RENO, NEVADA 5

Tuesday, March 2, 1965

## Peace Corps Holds Meeting

Peace Corps volunteers and University professors will meet in the dining commons Wednesday night to answer, "Is the Peace Corps really working and why?"

The panel discussion will feature Peace Corps volunteers who have just returned from their assignments to recruit college volunteers. Panel members are:

John Coyne, who has just come back from Ethiopia; Roger Banks from India; and George Zeinden-spein from Nepal.

Dr. Edward Jensen, college of agriculture has recently returned agriculture has recently returned tour where he observed the Peace Corps in action. He will represent the University with Dr. Warren D'Azevedo, sociology and anthropology chairman, a former project director for Liberia-bound Peace Corps training groups.

### ANSWER QUESTIONS

The panel will discuss Peace Corps programs and answer questions from the audience concerning the United States overseas aid volunteer group. It is part of a week-long recruitment drive on campus.

Officials expect a good response on the Reno campus judging from past reaction.

"Nevada has the highest percentage of Peace Corps representatives of any university of its size in the United States," said Sam Basta, dean of student affairs.

### TESTING BEGINS

Starting tomorrow and running through March 9, in the TUB Truckee Room, placement tests will be administered to all college volunteers. Three tests will be given each day at 11 a.m. and 4 and 7 p.m.

Interested persons must first complete a questionnaire and submit it to Peace Corps team members before taking the test.

Questionnaires may be obtained from Dean Basta or from any United States Post Office.

Wednesday night's panel will be moderated by Prof. Charles Hedges, economics instructor. It is open to the public.

## All School Skating Party Set Friday

The campus Independent Council will attempt another all-school Ice-Skating party this Friday. A previous party was planned during Winter Carnival, but failed for lack of participants.

Skaters will meet at 6:30 Friday night at the Student Union to be bussed up to Squaw Valley until 10:30 p.m. Tickets at \$3.25 will cover costs for transportation, rink admission and ice skates.

Tickets go on sale tomorrow in the Student Union lounge.

ASUN PRESIDENT candidate, Mike Lally, begins his two-week campaigning job in front of Lincoln Hall talking to a prospective voter. Lally is a resident assistant for Lincoln Hall and was nominated by the campus Independent Council for the top student body office.

## ASUN Filing Deadline Tomorrow

The final date for filing for elective ASUN offices is tomorrow at 4:30 p.m., according to Herb Nichols, ASUN elections chairman. The filing must be done in the ASUN office upstairs in the Student Union building.

Only seven people have filed for the campaign so far. They are: ASUN president, Mike Lally and Mike Ingersoll; for second vice-president, Michon Maupin; for Senior Class President, Larry Furrow; for Junior Class President, Gerry Roberts; and for Junior Men's Senator-at-large, Bob Basta.

### DATE MOVED

The filing date has been moved ahead to seven days before the election assembly, which will be held March 9 this year, according to Nichols. Normally the filing deadline is 10 days before the assembly.

Primary elections for the candidates will be held Wednesday, March 10, and the general election, held for surviving candidates of the primary, will be held Wednesday, March 17.

Students running for office must have a 2.2 overall grade point average, Nichols said. In addition they must have the minimum number of hours required by the college in which they are registered for regular standing in

the class office they are seeking.

### GRADES CHECKED

Credit hours and grade point averages for the purpose of establishing eligibility to hold office will be certified by the registrar and approved by the Executive Council.

Offices open are: ASUN president, ASUN first vice-president, ASUN second vice-president, Senior men's and women's senator-at-large, Junior men's and women's senator-at-large, Student Union directorships, and the various senatorial offices from the seven colleges.

Six openings for the Student Union Board directorships are available. These candidates will sit on the 12 man Student Union Board.

### SENATORS

The first senators elected from Mackay School of Mines, Orvis School of Nursing, the College of Agriculture, the College of Engineering, the College of Arts and Sciences, Business Administration and Education must be fraternally-unaffiliated. The rest may or may not be.

One senator represents 200 students in a college. Arts and Sciences, Business Administration and Education are usually the only ones to have more than one senator.

## Scholarship Applications Available; Deadline Is Set For Next Month

Applications are now being accepted for scholarship awards for the coming school year. Forms may be obtained now in room 205 of Morrill Hall and must be returned by April 10.

Students wishing to apply for scholarships must have grade point averages of 2.8 or better

In addition each application must contain the names of three faculty members available for recommendations.

Scholarships from various colleges and departments are available as well as general scholastic awards, said Dr. Robert McQueen, scholarships and prizes committee chairman.

# Regents Explore Academic Failures

TOM DYE  
Managing Editor

The University of Nevada Board of Regents discussed everything from academic standards to the budgets cuts made by the legislature, at their Saturday meeting.

Nevada's academic standards came under fire after it was learned that 36.4 per cent of the students were on probation or suspended from schools at the end of the Fall semester.

Regent Dr. Louis Lombardi said the large scale suspension and probation of students "was not right."

A student is put on probation if he falls below a C average. If a student drops down 15 grade points, he is suspended.

The new grade point ruling came into effect in the Fall of 1963. Originally, a student had to go 22 grade points down to flunk out. Probation was set at 12 grade points below a C average.

### STUDENT RULE

These recommendations were started by students during the regime of ASUN president Paul Bible in 1961. After the students recommended the upgraded academic standards, the faculty committees, University President and Board of Regents also approved the new standards.

University President Charles Armstrong defended the standards, saying the percentage of students meeting the standards of the University is about the same as usual.

"The problem is as old as education, trying to mold good students with poor scholars," Armstrong said.

The Regents plan to discuss the standards with various members of the faculty and other qualified people before coming to any definite conclusions.

### BUDGET CUTS

The Board of Regents was distressed by the budget cuts made by the Nevada legislature.

One regent, Harold Jacobsen, says that the University needs the money that was cut from the budget. He and the other regents are hopeful that the cuts will be restored.

The legislature slashed \$600,000 from the proposed University budget.

The Board especially hopes the \$144,000 appropriation for a special education laboratory will be restored.

President Armstrong says the money cut is very damaging to "welfare of the University." However, he said "that there simply isn't enough money to go around."

### TAX BOOST

The regents support a proposed sales tax boost of one per cent. This would allow more money for education.

The educational laboratory was to be located at Saint Albert's school. The purpose of the facility would give education students practical experience in teaching.

The school would help to educate enough teachers to fill the State's needs. At present, only ten per cent of the teachers in the State come from the University of Nevada.

### TWO-YEAR PLAN

Another proposal made by the Board of Regents is a two year University program leading toward an "associate degree."

This degree would be given in select fields. Two programs being considered are an associate of arts degree and associate of applied science degree.

The applied science degree would give students training in the fields which lie between engineering and craftsmanship. The arts degree would give the students a degree who are less concerned with completing a four year college degree.

## Student Non-Violent Group Formed On Nevada Campus

A Friends of SNCC group was born on campus Friday when students, faculty, local ministers and leaders of the Negro community met to discuss possibilities for a human relations club.

The SNCC (Student Non-violent Coordinating Committee) will elect officers for the year this afternoon. Interested students and faculty may attend the meeting at 4 in the Student Union.

As Friends of SNCC, the group will help finance national civil rights drives, send local representatives to summer Southern projects, and form ad-hoc committees to deal with local civil rights problems.

### NATIONAL GROUP

SNCC is a national civil rights organization. Last summer it set up Freedom Schools and Voter Registration drives in the South. Friends of SNCC clubs are found on over 150 campuses in the nation.

Members are working on possibilities of a Joan Baez concert at the University to raise funds. "SNCC is known to be of prime interest to the folk-singer," said Barbara Miller.

Miss Miller described the "most exciting aspect" of the new group to be the sending of local students to Southern states where they would help in civil rights activities.

### LOSE LIVES

"It was members of SNCC who conducted the summer projects in which some students lost their lives last summer," said Miss Miller.

Local civil rights projects were suggested to the new group Friday. Area Negro representatives pointed out problems to be dealt with locally such as labor, housing, slum conditions, public accommodations, and an effective civil rights bill.

The new Friends of SNCC were told by Negro leaders that students were needed with dedication and willingness to suffer contempt and indignity for their beliefs.

### STUDENT HELP

Student areas of civil rights aid were outlined to include talking to Nevada legislators, surveying local conditions and informing the public on what steps must be taken to obtain racial equality.

W. Salisbury, sociology instructor and club adviser, said the organization will be of great benefit to the students, the University and the community in creating interest and involvement in one of the major socio-cultural events of our time.

The Friends of SNCC is now seeking ASUN recognition.

## Editorial

### Two-year Degree Program Could Help University Fulfill Its Obligations

There has been some discussion lately on whether or not Nevada's academic standards are too high. What happens to the students who can't meet the new standards?

Dr. Louis Lombardi of the Board of Regents is upset because 36.4 per cent of the students flunked out or were put on probation at the conclusion of the Fall semester.

He says that something is wrong when such a high percentage of the students are affected.

Nevada's upgraded academic standards were blamed for 235 suspensions and 913 collegians landing on the probation list.

University administrators should remember that the students themselves came up with the idea of tightening standards back in 1961. It was felt that Nevada's standards were not up to par with other state universities.

The present system is not as tough as the ASUN senate had originally envisioned. They proposed that a student should be suspended if he went 12 grade points below a C. This was later changed to 15 grade points below average.

The original system was very lenient and allowed students to go 22 grade points in the hole

University President Charles Armstrong claims that the percentage of students meeting the standards is "about average."

If there is no large increase in the number of students flunking out or being put on probation the new system should be retained. The high standards could stimulate students to do better work.

However, what will happen to the students who want an education but can't quite make the standards.

University Regent Molly Magee suggests a two-year associate degree program which includes technical schooling may be the answer. This abbreviated degree program would help students not quite qualified to enter the University.

The program would give them a valuable technical education and help the University serve the state. This is particularly desirable since Nevada is the only insitution of higher learning in the state.

TOM DYE, Managing Editor

### TUB Positions To Be Elected For First Time

The student body will be able to elect Student Union Board representatives for the first time in the coming general elections.

Six students will be elected at-large to serve on the TUB board for one-year terms. New board members were previously elected by the existing Union board.

Filing deadline for the positions is Wednesday at 4:30 in the Union board offices in the TUB. Applicants must have a 2.2 over-all, be carrying at least 12 hours, and have necessary time to donate to board activities.

"There is a terrific amount of work and seemingly never enough time to accomplish the needs of the Union," said Tony Oxborrow, TUB president. "New members must hold the interests of the Union and the students above time and other activity commitments."

The new board members will be placed in various committees of the Union Board depending on majors, interests and needs of the board.

"A typical board member has the ability to meet and get along well with strangers, write creative and concise correspondence appropriate to a variety of situations, and provide and receive the necessary intermingling of ideas which is the basic function of the board," said Oxborrow.

### Student Focus Said To Be On Campus

"The focus of the University of Nevada is on students," said Dr. Donald Tibbetts to about 125 high school seniors Saturday. "But," he said, "We don't educate you. You educate yourselves."

Dr. Tibbetts gave the opening address to top scholars in local high schools visiting the campus on an invitation from the ASUN.

"The University offers a challenge and provides the academic atmosphere in which students may flower," said Tibbetts. He said the University is not just a collection of buildings and books.

"Education is a personal thing and a great investment in time and money," Tibbetts said. Teachers and teaching aids help students to learn to think and express thoughts, but, Tibbetts said, "It's what's upstairs that counts."

Dr. Robert McQueen, University honors program director, explained to students that "the honors program is an answer to mass education for the very able student, giving stimulation of close association with other honors students and professors."

The students met in various interest groups with department professors and University students to discuss University of Nevada advantages. Then the guests were taken to the Atmospherium-Planetarium for a movie and tour.

### AWS Presents Constitutional Revisions For Coed Voting

(Note: At the last meeting of the AWS Council, the council members unanimously approved a number of revisions to the AWS constitution. As AWS president, I sincerely urge all women to support these measures, the major purposes of which are simplification, clarification, and up-dating of our constitution. It is hoped that all women students will give their whole-hearted support to the actions of the AWS Council. Jean Pagni, AWS President)

#### Article II — Fifth paragraph

Delete "through a 'Big and Little Sister' program or its equivalent."

#### Article IV Section I

##### A. Council

This section shall be revised to read as follows:

1. The control of AWS shall be vested in a council consisting of the women senators-at-large, the house managers of the sororities, vice presidents of the residence halls, and a representative of each women's group or service organization which is recognized on campus: that is, Juniper Hall, Manzanita Hall, Artemisia Hall, Delta Delta Delta, Gamma Phi Beta, Kappa Alpha Theata, Pi Beta Phi, Panhellenic Council, Women's Recreation Association, PEEMS, Sagens, Eta Epsilon, Nurses' Association, Cap and Scroll, Spurs, and Campus Young Women's Christian Association.

##### Section II

##### B. Qualifications

This section shall be revised to read as follows:

Qualifications for the president and vice president shall be an over-all average of 2.5. The president and vice president shall not be president of a campus living group, member of Panhellenic Council, or an editor of a campus publication at the time they are to serve as AWS president or vice president. It is advisable that the potential holder of both offices have some experience in AWS Council or Judicial Board before they are eligible to run for office. The president shall be of senior class standing; the vice president shall be of upper class standing.

##### Section 3

##### A. Elections

The subsections of this section shall be revised to read as follows:

2. The primary election shall be held by ballot in conjunction with ASUN election in March. The two candidates with the highest number of votes to reach office of president and vice president will be entered in the general election which will be held in conjunction with the ASUN general election.

4. The president and the vice president shall be elected by a simple majority. The term of office shall be one calendar year beginning April 15. The period between the election and April 15 shall be an orientation period for the newly elected president and vice president. The recording secretary-treasurer and the corresponding secretary shall be elected within the Council at its first meeting of the fall semester.

5. Delete "In case of . . . to fill the vacancy." and add the following:

In case of a vacancy in the office of vice president or in both offices, the council shall call a special election to fill the vacancy.

6. The freshman class representative shall be elected by the freshman class women at the same time the freshman class president is elected. It shall be the duty of the freshman class representative to handle AWS correspondence. The representative of the non-affiliated off-campus women shall be elected by the non-affiliated off-campus women at the same time that the freshman representative is elected. Both freshman representative and the non-affiliated off-campus representative shall have no less than a 2.2 average.

##### Article V Section 2

Add to the end of the paragraph the following:

The vice president shall have office hours on two days during the week.

##### Section 3

Delete the words "to collect a . . . shall be refunded."

##### Section 4

Delete "and to report on all AWS Publications." .. .

### Men Warn 'Keep Off Grass'

The Men's Upper Class Committee will revive an old tradition in keeping people off the grass, with the old "laking threat" of yesterday.

Chairman Chuck Burr said, in the past, anyone caught on the grass was laked, but because of the condition of the lake now, it will be hard to continue this procedure.

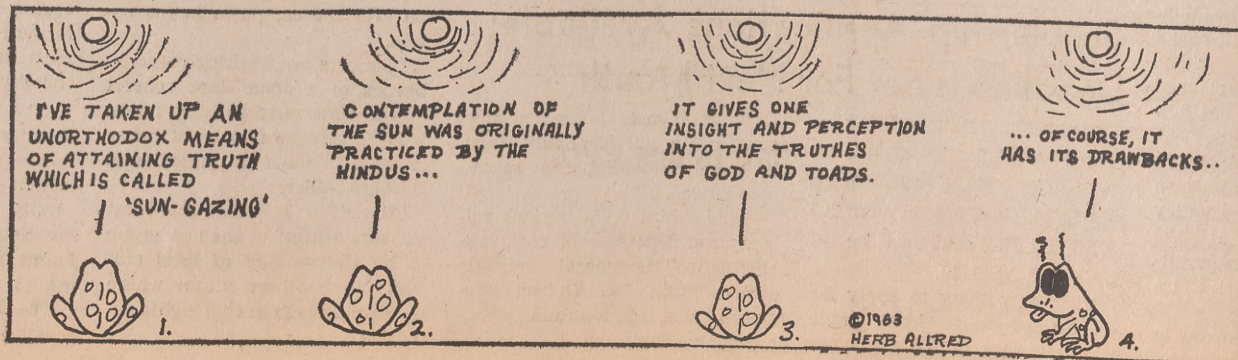

"We are hoping that every individual will help in staying off the grass," said Burr. "The University is losing much of its beau-

ty, and if everyone continues to use the grass as a shortcut, the situation will soon become much worse," he added.

The Upper Class Committee is composed of appointed positions by the ASUN president and the senior class president.

Members of the committee are Kent Folgate, Chuck Burr, Mike Ingersoll, Roger Reynolds, Mike Kasper, Keith Lee, Paul Wier, Buddy Shaw, Bill Nicholson, Philo Romine, Bob Murphy, and S. L. Rivera.

## YES, at MOTOROLA!

Motorola offers the student at the BS level an opportunity to advance his career and education concurrently. Work and achieve a Master's Degree in an environment of constant challenge.

### THE ENGINEERING TRAINING PROGRAM

Open to BS graduates in Electrical Engineering, Chemical Engineering or Physics with a B average or better. While pursuing an MS degree at Arizona State University each trainee is placed in a rotational program covering four engineering activities at Motorola.

### THE MARKETING TRAINING PROGRAM

Open to BS graduates in Electrical Engineering or Physics with a B-average or better. Marketing trainees may work toward an MBA or an MS degree. Rotational assignments are in the marketing area.

On Thursday, March 11, Dr. McNamara, Manager, Diffusion and Epitaxy Section, Applied Science Department, will be on campus to discuss career opportunities with interested candidates. Contact your Placement Office for an appointment to talk with Dr. McNamara.

Direct Placement at all Degree Levels for . . .

- Electrical Engineers
  - Organic & Physical Chemists
  - Physicists
  - Chemical Engineers
  - Metallurgists
- in Research and Development, Quality Control, Marketing, and Production.

If you are unavailable for an interview at this time write directly to: Manager, Professional Recruitment and Training, Motorola Inc., Semiconductor Products Division, 5005 East McDowell, Phoenix, Arizona 85008.

## Pool Shooters May Use Union

Hustlers and novices alike will be able to use the pool tables now stored in the basement of the Student Union within a month, said Keith Stephens, TUB vice-president.

The pool table, billiard table, and shuffleboard have been locked in the building's storeroom since the addition to the snack bar was made in 1962. They had been used in the new area previously.

The Student Union bought the tables over ten years ago at a price of \$2,000 each. While the tables are in use the felt covering has to be replaced every three or four months at a cost of \$150.

The board therefore, has to set up a system of controlling play on the tables before students may use them.

Before the tables are to be used a partition has to be built to separate the recreation area from the storeroom.

Stephens said all the work should be done and the tables open to use within a month.

CROWNED WITH a Sundowner cap and holding still-wrapped roses is freshman Denise Kouns. The 18-year-old Independent was announced Sundowner Queen at Friday night's "Cherry Ball." Jock Echave, Sundowner president, places the notorious black hat on the new royalty.

## French Club Meet Wed.

Cercle Francais, the University French Club, will hold its first meeting of the semester tomorrow evening at 7 in the Nevada East-West room in the Student Union.

Special guests speaker will be Dr. Charles Wells, chairman of the foreign language department.

All students interested in French are invited to attend the meeting. Plans for future meetings and activities will be discussed.

Officers for the club are Don Jones, president; Sharalee Springmeyer, vice president; and Mary Jane Reich, secretary-treasurer. Advisor for the club is Mrs. Paule Fricke, instructor in foreign languages.

## Independents Select Jr. Prom Candidate

Off-campus independent women will meet Friday to select their candidate for Junior Prom queen, said Deanna Johnson, AWS off-campus representative. Women will meet at 12 noon in the Sierra Room of the Student Union.

## The man who wrote "Moby Dick"

Why did America ignore this masterpiece? In its first 35 years, Herman Melville's novel about Ahab and the great white whale sold only 145 copies.

In the March issue of the Reader's Digest an author who has done a little rebelling himself tells you the price Melville had to pay because he was seventy years ahead of his time.

Get March Reader's Digest, with more than 40 other articles and features, including:

### "How to Ace a Prof"

That's the subject of one of six pointed anecdotes in the feature *Campus Comedy* . . . in the March issue of the Reader's Digest now on sale.

## Doctors Talk About Ears

Two Reno physicians spoke to University students last week about the human ear.

Dr. John Brophy, ear, nose, throat and bronchoscopy specialist, spoke on "Modern Surgical Techniques on the Human Ear." One of the points he made was that surgery was changing so rapidly that text books and journals were outdated almost immediately. He also said that sensory-neural, nerve deafness, is receiving a great deal of atten-

tion and the day will come when it is not considered hopeless.

Dr. Joseph Elia, ear, nose and throat specialist, talked about "Diseases of the Ear". Some of the points he made were that with some people too much aspirin can be harmful to the ear and that improper nose blowing can be harmful to the ear.

Students from the speech department, the nursing school and other schools were represented at the discussion.

## Student Judicial Council Hears Five Cases; Leads To One Suspension

The following is a tabulation of the cases handled by the Student Judicial Council from the start of Nov. 1, 1964 to Feb. 5, 1965.

In all cases, according to the Council Chief Justice Kent Folgate, the Dena of Student Affairs approved council recommendation.

Offense	Recommendation
1) Conduct unbecoming a student and the use of obscene language.	1) Disciplinary warning.
2) Conduct unbecoming a student and attempting to break up the Humboldt State band formation during the Homecoming Parade.	2) Conduct probation for the remainder of his career at the University of Nevada, and if he is ever charged with conduct unbecoming a student, serious consideration be given to suspension.
3) Possession and use of alcohol on State property.	3) Suspension from the Spring Semester of 1965, a letter to their parents informing them of the incident, and the requirement of a clearance check with the Dean of Men and the Dean of Student Affairs, before acceptance of readmittance to the University of Nevada.
4) Selling unowned books.	4) This person was not a student at the time, but all his transcripts are to be withheld and all orders for his transcripts will be accompanied by a letter from the Dean of Men, or the Dean of Student Affairs.
5) Conduct unbecoming a student, obscene language, and repeated attempts to enter registration early.	5) Conduct probation for a period of two semesters, a formal letter of apology to the person abused, and suspension from the University of Nevada if involved in any other incident during the time of probation.

## Cadets OK For Beards

MIKE PARMAN

Ye lovers of beards do not despair! University of Nevada ROTC Brigade Bulletin Number 10 states that Mackay Day beards are acceptable to the ROTC department.

However, certain conditions must be met by the beard wearers. According to the bulletin, the individual's personal neatness and hygiene must be maintained. The following comes from the bulletin.

a. That the beards and mustaches be clean, neat and presentable at all cadet formations.

b That the growing of beards and mustaches does not extend to growing of lengthy locks elsewhere on the head.

c. All cadets will remove such facial adornment after the observance of Mackay Day, 1 May 1965, and be clean-shaven and with neat haircuts by Monday, 3 May, 1965.

Chronic soup-eaters are urged to be especially careful in their eating habits and neatness.

Colonel Robert L. Gundlach said he is not opposed to beard growing. He awarded a prize for the best mustache in each company last year, and implied he "could be baited into it again this year."

"I am supporting University of Nevada traditions, and bypassing army policy within limits," said Gundlach.

## AMA Head Cancels YR Meeting Speech

Dr. Wesley Hall, noted American Medical Association official, will not speak to University Young Republicans tomorrow night. No reason was given for the cancellation.

The group will still meet at 7:30 in the Faculty Dining Room. The Young Republicans plan to discuss the differences between the Democrat and Republican parties, led by Jim Phillips.

Proposed constitutional amendments will also be voted on.

## Blue Key To Host Invitational Dance

Prospective members of Blue Key, the national men's honorary organization, will be guests at the annual Blue Key Invitational Dance Friday, March 12, in the Prospectors' Room of the Mapes Hotel.

Qualifications for membership in the organization include a grade point average of 2.5 for either the preceding semester or an overall average of all semesters and campus activities.

"Sounds of a Modern World" by the Tom W. Lee band, will be the entertainment.

## Lambda Chi Alpha Initiation Held Sunday

Recent initiates of Lambda Chi Alpha were honored at the annual Initiation Banquet at the Santa Fe Hotel last Sunday.

Eleven new members of the fraternity are: Ron Dale, Steve Dmytriw, Bob Erickson, Leon Hensley, Sam Imelli, Denny Kidwell, Jeff Lewis, Keith Lockard, Pete Pardee, Sim Shepperd, and Tom Stevens.

Formal initiation procedures were held at the Lambda Chi house preceding the banquet.

## Nevada Hit By Cold Epidemic

If you have been to the Student Health Service this semester and did not have a cold, you are in the sick elite. You are in the upper 35 percentile.

According to Mrs. Mary Johnson, NR, of the 1,674 patients treated between the start of the semester and Feb. 3, 1,204 were treated for colds. There were also some signs of flu with the colds, Mrs. Johnson noted.

## AWS Election Breakfast Set Sunday In Dining Commons

University women will meet candidates for their Associated Women Students offices Sunday morning at the annual AWS election breakfast, according to Sheila Davis, AWS election board chairman.

The breakfast is held to kick off campaigning for offices in the primary governing body of University women. The AWS Council and Judiciary Board, in conjunction with the Dean of Women's office, regulate women's hours and conduct, according to Jean Pagni, AWS president.

The gathering will be next Sunday at 10 a.m. in the dining commons. Entertainment will be provided by the "Loreleis," a singing

group of four girls from Manogue High.

Guests will include Dean of Women Elaine Mobley, Assistant Dean Roberta Barnes, Mrs. Pat Sladager, Mrs. Jan Howells, Mrs. eJan Vaughn, Trinie Erquiaga, and the housemothers from the various living groups.

Presently, only two women have filed for AWS offices. They are Robin Schoff and Phyllis Goytino; both are running for president.

Tickets for the breakfast may be obtained at Jean Pagni's office or from the house managers at the sororities or from the vice presidents of the residence halls.

## Nevada Trackmen Brave Chilly Winds In Preparation For Cal Davis Meet

A cold, wind-whipped Nevada track squad competed in an intra-squad track meet last Saturday afternoon in Mackay Stadium as a preparation for the Davis Relays this weekend in Davis.

"It's hard to make an evaluation of Saturday's meet because of the weather," Nevada track coach Dick Dankworth said. "But we're going to have to adjust to it because we may run into this again in our home meets."

Several performances in the meet pleased Dankworth. He said the 43.5 440 relay time by Mike Prosser, Dick McCoy, Phil Hendrickson and Houton Williamson was good because it was the first time the four had run together.

Also turning good performanc-

es were Otis Robertson, who hurled the discus 156' 4 1/4", Williamson, who broad jumped 23' 6" and Ron Lee and Tex Mock, who turned in good times in the distance medley races.

## Nevada Southern NCAA Bound?

Nevada Southern University has been named the odds on favorite to receive a bid to the NCAA western small college playoffs in Seattle, after the Rebels defeated visiting Cal Poly of Pomona, 61-56 Saturday night.

The win was the 21st of the season for the Las Vegas five, against only six setbacks.

Trailing, 28-23 at the half, Nevada Southern romped past the invaders as Roosevelt Lee netted 14, Silas Stepp canned 12 and Bob Moon scored 10, all coming in the second half.

This is the first year that Nevada Southern has played as an NCAA at large independent, and it will be the first post season action for the Rebels.

Earlier in the season Nevada Southern split with their Wolf Pack Northern counterparts, as each team won on its own court.

## Burrell Places In High Jump; Clears 7 Feet

Otis Burrell, a 21-year-old transfer student this semester from Los Angeles Valley Junior College, placed second in the high jump at the Golden Gate Invitational indoor track meet in San Francisco last weekend with a leap of seven feet.

The high jump was won by Russia's Valery Brumel who also jumped seven feet, but was awarded first place due to fewer misses at lower heights. Brumel holds the worlds' record for that event, 7' 5 3/4".

Burrell missed at only one height, 6' 10" all evening. On his first jump at seven feet he cleared the bar easily. But when the bar was raised to 7' 2" the Wolf Pack trackster barely tipped it with his heel on the way down. Brumel missed only at 7' 2".

Burrell's leap established a new school record. The former record of 6' 5" was set by Larry Moore last spring.

A tendon injury suffered by Burrell in recent workouts was not aggravated during the competition and did not seem to bother him said Nevada track coach Dick Dankworth.

## Two League Foes Trim Pack; Nevada Five Finishes Third

The Wolf Pack cage team returned to Reno Saturday after being reduced to third place in the final Far Western Conference standings.

Nevada dropped both games over the weekend, losing on Friday night to Cal State in Hay-

ward 92-90 and on Saturday to San Francisco State in San Francisco 88-67.

San Francisco State and Chico State are tied for first place with identical 9-3 records and will meet tonight in Sacramento to decide the league championship. Along with the championship goes a trip to Seattle to participate in the NCAA Pacific Coast small college regional tournament. The winner of tonight's game in Sacramento will meet Pacific in the opening round of play on Friday.

Friday night in Hayward the Wolf Pack ran into potent shooting by Cal State's Roy Sipp, John Langenheim and Alvin McDaniels. The three scored 62 of the Pioneer's 92 points between them.

Nevada outshot Cal State from the free throw line, 26-22, but was unable to match the Pioneer's field goals, 35-31. Leading all scorers was the Wolf Pack's Nap Montgomery who blasted 22 points through the hoop. Also scoring in double figures for Nevada were Larry Moore with 20 points, Mike Olivas with 18 and Bill Nicholson canning 16.

Cal State took over the lead with 12 minutes gone in the first half and were never headed. The Pioneers led 42-35 at halftime. Cal State stretched that lead to 14 points during the second half. Nevada threw a full court press on the Pioneers during the first four minutes that almost pulled it out for the Silver and Blue. The Wolf Pack was eight

points behind with one minute to play. But there just wasn't enough time for Nevada as the final buzzer sounded with the Wolf Pack still two points short.

In the final game of the season for the Wolf Pack on Saturday night in San Francisco outshot, outrebounded and outplayed Nevada in a 88-67 victory. The Wolf Pack stayed close to the Gators throughout the first half on the rebounding of Nap Montgomery and the scoring of Bill Nicholson and Larry Moore. Nicholson canned 14 and Moore dumped in 8 in keeping Nevada only eight points behind San Francisco at halftime, 45-37.

The second half found Nevada still in the game until the final 10 minutes of action when the Wolf Pack shooting turned cold and the Gator's reserve center Bob O'Donnell and starting guard Ey (The Goose) Adams got hot.

The Wolf Pack was never in the game from then on as the Gators piled up their 21 point lead at the end of the game.

## Frosh Edge Winnemucca In Saturday Benefit

The Wolf Pack freshmen edged the Winnemucca All-stars, 64-63 in overtime in a benefit basketball game played in Winnemucca Saturday night.

In the first half the All-stars built up a 16 point lead to post a 35-19 margin at half-time.

In the second half the Wolf Pack's Rex Jensen led a rally which ended at the final buzzer with the score 55-55. The frosh team's leading scorer zipped 20 points through the nets to lead the frosh in the evening's scoring. Jim Whisman and Mike Sala also hit double figures, scoring 16 and 15 respectively.

The most points for the night's action were scored by former Wolf Pack great Joe diArrieta who netted 23 points for the All-stars.

Both teams shot 24 field goals and the Nevada yearling's winning margin came at the free throw line. The All-stars made 15 charity tosses while the frosh made 16.

## Sr. History Deadline

Today is the final deadline for seniors who want to have their histories in the Artemisia, said Editor Joyce Freeman.

The histories can be taken to the yearbook office in the basement of the Journalism building or can be placed in the "Senior Histories" boxes scattered about the campus.

Gymnasts Score Victory Over Chico State Wildcats

The Wolf Pack gymnastic team defeated Chico State 64-53.5 in a dual meet in Chico last Friday night.

Pacing Nevada was Joe Rooney. Rooney placed first on the sidehorse, third on the horizontal bar, tied for third on the still rings and took fifth place in free exercises.

The Wolf Pack's Ron Blake-more won the trampoline competition and was followed in that event by Roy Pike. Pike took two first places, winning the long horse competition and the parallel bars.

Totals FLOOR EXERCISE: 1—Larry Brock (C); 2—Bob Lincoln (C); 3—Archie Noriega (C); 4—Robert Baker (N); 5—Joe Rooney (N).

SIDEHORSE: 1—Joe Rooney (N); 2—Dick Carlsen (C); 3—Larry Brock (C); 4—Robert Baker (N); 5—John Baughman (C).

TRAMPOLINE: 1—Ron Blake-more (N); 2—Roy Pike (N); tied for third between Sandy Cutler and John Baughman (C).

HORIZONTAL BAR: 1—John Baughman (C); 2—Laun Buoy (N); 3—Joe Rooney (N); 4—Glenn Padgett (C); 5—Sandy Cutler (C).

LONG HORSE: 1—Roy Pike (N); 2—Archie Noriega (C); 3—Howard Herz (N); tie for fourth between John Howell (N) and Pete Ebbe (C).

PARALLEL BARS: 1—Roy Pike (N); 2—Robert Baker (N); 3—Archie Noriega (C); 4—Al Lansdon (N); 5—Dave Lannum (C).

STILL RINGS: 1—Archie Noriega (C); 2—Robert Baker (N); 3—Joe Rooney (N) and Pete Ebbe (C); 5—Charles Koehler (N).

Baseball Season Begins Today With Doubleheader

The 1965 edition of the University of Nevada baseball team will take to the field at Moana ball park at 1 p.m. today in the season's opening game, a non-conference double-header with Sacramento State's Hornets.

Coach Bill Ireland feels his greatest worry is his pitching staff. He said he has five returning lettermen pitchers for this season but their combined earned run average figured out at close to 4.5. The earned run average is the number of runs given up by a pitcher for every nine innings pitched.

In considering Nevada's chances for the coming season, Ireland feels that overall batting power and defense are strong points.

"This is the most depth the team has had since I've been here," Ireland said.

Ireland at present has no set lineup and is letting the competition for the starting positions determine his first nine.

There are only three seniors on the current 24 man squad, pitchers Dan Keller and Dennis Scott and three-year letterman Barry McKinnon in the outfield.
