## 'Wild Party' Not So Wild As Students To Enter School

The seven University of Nevada students arrested on a civil complaint at a party at which peyote was found, have been admitted to the university as undergraduates for the 1965 fall semester, said Sam Basta, dean of student affairs.

The students in question have been registered with only minor restrictive measures, due to the up-coming court action on Nov. 7th, said Basta.

"We have made a thorough and exhaustive investigation of the circumstances surrounding the complaint, talking to the students, police, and others involved directly or indirectly in the matter."

"It is my firm conclusion that no drugs of any sort were used during the evening in question. I feel that the students allegedly involved should be cleared of all suspicion regarding this implied use of narcotics."

"It is unfortunate that the implication was made, with no real basis in fact."

"These are good students, highly regarded by myself and by other faculty and staff members."

"It's a shame that this incident occurred. But it has, and now we have the moral obligation to free these students from blame."

"As far as I am concerned their records are clean," said Basta.

## Social Science Building Starts

Groundbreaking for the Stewart Social Sciences Building on the University of Nevada Campus is expected to take place by the last of November, announced University Engineer Ed Pine.

Final plans and proposed changes were approved in recent action by the University Board of Regents. Bids are to be let by the last of September with construction to begin within six weeks after acceptance of contracting.

The new structure, when completed, will house the departments of political science, history, sociology, anthropology, psychology and journalism in a four-story complex. In addition to the main building, a two-story assembly building is being planned to contain three conference and lecture halls.

Total cost of the buildings is estimated at 1,750,000 with completion coming by the middle of 1967.

Noticeable in plans of the building is the amount of space designated for laboratories and research. Extensive facilities will also be available to graduate students of the various departments.

Architect for the building is Vhay and Ferrari Company of Reno. Architect Vhay has been associated with several other companies in the design of University buildings and also assisted with the Noble Getchell Library and Juniper Hall.

## Opera Try-outs Slated for Monday

Opera auditions for "Comedy On the Bridge," scheduled for this January, will be held Monday night in Room 102 of the Fine Arts Building, according to Delmer L. Graf, instructor of voice and head of the opera department.

In addition, stage hands, speakers and actors are needed.

## January Grads Must Complete Placement Forms

All mid-year graduates must complete their placement registration forms and turn them into the Placement Office before the Fall recruiting season starts on October 15. Graduating students may apply early if they intend to use the University facilities.

A Recruitment schedule will be sent out to each Senior in early October. But some organizations will schedule interviews before this.

Any students interested in jobs with American Potash, Nevada State Highways, or the Burroughs Corporation may apply now. American Potash and Chemical Corporation will be here Thursday, October 7 interviewing Seniors and graduates. The State Department of Highways will interview civil, electrical and mechanical engineers on Thursday, October 14, and the Burroughs Corporation will interview Business and Liberal Arts majors with accounting on Friday, October 15.

## ASUN Candidates Urged

The underlined sections below are the new amendments to the ASUN Constitution, as handed down by last year's Judicial Council. Independents are urged to run for the position.

Article II, Section 1, Paragraph A, of the A.S.U.N. Constitution be amended to read as follows:

The Senate shall be composed of one Representative from each recognized social fraternity and sorority on the campus, it being understood that such recognition be granted by the President of the University; one unaffiliated Representative from each of the dormitories; each college shall have at least one representative elected by the students within the college, the college representation to be based on a plurality basis of two-hundred students,

## MILLER MEET

Chancellor N. Edd Miller

Students will have an opportunity to meet the university's new Chancellor, Dr. N. Edd Miller, Friday morning. Chancellor Miller will be in the Jot Travis Union lounge from 10:30 to 11:30 to answer any questions students have about his job on campus, and to explain what his plans are in connection with the university.

Before coming to the university, Chancellor Miller was assistant to the Vice President at the University of Michigan. He is the author of many articles in such professional journals as the Quarterly Journal of Speech, Central States Speech Journal, Speech Teacher, and many others.

"Discussion and Conference" is one of several books written by Dr. Miller.

## Activities Parade Next Tuesday

The annual Activities Parade will be held Tuesday in the main lounge of the Student Union.

The purpose of the parade is to inform students about campus organizations, and to enlist new members for the various clubs on campus. Clubs or organizations wishing to participate must get in touch with Michon Maupin, ASUN second vice-president, in order to make arrangements about setting up a booth for its activities display.

the first Representative from the colleges is to be unaffiliated only if an unaffiliated student files for said office, the other representative can be either unaffiliated or affiliated; the A.S.U.N. President, A.W.S. President, four Senators-at-Large, one Student Union Board representative.

Article II, Section I, Paragraph C of the A.S.U.N. Constitution be amended to read as follows:

College Senators shall be elected at the A.S.U.N. election; that they be elected for one year; any persons who desires to run, must file with the A.S.U.N. President office two weeks prior to the primary election.

Kent Folgate  
Chief Justice

## IFC Meet Hears Comic Rodeo Plans

The University of Nevada Inter-Fraternity Council held its first meeting of the year last Tuesday and discussed plans of the up coming Comic Rodeo, a public service project.

The council first heard Aggie Club Vice-President Larry Wood outline plans for the upcoming Comic Rodeo to be held October 16, at the Steen Ranch and encouraged all fraternities to enter the competition.

Competition consists of seven events including wild cow riding, hay stacking, calf scramble, cow undecorating, wild cow race, lamb stuffing, and king contest.

Wood pointed out that prizes will be given for winners in each event and an over-all trophy will be given for the teams winning the most events.

He stated competition will be on an inter-fraternity basis and an entry fee will be required.

Bill Senate, of the rally committee, then requested that all fraternities support the football rally, which is to be held Friday and encouraged all fraternities to attend the game Saturday.

The council then heard Bill Adams, member of the Board of Directors for the United Fund, request the fraternities help in soliciting funds for this years campaign.

Adams introduced Rex Bell jr., chairman of the commercial division of the United Fund, Sid Weatherhead, and Roger Miller, executive director for the United Fund, who explained how the fraternities could assist.

Tammy Conklin, IFC president, then pledged the fraternities assistance and asked the delegates to take this request to their various houses for approval.

## Poli-Sci Chairman Publishes Book

Dr. Eleanor Bushnell, chairman of the political science department of the University of Nevada, has recently published her latest book entitled, "The Nevada Constitution: Origin and Growth."

Hoping to "engender interest in the Nevada Constitution as a historical as well as a political document," Dr. Bushnell describes the book, published by the University of Nevada Press, as an analysis of the Nevada constitution; as a document in comparison with other state constitutions, particularly western states.

Also included in the book is a short history of the debates leading to adaption of the completed constitution and a study of the duties and responsibilities of the executive, judicial, and legislative branches, as set forth in the constitution.

Conklin reminded the council that informal rush will begin Friday and announced the appointment of Steve Cox as chairman of the House Managerial and Scholarship Committee.

The council discussed initiation and pledge requirements and a new amendment to the constitution was proposed to take to the various houses for approval.

Delegates to the council were approved and a Junior IFC made up of delegates from the pledge classes was presented for approval.

The proposed amendments and motions will be voted on at the next IFC meeting which is scheduled for Tuesday October 5.

## '64 Homecoming Activities Ready

Preliminary planning of the 1965 Homecoming celebration was discussed Wednesday at the first Homecoming committee meeting of the year.

Committee chairman, Dave Russell, outlined the activities of the three day celebration and announced one major change in the Homecoming schedule.

Russell said the day preceding the Thursday night's Wolves Frolic will be solely devoted to skit rehearsals and thus eliminate a number of activities which have occupied student time in the past. He added, "In the past years, students have been over loaded with extra curricular Homecoming activities. Some of these activities should be eliminated to give more time to the important events of the Homecoming celebration."

## ENTERTAINMENT SCHEDULED

The Homecoming entertainment committee reported it had contracted the "We Five" folk singing group for the scheduled Friday night entertainment. The group is currently on a nationwide college tour.

Chairman Dave Russell said all planned events were developing smoothly and that no real problems have arisen. The committee scheduled its next meeting for the early part of next week.

## SAE All-School Dance Tomorrow

The first annual All School Lawn Dance, hosted by Sigma Alpha Epsilon, will be held this Saturday night on the lawn behind the SAE house at 8 p.m.

The dance will feature live music.

Bud Olsen, SAE social chairman, said the dance is a new form of the tennis court dances which were annually hosted by SAE but were discontinued two years ago.

The dance is open to all students at the University.

## Editorial

### University Of Nevada May Feel Impact Of Downtown Reports

The days of sensational journalism are gone from most respectable newspapers. Gone are the days of wild headlines to create interest. That is, with the greater majority of good journalists.

But a local paper recently used insinuation to create reader interest, and the result was a statewide criticism of the "antics at the University of Nevada."

In the September 4 issue of the Reno Evening Gazette, the paper prepared a front page story based on flimsy evidence stating 12 University of Nevada students were picked up at a "wild party." Below the story was a picture of a police helmet, some peyote buds, and a caption which read, "Buds from cactus plant produce hallucination."

Peyote, a drug like cactus, used by many Indian tribes for religious ceremonies in the western United States, and not illegal in many states, was not used by any of the students. And this factor has been supported by a thorough investigation from University officials, including Dean of Students Sam Basta, who recently admitted the students to the University after they were found innocent of any such charge.

Perhaps the story sold some additional issues for the downtown paper, but it surely alienated a great majority of University students. And if it didn't, it should have.

Not only did it hurt the names of the students who were picked up, but it truly hurt the name of the University of Nevada. In a Las Vegas paper, comments based against the individuals received wide reaction from many irate citizens. These citizens thought charges were concrete, that is, insinuations were concrete. Perhaps they'll know better next time than to believe everything they read in the papers. Perhaps Mr. A. E. Cahlan, the columnist who wrote about the incident for the Las Vegas paper would do well to re-search the incident. And most important, perhaps our own Reno paper would do well to look before it leaps. Even if lesser copies of its newspaper might be sold as a result.

These University of Nevada students still have to face charges stating they contributed alcoholic beverages to the delinquency of a minor. That is something they can live with. A record of having been picked up for drugs is not.

We, as University journalists, learn to weigh and judge the news before we print it. Surely a paper with a large circulation, run by experienced professional journalists might do the same.

### Sundowners 'Meet-Ball' Tonight After First Turkey Shoot Of Year

The Sundowner "Meet - Ball" dance will be held tonight following the rally, not Saturday as was stated in the Tuesday edition of the Sagebrush.

The dance will be held from 8 to 12 midnight at the fairgrounds building. Music will be provided by John Winn and the Driftwoods.

In addition to the dance the Downers plan a Turkey Shoot which will be held prior to the rally. The Turkey Shoot will be held at Horseman's Park—at the end of Skyline Blvd. It will begin at 2:30 p.m.

Admission to the dance and Turkey Shoot is \$1 per person. Dress will be casual.

## Quorum Plus One

By MARILYN JONES

The Student Union Board is bringing the "Wee 5" to the campus for the Friday Homecoming celebration. The "Wee 5" is the group that made "You Were On My Mind" popular. If you like this song or you have any aunts or uncles who like it or even if you don't like it, you'd better get as many people as you can to see it because you have a \$1,000 stake in it.

Profs picket the bookstore, wondering why the books aren't in that they haven't ordered yet.

A new organization composed of two members at present seeks ASUN recognition under the title of "Casket and Screws" and as soon as the Senators stop laughing, they'll vote on it.

Due to a mix-up in dates, there was a quorum minus three for Senate, so the meeting was postponed. Dates for Senate meetings are listed in the Activities Calendar, which means that this is not a secret group. President Moschetti offers an invitation to the entire student body—including Senators—to attend these meetings.

Judicial Council initiated new justices this week: Craig Russell, Frank Bilboa, Karen Kess, and Margie Uhalde.

I have just read the article in reply to Dean Sam's letter on citizenship. As an advocate of pigtails and skipping through campus on my way to classes, I am personally offended

by the harsh remarks made by the Tom Jones Society. And, as a student at the University of Nevada, I seriously question the logic of that group and its members. Surely an organization must have some positive goal, even if this goal is real and apparent to only its members. The TJS, however, has admitted that its goals are neither positive nor negative which prompts me to ask that eternal question . . . WHY?

One of the objectives of the TJS is to have the football coach burned in effigy—as long as someone else does it.

Furthermore, I doubt if the men in "bitchin' blue blazers" wear them to impress people. Personally, I am impressed when I see these men—not because of what they wear, but because of what they do. What does the TJS do?

In closing, may I submit a resolution to be voted on by the student body:

WHEREAS, the student body's attire reflects the attitude of that college; and WHEREAS, the attire of the majority of college students on one given campus is an indication of a "good college"; and WHEREAS, this college would like to be a "good college" like those found "back East."

BE IT FURTHER RESOLVED THAT, all students must wear "real college type Weejuns"—without socks, of course.

### Japanese Art On Exhibition

An exhibition of Japanese folk art is the current art show in the main lounge of the Church Fine Arts building. The display was collected by the chairman of the art department, Edward W. Yates, while he and his family lived in western Japan.

The show is a collection of weaving, pottery, paper, bronze, and other works made of bamboo and paper mache. In many cases, photographs show the step by step processes involved in each craft.

Along with the Japanese display is a sculpture and colored drawing display by a young German artist, Peter Boiger. It is being shown in the lounge. Boiger's sculptures are abstract style and made from wood, stone, and bronze.

### Election Assembly Slated For Oct. 4

University of Nevada's fall election assembly will be held in the new gym, Monday, October 4 at 7:30 p.m.

Offices of senior class president, freshman class president, education senators (3), and business senators (2) are open on the ASUN slate. Forms may be obtained from Mike Ingersoll in the ASUN office.

Associated Women Students have the offices of freshman AWS representative and off-campus independent AWS representative to fill. Forms may be obtained from Robbin Schoff in the AWS office.

Deadline for filing applications is September 29.

### Right To Work

Bob Robertson, executive director of the Nevada Citizens Committee will be on campus, Thursday, September 30 to discuss Section 14 (B) of the Taft Hartley Act. Section 14 (B) is the Right to Work law.

Nevada's State AFL-CIO has been asked to send a representative to debate the issue with Robertson. If the union is unable to send a representative, Robertson will speak.

The lecture will be in the Jot Travis Lounge at 8 p.m. Admission is free.

### Data Processing Course

The University of Nevada, in cooperation with the State Department of Education and the Nevada State Highway Department, will offer a 50 hour course in data processing card punch operation.

An organizational meeting for all interested persons will be held September 21 at 7 p. m. in the

key punch section of the new Highway Department facility in Carson City.

Total registration fee is \$18.50, payable on September 21. This fee includes the registration fee, books and reference material.

The instructor will be Mary Baye Wierlinger. Due to limited facilities the students will be selected on the basis of an aptitude test.

### Butler Chosen VP Of Phi Kappa Phi

John N. Butler, professor of metallurgy at the Mackay School of Mines, University of Nevada, has been elected western regional vice-president of Phi Kappa Phi, national scholastic honor society, according to an announcement made at the 25th national meeting of the organization held this month at Corvallis, Oregon.

Professor Butler has been a member of Phi Kappa Phi since 1931, and has been active in the local chapter for more than 10 years. In his capacity as western regional vice-president, he will be in charge of coordinating the activities of 23 society chapters throughout eight western States, Hawaii, and the Philippines.

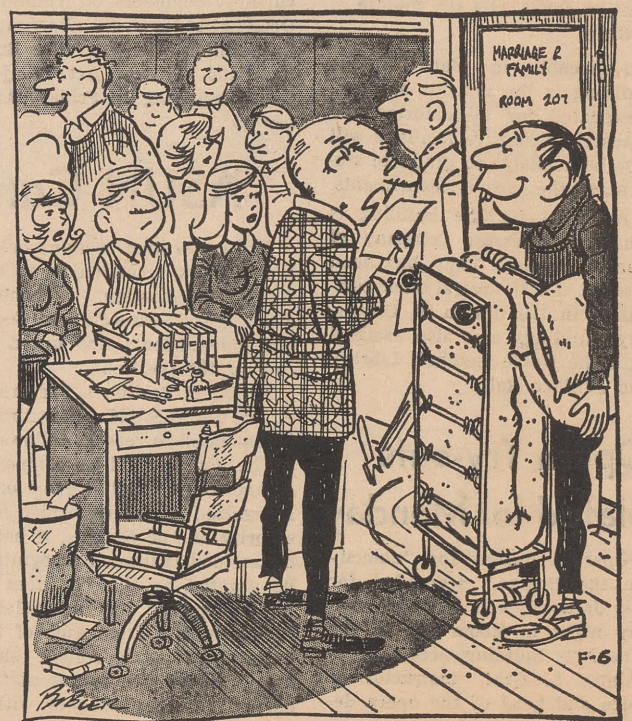

### Sundowner Bowl

The Sundowners have started something new on the Nevada campus—a football game between the sorority women and the Independent women.

The first Sundowner "Beaver Bowl" will be held Friday, Oct. 29 in the SAE Park. The 'Downers hope to make this an annual affair.

Representatives from the Sundowners will be visiting the different sororities and women dormitories with sign-up sheets this week.

Any Nevada coed interested in participating in the Bowl may contact Bernie Cotten or Jim Baker.

"AND JUST WHAT BOOKSTORE GAVE YOU THE SUPPLY LIST FOR THIS COURSE?"

COL. EARL W. RALF

## New Military Science Head Relates Combat Experience

By TERRY RONAN

Col. Earl W. Ralf is the new Professor of Military Science at the University of Nevada. He succeeds Col. Robert L. Gundlach, who recently departed from Reno for a tour of duty in Bangkok, Thailand.

Colonel Ralf came to Nevada after a two year assignment as Senior Personnel Advisor to the Republic of Korea Army.

The Colonel received his commission in the R.O.T.C. program at Knox College in 1942 and also received his bachelor degree in chemistry at Knox College. He later received his masters degree in physical education at the University of Oregon, where he previously was assigned to R.O.T.C. duty.

### MANY SCHOOLS

During his career in the Army he has attended many Army schools, including the Infantry School at Fort Benning, Georgia; the Command and Staff College at Fort Leavenworth, Kansas; and the Army Language school at the Presidio of Monterey, California.

Before his duty in Korea he served as the Commanding Officer of the Army Personnel Research Office in Washington, D.C.

During World War II Ralf served with the 34th Division in North Africa and Italy. He was awarded several decorations during his years of combat. These include the famed Combat Infantryman's Badge, the Silver Star, and the Bronze Star with two oak leaf clusters.

Asked whether he was satisfied with the R.O.T.C. program that was turned over to him, he said he was very appreciative to Colonel Gundlach for turning "over such a fine unit" and that, "both the cadre and the students reflect those qualities found in this superior unit."

### NO CHANGES

He added that he has no immediate plans to change the present policies of the program, but will put a "strong emphasis" on the yearly increase of commissioned officers without a decrease in their quality. He feels that with

## Shakespearean Plays Presented In English Dept.

An afternoon program of complete Shakespearean plays is being presented by the Department of English in conjunction with English 271, Introduction to Shakespeare, and English 465, Shakespeare.

The recordings were made by the Shakespeare Recording Society, and most of them are approximately one hour long. Students may feel free to come and go during the programs, which will be presented each Thursday afternoon at 1:30 in room 102, Frandsen Humanities.

The first of the series, "Romeo and Juliet", was presented yesterday afternoon. Other plays scheduled are: "Hamlet", September 30; "Othello", October 7; "Julius Caesar", October 14; "Richard II," October 21; "I Henry IV," October 28; "2 Henry IV," November 4; "Macbeth," November 18; "Winter's Tale," December 2; "Twelfth Night," December 9; "The Tempest," December 16; "A Midsummer Night's Dream," January 6; and "King Lear," January 13.

### NEW HOUSE PLANNED

## Theta Chi's Move To Sierra

The Theta Chi fraternity has moved from its former location at 429 University Terrace to the old Gamma Phi Beta sorority house at 710 North Sierra Street.

The move was made in order that construction could begin on the new Theta Chi house, which will be built at 429 University Terrace, according to Tony Behm, Theta Chi president.

The old Theta Chi House will be torn down next month and the tentative date for construction is April 1, 1966 with completion scheduled for September, 1966.

The new Theta Chi house will have rooms enough to house 40 men and will include a living room, den, library, kitchen and dining rooms, as well as quarters for a house mother.

The cost of the new house will be approximately \$100,000, according to Behm, who is now working on the financing.

The Theta Chis will continue to rent from the Gamma Phis until the new house is completed.

## Chemistry Club Meeting Will Feature Noted Utah Speaker

Dr. Henry Eyring of the University of Utah will be the featured speaker at the first fall meeting of the American Chemical Society in Reno. His talk, "The Structure of Water," will be given at 4 p.m. Saturday, Sept. 25 in room 215, Mackay Science Hall.

Dean Eyring has held many offices in professional science organizations. In 1963 he was president of the American Chemical Society. He is now president-elect of the American Association for the Advancement of Science. He is also a member of the American Academy of Arts and Science, the National Academy of Science and several other organizations.

### AWARDS

Among the awards he has received are the William H. Nichols Medal from the New York Section of the American Chemical Society, the Peter Debye Award, the Arizona Alumni Achievement Award from the

University of Arizona, and the Distinguished Alumni Award from the University of Utah.

Dr. Eyring is dean of the Graduate School and Professor of Chemistry at the University of Utah in Salt Lake City. He received his bachelor of science degree in mining engineering from the University of Arizona in 1923 and his master of science degree in metallurgical engineering in 1924. His doctorate in chemistry is from the University of California, awarded in 1927. He also holds an honorary Doctor of Laws degree.

### TEACHING POSITION

Before coming to the University of Utah in 1946, he held teaching or research positions at the University of Arizona, the University of Wisconsin, the Kaiser-Wilhelm Institute in Berlin, the University of California and Princeton University.

A banquet will be held in his honor after the scientific meeting.

## Aggie Club Readies for Newly Revived Comic Rodeo

Aggie Club members met Wednesday evening, September 15 at the Fleischmann Agricultural building to discuss plans for a comic rodeo to be held at the Steen Ranch in Washoe Valley on Saturday, October 16, at noon.

President Harvey Barnes presided over the Aggie meeting, at which Larry Woods gave a report on the summer work done on the comic rodeo, a new form of an event formerly held each fall. Five contests for male students will be offered in addition to a king contest. Women will have a chance to enter as many as four contests and a queen contest is open to them.

Men's events include: wild cow riding with the rules being one handed riding for ten seconds, hay stacking and unstacking in 4-man teams, a calf scramble which will include roping and dragging across a finish line, an undecorating contest and a wild cow race. No person will be allowed to enter in more than one event. Entry fee has been set at \$1.00 per person, with entries closing four days before the rodeo. Women's events include similar activities. Featured will be: steer riding, calf tying, barrel racing, and a calf scramble and dressing.

Living groups, fraternities, sororities, and off campus independents are all to make nominations for the king and queen candidates. Winners will be crowned at a dance to be arranged by the Aggie Club on September 29.

Judges and timers are now be-

ing arranged for, reported Mr. Woods. Two revolving trophies are also being obtained. Committees for refreshments, clean-up, dance, equipment, and insurance are to be named. Appointed as chairman of the advertising committee was Larry Armstrong. Committee members include Mary Hyde, Ruth Fenstermaker, Ray Schmutz, Trudy Bisango, Jackie Jawrequit, Jody Dube, Dudley Bacon, Sandy Brown, and Clifford Shilroy.

### Student Headquarters

## HALE'S DRUG STORE

We Cash Your Checks

## Children's Hearing Device Stolen

An amplifier, used as part of the equipment being developed for work with students and children who are hard of hearing, was stolen from the speech and hearing clinic. The device was taken some time between July 20th and September 14th from Room 9 in the basement of the Fine Arts Building. Dr. Bernard A. Anderson, director of the speech and hearing clinic at the University of Nevada, asked for help in getting the urgently needed equipment returned.

"We would appreciate any leads which might help recover this property, since there is a limited budget allotted for new equipment of this kind," stated Dr. Anderson.

"We would like to know of anyone who has recently acquired an amplifier of the Heathkit brand name, with all transistors, 2-channel, 75 watt components, unless it is known that he has built it himself."

## French Films Shown To Nevada Students

"Orphee" was the first of a series of French films presented by the foreign language department in co-operation with the Alliance Francaise de Reno, and the Cultural Attache of the French Embassy at San Francisco.

"Orphee" shown last night, was written and directed by Jean Cocteau, with sub-titles in English.

The next full-length feature is "Eternal Retour," which will be shown on Thursday, September 30 at 7:30 p.m. in room 101 of the Scrugham Engineering Building.

Following this will be "Sait-On Jambais," presented October 7, and "Camargue," which will be shown on October 14.

All of these films are to be shown in room 101 of the Scrugham Engineering Building, starting at 7:30 p.m. The films will be free, and open to anyone.

## AWS Women Plan First 'Penny Night'

This year for Homecoming, the Associated Women Students are going to "sell" extra minutes for the Saturday night dance.

Freshmen and Sophomore women will be able to buy an extra hour for the dance, giving them a 2 o'clock. Junior and senior women will be allowed to purchase an extra half an hour, giving them until 2:30. Extensions will not be granted on this evening.

"Penny Night" is being organized by an AWS committee, which will announce later the exact price per minute.

The proceeds from this special evening will go to the AWS scholarship fund.

## Rhodes Grants Available Here

Application blanks for the Rhodes Scholarships are now available to University of Nevada students. The stipend of a Rhodes Scholarship is approximately \$2800 per year for two years or possibly three years if the Scholar's record at Oxford and plan of study warrant such an award.

To be eligible a candidate must be a male citizen of the United States, and unmarried. He must be between the ages of eighteen and twenty-four, by the time of application, have at least junior standing at some recognized degree-granting college or university in the U.S.A., and receive official endorsement of his college or university.

The University of Nevada has had only one recipient of a Rhodes Scholarship and in some years there have been no applicants.

Further information can be obtained from Dr. Robert McQueen, chairman of the scholarship committee.

# Nevada Gymnasts Begin Practice For Second Conference Season

The University of Nevada's Gymnastic Team, under the direction of Dr. Broten, began practice sessions in preparation for its second season in conference competition.

The team will open its season with a meet against Chico State in late December. In addition the team will compete with San Francisco State, Sacramento State, San Jose State and participate in the Far Western Conference Meet, the California State College Meet, and the Western Regionals.

There are five returning lettermen including Joe Rooney, Sophomore, Reno; Roy Pike, Junior, Reno; Robert Baker, Sophomore, Sparks; Howard Herz, Sophomore; and John Plane, Sophomore, Denver Colorado. Other returning gymnasts include: Allan Landson, John Howell, Ron Blakemore, Robert Goetze, and Charles Koehler. New members of the team are Allan Terkildsen, Gus Nunez, Tim Martin, Dave Hornbeck, Keith Cobb, Gary Athanacio and John Hancock.

# From the End of the Bench

By GREGG ZIVE

The first Nevada intercollegiate victory of this year might come before tomorrow's football game. The University of Nevada's cross-country team will meet Willamette tomorrow at 11:30 in a duel meet. The runners started working out three weeks ago and are ready for their first competition.

Seven of the distance men include returning lettermen and junior college transfers.

Tomorrow's game with Willamette University will be a rough one. Willamette's team will consist mostly of experienced seniors while the Wolf Pack is a young team. That is why last week's trouncing at the hands of the tough Long Beach 49'ers is not as bad as it seems. The players deserve the support of the entire student body and all should make it a point to participate in tonight's rally and go to tomorrow's game. We have a team that is young and is developing. They are playing not only for themselves but for each one of us and as our representatives on the field we should hold back

the derogatory comments and support the team.

The basketball season seems far away right now but it gives us something good to look forward to. Two high school all-Americans will be playing for the frosh; Terry Gilmartin and Hugh Gallagher. The varsity has Larry Moore, Nap Montgomery, Bill Nicholson, Frank Bruno, Tom Andreason, Tom Smith, and Frank Forvilly returning. Hold your breath.

Coach Bill Ireland highly praised middle-linebacker Doug Carder for his outstanding defensive work in last week's game against Long Beach. Coach Ireland also commented on the good work of Bugs Walton in Tuesday's scrimmage against Hawaii at his new position of defensive tackle. Carder is a junior with one year at the University of Nevada. Out with injuries for tomorrow's game are defensive halfback Mike Slagle and offensive end Jack Schwella.

# Final Sign-up For Intramurals Today Wolf Pack Faces Willamette Tomorrow At Mackey Field

By GREGG ZIVE

The final sign up date for intramural baseball is today, in room 107B of the new gymnasium. Action will begin Monday. Unaffiliated individuals will be placed on independent teams.

A manager's meeting will be held Thursday, Sept. 30 at 4 p.m. in the intramural sports office.

Additional copies of the intramural handbook have been printed and are now available at the intramural office.

Lee Newell, director of intramural sports, said that about eleven teams will be in the baseball league this year.

Baseball and flag football are played out of season due to limited facilities. New tennis courts are being constructed, and tennis will be played on campus for the first time in several years.

Spectators are welcome to attend all events, "but are expected to conduct themselves properly," said Newell.

The University of Nevada Wolf Pack will face the Willamette University Bearcats tomorrow at 2 p.m. on Mackay Field. The Bearcats are preseason favorites to win their Northwest Conference championship.

Willamette will be led by Little All-American Bob Burles, 225-pound tackle, and All-American candidate Bruce Anderson, a three-time All-NWC defensive end.

And Willamette will have 10 of 11 of last year's offensive starters back and its entire defensive unit. Last year its defense held the University of Puget Sound to a minus 48 yards rushing.

The Wolf Pack starters on offense will be Dennis Fitzpatrick, end; Tony Betita, tackle; Mike Kasper, guard; Dale Landon, center; Terry Barcellos, guard; Ron Moore, tackle; Larry Felesina, end; Chris Ault or Dave Dyer, quarterback; Sobeck, fullback; Earl Nursement, halfback; and Jack Byrom, halfback.

The defense will consist of Jim Luttgies and Ed Hoeffler at ends, Bobby Ray Holman and Bugs Walton at tackles, Gerald Troy at defensive guard, Ron Regan, Doug Carder, and Mike Sala at linebacker, and Skip Jamison, Freddie Williams, and Nik Walters at halfbacks.

Coach Bill Ireland praised both Carder and Walton for their work in the past week. He said Carder was the outstanding defensive man last week against Long Beach State.

## Women's Drill Team

The University of Nevada drill team, The Wolfetts, is inviting all interested women to participate. Those interested may contact Sargent Hudkins at Hartman Hall or Ann Culver at 322-9336.

Tuesday night the Wolf Pack scrimmaged the University of Hawaii and Coach Ireland said the defense played exceptionally well.

Willamette beat Portland State College in a scrimmage last week by the score of 34-6. Sacramento State beat Portland State 7-6 last weekend.

Bearcat coach Ted Ogdahl said he was highly pleased with his team's progress to date. Willamette's record last season was 5-3 while Nevada's was 1-7.

Thirteen of the Bearcat's returnees gained first team or honorable mention berths on last fall's All-NWC teams. Included were halfback Walter Maze and fullback Jack Deja, Willamette's two leading ball carriers for the last three seasons. Both are seniors and are ten pounds heavier this year at 175 and 205, respectively. Deja averaged over four yards per carry and Maze five yards over the past three seasons.

Nevada has two starters out with injuries. They are halfback Mike Slagle and end Jack Schwella. Bugs Walton was switched from end to defensive tackle this week. Fullback Sobeck is a little stiff but will be ready tomorrow stated Coach Ireland.

## Health Service Offers Flu Shots

The University of Nevada's Health Service department is now offering flu shots to all regularly enrolled students. The service will be available any weekday evening after 6:00 p.m.

Students are reminded that general medical services are available on a 24 hour basis, however, doctor appointments are on a first come-first serve situation during the following hours: Monday, Tuesday, Thursday and Friday, from 1:00 - 2:00 p.m. and Wednesday at 10:00 a.m.

## New Congressional Intern Class To Allow Student Work For Senator

Juniors and seniors with a background in government will be offered the chance to intern in a U.S. Senator's office beginning January, 1966, according to Dr. Eleanore Bushnell, chairman of the political science department.

Students selected for the program will serve in Senator Howard W. Cannon's office for a period of five months. Six credits in Political Science 306, Congressional Internship, will be earned during this time.

The program offers an opportunity for the intern to combine practical experience in government with his academic work, stated Dr. Bushnell.

Applicants are not required to be political science majors. Political affiliation will not be a factor in the choice of students to intern.

Interested students may apply for the program in Room 116, Fleischmann Home Economics building.

## Debate Team To Compete At BYU

The 1964 champion of the University of Nevada debate team will participate at the Brigham Young University Debate Tournament October 29th and 30th.

Approximately 20 colleges and universities will enter the event.

## Improvement Plans For Kess' Island

Plans to enlarge and improve the island at the north end of Manzanita Lake have been announced by Blue Key President Joel Tew.

Commonly known as "Kess' Island," the island is a result of several years of Blue Key work. In the fall of 1964 Manzanita Lake was drained and dredged and the island was built after the lake was refilled with water. In the spring of 1965 the two swans of Manzanita Lake built a nest on the island, but no swans were born.

Plans are to enlarge the island with additional dirt. After this has been completed, plants will be added to improve the island's appearance.

The University of Nevada engineer's office would like to begin work in early December, but Tew would like to get started "as soon as possible."

## New Center For Water Resources

A new Center for Water Resources Research may be opened October 1.

R. Borden Reams, Assistant to the Director of the Desert Research Institute of the University of Nevada, said that the staff should be moved in by this date.

The new building is located just north of the Atmospherium-Planetarium, and will provide laboratories for the research staff as well as officer for the Administration staff.

The center is directed by Associate Director of the Desert Research Institute, Hugh Shamberger. Mr. Shamberger is widely known in the field of natural resources conservation. He directs his staff with the help of an advisory board of members from the College of Agriculture, Mackay School of Mines and the College of Engineering.

## Physics, Chemistry Class High Set

Graduate enrollment in physics and chemistry has reached an all-time high this semester.

Dr. George Barnes, chairman of the physics department, reports a 50 per cent increase over last fall. Now there are 33 students as compared to 22 last fall.

Dr. C. O. Guss, chairman of the chemistry department, reports an increase of about 28 per cent. This fall there are 18 graduate students. Last fall there were 14.

In the chemistry department the situation is becoming critical because there is only room for 20 students. The graduate program has grown rapidly.

Last spring the chemistry department graduated its first Ph. D. candidate. Edward Hussey received his degree in organic chemistry.

This fall there are 13 candidates for the Ph. D. degree and five for the master of science degree.

## WRA Plan An Open House

The Women's Recreation Association holds its annual open house September 21 at 4 p.m. in the new gym. All women students are invited to attend.

The open house is held to gain enthusiasm and interest for the coming year and to inform the prospective members of the programs of WRA.

WRA sponsors many athletic events for its members. Starting on September 21, members and non-members will be able to sign up for these various events.

Swimming sign-up will be held at 4 p.m. at the Gym on September 21 and will offer competitive competition and form swimming.

Tennis sign-up will be the same day with a tournament to be held the first of the fall semester. Contestants will be divided into two groups — intermediate and advanced.

Also scheduled for the fall semester are bowling, hockey, gymnastics, volleyball, and ski conditioning.

## Yearbook Picture Sched Announced

The following schedule has been posted for University of Nevada students to have yearbook pictures taken announced Joyce Freeman, Artemisia editor.

Sept. 20-30, Kappa Alpha Theta and Pi Beta Phi  
 October 1-10, Delta Delta Delta and Gamma Phi Beta  
 October 11-25, Women's residence halls  
 October 26-November 3, Sigma Nu and Theta Chi  
 November 4-13, Alpha Tau Omega and Phi Sigma Kappa
