

Judy Black Crowned Queen

1962 Homecoming Going Full Steam

Junior Coed Is Homecoming Pick Of Nevada Men

Judy Black is the 1962 Homecoming Queen.

Judy, who was crowned queen by homecoming chairman Gordon Corn at Wednesday night's Wolves Frolic in the state building, won over six other coed cuties in a vote by the male student body last Friday.

Judy is the first off-campus independent to be chosen a Nevada queen, although others have sought titles before.

Measuring 36½-23½-37, vivacious Judy is a 20-year-old junior journalism major who wants to be a political columnist, which fits right into her family. Her father, Richard Black, is a candidate for state controller, and a former senator from Humboldt county.

Gov. Grant Sawyer, of the opposing political party as her father's, will re-crown Judy at Saturday's Homecoming Game halftime ceremonies. He will also get the traditional kiss from the queen, which might be the only Republican-Democratic thaw in the 1962 campaign.

The Homecoming crown is not Judy's first title. She was "Miss Winnemucca" for 1961, winning that contest in a field that included her look-alike twin sister Jill. This year, Jill was Judy's campaign manager—and it wouldn't be hard for them to turn the tables in the future. It's a good thing they are not triplets.

The new queen was born in Las Vegas on July 1, 1942. She has brown eyes, light-brown hair, stands 5-foot-three-inches, and weighs 112 pounds. She has worn the ATO pin of Ron Nagel for nearly a year.

Also competing for queen were: Diane Nungesser, Gamma Phi Beta; Judy Norcott, Delta Delta Delta; Donna Martin, Kappa Alpha Theta; Pat Plenn, Pi Beta Phi; Geri Shaw, Manzanita hall, and Alice Swainston, White Pine hall.

Wolves Frolic Ushers In Gala 1962 Homecoming

Wolves Frolic is here! After juggling the dates like a dish of jello, the dates finally set for the performances are Wednesday and Thursday, Oct. 24 and 25.

The extravaganza starts at 8 p.m. and will run for two and a half hours.

The first act will use the West as its background. After the overture the Frolic dancers will give their impression of old Nevada. Featured as slot machines are: Mary Helsdon, Diane Harwood, Joy Green, and Sharon Gold.

"Tourists" lured to the "one arm bandits" include: Penny Levin, Bob Rusk, Kate Frehner, Bonnie Gadda, Fred Stein, Don Richards, Jack Walker, and Laura Brown.

The dancers will be followed by the various fraternity, sorority and living groups who will be competing for trophies.

Specialty acts will also be presented. They include: The Classics, a musical quartet, western songs by the Hamilton Trio, ballad singing by Bobby Heron, baton twirling by Ron Marriot, a magic act by Ken Muller, hillbilly music by the Shades, and the Nevada-Arm's drill team.

Alpha Tau Omega plans "The Start of Something Big" in their skit. The cast under the direction of Mike Griffin include: Jerry Guffey, Mike Killfoil, Jerry Rosebush, Bill Cozart, Mike Griffin, Kirk Kinne, Rich Marcucci, Tim Griffin, Wayne Kollodge, Dick "Moose" Armuth, Leonard Howard, and Mike Casey.

"Shine On Nevada U" say the Tri Deltas with Sharon Yeazel directing.

Actresses include: Judy Peterson, Carolyn Cadematori, Judy Norcott, Judy Schmidt, Molly Tyree, Lynn Johnson, Judy Grossenbach, Betty Whelan, Mary Lynn Barnard, Sherri Harwood, Sharon Yeazel, and Mary McCabe.

University Stage Band To Make First Appearance at Frolic Performances

Wolves Frolic will herald the first appearance this year of the U of N Stageband. This 18 piece group is under the direction of Eugene Isaef, trombonist.

Music will include commercial, modern and jazz.

The group does not play commercially. They perform at benefit dances for the U of N Band and at Wolves Frolic. The money obtained from the Frolics will go into the band fund. This fund will be used to help send the marching band and drill team to Los Angeles.

The Stageband will play host at the Second Annual High School Stageband Festival, Feb. 23. Twelve bands from four states, as well as the Fresno State stageband, will entertain. Special guest for the event is Carl Fontana, soloist from Las Vegas. Last year's guest was Buddy DeFranco, clarinetist.

Also on the roster is a three day tour of Northern California high schools, May 2, 3, and 4.

Members of the group are: Saxa-

phones — Barry Kagan, Barrie Moore, Stan Fields, Randall Christensen, Ron Hill, and Bob Walters.

Pat White Heads Judicial Council

The Student Judiciary Council members finished organization last week.

Pat White will act as Chief Justice and Dave Clarkson as Associate Justice during the year. Miss White and Clarkson served on the board last year.

The Court will work with the office of student affairs and Dean Sam Basta plans to inform any student of his rights of appeal.

New justices were nominated and chosen by Senate. They are Jeanne Sadler, a Pi Phi; Jim Sinaisek, a member of Alpha Tau Omega, and Jim Black, an independent.

Miss Sadler served as court clerk last year.

Sagebrush Editorials . . .

An off-campus Independent girl has been named queen of a University of Nevada celebration for possibly the first time in history.

That is well and good. She is a charming girl and highly deserving of the honor. But the Sagebrush must question the representation behind the title.

Running off-campus independents and living group representatives in the same election is akin to the old cliché that you can't mix apples and oranges.

While the Greek and residence halls nominate candidates as their own representatives, the off-campus independents do not. The off-campus independents are not a group; they are not organized, and do not have a say in the selection of their candidate.

Off-campus candidates are selected by the AWS president and the AWS off-campus, non-affiliated representative from a list the two draw up. They make the decision—not the off-campus people.

So saying a coed represents the off-campus independents is ridiculous. They are not an organized group, largely because they do not want to be organized.

While not wishing to detract from the stature of the present Homecoming Queen, who is not only one of the school's most charming and beautiful girls, but highly deserving of the honor, the Sagebrush must comment on the system of representation.

An off-campus candidate does not represent the off-campus independents. She represents herself, and the two AWS officials who selected her.

However, as Queen, she represents the student body, and in that sense, is perfectly OK. We could hardly ask for a better queen than the one reigning today.

English Club Has Poetry Reading

A new project for the English club this year is a weekly poetry reading session. Poetry is read each Monday at 4 p. m. in the Fine Arts lounge.

English club president Joel Cooper said this project has been very successful and many people have turned out to the readings. He said anyone interested in listening or reading poetry should come to these sessions regardless of major.

Other projects sponsored by the English club are discussions of novels, both contemporary and classical and discussion of films, plays and play interpretations.

The first novel discussed is Nabokov's *Lolita*. Other novelists on the agenda this year are Salinger and Updike.

Cooper pointed out that the English department has some long play records of Shakespeare's plays which are invaluable for students reading any of the plays. Anyone interested should see Cooper.

Floats Have To Flee the Scene

All floats must be off the football field after Homecoming game by 9 p. m. Oct. 27 or they will be disqualified.

If the floats are not removed from the field by 9 they will be towed away at the expense of the owners and removed to the city dump.

Oct. 31 is the last day floats may remain in front of the respective houses. After that time the building and grounds committee will tow the floats to the city dump. Each house is responsible for the towing.

Editor, the Sagebrush:

I have no bone to pick with you about the article you devoted to me. I suppose those rhymed cutlets by the Instructor could have been verse. But the prose couldn't have been sweeter, and the writer deserved to be named. After some nosing around I finely treed her: Carole Hueftle. Thank you, Carole!

Expresses Opinion On Band Editorial

Editor, the Sagebrush:

From your editorial in the Oct. 16, Sagebrush one would assume that you are in favor of the band's finances being cut. This is fine with many students on campus including myself for the following reasons:

1. The band is more successful than the football team.
2. The band does an excellent advertising job for the university at the nationally televised football games, and we can't have this for

the school is extremely overcrowded already.

3. Who wants to see a bunch of girls marching up and down a football field anyway? After all it is much more fun to pass the bottle.

However, since Sagebrush is not in the habit of accommodating dissenting views, all I have gained from writing this letter is the expressing of my views.

Sincerely,
 GEORGE VANDERHOFF
 (a non-band member)

Eds. Note—Although the Sage-

brush agrees with Mr. Vanderhoff's three excellent points, it must reprove him for his assertion that this paper does not accommodate dissenting views. Mr. Vanderhoff's letter is the most recent of those published—and every letter received to date has been published. Every letter in the future will be published, unless libelous. Mr. Vanderhoff may criticize our motives at any time, but when he questions our ethics, then he is on touchy ground.

ORBIT CAPABILITY

By CAROL BAKER

Now that Colonel John Glenn has proven it possible to see four sunsets in one day I am wondering how long it will be before the space ships will be on the market so that you and I will be able to follow in the footsteps of our new American image? I for one know right now that I have orbiting capability—as it doesn't take much every-day pressure to send me into orbit and out of reach. But I must say I don't travel at 17,500 miles an hour, nor do I delight in a state of weightlessness—Zero G may be a common occurrence to the astronauts of the future—but as for me, I'll take my orbiting right here on earth.

And speaking of earth-orbiting-capability you'll find it wherever there's a Ringsby Rocket Service serving your needs. Did you ever stop to think what would happen if our trucking lines ceased their operation? It would be like the recent movie, "The Last Day On Earth"—everything would stop. We would no longer have food, new clothes—no new anything, as 90 per cent of all our necessities are trucked. Yes, we're definitely in the hands of the trucking lines and in very good hands indeed when it's the Ringsby Rocket Service—major transcontinental carrier for every state west of Chicago—of 1601 E. 2nd, in Reno.

...for a life of pride and purpose

Among the young people being graduated from college in these times, there are some who think and feel—perhaps a little more deeply than the others—about the world we live in, the future we face. They ask, "How can I make my career really meaningful? More than just personally rewarding?"

And many of today's most successful young people are finding a fulfilling answer to these questions as officers on the Aerospace Team... the United States Air Force. They can tell you that no career could better combine the opportunity for achievement—and the deep inner

satisfaction of knowing that they are helping preserve the very future of America.

How can you become an Air Force Officer?

If you are a college senior and not currently enrolled in ROTC, Air Force Officer Training School provides an opportunity to qualify for a wide variety of career fields. The graduate of this three-month course receives a commission as a second lieutenant. As the Air Force continues its technological advance, officers with college training will move into positions of increasing importance.

For full information—including the opportunity to earn graduate degrees at Air Force expense—see the Air Force Selection Team when it visits your college, visit your local Air Force Recruiting Office, or write: Air Force Officer Career Information, Dept. SC210, Box 805, New York 1, New York.

Pall Mall Presents - GIRL WATCHER'S GUIDE

WHITE-COATED LAB-LOON

Edin

CAMPUS TYPE II

Don't let this girl's costume fool you. She's not really a mad scientist. She's a girl—a real, live girl. It's just that she has to prove something—to herself and to her family.

She has to prove that she has a brain and that, if she ever has to compete with men on their own terms, she can do it—and win. But she really doesn't want to compete with men. In her heart she wants to attract men and eventually, marry one. The girl watcher should not let this situation disturb him, however.

If the girl is watchable, she should be watched, no matter what her motives or ambitions may be. The same thing is true of a cigarette. If it's smokeable, it should be smoked—and Pall Mall is the most smokeable of all!

Pall Mall's natural mildness is so good to your taste!

So smooth, so satisfying, so downright smokeable!

Foreign Students To Enter Float

The foreign students will enter the Homecoming Parade for the first time this year.

The thirty-nine students hailing from all parts of the globe, will decorate a truck as a symbol of a "United Nations at Nevada".

The truck will bear the flags of countries throughout the world. The entry is not to be judged as a float.

"Many people are unaware of our presence here in Reno. Our participation in the parade will give people a chance to see us in our native dress," says Indian student Surjis Sandhu, float chairman.

GO CONDITION

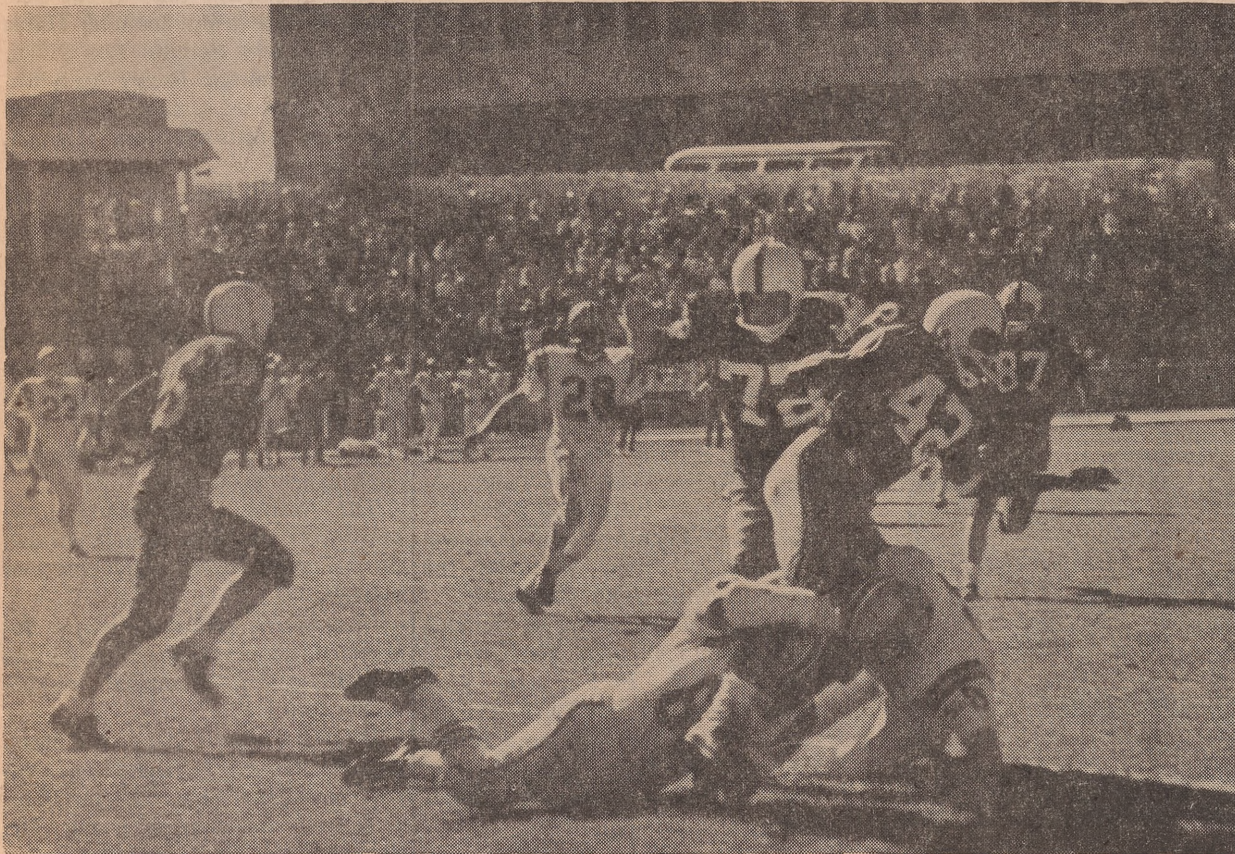

By CAROL BAKER

Everything's A-OK today—we're all in a go-condition! Yes, Colonel Glenn, Commander Carpenter and Walter Schirra gave us all go-fever when they sped through space at the rate of 17,500 miles an hour—flashed by 3 and 4 sunsets in one day and splashed down in the Atlantic as fit as a fiddle! There's a feeling of going forward wherever you look—the young fry in your backyard are following in the footsteps of their national idols—engaging in space maneuvers that would challenge any going-astronaut. And look at mother—with all of the present-day advances in technology—she pushes a button and she's on her way to a happier, fuller life! And Dad's looking forward to a passenger listing on the first space ship to the moon!

Yes—everything's A-OK and the countdown is now at Nevada Cycle Sales, of 817 E. 4th Street, in Reno. Yes, those motorcycles and motor scooters are beefed up to go—with perfected firing performances at first blast off! Why not have a look at those new models today—including "Honda"—for clean, inexpensive, quiet burning travel—at the Nevada Cycle Sales!

Winnemucca Band Cheers SF State To Second Half Comeback

By BOB MEADE

Sagebrush Sports Staff

A fired up University of Nevada football team completely outplayed a rugged San Francisco State eleven Saturday, for three out of four quarters, but had to settle for a 14-14 tie in a bitterly fought game.

The Wolf Pack, out to score their first victory over the Californians in ten years nearly ran the Gators off the field in the first half.

On their first series of downs the Silver and Blue launched a 79 yard march for the game's initial score. Behind the determined rushing of Jock Echave, Cal Campbell, and Ray Del Turco, the Nevadans drove to the State 10. Campbell then bolted around end for the score.

Jack Renwick's conversion was wide. Nevada 6, San Francisco 0.

Minutes later Nevada had another scoring chance when they blocked a Gator punt and took over on the State 25. The drive stalled at the 17. Frisco took over on downs.

In the second quarter, sparked by a key pass play from Bob Ezell to Harlan Heward for 23 yards, the Pack turned out another drive and began a four down series from the SF two yard line.

After three tries at the rugged Frisco line had failed, Campbell took the ball wide on a fourth down play and scored.

Renwick faked a conversion attempt, stood up and tossed a pass to Rick Miles standing in the end zone for two points. Nevada led at half time 14-0.

Goden Gator coach Vic Rowen must have given his payers quite a lecture at halftime, because they came out running, and kept right on running, into the Nevada end zone.

SF scored the first time they got the ball, with Greg Baines' two yard plunge climaxing a 52 yard drive.

The final score of the game came in the opening minutes of the fourth quarter.

State recovered a Campbell fumble at the Nevada 35. After a running play had failed to gain, All-Coast quarterback Dick Valois, whose passing accuracy was almost unbelievable all afternoon, was trapped by UN defenders at the Nevada 45. He threw a desperation pass toward the end zone, and 6' 3" D. L. Hurd grabbed the ball with a circus catch. As he received the ball, three Nevada secondary men were clustered around him.

Another Valois-Hurd pass picked up the two-point conversion and the game was tied.

Both clubs threatened late in the game, with Frisco driving to the Pack 30 where a long field goal missed.

Nevada launched what looked like the game-winning march, when, after driving all the way from their own 10 yard line, Bob Ezell fumbled on the San Francisco 28.

Chico J. V. Blasts Frosh

CSC Twins Ring Up TD and PAT In 14-7 Win

Gerald and Jerome, the identical Circo twins, made the scoring difference in a 14-7 Chico State junior varsity victory over the hosting Nevada freshman over the weekend.

Jerome Circo zipped through Nevada's rightside on the first CBS play from scrimmage to give the Wildkittens a 6-0 lead. Brother Gerald booted the extra point, and came along later to add another kicking conversion to make the Circo's the scoring stars in the winning Chico cause.

Gerald's second kick came after a spectacular 90-yard touchdown punt return by Ray Myers. Myers was given excellent blocking by his punt return crew.

Nevada's frosh did not put their score on the board until the fourth quarter.

With only three minutes left in the game, Wolf Pack back Keith Lee climaxed a 55-yard drive by zipping ten yards around end for the score. The thrust came too late however, and when the game ended moments later the UN freshmen had lost their second tilt of the year.

Titles Decided In Volleyball; Badminton Play

Two intramural sports championships have been decided and another one will be this week.

The Mavericks, an independent team, won the softball title on Oct. 17 when they knocked off Artemisia Hall, 5-12. The Mavericks finished the season at 4-0, followed by Artemisia at 5-2. Third place was captured by ATO, who were 3-2.

The badminton championship was slated to be decided last Thursday evening, with Artemisia hall going against Lambda Chi Alpha.

Lambda Chi forced this game when they beat previously undefeated Artemisia on Wednesday night. Going into the Championship game, Lambda Chi was 6-1, while Artemisia was 4-1.

Meanwhile the Tau's strengthened their volleyball title hopes on Oct. 17, when they defeated SAE. ATO now boasts a 4-0 record in volleyball play.

Only two other teams remain in the volleyball race, Sigma Nu and SAE. These two were scheduled to go against each other last Thursday night, with the winner set to play ATO tomorrow.

TOUCHDOWN

By CAROL BAKER

When our favorite astronauts "touched down" in the Atlantic I believe that the whole world drew a big breath of relief at their completed mission. Not only have Glenn, Carpenter and Schirra opened up a wonderful new world to us all—but they have drastically changed our language! From now on "touchdown" will have a double meaning—carrying the ball over the line to make a score, yes—but also—the end of a successful voyage, or flight — when the craft touches the goal line!

There is not a shadow of a doubt—these are times of precision achievement. And this does not apply only to orbiting capability. Our scientists and engineers have given us the know-how to operate our affairs and business with the utmost precision and convenience. Take the Pearl Upson and Son Transfer and Storage Company, of E. 2nd and East, in Reno. When we are moved by them we can be assured that our possessions will arrive at our new home in A-1 condition due to expert and efficient handling in transit. Another touchdown for Pearl Upson and Son Transfer and Storage — agents for United Van Lines—moving with care everywhere!
