Graduation Time For 62 Students On This Campus

Tomorrow 62 candidates listed by the registrar's office for graduation will be approved by the board of regents.

Bachelor of science degrees numbered 52 with ten bachelor of arts degrees to be conferred. Ten graduate school students will receive their masters.

Of the eight colleges on the Reno campus, six have graduates, with the College of Arts and Science graduating 14 students and the College of Business Administration close behind with 13 degrees.

Upon confirmation by the regents the following will receive their respective honors:

College of Agriculture: Edgar L. Piper, B.C. in agriculture.

College of Arts and Science: Gene R. Boutilier, B.S.; Eric W. Bretthauer, B.S.; Joseph F. Cud, B.S.; Sam G. Eliades, B.S.; Ted A. Evans, B.S.; Bruce A. Fabbi, B.A.; Thomas L. Lambert, B.S. in chem. tech.; John G. MacDonald, B.S.; Herman F. Marston, B.A.; Harriett P. Nelson, B.A.; Ruth C. Romwall, B.A.; Clyde L. Sabala, B.S.; George P. Stannard, B.A.; and Catherine G. Zimmerman, B.A. in journalism.

Business College

College of Business Administration: Spiros C. Anastassatos, B.S.; Gaston A. Bastanchury, B.S.; Marlene E. Belli, B.S.; Robert L. Byrne, B.S.; Leigh Clement, B.S.; Samuel S. Jaksick, Jr., B.S.; David H. Jamieson, B.S.; Russell L. Melquist.; Eugene T. Moffett, B.S.; Jack A. Penman, B.S.; Donald Smith, B.S.; Laurence H. Standart, B.S.; Ray T. Trease, B.S.

College of Education: Jerald Berry, B.S.; Maria Buckmaster, B.S.; Edith V. Butler, B.S.; Jeanne P. Chretien, B.E.; Robert H. Condie, B.S.; Carolyn Hall, B.S.; Edward E. Foster, B.A.; Josephine R. Hancock, B.S.; Felton Hickman, B.S.; Eulalio M. Jacques, B.A.; William E. McKenna, B.S.; Laura J. MacPhee, B.S.; Amy D. Mathews, B.S.; Joan T. Mueller, B.S.; Camille J. Phillips, B.A.; Ellen M. Piehl, B.S.; Robert I. Rose, B.S.; Norman E. Scoggin, B.S.; Arthur C. Vaughn, Jr., B.S., and LeRoy T. Wilcox, B.S.

College of Engineering: Robert
(Continued on Page 3)

Billie Mae, Diane in AWS President Run - Off

Diane Isola and Billie Mae Morris will vie for the Associated Women Students' presidency next Wednesday. On that day from 8 a.m. to 4 p.m. Nevada's women will decide which of the two finalists will lead the AWS next year.

Bonnie Rae Ramos was dropped out of the race at the primaries the day before yesterday. Miss Ramos, an Independent, received 68 votes out of the 308 cast. Tri-Delt Isola led the group with 136 votes,

CANDIDATE MORRIS

while Miss Morris, a Pi Phi, received 104.

A small turnout of 308 women out of over seven hundred in the organization turned out to vote in the primaries. A larger turnout is expected for the general election. Voting will take place in the upper level of the Jot Travis Student Union building.

Miss Isola is a junior student in elementary education. She graduated from Sparks high school in the spring of 1957. The candidate from Pi Beta Phi was born in Elko in February 1939.

Miss Morris is also a junior in education. She is a graduate of Reno high school. She was born in June of 1939 in Opelika, Ala.

Election Assembly

The candidates spoke at the AWS election assembly in the education auditorium Tuesday evening. Skits were performed at the assembly by each of the sororities and by Artemisia-Manzinta association.

Members of Kappa Alpha Theta presented a medley of songs on the theme of their moving into their newly redecorated house.

A song and dance skit tracing music in this country from the turn of the century to the present was presented by Delta Delta Delta.

Artemisia-Manzanita association put on a parody on a "King and Queen" theme.

Melodrama

A melodrama — complete with hero and villain—was presented by the women of Gamma Phi Beta.

"Wyatt Slurp" was the title of a parody of a widely-known televi-

sion show that was presented by Pi Beta Phi. The skit was complete with the horse, "Saliva," reputed to be "the spitting image of its mother."

Master of ceremonies for the evening was Barbara Heward. She presented a series of humorous poems and jokes.

Outgoing AWS president Pat Reynolds gave a talk to the women present on the operation of the Associated Women Students organization.

CANDIDATE ISOLA

Church Memorial Dedication Slated For This Sunday

Sunday's cornerstone laying ceremony and dedication of the new Dr. J. E. Church Fine Arts building will be marked with pomp and pageantry. The program will begin at 1:40 p.m.

The fine arts building was built by the Lembke Construction company and cost \$1,194,000. It was designed by architects Richard J. Neutra and Robert E. Alexander.

Art, music, speech and drama will hold classes in the new building this fall.

The Grand Lodge of Free and Accepted Masons will officiate in the ceremonies. The ushers will be Kerak Temple Guards. Five groups will be escorts in the procession, one of them the University of Nevada ROTC color guard.

Felton Hickman will direct the University's brass ensemble in the introductory music for the program.

The University will be represented by President Charles J. Armstrong, Ralph A. Irwin, dean of the College or Arts and Science, and the board of regents.

Church Cornerstone

The ashes of Dr. J. E. Church and his wife will be placed in a niche behind the cornerstone. A special religious ceremony for the entombment will be held sometime this spring.

The Church family will be represented Sunday by Mrs. A. J. Shaver, a niece of Dr. Church, and by Jerold C. Elsie, a nephew.

The Grand Lodge will meet at the Masonic temple at 11 a.m. They will reassemble west of the men's dormitory on Virginia street at 1:30 p.m.

The University Brass Ensemble will begin the program with introductory music at 1:40 p.m. Trumpets will sound for thirty seconds before the start of the procession, and the Morrill hall bell will ring as the signal for the actual start. The ceremonial march composed of the Masonic Grand Lodge and escorts with the University of Nevada ROTC color guard will march to the cornerstone site at 1:50 p.m.

Special Guests

There will then be a pledge of allegiance to the flag and the "Star
(Continued on Page 3)

Library Featuring Book Program

The library is featuring a new collection of paperbacks for browsing and checking out. They will be on the north counter in the main reading room and may be checked out from there, according to Mrs. Ruth Donovan, reference librarian.

Such titles as Jacques Barzun's God's Country and Mine; Brooks Adams' The Law of Civilization and Decay, Eric Bentley's In Search of Theater, Sir Arthur Eddington's The Nature of the Physical World, Elizabeth Bowen's The Death of the Heart, Martin Buber's Between Man and Man and many more are included. Suggestions for titles to be added to the collection are welcomed.

International Recognition?

Sundowners Travel Abroad

Five members of the Sundowners, campus friendship club which at one time threatened to sue the Sagebrush for libel, are now touring western Europe. They are Dave Pruett, Al Mohatt, Tom Ormachea, Don Cronin and Murdock Smith.

The Sundowners intend to spread the recognition of their organization internationally, according to Mohatt, past president. The last time the Sundowners name reached international significance was in 1939

when the group announced it would ban Adolf Hitler and Joseph Stalin from membership in the event the two ever tried out for Sundowner pledges.

Last year the Sundowners threatened to sue the Sagebrush after the editor referred to them as "hard-drinking, hell-raising chicken thieves." The group has since not used live chickens in its initiation rites.

Mohatt did not disclose when the five "international Sundowners" would return to the continent.

Olympic Games Bring Extra-Curricular Activities to Campus

By LORA LEONARD

Many students will remember the VIII Olympic Winter Games not only for the spectacle itself, but for the special activity it brought to the campus.

The games started at the Olympic site as the University of Nevada launched its modified Winter Carnival program. Three main events were sorority open house, Ski club dance, and the Snowball Olympic competitors and team officials and other guests.

February 18 was sorority open houses. Dancing and refreshments were provided for the guests by the women dressed in different costumes of season. Gamma Phi Beta's sorority house was decorated in a Swiss chalet theme. The sign on the front of the house was

of the Olympic rings and the word, "welcome," written in German, Spanish and English.

Kappa Alpha Theta's decorations were of a speakeasy. The women dressed in "flapper" costumes. The sign above the door was a picture of the Patron Saint of Skiers with the words, "Welcome Olympians From the Biggest Little House in Reno."

Pi Beta Phi's sign was a snowman with the lettering of "Pi Phi Welcomes Olympians." The sorority house was decorated in a general Olympic theme. Delta Delta Delta decorated its sorority house as a ski chalet and the welcoming committee wore ski clothes. The word "welcome" was cut out in large letters and placed above the door as the sign.

Ski Club Dance

The Ski club dance was held February 19 at the Jot Travis Student Union building. The following night was the annual Snowball held at the Fable Room of the Mapes Hotel. Delta Delta Delta received the dance trophy for the women's living group and Sigma Phi Epsilon received a trophy for men's living groups.

An opportunity was given to the students to be excused from class if they had tickets for the games. Approximately 170 students were officially excused by Dean Basta during the ten-day period. During this time 23 students were excused to work at Squaw Valley at such jobs as interpreting, packing snow and working on the ski jump. For

the complete two week period, 17 students were excused.

Another outstanding feature of the Olympics on the campus were the flags along the walk at the end of Manzanita lake. These were rented by the University of Nevada Alumni Association and placed each day by the buildings and grounds men. Approximately 31 countries were represented by the flags.

Souvenir Pins

Souvenir pins were made to give to persons visiting the campus. Approximately one thousand pins were made. They bore a combined Olympic and University motif and were made of sterling silver. Close to five hundred of these pins were given away to athletes, team offi-

cial and other guests. President Charles Armstrong was given 240 pins to give away, and the University regents were also presented with pins.

A number of Olympic teams and coaches visited the campus and were taken on guided tours by University students. Teams from Finland, Italy, Korea, Japan, Switzerland, Iceland, Great Britain, United States, and Czechoslovakia were given University Olympic pins and took tours of the campus and its building.

"Tight Schedule"

Mr. Robert Kersey, director of the Student Union and organizer of tours, said, "Having the teams was extremely interesting and we were lucky considering their tight schedule."

Sincere and Interesting

THE UNIVERSITY OF NEVADA widened its international recognition during the Eighth Olympic Winter Games when competitors from nations the world over visited the campus.

SKEPTICS VOICED their pessimistic opinions that the University's open-house would be a flop. It was said that the campus would not draw much of a field of the foreign competitors because the University would be unable to compete with the extravagant entertainment provided at the games' site by Hollywood personalities.

BUT, THE SKEPTICS were wrong. The athletes visited the campus. They toured facilities of this educational institution and showed marked interest in the American student's way of life.

WITH THE CAMPUS community offering its sincere and interesting welcome to the many nations' athletes, the University of Nevada proved to be a strong point in the success of the Eighth Winter Olympic Games.

End of An Era?

THE BEGINNING of construction on the new library is welcomed by all students, with the possible exception of a group of women enrollees who, some professors claim, never venture inside such an edifice unless they are still unmarried by the time they reach their senior year and are at long last resigned to search out a husband in that usually obscure area.

THE PLANS ANNOUNCED for the new building are impressive and it most likely will be a structure the University of Nevada will be proud of for many years to come. The facilities of a library are indeed important, however, more important is the working organization of those maintaining its operation.

THE PRESENT LIBRARY is as bizarre an institution as can be found in the circles of higher learning. Because of poor facilities—two mass-study rooms—it is nearly impossible for students and faculty members to find the solitude needed for proper study and research. The mass-study rooms beckon forth human nature to the fullest in its capacity of whispering. And, students are not the only guilty ones. Perhaps the loudest talkers in the building—save any basic P. E. classes being orientated in the use of the library—are some of the staff members. It is common occurrence for staff members in the research section of the main study-room to talk as loudly as if they were at a football game.

THE INADEQUACIES of the present library are legion. It would prove beneficial in years to come for the library staff, the ASUN senate, or some interested party to probe the ASUN, faculty and other universities on the ways of improving the library set-up. This probe's results could be incorporated in the new library's plans before permanent construction traps the facilities into similar archaic circumstances which reign in the present library.

PERHAPS IF THE new library does not succumb to the horrors of poor planning which abound in the present library, and instead, arises as an intelligent complement to study and research, even that group of girls the professors talk about will drop by the building before they become aged seniors.

The Hungry Eye

By MARILYN KOTTER

Skiers and skaters have finally packed their bags and returned to their native countries, but Olympic conversation will remain for "many moons." Again last week, students found time between classes to attend the games. Helping to blow out the torch Sunday were Marilyn Peterson and Mike Paradis, Ron Kirn, Bill Johnson, Don Leahy, Steve Heyer, George Allison, Kim Miller, Ralph Madsen, Jim Allison, Julie Moore, Carol Koehler, Roger Brown, Allan Ross and Barbara Couch, Jo Ann Sbragia and Arnie Hansen.

The Independents last week provided an opportunity for the girls of The Hill to invite their favorite male to a Sadie Hawkins Dance. Welcomed to Dogpatch were Helen Garvin and Al Bruner, Barbara Brannen and Mike Thompson, Bonnie Ramos and Tim Sughrue, Dixie Wallace and Steve Cornutt, Elaine Ross and Joe Torneo, Ann Raffeto and Jim O'Flaherty, Judy Greene and Brian Hogan, Lo Ann Huyck and Robert Cheever.

Phi Sigma Kappa held a pledge dance last Saturday night at Lawton's. Enjoying the festivities were Gray Poole and Robin Bohlman, Jerry McCord and Donna Klat, Ed Hennessey and Weeze Reynolds, Richard Gwyn and Lyla Sprague, Jerry Lusk and Elinor Cassinelli, Bob Brown and Linda Pearce, Lynn Peterson and Lynda Bost, Roger Robertson and Virginia Oberg.

Even though the Gamma Phi's do not use paddling for initiation, there are a few members who will not be able to sit down for a while. It seems Laura Leonard, Donna Click, Kay Hamilton, Renee Robertson and Kim Morghen had a lot fun horsebackriding.

Margaret Eddleman and Ron Bradley, chairmen for W. U. S. Carnival, remind us to save our money for the carnival, which is coming up on March 18th. Many campus organizations will operate booths.

Tri-Delts cleaned out the Lambda Chi house last Thursday night when the LC's entertained the DDDs with a "Reno-Type" Social. Gamblers of both groups enjoyed playing 21, craps and roulette without a ball and many wondered what kind of a salary a dealer with a college education could make. Speaking of cleaning out houses, Thetas and SAE's will do just that tonight when they help clean out each other's houses. What an excuse for a social!

HIT AND RUN DEPT. If you are wondering why ski patrolman Gene Mortara is on crutches it is because he was hit by a schauss-brooming skier Sunday.

Announced at the Phi Sig dance was the pinning of Phil Hebert to Carol Rivkin, Independent. Valentine's pinning was announced belatedly at the Tri Delt house Monday night when Val Van Nepes revealed her pinning to Howie Ness, Sigma Nu. We hope Val won't lose the pin again. Also congratulations to Ken Tollefson, Snake, and Jackie Combs, Independent, who were married last Friday night in Carson City.

The Gow Hall, one of the finer University dining establishments, was the scene Monday night of a candlelight dinner and dancing during dinner to the music of the Skyliners. Gow Hallians hope this will become a regular feature.

SOCIALIZING: Pi Phi Pajama Dance tonight, Lambda Chi Alpha dance. Tomorrow night, SAE Dinner Dance, Tau Coconut Dance and Sigma Phi Epsilon Dance.

'Brush Editorial Comment

PERSONS SEEKING public office staunchly defend the public's right to know about government activities. But, often enough, when they are in office they bar the press and hold closed meetings in which they discuss public business. This has been demonstrated time and again on federal, state, city and campus levels.

RECENTLY A STUDENT denied the public's right to know about a government controversy which she had created. She would give no information to the press because it might have proved uncomplimentary to her when placed before the public eye.

THIS WEEK as an AWS president candidate she approached a staffer of this newspaper before the primary election and demanded press coverage of the event, which any basically intelligent newspaper reader would have known would be covered. When press coverage would place her favorably before the public eye she upheld the public's right to know.

IT IS TOO BAD public officials' "ideals" bend so easily because they do so at the expense of the public good.

Wind, Snow, Silence Remain

(Editor's Note: Barbara Heward, a senior, has written an observational story on Squaw Valley as the site of the Eighth Olympic Winter Games and how it appears now that the games are over. The story will be entered in collegiate competition sponsored by a national-circulation magazine. It is printed below:

By BARBARA HEWARD

Squaw Valley and four years of preparation climaxed by 11 days of glorious international friendship in sport have passed into the oblivion of faint memory. The 1960 Olympic Winter Games are a thing of the past and Squaw Valley once again is a silent wonder of nature hidden within the Sierra.

The spirit of the Olympics has lifted from Squaw Valley and now there is emptiness. Only remnants dot the Olympic cemetery at Squaw Valley.

In the quiet of the village the wind occasionally rattles a battered hockey stick, probably dropped on the outdoor rink by an overenthusiastic member of a victorious nation. The stick bears no national symbol, no colors, only the cuts and marks of a hard played contest. If the wind blows hard enough, the stick will be driven off the edge of the rink and buried in the snow.

A man's jacket bearing the marking CBS still hangs on the back of a folding chair in the pile-supported judges' stand near the ski jumps. No doubt the owner was in a hurry when he left, as reporters and TV commentators usually are. Maybe the reliable CBS eye will spot it there and see that it is returned to the system's employee. Highly unlikely!

Quaint alpine cottages throughout the Valley are locked and shuddered in preparation for what may remain of the winter season. Many of these typical Swiss houses were only opened for the first time a few weeks ago and already they've outlived their usefulness. They must stand quietly as broken places in the blanket of snow hoping spring will wash away their coverings and give them a new look for the summer months.

Over the floor of the Olympic site lies the sawdust mixture of snow and wood shavings. The ruddy-shaded covering provided a basis for some 250,000 people to park their cars and stamp over the valley. Like an old rug in a national shrine, it is stained by the steps of famous and insignificant alike. Now only footprints remain and, whether they be those of Carol Heiss or Lowell Thomas, they too will vanish with the changing of the weather.

Over the door to the competitor's dining room the Olympic symbol

of the interlocking rings is holding fast. Yet the insignia is not complete; one ring, the blue one on the upper left-hand corner, is broken off. The missing ring is lost forever. There will be no need to look for it. The 1960 Winter Games have vacated this place as has the blue ring. The colors in the symbol over the door will slowly fade out and the remnant will become a white skeleton to the past.

Blyth arena stands firmly in the middle of the valley, large and sturdy, defying those who would leave it empty. On its inner rink the major U. S. victories were achieved. There Carol Heiss bowed to the applause of her fellow Americans; Dave Jenkins struggled from behind to capture the second U. S. gold medal; the American hockey team upset the favored Canadians and emerged victorious over the U.S.S.R. Now the rafters of Blyth arena will no longer ring with applause and cries of victory. This massive building too must succumb for in the future only occasional skaters will cut graceful figures on the ice and there will be no judges to mark their accuracy.

Near the ticket gates at the entrance to the games there is a drum propped up on the obscure side of one of the booths. Evidently some youthful high school musician forgot his purpose in the excitement and boarded a bus for the long trip home with little concern for what he left behind. No one remains to beat the drum and it lends itself to the silence of the valley.

Hot dog wrappers, paper cups, old flash bulbs, and bits of newspapers flutter from spot to spot over the valley. Typical leftovers of any human event, they clutter the cemetery. Around the buildings, under the bleachers, and in the parking area they rest—a tattered, colorful lot to drift away in all directions.

Where once the United States Marine band played the national anthems of all different countries and where victorious athletes had stepped up to thrilling triumph, there remains only the magnificent Tower of Nations. The high flagpoles standing guard near the Tower, once clothed in brilliant color, now stand naked in the cold. The crowds that stopped in awe before this structure and knew the meaning of its strength have already forgotten the tingle they experienced at the foot of its giant steel beams. In the foreground in awful blackness stands the tripod where the life of the valley was extinguished—the tripod wherein burned the Olympic flame. Now that flame is gone and leftovers within the mountain walls of Squaw Valley echo the passing away of the 1960 Olympic Winter Games.

Seniors Eligible For Fellowships

Graduating seniors with an undergraduate major in German are eligible for fellowships allocated by the University of Kansas department of Germanic literature.

The stipend is \$2,000 for the first year, \$2,200 for the second year, and \$2,400 for the third year of graduate work. An additional \$400 yearly is given for each dependent.

School of Mines

College of Mackay School of Mines: Willis L. Clarke, Jr., B.S. in Met. Engr.; Tommy Cordova, B.S. in Geol. Engr.; Morris E. Friberg, B.S. in Min. Engr.; R. Jerrell Glenn, B.S. in Geol. Engr.; Leal W. Kimbrey, B.S. in Geol. Engr.; Richard L. Landingham, B.S. in Met. Engr.; Arthur Lopez, B.S. in Geol.; Dale S. Mosher, B.S. in Geol. Engr., and Gilbert T. Smith, B.S. in Geog.

Graduate School: Thomas B. Churn, M.A.; Melvin Kirchner, M. of Educ.; Richard A. Matthews, M. of Educ.; Joe Meabe, Jr., M. of Educ.; Jack L. Millinger, M.A.; Karl Mueller, M. of Educ.; Emil Onuschak, Jr., M.S.; Murriel G. Schultz, M. of Educ.; Jack B. Selbig, M. of Educ., and Margaret D. Shepperson, M. of Educ.

Final plans for the theater wing of the new Fine Arts building were announced recently by the speech and drama department.

Largest section in both size and cost will be the theater auditorium and stage. It will seat 250 and will cost approximately \$800,000 for equipment, seating and lighting.

Men's and women's dressing rooms will be located under the stage. In the rear of the auditorium will be a special control booth which will handle the light and sound. A special rehearsal hall will be located off stage. It will act as a training classroom, too.

Other rooms in the wing will include a special storage department which will house all props and scenery. A Green Room, the traditional actor's lounge, is also being planned.

Although the department will move into the wing in May, the first play will not be presented there until late November or early December. At that time a formal

opening ceremony will be held. The first plays presented will begin a series paying tribute to the great productions of the American theater.

Professor Charles Metten, speech and drama director, said, "I believe that it will be one of the finest little theaters on the west coast. But if we are going to match the quality of the building with quality productions we are going to have to have enthusiastic students who are willing to put in hard hours of work."

Grades to Bring Steaks for GP's

Semester grade averages were the important item at the annual Gamma Phi Beta scholarship dinner. Women sat according to their average and ate different types of food according to their rank. The dinner was held at the sorority house February 10.

The women with the highest grade averages sat at the head of the table with the housemother, Mrs. Musick. The women receiving the lower grade averages ranged down the table and onto the floor.

The highest grade average holders ate steak. Ham was the second best food, and hot dogs were for the lowest grade averages.

"Progressive education" was the theme for a skit given by Sigrid Vietti, Sigrid Nielsen, Donna Click, Janet Blakely and Lora Leonard.

Valentine candy was given to the women with the highest grade averages by Geraldine Martinez, assistant scholarship chairman.

Salter Announces Committee Heads

Doug Salter, newly elected president of the Sigma Nu fraternity, announced appointments for nine committees.

The committee chairmen are: Mike Tompette, athletic; Louis Reitz, scholastic; Glenn Bates, social; Dudley Cate, rushing; Dave Bartlett, song leader; John Heward; pledge trainer; Ty Cobb, publicity; Jon Madsen, senator and the initiation team is made up of Louis Reitz, Vance Bell and Don Rictor.

Peterson Re-elected Phi Sig President

Lynn Peterson was once again elected president of Phi Sigma Kappa fraternity in recent house elections. He was president last semester.

Phill Herbert assumes the duties of vice-president, and Dan Sobrio, student-body president, is pledge trainer. The remaining officers are: Ray Clem, treasurer; Bill Nixon, house manager; Dave Alingham, secretary, and Larry Dickinson, sentinel.

... Dr. Church Dorm Problems Discussed at Meet

(Continued from page 1)

Spangled Banner." Following a proclamation by the grand marshal, Archie G. Grant, chairman of the board of regents, will introduce special guests and make a formal request to place the cornerstone.

The Masons will then perform the cornerstone laying ceremonies. Special guests seated on the platform will be Grant Sawyer, governor of the state of Nevada; Rex Bell, lieutenant governor of the state of Nevada; C. V. Isbell, chairman of the state planning board; Archie C. Grant, chairman of the board of regents, President Armstrong, Dean Irwin, Mrs. A. J. Shaver, Las Vegas; Jerold C. Elsie, Grand Lodge Michigan; Richard J. Neutra, architect, and Richard P. Chase, vice president of the Lembke Construction company.

Sixty-three other special guests are invited.

Four faculty members and seven women students from Artemisia hall met last week to discuss the problems of the dormitory. The committee from the hall brought up problems that need solution, including plumbing, heating, lighting, the buzzer system, painting, the alarm system, dormitory decorations, telephones, the sign-out desk and over-crowded conditions.

The committee from Artemisia was headed by Tamara Tenk. Others were Diane Nungesser, Mary Somers, Marybeth Hockel, Sandra Brown, Toddene Watkins, and Gail Price.

The discussion was divided into six categories and each girl discussed one major problem.

Dean Elaine Mobley, Miss Roberta Barnes, Robert Kersey and James Rogers, school engineer, met with the group.

Lambda Chi Alpha Holds Dance Tonight

Lambda Chi Alpha will hold an "Oahu Lanai," a dance with a Hawaiian theme to it, tonight. The dance will be at Lawton's from 8:30 p.m. until midnight.

During the dance a queen will be selected from the Lambda Chi dates. Chaperons for the dance will be Major and Mrs. Homer Owsley and Captain and Mrs. Walter Ward.

Building to Bear Dr. Church Name

Dr. James Edward Church, for whom the new Fine Art building is to be named, was a man of many accomplishments. He first joined the University in 1892 as a teacher of the classics, literature and art. He remained a faculty member for 47 years.

It was the field of the arts and classics that were his lifelong love, but it was in the field of snow science that was to make his name widely known. As a young man he had spent many hours exploring the Sierra Nevada mountains and later became interested in the problem of measuring the water content in snow. The science is presently used to measure irrigation, watershed and power potential throughout the world.

Dr. Church spent nearly half a century in this scientific study and set up survey programs in Norway, Sweden, Canada, Newfoundland, India, Switzerland, Russia, Chile and Argentina.

One of his last survey expeditions was for the India government in the Himalaya mountains in 1947 when he was 78 years old.

In recognition of his achievements, he was presented by the University with an honorary degree of doctor of law in 1937 and a Distinguished Navadan Award in 1958. Dr. Church was a co-founder and president of the Nevada Art Gallery.

He died, August 5, 1959, at the age of 90.

Interviews Set For Graduates

Interviews are still being scheduled for graduating seniors interested in employment. Those interested must sign up for an appointment and complete the necessary interview blanks. Information about appointments, place of interview, forms and material may be secured in the office of student affairs, room 104, Ross hall.

Interviews for the coming week are: March 8, Pacific Gas & Electric company, which wants mechanical, electrical and industrial engineering seniors, as well as juniors for summer work; March 9 and 10, Convair Division of General Dynamics wants electrical and mechanical engineers, and physics majors; March 11, Upjohn company wants sales majors.

Alpha Tau Omega Costume Dance

"Coconuts" will be the theme of the Alpha Tau Omega costume dance which will be held tomorrow night at Bishes' game farm. The dance will begin at 9 p.m. About 75 couples are expected to attend.

Decorations will follow a south sea island theme.

Chaperons will be professor and Mrs. William Miller, and Mr. and Mrs. Robert Whittemore.

Art Exhibit Now Showing At Student Union

A new art exhibit and two new directory boards have been hung in the Student Union building by the union board.

The art exhibit is a collection of 24 photographs from the Curtis Publishing company. The subjects of these pictures are people, places and pleasures around the world. All these pictures have appeared in Holiday magazine in the last five years. The display will remain in the building until March 25.

One of the new directory boards will hang inside the entrance to the building and list all the offices in the building, their numbers and rooms in which job interviews are being held. The second board, outside the book store, will list the events to be held each week in the student union.

'Leap Year' Dance Held in Dining Hall

A "Leap Year" dinner dance was held at the dining hall for all the dorm students Monday.

The "Skyliners" provided the music for dancing after the students finished their candlelight steak dinner. The women, in keeping with the theme, asked the men to dance.

The dance was held on "leap day," February 29.

The menu included baked potatoes with sour cream sauce; steak, lettuce and tomato salad with roquefort dressing and "make your own" sundaes with several different flavors of topping provided.

Sigma Phi Epsilon Initiates Group

Seven men were formally initiated recently by actives of Sigma Phi Epsilon colony at their fraternity house at 1311 Terrace Dr. This brings the total number of actives to 13.

A ham dinner followed the ceremony. Chapter advisor John Petricianni welcomed the new actives with a short speech.

The new men, who finished an initiation week prior to the formal event, are Don Logerwell, Douglas Buchanan, Dix Christensen, Richard Corbin, William Tuck, Richard Tuck, Richard Warner and Robert Fisher.

Sigma Phi Epsilon is still a colony on the campus. In the view of aspect, the "actives" are pledges, but the colony may have pledges of its own, and may hold its own formal initiations. When the fraternity does receive its charter the present actives will automatically become active.

It's bad enough to miss an opportunity, but worse to miff one.

NEVADA STUDENTS TO TOUR EUROPE

John Conklin, University student, and Jim Wood, a former student, left Wednesday night for a six-months tour of Europe.

Conklin says this is just a general tour and a vacation. They will probably stay a couple of months in Denmark visiting Conklin's relatives. On the rest of the tour, they will rent a small place and

live with the local people. They have no set plans for how long to stay in one place or where to go, but they definitely want to visit France and Spain.

Conklin says, "of course I am interested in the foreign press and will try to learn as much about it as possible." They are going to travel by car. Conklin plans to be back for the fall semester.

Advanced Military Science Has Large Enrollment

Thirty junior students are enrolled in the first-year advanced military science course in the University's ROTC program.

They will be commissioned second lieutenants in the U. S. Army after completion of the second-year course and upon graduation.

The group will go to a six-weeks ROTC summer camp in July at Fort Lewis, Wash., where they will receive training in basic combat and leadership. They will be given two semester credits for the summer camp attendance.

Major Homer Owsley, assistant professor of military science and tactics, is instructing the first-year advanced class, Military Science 301 and 302.

The first-year advanced students will act as platoon leaders during

the second semester in ROTC drill. The group will serve a period of six months or two years on active duty in the Army after graduating.

The first-year advanced students are: David Allingham, Edward Allison, David Bartlett, Gerald Boden, Clifford Burrous, Ralph Cameron, Robert Davis, Marshall Dawson, Frederick Dugger, William Ebeltoft, Benny Echeverria, Mayer Freedman, Allen Gates, Charles Harmon, John Heward, George Hoggat, John Hunter, Lawrence Lauck, David Lutz, and David Millard.

James Murphy, Edwin Orrick, Peter Palmer, Roy Reynolds, Robert Robb, Douglas Salter, Thomas Sheenhan, Marshall Sobrio, Lawrence Shugrue and Val York.

Student Union Openings Filled

Four openings on the Student Union Board for the member-at-large and the college of agriculture member, were filled last week. Roger Christensen is the new president and David Short is the finance chairman.

Judge Commangere will take the member-at-large position, and Valerie Estes will fill the college of agriculture opening.

Board members that will finish out the term are; Kathleen Bailey, business administration; Brenda Higley, arts and science; Gary Bullis, arts and science; Margaret Ottini, education; Chuck York, mines; and Robert Heaney and Barbara Broer, members-at-large.

Seven more openings will be filled in the next week. Those of business administration, agriculture, education, mines, engineering, board president and finance chairman.

SADIE HAWKINS—Bonnie Ramos and Tim Sughrue swing out during the Independent's Sadie Hawkins dance in the student union building last Friday night.

Mechanical Engineers Have Gas Turbine in Operation

The mechanical engineering department at the University of Nevada has its \$13,000 gas turbine in operation. James J. Carlson, assistant professor of mechanical engineering said it "put the torch to it last week. It is a Rover turbine made in England.

The University bought it early last semester and the department

assembled it. National Oil and Furnace Company fabricated the tail pipe from material provided by the University. Carlson pointed out that in some of the tests the temperature reached 1,150 degrees Fahrenheit.

The turbine will be used to test performance of turbines and also to make comparisons with conventional means of power such as automobile engines. Carlson explained that this one is similar to a jet engine.

The turbine will be used to test performance of turbines and also to make comparisons with conventional means of power such as automobile engines. Carlson explained that this one is similar to a jet engine.

He also said that one reason for the high cost of the engine is that it is made especially for experimental work.

SAE Founders' Day Dance at Riverside

Sigma Alpha Epsilon will hold its 42nd annual Founders Day dance at the Garden room of the Riverside hotel tomorrow night. The dance begins at 9:30 p.m.

About 250 people are expected to attend. Dress will be formal.

Dinner begins at 7:30 p.m. Invitations have been sent to alumni in the Western states. Honored guests will be Dr. and Mrs. Robert Meyer, Mr. and Mrs. Tom Wilson and Dr. and Mrs. William Harper.

Panel Discussion

A panel discussion on the United States presidential hopefuls was the main event of the Phi Alpha Theta history meeting held February 25.

Moderator for the discussion was Dr. John Driggs. Panel members were Margaret Eddleman, Barbara Heward, Dan Sobrio, Jean Rivken, Ross Rosenbaum, Virgil Bucchi-neri.

Miss Eddleman stated "with Vice President Nixon's nomination practically conceded, discussion consisted of critical reports on the Democratic hopefuls."

Dr. Morrison Presented Japanese Olympic Pin

Dr. John Morrison, associate professor of English, was presented a Japanese Olympic pin by seven Japanese skiers who visited the University of Nevada campus last week. The pin depicts a rising sun on an enamel field.

Dr. Morrison, an authority on Japanese literature, presented each skier with one of the sterling silver Olympic pins designed at the University of Nevada.

The skiers were taken on a tour of the campus by University students. They ate in the dining hall and were shown through Jot Travis Student Union building.

Biology Department Studies Cutthroat

The biology department, aided by Nevada's fish and game commission, is conducting an experiment to help determine why only cutthroat trout will live in Walker lake.

Scientific studies have shown that Pyramid lake will support a variety of trout. Walker lake is unique in that it will support only the cutthroat. Nevada's lakes are inland water bodies located in semi-arid areas. Heat and atmospheric

conditions cause these lakes to evaporate constantly. This causes the high salinity and alkalinity harmful to fish.

Students working under Dr. Ira La Rivers on this project are Ray Troupe, Don Howd and John Spencer.

The salinity and alkalinity of water is determined by the degree of calcium, magnesium, sodium sulphates and sodium chloride present.

1959-60 WOLF PACK—Here is the 1959-60 Nevada basketball team which concluded its season last week. Bottom row (from left) junior Val York, sophomore Morgan Jellett, senior Lyle Damon, freshman Joe De Arrieta, junior Dave Lumos and senior Ken Longero. Top row (from left) coach Jackson Spencer, junior Ray Shoemaker, freshman Lonnie Moore, freshman Stewart Johnson, senior Bob Lyon, junior Bob Fisher, freshman Dick Russ and assistant Herb Livesey. Eddleman Attends WUS Meeting

Margaret Eddleman, co-chairman of the University of Nevada's 1960 WUS carnival, is representing Nevada at a regional WUS conference at Stanford university. The two-day conference started yesterday and is being attended by representatives from California, Arizona, New Mexico and Hawaii.

The principle speaker at the conference is Eugene Burdick, author of the "Ugly American" and "Ninth Wave." He will speak on the "American Student's Place in Relation to World Affairs."

WUS is the World University Service and WUS carnival is a national campus money-making project. Proceeds from carnivals throughout the country are used for foreign-student scholarships and to help support the student exchange program.

SPORTS BEAT

By ROYCE FEOUR

The University of Nevada Wolf Pack basketball team closed out a losing 1959-60 basketball season last week with a pair of losses at Sacramento State. The two defeats left Nevada with a season record of nine victories and 14 losses and a 4-6 conference record for fourth place.

Despite the disappointing record, we feel that new coach Jack Spencer did a capable job with the Wolf Pack. Spencer installed a new offensive system, and it took the players a while to adapt to the faster-type offense than the style used by former coach Jake Lawlor.

The Nevada team was also a young team. Only four seniors were on the squad. Next season the Wolf Pack will be much stronger. All but four of the varsity will return, and several promising players will move up from the frosh squad.

Enterprising Spencer plans to "beat the bushes" for talent in the high schools and possibly find a few transfers. What Spencer needs most is a tall center. Nevada went into virtually every game this season on the short end of the height department. The Wolf Pack were outbounded in most of the games this season because of their lack of height.

With some added height next year, together with the experience and depth the Wolf Pack will have, Nevada will be a strong contender for the conference title, and least of all, they won't have a losing record again.

Things are back to almost normal after the conclusion of the highly successful Winter Olympic Games at nearby Squaw Valley. The United States team turned in a satisfactory showing overall by taking third place in the unofficial team standings, only one-half point behind second place Sweden.

The highpoint of the games was the unexpected victory by the United States in the team hockey competition. The courageous, high-inspirational Americans fought their way to tremendous upset wins over favorites Canada and Russia. The outstanding play by the U. S. team in its hard-fought triumph over Russia was one of the greatest sports spectacles many people will see in a lifetime.

The United States won two other gold medals. Young Carol Heiss in the women's figure skating and David Jenkins in the men's figure skating.

High school basketball has moved into the university this week with the action of the annual zone tournaments. For one of the few times this year, the gym will ring with excitement from the roars and cheers of a staunch rooting section, the school bands loyally playing the team fight song and the color of half-time entertainment.

This is quite a change from the passive support given to the Wolf Pack basketball team by the university students. School spirit has not been strong in recent years during the basketball season and it reached a low peak this year.

There were more students at the after-the-games dances than those that were in the stands during most of the games.

Boxing, however, seems to be a different situation. There has been a large student turnout for all of the home Wolf Pack fight cards. The throngs of students who attended last Monday night's boxing match and avidly boosted the Nevada boxers deserve credit for giving up their fraternity or sorority meeting and their studies to witness the Nevada boxing team in action against Wisconsin.

Wolf Pack Boxers Drop Decision To Top Ranking Badger Fighters

Coach Jimmie Olivas' Nevada boxers dropped a 5½ to 2½ team decision to the formidable University of Wisconsin Badgers here on Monday night before a large crowd.

The Wolf Pack forfeited two bouts. Nevada did not enter a fighter in the 165 - pound division, and welterweight Mills Lane, who was scheduled to go in the 147-pound fight, came up with a fever before the card and was scratched from the bout.

The Wolf Pack had two winners. Potent Joe Bliss fought to a close decision over Wisconsin's classy Brown McGee, and sophomore Steve Parker won a unanimous verdict over bruised Ellis Gasser.

Lonnie Tolano and the Badger's Gary Wilhelm worked to a three-round draw in the 156-pound bout.

Bliss and Brown battled to one of the most sensational fights ever staged here. Bliss, a national collegiate champion, and Brown, an ex-Golden Gloves titlist, provided a well-matched, skillfully boxed, crowd-pleasing fight.

McGee looked like a pro with his classy bob-and-weave style and stunned Bliss with several crashing right crosses. Bliss countered with some hard left hooks and some solid combinations.

McGee lost points in the second round on a low blow, and Bliss was savagely attacking the younger McGee on the ropes at the end of the final round.

One judge ruled it even, and the other two gave it to Bliss—30-28 and 30-29.

The steadily improving Parker came into his own in his triumph over battered Ellis Gasser of Wisconsin in the 126-pound match. Parker looked sharp with his straight, crashing left to Gasser's face throughout the fight.

Parker, definitely the better boxer of the pair, stayed out of the way of Gasser's wild-swing knockout attempts. Parker handily won all three rounds and took a clean sweep of the judge's decisions by a good margin.

Tolano won the first two rounds

in his fight with the Badger's Gary Wilhelm in the 156-pound go, although the second round was close. The taller Tolano was stunned by a low blow in the third round and was glassy-eyed and shaky as the fight ended.

Tolano was ruled the winner by one judge, 29-28, but the other two judges called it a draw, 30-30 and 28-28.

Wolf Pack Gerry Hook lost a decision to Howard McCaffery in the 139-pound match and Reuben Harney was outpointed by highly-touted Badger Bill Sensiba in the light heavyweight clash.

Both Hook and Harney earned Olivas' praise for good showings against seasoned opponents who had a big edge in experience over the first-year Nevada boxers.

Wolf Pack heavyweight John Genasci ran into trouble in tough Bob Christopherson of Wisconsin. The Badger heavy wore down Genasci with some sharp body blows and a heavier inside attack. Genasci with some sharp body blows and a heavier inside attack. Genasci lost all three rounds and a unanimous decision.

Olivas and several members of the Nevada boxing squad will travel to Mare Island Wednesday to take part in the one-day 12th Naval District boxing tournament.

BRILLIANT BLISS TRIUMPH—Nevada's Joe Bliss (left) lands a solid right to the jaw of classy Wisconsin boxer Brown McGee in Monday night's exciting 132-pound fight between the two top-rate fighters. Bliss won the nod over the impressive Brown, but the Badgers took the team victory, 5½-2½.

ROTC Program to Be Revised in '61

The ROTC program next year will be revised, the military department announced Thursday. Instead of the usual 150 hours of class and extra-curricular work for advanced students, there will be only 105 hours. A total change of 90 hours is being made in the two years of the advanced course. Pay and summer camp provisions will remain unchanged.

This announcement came shortly after a talk given by Lt. Col. Charles E. Ronan to the sophomore military students on the benefits of the advanced course in ROTC. He told of the comparative ease with which one could gain a commission in the service. The good derived from training received during the course is apparent, he said.

Delegates to Attend Physical Ed Meet

A physical major, Carolyn Bell and Janet Felshin, assistant professor of physical education, will attend a PE conference in Pacific Palisades March 4-6. It is a meeting of the California Athletic and Recreation Federation for college women.

The purpose of the meeting is to exchange ideas and methods on recreation and physical education.

Lucky Strike's Dr. Frood is asked

Why Are Today's Students More Serious, Dedicated, Industrious?

Dear Dr. Frood: In your day, college students were all rah-rah and raccoon coats. Today's student is more responsible, more dedicated, more industrious. What accounts for this big change?

Studios

Dear Stu: Today's world is more complex, more challenging. Ideologies clash. Our planet grows smaller. The cold war strikes fear into our hearts. There is a shortage of raccoons.

Dear Dr. Frood: I am disgusted with my classmates. All they think about is women and parties. How can I get them to talk about important things?

Serious

Dear Serious: Throw a large party. Invite plenty of women. Then, around midnight, say something important, like "We're out of beer."

Dear Dr. Frood: Modern girls go to college for four years. Then they get married and don't even know how to change diapers. What is this leading to?

Old-Fashioned

Dear Old-Fashioned: Self-sufficient babies.

Dear Dr. Frood: Why doesn't everybody smoke Lucky Strike?

Lucky Smoker

Dear Lucky: Why doesn't everybody get straight "A's"?

Dear Dr. Frood: Grandfather's will provided a rather handsome allowance on the stipulation that I showed "the courage and strength of character" to stay in college. Frankly, however, I am tired of college. I have been here 40 years. Is there any way I can quit and still collect?

Senior

Dear Senior: Your question brings up a considerable number of legal problems, with interesting technical ramifications. Having given the matter much thought, I have this suggestion: enter Law School.

Dear Dr. Frood: Here are two portraits of Beethoven. One was done by an old master. The other by a student. Which is the masterpiece?

Art Lover

Dear Art: The one on the left is the master's work. The stroke is deft, clean, authoritative. Every detail is authentic Beethoven, even the gesture of keeping his composing hand warm.

Dear Dr. Frood: Has college ever really helped anyone in business?

Practical

Dear Practical: Of course. Think how college has helped the people who make pennants, footballs, fraternity pins.

Basketball Ends; Pack Drops Two

University of Nevada's Wolf Pack wound up its 1959-60 basketball season last weekend by dropping a two-game conference series to Sacramento State, 70-49 and 48-34.

The double loss gave the Silver and Blue an overall 9-14 record and a 4-6 slate in conference play.

Friday night the Wolf Pack was in the game for the first half, but fell behind to the hot-shooting Hornets in the second half.

Nevada trailed by only four points, 29-25, at halftime.

Free throws played an important part in the Sacramento victory Friday night. The Hornets potted 20 out of 27 free shots while Nevada hit only five of 13 attempts from the foul line.

Junior forward Val York led the scoring for Nevada Friday night with 15 points.

In the second game, the Wolf Pack again lost the game in the second half. This time the score was tied at intermission, 20-20, but a combination of cold shooting from the floor by Nevada and domination of the backboard by Sacramento led to the second straight Hornet victory.

The Wolf Pack made only 14 points in the second half Saturday night, while Sacramento State doubled the Nevada output, with 28 points, to take the win in the low-scoring affair.

Senior Ken Longero, playing his final game for the Wolf Pack, topped the scoring for Nevada with 14 points. Longero's seven field goals were half of the team's total field goals.

COLLEGE STUDENTS SMOKE MORE LUCKIES THAN ANY OTHER REGULAR!

When it comes to choosing their regular smoke, college students head right for fine tobacco. Result: Lucky Strike tops every other regular sold. Lucky's taste beats all the rest because L.S./M.F.T.—Lucky Strike means fine tobacco.

TOBACCO AND TASTE TOO FINE TO FILTER!

Product of The American Tobacco Company—"Tobacco is our middle name"

Dorthian Cook Elected President Of Theta House

Dorthian Cook was elected president of Kappa Alpha Theta last week for the ensuing year. Other offices filled include vice-president and pledge trainer, Brenda Higley; chaplain, Brynne Bailey; treasurer, Joyce Hollenback; house manager, Sharon Lyman; corresponding secretary, Ann Thorburn; recording secretary, Marilyn Nelson; chairman, Valerie Estes; standards committee, Marlene Ferrari; social chairman, Kathy Bailey; fraternity education, Beverly Bean; senator, Susie York.

Miss Cook is a 19-year-old junior from Reno. She is in the college of business administration, majoring in office administration. Active in campus affairs, Dorthian has served as Student Union board secretary for the past two years, is a member of the Junior Women's upperclass committee and was a flag-twirler during her freshman year.

Campus Leaders To Conduct Poll

Campus leaders at Nevada have been asked to mark ballots selecting "today's Horatio Alger." The 14th Annual Horatio Alger Awards are being conducted by the American Schools and College Association.

The association is a non-profit corporation dedicated to the "American tradition of opportunities and rewards obtained by hard work and initiative."

Dr. Norman Vincent Peale is the chairman of the awards committee. The group includes Dr. Paul Dawson Eddy, Dr. Daniel Poling, Byron A. Gray, and Conrad Hilton.

The ballots are in ASUN president Dan Sobrio's office in the Student Union building.

The ballot lists 15 American financiers. Short biographies indicate that each began as a poor boy and worked his way up to wealth and power.

Felton Hickman Jr. Is Army Officer

Felton Hickman, who was graduated last week, was commissioned a second lieutenant in the U. S. Army Reserve on February 2 by Lieut. Col. Charles E. Ronan, PMS&T at the University of Nevada.

Lieutenant Hickman is a graduate of Reno high school and the son of Professor and Mrs. Felton Hickman of Reno. He completed work for graduation at the University of Nevada at the end of the first semester of this school year. Hickman was prominent in the University band and the University chorus. He also assisted in the direction of the ROTC band. Lieutenant Hickman is married to the former Miss Eva Marie Swanson of Henderson, Nev. They have one daughter, Isolde Ann. Lieutenant Hickman and his family live at 210 Cheney street in Reno.

Lieutenant Hickman is to report to Fort Benning, Ga., on June 6 of this year for the Army's Basic Officers' infantry course.

Comptroller Hours

Official money business transactions will not be conducted after 4:30 p.m. in the University Comptroller's office beginning March 1, it was announced this week.

Gross spending in Washoe county for the year ending June, 1959 amounted to 26.11 per cent of the total for the state.

Curfew Asked; Would Be Effective Here

A proposed amendment to Nevada's curfew law would require students under 18 years of age not to idle around public places of amusement after 10 p.m.

If accompanied by a parent or guardian, or on urgent business there is no violation of the law. Having no logical excuse to give the officer who checks identification at 1 a.m. constitutes a misdemeanor.

Lambda Chi Alpha Initiation Slated

Lambda Chi Alpha neophytes will end their second phase of initiation tomorrow and Sunday. The neophytes have one more phase, the actual receiving of their pins. The third phase of the initiation will be held Sunday, March 6.

After the ceremonies the new members and the former actives will participate in a banquet to be held at the Santa Fe hotel.

The men going into the second phase are: Kenneth Clayton, David Clarkson, Dale Donathan, James See, Edward Friberg, Dennis Graham, Robert Henderson, Robert Manaugh, Rod McInnis, William Osborne and Jerry Schulz.

Univ. Bandsmen Attend Convention

Six University bandsmen recently attended a convention of the combined western and northwestern divisions of the College Band Directors National association, in Berkeley, Calif.

The feature of the convention was an intercollegiate honor band, under the baton of Glen C. Bainum, director emeritus, Northwestern university bands.

The band was composed of students from eight states and 22 colleges and universities.

The University of Nevada was represented by Paul Brown, Donald Greenfield, Glenn Little, Robert Hawkins, Roger Van Till, and John Bria. The group was accompanied by Dr. John L. Carrico, director of bands at the university.

SNEA Officers Elected Here Recently

New officers for the Student National Education Association were elected at a meeting held February 24. The members of S.N.E.A. also decided to start a drive to collect used books to send to Korea.

The officers are Joyce Gearing, president; Beverly Roberson, vice-president; Tricia Hug, secretary; Nona Kerr, treasurer; Joyce Stephens, publicity chairman; Fern Hainline, senator; Pat Fordham, historian-reporter. Outgoing president is Nancy Petrini.

Dr. Burton C. Newbry, former advisor for S.N.E.A., is now in Korea. He has written and asked S.N.E.A. to send the books. Dr. Newbry was on the staff of the department of education here last year.

Cap and Scroll

Cap and Scroll members went to Squaw Valley February 23 to participate in the Nevada Day program at the Eighth Winter Olympic Games.

They worked all day in the Nevada building reception center passing out brochures.

Cap and Scroll is an honorary women's organization which requires a 2.7 overall grade average. A member also must be the president of at least one campus organization.

Nevada Professor Featured Speaker

Approximately one thousand members of the California Council of English Teachers met in Los Angeles recently. Dr. Charlton Laird of the English department opened the meeting and was the featured speaker.

The theme of Dr. Laird's address was "Trouble in Linguistic Paradise." He discussed and evaluated the revolutionary developments in language, vocabulary and grammar.

During the trip Dr. Laird spoke also at a panel discussion. The panel considered problems in providing an adequate description of English. Language history and etymology were considered in reference to the discussion.

A talk he made before the National Council of English teachers in Denver, Colo., is being published by the Midwest Review. The text is being distributed to Pennsylvania State University students.

'Grapes of Wrath' Showing Thursday

"Grapes of Wrath," a film version of John Steinbeck's novel, will be shown Thursday. The movie will star Henry Fonda, Jane Darnell and John Carradine.

The movie is built around a family which moves out of the dust bowl in the thirties and settles in the Salinas Valley of California.

The film will be shown in room 215 of the Mackay Science building at 8 p.m. These films are run by the student union film committee.

Home Ec Group Tests New Equipment

The \$1,200 microwave electric range, a new addition to the foods department of the School of Home Economics, has been tested during the past semester and proven satisfactory in the laboratory.

Five senior students under the supervision of Mrs. Mary Ruth Cornwell, assistant professor of home economics, conducted the experiments.

The paramount factor in micro-

PI BETA PHI DANCE TO BE HELD TONIGHT

Pajama clad Pi Beta Phi's and their dates will dance tonight to the music of Don Porter and his band at the Lancer.

Red and white pillows, made by the girls, will be the favors for the once-a-year costume dance held by the Pi Phi's.

Social chairman Dell Loomis stated that a prize will be given to the couple with the most original pajamas.

Assisting Miss Loomis are committee members Bev Pincolini and Pat Hoysted.

wove cooking is its phenomenal time saving. The range offers cold cooking at speeds from three to ten times faster than conventional ranges. The high frequency energy generates heat in the food itself. The oven or dishes do not become heated.

Reno hosted nearly 23,000 delegates to various conventions in 1958.

CONVAIR-POMONA...in Southern California

offers NEW PROGRAMS with excellent opportunities today for Engineers. Convair-Pomona, created the Army's newest weapon, REDEYE, Shoulder Fired MISSILE and developed the Navy's ADVANCED TERRIER and TARTAR MISSILES and many other, still highly classified programs.

Positions are open for Bachelors, Masters and Doctorate candidates in the fields of Electronics, Aeronautics, Mechanics and Physics.

ADVANCEMENT opportunities are provided for the competent engineer as rapidly as his capabilities will permit in currently expanding programs.

PROFESSIONAL ENVIRONMENT—CONVAIR-POMONA'S facility is of modern design and completely air-conditioned. You will work with men who have pioneered the missile industry and are now engaged in some of the most advanced programs in existence.

ADVANCED EDUCATION—Tuition refund is provided for graduate work in the field of your specialty. Company sponsored in-plant training courses offer the Engineer the finest of educational opportunities.

CALIFORNIA LIVING—Suburban Pomona offers lower living costs and moderate priced property, unexcelled recreational facilities, freedom from rush hour traffic and the ultimate in comfort and gracious living.

Contact your placement office immediately to assure yourself of a campus interview with Convair-Pomona.— March 9, 10

If personal interview is not possible send resume and grade transcript to B. L. Dixon, Engineering Personnel Administrator, Dept. Pomona, California.
