

Coyle Replies To Sac State

ASUN president Chuck Coyle, in a reply sent to Sacramento State student body president Tom Willoughby, said that the visiting rooters provoked the trouble that occurred following the basketball game February 22 by their discourteous and unsportsmanlike behavior during the game.

Dissent reached a peak after the game when a group of irritated Nevada students attempted to seize a Sacramento State air horn. A skirmish resulted and the police appeared on the scene. A group of Nevada students admitted damaging a Sacramento car and kicking in a motel door during the friction.

Coyle extended an apology to Willoughby and the Associated Students of Sacramento State College for the incident on behalf of the Associated students of the University of Nevada.

Coyle said that during his four years here he had never seen Nevada students display violent reactions to a visiting team. He asserted that the initial source of the reaction that evening was the failure of the Sacramento State rooters to extend the courtesy of standing while the Nevada alma mater was being played.

Students at Nevada, according to Coyle, have no objections to the air horn being used, if it is used with some discretion.

One of the many complaints coming into the ASUN office, said Coyle, was from a group of women students that members of the opposing team "used profanity during the game which could be heard throughout the gymnasium. Another complaint involved the profanity which was hurled at Nevada coach Jake Lawlor by Sacramento rooters when he stood to talk to a referee."

Coyle mentioned that in conversations with two representatives of Sacramento State college neither student brought up the alleged statements that a girl had been slapped by a "courageous" ASUN male, nor that profanity had been used by Nevada students, as asserted in a letter from Sacramento State.

In conclusion, Coyle remarked, "President Willoughby, I would like to give you the courtesy of receiving this letter before I submit it to the press. This is a privilege to which I feel you are entitled."

This remark was made in connection with the fact that Sacramento State released information about the disturbance to the United Press before notifying Nevada authorities as to their intentions to seek "proper restitution."

Cornerstone Laid to Rest At Last

The Sigma Alpha Epsilon cornerstone, lost, found, lost, and found again in the past three years, was finally cemented into its proper place in the SAE chapter house on Evans avenue last Saturday.

The cornerstone was to be laid in 1954, but was somehow "misplaced." A duplicate stone was made and plans were made to lay it this year. But then the original stone turned up at the College of the Pacific, and the SAE's retrieved it.

Last Wednesday, three days before the stone was to be laid, someone broke into the SAE house and stole the stone again. By Saturday, the day of the dedication, the stone had still not turned up although an unsigned telegram arrived, stating "don't worry it will be there on time." At four p.m., half an hour before the ceremony, the Reno police department reported that they had found the stone in Idlewild park.

Once again the SAE's retrieved their cornerstone. Finally, after three years of frustration, they put the stone into the corner of the house.

"At the present," said Buster Sewell, a member of Sigma Alpha Epsilon, "we are one of the few fraternities to have two cornerstones, both an original and a spare." The second stone rests in the basement of the house.

Silas Ross, member of Sigma Alpha Epsilon and retired chairman of the University board of regents, made the dedication.

A dinner and dance were held Saturday evening celebrating both the return of the "lost" cornerstone, and the forty-year anniversary for the SAE's on the University of Nevada campus.

NINTH PERSONAL SHOW OPENS IN ART GALLERY

J. Craig Sheppard's ninth personal show will open Monday, March 11, in the University of Nevada art gallery.

Approximately 25 pieces, mainly oil paintings, will be on exhibit. Sheppard's paintings for this exhibit were done during his year in Norway and since his return to Nevada last year.

Many of the paintings are part of an exhibit that was on view at the Municipal Art Gallery in Bergen, Norway, last spring.

The exhibit will run concurrently with a display of Sheppard's work now being shown at the Reno Little Theatre.

Four 'Pack Cagers Land All- FWC Slots

By BOB BROWN, Sports Editor

Four Nevadans landed positions in an All-Far Western Conference basketball team, picked by the sports editors of the student newspapers in the conference.

Three Nevadans were chosen for the first team and one was listed on the second team. Nevadans chosen for first team positions were forwards Jim Lyons and Dan Sullivan. Pack center, Stan Summers was also named to a first team berth. Jim Lyons was the only All-FWC unanimous choice.

Rounding out the first five were Chuck Mobley of Sacramento State and Milt Garfield of San Francisco State.

Guard George Nelson, of the Wolfpack, was listed on the second squad. Also named to second-team berths were Warren Baker, Humboldt State, center. Bob Schurr of Sacramento State and Billy Graham, Chico State forwards, and Floyd Glenn, San Francisco State, guard.

Complete results of the poll are:

FIRST TEAM

F Jim Lyon, Nevada
F Dan Sullivan, Nevada
C Stan Summers, Nevada
C Chuck Mobley, Sac State
G Milt Garfield, S. F. State

SECOND TEAM

Bob Scurr, Sac. State
Bill Graham, Chico State
Warren Baker, Humboldt State
George Nelson, Nevada
Floyd Glenn, S. F. State

Honorable mention—Fausset, Sac. State; Ellis, Chico State; Petersen, Cal Aggies; Wilkinson, Cal Aggies; Wagoner, Chico State; Fisher, Cal Aggies, and Gaynor, Cal Aggies.

Today's "Penny Mile" Opens WUnivS Carnival

University of Nevada students contributed to the World University Service today by lining the "quad" with pennies. The "Penny Mile" collected \$72 last year for the Service.

The annual WUS Carnival begins tomorrow at nine p.m. Six fraternities, four sororities, and

eight campus clubs will run booths at the carnival to raise money for the Service.

Each year the WUS sponsors carnivals at many universities and colleges to raise money to help foreign students attend college. The University YWCA is the local sponsor for the Service.

Prizes will be awarded to the organization having the best booths and to the booths earning the most money.

During the carnival a dance will be held featuring the music of Tom Murie and his band. The booths will be set up around the dance floor.

Having booths at the carnival this year are: Alpha Tau Omega, Sigma Alpha Epsilon, Lambda Chi Alpha, Sigma Nu, Theta Chi, Phi Sigma Kappa, Delta Delta Delta, Kappa Alpha Theta, Pi Beta Phi, Gamma Phi Beta, Eta Epsilon, Future Teachers of America, Young Democrats, the Aggie club, faculty wives, Sagens, Blue Key-Sagers, and the YWCA.

State Hoop Tourney

This year the carnival will be held during the state high school basketball tournament, and many high school students are expected to attend, according to Bill Edelman, co-chairman of the carnival.

DELTS ELECT MAC PREXY

Delta Delta Delta's slate of officers for the coming year, headed by Mary Carol "Mac" Jackson, as newly elected president, were installed Monday night.

"Mac" Jackson, junior student who is active in student affairs on campus, accepted the gavel from out-going president Margi Orr during the ceremonies. Mac has been active in the house for the past three years. She is retiring from the position of house manager to take the presidency. She has been a member of several committees, including the Women's Upper-class, Student Union, AWS, and Freshman class committee.

Newly installed vice president and pledge trainer is Joyce Lindsay. Other officers are: Marva Edwards, rush chairman; Nedra Norton, senator; Charlotte Gleason, scholarship chairman; Mary Jean Hackwood, corresponding secretary; Janene Assuras, treasurer; Wynona Bromley, recording secretary; Penny Molineux, social chairman; Cynthia Heth, house manager; Theresa Gibson, chaplin; Angeline Farros, marshal, and publicity, Helen Lenz.

Outgoing officers are: Margi Orr, president; Diane Oldenberg, vice president and pledge trainer; Simmie Cooper, rush chairman; Gail Wooster, scholarship; Janene Assuras, corresponding secretary; Wynona Bromley, treasurer; Sandra Nichol-McNair, recording secretary; Josie Aufdermaur, social chairman, and Joyce Lindsay, chaplin.

Honor Role Names 82 in Top Five Percent

Eighty-two students have won places on the fall semester honor roll, the Registrar's office announced this week. Of this number, ten students had a 4.0 average. Five were in the College of Arts and Science, three in the College of Engineering, and one each in the College of Mines, and the College of Education.

Those with perfect scores were: seniors, Dan Louis Urriola, Yvonne Larty Thornton, Leon Landers Larchie, jr., and Clarence R. Richardson; junior, Allura Nason Ortega; sophomores, Judith Ann Grafton, Paul Gomez, Karen Knudson, and Jeanne Chretien; and freshmen, William Donald Dolan.

The honor roll is composed of the upper five per cent of the undergraduate student body who have completed at least fifteen credits.

The sophomore class had the most students with a 3.5 average or better, 27. In addition, there were 20 seniors, 20 juniors, and 15 freshmen. Of the 82 honor students, 33 were in the College of Arts and Science, 20 in the College of Engineering, 17 in College of Education, 5 in College of Business Administration, 4 in College of Agriculture, and 3 in College of Mines.

The student's name, average, hour reg., college, and class are listed in that order:

- 11—Assuras, Demetra Janene, 3.94, 16 hours, Education, sophomore.
- 12—Poor, Peggy, 3.90, 19 hours, A&S, junior.
- 13—Koenig, Alfred E., 3.89, 18 hours, A&S, junior.
- 14—Coffman, Gerald Drury, 3.88, 17 hours, Bus. Adm., sophomore.

- 15—Holstine, Donna Marie, 3.88, 16 hours, Agric., junior.
- 16—Sawle, Letitia Rose, 3.88, 16 hours, Agric., senior.
- 17—Ivers, Ginger, 3.87, 15 hours, A&S, freshman.
- 18—Sawle, Joan Louise, 3.87, 15 hours, Agric., senior.
- *19—Wood, Mary Elizabeth, 3.87, 15 hours, Educ., freshman.
- 20—Arnold, Charles Raymond, 3.83, 18 hours, A&S, senior.
- 21—Bradley, Ralph Jr., 3.82, 17 hours, Engr., freshman.
- 22—Fry, Leslie Mack, 3.82, 17 hours, A&S, sophomore.
- 23—Godwin, Lorraine Edith, 3.82, 17 hours, A&S, junior.
- 24—Sibbald, John Ristow, 3.82, 17 hours, A&S, junior.
- 25—Stratton, Robert Alan, 3.82, 17 hours, A&S, junior.
- 26—Mansfield, Nancy Gail, 3.82, 16½ hours, A&S, freshman.
- 27—McDonald, Janis Ann, 3.81,

- 16 hours, A&S, freshman.
- 28—Smith, Angeline Tippy, 3.81, 16 hours, Educ., sophomore.
- 29—Fretz, Barbara Finch, 3.80, 20 hours, A&S, junior.
- 30—Engel, William Fremont, 3.80, 15 hours, A&S, senior.
- 31—Park, Frances Woodruff, 3.80, 15 hours, Educ., freshman.
- 32—Porter, Edwin Dale Jr., 3.80, 15 hours, Bus Adm., senior.
- 33—Ting, Irwin Peter, 3.80, 15 hours, A&S, freshman.
- 34—Ferreira, Marilyn Joyce, 3.76, 16½ hours, Educ., sophomore.
- 35—Carlson, Clayton Oray, 3.73, 15 hours, Engr., sophomore.
- 36—Baker, Marvin Leroy, 3.72, 18 hours, A&S, senior.
- 37—Baker, Charles William, 3.71, 17 hours, A&S, sophomore.
- 38—Evans, Jay Glenn, 3.71, 17 hours, Educ., sophomore.
- 39—Lenz, Helen Ann, 3.71, 17 hours, Educ., junior.

- 40—Weyant, Rosalind Katherine, 3.71, 17 hours, Educ., freshman.
- 41—Glanzmann, Roger Andrew, 3.69, 16 hours, A&S, senior.
- 42—Poland, Warren Hubbel, 3.69, 16 hours, Engr., junior.
- *43—Rule, Evelyn, 3.69, 16 hours, A&S, junior.
- 44—Cordes, Patricia Ann, 3.68, 19 hours, Bus. Adm., senior.
- 45—Myers, William Ralph, 3.68, 19 hours, Engr., freshman.
- 46—Bright, James Arthur, 3.67, 18 hours, Engr., senior.
- 47—Capron, Bruce Edward, 3.67, 18 hours, Engr., junior.
- 48—Wentz LeRoy, 3.67, 18 hours, Engr., sophomore.
- 49—Bullis, John Roy, 3.67, 15 hours, Bus. Adm., sophomore.
- 50—Garner, Harry William Jr., 3.67, 15 hours, A&S, sophomore.
- 51—Cavanaugh, Barbara Kay, 3.65, 17 hours, A&S, senior.
- 52—Hedeen, Wallace Bryon, 3.65, 17 hours, Engr., sophomore.
- 53—Tobler, Joan, 3.65, 17 hours, Educ., sophomore.
- 54—Eddelman, William, 3.62, 16 hours, A&S, junior.
- 55—Guinn, Gwenlyn, 3.62, 16 hours, A&S, sophomore.
- 56—Jensen, Marilyn Kay, 3.62, 16 hours, Educ., sophomore.
- 57—Stout, Craig William, 3.62, 16 hours, Educ., junior.
- 58—Weiler, Rodney Gerald, 3.62, 16 hours, A&S, senior.
- 59—Dyer, Norma Ellen, 3.60, 17½ hours, Educ., senior.
- 60—Donnels, Wayne Thomas, 3.60, 15 hours, Engr., senior.
- 61—Lauck, Joseph Everett, 3.60, 15 hours, Bus. Adm., sophomore.

April 15 Deadline For Ordering Caps and Gowns

Seniors, now on their "last mile" before graduation, can take another step toward Commencement day by going down to the Campus "Y" in Stewart hall to get measured for caps and gowns. Orders are being taken from now until April 15. The orders can be cancelled up to May 8.

Seniors whose names begin with the initials A through L, can pick up their academic robes on Wednesday, May 29, between 10 a.m. and 12 noon, and from 1 p.m. until 3 p.m. in the women's section of the basement of the new gym. Those seniors whose names begin with M through Z, can pick up their caps and gowns on Friday, May 31, at the same times and place.

A \$5.00 deposit is required when the cap and gown is picked up, and a refund of \$2.50 will be made immediately after graduation when they are returned to the same place. Those who are receiving commissions will deposit only \$4.00, but will still receive a \$2.50 refund since their attire

Stop by "The Dutchmans" on the way home
 Viggo Petersen, Prop.
SILVER SAGE MARKET

will only be worn for the Baccalaureate service.

"Y"
 If any seniors find it impossible to come to the gym at the above times, the Campus "Y" will be open at 1 p.m. on Baccalaureate Sunday and 9 a.m. on Commencement day for them to still obtain their caps and gowns.

At both the Baccalaureate and Commencement exercises, senior women are requested to wear dark heels with their caps and gowns, while the senior men are asked to wear dark shoes, white or light-colored shirts, and solid-colored ties.

Letters are being sent to those who graduated in August and January requesting that they make reservations for caps and gowns if they plan to attend Baccalaureate and Commencement.

There comes a day in every man's life when he must stand up and say . . . "I think I'll send Lester Ferguson a Christmas card this year."

Nevada to Host Debate Tourney

The University of Nevada has been selected to host the district one preliminary of the national championship debate tournament sponsored by the U. S. Military Academy at West Point.

Top debate teams from some 30 colleges and universities in Nevada, Arizona, California, and Utah, will compete in the two-day tournament, April 5-6 on the Reno campus.

The question to be debated is: "Resolved, That the United States should cease to provide direct economic aid to foreign countries." Judging of the debates will be by the faculty representatives of the participating colleges, members of the University of Nevada, and practicing attorneys in Reno and the vicinity.

The Military Academy has named Dr. Robert S. Griffin district one tournament director. Four faculty members of other universities participating in the tourna-

ment will assist him. Dr. Griffin is professor of speech and drama and chairman of the speech department at the University of Nevada.

A feature debate of the tournament will be a contest between the University of Nevada's top women's team—Helen Lenz and Ginger Ivers—against one of the three top men's teams from another college. This debate will be held on the university's April 7 "Sunday at Four" program and will be open to the public.

Pussy cat, pussy cat, what did you there,
 You little beastie?
 I killed a mouse under the chair
 And had a feastie.

SAGENS WILL USHER AT "KISS ME KATE"

Members of Sagens, honorary junior and senior women's service organization, will usher at the forthcoming production of "Kiss Me Kate."

Diane Spina Macbeth presided over the last regular meeting at which they voted to pass recent constitutional changes.

PARKING TROUBLE

With the coming of the rain this Winter, a long-standing University problem made itself more noticeable than usual. The rain fell on the dirt parking lot by the new gymnasium and turned the dry earth into a soggy, muddy dark mixture.

The mud splashed on the automobiles and caked student's shoes and stockings.

Now the mud has dried and we have rocks and the abominable flying dust which destroys automobile paint and clothing.

This in itself would not be too bad if it were not for the fact that this is usually the only parking space available near campus.

Even driving across the lot when it is dry is a real workout for drivers. Ruts, large stones, dodging students.

Pavement on the parking lot is definitely needed. With all the other improvements going on around the campus, it seems that some funds could be found for this purpose.

Letter to the Editor

Sir:
During the two years of our college career at the U. of N., our attention had become more and more focused on the ridiculous situation existing in the College of Education. Many hours are spent needlessly in varied and sundry education classes that could be more beneficially spent in acquiring a well-rounded college education.

Before continuing further, we must acknowledge the College of Education's tremendous effort to supply the state's need for teachers.

There are 15 courses (49 units) required for a foundation in elementary education; 8 courses for secondary education. Forty-nine units are equivalent to over 1/3 of a student's graduation requirements. Many of these units would be better used towards acquiring a greater knowledge of a student's major and minor fields of concentration.

It seems silly to "major" in education and receive only a smattering of the subjects one will be teaching. We have had teachers with wonderful "teaching methods" but not too much background in what they were teaching. Why is it that a teacher cannot have both? Is it too unreasonable to assume that one good course (perhaps two semesters worth five units each) could be given — to give the student a well-rounded course in teaching methods? We do not understand why. The teach-

ing methods for different fields vary so much that separate courses are needed for each. This one course in education would give a student the basic fundamentals on how to prepare and present lecture courses and lab courses, select books for the classroom, and gain a general knowledge of opportunities in the teaching field.

The rest of a student's education should be centered around 2 fields of concentration (we are now referring to secondary education) and enough electives such as art, music, etc., as are needed for a good "all-around" education. Many students in a college other than education want to spend more time investigating subjects relating to their major field rather than spending 20 to 49 hours learning how to teach.

The above-mentioned course would not preclude student-teaching which is an invaluable experience.

Students in elementary education would also benefit from learning more about their subject material than in taking so many courses pertaining to how to get along with children. A person planning on teaching children should like children and be able to work with them or should not enter that field in the first place.

We sincerely hope our suggestions will be food for thought for our faculty.

Sincerely,
Christina Friberg and
Marcia Craig.

Sideline Glances

By Ken Robbins

At the March 6 meeting of the ASUN Senate, President Chuck Coyle remarked, with reference to the University's presentation of Kiss Me Kate, that: "There are evidently some people against us in this thing. A lot of rumors have been started and nothing has been brought out into the open." I don't like it a bit."

The point in question revolved around how many union musicians the University was going to hire for this musical. Besides bringing this point into the "open," it might well be pointed out here that IF there are students who are not in favor of this musical (and that such students exist is not known), it is their privilege. They did not vote for the presentation, they only pay for it. And, as Mr. Coyle says, he doesn't like it a bit, that is his privilege, also.

The question of for or against, in the final analysis, does not arise in this case, however. Its existence is merely the outcropping of people who fail to recognize sincere interest in the project and an attempt to straighten out a major mess.

The following letter is the result of the misunderstanding:
Dr. Keith Macy
Music Department
University of Nevada
Reno, Nevada

Dear Dr. Macy:
In answer to Professor Asher Wilson's and your request made before the general meeting of the Reno Musician's Union to reduce the minimum number of union men from ten to five to play for the University of Nevada's presentation of KISS ME KATE, please be advised that the members of the Reno Musician's Union voted to underwrite five musicians and to pay these five musicians out of the treasury of the local Reno Musician's Union. These five musicians are in addition to the five you offered to hire, which you claim is all your budget will allow.

This will provide ten union musicians which the local members felt was necessary to uphold the standard of music required to present this musical.

This gesture is being made solely, because it is the first undertaking of the Music and Drama Departments of the University of Nevada to present this type of entertainment and the members of this Local want it clearly understood that this is in no way to be interpreted as a precedent for future musicals and will expect the standard of music to be upheld in the future for this type of presentation by setting up a proper and fair budget for music.

Very truly yours,
Edmond McGoldrick, Sec.,
Local 368, A.F. of M.

Let's approach the "mess" angle. In the first sentence of the above letter, it says "to reduce the minimum number of union men from ten to five." At the March 6 Senate meeting, Dr. Wilson said that the university was attempting to hire, and anticipating this action, five to six men to play for the musical, supplementing them

with union musicians enrolled at the university. This statement was made in spite of the apparent cold fact, as indicated in the letter, that there was a minimum of ten men that must be hired by the university.

When reminded of this fact, both Dr. Wilson and Mr. Coyle did nothing more than assume an air of indignance. Coyle branded this reminder as nothing more than rumor, and Dr. Wilson, referring to it, said that it was all unofficial. REPEAT—unofficial—a bare two weeks before the musicians were to begin rehearsals.

We must accept one of two assumptions at this point. First, the union, apparently without informing either Dr. Wilson or Dr. Macy, set a figure of ten men to be used in this performance and were not aware of the music department's plans, in fact, never having been approached by either man. This can be discounted as Dr. Macy said he did not have an understanding with the union.

Examine the second assumption. The music department, without contacting the union, decided they were arbitrarily going to hire five or six men from the union, without notifying the union concerning budget or anything else. This may be borne out by Dr. Wilson's UNOFFICIAL plea, but it is contradicted by Dr. Macy's statement that there was indeed an agreement with the union.

"Perhaps both men forgot any arrangement they might have had, or merely did not understand an agreement, as neither assumption seems reasonable.

The point, however, is that when reminded of what ultimately was seen to be the actual understanding on the part of the union, persons responsible and in the position of relative power classified the interest shown as nothing more than rumor and the product

CAROLINA CAGE COACH CONDUCTS JUNE CLINIC

Everett N. Case, head basketball coach at North Carolina State college, will conduct the annual University of Nevada basketball clinic during the coming summer session June 17-21. Case is considered by many members in the coaching field to be one of the nation's foremost.

Last year's basketball clinic was conducted by Adolph Rupp basketball mentor of the University of Kentucky, and Charles (Bud) Wilkinson, of the University of Oklahoma, was the football director.

Suicide is grand.

of someone intent on wrecking the performance.

An error of some kind was apparent here, and it was cleared up through the efforts of an interested party, indirectly, and certainly not through an inadequate musical budget and a hostile and indignant attitude.

An error in judgment has also been committed by our student body president. Any elected official, no matter who he is, does not have the right to assume that he apparently has the power to judge motives and interpret actions with infallible precision. It is usually wise to understand the situation fully and be armed with at least a smattering of facts before criticisms and hostility are heaped upon any group or single member of his constituency.

Now that this misunderstanding has been openly discussed, and the situation well in hand, it is sincerely hoped that KISS ME KATE will be one of the most successful undertakings of this student body and will prove to be the base for similar presentations in the future.

Controversy Over Regent Increase

Several measures relating to the University of Nevada are under consideration by the Nevada state legislature.

By far the most controversial is the proposal to change the membership of the board of regents from five to nine members. A bill in the assembly calls for the election of four new members of the board of regents by joint action of the legislature. These four would serve until 1958 when their offices would be filled at a general election.

The election of the new members by the legislature has been held unconstitutional by Harvey Dickerson, attorney general of the state. His contention is that the constitution requires the election of any members of the board to be made by the general electorate. His point of view is supported by a supreme court ruling to that effect many years ago.

Included in the bill are laws authorizing a regional branch of the University of Nevada in Clark county, providing for extension instruction at the collegiate level throughout the state, and requiring the board of regents to consult with the faculty in the event of the selection of a new president.

SENIOR INTERVIEWS

Five firms will be interviewing seniors for possible future employment March 18 through 22.

Appointments for interviews to be held in the ASUN building can be made through the office of Student Affairs. Appointments for interviews to be held in the electrical engineering building can be made through Dean Palmer's office.

Monday, March 18 — Tung-Sol Electric inc., will interview electrical and mechanical engineers, metallurgists, physics, chemistry, and science majors in the ASUN building. Minneapolis - Honeywell Regulation co. will interview electrical and mechanical engineers, metallurgists, and physicists in the engineering building.

Tuesday, March 19 — Olin-Mathieson Chemical corp, will interview mechanical engineers, and chemists in the engineering building.

Wednesday, March 20 — Cutler-Hammer, inc., will interview electrical and mechanical engineers in the engineering building.

Thursday, March 21 — Glenn L. Martin co. of Denver, Colorado, will interview civil, electrical, and mechanical engineers, physics and mathematics majors in the engineering building.

Run, don't walk, to the nearest cliff; then jump, don't stand around gawking like an idiot.

BILL ELWELL, '38

RECRUITING OFFICERS TO BE AT DEAN'S OFFICE

Recruiting officers of the United States government will give information regarding employment opportunities in government service at the Dean's office Tuesday and Thursday.

Fields covered will include: business analyst, organization and methods examiner, accountant, personnel technician, budget examiner, editorial specialist recreation director, food and drug inspector, engineer, and production specialist.

This meeting is part of the government's program to "improve operations through obtaining high caliber personnel."

Nevada Tourney Slated Here

High school students from almost every section of Nevada are invading the University of Nevada campus this weekend for the state high school basketball tournament.

Favorites to take the championship are Rancho high school from Las Vegas, winner of the Southern zone tournament and Carson City high school, winner of the Western zone. Although these teams are the zone champions, any team could become the state winner.

This year marks the return to the university campus of the state tournament. Last year it was held at the Rancho high gym at Las Vegas.

Regents Honor Silas E. Ross

The University of Nevada board of regents this week signed a formal resolution naming the University's new classroom building Silas Earl Ross hall. The building was named after Silas E. Ross, former member and chairman of the board of regents.

Dr. Ross has been connected with the University of Nevada since 1905, as a student, teacher, graduate manager, and regent. He was named on the board of regents for 25 years, serving as president of the group for eighteen. He resigned from the board in 1956.

The resolution, a copy of which will be placed in the cornerstone of this building, named Dr. Ross "one of the institution's most beloved graduates." It further stated, "that if the University of Nevada is the lengthened shadow of a man, that man is Silas E. Ross."

Construction of Ross hall was begun last summer. It is located between the journalism building and the old gym, on the spot formerly occupied by the Agricultural Extension.

Although progress on Ross hall was slowed considerably during the October steel shortage, the construction is now "back in full swing," according to reports of Robert Poolman, University Engineer.

Ross hall should be completed by the "later part of April," Poolman stated. Plans are now underway to conduct several of the summer school courses in the new building.

All of the space in Ross hall has not yet been allotted, Poolman said, but those who will definitely have headquarters in the building are, the Registrar, Dean of Student Affairs, Dean of Women and all of the personnel now occupying the quonset huts.

Hooray

The quonset huts will be removed as soon as possible after the move is made, Poolman reported.

The School of Business Administration, whose headquarters is presently located on the third floor of Morrill hall, will also be moved to Ross hall.

When you love someone you give half of yourself away. This leaves you a half-wit.

Disgust.

Hemphill Elected Union President

Bob Hemphill, a junior in the College of Education, was elected to the presidency of the Student Union committee last Thursday by members of the committee. Hemphill replaces Don Travis.

Hemphill is also the newly elected president of Phi Sigma Kappa fraternity.

Others chosen were: Mike DeWees, replacing Ken Robbins as finance director; Susie Kuypers, Arts and Science; Bob Morrill, School of Mines; Don Stewart, College of Engineering; and Dave Necco and Jim Santini, at large.

Shelley Branch was re-appointed secretary by Hemphill. Dick Bryan was also reappointed.

Ed Oleson, Branch, Kuypers, DeWees, Hemphill, and Travis will attend the national student union director's convention.

HERE IS THIS WEEK'S TIE-BREAKER IN OLD GOLD'S

TANGLE SCHOOLS PUZZLES

TIE-BREAKING PUZZLE NO. 7

CLUE: This western coeducational state university was opened in 1892. It pioneered in cooperative student living.

CLUE: This coeducational university was founded at Muskogee, Indian Territory in 1894. In 1920 it was renamed for a city known as the "oil capital of the world."

CLUE: Founded in 1794 and chartered by the legislature of the territory South of the Ohio River, this university acquired its present name in 1879. Its original name was Blount College.

ANSWER 1. _____
ANSWER 2. _____
ANSWER 3. _____

Name _____
Address _____
City _____ State _____
College _____

HOLD UNTIL YOU HAVE COMPLETED ALL EIGHT TIE-BREAKERS

Contestants who correctly solved the first 24 puzzles in Old Gold's Tangle Schools contest are now solving the tie-breakers in order to compete for the first prize of a World Tour for Two and the other 85 prizes now tied for. Note that the above puzzle contains the names of three schools for which three separate clues are given.

Whether you smoke Regulars, Kings or Filters, Old Gold's exclusive blend of nature-ripened tobaccos gives you a taste that's terrific. Try today's Old Golds and you'll agree!

LEGISLATORS ATTEND SDX "OFF-RECORD" MEET

Sigma Delta Chi, professional journalistic fraternity, held a Press and Government "off the record" dinner recently at "Carson Hot Springs."

More than 20 undergraduates were included among the 75 legislators, professional journalists, and University faculty members who attended.

Ed Olsen, Reno bureau chief of the Associated Press and president of the organization, presided. He relinquished the floor to Byrn Armstrong, Reno Evening Gazette, who introduced the legislators, outstanding members and guests, which included Governor Charles Russell, a member.

Professor A. L. Higginbotham, chairman of the department of journalism and advisor of the undergraduate chapter of Sigma Delta Chi, was given a standing ovation when Armstrong noted the fact that most of the newspapermen present were graduates of his department.

Several questions on legislative bills and issues were asked of the senators and assemblymen present. Hank Rilling, president of the undergraduate chapter of Sigma Delta Chi, asked a question which proved to be one of the more provocative of the evening.

Response Bolsters HS Relations

Dean Garold D. Holstine, chairman of the high school relations committee, and members of the faculty Visitation Program have returned from a University promotion tour of 16 high schools in northern Nevada. At these schools they related to seniors and juniors the advantages of attending the University. The visitation team found response to its sales talks on the University very encouraging, Dean Holstine said.

Speakers representing the University spoke to between five hundred and six hundred seniors, and about eight hundred students altogether.

Members of the Visitation Program group are: Dean Holstine, college of education; Dr. M. W. Deming, professor of chemistry; Dean Stanley G. Palmer, college of engineers; Dr. Eldon E. Wittwer, professor of agriculture; and James M. Hoyt, assistant professor of economics.

Ely Encouraging

Although the reception was gratifying in each town visited, the best response was in Ely, Dean Holstine reported. He feels that about two thirds of the total number of students approached in

"I KNOW BUT CAN YOU SING?"

the assembly meetings will come to the University of Nevada. In some schools, he said, as many as three-fourths of the seniors indicated they were planning to come here.

In an effort to follow through with the work the committee has already accomplished, the Dean said that April 13 would be Senior Visiting Day, as well as Engineer's Day.

LAMBDA CHI INITIATES TWENTY-ONE NEW MEN

Twenty-one men were initiated into the Lambda Chi Alpha fraternity last Sunday. Farrel Overholser of Fernley was the five hundredth initiate into the Epsilon Iota chapter of Lambda Chi.

Initiated were: Pat Coffin, Fred Nye, Ron Moroni, Dale Clerk, Bill Clarke, Pete Breen, John Gisclon, Don Wilhoite, Jack Manhire, DeArmond Sharp, Ralph Bradley, Jim Westerfield, John Roberts, Bruce Downs, Bill McClain, Robert Shanks, Jerry Cahill, Don Hare, Sam Vaughan, and Bill Keith.

Cliff Young, former representative from Nevada, was the guest speaker. President of the Lambda Chi alumni association, Horace B. Bath, also spoke. Other alumnae present were James McNabney, Dick Cameron, Kelly Eccles and Rodney Boudwin.

Failure.

A Campus-to-Career Case History

Leader of an exploration

Owen Williams leads a team of research and development specialists at Bell Telephone Laboratories. His is one of many teams set up at the Labs to explore the frontiers of electronics and communications. In the picture above, Owen (right) discusses modulation problems in electron tubes with Robert Leopold, M.S., Electrical Engineering, University of Michigan, 1949.

Owen himself is thirty-one, and a B.E.E. from Rensselaer Polytechnic Institute, class of '49. He joined the Labs upon graduation, and was assigned to communications development training - the equivalent of a two-year postgraduate course in communications. Mixed with his classes were various assignments in

the Chem Lab, the switching and wave filter departments, and work on transmission systems and coaxial cables.

In 1954 Owen was promoted to supervisor. He works with two electrical engineers, both systems analysts, and four technical assistants. Their current job is exploratory development of submarine cable systems, looking towards great new transoceanic communications links.

Owen is one of many engineers and scientists in the Bell System whose principal responsibilities include those of leadership. The work of improving telephone service in the Bell System is guided, and decisions are made, by men who understand the problems involved at first hand.

Many young men like Owen Williams are finding interesting and rewarding careers in the Bell System - at Bell Telephone Laboratories, in Bell Telephone Companies, Western Electric and Sandia Corporation. Your placement officer can give you more information about career opportunities in all Bell System companies.

Wolf Pack Skiers First In Tressider Cup Meet

Victory in the Tressider Cup ski race last weekend brought the Nevada team an invitation to compete in the National Intercollegiate, which will be held at Ogden, Utah March 29-31. Nevada is rated as the top college ski team representing the Far west.

Nevada's invitation to participate in the Nationals was made known by coach Chelton Leonard who said that the team was tentatively planning to make the trip. Leonard announced also that the results of the Tressider Cup put four other Far Western teams in line for invitations. They are: University of California, Sierra College, San Jose State, UCLA, and Stanford.

The three day event will match the outstanding college teams all over the nation. The 1956 intelcollegiate champions and six time Nevada Winter carnival winner, Denver university, will return to defend the title gained last year, against highly rated teams such as Dartmouth, Middlebury, Colorado, and Utah, other top teams throughout the country.

Nevada will field a team in all four events, according to coach Leonard. Downhill and slalom team will feature Lynn Johnson, Jack Bosta, Dick Ankers, and Bob Autry, who have all placed high in Far West competition.

The cross-country team, headed by team captain Harry Ericson, will enter also Don Cronin, and Bosta. Will Long might not be able to make the trip, consequently Nevada will enter only three in this event.

Bill Thornton will not be able to travel to Utah, and so will be lost to the jumping team which will be made up of Cronin, An-

kers, and Bosta.

The results of the Tressider Cup gave Nevada two wins in top meets during the past season, the other in the Vanderbilt Cup the week before. Nevada won the combined team competition over California with 381.7 points to the Golden Bears 363.9.

Lewis Fellows, outstanding Cal skier, was individual star, winning three events: the slalom, the downhill, and the jump. Nevada's Harry Ericson again won the cross-country race to turn in an outstanding record for this sea-

COACHING CLINIC STAFF COMPLETED

The staff for the University of Nevada's fourth annual coaching school, June 17-21, has now been completed, according to an announcement from G. A. (Art)

son.

Nevada skier Bob Autry placed third in the slalom with teammates Jack Bosta, Lynn Johnson, and Dick Ankers coming in fourth, seventh, and 23rd, respectively. In downhill competition, Jack Bosta was in second spot behind Fellows. Johnson was third, Ankers sixth, and Autry 24th. Jumping found Long in third place, Ankers 11th, and Bosta 18th to complete the three days of competition.

Brotten, director of health, physical education, and athletics.

Duffy Daugherty of Michigan State college will conduct the football clinic, and Everett Case of North Carolina State college will be in charge of basketball.

"Kickapoo" Logan, former West Point trainer, will teach training techniques at the clinic.

DOUGLAS ALLEY

FOOD TO GO—FAirview 3-0661

You're Gene McGrew... high school footballer and class officer. You won a scholarship and went through Princeton in the top third of your class... managed varsity track... commanded an artillery battery in Korea... "When you put a lot of preparation into your career," Gene McGrew feels, "you should expect a lot of opportunity in return."

Meets IBM representative

Out of the Army in 1953, Gene met an IBM representative. It sounded like opportunity. A few interviews later, Gene was sure. Although sales was only one of the many jobs he felt he could handle, this kind of selling—(IBM machines are as much an idea as a product)—promised to occupy every talent he possessed. Besides, he's learned that "no other form of training produces so many top business managers."

Gene outlines programming test

Then began a 13 months' training program marked by merit salary increases. First—3 months' schooling and observing operations in Pittsburgh (Gene's hometown). Next—2 months' studying the applications of IBM's electronic data processing machines in business, science, government, and defense. Followed by 7 months' practical training in the field, with customer contact. Followed by IBM's famous course in selling methods. Finally, assignment to a sales territory near Pittsburgh, responsible for about 14 companies and their executives who used IBM equipment, and a dozen or so more who were logical prospects for it.

What's it like to be AN IBM SALESMAN?

Selling to management is perhaps the best training for management, and it's the reason Gene McGrew joined IBM. Today, he possesses a thorough practical Business Administration education, responsibility, an excellent income—all at age 27. Read about an unusual career.

Makes first sale

Gene's first sale, to a bank, required thorough study; consultations; a written recommendation. The climax came, Gene remembers, when he submitted his analysis to the vice president and received that gentleman's signature.

Discussing customers installation

Gene's latest sale was to a large industrial corporation. He's now preparing this customer for the installation of an IBM electronic system designed to simplify financial procedure; inventory and other systems problems. At 27, Gene finds himself top man on an important account. He's educator, salesman, administrator.

How would Gene define selling?

"We feel the best way to sell is to be able to consult. The best way to consult is to know something of value your customer doesn't. IBM's 'something of value' is profit through automation."

Gene's thoughts on competition:

"The entire Office Machine Industry feels the lead pencil is the biggest competitor. You've no idea how many time-consuming clerical jobs can be mechanized, thus freeing people for important, creative jobs. IBM's success in the field is due to service, knowledge, 'know-how'."

Does Gene find his youth a handicap?

"It's what you know—not how old you are—that counts. I deal with executives twice my age on a basis of

equality, because they respect my training and my business judgment."

Future wide open

"I'm getting married soon, and I was amazed to realize how much security IBM's growth (sales have doubled on the average every five years since 1930) and benefits represent. But I think my real security lies in the chance to use my own ability fully and freely. There are nearly 200 Branch Managerships, 15 District Managerships and executive positions in 5 other divisions ahead of me. IBM is introducing new machines, systems and concepts so fast that, every Monday, we have a 'new idea' meeting just to keep up."

IBM hopes this message will give you some idea of what it's like to be a salesman at IBM. There are equal opportunities for E.E.'s, I.E.'s, M.E.'s, physicists, mathematicians, and Liberal Arts majors in IBM's many divisions—Research, Product Development, Manufacturing En-

'55 Nevada Grad Starts Campaign

A campaign for the improvement of living conditions in a Mexican colony adjacent to Visalia, California, has been successful, largely due to the work of a recent graduate of the University of Nevada.

Ronald H. Einstoss, a Nevada journalism graduate recently completed a series of six articles called the "Crowley Report." As a city reporter for the Visalia "Times-Delta," he covered the population, lack of sanitation, housing, and adequate police and fire protection in Crowley, the Mexican settlement. He also described the educational problems, and gave the arguments of the groups opposed to and in favor of having the area annexed to the city of Visalia.

Attempts have been made for years to annex the district to Visalia and thereby bring improvement to the Mexican colony.

"Now people know enough about the area to see that annexation is the only thing for those people," said Einstoss. He feels it is only a matter of a few months before the annexation will be carried out.

Einstoss graduated from the University in 1955. He is married and has two children. The Korean police action interrupted Einstoss' University study. During his senior year he served as president of Sigma Delta Chi.

Many UN Students Are Veterans

A peak in enrollment of veterans at Nevada has been reached, says Mr. Sam Basta, veteran's advisor for the university.

The number of former servicemen on the campus is about one-third of the male enrollment. Last semester there were about 375 veterans enrolled.

The university now has about four hundred men on campus that have completed their service and receive G.I. Bill benefits.

Mr. Basta feels, however, that there is a considerable number of men who are eligible for subsistence and have failed to apply for it by signing the monthly form at the Dean of Student Affairs' office.

"It is not enough for the Veterans' administration to OK vet's schooling. The veteran must sign the proper form each month for the preceding month's subsistence money."

Veterans are urged to sign the form on the first and not later than the tenth of each month in order to receive their money by the twentieth of the month.

Idaho Staters Beat Nevada Mittmen

Idaho State college boxers, unbeaten in dual match boxing this season, chalked up their fifth straight victory as they beat Nevada fighters 6-2 in Pocatello, last weekend.

The Bengals scored one KO and one TKO during the bouts as Idaho's Jim Driever dropped Leonard Howard of Nevada in the first round of the 165-pound clash, and Cyril Okamoto scored a technical knockout over Nevada's Dick Short in the 125-pound scrap.

Little Sam Macias, 119, and Jack Batchelder, 156, scored the only Nevada wins. Macias, with only two losses in three years, edged out a decision over 1955 champion Bobby McCullom. Light-middleweight Jack Batchelder got his first win in three boxing cards by decisioning Idaho's Ed McFarland.

Bengal Hal Espy handed Wolf

Pack heavyweight Bob Genasci his first loss of the current campaign. This was Genasci's first loss in six outings. Espy was the heavyweight alternate in the 1956 Olympics.

Idaho State's Driever, fighting in place of NCAA champion Roger Rouse landed such a terrific blow to the face of Howard, that the Wolf Pack boxer's mouthpiece was sent flying from his mouth and out of the ring in the KO punch.

Other results were:
132-pound—Jaeger, Idaho State College, decisioned Don Kitts, Nevada.

147-pound—Bill Hayes, Idaho State college, decisioned Bill Short, Nevada.

178-pound—Don Rouse, Idaho State college, decisioned Chuck Smith, Nevada.

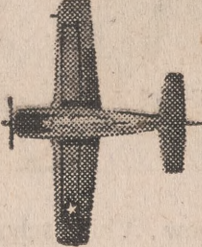

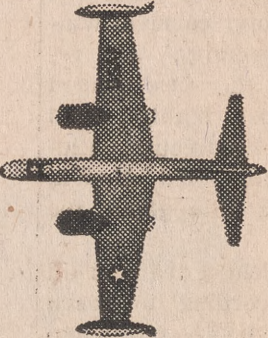

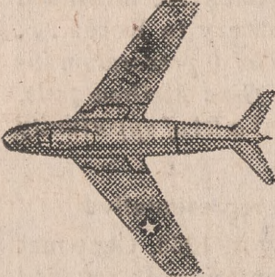

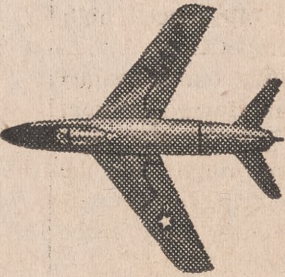

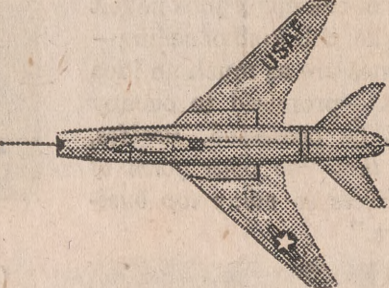

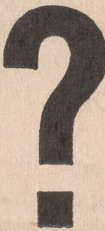

Place Second in Tressider Cup

Nevada's Powder Puff team skied off with second place behind Stanford in the Tressider Cup slalom at Yosemite last weekend, to complete the racing schedule for this season.

Sunny skies and eight inches of deep powder snow covered the slope for the slalom race Sunday, when Mary Ann Tonini, team captain, turned in two outstanding runs to place second in the field. Stanford's Margi Meyer won individual honors, topping Tonini by only one second in two runs.

Freshman team member, Fran Beer, came in fourth after a fall in the first run and a fast second run. Gayle Hall and Gay Brennan tied for eighth place in the final standings, each having trouble in both runs.

NORTH AMERICAN HAS BUILT MORE AIRPLANES THAN ANY OTHER COMPANY IN THE WORLD

	
T-28 Worthy successor to the world famous AT-6	B-45 America's first four engine jet bomber

Genasci Honored By Sportswriters

Nevada boxer Bob Genasci was named "Athlete of the Month" for February by the Sierra Nevada Sports Writers and Broadcasters Association.

Genasci, a 200-pound senior from Loyalton, California, has a season record of six wins, one loss. Two of the wins were technical knockouts. His one loss was last week when the victory went to Hal Espy, Idaho State. Espy is undefeated this year, and was an Olympic games alternate at Melbourne last fall.

As a sophomore Genasci's record was one win and four losses. When he was a junior he hit five wins and three losses. Last year he received the Jamie Dominici Memorial trophy for being the Wolf Pack boxer that showed the most improvement during the season.

Jamie Dominici was a young Nevada boxer who died of polio last year.

This year Genasci's wins were over two different opponents from Chico State, one from Cal Poly, two from Sacramento State, and a

College of Bus. Ad Facilitates Method Of Job Placement

Faster and more efficient service is predicted by Dr. Robert C. Weems, dean of the College of Business Administration, in the interviews of students of the University for job placement.

Dean Weems has prepared information blanks to be filled out by all seniors of the college of business administration that contain pertinent material necessary to prospective employers, such as background, preference, military history and prior experience.

This information will be used in compiling a booklet to be sent to more than one hundred business firms and industries in this area.

forfeit from the University of California.

Genasci will fight in Pacific Coast Intercollegiate tournament March 21-23 at Sacramento. He also plans to fight in the Nationals at Idaho State the first weekend in April.

Bourbon Queen Rules Announced

Rules for the Sundowners' "Bourbon Queen" contest have been announced by Louis Porta, organization president. The queen will reign over the annual Levi Formal scheduled for the American Legion hall, April 12.

Each woman's living group will select a nominee, said Porta. The queen will be selected by the Sundowners at their last regular meeting before the dance. She will be crowned at the formal.

The queen must have the following qualifications:

1. She must have held no previous queen title.

It will allow the interviewers to speed the process of checking the background and wishes of the applicant.

These booklets will be available to any individual or firm desiring to use the information for personnel placement.

2. She must be a second semester freshman or above.

3. She must have a 2.00 grade average or better.

4. She must not be, or ever have been, a member of the Prohibition party.

Queen Described

Porta described the type of queen desired by the members of one social organization.

"We want a girl who best typifies the average American college girl. We don't seek a glamor girl or one consistently on the honor roll. Our queen will be a girl who is upright and diligent in everything she attempts, but who has not had any official recognition of her achievements. She must know how to have a good time but certainly not be a party girl."

Mistake Corrected

"Some people," stated Porta, "have the mistaken idea that

our 'Bourbon Queen' is some sort of a whiskey queen. Nothing could be farther from the truth. Our queen is named for the Bourbon rose, one of the rarest and most beautiful of flowers. In plainer language, our girl will be a 'Rose Queen.'"

The flower is described by the Webster's New International Dictionary as a rose "of compact, upright growth, with shiny leaves, prickly branches, and clustered flowers."

Last year's queen was Theresa Naveran of Delta Delta Delta.

Another feature of the dance will be a reunion of alumni of the Sundowners organization. Invitations have been sent out to all former members of the group.

Big Joke

"When people see what important positions are held by our alumni in almost every field, they will realize that our claim to being 'future dignitaries of America' is no joke," Porta declared.

Did We Miss You?

Call Us Collect!

During our recent visit to campus, we had a chance to meet many of you to discuss career opportunities in the field of telephone communications and electronics. We'd like to thank all those who arranged their schedule and took time out to discuss their future in the Bell System; we feel confident they found it worth their while.

Did we miss you? We realize that some of you weren't able to see us then. To you, we'd like to extend a standing invitation to hear all about your opportunities in one of today's—and tomorrow's—most exciting fields. Simply drop us a line or call collect:

C. P. MORRILL, Jr., College Relations Representative, The Pacific Telephone & Telegraph Co., 140 New Montgomery St., San Francisco 5, California. GARfield 1-9000, Extension 2778.

IT'S FOR REAL! by Chester Field

FIREBUG*

A thousand curses on that slim,
Incendiary she
Who—calculating shrewdly my
Combustibility—
Enflamed me with her eyes and let
me burn so merrily
That when the fire was out she'd made
A perfect ash of me.

MORAL: Where there's fire—there's smoke. So pull yourself together, chum, and put a flame to the end of your Chesterfield King. Ah-h-h-h—that feels better. Take comfort in that regal, royal length. Enjoy the smoothest natural tobacco filter. Savor the smoothest tasting smoke today—packed more smoothly by ACCU•RAY!

**Like your pleasure BIG?
Chesterfield King has Everything!**

*\$50 goes to Daniel J. Sullivan, Holy Cross College, for his Chester Field poem.
\$50 for each philosophical verse accepted for publication. Chesterfield, P.O. Box 21, New York 46, N. Y.

Scholars Elected To Phi Kappa Phi

Six seniors and four juniors were recently elected to Phi Kappa Phi, an honorary society for the promotion of scholarship.

Seniors are: James Bright, Marge Stodieck, Robert Jones, Clark Jones, George Hellerich, and Robert Pearson.

Juniors elected to the society were Eugene Wahl, Donna Holstein, Robert Stratton, and Bill Eddelman.

The lowest overall average for the senior selected was 3.291. The juniors' lowest average was 3.697.

Phi Kappa Phi members are presenting an assembly March 14, at 11 a. m., at which time the new members will be initiated. Ginsburg watches will be awarded to those seniors who have outstanding scholarship and character.

Joseph McDonald, former publisher of the Reno Evening Gazette and the Nevada State Journal, will speak on the development of the Lake Tahoe area.

SIGN FOR CASH, VETS

All veterans wishing to receive monthly subsistence checks without delay must sign appropriate forms on time, according to Sam Basta, University of Nevada Veteran Coordinator.

The notice warned that veterans must sign forms before the 9th of each month in the office of Student Affairs. Failure to sign the forms between the first and 9th will delay the individuals receipt of his check. Veterans should receive their checks on about the 20th of each month, according to the office of student affairs.

Pussy cat, pussy cat, where have you been,
You little monster.
I've been to London to see the Queen,
And pounced uponst her.

And I heard him exclaim as
drove out of sight—"Brrrrraack!"

Regents Grant Gas Main Study

The board of regents this week authorized University Engineer Robert Poolman to appoint a committee to study the propane gas facilities at the University.

The investigation stemmed from a petition by the faculty of the Mackay School of Mines, requesting Poolman to petition Sierra Pacific Power company, the City of Reno, and the Nevada State Public Service Commission, to discontinue using propane. In their petition the School of Mines faculty suggested that the University use some lighter-than-air gas, to avert the possibility of an explosion such as occurred in downtown Reno last month.

Poolman said a number of leaks have already been found in the University's gas mains. None of the leaks has been of a serious nature, he added. Since the recent downtown explosion, he has or-

dered the installation of safety valves at check points along the system.

Some of the reasons stated by the School of Mines faculty in their unanimously adopted petition are that if any extensive gas system, such as the University's, leaks are bound to occur; that heavier-than-air gasses, such as propane, tend to gather in low places; and that even small amounts of propane constitute a hazardous condition.

Poolman stated that he has not yet appointed the committee to conduct the gas mains investigation, but intends to do so in the near future. He also intimated that there is no immediate danger and that this is merely a routine investigation.

Have you had your little personal tragedy today?

BOB LEWIS, ATO, ELECTED INTERFRATERNITY PREXY

Bob Lewis, Alpha Tau Omega, was elected president of the Interfraternity council this week. Out-going president is Gary Brock of Lambda Chi Alpha fraternity. Bill Adams, Sigma Alpha Epsilon, was elected vice president, and Dick Deleissegues, Lambda Chi, is the new secretary-treasurer.

Most of the members will probably attend the interfraternity conference in Oregon this year, said Bill Adams.

The council discussed long-range plans on the housing situation for next year's Winter Carnival.
