EITHER BILL ADAMS OR THE CAMPUS COP

COLUMNIST DOUG SALTER aptly labels this one thusly: "Pictured here is Bill Adams coming to enroll for his freshman courses. They kept the IBM machine used during registration in the Morrill hall basement."

Morrill Act Creates **Education Revolution**

By MARDENE RANDALL

One hundred years ago, under the shadow of a third bitter year of the Civil War, another revolution was taking place. That revolution was in the field of education, and the University of Nevada today is evidence of the victory.

The Union forces were dealt a stunning blow by Lee's troops in the bloody Seven Days' Battles. Northern troops lost 16,000

University of Nevada Week . . .

Campus Activities Commemorate Act

"University of Nevada Week" will be declared by Governor Grant Sawyer Sunday, and the campus will carry through with seven days of programs to coincide with the national centennial of the Morrill Land-Grant Act.

Three exhibitions go up Monday, March 12, and will be on display throughout the celebration week which ends Saturday,

Regents Say No! Morrill Hall To Stay On Campus

Not only students cling to campus traditions—the University's board of regents also defend them to the hilt.

A suggestion that consideration be given to the demolition of Morrill hall—the oldest building and the first one constructed on campus-met with blunt opposition by the regents when they met on campus last week.

University engineer James Rogers, following the advice of William Hancock, State Planning Board chairman, advised the regents that the building is unsound and does not comply with the present-day building code.

Two alternatives to razing the building were offered. One was to remove the top floor and the bell tower, and the second was to reconstruct the building to meet minimal code specifications.

moved, the building would lose all a.m. in the new gymnasium and architectural value."

Armstrong said "the last original year, in addition to his address. building on campus must be pre-

March 17. Prints by Misch Kohn, noted American printmaker, will be in the Fine Arts building. The Student Union will sponsor a weeklong exhibit, and a book display and Land-Grant exhibit will be in the Getchell library.

On Tuesday Dr. Nevitt Sanford will give a lecture sponsored by the Student Union. The author of the controversial study "The American College" will speak at 8 p.m. in the dining commons.

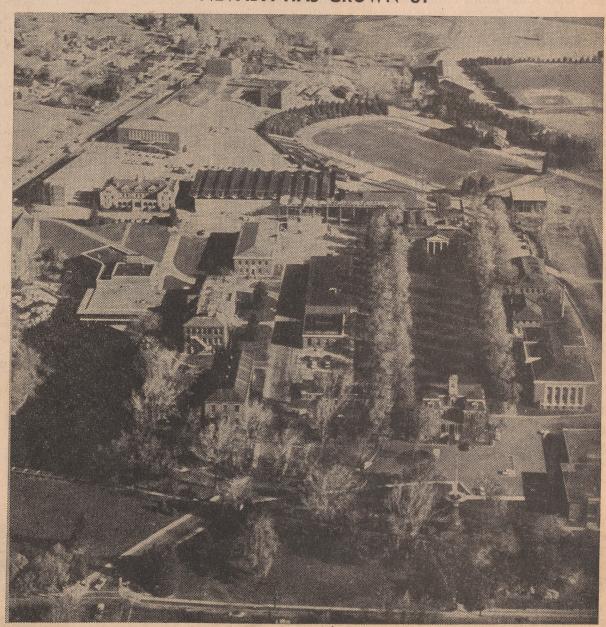

The following night, Wednesday, March 14, the American Association of University Professors will sponsor a panel discussion on Dr. Nevitt's book at 7:30 p.m. in the dining commons.

Former president of Brazil Juscelino Kubitschek will speak on Thursday at 8 p.m. in the dining commons. Dr. Kubitschek is being sponsored by the Public Occasions committee.

Dr. Charles J. Armstrong, president of the University, is scheduled to give a "State of the Campus" address to students and faculty members Friday, March 16. Presi-Hancock said "If the top is re- dent Armstrong will speak at 11 will make awards to athletes who University President Charles J. broke records during the past

Editorial Comment

Conceived and brought to life at a time when the United States was half-slave and half-free, the Morrill Land-Grant College Act serves as an outstanding example of democracy. It revolutionized education to meet the future demands of a nation destined to become the most highly complex and industrialized in the world.

Overnight higher education changed from strictly a study of the classics for the wealthy to a study of the practical and the classics for a large number of students, regardless of financial or social position. By turning parcels of land over to the several states, the federal government provided the opportunity for higher education to men and women with desire and ability.

When the state accepted the federal government grants they also accepted the terms of that act.

But calling a university the responsibility of the state does not mean that the state is responsible to the university. The people of the state—in this case the people of the state of Nevada—bear the burden of responsibility—not the legislators or even the board of regents.

The University of Nevada cannot exist without a physical plant. But its primary function is education, despite those who seem more concerned with building appropriations and locations. The University's growth is impressive and plans indicate it will be even more impressive in years to come.

But if the state of Nevada is to live up to the responsibilities it bears to the University, legislators and regents must be informed of its foremost responsibility-educating students.

The Morrill Act provided that certain areas of study must be included in the curriculum of land-grant colleges, but it also made a provision that each state chartered such an institution "... in order to promote the liberal and practical education of the industrial classes in the several pursuits and professions of life."

Whether it is the effect the increased tuition will have on the University of Nevada or the caliber of courses and professors, only those directly affected by the University and connected with it can determine if the state of Nevada is carrying out its responsibility.

And it is with the University's some 2700 students that the most constructive criticism of the educational system can come. They are the top group to assure that the University is the state's responsibility—not its orphan.

English Club Discusses Dostoevski

What do desperate people live | ciety. for?

This was one of the questions brought up at a meeting of the English club March 5.

Well, Well, Well. The Sigma Nus and the Thetas had a Nevada law. member sneak. I never thought I'd see the likes of that. From what I hear it was a good sneak though. I wonder how the of-group's activity is being limited to ficient reason for disciplinary acficers from the two houses got along. Mother Meyhew was up in arms when she found out that some of her girls drank something besides lemonade.

Is it true that the Thetas have a fungus grawing in their shower?

Did you know that art Prof. Don Kerr does the dance of the Manzanita Mallard for his all-girl class? Send him to Dr. Day.

FATALITIES. I guess spring was in the air as the pins were flying this weekend. Gamma Phi Christiane Balducci is now wearing the Tau pin of Terry Markwell. And Janie Nevin, also from the Gamma Phi house, is engaged to Don Capps. Capps is well-known around campus for his ability in English and his membership in the Sundowners.

KAT girl, Carol Smith, is now engaged to Tau Ron Johnson. And Theta Gwen Breen got a hold of Sigma Nu John Scott's pin, almost before he got it on his shirt. He's only had it for two weeks.

The Tri-Delts had two girls in the light. Judy Hoover is engaged to Bill Cate. And Bev Roberson is pinned to Bob Moncrief. It seems they sit next to each other in Senate meetings. Well now, I guess Senate has accomplished something after

The Thetas and the Sigma Nus may have one bond left between them George Fraser and Sue Small, recently unpinned, are going out together this weekend.

To those students who have been bugging the editor to know what beer company is sponsoring the walking contest from San Francisco to Seattle — it's Ranier.

A grad student walked into the men's restroom on the second floor of the Library the other day and could hear somebody snoring. Upon further investigation it was discovered that some poor pledge had found a place to sleep where he wouldn't be

THOUGHT FOR THE DAY Campus look out. There's a Vagabond party tomorrow night!

May Be Here

The two winners of the Music Man contest now being conducted may choose to spend part of their day, March 12, at 7:30 p. m. prizes at the University of Nevada day, March 12, at 7:30 p. m. in music camp.

The music camp, which will feature bandleader Stan Kenton as music director, is one of three camps being sponsored on college campuses this summer. The other two will be at Michigan State and University of Indiana.

The University of Nevada music camp will be held at the University grounds at Lake Tahoe Aug. 26, to Sept. 1. It is one of a series promoted by Down Beat magazine.

The contest started Feb. 15, and will continue through April 30. It is open to musicians eight to 18 years of age. There will be two grand prizes of trips to Hollywood and scholarships to music camps, plus \$100. Regional and local prizes will also be awarded.

Entrants must make recordings of themselves playing their instruments at any of the nationwide Richards Music Corp. music centers. The contest is co-sponsored by the Richards Music Corp. and Webcor company.

Top Contestants | Aggies Will Smoke With College Dean

All students enrolled in the College of Agriculture have been invited to an Aggie "smoker" Mon-

the Aggie conference room.

Free cigarettes and coffee will be available.

Purpose of the smoker is to acquaint all students interested in agriculture with the activities available to them and to allow the students a chance to talk informally with many of the prominent agriculture leaders affiliated with the University.

Dr. James E. Adams, dean of the College of Agriculture, along with others, will be available for informal conversation.

The smoker is being sponsored by Alpha Zeta, agricultural honorary society. The organization obtains its membership from students whose scholastic standing places them in the upper twofifts of their class.

"I wish my opponents a lot of luck, but I wish myself more," the chess master said, as he began his win of 18 games with only one

Koltanowski began playing chess at the age of 14, was national champion of Belgium at 17, and won the World Blindfold Championship in Scotland in 1937. He writes a syndicated column and has authored several books on the

The games were played in quiet concentration, oblivious to the sounds of a banquet in full swing in an adjoining room. The only animation seen was a sudden puffing of a pipe or a tense hand wandering to the head, to the ears, to the cheek during the effort spent in making the brain function to its fullest capacity for that critical move. The interest in chess is being felt in Nevada too.

LUCKY STRIKE presents: ILE "PARENTS"

"We wanted you to be the first to know, Mother ... Mother? Mother?"

"Now you boys see that my Jimmie gets to bed by 10:30, won't you?" "ARRRGH!"

LS:/HIFT

BREAKING THE ICE FOR DAD. When Dad comes to visit, help him bridge the years with questions like this: "These old ivy-covered buildings never change, do they?" "Say, aren't those girls the cat's meow?" "Dad, do you remember how great cigarettes used to taste?" Then inform your Dad that college students still smoke more Luckies than any other regular. He will realize that times haven't really changed. He'll be in such good, youthful spirits that he'll buy you a carton.

CHANGE TO LUCKIES and get some taste for a change!

Anthropologist to Be Here Soon

"The Anthropologist's View of Religion" will be presented by Dr. William A. Lessa at a public lecture Thursday, March 29.

Dr. Lessa, professor of anthropology at UCLA, is being invited to the campus by the College of Education, under the sponsorship of the American Anthropological association.

He will give his lecture at 10 a.m. in the education auditorium. Tuesday, March 28, he will speak to members of Psi Chi, honorary psychology fraternity, on "Constitution and Temperament."

Dr. Lessa received his bachelor's degree from Harvard University and his master's and doctorate degrees from the University of Chi-

The social anthropologist specializes in oceania—the Pacific islands, and in comparative religion.

Dr. Lessa has done field work in Hawaii, China, and Micronesia, the small islands north of New Guinea which are under United States trusteeship.

Many of the fraternities and so- tic standing of the University." rorities have indicated that the \$150 raise in non-resident tuition women who "will find it imposto numbers and finances.

most two-thirds of the fraternity hurt the house." are non-resident. An SAE spokesincrease would affect the house they represent the majority of major fields. seriously.

"If many of these out-of-state members leave," he added, "it SAE has many non-resident jun-chapter would not be seriously af-tary obligation is completed. In iors and seniors who would not be fected financially. able to graduate as scheduled.

One out-of-state member said, "Most of us here are considering dicated that there were only four going to state schools."

The rest of the membership supports the non-resident viewpoint.

Sigma Nu estimates that almost 40 percent of its fraternity is non- Student Union Has resident. Tom Case said approximately 27 were out-of-state. He Six Positions Open added that almost half of these are on waivers of some sort, and would be put in financial difficulty if they had to pay more.

Commenting upon the position of the house he said, "It is not going to help us, but the house would be in no great danger. The vacancies in the house could be filled by Reno membership."

Fred Fralick, a junior in Sigma Nu from Vallejo, Calif., said, "It is better to lose some credits if I transferred, than to lose the mon-

Alpha Tau Omega, which is predominately of Nevada membership, is in a better position. An ATO spokesman said not too many would leave the University of Nevada from the house, He added, however, thta anything that lowered the costs would help.

Lambda Chi Alpha has twenty men who are from out-of-state. At the last meeting of the Fraternity, Feb. 26, it found that seven will most likely leave the University of Nevada. The others are waiting to see what happens in the way of petitions, summer jobs, and

John Bauer, Phi Sigma Kappa president, said, "I myself look down upon the school for this. It is a dirty trick on the out-of-state students." Bauer, who is from San Francisco, thinks he will leave if the proposal is adopted.

Phi Sigma Kappa has seven or eight men who will not return in the fall if they have to pay more. This will decrease the number living in the house by almost 25 percent. Bauer also said that the fall rush probably would not help, since the number of new students who would live in a fraternity house would be less.

Sigma Phi Epsilon declined to comment until the chapter had discussed the problem more fully,

Bill Shiells, of Chi Sigma, said most in his house would probably stay. He said some would probably try to establish Nevada residence.

Theta Chi has only one or two members who would leave. Robert Bozeman of Theta Chi, who is from Burbank, Calif., said it depended upon a grant or scholar-

The sororities will be in a better position due to small number of chapters compared to the number of available women.

Delta Delta indicated that it had about 15 out-of-state women in the sorority. Five of these are considering leaving. The rest of the affected membership is waiting to see what happens.

Tri-Delt said, however, that it did not want to lose any of its members.

Gamma Phi Beta pledge, Bettina Bost, from California, said that "One hundred and fifty dollars more was too high for the scholas-

METALS TESTING LAB 1910?

IN THE OLD DAYS, the University had no problem with student automobile parking—and the campus sheriff didn't tow horses—that was horse stealing. And Nevada's playboys spent hours in the blacksmith shop working on horseshoes designed to speed up dates and avoided campuses. Hours were rough then, too.

CAMPUS CALENDAR

Call FA 9-3051 for items in calendar.

Friday, March 9:

-Sigma Alpha Epsilon founders' dinner-dance, Mapes Skyroom, 7:30 p. m.

—"Rashomon," Fine Arts theatre, 8 p. m.

Saturday, March 10:

-"Rashomon," Fine Arts Theatre, 8 p. m.

-Sigma Phi Epsilon installation ball, Mapes Fable room, 9 p. m.

Sunday, March 11:

-Student Union movie, "Brothers Karamoxov," education auditorium, 7 p. m.

Monday, March 12:

-University Theatre film, "Belles of Triaian's", Fine Arts theatre, 7 and 9 p. m.

-Aggie "smoker," Aggie conference room, 7:30 p.m.

Tuesday, March 13:

-Pages meeting, downstairs student union, 12 noon.

-Stereo concert, dining commons, 3 p.m.

-Publications board meeting, Student Union conference

-English club meeting, Dr. Charles Metten to discuss "Rashomon," faculty dining room, 7:30 p.m.

-Speech by Dr. Nevitt Sanford, author of "The American College," dining commons, 8 p.m.

Wednesday, March 14:

-Special election on proposed new ASUN constitution, upstairs Student Union, 8 a.m. to 6 p.m.

-AWS general election for president, upstairs Student Union, 8 a.m. to 6 p.m.

-Federal Careers Day, Student Union lounge area, 9 a.m. to 4 p.m.

-Stereo concert, dining commons, 3 p.m.

-Engineering-Mines Coordinating Council meeting, Dean the fall semester, 135 were named W. Singer, 4.0; Caroline J. Am- Diane E. Johnson, 3.59; Milo M. Blodgett's office, 4 p.m.

—Panel discussion on Dr. Nevitt Sanford's book "The American College," dining commons, 7:30 p.m.

Thursday, March 15:

-Speech by Juscelino Kubitschek, former president of Brazil, dining commons, 8 p.m.

By DOUG SALTER

AND THE EDUCATORS SAID, "LET'S LET THE KIDDIES else to do for the rest of the year anyway! HAVE A PLAY GOVERNMENT OF THEIR OWN.

(Columnist's Note: his week's column has endured a most arduous two weeks of embryonic development. It was first conceived when, for lack of other inspiration, its author felt someone really should enumerate the not-so-good parts of the PROPOSED new constitution OH, YEAH! and explain why its accompanying "two-party" system will never succeed. However, it withered in the face of publication when it realized that only a few people were wasting enough time to be concerned with these things. Then under the influence of collaboration and infuriated by new developments in student government, it re-emerged a fiery attack upon some of our junior politicians who support the present form of the PROPOSED constitution and some of their inane ideas. Well, a week's mellowing and chagrin over having become upset over such unworthy matters set in to produce this result. If you find this column dwelling in trivia and thus boring, please forgive it. This column does not want to be associated, either pro or con, with our present student government and will have little more to say of it this year!)

Aside from containing some very clumsy wording, which a simple reading of the PROPOSED constitution will divulge to you, there are ment office in cooperation with the in civil service work. two areas one should carefully consider.

FACULTY MEMBERS ON THE STUDENT "SUPREME" COURT fessional employes, representing (As a sideline note, this is a rather unique term with which to label the federal government, will in- the interviews. any student government organ.) The need for this court is seen by terview students and discuss the the fact that Mr. Bible and his executive committee, the present interpreters of the present constitution, could have claimed authority to validate the cancelled vote on the proposed constitution. Yet Bible and his followers (or perhaps leaders) are admittedly pushing for the acceptance of the PROPOSED document.

They say the faculty members are to give the "Supreme" Court the advantage of experience due to the length of the faculty terms, and to add continuity to the organ.

Why trouble a professor with the task of interpreting a document of which he is not even a subject or need even concern himself with? Faculty members have more important things to do. Why do these "junior politicians" feel we need faculty members to give advice on what a constitution that STUDENTS wrote for STUDENTS is TRY-ING to say? As the only discernable role of this group is to interpret the PROPOSED constitution, it will be a fairly inactive body in years when we don't have Clarys and Van Lydegrafs around exploiting the only major role of BLC student government . . . writing new constitutions (this assertion is quite time-proven). This "supreme" group doesn't need faculty advice and the faculty doesn't need to be bothered with playing student games. If the faculty wishes to check student trends and endeavors they certainly won't do it on the terms of a STUDENT constitution.

REPRESENTATION-It appears that the framers of the PRO-POSED constitution modeled it after the beloved U.S. Constitution. This is understandable as OUR Constitution has proven itself to be a very effective and apropos document, in a much larger sense than the framers of 1887 envisioned themselves. Their constitution immortalized them, though they sought only a SAGE answer to their problems. I wish our aforementioned junior politicians had kept this in mind! They slipped the pattern when they came to representation.

CITIZENS OF THE UNITED STATES DO NOT ELECT 100 SENATORS-AT-LARGE! The theory in the U.S. Constitution is that each faction (state) shall have GUARANTEED representation. The State of Nevada has two senators in the U.S. Senate all the time. We can be sure that our views are represented there. In the normal course of national-level legislation on foreign policy, etc., this is not immensely important. But suppose that Senate should conduct legislation involving the U.S. atomic testing area or legislation involving gambling in the U.S. Would this be just and wise legislation if Nevada did not have its say on the Senate floor? Would any laws they might so enact be fair to Nevadans if they be unrepresented?

The ASUN Senate's main pasttime for quite a few years has been that of amending or rewriting whatever constitution it existed under. Maybe a Senate composed of senators-at-large can effectively carry on this prattle ad infinitum as well as anybody else hs. But, someday the ASUN Senate may be actually conducting legislation involving the rest of the students, or especially, certain groups of students.

These groups will not be GUARANTEED representation under this present scheme of representation (judging from past experience, I'd say the Independents will "take gas" here). Suppose the ASUN Senate should decide to effect legislation involving a recommendation to the University engineer pertaining to where the boys in Loncoln hall should park their cars. There is no guarantee that Lincoln hall will even be represented by a senator. For the same aforementioned reasons that Nevada must have senators in Washington, so must Lincoln hall have a senator in the ASUN Senate. This applies to IFC, Pnhell, off-campus people, and other on-campus students as well.

Bible, Clary, and Van Lydegraf maintain that to represent these groups isn't proportioning the representation equally. Neither is it fair under these terms that Nevada and New York each have two senators! Well, this is offset by the House of Representatives. The BLC, however, cannot manage even one house of legislation or keep people interested in just a Senate. The only solution is a similar compromise as that of the "Connecticut Compromise," within a single house. Let's have senators representing political factions and senators-at-large (equal representation) both.

They speak of the difficulty in compiling lists for the ASUN elections. Let IFC, Panhell, and the dormitories elect their own senators apart from the ASUN elections, as again is done in the U.S., and then only off-campus students need vote for their senator in the ASUN elections. One list and one extra voting machine would effect this. VOTE WISELY (OR DON'T BOTHER)

The PROPOSED constitution has good features. A lot of people will vote yes saying that they wish "to take the bad with the good." It seems that people get what they ask for in this world, and if you vote yes, that is what you'll get . . . the BAD with the good! Vote NO, and send Bible, Clary, and Van Lydegraf back to the "drawing boards" to give you a GOOD constitution! They don't have anything

Ben Franklin made a similar statement in the 1887 Constitutional Convention about taking the bad with the good, but Pennsylvania had Interfraternity Council and Panguaranteed representation and wasn't facing the prospect of 26 sena-hellenic Council presidents will be tors from some other state than his own!

These junior politicians feature this campus finding a "two-party" system an answer to politicking on the BLC and have this plan in the back of their minds in writing this PROPOSED constitution. This one will never make it and there are good reasons why, but I doubt if you will have read this far anyway. The next time the BLC is with- are invited. out good topic, you'll undoubtedly get them!

It is thus Hardy McNew, and the admirably p. m., with a Saturday matinee at two removes from the original conscientious direction of Dr. 2 p. m. stories by Akutagawa, but something has been added in each variation. The play, as Nevada audiences are currently seeing it, has a force and movement that compel audience attention and interest. Without being "talky" it deals with deep questions of human motivation, of good and evil, and the universal realities of conduct and principle. The setting is, of course, medieval Japan, but it could be anywhere.

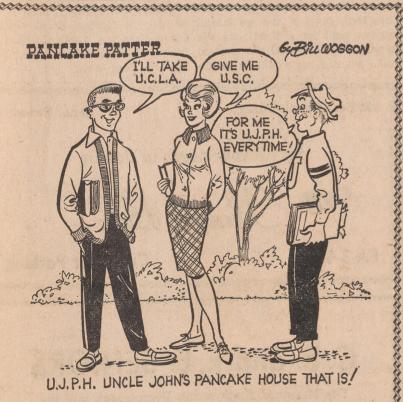

There are difficult tecnical problems in this play, at best, and these are made more so by gorgeous costuming, extraordinary lighting effects, symbolic sets, and attention to some of the traditions of the Japanese theater, such as stylized gesturing and beautifully appropriate musical effects. Allowing for the expected bobbles in a first dress rehearsal, this reviewer was impressed with the rarity of them. The dedication revealed by the cast and directors assure a soothing out of all problems for the opening.

The story involves four different accounts of an incident which will leave the audience wondering which one to believe. Perhaps you will believe them all. The priest, unhappy at the sorry state of the world, is played by Ralf Kueh-

undertakings" or "brave perform- acter will baffle the audience as it way. A fine play has been most Dixon the husband. The three trav- ances", with the implication that is supposed to do; the bandit, Joe capably presented, with a fine arthey are really unsuccessful. It is Perozzi, who is a convincing, mix-ray of talent and clear evidence cynical, uncouth wigmaker who a pleasure to commend our class- ture of arrogance and fraud; and of something almost amounting to robs graves for the materials of mates and staff for treating this the husband, Richard Dixon, whose devotion on the part of all conhis product, George Herman as the splendid play with the respect it role is extraordinarily demanding, cerned.

THE SWEETHEART OF THE AGGIE STOMP—1910

MEN OF THE COW-CAMPUS AT NEVADA were attentive in animal husbandry lectures. Note the emphasis on note taking by aggies. These boys didn't hold their Aggie Stomps in the dining commons. Agricultural instruction was required of Nevada by both the Morrill Act and the state constitution, passed two years after Mr. Morrill's law.

Sr. Announcement **Last Chance Wed.**

Don't tell anyone we're going to graduate!

That seems to be the attitude of nearly ninety per cent of the

With around 285 seniors scheduled to graduate in June, less than 75 have purchased announcements in the upstairs Student Union.

The deadline for buying announcements had been set for today. But the senior class committee, headed by President Jim Whitaker, has extended the "lastchance" deadline to Wednesday, March 14.

Whitaker said "The turnout has been very bad," and that he is "very dissatisfied because the times announcements are being sold have been posted."

He emphasized that Wednesday will be the last chance for graduating seniors to get their money and orders in.

Whitaker also announced that the \$8 diploma fee must be turned in to the registrar no later than April 1.

Sagebrush, Election Controversy Peeves Pat, Triggers Resignation

Larry Struve, sophomore, has dated afterwards by them. been appointed election board the upcoming spring elections.

Struve was chosen to replace post because of an "election controversy."

Clary's resignation was read at a special Senate meeting March 1 by Larry Struve, Clary's fraternity brother.

In his letter, Clary said he was 'forced to resign" because of the circumstances involved in the "controversial situation with regard to amending the ASUN con-

The controversy he was referring to concerned the special election for the proposed constitution. The Sagebrush published an article saying the constitution was invalid because the present constitution stipulates any amendment must be posted ten days prior to election day.

ASUN President Paul Bible said he felt he had done this because it had been posted. The oversight was a result of the changes made after the document had been post-

Clary blamed the election cancellation on the Sagebrush. He said, "The primary cause of the situation was the unprincipled, unscrupulous manner in which the newspaper editor handled the situation."

He further attacked the editor, saying, " . . . she withheld that intention (to object to the election) and saved it for her dramatic uncovery in the special edi-

He accused the editor of violating a trust placed in her by the Publications Board.

"Not only does the situation point up the underhanded action of the newspaper editor and those associated with her in this action but also the need for the adoption afternoon, March 4. of a new constitution to replace the present ASUN constitution a document that would permit such a situation to arise," he wrote.

Clary blamed the indecision of of authority as another cause for ies at the Santa Fe hotel. his resignation.

special election, then the Sage- Charley, Bill Cozart, could be held but would be invali- Murphy, Paul Weir.

Clary said he had gone to a great chairman by ASUN President Paul deal of work and preparation on Bible. He will head the board for the election. After all the changes and indecisions concerning the special election Clary said, "At Pat Clary, who resigned from the this point, needless to say, I was beginning to wonder just exactly what was going on."

He said the situation was unnesessary and disgraceful. "Ne doubt this situation is one unprecedented in the history of student government at the University of Nevada."

He said he had either of two alternatives — to run the election or resign. Since the election would be declared invalid, if held, he decided

Senate Folds, No Quorum

Of the 34 senators representing students on Senate, all but six failed to attend the regular bimonthly meeting Wednesday

After roll was taken, Paul Bible, ASUN president declared that Senate could not meet for lack of a quorum.

Bible then asked for discussion by those members present. Patrick Clary, senator from Lambda Chi Alpha, asked that a special meeting be called for March 15 in view of the special constitution election to be held March 14.

Bible said if the constitution passed there would be no Senate meeting because the body would be abolished under the proposed new constitution. The motion died for lack of a second.

. Land Grant Act

(Continued from Page 1)

Although land-grant schools number less than four per cent of the nation's colleges, they enroll about 20 per cent of the nation's undergraduates. And they grant nearly 40 per cent of all doctoral degrees in every field of study.

There are 68 land grant colleges and universities in the United States today. Among these are neighboring states universities of California, Arizona, Colorado, Idaho, Oregon, Utah and Wyoming.

The idea of the land grant was not new with our nation. National aid to education can be traced back through the Old World to 400 years before Christ.

Here in the New World, a skinny boy with a burning thirst for "book-larnin" read borrowed books by the flickering light of a cabin hearth.

He became the president who, bent with the burden of brothers at war, signed the land-grant college bill.
