## Poor Voter Turnout; 440 Cast Ballots In School Primary

Freshmen Roger Diedrichsen and Tom Myers battled to a tie Wednesday in the primary elections for the Freshman class presidency. The voting, which was the poorest in recent University of Nevada history, eliminated Mike Koizumi and Bill Waller. The results of the senior class primary election eliminated Jim Baker, leaving Hank Williams and Bennie Ferarri to compete in the Final election. 91 senior students participated in the voting.

### Poor Turnout

Less than 25 per cent of the eligible student body participated in the primary presidency elections.

2000 students were eligible to vote for the candidates, and only 440 students cast their ballots. Over eleven hundred freshmen students failed to vote while approximately 409 senior students failed to go to the polls.

A higher percentage of freshmen students voted than seniors. 20 per cent of the seniors went to the polls, while 25 per cent of the freshmen voted.

The final results of the freshman primary elections were:

Roger Diedrichsen—108  
Tom Myers—108  
Mike Koizumi—79  
Bill Waller—54  
The senior class presidential primary results were:  
Hank Williams—37  
Bennie Ferarri—34  
Jim Baker—20

The final elections will be held Wednesday October 13th in the Jot Travis Student Union building. The polls will be open the entire day and students will be encouraged to participate in the student-body elections.

## Dining Commons Plagued By Big Theft Problem

The Dining Commons has a theft problem—and it has had it from the day it opened. Knives, forks, ashtrays and cups are being "borrowed" by the students who eat there for the semester, the year, or until they can afford something nicer or newer.

One hundred ashtrays are replaced each month. Two thousand knives, forks, and spoons were replaced by the Dining Commons during the last two months of the spring semester.

Bob Kersey, Director of Auxiliary Enterprises and in charge of the Dining Commons, reminds students that they signed a contract when they signed their Dining Commons card. The contract states:

- "The undersigned agrees that:
1. This card is non-transferable. Its uses by another person will subject the undersigned to a fine of \$5.00.
  2. The undersigned may be requested to show his card and Student I. D. card for admittance to the Dining Commons at any time.
  3. No food or utensils will be removed from the building without prior permission of the Office of Auxiliary Enterprises. A \$2.00 surcharge will be assessed against residents for returning utensils found in residence hall rooms."

In connection with the last item, spot checks will be made to the residence halls, said Mr. Kersey.

## Senate Adopts Resolution For Demonstrators

By Hampton Young  
Assistant Editor

Senate action culminated Wednesday night with the adoption of a Senate Steering Committee resolution asking demonstrators to register with the Dean of Student Affairs.

The bill, presented by ASUN President Mike Ingersoll, asks demonstrators to register at least one day in advance. Ingersoll explained that administration policy prohibits demonstrations when interrupting the process of learning on campus.

Registering with the Dean's Office will bring this information to the demonstrator's attention. In addition it will provide time to arrange protection of those assembled to dissent.

Arts and Science Senator Lance Sparks said it was not Senate's place to add to the administration's policy. Senior Men's Senator-at-large Chuck Murphy moved that the words, "be asked to register," be inserted in the original resolution.

In other business a bill was defeated to place all resolutions presented to Senate into a Senate committee for study. Heavy debate killed the bill. It was felt that Senate could already table any bill for study.

Chuck Murphy was approved by Senate to sit in on Student Judicial Council meetings. Chief Justice Keith Stephens told senators Murphy was chosen by the Student Court and wanted Senate approval.

Murphy will be an intermediary between the Court and Senate. He will report Court proceedings.

Cathy Cobeaga was approved as the new Nursing Senator to replace Jackie Ziegler, who had transferred to another college.

## AWS Readies For Generals

Kay Barrett of Delta Delta Delta and Delores (Bart) Barcellos of Pi Beta Phi will oppose each other in the general elections for the Associated Women Students' Freshman Representative. Susan Nelson of Kappa Alpha Theta was eliminated in the primary elections.

The voting rundown is Barrett 77, Barcellos 60, and Nelson 47.

The Freshman Representative is to be a delegate to the International Associated Women Students' Convention to be held this year at the University of Arizona, Tempe, Arizona. She also keeps in contact with freshmen women and reports their ideas and feelings to the AWS Council.

### Student Apathy Sees All-Time High; Small Percentage Turns Out To Vote

Student apathy may have reached an all-time high at the University of Nevada.

Not only do members of the student body refuse to acquaint themselves with the candidates, they refuse to pull a lever and elect them into office.

Perhaps elections should be discontinued on the Reno campus. A committee, appointed to study office hopefuls would be better acquainted and would have a greater right to appoint student body positions than the so-called voting majority.

In the recent election for the office of Senior class President, 91 persons out of approximately 500 took the time and interest to vote.

The University Freshman class, perhaps the largest in the school's history, received 349 interested votes out of approximately 1500 students.

At the election rally Monday night, the Greek houses represented 95 per cent of the interested voters. It might be safe to assume these same individuals were the largest part of those who voted.

The so-called "GDI's" who must label themselves with Greek letters in protest of the Greeks, evidently were not enthused with this year's election.

And these same individuals will complain about the strong controlling "Greek hierarchy" on the Nevada campus.

It is indeed a privilege to vote. And if we abuse this right or take it for granted, the day may come when it is no longer an integral part of student government everywhere.

The University of Nevada will have to continue its rapid growth rate. Education doesn't stand still while the land grows around it.

Someday the Reno campus may have to rely on student support to exist. Let's hope that day never comes. If it did, we surely would flop; much like the first student election of the new school year flopped.

### Letter To The Editor

Editor, Sagebrush  
 Sir:

The other evening shortly before midnight, I came across a couple of boys in the dark of the Humanities basement. They avoided me so ostentatiously that I rushed to my office to make sure that my gold-plated watch still read 2 o'clock. It did. Then I figured out that they had been distributing those amusing sheets ASUN President Ingersoll dislikes so much.

In this paragraph, let us drop the bells, which are said to be real bells (very little ones) that are so amplified as to sound almost as good as a good phonograph recording of an electronic organ sounding like a carillon. Something like that.

Now on to the dear old fac-

ulty, which could not "authorize" something the students, poor things, would have to pay for. I mean extra-curricular, like. The bells are that. If several faculty members authorized and asked for the bells, well, they shouldn't have, that's all. Does Mr. Ingersoll perhaps mean several deans? I do not know much about deans.

Please, back to the boys and their unsigned publication. Is it really so bad not to sign it? Why? Was it cowardly? How? I don't care who wrote the sheet. Should I? Why? Nothing Mr. Ingersoll has written in his letter gives me good answers to these questions. Instead, I have the uneasy feeling that the President of ASUN is a bit lacking in humor, an unfortunate deficiency in any high executive offices. No?

George Herman

## What's New, Pussycat?

**A LITTLE SALTY:** The Tri-Delt-Sigma Nu serenade Monday night was enhanced by a flashing red light—going round-and-round on a police car. It seems that the Snakes on their way to the Tr-Delt house, paused in front of the ATO house long enough to sing a few rank songs. The ATOs chased them off with fire extinguishers, and the police chased the ATOs—at first. All was settled peacefully: When the SN's went in Tri-Delt house for coffee, the Tri-Delt house-boys (who are ATOs) substituted salt for sugar in the coffee. . . .

**A ring on her finger:** Congratulations to Tri-Delt Karen Gerwin and Danny Hanson on their engagement.

**HOW WOULD YOU LIKE TO BE** pushing your car that has just gone dead, finally get it started, hop in, and drive off talking to your friend who was pushing, too, but didn't quite make it in the car and is lying out in the middle of the street one mile back—have I lost you? Hap Scholk lost Kenny Dickens, too. . . .

**GOOD MORNING TO YOU!** The Thetas went over to awaken the SAEs last Sunday morning—how neighborly—but at 8:00 in the morning?? One SAE described his brothers as, "a bunch of half naked people milling around". Two Thetas stood at the bottom of the stairs screaming for "Rat" for 45 minutes—how's that for popularity? Meanwhile poor Rat was upstairs trying to get his hair to go flat. The highlight of the morning was the Theta-SAE football game during which Theta Sally Small made an "all time" catch, and Theta pledge Artie Felesina "really plowed her way through the line" . . .

**IN NEED OF A GOOD LAUGH?** The I.D. Pictures are "outstanding" once again this year. . . .

**EXPLAIN YOURSELF** Fun and games at the Lambda Chi-Pi Phi social as Pi Phi Bobbie Hall tried to explain why she stood up Lambda Chi Don Miller . . . Lambda Chi's

Gary Nelson and Chuck Pettycrew got "shut down" and consequently went to Shakeys to drown their sorrows—**ONE HAPPY NOTE** **THOUGH:** Pledge Lance "Lurch" Van Lydegraf got a date!!!!

**TALK ABOUT WOMEN DRIVERS!** Sundowner Gary Tincer, an obvious believer in front door service, drove his date, Tri-Delt Barbara Meeks, across the Tri-Delt lawn right up to the doorway. As he got back in the car to make a nice u-turn across the lawn ouch!—he said, "It got itself into that position, it's gonna get itself out"—it sure did. The followign evening history repeated itself—last I heard, Tri-Delts are looking for a lawn reseeder and a new date for Barbara.

**"ONE GROSS TIME":** It took four **ATO-KAT** couples who went a-camping last weekend 18 hours to get to Jonesville (it's 4 hours away). It seems that everytime they got lost they would stop at a roadside inn for directions—Calvin Reed, who was occupied with his soapy toy, didn't seem to mind though. . .

**WHERE'S YOUR SPIRT?** Cheerleader Jim Crane arrived at practice Saturday morning wearing a green toilet seat cover on his head and chomping on a —soaked pickle—for shame. The toilet seat could have at least been silver and blue . . . Hi to Sweetpea.

**SICK, SICK, SICK:** I love to do my homework, it makes me feel so good. I love to do exactly as my teachers say I should. I love all my classes—never miss a day—I even love the men in white who are taking me away . . .

**ATO BOWERY TODAY!! HEARD TELL** THAT THE NEPHYTES COULDN'T FIND "LIZARD" (BILL HOUSE) AND "DOG" (KIRK KINNE). YOUR RIDE FAILED. **NEOS!!** WHERE ARE THEY: LOCKED IN FOOT'S OFFICE? IN GENOA? CARSON? PERHAPS THEY WENT TO OGDEN?—**HARRY FACHEEM KNOWS.** . . .

**C'MON IRLS: LET'S SEE A BIG TURN-OUT FOR THE SUNDOWNER BEAVER BOWL!**

## Quorum Plus One

By MARILYN JONES

Does Time mar the wisdom of the ages? Would the Then have a place in the Now of Politics? Could be. Judge for yourself as to the relevency of such a combination in this interview of the mind.

**Me:** Did you all go to the election rally last Monday? I heard it was great, but couldn't make it. When was. . . **Edgar A. Poe:** It was night, in the lonesome October of my most immemorial year;

**Me:** I didn't know it was that great. But I'm anxious to see how it will all come out next Wednesday in the General Elections. A lot of people have their fingers crossed.

**Poor Richard:** He that lives upon hope will die fasting.

**Me:** This may be a truism, but the candidates are really working.

**Poor Richard:** Diligence is the mother of good luck.

**Me:** And Ernie Maupin is certainly doing a lot of work as Election Chairman. He's the man behind the scenes who makes the otherwise chaotic elections run smoothly.

**Robert Frost:** He never told us that. We know it though.

**Me:** Yep. Say, did you go to Senate last Wednesday? **Mike Casey, Linda Smalley, Jeff Lewis, Carl Fuetsch** and Puritan Senator Johnathan Edwards didn't attend.

**Puritan Jonathan Edwards:** I am greatly afflicted with a proud and self-righteous spirit, much more sensible than I used to be formerly.

**Me:** But aren't you ashamed of yourself for not attending?

**Puritan Jonathan Edwards:** I see that serpent rising and putting forth his head continually, every where, all around me.

**Puritan nne Bradstreet:** Their symptuous monuments, men know them not;

Their names without records are forgot;

**Me:** This is a truism.

**Shakespeare:** Thy news?

**Me:** Oh, yeah. What do you want to hear?

**Shakespeare:** As you like it.

**Me:** Alright. Dr. Miller says that a 1949 ASUN catalogue requires him to put on Shakespearean plays and he thinks that the

ASUN should supply the money.

**God:** Thou shalt not steal.

**Me:** I'll have to go along with that. And speaking of money, I sure hope the band does well in San Francisco.

**Walt Whitman:** Trust thyself: every heart vibrates to that iron string.

**Puritan Edward Taylor:** And if a string do slip by chance, they soon

Do screw it up again . . .

**Me:** Oh, they'll pull through. And, speaking of games, hope we beat Hayward this weekend. Wonder how the crowd will sound with the bitchin' new cheerleaders we have.

**Walt Whitman:** Loud! loud! loud!

**Me:** I imagine so. School spirit has been very impressive thus far. But getting back to politics, this Independent thing really has me confused. First Larry Brandeman and Jim Emerson and some other guys are all jazzed about organizing a group of dependent independents and then they pledge Theta Chi. Do you really think that independents should be independent?

**Patrick Henry:** Give me liberty or give me death.

**Me:** That's a bit drastic.

**Emily Dickenson:** How happy is the little Stone

That rambles in the Road alone,

**Me:** I'll buy that. Conflicts, frustration, regression—wonder what Tom Jones will have to say in his next optimistic issue?

**Chaucer:** Allas, why pleyemen folk so in commune

On purveiance of God, or of Fortune,  
 That yeveth hem ful ofte in many a gyse  
 Wel bettre than they kan hemself devyse?

**Me:** What?

**Joan Baez:** There but poor fortune. . . .  
**Me:** Oh. Say, here comes a Sundowner, which reminds me of the Beaver Bowl.

**Ralph W. Emerson:** Bring me wine . . .

**Me:** Forget it. We're on campus. But can any of you think of a way we can solve all our political conflicts, frustrations, regressions?

**Bob Dylan:** Yes, I think this can be easily done.

Just take it out on Highway 61.

## 'American Travelogue' Is Homecoming Theme

"American Travelogue" is the theme for this year's Homecoming float competition. Seven floats in the class 'A' division will compete for the top prize to be awarded during the 46th annual Homecoming activities.

Class A competition is open to all living groups and fraternities

and sororities on campus. Each group has chosen a particular city around which its float theme will center.

Pi Beta Phi, Lambda Chi, and Theta Chi are building a float with the city of Reno as the theme. Honolulu is the theme for the Kappa Alpha Theta - ATO

float, and the SAE-Gamma Phi, —Phi Sig float will use Cape Kennedy as its theme.

Pendleton, Oregon is the city chosen by the Sigma Nus and the Tri Deltis to represent. Virginia City will be represented by Lincoln and Artemisia Halls, and Juniper and White Pine Halls will build their float theme around Tumwater, Washington.

In addition to class A competition, there is a class B category for floats entered by campus organizations.

Living groups and organizations must submit the theme and place of float construction to Mike Jackson or Daryl Drake, co-chairman of Homecoming floats.

## Wolfettes Teach Marching

"If you can walk—we can teach you to march."

This is the motto of the Nevada Wolfettes Drill Team, and it is a promise which they intend to keep.

The Wolfettes, who will be marching during half-time at future football and basketball games, as well as traveling to out-of-town games are presently recruiting new members.

All Nevada women interested in joining are invited to attend

the Wolfette meeting today at 4:00 p.m. on the football field. If you are unable to attend, but would still like to join, you may do so by contacting either Sgt. Hudkins in the military Dept., or by calling Terrie O'Connell at 358-0741 or Ann Culver at 322-9336.

Wolfettes members presently include: Judy Lyon, Sharon Barrett, Ann Culver, Sheri Jeffries, Dinah Richard, Martha Jary, Joan Westober, Paula Williams, Donna Rippetoe, Jan Stevens, Helen Brannon, Jinnifer Jinnings, Lynn Dondero, Carolyn Dondero, Wilma Day, Stephanie Wanco, Linda Ginsburg, Terrie O'Connell, Bonnie La Brack, Suzie Bruckart, and Marlene Crickard.

"Be prepared to walk—we'll take it from there."

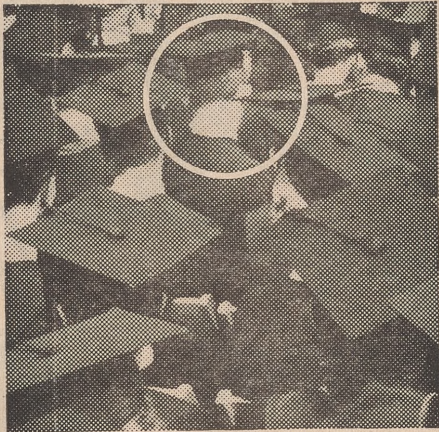

## Only 29 Women Still Off Campus

Only 29 new, out-of-state women students still live with friends and relatives in the Reno area. Originally, 47 women students who could not be housed in campus dormitories were living off-campus.

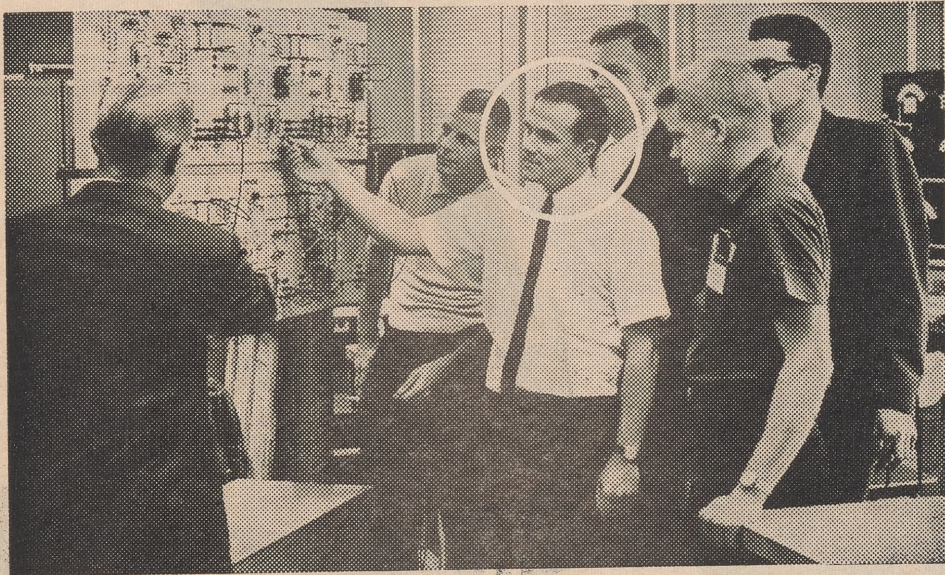

Most of the women students who really wanted to attend the University of Nevada were able to find housing stated Miss Roberta Barnes, Assistant Dean of Women.

## Graduation was only the beginning of Jim Brown's education

## Because he joined Western Electric

Jim Brown, Northwestern University, '62, came with Western Electric because he had heard about the Company's concern for the continued development of its engineers after college graduation.

Jim has his degree in industrial engineering and is continuing to learn and grow in professional stature through Western Electric's Graduate Engineering Training Program. The objectives and educational philosophy of this Program are in the best of academic traditions, designed for both experienced and new engineers.

Like other Western Electric engineers, Jim started out in this Program with a six-week course to help in the transition from the classroom to industry. Since then, Jim Brown has continued to take courses that will help him keep up with the newest engineering techniques in communications.

This training, together with formal college engineering studies, has given Jim the ability to develop his talents to the fullest extent. His present responsibilities include the solution of engineering problems in the manufacture of moly-permalloy core rings, a component used to improve the quality of voice transmission.

If you set the highest standards for yourself, enjoy a challenge, and have the qualifications we're looking for — we want to talk to you! Opportunities exist now for electrical, mechanical and industrial engineers, and for physical science, liberal arts and business majors. For more information, get your copy of the Western Electric Career Opportunities booklet from your Placement Officer. And be sure to arrange for an interview when the Bell System recruiting team visits your campus.

## Scripps Lecture To Discuss U.S. Intervention In Vietnam

United States intervention in Viet Nam will come under close observation at the second annual Scripps Lecture November 16, with Mr. Robert C. Miller, one of the top United States foreign correspondents, appearing as guest speaker.

Miller, a stimulating speaker Scripps Howard newspapers and who is known as one of the foremost authorities on the Far East, will be making his second talk on the Asiatic crisis on the University campus. His topic "The Far East" was the inaugural lecture for the first of the Scripps Lectures held last year.

The Scripps Lecture series was founded on a grant from E. J. Scripps II, vice president of the a 1952 University of Nevada journalism graduate. Its purpose is to bring to the campus each year a distinguished newsman who

will speak on the more important news subjects of the times. It is presented in cooperation with the Alfred L. Higginbotham Department of Journalism.

Miller was selected for a second appearance because of the current importance of Viet Nam to Americans and his authority on the subject. He has recently returned from South Viet Nam and will have first hand information to document his lecture.

The lecture will be held in the Jot Travis Student Union and will be open to the general public as well as to all students and staff members.

"A huge gap appeared in the side of the mountains. At last a tiny mouse poked its little head out of the gap . . . Much outcry, little outcome.

## Latest Scientific Equipment Is A Nuclear Accelerator

A \$16,000 nuclear accelerator is among the latest pieces of scientific equipment on the University of Nevada campus. The atomic age machine will be used for research in radio-activity.

Dr. David F. Dickinson, chairman of the nuclear engineering department, is in charge of the equipment.

Dr. Dickinson says the accelerator generates neutrons, and sub-atomic particles. The particles are accelerated to almost the speed of light. They then hit other matter, resulting in reaction known as radioactivity.

Radioactivity, the principle of the atomic bomb, is best known for its applications in national defense.

Radioactivity has many more peace-time uses. It is used in industry to detect leaks in fuel lines and flaws in steel and is also used by biologists to trace metabolism in plants. Medicine uses it to kill certain kinds of cancer.

### Accelerator Shape

According to Dr. Dickinson, the accelerator consists primarily of a tube 18 inches long and three inches in diameter.

Hydrogen atoms are introduced into the tube as a gas where they attain a very high speed by pass-

ing over a series of 20 electrodes, each carrying 7500 volts of electrical current. When they reach the end of the tube, they have been subjected to 150,000 volts.

He says these high-speed particles then enter a drift tube from two to five feet long. The particles are directed to a target at the end of the drift tube.

The target is made of titanium impregnated with tritium. Tritium is an isotopic form of hydrogen.

### Impact Great

The particles hit the target and knock off tritium particles. The impact is so great that the particles stick together. This is called nuclear fusion resulting in a new atomic structure.

When this reaction occurs, helium and free neutrons are released. The free neutrons may then be subjected to further experimentation. Traveling at high speeds the neutrons hit other materials causing similar reactions. These resulting reactions are what man can harness to help him or to kill his foe.

Dr. Dickinson assures there is no danger of an "uncontrolled" reaction occurring. Precaution must be taken, however, to avoid the 150,000-volt circuits.

## Sigma Xi Holds First Lecture

Sigma Xi, the national honorary scientific society, will hold its first regular lecture on the University of Nevada campus Tuesday, Oct. 12. It will be held in room 207 of Mackay Science Hall at 7:30 p.m.

Dr. Kenneth Sevier from the physics institute of the University of Upsala, New Jersey, will speak on "A new method of low-energy detection in beta-ray spectroscopy."

Dr. Sevier studies at the University of California at Berkeley and then went to Sweden where he did research in nuclear spectroscopy. He has an appointment to the Desert Research Institute as a consulting physicist. He is assisting with current radio-chemical studies of cloud-seeding. He is also assisting Dr. Frits Went in measuring the effects of haze on sky temperatures by the use of infra-red radiation.

The lecture is open to the public.

## Patho-Physiology Adds Two Men

Two new medical doctors are to be added to the staff of the laboratory of Environmental Patho-physiology. These men, to be named soon, will work with Dr. George T. Smith.

Dr. Smith is working on a self contained "pace-maker". The device may be left in a patient's body and produce a synchronous beat to a heart with an uncoordinated beat.

Dr. Frits W. Went is working on the effect of particles in the desert air to the heart beat. The two doctors have been helped with their research by the Laboratory of Atmospheric Research.

## University Campus To Be Shown In Washington, D.C.

Visitors to Washington, D. C. in 1968 will be able to visit the University of Nevada campus.

A park, located on one hundred acres of land, will have a four acre miniature replica of the United States in which the state of Nevada will be represented.

The university campus will be shown in model form and information will be available about its curriculum, history, entrance requirements, and many other facts that would interest future students and their parents.

Morrill Hall, oldest building on campus, the atmospherium-planetarium; the status of John W. Mackay, university benefactor; and the Noble Getchell library are tentatively scheduled to be shown.

2000 facets of American nat-

ural, cultural, industrial, and social resources will be shown in the replica.

Mr. C. William Neuhauser, president of America-in-Miniature Corporation, describes the park as a "visual encyclopedia, embracing the multiform character of America."

The new, privately financed park will be completed at a cost of \$20,000,000, and will be constructed on a site near Gaithersburg in Montgomery County, Maryland — just twelve miles from the District of Columbia.

## Look Out Eligibles, Draft Boards Are On The Pry

Dean of Men James Hathhorn has recently received several inquiries from local draft boards concerning University of Nevada students' standing.

Hathhorn stated that because of the Viet Nam military build-up, local draft boards are experiencing difficulty in meeting quotas. He further added that he has detected a very sharp increase in interest this semester from local draft boards pertaining to student enrollment and the amount of hours carried.

Local draft boards classify students who are subject to the draft as 2-S. Several students are unaware of whether or not they fall into this qualification. Furthermore, many students who are classified as 2-S may soon find themselves eligible for the draft.

Dean Hathhorn pointed to two specific requirements a student must meet if he is seeking a 2-S deferment.

First, a student must be matriculated. Hathhorn explained this to mean he must be carrying a minimum of 12 credit hours. He can not be on academic probation nor on social probation.

Second, a student must show that he is making normal progress towards obtaining a degree. The majority of his courses must be in his field of concentration or relate to his requirements for graduation.

At the beginning of each semester, Dean Hathhorn reports to a student's local draft board. He indicates on his number three card at registration as to whether

he meets these qualifications for deferment.

Any questions a student may have concerning his status under the Selective Service Act or his classification should be directed to Dean of Men's office in the Clark Administration Building, room 102.

## Who's Who Nominations Will Be Accepted By Dean Of Men

Nominations for "Who's Who Among Students in American Universities and Colleges" for the school year 1965-66 will be accepted by the Office of the Dean of Men.

Application forms are available in the Dean of Men's Office in Clark Administration Building. Forms must be completed and handed in by 4 p.m. October 22.

Candidates should be of regular Senior standing, although a few Juniors may qualify, with a 2.47 grade point average.

Aspirants must have a record which denotes quality of leadership, integrity of character and promise of effective, constructive leadership in post-college life.

Information regarding total number of credits registered, passed and total grade points may be secured from the Office of the Registrar.

Individuals selected for "Who's Who" in the past cannot be considered.

Last year's "Who's Whoers" were: Keith Lee, Kent Folgate, Jinks Dabney, Camille Richards, Steve Gomes, Art Kess, Judy Mor-

ison, Ted Zaehring, Lyle Rivera, Paul Weir, Bill Chaffin, Anne Louise Cantlon, Charles Burr, Jean Pagni, Dave Cooper, Ray Avansino, Annette Domina, Andrea DeSantis, Ruth Friedhoff, Mary Ede, John Duty, Danette Ferrier, Mike Griffin, Sharon Jensen, Patricia Lewis, Barbara Heath, Judy Gibbons, Jan Packwood, Dan Miles, Susan Rhoades, Judy Wilson, Judy Schmidt, and Penny White.

## University Profs To History Meet

Three professors from the History Department will travel to Helena, Montana, next weekend for the annual meeting of the Western History Association. Drs. Russell R. Elliott, Jack D. Forbes and Wilbur S. Shepperson will attend the meeting of historians on October 13, 14 and 15.

Drs. Forbes and Shepperson will present papers before the association comprised of approximately 500 members from every state in the Union.

## Biology Club Has First Meeting

Delta Nu Alpha, better known on campus as the biology club, held its first meeting of the semester last week during which the 18 members present decided to show movies dealing with the life sciences each week.

Movies will be shown each week on announced days at no charge in room 340 of the Life Science building at noon. In addition to the movies, the biology club is once again selling specimen jars and dissecting kits. Money raised from the project is used to sponsor activities during the school year and a party for club members at the end of the semester.

Officers of Delta Nu Alpha are David Savage, president; James Curren, vice president; and Mary Ann Shaw, treasurer.

## Students Invited

Mr. Jack Selbig, foreign student advisor, invites all foreign students to visit him in his office (room 108 Clark Administration) to get acquainted.

He especially invites any foreign student who did not get a personal invitation.

## IFC Plans United Fund

The Inter-Fraternity Council held its regular bi-monthly meeting Wednesday night to vote on two previously proposed amendments, and to make plans for assisting in the United Fund drive.

The IFC accepted a request from United Fund Board members at their last meeting to assist in the six weeks drive and Wednesday outlined plans for the project.

John Utt, IFC United Fund chairman, propose that all fraternities meet Saturday October 23 at 1 p.m. at the student union to receive instruction to work.

The fraternities job will be to solicit funds from business firms in the Reno area.

The IFC also passed two amendments to the constitution dealing with pledging and initiation requirements.

The first amendment was Article I Section 1A. The new amendment stated as that all students must be matriculated in order to pledge any fraternity.

The second amendment passed was Article 5 Section 2 of the by-laws which stated that students must carry at least 9 units and English 'A' and receive an average of 2.2 or carry 12 units with

a 2.2 or have completed 29 units with a 2.2 in order to be initiated into any fraternity.

A further amendment to Article 1, Section 2 of the constitution was proposed and saying students must be matriculated or carry a minimum of 12 units to qualify for pledging any fraternity.

The IFC will vote on this new amendment at their next regular meeting.

## Sutton To Attend Engineering Meet

Dr. George E. Sutton, chairman of the mechanical engineering department at the University of Nevada, will attend the Technical Education Clinic in Chicago next week.

During the three-day program, educators from around the country will discuss various problems in the technical sciences with representatives of the U.S. Office of Education.

Financial assistance is available to schools "where definite problems" exist with the facilities.

Dr. Sutton hopes to obtain aid to improve the University's drafting program.

## Meteorologists To Hold Conference

The American Meteorological Society will hold its national meeting October 18-22 to be hosted by the Desert Research Institute on the University campus at the Atmospherium-Planetarium.

More than 100 scientific papers will be presented by men from all over the world. The last day of the conference will be held at the Reno airport.

At least a dozen specially equipped airplanes will fly-in for the inspection of the visiting scientists. These planes are all used in the United States for meteorological research. The fly-in is a new feature of the Society's meetings. More than 300 men have already stated that they will attend.

## Christian Science To Start Here

A group of students belong to the Christian Science faith who are attempting to start an organization on the Nevada campus. Any student wishing to join such a group is invited to a meeting to be held in room 204 of Ross Hall, Wednesday at 4:30 p.m.

The purpose of the meeting is to formulate plans to have the group become a recognized campus organization.

## SUNDOWNER SOCIAL

A Sundowner Turkey Shoot will be held today at 2:30 p.m. at Horseman's Park, announced Sundowner President Mike Kasper.

All University students are invited to attend this activity.

# Kick the dull driving habit. Step out in a lively Dodge Coronet.

Isn't it time you joined the Dodge Rebellion?

Forget all you've seen and heard about '66 cars. Because Coronet is here . . . sharp, smart and sassy, the greatest thing from Dodge since Year One. Loaded with luxury the higher-priced cars haven't caught onto yet. With a choice of five engines, each one designed to make the walls of Dullsville come tumbling down. And with a whole slew of standard equipment that used to cost extra. Like an outside rear view mirror. A padded

dash for extra safety. Variable-speed electric windshield wipers and washers. Backup lights. Turn signals. Seat belts, two front and two rear. And, as some extra frosting on the Coronet cake, a 5-year or 50,000-mile warranty.\*

Enough said to get you really tempted? Now let's get away from the look-alike, drive-alike, first-cousin cars with Coronet, a car with a lively personality all its own.

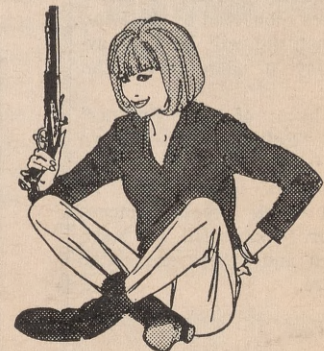

DODGE DIVISION

'66 Dodge Coronet

**\*HERE'S HOW DODGE'S 5-YEAR, 50,000-MILE ENGINE AND DRIVE TRAIN WARRANTY PROTECTS YOU:** Chrysler Corporation confidently warrants all of the following vital parts of its 1966 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excepting manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings.

**REQUIRED MAINTENANCE:** The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 6 months and replace it every 2 years; and every 6 months furnish evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.

Join the Dodge Rebellion at your Dodge Dealer's.

## Poor Attendance At 'Lettermen' Brings Financial Loss

Faced with the memory of last year's financial failures, the Student Union Board again lost money on special events program, the "Lettermen" who appeared on concert Tuesday night.

Only 500 students attended the opening production sponsored by the Union Board. The seating capacity of the gym is about 3,200. The Board lost approximately \$400, according to Tony Oxborrow, Union Board President, who attributed the lost money to the costs of the gym rental, publicity, and programs and invitations. "We can break even, but the possibility of making any money is slim when attendance is so poor," Oxborrow said.

"I have not talked to anyone who attended the concert and did not thoroughly enjoy themselves. Such poor support of Union Board programs is not understandable in view of the caliber of entertainment which the Union has contracted in the past," Oxborrow stated.

Oxborrow said that he has budgeted for losses of up to \$2,500 for the semester. He added that this year the Board has instigated a new financial program for special events by which money for such programs must be available before the Union can contract entertainers.

Oxborrow also said that the attendance at the WE Five concert scheduled for Homecoming weekend will determine if the Union will undertake any more special events programs for the remainder of the year.

## Oct. 20 Latest For Fulbright-Hays

October 20th has been set as the deadline for applications for 1966-67 Fulbright-Hays grants, says Dr. Robert McQueen, campus Fulbright adviser.

The Fulbright-Hays program, providing grants for graduate study or research in foreign countries, is intended to "increase mutual understanding between the people of the United States and other countries," Dr. McQueen stated.

Applicants must be U.S. citizens, skilled in a foreign language, who will hold a bachelor's degree or equivalent by the beginning date of the grant. Application forms and additional information on the program may be obtained from Dr. McQueen in Room 205, Morrill Hall.

## Richards Speaks At LDS Forum Today

G. William Richards, director of the American Cancer Society in Nevada, will speak at the "Friday Forum" of the Reno L.D.S. Institute of Religion, 95 West 11th St., at noon today.

The "Friday Forum," a series of lectures sponsored by the Reno L.D.S. Institute will be held every Friday at noon during the semester.

The theme of the "Forums" will be "Religion and Modern Living."

A different speaker will be featured each week. Vincent Keele, Dr. Spencer Hil, Dr. Marilyn Horn and others are slated to lecture.

The "Lettermen" Appeared On The Reno Campus Tuesday

## Forensics Squad Should Perform Well

"It's a good squad. If we do as well as we did last year, we'll be happy," stated Larry L. Hines, debate team coach.

The University of Nevada Debate Team has released its tentative fall schedule. The 1965 squad consists of 22 debate teams. Five of the teams are traveling squads made up of experienced debaters.

Several of the teams have worked on their own time this summer practicing for the coming season.

Tentative University of Nevada debate schedule:

N.C.F.A. Fall Invitational Tournament, Oct. 28-31 at Humboldt State College, Arcata, Calif.

Loyola Invitational Tournament, Nov. 4-7 at Loyola University, Los Angeles, Calif.

University of Oregon Tournament, Nov. 11-14 at University of Oregon, Eugene Oregon

University of the Pacific Invitational, Nov. 12-14 at U.O.P., Stockton, Calif.

Western Speech Association

Tournament, Nov. 22-29 at University of New Mexico, Albuquerque, N. M.

Golden West Invitational Tournament, Jan. 2-6 at University of Redlands, Redlands, Calif.

University of Southern California Invitational, Jan. 27-30 at U.S.C., Los Angeles, Calif.

No pleasure is comparable to the standing upon the vantage-ground of truth.

Francis Bacon

## Spy Trend To Last 10 Years Says Professor

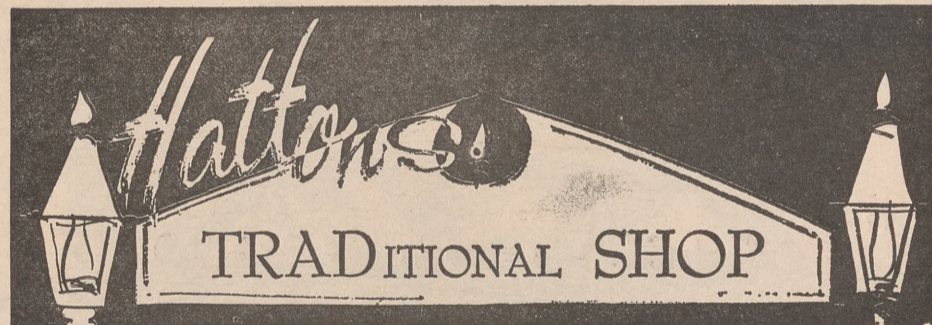

"The trend in movies and on television toward spy thrillers will last only a few more years," said graduate physics student Alden McLellan. Mr. McLellan is a member of the American Federation of Film Societies, and a prize winning author of an article on "The Relationship of Cinema to Physics."

He was elected to the Graduate Academy at the University of California, at Berkeley. His article was reprinted in that campus' literary magazine "Motley."

Mr. McLellan said, "Movies run in vogue with certain periods. The James Bond type adventure is in vogue now, as gangster movies were in the 1930's. Cowboy movies are the one type that has never gone out of fashion. The 007 series on television will play the idea to all limits and force Hollywood to find a new field."

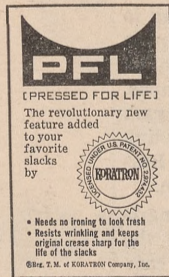

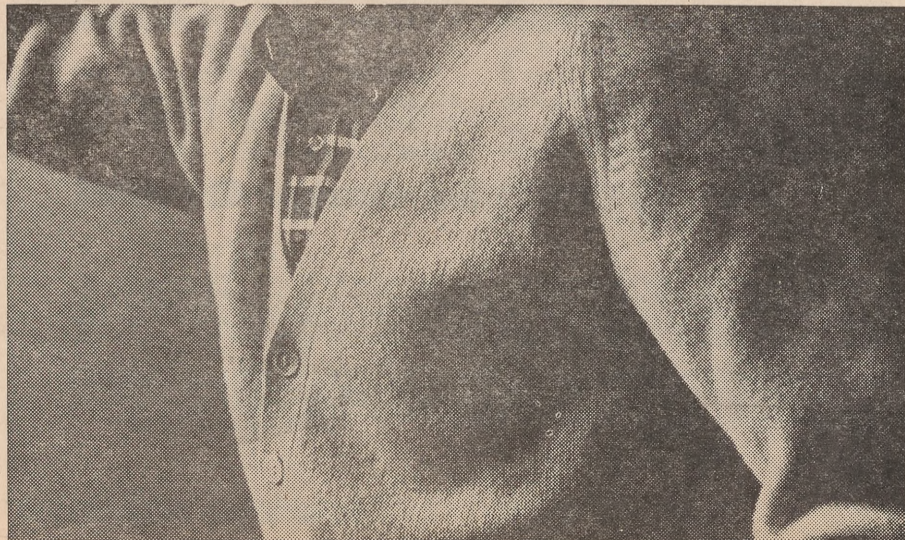

"In a way these spy adventures are much like cowboy movies. They both show a basic conflict between violence and morals . . . But, the secret agent stories will probably last only about 10 years," said Mr. McLellan.

## Queen Candidates To Be Elected In New Process

A new policy for the election of campus queens has been established by the Associated Women Students' Council. Under the chairmanship of Diane Harwood, the elections of queens will now be held like regular campus elections.

Voting polls will be set up in strategic locations on camps. Only

regularly matriculated male students will be able to vote, and eligibility will be checked by identification sheets. The location of the voting polls and the times of voting will be announced at a later date.

The Homecoming queen candidates who will be the first to run under this new procedure

are: Pam Andrews, Delta Delta Delta; Linda Gessner, Gamma Phi Beta; Lana Strosnider, Kappa Alpha Theta; Jackie Ziegler, Pt Beta Phi; Sally Worcester, Juniper Hall; Ann Willis, Manzanita Hall; and Debbie Graham, Artemisia Hall.

The queen candidates will again be entertained at fraternity houses for lunch and dinner. Jinny Gilbert, Homecoming Queens Chairman, is in charge of scheduling the meal times.

Miss Gilbert is also in charge of escorts, flowers, the crown, and other technical arrangements.

The purpose of the new procedure in voting is to allow the queen elections to run more smoothly than in the past, stated Robin Schoff.

## Foreign Affairs Scholars Program Is Now Available

Mr. William L. Rasmussen, Head of Financial Affairs, has announced a Foreign Affairs Scholars Program administered by Howard University in cooperation with the Department of State, Agency of International Development, and United States Information Agency. The program is intended to select and help juniors (of Negro or other minority groups) interested in the Foreign Service as a career.

Forty juniors will be selected

during the 1965-66 academic year and will be offered paid internships in the State Department, AID, and USIA during the summer of 1966. They will receive supplementary educational assistance during their senior year, and 25 of the 40 will be chosen to receive fellowships, up to \$4,000 from graduate study in Foreign Affairs.

Applications may be obtained in room 104 of Clark Administration and should be received at Howard University by December 15, 1965.

## Major General Easterbrook Visits

Major General E. F. Easterbrook, Deputy Commanding General, Sixth United States Army, arrived in Reno Monday to inspect Army facilities at the University, Reno High School, and Carson City.

During his visit he conferred

with Chancellor Edd Miller and other University of Nevada officials.

He also conferred with Army officials Major General May, Adjutant General of Nevada, and with Lieutenant Colonel Lyon, Acting Senior Army Advisor to the Nevada National Guard.

## Essay Contest Is India Sponsored

The government of India is sponsoring an essay contest to stimulate the interest of American youth in modern India. The topic of the contest is "Nehru As A World Citizen". First prize is a free one-week trip to India on a Boeing 707 jet of Air India.

Any student between the ages of 18 and 24 may enter the contest. The essay should be between 2,000-2,500 words in English, double-spaced on one side of the paper. Each entry must include the student's name, nationality, date of birth, university, and major.

The board of judges will judge mainly on clarity, originality, and effectiveness. All entries may be sent to the Education Department, Embassy of India, 2107 Massachusetts Avenue, N. W. Washington D.C. For additional information contact Mr. Selbig in Clark Administration.

## UNCOC Plans For The Military Ball

The University of Nevada Cadet Officers Club has begun plans for the 37th annual "Magnificent Military Ball."

Dance chairman Ted Zaehring stated the dance would be held this year at the Centennial Coliseum.

Committee chairmen include Jim Randles, decorations; Larry Stiff, admissions; Jim Baker, publicity; and Jon Benson, entertainment.

## Nursing Dean Elmore Puts On The Miles For Project

Within a week's time Dean Marjorie J. Elmore of the Orvis School of Nursing will have traveled thousands of miles to participate in two federal projects.

On Oct. 7 Dean Elmore will fly to Washington for a two-day meeting of the Projects Panel, Nurse Training Act 1964. As one of the nine members of the panel, Dean Elmore will review projects submitted by Schools of Nursing throughout the United States. Those programs recommended by the panel are then presented to the Surgeon General. Programs approved are supported by federal funds. The Projects Panel is under the Development of Health, Education, and Welfare.

Dean Elmore will then fly to San Antonio, Oct. 10, for a three day meeting of the Defense Advisory Committee on Women in the Services (DACOWITS).

Secretary of Defense McNamara appointed Dean Elmore as the representative of Nevada for a 3-year term.

Fifty women from the various states will meet as an advisory committee at Brooke Army Medi-

cal Center in San Antonio Texas. The women are from different walks of life such as journalism, television and nursing.

The 'DACOWITS' purpose is to discuss and advise on the policies government women in the armed forces. Recommendations are given to the Secretary of Defense McNamara.

## Marshall Deadline On October 22

Applications for the 1966-68 Marshall Scholarships close on October 22, 1965.

Twenty-four scholarships are offered annually by the British Government to enable American college graduates to study in British universities.

The awards, which are tenable at any university in the United Kingdom for a period of at least two years, are open to students of either sex who are under 26 years of age on October 1, 1966. Married students are eligible. In exceptional circumstances, applications can be received from students up to the age of 28.

The student must be a graduate of an accredited college or university in the United States.

For more information, call Dr. Robert McQueen at the University of Nevada.

## UNUSUAL OPPORTUNITY

West Coast Corporation recently reorganized that can withstand rigid financial examination is offering on a no-franchise fee basis exclusive distributorships. This is a product in demand by every home owner and every business and is currently being used by such national organizations as Sears Roebuck and Co., Holiday Inn Motels and various branches of our armed forces. Product 100% guaranteed; investment from \$600 to \$14,000. Investment guaranteed with 100% markup. Manufacturer has proven method of distribution, advertising and merchandising. A factory representative will assist you in setting up your business.

# Wolf Pack Opens Conference Play With Cal State

The University of Nevada Wolf Pack will open their fight for the Far Western Conference football championship by hosting the California State Pioneers tomorrow at 2 p.m. at Mackay Stadium.

The Wolf Pack will face the Pioneers after having dropped their last two ball games by three points each. Nevada has a 0-3 record with losses to Long Beach State, Willamette, and Santa Barbara.

The Pioneers have a 1-2 record. They beat Pomona College in their first game of the season, 7-0, but since then they have been defeated by FWC foes San Francisco State, 37-0 and Chico State, 38-6.

The Pack squad has played well in their last two outings. Quarterback Chris Ault had 5 completions in 15 attempts for 96 yards and two touchdowns

last week. The sophomore was backed by senior Dave Dyer who directed the team for several sustained drives.

The leading rusher for Nevada will be fullback Joe Sobek. Sobek is averaging near four yards a carry for the Wolf Pack.

This is only the second year California State has had varsity football competition. Their record last year was 3-5. Pioneer coach Darryl Rogers is depending on sophomore quarterback Mike Nelson to bolster his offense.

Last weekend against Chico State, the Pioneers had men in the clear on several long pass attempts but failed to get the ball to the receivers.

The California State line averages 201 pounds and Nelson has a big wall to protect him while he tries to hit his receivers. However, the Pioneers have had trou-

ble scoring this year and their defense has been leaky. They have scored 19 points while allowing 75 to be scored against them in three games.

## White Pine, SAE And ATO Capture Baseball Openers

Sigma Alpha Epsilon, White Pine Hall and Alpha Tau Omega won their opening games of the intramural baseball season last week.

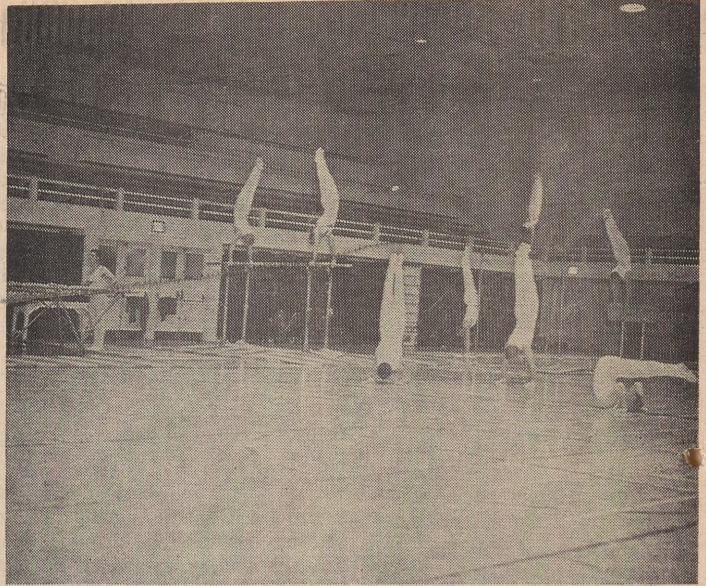

Sigma Alpha Epsilon defeated Phi Sigma Kappa 11-0 in the first game of the season.

White Pine Hall won 9-7, over Lambda Chi Alpha.

In a close game, Alpha Tau Omega edged Lincoln Hall, 7-6. Lincoln Hall scored all of its runs in the top of the sixth inning.

This week's schedule includes: Sigma Nu vs Theta Chi, Sigma Alpha Epsilon vs Alpha Tau Omega and Sigma Nu vs Lambda Chi Alpha.

White Pine Hall is leading the American League, with Alpha Tau Omega and Sigma Alpha Epsilon tied for first place in the National League.

THE UNIVERSITY OF NEVADA'S gymnastics team is hard at work in preparation for the opening of its second season of conference competition in late December.

## From the End of the Bench

By MIKE SMITHWICK

Tomorrow's game should be the easiest on the schedule for the Wolf Pack. The California State Pioneers have only scored 19 points this season while their opponents have scored 75 in three games. Last week Nevada played a fine game. The offense led by Dave Dyer, Chris Ault, and Joe Sobek clicked for the first time this season and showed what it can do. Until last week Santa Barbara had been unscored upon. The defense did its usual outstanding job led by Doug Carder, Bugs Walton, Jim Luttgies, and Mike Sala. Santa Barbara came to town averaging 33.5 points per game but was held to 21 by the tough Nevada defense. So with the vast improvement showed by the Wolf Pack and with the Pioneers record, the scoreboard should show the first victory of the year for Nevada following the final gun.

The Freshman football team will open its season today in Chico against the Chico State Cubs. Last season Nevada had the best freshman squad it has had in years and this year's edition looks as good, if not better. Usually the freshmen teams play with hardly any spectators but this afternoon let's have a good turnout. Especially you freshmen.

Coach Dick Dankworth is planning on a strong track squad this year. Nevada will meet the University of California at Berkeley and the University of Oregon in dual meets next spring. The track team will have most of last year's lettermen back and many new junior college transfers. Back will be Otis Burrell, Larry Moore, Jim Humphrey, Don McCarthy, Houston Williamson, Dick McCoy, Tex Mock, and many others. Transfers include weightmen, middle distance runners, sprinters, and hurdlers. Nevada will be meeting top-rate competition and will give these big schools good competition in return.

## Taus Take Lead In Intramural Baseball Activity

SAE JIM KENZLI swings and misses in intramural action yesterday against ATO. The Taus won 3-0 behind the two-hit pitching of Gary Wood.

## ASUN President's Cabinet Meets To Deliberate Over-All Policy

The ASUN President's Cabinet met Tuesday to deliberate over-all ASUN policy for the forthcoming year, and to become acquainted with Chancellor N. Edd Miller and his policies, according to ASUN President Mike Ingersoll.

Purpose of the cabinet, according to Ingersoll, is to provide a communication link between student groups and the administration. The cabinet will discuss and deliberate problems pertaining to each.

Recommended over-all policy includes:

1. High School recruitment program with a trip to Northern Nevada. Also included is a tentative Las Vegas trip and establishment of a joint program with Nevada Southern.
2. Closer working with Nevada Southern through the high school recruitment program. Possibly a yearly Reno-Las Vegas meeting would be instituted.
3. Closer working with the Board of Regents.
4. A possibility of building the University's public relations. This

would be done through the high school recruitment and possibly communication with the Nevada legislature on a 12 month basis.

5. Possible appointment of student representatives to more committees affecting students such as the academic affairs committee.

6. Possible institution of a one or two day program consisting of students, faculty, administration and engineering department members. The proposed seminar would be in connection with university growth and expansion. It would possibly give students a small voice in the University master program.

The seminar would, according to Ingersoll, be basically for communications purposes.

Ingersoll said regular monthly meetings of the cabinet would follow.

Members of the group include: Sig Rogich, Michon and Michele Maupin, Bob Basta, Chuck Murphy, Sherry Locke, Keith Stephans, Robin Schoff, Bill Chaffin, Tammy Conklin, Tony Oxborrow, Nick Moschetti and Art Bonnell.

## Homecoming To Be 'Biggest'

"This year's Homecoming will be the biggest one in recent years," said Information Chairman Mike Smithwick. "This will be because of the reinstatement of the Wolves Frolic and the largest class reunion in many years."

Five classes are scheduled to hold their reunions at this year's Homecoming. The classes of '60, '55, '50, '45, and '40 will begin their reunions with a No-Host Cocktail Party at the Sparks Nugget Convention Center Friday, October 29.

Saturday night the Annual Alumni Dance will be held at the Elks Club is also expected to be one of the biggest in years.

The alumni are not the only ones who will be busy during Homecoming this year. The Homecoming committee has scheduled a full calendar for University students too, Smithwick said.

Activities start Thursday night

October 28, with the Wolves Frolic and the crowning of the Homecoming Queen, and end with the Annual Homecoming Dance at the Centennial Coliseum. The other events planned are: On October 29, entertainment at the Coliseum with the "We Five," folksingers on a nationwide collegiate tour; the cross-country race; Homecoming parade, the football game, and a fraternity open-house for the Alumni on Saturday, October 30.

"Everything is running smoothly and on time," said Homecoming Chairman Dave Russell.

### WP Hayride Today

White Pine Hall will hold a hayride and barbecue starting at 8 p. m. today. Although the hayride itself is limited to 35 residents of the hall and their dates, all residents are invited to the barbecue, stated Gary Richert, dorm social chairman.

Wagons will load in the parking lot behind the gym and there will be a dance and informal get-together afterwards Richert added.

## Apply Now For Mobile Festival

America's outstanding collegiate jazz musicians will compete in the First Annual Mobile Jazz Festival on April 2 and 3 in Mobile, Alabama.

The Festival will be hosted by Spring Hill College and the finals will be broadcast nationwide and overseas via ABC Radio.

Winners of each of the four categories—Vocalists, Instrumentalists, Combos and Bands will appear on national television shows.

A panel of outstanding jazz experts will judge the Festival, which established a National Advisory Board to obtain professional guidance. This Board consists of Al Hirt, Pete Fountain, Peter Nero, Henry Mancini, Ward Swingle, Cal Tjader, Dave Brubeck, Skitch Henderson and Jerry Gray.

Applications are now being accepted by the Festival from students who wish to compete. Interested students should contact the Mobile Jazz Festival, P. O. Box 1098, Mobile, Alabama.

## Film Was Shown At SNCC Meeting

The film "A Dream Deferred" was shown at the Thursday meeting of the Friends of SNCC October 7 in the Jot Travis Lounge.

The Friends of SNCC, Student Non-Violent Co-ordinating Committee, raises money for civil rights work SNCC does in the South. The film was sponsored by the National SNCC organization and consisted of interviews with workers and people who live in the South.

Speaking after the film were three University students who worked in troubled areas of the United States last summer. The first, Henry Prak, was a CORP worker in Bogalusa, Louisiana. The second speaker was Garland Strother, who was sent by the University of Nevada SNCC to Mississippi.

The last speaker was Evette Hash, who worked for the YWCA in Harlem, New York. Miss Hash is connected with the Regional YWCA office here.

After the last speaker the meeting was open to the audience for a question and answer period.

## University Marching Band To Perform At Halftime

Charles Bickhart, junior transfer student from Las Vegas, is student director of the University of Nevada Marching Band.

Bickhart is assisting Dr. John Carrico, director of bands, in composing the marching shows and in writing the musical arrangements. He is also assistant field conductor of the marching band.

After graduating from Las Vegas high school in 1958, Bickhart attended Arizona State University for two years. During the last four years he was a member of the Luke Air Force Base Band. This last summer Bickhart was a staff member at the University of Nevada's Lake Tahoe Music Camp.

Bickhart is the son of Mr. and Mrs. Cecil Bickhart of 407 Mallard St., Las Vegas. His father is a music supervisor and consultant for Clark County schools.

The University of Nevada Marching Band will appear over CBS-TV on Sunday, Oct. 24 during half-time of the San Francisco 49er - Minnesota football game.

Other members of the marching band from Clark County are

Barbara Winningham, Sue Kodras, Joanna Stearns, Anne Lanning, Paul Kardos, Ken Sterns, Kent Reid, Alan Metzger, Linda Liston, Franklin German and Ann Prigoda

## Library Conclave To Be In Tonopah

The Nevada Library Association convention will be held in Tonopah, Oct. 22-24 under the chairmanship of Portia Griswold, University of Nevada serials librarian.

Gov. Grant Sawyer will give the banquet address and introduce the state's first Nevada council on libraries, established this year by the legislature.

Workshops, panels, and business meetings along with library education, recruitment and in-service training are the topics of formal and informal sessions to be conducted by the specialists.

Anyone interested in attending the convention can contact Mrs. Jane Howard, Washoe County Library, for more information.

## Assistant DRI Director Was U.S. Ambassador

After serving thirty-four years as a career diplomat, R. Borden Reams has settled in Reno and is Assistant to the Director of The Desert Research Institute. Mr. Reams was the United States Ambassador to four West African countries, the Ivory Coast, Upper Volta, Niger and Dahomey.

Mr. Reams has also served in diplomatic posts in France, Switzerland, Yugoslavia, Denmark, Syria and India. At the DRI on the campus of the University of Nevada he is to handle special projects for the Director.

His reason for retiring from foreign service is a family situation. He said, "I have three teenage children and it is time they go to school in the United States to learn about their country. . . This is one drawback to foreign service, which is not so hard on a husband or wife, but is on the children."

"A career in foreign service, however, is a fine choice for young people today."

Mr. Reams believes that the benefits far outweigh the disadvantages of being a diplomat. He said, "While you will never get rich, you are never very poor. . . The real benefits of travel and living abroad are emphasized with the feeling of service to your country."

## Transfer Bickhart To Direct New Wolf Pack Marching Band

The University of Nevada's marching band will perform during halftime in tomorrow's home game. As in the last two games, the band will feature entertainment of an unusual nature.

This Saturday the band will be joined by high school bands from California and Nevada. The theme of the combined bands will be the "Sound of Music".

"Do Re Mi", "Climb Every Mountain", and "Sound of Music" will be the musical numbers performed in a special arrangement by Charles Bickhart, student director of the University's marching band.

Last Saturday's game featured the band in a tribute to Mexico, with different musical arrangements from that land.

A salute to the student body is the theme of the pre-game program by the band. The "Alma Mater", the "National Anthem", and the "Fight Song" will be played while the R.O.T.C. color guard performs.

## AWS Candidates To List Expenses

Candidates for the Freshman Representative and the Off-Campus Representative to the Associated Women Students' Council are to turn in a list of their campaign expenses to the AWS Office before Wednesday, October 13, announced AWS President Robin Schoff.

The high school bands performing will include the following: Humboldt County, under the direction of J. R. Christensen; Carlin, under the direction of Wayne Skeen; Douglas County, under the direction of Graydon Burton; Eldorado, under the direction of Lile Cruse; and Los Pamos, under the direction of L. W. Gross.

## Wildlife Society Forms On Campus

Students and faculty are invited to attend an open organizational meeting on October 14 at 8 p.m. in room 340 of the Fleischmann Agriculture building to form a local chapter of the Wildlife Society.

David Savage, president of the campus biology club, stated that persons who are already members of the Society or who wish to join will be able to help organize the new chapter. A constitution will be drawn up at the October 14 meeting.

Attendance is expected from many Fish and Game men from Nevada and eastern California. Jim Yokum, wildlife specialist for the Bureau of Land Management, is scheduled to preside over the meeting.

## Grand Study Tests In Business Set

Admission test dates for graduate study in business have been set for the following year. They are: November 6, 1965; February 5, April 2 and July 9, 1966.

Candidates for admission to the more than 100 business schools throughout the country should inquire of the school of their choice as to test requirements. Candidates are advised to take the test as soon as possible, since many business schools select their classes during the spring preceding entry.

Registration forms for testing may be obtained in room 108, Clark Administration building.

## Grad Record Exam Bulletins Ready

The Graduate Record Examination bulletins and applications have arrived and are now available in room 108 Clark Administration. The examination is required by most graduate schools and is used as a basis for judging applicants.

The test will be given November 13 and the final application date is October 29.

For any additional information contact Mr. Jack Selbig, room 108, Clark Administration.

## Attendants To Gov.'s Tea Meet In TUB

Foreign students who plan to attend the Governor's Tea on Oct. 16 are to meet in the Jot Travis Lounge at 1 p.m. the day of the Tea. Transportation will be provided to Carson City and back, announced Jack Selbig, foreign student advisor.
