crowd Boos Close Decision

The University of Nevada boxing team was beaten by the Louisiana State University by a 6-3 decision. The matches took place in Baton Rouge before a crowd of five thousand fans, last weekend.

The three winners for Nevada were Keith Ernst, Sammy Macias, and Bob Genasci. The win by Ernst was a surprise victory. Trailing badly the first two rounds, he caught Bobby Freeman with an over-hand right and floored him.

Macias used a strong body attack to outpoint Richard Slaten in the 119 pound class. Macias won easily as he pounded Slaten to the body and then ripped in a fast, hard left that bewildered Slaten.

Genasci

Heavyweight Bob Genasci was ahead all the way as he picked up Nevada's last win of the night, by beating Bubba Spell.

Ted Contri, last year NCAA runner up in the national finals, was beaten again last night for the second straight time. Gilliam McLane won easily from Contri in the 147 pound class.

Larry Damon lost a close decision to Billy Clayton in a slugfest. The decision was met with jeers and boos as some of the crowd evidently thought Damon had beaten Clayton.

Results

Other results of the matches were as follows:

125—Bobby Soileau (LSU) TKO'd Don Kitts of Nevada, 1:41 of the second round.

132—Harold Hebert (LSU) decided Dick Short of Nevada.

156—Gary Bowden (LSU) decided Mike Marfisi of Nevada.

178—Mac Buhler (LSU) decided Chuck Smith of Nevada.

Greeks to Ski At Sunday Meet

This year's interfraternity ski meet will take place Sunday at Mount Rose.

The program has been changed a little this year and a downhill race will be featured. Years ago a downhill race was in the program but it was abandoned after too many accidents occurred. A giant slalom was voted in its place.

Sunday's program includes:

Cross Country—10:00 a. m.

Downhill—1:00 p. m.

Slalom—3:00 p. m.

Competing in these events for Sigma Alpha Epsilon are Don Kissig, Dave Cannon, Ferris Wagner, Ed Curnow and Abner Sewell.

Sigma Nu has enlisted Richard Ankers, Warren Lerude, Dave Pruet, William Thornton, and Harry Ericson.

More Teams

Alpha Tau Omega will compete with Dell Rice, Ed Davis, Butch Pepple, Pat Raum and Trabert.

Theta Chi has George Patterson, Keith Holland, Dale Burt, Bob Gerring and Buzz Mandevill.

Lambda Chi's hopes are in Jack Manhire, Don Ferrari, Bill Rusk, Bill McDaniels, Ed Mow, Dick Coatney, Roger Iveson and Bill Maher.

Each team must finish at least three men to qualify.

C. E. BANQUET

A civil engineering banquet will be held at the Mesa on May 19. Regular civil engineering students from the university and various guests from Nevada and California will attend.

UNDEFEATED TAUS TAKE BASKETBALL HONORS

The 1955 Intramural basketball schedule ended with Alpha Tau Omeya Taking top honors by its seven wins and no losses.

Final results were undecided until Sigma Nu played ATO, each going into the game with six games won and no defeats. ATO won by four points.

Ending in third place with five wins and two losses was Lambda Chi followed by Independents, Sigma Alpha Epsilon, Theta Chi, Civ-

il Engineers and Phi Sigma Kappa.

Final standings are:

	Won	Lost
ATO	7	0
Sigma Nu	6	1
Lambda Chi	5	2
Independents	4	3
SAE	3	4
Theta Chi	2	5
Civil Engineers	1	6
Phi Sig	0	7

Forget to breathe.

SKI TOW COST DROPS

Slide mountain ski tows, formerly costing \$2 for use during weekday afternoons, will now cost University of Nevada students only \$1.50, it has been announced by Bill Sprow, Ski club president. Sky Tavern is still \$1 on weekday afternoons.

Groundbreaking rally for Student Union Building, Tues., Feb. 21, 11:00.

Most likely to succeed —
in more ways than one

He rates a hand from his prof, not only for sinking the most buckets, but also for knowing how to pick his clothes. This Arrow University button-down shirt is beautifully tailored gingham in an authentic tartan, \$5.95—also available in oxford cloth (choice of nine colors), \$5.00.

When worn together with Arrow chino slacks, (pleatless front and back strap) they mark the influential guy on campus. Slacks, \$5.95.

Special Request!

PLEASE IF YOU MUST YELL, "HI-HO SILVER AWAY!" Do it as the title. "The Lone Ranger," hits the screen. Don't spoil the thrilling story. Also, when the Lone Ranger rescues charming you-know-who and smites down the villain, please try to restrain yourself.

AND . . . No Holding Hands during the last two reels of this colorful, wide screen drama (your hands will perspire from the high excitement).

THE LONE RANGER will come to Reno at the Majestic starting Washington's Birthday (if Washington could only be here. I am sure the Lone Ranger would allow him to straddle old Silver, and what an opportunity, plenty of dollars available and the Truckee nearby).

INCIDENTLY, for you Tarzan-type lovers, THE LORD OF THE JUNGLE will be on the same program. Positively, do not yell, HI-HO Silver and the Jungle Call in the same breath. Against the law, you know.

AFTER THE GAME

A DIVISION OF GENERAL DYNAMICS CORPORATION

POMONA, CALIFORNIA

ANNOUNCES!

THURSDAY, FEBRUARY, 23, 1956

CAMPUS INTERVIEWS FOR
ENGINEERING AND SCIENCE
EMPLOYMENT OPPORTUNITIES

offered to persons trained in . . .

- ELECTRONICS ● MECHANICS
- AERODYNAMICS ● THERMODYNAMICS
- MATHEMATICS ● PHYSICS

CONVAIR - POMONA, (California) offers challenging opportunities in one of the most modern air-conditioned engineering departments in the country.

The division, located in Southern California, is engaged in research, design, and production of special

weapon systems for the U. S. Navy Bureau of Ordnance. The well-known guided MISSILE, "TERRIER" is a product of this division.

The training program for engineers with no previous experience generally includes an orientation to the department and division, product familiarization, and first work assignment in the test laboratories or design groups working with experienced engineers.

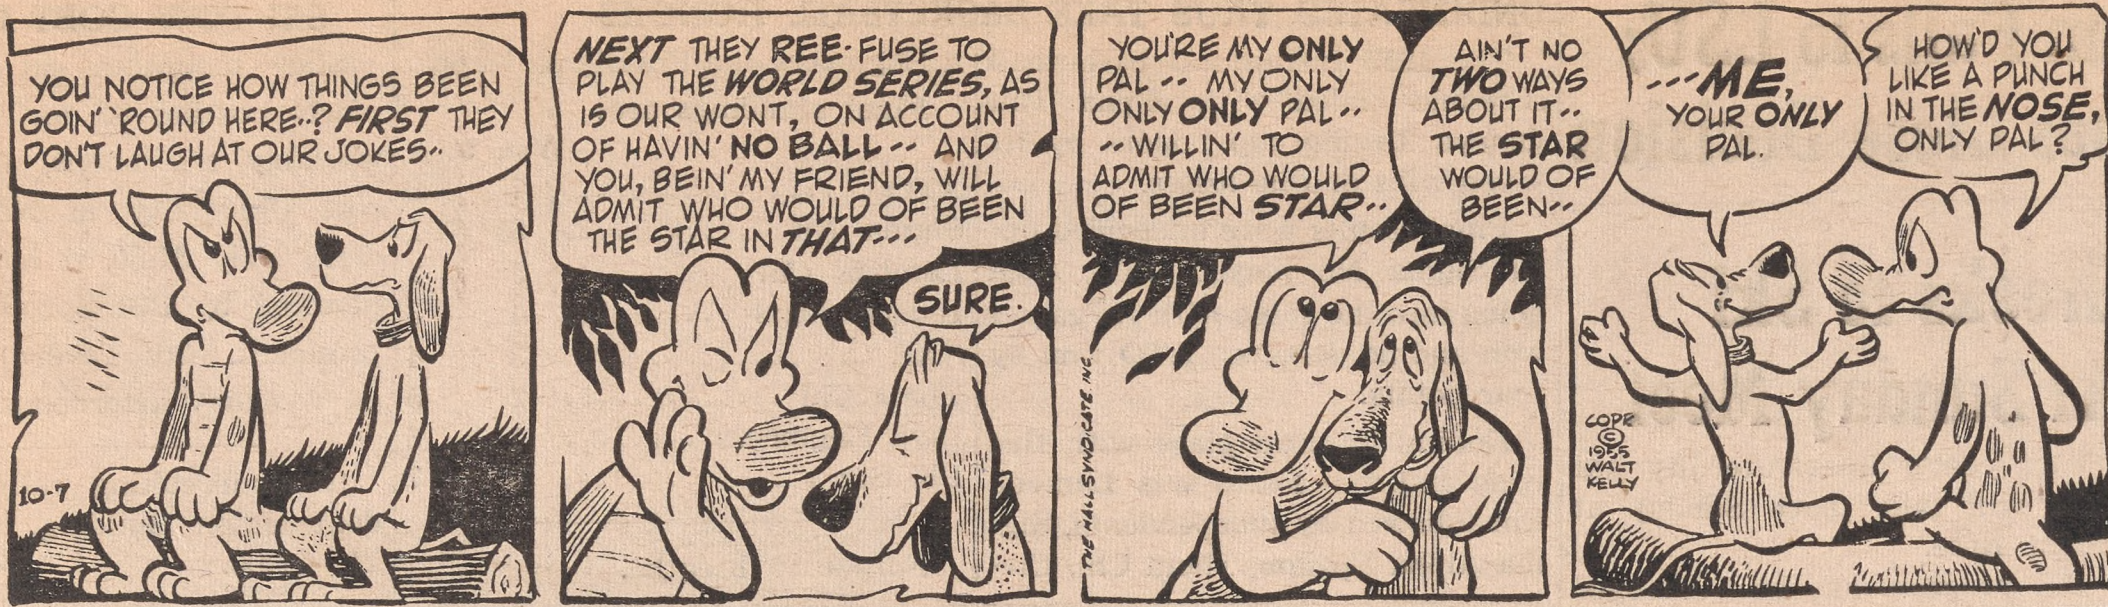

Contact your Placement Office for time and place of interviews.

Holstine Readies Summer Schedule

With registration for second semester classes hardly over, the College of Education is already completing plans for summer sessions.

Registration for the first period of summer classes will be on June 9 from 8:30 a.m. to 12 noon. Classes during this session will run two weeks, Monday, June 11

through Friday, June 22. Tentative list of courses has been drawn up by the office of Dean Garold D. Holstine, director of summer sessions. Ten of the 76 classes to be offered are in education, ranging from school law to problems in school administration.

Other tentatively scheduled

classes include those in Nevada history, arithmetic for teachers, music fundamental, creative harmony, psychological testing and a coaches clinic.

Special courses to be offered in the education field include: audio-visual methods in education, educational uses of radio and television, education of the handicapped, and individual research in school administration.

Plans are only partially complete for the main term of summer school, the long session of ten weeks to run from June 11 through August 17. Courses on the tentative schedule will cover inorganic chemistry, beginning Spanish, language seminar, calculus, and piano. The list of classes for the long session is still incomplete as well as plans for the six weeks and second two weeks sessions scheduled for summer school.

Manzanita Guttled By Remodelers

Work is progressing rapidly on the gutting of the interior of Manzanita Hall. The interior of the building will be removed entirely and replaced with new fixtures.

Work on the building will continue throughout the winter under the direction of contractors Wines and Williams. The amount appropriated for the work was two hundred thousand dollars. October, 1956, is the date set for completion.

The new structure will house one hundred women. The interior furnishings will be all new and modern, providing a "homey" atmosphere for the residents.

The President's home, now used to house residents of Manzanita Hall, will be torn down to make room for the new school of home economics.

Artemisia to Meet Feb. Deadline

Deadline for the University of Nevada yearbook, the Artemisia, is the end of February.

The various sections of classes, social, sports, organizations and activities will be completed by the end of this month. Many pages are already in the printer's office. The book will contain 203 pages besides the advertising section and is being printed by the Silver State Press, inc. In the book are included many color pages, most of them duotones. The entire book is being lithographed.

Evelyn Titus is the editor and the assistant editor is Simmie Cooper. Janet Quilici is business manager. Other members of the editorial staff include: social editors, JoAnn Rogero, Mary Ann Mears, Carol Francy; organizations, Barbara Cavanaugh, Jay Powell, Gloria Urriolo; sports, Dave Fruit; activities, Wyona Bromley; classes, Myram Borders, Nora Kellogg; copy editor, Angie Farros; layouts, Rochelle McClean; and photographer, Wayne Trehwhitt.

The book this year will also include later events such as Mackay day. The book will be distributed before the close of this semester.

Let life envelope you and stamp you away.
