## Tau's, Phi Sig's Win Honors At IFC Bean Feed

The Inter-Fraternity Council's annual Bean Feed was held last Monday at which awards were presented for intramural sports and scholarship.

The trophy for outstanding scholarship was presented to Phi Sigma Kappa by the Dean of Men, James R. Hathhorn. The Kinnear Trophy was presented to the Alpha Tau Omega house by Lee Newell, director of intramural athletics and the Taus also won the Bradshaw Trophy which was awarded by Tam Conklin, IFC President. Bob Newberry, Sigma Nu, won the "Buzzy Marks" Sportsmanship Trophy.

ATO captured the Kinnear and Bradshaw Trophies by amassing a total of 1070 points last year, soundly beating second-place Sigma Nu with 790 points. Sigma Alpha Epsilon finished third with 612 points, and the Independents took fourth with 435 points.

The Kinnear Trophy is presented to the group of men gaining the most points during the intramural season while the Bradshaw Trophy competition is limited to the fraternities.

Winners of the individual sports for last year are as follows: baseball, Sigma Nu; golf, ATO; cross country, ATO; volleyball, Sigma Nu; tennis, ATO; basketball, ATO; skiing, ATO; free throw, ATO; table tennis, ATO; wrestling, ATO; gymnastics, Sigma Nu; fencing, SAE; bowling, ATO; swimming, Sigma Nu; football, Sigma Nu; football ATO; badminton, White Pine; Track, ATO; and riflery, Phi Sig.

## Annual N Painting Suffers Support

The annual Frosh-Soph field day was held last Saturday although only thirty students attended the affair.

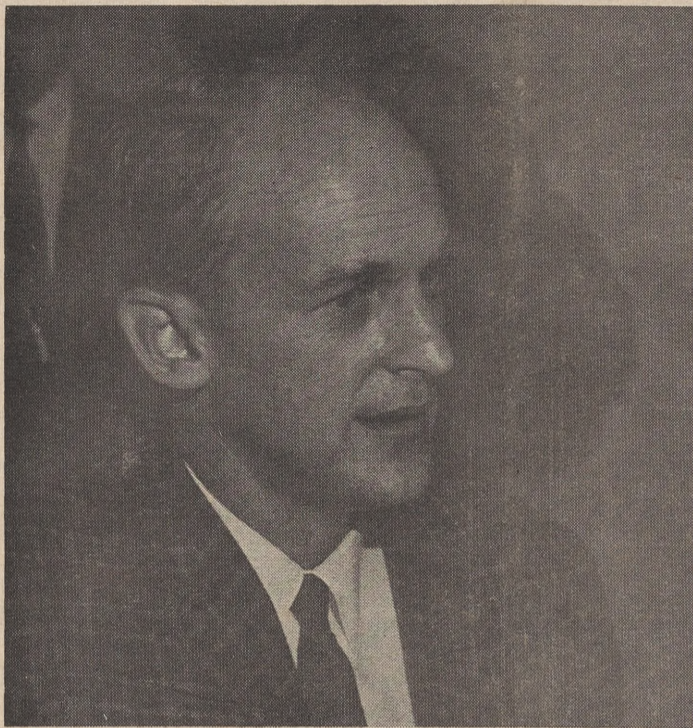

The field day is an annual underclassman's project in which the participants travel up to the "N" on Peavine Mountain and give it its yearly coat of white-wash.

"Although the turn-out was poor the project was successfully completed," said Dave Diedrichsen, sophomore class president. "Everyone worked and we had a good time," he added.

## Nev. Prof. Gets Achievement Award

Capt. Rolland B. Peterson, assistant professor of military science, was recently awarded a certificate of achievement for outstanding service as Chief, Missiles and Weapons Branch of the Eighth United States Army in Korea.

The award was presented by

E. J. SCRIPPS III, University of Nevada Journalism graduate, will attend the Scripps Lecture next Tuesday night. Bob Miller, another Nevada Journalism graduate, will speak.

## Viet Nam Topic Of Lecture Featuring UPI Correspondent

"Colossal Blunder or Courageous Action?" That is what most Americans are wondering about U.S. policy and involvement in Viet Nam.

United Press International correspondent Robert C. Miller will analyze this topic at the 1965 Scripps Lecture. Miller, direct from the front in Viet Nam, is an expert on Asiatic affairs.

The lecture will begin at 7:30 p.m. Tuesday, Nov. 16, in the Jot Tarvis Student Union.

In a previous appearance Miller spoke to a "standing room only" audience. He was the initial speaker for the Scripps series, an annual forum begun in 1964 by the A. L. Higginbotham Department of Journalism.

### Lecture Founded

The Scripps Lecture Series was founded by E. J. Scripps II, vice president of Scripps Howard newspapers. Both Scripps and Miller are University of Nevada journalism graduates.

Miller is an exciting speaker, said Prof. Higginbotham, and has the first hand experience to back up his lectures. He has covered a dozen wars and many of the big stories throughout the world.

His audience last year overflowed the auditorium. Those who

could not find seats lined up outside and listened over a public address system.

"The purpose of the series is to present a distinguished newsman each year to the campus, Prof. Higginbotham said, "and the topic will be one of the more important news subjects of the times." Miller was asked to return because of his wide popularity and knowledge of the Far East.

Following the lecture, there will be a question and answer period. Coffee will also be served in the lobby.

The lecture is open to all students, staff members and the general public.

## Delta Sigma Pi's Hold Rose Dance

The annual Delta Sigma Pi "Rose Dance" will be held tonight from 9 to 12 p.m. at the Rosemount Lodge.

Highlight of the evening will be the crowning of the Delta Sigma Pi Rose Queen. Her photo will be forwarded to the Delta Sigma Pi headquarters in Chicago, Illinois.

The Nevada queen will later be judged along with queens from other chapters for the Delta Sigma Pi National Rose queenship.

Rose queen candidates are: Jackie Ennis, Gamma Phi Beta; Kathy Stern, Delta Delta Delta; Marilyn Fry, Pi Beta Phi; Jane Cook, Kappa Alpha Theta; Jan Webb, Manzanita Hall; Barbara Brush, Juniper Hall; and Patty Uрга, of Artemisia Hall.

Dance music will be provided by Maurice and the Mark IV. Tickets can be purchased at the door for \$2.

## Blood Drive Draws 600 Signatures In First Week

The A.S.U.N. blood drive has begun, and the necessary 200 signatures to qualify the drive with the American Red Cross have been obtained.

"We had the 200 signatures within the first four hours of the drive," said ASUN President Mike Ingersoll. "In fact, as of now, about 600 people have signed up and a large percentage of the student body remains to be contacted."

## Lee To Perform In Artist Series

The University of Nevada's Performing-Artist Series will continue on Friday, Nov. 19, when folk singer Tom Lee performs on campus.

Lee spent most of his childhood in northern California. While at Chico State College, he began singing folk songs. He later appeared for two years as a singer on an educational television program, "There Is A Telling."

Now a biology teacher in the San Francisco school system, he regularly performs at beer parlors and concerts in the Bay Area and at festivals around the country.

All performances are scheduled to begin at 8 p.m., and will be held in the Jot Travis Student Union building.

The series is sponsored by the public occasions board, the ASUN, and the Jot Travis Union.

Season tickets are still available for the next six performances by contacting Mrs. Pat Thomas in General University Extension. Tickets will also be available at the door.

## Professors Have Been Active In Foreign Language Institute

Teachers have been actively participating in a campaign to improve education by attending foreign language institutes held by the University of Nevada for the past five years.

These institutes are summer programs for secondary school foreign language teachers. They are designed to improve the teaching of foreign languages in high schools by helping the teacher to:

1. increase his ability in speaking, writing, reading, and understanding of the language.
2. learn new teaching methods and new instructional aids, and
3. improve his knowledge of the culture and customs of the country whose language he teaches.

### Grant Received

Dr. Christian W. F. Melz, former chairman of the Department of Foreign Languages, applied in 1961 to the national government for a grant, and received one under the ational Defense Education Act.

He started an institute for Spanish and French teachers in the summer of 1961. Marvin Roth, currently the Junior-Senior High School co-ordinator for Washoe County Schools, was the assistant

The office of the A.S.U.N. Public Relations department predicts there will be well in excess of 1,000 signatures before the "sign up phase" of the drive is over.

Student organizations have shown interest in the blood drive. The fraternities and the sororities have had a good percentage of their members sign up for the drive, according to blood drive committee member Mike Smithwick. R.O.T.C. and the Sundowners have also expressed an interest in donating blood, Smithwick added.

The A.S.U.N. blood drive is not the first of its kind. Universities in the east have had successful drives in the past. If the University of Nevada reaches its predicted goal of participants, it will have one of the highest percentages of student cooperation in a blood drive in the nation.

The sign up table will remain in the basement of the Student Union through next week, and will be staffed by members of the fraternities. People who wish to sign up for the drive may do so between the hours of 10 a.m. and 2 p.m.

director of the program in 1961 and 1962.

The following year, Dr. Melz directed another institute, which taught only Spanish.

French has been the subject taught at the last three summer institutes, under the direction of Dr. Charles V. Wells, the current chairman of the Department of Foreign Languages.

Dr. Wells has been assisted by Associate Director Philip Smith, the former state consultant of foreign languages.

### Native Speaker

In the last summer institute, 8 out of the 11 instructors teaching were native speakers of French. Dr. Enried U. Bertalot, now teaching at the University, was one of the 1965 instructors.

## Lt. Governor Laxalt To Speak Tomorrow

Lieutenant Governor Paul Laxalt will address the Young Nevadans For Laxalt group tomorrow at the Riverside Terrace Room.

The luncheon activity will begin at 12 noon. Cost to cover lunch will be \$2.50.

All university students and faculty are invited to attend the speech by the Republican candidate for Governor.

## Editorial

### Sundowners Are Criticized Unfairly; Forum Should Watch Distortion

Members of Sundowners have recently been criticized, kicked in the teeth, and put on social probation for the remainder of the school year.

The group has acted as a scapegoat in many cases of controversy concerning student behavior. Any person wearing a black hat has been singled out as a member of the organization.

Trouble began in San Francisco when some Sundowner members and other students attended the Nevada-USF football game. The trip was **NOT** an organized Sundowner sponsored function, and of the 32 who attended, less than half belonged to the group.

A Siamese Room incident was cited as a Sundowner disgrace when one recently elected member's chicken was molested.

The latest issue of the Forum severely criticized the Sundowners for their misconduct as representatives of the University of Nevada.

Perhaps the editor of the publication, Mary White, would do well to check her sources before she campaigns against any cause or organization.

These same papers that called attention to the downtown disturbance, according to Miss White, were wrong in their accusations concerning the "wild peyote party" that took place before school began.

The news here was said to be distorted, much in the same manner in which the Siamese Room incident was distorted.

What was omitted from the news story was the fact that a patron of the bar was responsible for "tearing the chicken's head off," and not a member of the Sundowner organization.

The club has faced enough ridicule from this small faction of the student body. And the Forum should limit itself to samples of student writing.

The Sagebrush is the student's method of expression. There are not enough available funds to support two campus news publications.

And one might wonder if those that have been allocated to certain publications are not being wasted.

## CAREER CALENDAR

Tuesday, Nov. 16—C.I.A.—(A&S; Bus. Adm.; Engr.; Min. Engr.)  
 Tuesday, Nov. 16—Climax Molybdenum Co. (Chem; CE; ME; Met. Engr.; Min. Engr.)

Wednesday, Nov. 17—C.I.A. (same as on 16th)  
 Wednesday, Nov. 17—Chevron Oil Company (Geol/Geophysics; Geological Engr.)

Thursday, Nov. 18—San Francisco Bay Naval Shipyard (All Engrs.)

Friday, Nov. 19—U. S. Steel (EE; ME; Met. Engr.)

Friday, Nov. 19—Washington State Highway Commission (CE)  
 Monday, Nov. 22—Army Medical Specialist Corps—6th U. S. Army (All Majors—no signup necessary—open recruiting) (For girls only)

Monday, Nov. 22—U.S.N.O.T.S.—China Lake (Lib. Arts; Physics; MS & PhD only in Chem & Math; BS plus in Acctg; Econ; Mngt; Mktg; E; ME)

Monday, Nov. 22—U. S. Army Audit (Acctg)

## What's New Pussycat?

**TAUS TAKE TROPHIES:** The ATOs would like to thank everyone for coming to the ATO Beanfeed, as it turned out; I guess we know who the athletes on campus are—they walked off with just about every award except a few such as the fencing trophy which was claimed by the SAEs—'tuche' . . . . One thing, I mean person, that cramped the boys' style at the IFC/ATO Beanfeed was one girl in the midst of 375 guys — "I'll bet it was the first beanfeed which hasn't been absolutely 'rank' in ages, right, Mr. 'Rankner'?"

**"WAIT A MINUTE—PLL BE RIGHT OVER"** The first time they fought they got pinned; the second time they fought they became engaged—when's the third fight going to be? Best wishes to Tri-Delt Pam Andrews and Lambda Chi Steve Katzman on their engagement . . . . A belated congratulations to basketball player Nap Montgomery on his two-week old marriage to Carolyn Freeman . . . . while on the subject of basketball players, Bill Nicholson would like to sponsor a contest; a case of liquid refreshment to someone who comes up with the most elegant hair style for Bill—he's tired of the same old thing . . . .

**WAKE UP!** At 7 Tuesday morning Tri-Delt Clyda Hooper couldn't tell the difference between face cream and deodorant—sweet smelling but very sticky face . . . . Certain cheerleaders displayed their lack of etiquette last weekend when they were inconsiderate enough not to ask 2 other cheerleaders (who had been considerate previously) if they wanted a ride to the game—shame on you . . . .

**MOM TO THE RESCUE:** While parked in front of Pi Phi pledge Linda Vargas' house Saturday night waiting for Linda to come home, SN Bob Watten was frisked by the law—it seems there's been a prowler in the neighborhood. And even more embarrassing he had to be identified by Linda's mom—I guess that's one way to meet the family . . . .

**RED HOT ROOTERS:** 18 spirited ATOs chartered a bus, driven by their trusty driver, "Safe, Reliable, and Courteous" and went to the S. F. game last weekend. After "terrifying" the Cal Berkeley ATO house, our heroes proceeded to the game where ATO Tom "fop" Tripiano quietly fell asleep in the stands, missing the game, as did ATO Pat Burns the first half, but HIS reason being a conversation with the law—a little rowdy, Pat? . . . . Shortly after the game the Ratfink Room was patronized by ATOs Bill Houk and Clint DeWitt who went to witness the "bears" . . . .

**LOVE IS BLIND?** Tri-Delt pledge Pat Semenza, concentrating too much on a certain SN observer and not enough on where she was going, tried to exit from the library

by way of the bars used to go in—she didn't get for . . . . No news from the Sigma Nu ogre this week—Bernie, you bad boy!! . . . . Why does SN John "Pluff" Plough go to Davis every weekend? Simple: he's pinned to a Davis femme . . . . RUMORED: ATOs' "Custer" is pinned . . . .

**THE FLUSH WAS PLUSH:** The SAEs went all "out" for the Little Sisters of Minerva Convention; not only did they take their risque pictures and calendars off the walls, but they even decorated the johns with potted plants . . . . I thought the dance was at the Mapes but judging from the activity at the Continental Lodge—ahum . . . . Some of the activity SAE Jud Clark missed—but none did SAE Bud Olsen miss; However, Bud did miss his national guard meeting last weekend as his commander abruptly reminded him by phone. Why? Because poor Bud "broke his finger in a car wreck"—hope you had them crossed when you told the commander that! . . . . There really was a car wreck though in which SAE Bob Cockern, "my pet", in his week-old Volkswagen scraped next to the bus with which he was dragging—a San Jose State VW bus, that is . . . .

**YEAH! YEAH! YEAH!** The Theta and Tri-Delt houseboys had a race one night last week to see who could be the first done with dinner. The Tri-Delt houseboys won which only goes to prove: the Tri-Delt houseboys are faster movers than the Theta houseboys . . . . Dave Phoenix had better send notes to Pi Phi Sara Anderson at Shakey's on his own time—her date wasn't too terribly impressed . . . .

**I LOVE ME, WHO DO YOU LOVE?** When the 35 froshs and sophs went up to white-wash the N it seems they got most of the lime on themselves. Among the really "limey" ones were Tri-Delt Delores Munson and SAE Jeff Reeves who fought with buckets of it (Delores finally ended up in a barrel), SN pledge Eddie Rugg who looked more like "Lurch" than Eddie, Tom Myers, SAE Dave Diedrichsen, and SAE brother Roger who was so impressed by his looks he kept gazing at himself in a mirror on one of the trucks—ah, love. . . .

**COME ONE, COME ALL** to the Smashing Spaghetti Feed November 21st at the American Legion Hall on Ralston—see a Tri-Delt pledge for tickets . . . . Carolyn Wilson has the bravery of a lion as long as she has someone with a big badge to stand in front of her—especially when a Sundowner's BIG (in more way than one) sister takes a disliking to her and begins to swing!! . . . .

**BRAVELY WRITTEN** editorial, Mary White—need I say more? . . . .

**QUESTION OF THE WEEK:** Who is being labeled "Mr. Thermofax" because he copies so well???????

## Processing Center Nev. Profs In Play Production Installs New IBM

The University of Nevada data processing center has installed an IBM 1013 card transmission terminal that reads IBM cards at 200 a minute.

This terminal allows students, professors, and researchers use of the full computing capacities of the IBM 7094 high speed electronic computer located in the Western Data Processing Center at the University of California in Los Angeles.

Data and programs are transmitted to UCLA by telephone. The information is then recorded and processed, and the results are sent back to Nevada.

The computer will be used to solve problems too large and time consuming for present equipment, and also for class instruction and class problems.

Three University of Nevada professors are playing in "The Deadly Game," a melodrama presented by the Reno Little Theater.

Dr. Robert K. Coe, chairman of the management department in the College of Business Administration, and George M. Herman and Dr. David Hettich of the English department are presenting their opening performance tonight.

They play the parts of elderly retired lawyers who gather on occasion to recreate historical trials. But they prefer to try real people.

"The play concerns an evening when an American traveling salesman unwittingly falls into their hands and they put him on trial," said Dr. Hettich.

"The Deadly Game," by Frederick Duerrenmatt will be presented on Nov. 12, 13, 14, 18, 19 and 20, in the Reno Little Thea-

ter, situated on the corner of 7th and Sierra Streets.

Curtain time is 8:30 on all evenings except Sunday, Nov. 14, when the play will start at 7:30.

Dr. Coe, Dr. Hettich, and Mr. Herman have appeared in previous performances of the Reno Little Theater. They have been rehearsing the current play for the last three weeks.

Student rates of \$1.00 per person are available, with a student I.D. card.

### SNCC Meets Tonight

The Friends of SNCC will discuss obtaining recognition at the Friday, November 12, meeting. The meeting will be held in the Nevada East-West Room at 4 p.m.

Recognition is now pending for Friends of SNCC as an ASUN organization. The initials SNCC stands for Student Non-violent Co-ordinating Committee.

## KUNR-FM Available To Dorms Dec. 1

Students will be able to hear KUNR-FM in the dormitories starting December 1 without having an FM radio.

Mr. Roger Ashworth announced today that plans to "pipe in" the U. of N. radio station are moving forward. Ashworth, director of radio and television for the university, said the power lines into the dormitories will act as the "pipes."

KUNR is licensed to operate only at 88.1 Mc on the FM radio band, and because of this students wishing to listen to the station had to go to the expense of purchasing an FM set. Under the new system any standard radio will be able to pick up KUNR at 570 kc in the dormitories. The new system will truly make KUNR a University of Nevada station by having it available to every student on campus.

Those off campus will not be

forgotten however. Normal FM transmission will continue as well.

To accomplish the "pipe in" Ashworth is building a translator system. In simple terms, this means he is building a small radio transmitter which, instead of sending energy through the air, will be coupled into the power lines leading to the dormitories. The radio signals will "ride along" the power lines right with

the normal power, and the two will not interfere with one another in any way.

Having KUNR on the power line will not interfere with the reception of any other radio station on the standard dial either, so those wishing to listen to other stations will not be affected.

Target date for testing the new system is December 1, with KUNR regular programming to be available shortly thereafter.

## Teaching Career Day Tuesday

Approximately 85 students from high school Future Teachers Associations in Nevada attended Tuesday's Teaching Career Day on campus.

A tour of the University campus was held and an adviser's meeting took place in the Hardy Room of the student union building at 1 p.m.

Two general assemblies were held that afternoon. A University student panel discussed the topic, "I choose teaching." University students Phyllis Goytino, Carol Harris, Jay Rodrigues, Vincent Johnson and Sylvia Maslach took part in the first discussion.

A second panel discussed, "Unscrambling the Professional Organization Alphabet." Panel members included James Butler, Ada Colquhoun, Sybil Abbot, Marion Conrad and Betty Branche.

A film, "Children Without," was shown that morning. Dr. N. Edd Miller, chancellor of the University; Procter Hug, superintendent of Washoe County Schools;

Edmund J. Cain, dean of the College of Education addressed the visiting students.

Pete Summerbell, FTA and Betty Branche, SNEA welcomed the visitors.

The Teaching Career Day was held in recognition of American Education Week, November 7-13.

## Only Two Nights Left In Play Run At U of N Theater

"It would be wise to make reservations," stated Robert E. Ericson, director of the University Theatre. "There are only two nights left to see the play."

"The Madwoman of Chailot," by Jean Giraudoux, with a student cast of about 30 opened at the University Theatre last Friday. It will be presented tonight and tomorrow night at 8 p.m. Students with A.S.U.N. cards will be admitted free.

"The production is a delightful fantasy," stated Maurice Beesley, student director of the play.

Michele Sheppard is the leading lady portraying "The Madwoman." Ruby Reynolds, Barbara Manning, John MacDonald, John Gascue, and Mike Thompson are in the supporting roles.

The comedy take place in the streets of Paris. The illusions of the play are produced with the help of easily movable sets and variable lighting.

## Fashions Flair In AWS Show

"Where did you ever get those dresses?"

The lighting man at the Reno Little Theatre was dazzled. "For long formals, they were gorgeous. So were the models."

Approximately 150 university women and faculty also seemed to enjoy the AWS holiday fashion show.

Chairman Julie Lewis stated that she was pleased with the enthusiasm of all involved.

She said the profits were greater than they have been for the past two years.

AWS President Robbin Schoff stated the scholarship this year would increase. "The profits from Penny Night and the fashion show have made this possible," she said.

The AWS scholarship awarded to Loni Pew last year was for \$100.

Title of "Best Dressed" coed and a silver loving cup were awarded to Sherry Locke. Miss Locke is a member of Kappa Alpha Theta sorority.

She will enter the national contest sponsored by "Glamour" magazine. Ten "Best Dressed" coeds in the United States will be chosen.

## Musical Tryouts Soon

Tryouts for the musical, "A Funny Thing Happened on the Way to the Forum," will be held on Nov. 18 and 19 in the basement of the Reno Little Theater at 8 p.m.

Dancers and singers are particularly needed. The cast will include about 40 persons.

## Physics Chairman Attends Meeting

Dr. George Barnes, chairman of the physics department, is attending a regional meeting of Sigma Pi Sigma, the national physics honor society, at Linfield College in McMinnville, Oregon.

Dr. Barnes will present a discussion entitled "Status of Research in Physics at the University of Nevada." He will also meet with representatives of other schools that want to organize chapters of the honor society.

He is zone supervisor for Oregon, Washington, Idaho and Nevada chapters.

## LDS Hosts Dance

A "Sadie Hawkins" dance will be held tonight at 8 p.m. in the University Ward of the L.D.S. Institute of Religion, 95 West Eleventh St.

Attire will be Dogpatch style. Men have been invited by girls, however they don't know who their dates are.

The women paired off and partners have asked the men to come. They will discover who their dates are when the ladies come to pick them up.

## Chinese Students Present Program

The Chinese Students Association will present "China New and China Old" to University students Monday, November 15 at 7:30 p.m. in the Travis Lounge of the Student Union building.

According to Yu-Chih Tao, president of the organization, the Chinese students want to introduce the Chinese culture to American students. In addition they want to promote mutual understanding between Chinese and Americans.

The presentation will include two films: "3,000 Years of Chinese Arts" and "Three Days On the Isle Beautiful," a film about Formosa.

There will be a demonstration of Chinese musical instruments, and Chinese handcraftmanship and paintings will be on display.

Chinese refreshments prepared by Chinese students will be served. On the menu will be crab-puffs, shrimp chips and fortune cookies.

All University students and faculty are invited. There will be no admission charge.

The Chinese Students Association was established 2 years ago. President of the group is Yu-Chih Tao; vice president, Bill Chen and treasurer is Antony Yau.

## Snakes To Regress In Annual Event

"Regression Day" has come again for members of Sigma Nu fraternity. The annual event signifies the return of college men and their dates to high school days of fads and parties.

The festivities will begin tomorrow at 1 p.m. with drag races at the Lemmon Valley Dragway. Following the afternoon's activities, a dance will be held at the Rosemont Lodge on the Mount Rose road. The dance will begin at 8 p.m.

Proper attire will be high school clothes such as dirty levis and old lettermen's jackets.

## Counter-Guerilla Unit Set To Train

Nevada's ROTC Counter-guerilla Unit recently began their training for the 1965-1966 school year. Approximately sixty sophomores, juniors, and senior ROTC cadets are participating in the voluntary training program.

The unit's advisor is Master Sergeant Howard V. Johnson, a Korean War veteran with more than twenty years service.

He stated that the purpose of the training was "to acquaint ROTC students with the type of warfare being waged throughout the world today, and to develop a greater interest in ROTC and the Army among the ROTC students."

Training will include field problems and land navigation which will aid them in troop leading procedures and patrolling techniques.

The next scheduled meeting is to be held on November 17, at Hartman Hall beginning at 8:30 p.m.

# University Bids A Fond Farewell ; Mackay Stadium Becomes Memory

By MARY SOLARO  
Staff Writer

With the final play tomorrow in the football game in Mackay Stadium, a part of the heart of the University of Nevada will stop beating. The football game between the University of Nevada and Chico State will be the last in the present Mackay Stadium.

Mackay Stadium was one of the gifts from the wife and son of Clarence W. Mackay. They were given to the university from 1904 to 1914 in his memory. The Mackay School of Mines, the Mackay statue, and the squad were others.

Mackay Stadium was made out of a natural ravine to the north of the original campus. It had produced a fine crop of alfalfa before it was rented to the school. Its first name was Evans Field. Here, athletic contests were waged between classes, in addition to games with other schools.

When John Mackay decided to build a complete athletic field, little work was needed. The floor of the ravine was naturally level. An oval, quarter-mile track was built and thick grass was planted in the center.

On the western slope of the ravine, concrete bleachers were placed. The upper portion of these bleachers was sheltered by a pillared colonnade. On the eastern side of the ravine a two-story building equipped for training quarters was constructed.

This new athletic complex was named Mackay Field and Train-

ing Quarters. It was dedicated October 23, 1909, and the first game played in the new stadium was won by the University of Nevada.

Great struggles have been witnessed by devoted students since that first game. Teams from Stanford and the University of California were turned back by Nevada men.

Bids for the construction of the new Social Science building are scheduled for the early part of January, 1966. Construction should then start in Mackay Stadium in the middle or end of January, according to the University Engineer's Office.

## Aggie Club Helps Horse Association

Would you like to win a 1966 Chevrolet El Camino V-8? Aggie Club members can help you. In cooperation with the Nevada State Cutting Horse Association, members are selling tickets on the car.

The 1965 World Championship Cutting Horse finals will be held in the Centennial Coliseum November 13.

Three other prizes are also being offered in the Saturday, November 13 drawing. Second prize is a Saturn custom-made rifle. Third prize is a fur-trimmed evening sweater from Lester Conklin, Furrier. A USDA side of beef, cut and wrapped, is also a prize.

Aggie club members are also planning a dance. The possibility of a December dance was proposed by President Harvey Barnes at a recent meeting.

Other items discussed at the meeting were the Comic Rodeo results and "Artemisia" pictures.

It was reported that Steen Ranch officials were pleased with rodeo results, and facilities of the ranch were offered to the Aggie Club for future use.

## Seniors To Tour Nevada Campus

Most high school students are bewildered and afraid of college life, according to the Counseling Service which is hoping this will not be true of next year's freshman.

Mr. Jack B. Selbig, foreign student advisor, and Mr. Kenneth D. Jessup, deputy director of admissions and deputy registrar, will travel through Nevada November 8-18 discussing university life with high school seniors.

They will discuss both the academics and social aspects of college. Slides of the campus will be used as a background during the discussion periods.

**GIL COHEN**

## Bell Appointed To Head New I.C.C. Council

Joe Bell has been appointed to head the organization of the Inter Club Council at the University of Nevada. At a meeting held Tuesday night in the Travis Lounge, presidents and representatives of campus clubs met with Bell, John Osse, and Michon Maupin, ASUN 2nd Vice-President to discuss formation of the council.

At the meeting it was pointed out that Nevada is one of the few schools in the nation that does not have such a council. Other schools have been written to obtain constitutions and information concerning other councils.

The purpose of the council will be to coordinate club activities and to form a basis for club recognition. It has been proposed that once clubs are recognized on campus, they will automatically become members of the council.

Miss Maupin stated there are approximately 50 clubs on campus now. She expects that number to increase to at least 75 in the near future. The council will provide a means of communication between these clubs.

Another meeting will be held December 7 at 7:30 p.m. in the Travis Lounge. At that time a preliminary constitution will be presented. It is also hoped that reports from other schools will have been received. They will be discussed.

## Rasmussen Will Attend California Insurance Meeting

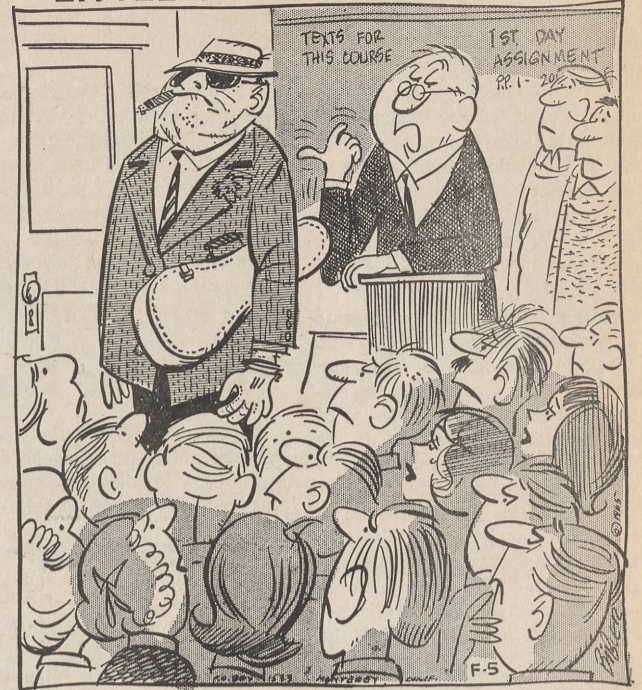

William E. Rasmussen, director of graduate placement at the University of Nevada, will attend the Western Life Insurance Association Conference Nov. 21-23, in Sacramento, Calif.

At the meeting, sponsored by the Joint Committee of Life Insurance Business on Careers for College Graduates, Rasmussen will discuss the problem of how to interest more college and university graduates in entering the life insurance business as a career.

Participants of the conference will include two placement directors from Stanford University and Sacramento State College, and insurance company representatives involved in personnel work.

Chairman of the conference is Robert E. Murphy, president of California-Western States Life Insurance Company of Sacramento.

## LITTLE MAN ON CAMPUS

"THOSE OF YOU WITHOUT CLASS CARDS OR SEATS OR THOSE STANDING IN BACK WILL PLEASE FOLLOW MR. LUCIANO, HERE, WHO HAS BEEN HIRED TO TAKE CARE OF OUR CLASS OVERTFLOW!"

## Nevada Given Grants By NSF

Two grants from the National Science Foundation, totalling \$51,000, have been awarded to the University of Nevada for research, President Charles J. Armstrong announced recently.

A grant of \$44,700 is earmarked for research on native fish in Nevada. Entitled, "Population Regulation and Effects of Exotic Introduction on Native Fish Populations in Nevada," the research will be under the direction of Dr. James E. Deacon of the Desert Research Institute in Las Vegas.

The second grant of \$6,300 is for research in land changes involving storage and excessive withdrawal of water. Entitled, "Influence of Geology on Storage and Withdrawal of Ground Water

and Concurrent Land Subsidence," this research will be under the direction of Dr. George B. Maxey of the DRI on the Reno campus.

The grants of \$51,000 bring the total of funds granted this year by the National Science Foundation to the University to \$91,000.

## Past ASUN Prexy At Friday Forum

Today's "Friday Forum" will feature Dr. Clair Earl, a former Nevada ASUN President. He will speak at noon today at the Reno LDS Institute of Religion at 95 West Eleventh St.

Dr. Earl graduated from the University in 1955. He received his Dentistry degree from the University of Oregon Dental School in 1963.

He is a member of the Executive Committee of the University of Nevada Alumni, a member of the Reno Board of Community Welfare, Inc., and a counselor in the Mt. Rose Ward bishopric of the Church of Jesus Christ of Latter-Day Saints.

As an undergraduate at Nevada he was president of Lambda Delta Sigma, a club of members and friends of the L.D.S. Church.

The "Friday Forum" is a program presented each Friday to stimulate religious and intellectual thought among students. Students may bring their lunches.

## Graduate Record Exam

Sixty-five students will take the Graduate Record exam on November 13. The exam is required by most graduate schools and takes the place of entrance exams.

Fifteen students will be taking the law examination on Saturday also. This exam is required for admission by a high percentage of the law schools.

# Wolf Pack To Tackle Wildcats Tomorrow

# From the End of the Bench

By GREGG ZIVE  
Associate Sports Editor

The University of Nevada Wolf Pack will attempt to get back on the winning trail tomorrow afternoon against the Chico State Wildcats. It should be the last game ever played in old Mackay Stadium.

Nevada was defeated last week by San Francisco State, 27-8, and fell to second place in the Far Western Conference race. Chico has not won a conference game this season after having a pre-conference record of 4-1.

Chico has been defeated by the Cal Aggies, 20-12, San Francisco State, 63-20, and last week Humboldt state defeated the Wildcats, 23-13. Nevada has defeated Sacramento State, 20-13, the Cal Aggies, 26-15, and its lone conference defeat came last week.

### Wildcat Defense

The Wildcats' performance last week was marked by its defense. Humboldt only scored once on a sustained drive, the other two Lumberjack touchdowns came

through the work of the defensive unit.

Chico was held to zero yards gained rushings and only 98 through the air by Humboldt. They lost their number two and three receivers for the remainder of the season because of injuries. Ron Morelli reinjured his knee and end Pete Franco sustained a broken wrist. Besides receiving 15 passes for 134 yards for the season, Morelli has run back 11 kickoffs for 357 yards and 6 punts for 159 yards. He has an 84-yard kickoff return and 94-yard punt return to his credit on the year.

### Outstanding Punter

The Wildcats have one of the outstanding punters in college football this year. Nevada coach Dick Trachok has called Gerald Circo the best punter in the United States. He has one of the longest field goals in the country this year and has a 46.3 yard punt-

ing average after eight games to enable him to lead the FWC and rank with the top five punters in the nation.

Nevada will be led on defense by sophomore quarterback Chris Ault. In five games in October, Ault threw eight touchdown passes and ran for five more. He has scored thirty points himself and has played a part in 50 others.

Fullback Joe Sobek is the number two rusher in the FWC to San Francisco's Jim Crum who was injured in last week's action against the Pack. He will not play any more this season.

Nevada's outstanding defense was led last week by Jim Luttgies, Doug Carder, and Bugs Walton. All three are ready for tomorrow's game. Defensive halfback Spike Jamison was injured against the Golden Gators and is a doubtful starter tomorrow.

# Wrestlers To Hold Matches Today At 4

The University of Nevada varsity wrestling team will hold matches, open to the public, starting today and running through next Friday. The purpose of the matches is to determine positions on the team.

About ten matches will be held, with each contestant wrestling three two-minute periods. Regulation matches of three three-minute periods will be held later this month.

Last week, Duane Quick, 145 lbs., pinned Timothy Arant, 145 lbs., in 43 seconds of the second period.

Earl Wilkins, 160 lbs., pinned Roy Kreezerbeck, 167 lbs., in 1:10 of the third period. Kreezerbeck was leading in points at the time, 8-3.

Larry Stiff, 210 lbs., pinned Jim Bernhard, 196 lbs., in 1:53 of the first period.

John Rogers, 152 lbs., pinned Richard Funk, 155 lbs., in 1:52 of the first period.

Bill Teglia, 128 lbs., defeated John Fackue, 128 lbs., 6-2.

# Intramural Tennis

Intramural tennis playoffs start this week, with ATO No. 1 playing Sigma Nu No. 1 in the first game. SAE No. 1 drew a bye, and will play the winner for the championship.

### Final intramural tennis league standings:

CANNON BALL LEAGUE	
1. Sigma Nu No. 1	5 0
2. Independents No. 1	4 1
3. ATO No. 6	3 2
4. ATO No. 3	2 3
5. Lambda Chi No. 2	1 2
6. Theta Chi No. 2	0 3

AMERICAN TWIST LEAGUE	
1. ATO No. 1	5 0
2. Theta Chi No. 1	4 1
3. Sigma Nu No. 2	3 2
4. Phi Sigma Kappa	2 3
5. SAE No. 2	1 2
6. ATO No. 4	1 4

SLICERS LEAGUE	
1. SAE No. 1	5 0
2. Lambda Chi Alpha	4 1
3. Lincoln Hall	3 2
4. Independents No. 2	2 3
5. ATO No. 2	1 4
6. ATO No. 5	0 4

### Sagebrush Picks

- Nevada 28 Chico 14
- San Francisco State 38 Sacramento State 14
- Cal Aggies 20 Humboldt 12
- Southern California 30 Pitt 8
- Oregon 20 California 14
- Arkansas 23 SNU 12
- Michigan State 42 Indiana 7
- UCLA 24, Stanford 14
- Ohio State 35 Iowa 8

Congratulations are in order for Wolf Pack quarterback Chris Ault. Ault was picked the outstanding athlete for the month of October by the Sierra-Nevada Sportswriters and Broadcasters. He led Nevada to four wins of five games played during the month and the four-game win streak was the longest by a Nevada football team since 1948.

Ault passed for eight touchdowns and ran for five more. Including conversions he played a part in scoring 80 points for the Silver-and-Blue.

Chris graduated from Pacific High in Long Beach in 1964. The sophomore signal-caller is 5 feet 9 inches tall and weighs 170 pounds. He moved to the starting position this year after leading last year's freshmen team to an undefeated season. He should be a fixture at his position for the next two years and they should be successful ones.

Chico State will invade Mackay Stadium for the last game to be played there this year and hopefully forever. This is the fourth time the "last game ever" has been played in the old stadium but new Mackay Stadium is almost completed and will be ready next year for football. It will be used this spring for track. So, tomorrow the old, falling-apart field deserves a good crowd as it will see its last action. Good teams and bad teams have played in it and the Nevada team playing for its finale is a good team.

For only the second time this season Nevada is the favorite to win a football game. However the game with Chico State will not be easy. The Wildcats have lost all three of their conference games and want a win badly. Last year the Wildcats were the only team the Wolf Pack defeated and cinched a winless year for Chico. This season they have a 4-4 record and do not want to fall below the .500 mark. They will be "up" for the game tomorrow.

Nevada must win to stay in second place in the Far Western Conference. The Pack has a 2-1 conference record and is tied with the Cal Aggies and Humboldt State for the second rung in the conference.

The Chico State kicker, Gerald Circo, leads the FWC and is among the top five punters in the nation with a 46.3 average. He had better be good because I think the Wildcats will need a lot of good punts tomorrow.

# Undefeated Runners Host Sac State

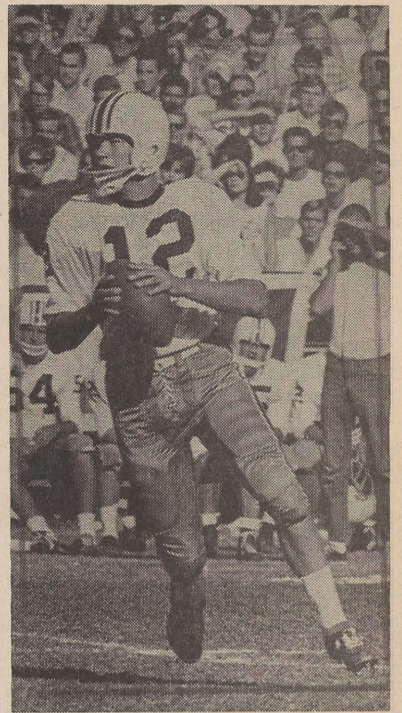

The University of Nevada's cross country team, undefeated in dual meets all year, will host Sacramento State College tomorrow in the final home meet of the season.

Last week the Wolf Pack runners continued their record by defeating the San Francisco State College cross country team by a score of 20 to 39.

Finishing first in the four mile race was Nevada's Don McCarthy who crossed the finish line with a timing of 20 minutes and 23 sec-

onds. In the second position was Nevada's Frank Lemus who toured the lake-side course in 20:57. Nevada runners also captured 4th, 6th, 7th, 9th and 10th positions. Tomorrow's race will be held on the University's new Panther Valley course which is the longest in the league.

The Sacramento State College cross country team, also undefeated in dual meets this season, is predicted to give the Nevada runners their greatest challenge of the year. The starting gun is scheduled to go off at 11 a.m.

★ Letters To The Editor ★

Editor Sagebrush  
c/o Alpha Tau Omega

An alumni friend of mine just sent me a copy of the Homecoming edition of the Sagebrush, it's the first time I've seen a copy in a number of years and it certainly brought back many memories, especially about the Wolves Frolic and the Homecoming Parade. One thing did disturb me though and that was the reference on most every page to past misconduct of students which has made it almost impossible to hold student dances in the Reno area. It's a shame things like that happen, because it's usually a few that ruin it for the many. I see this also in the student anti-Vietnam demonstrations going on all over the country. I know it's the minority, and in recent weeks have been pleased to see anti-Vietnam student groups start to press the ugly head of pacificism into the ground.

I am one of the 145,000 troops in Vietnam, not here because I happen to be a career soldier, but because if we can prevent a communist take over here, we will never have to worry about fighting them in our own country. When we read about draft card burners it is rather demoralizing to know we are risking our lives to prevent communism from taking, what might appear to be a very small and unimportant country, which in actuality is potentially the richest country in Southeast Asia, and which could be the first stepping stone for Chinese type armed aggression against our own country. What is the feeling among the students at the University, pro, con, or just indifference? I hope it's not the latter two.

With the increased draft, many of you in the near future will be coming here to replace those who have returned home and those

who never will. It is extremely important that each of you think seriously of the future and the sacrifices that must be made, in order to keep having Wolves Frolics, Homecoming Parades, Sundowner elections and Mackay Days. If I may quote a portion of Marilyn Jones' column, Quorum Plus One, from the Homecoming issue, "We certainly are fortunate, though, to be able to live when and where we do, with so much freedom to do and say things." I hope her reference to "spokesmen" and the "new generation" in the last paragraph of her column refers to the responsible young people of our country who realize the sacrifices that have been made and that to be able to continue to live "with so much freedom to do and say things" the sacrifices will have to continue.

I hope all of you support what we are doing here, and are willing to make the sacrifices necessary to keep the freedom we have, so that my children and yours will share in that same freedom.

Fraternally yours,  
Howard E. Espin, Jr.

US Army Vietnam  
ATO Class of '57"

Films To Feature  
U.S. Space Effort

Color films about the history and recent developments of the space program in the United States will be shown at the University of Nevada, Nov. 12, at 7:30 p.m. in room 101 of the Scrumham Engineering - Mines building.

The films were made for the National Aeronautics and Space Administration (NASA) by the Jet Propulsion Laboratory at the California Institute of Technology.

The program, sponsored by the National Physics Honor Society, is free. Refreshments will be served after the films.

When you can't afford to be dull, sharpen your wits with NoDoz™
