## PRESIDENTIAL CANDIDATES REVIEWED

### Stout Monopolizes TV, Mann Says

Jerry Mann's comments on his appearance on a television program last Friday proved the high point in Wednesday's senate meeting. His explanation came at the end of the regular senate business.

Denver Dickerson, local newspaperman, and Robert Laxalt, head of the university news service, asked ASUN president Mann, Bill Parish, alumni head, and Minard Stout, university president, to take part in a panel discussion on student-administration relations and problems, on a national scale, according to Mann.

It was also agreed there would be no discussion on problems at Nevada or on any events in the last two weeks, Mann explained to the senate. Each speaker was to make a five-minute statement on student government and administration nationally and a discussion period would follow, he added.

Yet, according to Mann, President Stout not only spoke 21 minutes instead of five but kept his comments entirely on local issues and on the events of the last few weeks. Several senators asked Mann if the students would get an opportunity to present a rebuttal to the statements made by President Stout during the television program. He answered that tentative plans were being formulated for such a program and Mr. Dickerson had offered his show to present the student side of the current controversy.

### Practice Begins Tues. for Oratorio

Practice for the "Elijah," an oratorio by Felix Mendelssohn, is being held Tuesday nights at 7:30 in the band room.

A chorus of approximately one hundred voices composed of the University Singers and the Civic Chorus will participate.

Any student who wants to participate must attend a minimum of five rehearsals, said William Keith Macy, associate professor of music.

The "Elijah" will be presented May 7 at 8:15 p.m. in the New Gym. It is similar to the "Messiah," which is presented by the same group during Christmas.

Seven soloists from Reno will sing in the program. They are Bonnie Ford, Betty Ohrman, and Margaret Tillham, sopranos; Margaret Hawk and Shirley White, altos; and Jim Hill and Jack Scott, tenors.

### Mike Marfisi

Mike Marfisi, 20-year-old junior, has declared his candidacy for the office of ASUN president. He was sophomore class president at the university and had four years of experience in student government while in high school. This experience included being student body president. At present Mike is vice president of Sigma Nu fraternity.

Attending the university on a Smith scholarship, Mike is majoring in political science and history with the intention of attending law school when he graduates. He is a member of Phi Alpha Theta, the honorary history society, and a member of Coffin and Keys.

#### Platform

Mike's platform includes the clarification of the student-administration regulations on student government, student-faculty relations, student-dean relations, and

(Continued on Page 4)

### Chuck Coyle

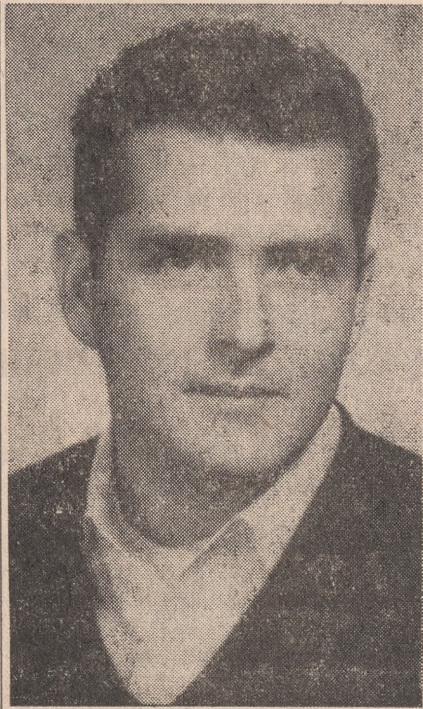

Chuck Coyle, men's senator at large, has announced his candidacy for the ASUN presidency. Chuck has held offices in various organizations as president of the Young Democrats, treasurer of the ATO house, and secretary-treasurer of the Blue Key.

After graduation Chuck plans to attend Georgetown University in Washington, D. C., where he will work on his law degree. Last summer he worked for Senator Alan Bible in Washington.

Chuck is 27 and was born in Delceno, New Jersey, but he intends to be a resident of Nevada after graduation from law school. He served four years in the Air Force and was discharged in '52 from Stead Air Force Base in Reno.

For his platform Chuck is advocating the re-examination of the

(Continued on Page 3)

### Walt Wiseman

Walter John Wiseman, president of the junior class, has filed for the office of student body president.

Wiseman's platform includes more student participation in school administration and student government.

"Decisions should be the decisions of the students and not of the leaders," he said. Wiseman also feels the office of student body president should reflect only student opinion and not the personal opinion of the individual. His stand on the administration is "meet fire with fire."

Wiseman entered the University of Nevada in the fall of 1952, and is a major in electrical engineering. He was elected to Sigma Tau, the national engineering honor society. In addition he is a member of the Blue Key, Coffin and Keys,

(Continued on Page 3)

### Committee Makes Final Nominations

Final nominations for student body offices took place at Monday's meeting of the nominating committee. A full slate was still not nominated and there will be no primary balloting for the senior class manager where only two nominations were made.

Presidential nominees include Chuck Coyle, ATO; Walter Wiseman, Phi Sig; and Mike Marfisi, Sigma Nu. Nominations for men's senator-at-large included: Joe Crook, Sigma Nu; Cris Cufflin, Theta Chi; Steve Dollinger, SAE; and Bob Faiss, Lambda Chi.

Women senator-at-large nominees were: Katherine Warner, KAT; Mary Carol Jackson, Delta Delta Delta; Myram Borders, Pi Phi; and Virginia Dupes, Gamma Phi.

The two nominees for senior class managers were Dan Sullivan, Sigma Nu, and Simmie Cooper, Delta Delta Delta. Nominations for junior class managers included Bill Thornton, Sigma Nu; Sandra Nickell, Delta Delta Delta; Gary Brock, Lambda Chi, and Bud Whalen, Lincoln Hall.

Those nominated for manager of the sophomore class were: Clark Reber, Theta Chi; Trudy Caddell, Delta Delta Delta; Max Jones, SAE, and Norma Annett, Artemisia-Manzanita.

### Aggies Schedule Western Ball

Preparations for the second annual Aggie Western Ball are well underway, said co-chairman Richard Bryan. The ball will be held April 13, from 9:00 p. m. until midnight, in the State building.

All profits from the dance will go toward the student union building. Tickets will be \$1.25 per couple.

Entertainment, possibly from the downtown clubs and a band will be provided. No specific band has been decided on yet.

Decorations and dress will be western. The Home Economics department is providing the decorations.

The first annual western ball last year was held in one of the Reno hotels, and was well-attended.

With Bryan on the dance committee is Charlyne Reid. On the publicity committee are Chris Chrisel, Kaye Reid and Don Rasmussen.

Guests will be Dean and Mrs. Garold Holstine, Dean and Mrs. John Bertrand, and Professor Marilyn Horn of the home ec department.

## 6 Expelled Students Reinstated By School

Attention centered on the university last week as the usual Easter vacation calm was broken by the administrative announcement that the six expelled students were to be reinstated. This reversal of an earlier decision was announced on March 27 after a meeting of the faculty committee on student affairs.

Reno newspapers reported that the decision to readmit the students was based on the advice given President Stout by Harvey Dickerson, state attorney general, who was also present at the meeting. The papers also stated that a letter from T. R. Berrum, Reno chief of police to President Stout, explaining that the students expelled had cooperated with police during the demonstration, might have influenced the decision.

#### Reinstated

A statement issued by the administration, as reported by local newspapers, said the expelled students were to be reinstated. It gave no indication whether university officials had dropped the charges against the students or had changed their opinions that the students should have been ex-

Two definite points were made in the issued statement. One was the reinstatement of the expelled students on the advice of the attorney general. The other was that a change or revision in the rules concerning student expulsion would be brought to the attention of the regents at their next meeting by Dr. Stout.

Stout, Mann and Parish on TV

As an added stimulant to public interest in current university problems, President Stout, Jerry Mann, ASUN president; and Bill Parish, alumni president, presented a panel discussion on their positions in university activity. They appeared on a local television station as a regular Friday evening discussion program moderated by Denver Dickerson, Reno newspaperman.

President Stout, as the final speaker, indicated that the administration should regulate student activities. He compared the recent student demonstrations and the resulting administrative action as a parent punishing a misbehaving child. He also commented that more publicity than necessary was given mistakes made by both students and administration and not enough was given to normal smooth operations on campus.

As the first speaker Jerry Mann expressed the opinion that because the average student was older than in previous years, students

# Mackay Day Plans Nearing Completion

Plans for Mackay Day are being completed. Except for one major change things will be much the same as last year.

Tickets for the Mackay Day luncheon will not be sold at the door this year. Everyone wanting to go to the luncheon and song-team contests must buy their tickets by the Thursday before the luncheon.

The men's and women's obstacle races will be on Saturday, April 28. The courses will be announced soon.

The Men's Upperclass committee has started to punish men who are not obeying campus traditions. The committee has been or-

ganized under the direction of Joe Viani. Two members have been taken from each fraternity.

The committee will work during the morning and afternoon. All men who are not excused from wearing beards will be thrown in the lake. Excuses may be obtained from your house representative or Joe Viani, chairman of the upper-class committee. All campus traditions will be enforced from now on, stated Viani.

The committee is supposed to be all upperclassmen. Joe Viani said he would accept underclass men from organizations that do not have juniors or seniors.

Freshmen and sophomore wom-

en are being asked to work on the luncheon committees. Any women wanting to work on a committee are asked to contact the following chairmen: Gayle Sommer, food committee; Kathy Hill or Maxine Mansor, decorations; Janis Paludian, setting tables.

Freshmen boys will be contacted to work on a committee that will move tables to the new gym, move food from the dining hall to the gym and take down the tables and chairs Saturday afternoon.

Everyone is urged to wear costumes to all the activities. Posters illustrating what to wear have been put up all over the campus. Actual model of costumes for women have been taken to each sorority house and women's dormitory.

Voting for queen candidates will take place in the YWCA Snack Bar on April 25. Only men students will vote.

Plans are being worked on for a combined SAE and ATO all school get together. Decorations and games are being worked out. A trophy will be given to the winners of volley ball or other such type of competition.

# Land Management Positions Open

Opportunities for positions in the U. S. bureau of land management for qualified seniors were announced this week by Sam Basta, counselor of student affairs.

Entrance salaries for positions in the bureau range from \$3,676 to \$4,525 yearly, depending upon the applicant's education and experience. The positions include land surveyor, adjudicator, land examiner, and valuation engineer.

All positions with the exception of adjudicator will deal with surveying and investigation in connection with applications for federal lands.

Area offices for the bureau are located in Reno, Salt Lake City, Utah, Phoenix, Arizona, and Boise, Idaho. Applicants are free to request assignment to any of the bureau offices. There are several openings in the Reno area.

Students who are interested in positions with the bureau are asked to contact Mr. Basta to arrange for an interview.

## Standard is exploring 40 countries\* to keep America's oil reserves the highest in history

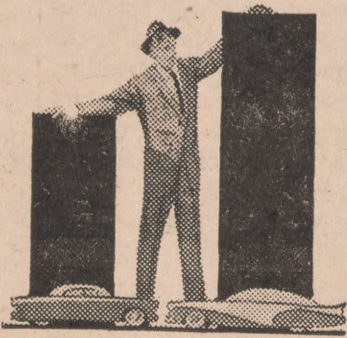

"Swamp buggy" carrying oil geologists into a Louisiana wilderness

SWAMP BUGGIES, snowmobiles — even helicopters — are used by Standard's geologists, who seek petroleum throughout the free world and in 33 U.S. states. Our search never ends. Last year, in the Western Hemisphere alone, Standard invested \$134 million in exploration, drilled 107 test wells. We added nearly three times as much oil to reserves as we brought from the ground. But U.S. consumption rises steadily. It's now over 9 million barrels per day and expected to increase 1/3 within 10 years. So in 1956 we'll again invest many millions in exploration, drill scores of new wells — seeking the oil you'll use tomorrow.

\*Includes operations of affiliated companies in Eastern Hemisphere

social code and he feels that if the administration - student problem could be worked out satisfactorily it would be to the student's advantage. Chuck said that "this administration problem must be worked out, but the students problems must come first."

"He said that the entire student body should know what action is being taken by those in authoritative student positions, and that this apparently hasn't been the policy in the past. He feels that the student government should strongly enforce the student participation on student-faculty committees. "This could help solve the problem in general by bringing a closer relationship between the students and the faculty.

## AFTER 25 YEARS, ASUN BUILDING GETS NEW CHAIR

A new chair, the first new furniture to be put in the office of the student body president in 25 years, arrived at the Student Union building Monday.

Jerry Mann, student body president, called for one minute of silence to commemorate the occasion.

The old beat-up chair had a cushion on it that said "Albany High Indians." Patricia Cordes, student body secretary, discovered the words when she took the cushion off the old chair and added the cushion to her own. Where the cushion came from is a mystery to all.

The new chair was bought at a local office supply store with money from the A.S.U.N. general fund.

Pat was the first to sit in the chair.

## PHI SIGS GO HAWAIIAN WITH COSTUME DANCE

Phi Sigma Kappa is holding its costume dance tonight at the Villa Sierra beginning at nine. The theme of the dance is Hawaiian and the room will be adorned with Hawaiian decorations.

Orchestration will be provided by Eddie Gomes' band. An interesting feature is that orchid leis are being flown from Hawaii for the Phi Sig's dates.

Co-chairmen of arrangements are Tom Richardson and Dick Gollhofer, social chairmen of Phi Sig.

## Editorial

The age of 18, apparently, is a very hard time of life around a university campus, at least this one.

President Minard Stout recently stated that the students on this campus are barely more than juveniles. That statement is absurd and lacks sound judgment on the part of an administrative head.

To insinuate that a person, at the age of 18, cannot bear responsibility and cannot make his own decisions is not only an insult to the basic intelligence of the so-called "child" but to the ability of parents in their parental duties as well.

Before this "baby" business is carried too far, stop to consider these two points.

First, the possibility of extending the privilege of voting to 18-year-olds has been considered as a national law, and in at least one state, such a privilege has been extended today. It is sincerely hoped that "juveniles" are not being allowed an active voice in our federal government these days.

Second, consider your draft age. "Babies" 18 years of age and older are allowed to enlist in our armed forces and are even drafted to defend this country during time of war. It is inconceivable, Dr. Stout, that these "youngsters" should be expected to die for their country but should not be allowed to make their own decisions while they live in it and attend it's educational facilities.

Speaking as a father, the Sagebrush editor would be thoroughly ashamed of his son if at the age of 18 he could not make his decisions, and responsibly, and think for himself.

## BRUSHFIRE GOES ON SALE THIS MONTH

"Brushfire," the campus literary magazine, will go on sale about the middle of this month, it was announced this week by Barney Mergen, who succeeded Sandra Newell as editor of the magazine when she left school at mid term.

Of the many short stories, essays, poems and translations in the 1956 issue, one of the most interesting, Mergen said, is an essay on "Microtonality" by Dr. William Halberstadt, a new member of the faculty. This article will be of special interest to music students.

Microtonality is the theory which involves splitting the quarter tone scale, so to speak, to produce eighth and sixteenth notes, resulting in many more subtleties in sound.

### Eaton Writes Again

Bill Eaton, who is well known to readers of previous issues of "Brushfire" returns for his last year with another top story about "teen-agers." His story tackles a problem not usually discussed on magazine pages about some "kids" who set out to find a girl who will provide a "Free Sample" for their newly discovered pastime.

Other equally interesting reading will fill the pages of the maga-

zine, according to the editor, appealing to all types of "literary" tastes. Students and faculty members may purchase "Brushfire" on the campus, at the University bookstore, and downtown at Gray, Reid, Wright's in the book department.

## SENATE OKAYS CHANGES IN ASUN CONSTITUTION

Senate approval of the proposed ASUN constitutional changes was voiced in Wednesday night's meeting. Only one senator voted no on the revised constitution and that was on one section concerned with senate representation from each of the colleges.

Bob Faiss, senator from Lambda Chi, said his house disapproved of equal senate representation for both the small and large colleges. He argued the large colleges, as arts and science, would have a much greater problem of organizing to elect a senator than a smaller group and one senator could not adequately represent the students in the large colleges.

Other sections of the revised constitution discussed included changing the term of office for student body officers from the proposed May 15 to May 15 to the period of May 1 to May 1. The proposal was voted down.

The senators reported not being allowed to sit in on meetings of the student relations and military department committees although provisions had been made for their membership on the committees. Mann said the senate would write a letter of protest to the committee chairmen.

In one case, the student committee member was asked to wait for thirty or forty minutes while the rest of the group met and then was allowed to attend. In the other case, the student was told he was not needed at the military committee meeting and would be notified later of the results.

After discussing this problem of student representation, Mann brought up the suggestion for a student judiciary committee. He appointed several senators to a committee to investigate the possibilities of forming such a judiciary group and reporting on their findings at the next senate meeting.

This proposal was brought up in conjunction with senate questions on a revision of the social code, allowing the students more power to govern themselves. Both the revision of the code and a student judiciary committee were discussed with the dean of student affairs and the dean of women.

I love you desperately.  
G.N. to O.Z.

## ASUN Roadshow Runs Next Week

A troupe of 14 student entertainers from the University of Nevada will perform at seven Nevada high schools April 11-15.

The group will present programs for the student bodies of Hawthorne, Tonopah, Gorman, Boulder, Basic, Las Vegas and Rancho high schools. Television and radio appearances are also scheduled.

Known officially as the ASUN Roadshow, the group is sponsored by the ASUN assembly and faculty high school relation committees. The show is designed to attract high school graduates to the university.

Students to make the trip are Jan Chiatovich, vocalist; Rusty Ballinger, guitarist; Gary Wilkerson, violinist; Al Creel, vocalist; Joni Kretz and Nicki Record, dancers; Gary Luther, acrobat; Charlie Myerson and Mayer Freedman, duo-guitarists; and Jerry Mann, ASUN president. Bob Faiss, assembly chairman, is director and coordinator for the trip. Staging and costume are being handled by Dick Bryan, assembly production chairman.

Advisor for the trip is Dr. Asher B. Wilson, instructor in speech and dramatics.

## Mike Marfisi

(Continued from Page 1)  
the social code. He feels that all of the campus organizations should be united and informed of all actions pending and past. Mike feels that clubs and honorary societies not represented on senate should have the opportunity to meet and discuss student problems.

"This could be accomplished by a monthly meeting of these groups," said Mike.

The formation of a student judiciary department is also included in his platform. This department would act as a research board on campus problems of discipline, tradition, parking, and development of social codes. Mike says that the student government should be broadened so that each individual student would have a chance to be active and well informed. He stresses the importance of the people of the state being aware of the aims and gains of the student government.

With these improvements Mike says "the result will make our University of Nevada a desired institution rather than an ignored one."

Leaving here Wednesday morning, the players will perform for Hawthorne and Tonopah high school students enroute to Las Vegas. The cast will play for Gorman, Boulder and Basic high schools Thursday and finish Friday at Rancho and Las Vegas.

## English, Language Conference to Feature Nationally Known Speakers

Nationally known speakers will be featured at the Statewide Conference for English and Language Teachers to be held on the University of Nevada campus April 13 and 14.

Featured speakers are Dr. Karl Shapiro, internationally known poet, critic, and writer; Dr. Louella B. Cook, President of the National Council of Teachers of English; faculty members of the University of Nevada, and English teachers.

"Interested students are urged to attend," said Professor Burton C. Newbry, particularly Dr. Shapiro's lecture "Poetry and Modern World," which will be held April 13 at 7 p. m.

### Purpose

The purpose of the conference, which will be attended by English teachers throughout the state,

is to discuss common problems from the first grade through university, and to establish an effective channel of communication between all levels of education with respects to the improvement of the content and teaching of English.

A proposal will be made to consider the organization of a Nevada Council for Teachers of English.

The program for the conference is as follows:

### Program

Friday, April 13, 7 p. m.—Dr. Karl Shapiro, "Poetry and the Modern World."

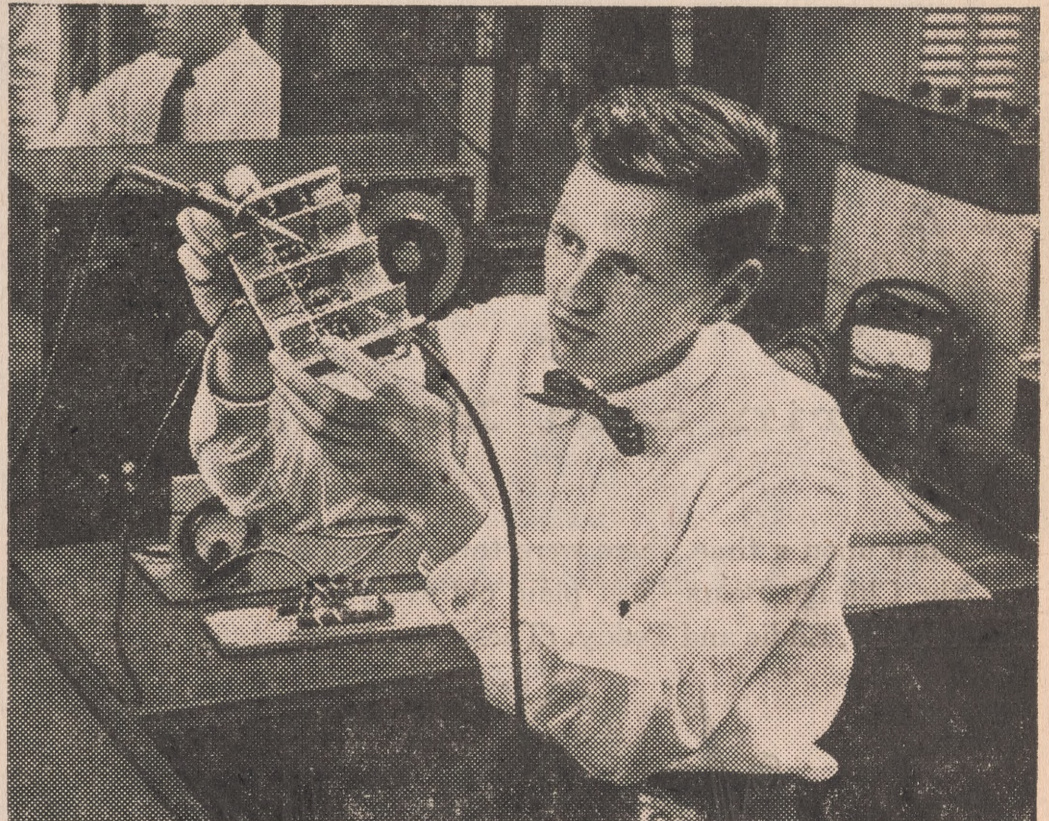

Saturday, April 14, 9:00-9:30—Registration; 9:30-10:00—Welcoming address and introduction of committee members and featured speakers; 10:00-11:00 — Keynote address by Dr. Louella B. Cook;

11:00-12:00—Discussion of organization of a Nevada Council for teachers of English; 1:00-2:30—Discussion groups.

The tentative list of discussion groups is as follows: What Should Constitute a Senior, Reading and Grading Student Compositions, Developing a Love for Poetry, Enriching Activities for the Gifted, Remedial Reading for the High School, Scope and Sequence in the Language, Needed Research in the Language Arts, Grammar: What Kind and How Much, Maintaining Standards of Good English Outside the Classroom, Convincing Students of the Value of Literature, Developing a Desire to Read, and Developing interests and skills in writing.

Geology major with some artistic talent needed for small illustrating job. Work at your convenience reproducing neat pen drawings of simple geologic structures. Phone 3-0421 for details.

### A Campus-to-Career Case History

Winfield Giguere, here tuning the coils of an IF strip on an experimental FM receiver that uses the new high-frequency transistor.

## "Our business is new ideas, new developments"

Winfield J. Giguere, or Gigs as he is known, graduated in 1954 from the University of New Hampshire with a B.S. in Electrical Engineering. Shortly after graduation he joined Bell Telephone Laboratories in Murray Hill, New Jersey.

"Experience has come my way in a hurry," says Gigs. "I've worked on carrier system amplifiers, speech transmission problems, and experimental types of coaxial cable. The Labs are always pushing ahead, trying new ideas, exploring new developments.

"For example, right now I'm working with the transistor that smashed a fre-

quency barrier.' This new transistor has a cut-off frequency of at least 500 mc and can be used to amplify 2500 separate telephone conversations simultaneously. It will make possible broadband, high-frequency amplification in many fields using subminiature components.

"There are thousands of other fascinating projects underway at the Bell Labs. You see, at the Labs our business is new ideas, new developments, and that's one reason why I like working here. It's exciting. If there are better ways to communicate, you can bet the Labs are looking for them."

Winfield Giguere is typical of the many young men who are finding careers in Bell Telephone Laboratories. Many other career opportunities exist in the Bell Telephone Companies, Western Electric and Sandia Corporation. Your placement officer has more information about these companies.

Bell Telephone System

## CARNIVAL, PENNY MILE WUS DRIVE FEATURE

WUS Carnival, a "Penny Mile," and a book drive are the feature of the 1956 World University Service Drive on campus.

The carnival, which will take place in the Old Gym, April 14 at 7:30 p. m., will be followed by a dance. The "Penny Mile" will be held Friday, April 13, during the school day. The object of this will be to line the "quad" with pennies.

Marva Edwards and Angeline Farros are co-chairmen of the WUS Drive. Joe Crook is WUS carnival chairman, and Bill Eddelman is assistant chairman. Chairman of the book drive is Gail Wooster.

The money raised from these events will be used to help needy universities abroad.

### Trophies

Two trophies will be awarded this year, said Joe Crook, carnival chairman, one for the best booth, and the other for the booth making the most money. About twenty five organizations and clubs are expected to set up booths for the carnival. The WUS committee is supplying all the basic materials for building the booths.

Items or services of faculty members will be auctioned off during the carnival. Chairmen of the auction are Jim DePriest, and Theresa Gibson. Lester Sweeney will act as auctioneer.

Although the "Penny Mile" has not been tried at the University of Nevada, it has been successful on other campuses.

The students will lay pennies side by side all around the "quad" during the school day. Adhesive tape will probably be used to place the pennies on.

### Books

Books to be sent to foreign universities are being collected. Gail Wooster, chairman of the book drive, has urged all students and faculty members who have books which they do not need to contribute them to this drive.

Books on history, philosophy, literature, art, music, comparative religion, education, anthropology, sociology, social welfare, economics, business, law and geography

are particularly needed. Also such magazines as Readers Digest and scientific magazines are needed.

Those who wish to donate books can take them to the "Y" room in the snack bar at Stewart Hall, or phone the university YWCA (3-6470) and someone will pick them up.

"This is the first time that the University of Nevada has had a book drive, although it is carried out on other campuses throughout the nation," said Gail.

### Radio Plans

Plans for a radio show to acquaint people with the purpose of World University Service are also being made.

World University Service is a mutual aid program between universities and colleges all over the world. Thirty eight countries participate, and the headquarters for WUS is in Geneva, Switzerland.

WUS helps exiled students and aids refugees, supplies medicines and X-ray equipment, builds dormitories and student centers, equips classrooms, libraries and labs, grants scholarships and loans, operates student health centers, and sponsors university affiliations and international contact.

**Ed. note: We trust that these pennies will be donated to a worthy cause.**

Persons interested in securing summer employment are requested to check with Dean William Carlson's secretary in the office of student affairs.

## College Aptitude Exams Given

After traveling 5,268 miles throughout the state of Nevada, Sam Basta, counselor of student affairs, has completed the administration of college aptitude examinations in 34 high schools.

Basta feels that this is the first time a comprehensive contact has been made with high schools in the state of Nevada by the university.

Since November 28, Basta has visited each of these 34 high schools giving aptitude tests to those graduating students who plan to attend college. He finished the tour March 11.

Basta states that 1,094 students of the graduating seniors took the college aptitude tests. After the tests were graded, they were used by the committee on scholarships and prizes for consideration of scholarship awards.

The four schools which Basta

## 6 Reinstated

(Continued from Page 1)

were more able to control and govern themselves. He did not indicate exactly what place student government should have in actually governing the students.

### Mediator

Alumni should act as a mediator between student and the university in settling their problems, was the opinion of Bill Parish, alumni head. He felt too, that the alumni should take a more active part in university activity but he did not specify in what areas.

Recent alumni interest in student problems with the University was made evident by offers from local attorneys to represent the ousted students. Members of the alumni group also made several statements supporting the student action, to the Reno newspapers.

did not visit are Beatty high school, Rancho high school, Gorman high school, and Owyhee high school.

# MEDER TAKES HONORS BUT TRACK TEAM LAST

Nevada trackman John Meder took individual honors at the Nevada-Humboldt-Chico track meet but Nevada, because of a lack of manpower, finished third in the three-way meet. The meet was held at Chico on Saturday, March 24.

Chico's win was attributed to the fact that its climate offered the Wildcats a longer training period.

Absent from the Nevada roster were conference champs Bert Cooper, mile and two mile runs; Gene Timmons, 880-yard run, and Claude Mabry, pole vaulter. Hurdler Jake Longero was also absent.

### Three Firsts for Meder

Meder took firsts in the javelin throw and the discus hurling events. He tied for first with teammate Dave Harris in the pole

vault, and finished second in the shotput. Meder piled up 16 1/3 points for the afternoon.

Dave Harris, a frosh from Las Vegas, tied for first in the pole vault, took second in the 120-yard high hurdles, and a fourth in the high jump.

Other Wolves scoring were Jim Potts, second in the 220-yard low hurdles and fourth in the 120-yard high hurdles; Dick Hughes, third in the 220-yard run and fourth in the 100-yard dash; Don Kitts, fourth in the mile-run and second in the two-mile; John Mayerhoff, second in the 880-yard run, and Phil Hatch, fourth place in the shot put.

Coach Hugh Smithwick will enter a full team against the Sacramento State Hornets this Saturday at Sacramento.

# Pack Golfers Open At Chico Saturday

Members of the Nevada golf team swing into action tomorrow at Chico for a four-way Far Western Conference match. The Wolf Pack opponents include Chico State Humboldt State, and the California Aggies.

Coach Gordon McEachron plans to take a five man team to the California city, following a play-off today at the Washoe County Golf Course. Seven members will be competing for one of the five starting berths.

According to Coach McEachron, team members have been practicing several times a week for the past month. The team includes Ralph Rubenstein, Dick Bishop, Dick Morrill, Walt Ryals, Keith Latham, Steve Rucker, and Doyle Spurlock.

# Snake-Tau Princess To Be Picked Sat.

By Dean Smith

Five campus women are listed as candidates for the Princess crown for the second annual Blackfoot-Whitefoot dance sponsored by the Sigma Nu and Alpha Tau Omega fraternities.

The dance, which is for active members and alumni of the two fraternities, will be held tomorrow night in the Odd Fellows hall at 133 N. Sierra street. The social will start at 9:00 p.m.

### Candidates

The women will represent the various women organizations on the campus. Candidates are Peggy Folkes, Kappa Alpha Theta; Audrey Benard, Pi Beta Phi; Joni Kreatz, Delta Delta Delta; Marguerite Vendrola, Gamma Phi Beta, and Ardice Bennett, Artemisia-Manzanita association.

### Traditional Dance

The Blackfoot-Whitefoot dance was a traditional get-together held wherever the Sigma Nu's and ATO's were located on the same campus. Last year the tradition was revived when the two fraternities planned an all-day rivalry which included a baseball game and an evening dance.

The terms "Blackfeet" and "Whitefeet" were derived from the colors of the two fraternities. When the Sigma Nu frat was organized one of its colors was white.

A revolving trophy was made up last year to be given to the house with the best attendance at the evening dance. Last years winner was Sigma Nu.

The trophy is a hatchet stuck in a tree branch, which has been laquered and has an embedded plaque signifying what the trophy is for.

Co-chairmen for the dance are Louis Porta, Sigma Nu, and Tony Martin, ATO.

SAMMY MACIAS, undefeated in two seasons on the boxing squad at the University of Nevada campus.

# Macias Wins Coast Championship, Pack Enters 4 in National Bouts

Sammy Macias, undefeated in two seasons, and winner of the Pacific Coast Intercollegiate boxing tournament in 1953 and 1956, will lead the University of Nevada boxers into the National Collegiate Athletic Association Boxing Tourney at Madison, Wisconsin, April 12-14.

Coach Jimmie Olivas will enter four men in the national event with Macias fighting in the 119 pound class. Ted Contri, national runner-up last year, and loser by an unpopular decision in the recent Pacific Coast tourney, will be the Wolf Pack representative in the 147 pound division.

Larry Damon and Bob Genasci will fill out the Nevada team, with Damon fighting at 165 and Genasci taking on the heavyweight chores. The Winnemucca flash won three and lost three during the regular season but lost on a TKO in the second round of the coast tourney.

Genasci won three, lost two and drew once over the season and made a good showing while losing at Sacramento. The Loyaltown citizen drew praise from opposing coaches during the tournament and the Washington State coach labeled Bob as the heavyweight to watch next season.

"The boys are in the best shape they have ever been in," said Coach Olivas. "Genasci, Contri, and Macias have fought

the best in the nation and Damon is out for revenge because his fight was stopped in Sacramento. I'm quite sure that the people back in Madison will know that Nevada is in the tourney."

The winners of the national tourney will be declared national collegiate champions and will be entered in the Olympic try-outs in San Francisco, sometime in October.

The Pack squad is working out in the boxing room in the old gym daily and will leave Reno by plane for Madison on Wednesday, April 11.

# Baseball Players Meet Air Base

Nevada's baseball team will play host to two teams this week end, both dates being double headers.

This afternoon at 1:00 the Pack meets the Beal AFB team. This service squad is composed of pros from many A and B class leagues in the nation.

Tomorrow at 1 p. m., Nevada will clash with the St. Mary's diamond nine.

Probable Nevada lineup will be: c, Bob Ferrari; 1b, John Flynn; 2b, Jim Corica; 3b, Fred Jesser; ss, Pat O'Halloran; lf, Tom McClasky; cf, Roger Trounday; rt, Francis Dubois.

The pitching staff includes Brian Whalen, Stan Pomin, John Flynn, Gary Porter, and William McDaniel.

Nevada's win and loss record is 2-0 as they wrested two wins from the Susanville Cougars last week end.

For part time jobs, keep in touch with the office of student affairs.

# Tennis Squad Plays Travis

The Wolf Pack tennis team, strengthened by their landslide 7-0 victory over the Cal Aggies, plays the Travis AFB tennis team at Wingfield Park courts today at 1:00.

On the asphalt courts at Davis, the Pack won all five of the singles sets and both of the doubles.

Winning the singles were Captain Bill Van Waggoner, Bill Barrett, Jim Anderson, Dick McClintic and Don Cutler.

Representing Nevada in the doubles were the winning teams of Barrett-McClintic and Van Waggoner-Anderson.

The strength of the Air Force team is not known but Travis is expected to bring six singles players and three doubles teams.

Committee

The committee on scholarships and prizes will begin selection the first part of May, stated Dr. Williams. Members of the committee are Prof. William L. Garrott, Prof. Earl W. Kersten, Prof. Glenn J. Lawlor, Dr. John L. Fisher, Prof. Mildred Swift, Dean Elaine Mobley, Dr. Loring R. Williams, and Barbara Cavanaugh.

Dr. Williams said that approximately 30 or 35 general scholarships will be awarded. Other scholarships will be those given by the various departments with approval of the committee.

After the scholarships have been decided by the committee, they must be approved by Dean William Carlson and President Minard Stout. Winners will be announced at commencement in June.

Applications must be returned to Dr. Loring Williams in room 202 in Mackay Science building.

BENEFIT DAWN-YAWN DANCE SET FOR SUNDAY

A benefit dawn-yawn novelty dance will be held Sunday morning from 6:00 to 9:00 a.m. in the Gow hall. The profits will be used to buy furnishings for the Student Union building.

Tickets cost \$1.25 per person. Hotcakes and "all the coffee you can drink" will be served. Mel Brunetti and the Keynoters will provide the music.

UCLA and USC annually hold a dawn-yawn dance, chairman Bilbo Helms pointed out. It is hoped that the University of Nevada will make the dance an annual here also, Helms said.

Pajamas will be worn by all attending, to add to the early morning flavor, it was announced. Pajamas may be gaudy, gay, or plain, but they must be pajamas.

Prize Applicants Deadline Set

The deadline for submitting scholarship applications is April 20, Dr. Loring Williams, chairman of the committee on scholarships and prizes, said this week.

Students who are eligible for scholarship consideration are:

1. Those whose name appeared on either the fall or spring honor roll and who have an overall average of 2.75 or better.
2. Those who held a scholarship last year and have a 2.75 or better.
3. Those recommended by their department heads with a 2.75 average or better.
4. Any student with the qualification of a 2.75 grade average.
