Nine Classic Films Presented This Semester By Union Board

The Jot Travis Student Union will present nine classic films for the Spring semester.

All movies will be shown in the Church Fine Arts Theater at 6:30 and 9 p.m. with the exception of those days that conflict with the University play production rehearsals.

Those movies which are scheduled on days of conflict with the rehearsals will be shown in the Thompson Education Auditorium. February 27—"Lust for Life" (color) starring Kirk Douglas and Anthony Quinn

March 6—"Summer and Smoke" (color) Education Auditorium, starring Geraldine Page and Laurence Harvey

March 13—"The Robe" (color) Education Auditorium, starring Richard Burton, Jean Simmons and Victor Mature

March 20—"The Americanization of Emily" starring Julie Andrews and James Garner

March 27—"Night of the Iguana" starring Richard Burton, Ava Gardner and Sue Lyon

April 3—"Gigi" (color) starring Leslie Caron and Maurice Chevalier

April 17—"Hatari" (color) starring John Wayne and Red Buttons

April 24—"Vertigo" (color) possibly in Education Auditorium, starring James Stewart and Kim Novak

May 8—"The Barretts of Wimple

Inter-Cultural Club Will Be Discussed Tomorrow Night

The possibility of forming an Inter-Cultural Association or Club at the University of Nevada will be discussed in the Tahoe Room of the Jot Travis Student Union at 7:30 p.m. on Wednesday, February 23.

Interested students are invited to attend and discuss the need, interest, and future goals of such an organization.

The purpose of this meeting is the proposed bringing together of students of different cultural and racial backgrounds from within and outside of the United States.

After organizing, the group will study, discuss, and learn about different cultural traditions and problems in inter-ethnic relations.

It is likely that this group could eventually meet some of the University's social needs as well as carry out its present plans.

Co-sponsors of this initial meeting are Reverend John Dodson of the Campus Christian Association and Dr. Jack Forbes of the History Department.

Street" (color) possibly in the Education Auditorium, starring Jennifer Jones

Announcements will be made regarding changes in the schedule. There is no admission charge for the films.

College Gets More Status

Further accreditation has been given to six of the engineering departments of the College of Engineering. This means that the College will be accredited for six years, which is the maximum allowed.

The length of accreditation was extended by the Engineers' Council for Professional Development. The council is set up to help improve the status of engineering education, and to form programs for colleges of engineering to insure their graduates of good educational background for practicing in their field. It is also used by industrial companies to measure the quality of graduates ready to be employed.

Departments coming under the new accreditation are the civil, electrical, and mechanical engineering departments in the College of Engineering, and the geological, metallurgical, and mining engineering departments of the Mackay School of Mines for four years until 1969. (The six years include the two years they have already been accredited.)

The colleges were previously examined in 1963 by the E.C.P.D. Since then reports sent in by Dean Vernon E. Scheid of the Mackay School of Mines and James T. Anderson of the College of Engineering, show that good progress has been made using the suggestions and recommendations made at that time.

The results of this accreditation will be that with more courses required for the student, over half of the courses required for engineering graduates will be taken in other colleges.

Pack Clinches Title; Dumps Humboldt 96-71

The University of Nevada Wolf Pack clinched the Far Western Conference basketball crown by handing out a 96-71 drubbing to visiting Humboldt State before a packed house in the Reno gym Saturday night.

The win brought Nevada's record to 10-0 in the FWC and 18-5 overall. It was also the Pack's 14th straight win.

Although Humboldt had upset Sacramento St. the night before, the Lumberjacks were never in the game with the High-flying Pack. Nevada had trouble getting started early in the game, and led at the half, 34-23. Humboldt St. shot only a meager 16 per cent in the first half.

128 Men, One Woman Enrolled In Mines School

Patricia Robertson and 128 men were registered in the Mackay School of Mines last semester. Although enrollment figures are not complete for this semester, Pat is still the only woman in the school.

She transferred to Nevada last year from the University of Wisconsin. She is a sophomore majoring in geology. When the young

PATRICIA ROBERTSON, the only girl registered in the Mackay School of Mines, makes her mark on the campus.

lady is graduated she will be the fifth woman ever to get through the School of Mines.

Pat said she became interested in geology during summers spent at her parents' resort near Wisconsin's copper mining region. She qualified for a pilot's license for ships on the Great Lakes and is now trying to get enough solo hours flying to get her airplane pilot's license.

The shapely brunette just turned 21 and admits she cannot cook or sew. Pat likes water skiing and horseback riding.

Pat has better than a 3.0 grade average and is working part time for the School of Mines.

Being the only girl in the school "is great," she said.

National Draft Test For College Males

The program for nation-wide testing of college students to determine their eligibility for draft deferments should be set up before the end of this semester, said Lt. Colonel A. A. Millard, Director of the Selective Service System for Nevada.

The tests will be given on college campuses to any student who registers for them. They will test for general ability and will be used with class standing by the local draft boards to determine eligibility for student deferments.

Colonel Millard said a similar testing program was used during the Korean conflict. As a national average the scores then had only half of a freshman class qualifying, two-thirds of a sophomore class, three fourths of a junior class, and two fifths of a senior

class qualifying to go on to graduate school. Seniors were required to have a higher score.

With rising draft calls the cut off score for deferment eligibility will be similar to that used during the Korean conflict, said Colonel Millard. The tests are to provide a uniform guide for all of the draft boards in the nation.

The score on the tests does not guarantee a deferment, as that is a matter for the local board. All students should let their local boards know what their plans are, and not rely on second hand information, he said.

If a student is not in good standing with the university and will not graduate in a normal four-year period, he can be called by his draft board, said Colonel Millard.

Office Of Graduate Placement Releases Interviews Schedule

The office of Graduate Placement of the University of Nevada has released the following schedule of job recruitment interviews for the first two weeks of March.

Any student wishing to schedule an appointment is advised to sign up at the office at least a week in advance. Further information regarding the interviews is available in Room 104 of the Clark Administration Building.

Debaters To Vie In Tucson Meet

The University of Nevada debate squad will compete in the Desert Invitational Speech Tournament at the University of Arizona in Tucson Feb. 22-27. Eight students will represent Nevada.

Five teams from Nevada placed in the finals at this tournament last year. Universities from the southwest will be competing.

Six other tournaments are scheduled for Nevada this semester. One of these will be national tournament hosted by the University of Nevada April 11-13.

Other hosting universities and colleges are Linfield College, University of San Francisco, University of Idaho, Montana University and Humboldt State College.

Tuesday, March 1—U.S. Bureau of Reclamation, Metropolitan Life Insurance Company.

Wednesday, March 2—California State Personnel Board, L. H. Penney Company.

Thursday, March 3—The Hartford Insurance, The Boeing Company.

Friday, March 4—The Boeing Company, U.S. Army Material Command, U.S. Steel Corporation.

Monday, March 7—Security First National Bank, U.S. General Accounting Office, Del Norte County Unified School District, U.S. Navy China Lake Test Station.

Tuesday, March 8—U.S. Navy China Lake Test Station, First National Bank of Oregon, Montgomery Ward.

Wednesday, March 9—Edgerton, Germhausen and Grier, Inc., Proctor and Gamble Distribution Company, Aetna Life Insurance Company.

Thursday, March 10—U.S. Public Health Service, United Air Lines, Westinghouse Electric Corporation.

Friday, March 11—The Guardian Life Insurance Company, North American Aviation, Beaverton School District Number 48.

Monday, March 14—Arthur Anderson and Company.

the floor after a cold first half. The Wolves were also cold from the foul line, hitting 12 for 20.

The Nevada Freshman team rallied in the second half to edge visiting Sonoma St. freshmen, 87-78. Hugh Gallagher scored 27 points to lead the attack, with Jeff Dwyer gathering 22 and Terry Gilmartin 23.

Representative Needed

The office of off-campus independent AWS representative is open. Any off-campus women interested in applying may get in touch with Robbin Schoff in room 110 of the Student Union.

Wolf Pack Has Title Sewed-Up; Squad Deserves More Recognition

There aren't too many college basketball teams in the nation that can boast an unbeaten conference record. Your Wolf Pack is one of the few squads that can make such a claim.

This weekend will mark the final conference games for the Pack. No matter what the outcome will be, the Pack has got the Far Western Conference title tied up in a neat little package.

With support, Coach Jack Spencer's talented squad could capture both the weekend games to record a 16-straight winning streak.

It's funny why such a team isn't receiving National recognition. Earlier this season a Nevada Southern team, sporting a 5-3 record was ranked in the top twenty small college powers in the nation. The Wolf Pack beat its arch rivals twice this season.

Something should be done to see that this talented Silver and Blue team is credited with the honors it deserves. In Las Vegas, the Rebels can count on the sports writers in the area for support. It's the same old story . . . but what can we do about it?

Recent talk concerning the Nevada Southern campus produced rumors the smaller school was talking about a football team for the future. A reliable source told the Sagebrush that \$50 per week jobs were available for athletes.

The same source when asked what this would do for the school said there was no reason why the team couldn't be playing in the Cotton Bowl in three years. Sound exaggerated? The talent would jump at a chance to go to school in Las Vegas and get paid for it at the same time. . . .

Let's hope the day never comes when Nevada Southern gets a football team. . . .

Snakes Win Intramural Circus

by JIM MARSHALL

Sigma Nu fraternity won the overall competition in the Intramural Circus, held in the gymnasium Friday, Feb. 18, by winning the competition in wrestling and gymnastics.

The Intramural Circus saw approximately 150 persons participate in the four main events: gymnastics, basketball free throw, wrestling, and fencing.

WRESTLING

Sigma Nu edged Phi Sigma Kappa 34-31 to win the wrestling championship. Sigma Nu beat the Phi Sigs by a single match, winning 7 matches to Phi Sigma Kappa's 6. The championship was not decided until the final match had ended.

The final results of the wrestling competition were, at 123-pounds ATO Jerry Rosebush pinned Sigma Nu Ron Chadek. Independent Bill Roberts pinned ATO Ed Basta to take the 130-pound championship. In the 137-pound division, Theta Chi Scott McDowell pinned Sigma Nu Rick Freeman.

The 142-pound championship was awarded to Sigma Nu Joe Chambers, by forfeit.

The 150-pound championship was won by Phi Sig Butch Kennedy. Kennedy pinned Sigma Nu's Bob Sinnott late in the first period.

Phi Sigma Kappa's George Manes won the 157-pound championship by pinning White Pine Hall's Robert Foote

SAE Craig Russell pinned Sigma Nu Keith Claudas to win the championship in the 167-pound division.

The 177-pound championship ended in a toss-up between ATO Terry Barcellos and ATO Calvin Reed. The match was stopped by the referee early in the first period because the two ATOs tried to stage a "bar-room brawl" type wrestling match. This match, although lasting only a few seconds, proved to be one of the most popular of the evening.

Independent Bob Mayer pinned ATO Bill Houk to win the 191-pound championship.

The last match of the evening ended in Sigma Nu's John Beemer pinning ATO's Dennis Downey for the heavyweigh championship.

The overall wrestling championship was decided on a point basis. Five points for pinning an opponent, four points for winning a match by a decision, and one point for losing. Points were awarded only to point men. Each organization was allowed one point team, composed of four men.

GYMNASTICS

Sigma Nu won the championship in the gymnastics competition. The exact break-

down on points was not available.

The four events in gymnastics were the trampoline, parallel bars, rings, and the high bar.

On the trampoline, ATO Bill Houk won first place, second place went to SAE Jeff Reeves, third Sigma Nu Tony Richards, fourth ATO Robinson, fifth Sigma Nu Dave Roberts, sixth Sigma Nu Bob Newmeyer, and seventh ATO Clark Guild.

First place in the competition on the parallel bars was won by Sigma Nu's Bob Newmeyer, second place Sigma Nu Dick Harris, third SAE Jeff Reeves, fourth Sigma Nu Dave Hornbeck, and fifth place went to SAE's Dennis Fitzpatrick.

SAE's Jeff Reeves won first place on the rings. Second place went to Phi Sigma Kappa's Bob Crouse and third place was won by Dave Hornbeck of Sigma Nu.

Bob Crouse of Phi Sigma Kappa won first place in the high bar competition. Second place went to Bob Newmeyer of Sigma Nu, third SAE Jeff Reeves, fourth Sigma Nu Dave Hornbeck, fifth Sigma Nu Dick Harris, sixth ATO Roger Batt, and seventh place was awarded to Dennis Fitzpatrick of SAE.

FENCING

The overall competition in fencing was won by the Independents.

In individual sabre competition, first place went to Steve Young of White Pine Hall.

First place in the sabre team competition was awarded to Wayue Cobb and Ron Carpenter.

In the foils competition, first place was taken by the Independent's Wayne Cobb and Ron Carpenter. Second place went to White Pine Hall's Ron Going and Steve Young. Third place was awarded to Mike Mott and Joe Modarelli of Lincoln Hall.

BASKETBALL FREE-THROW

Who was it that said a woman's place is in the home? The women's No. 1 basketball free-throw team proved him wrong.

Out of eleven basketball free throw teams, the women scored the biggest upset of the evening by placing third in the free throw competition. They made 78 free throws out of a possible 125.

Team results were, a tie for first place between ATO No. 1 and SAE No. 1. Both teams had scores of 85 out of a possible 125. Second place was a tie between ATO No. 5 and SAE No. 2. They made 81 baskets.

There will be a shoot-off between ATO No. 1 and SAE No. 1 later in the week to decide the winner.

Wrestling Squad Whips Sac State 35-13

SACRAMENTO — The University of Nevada wrestling team defeated Sacramento State, 35-13, in a meet in the Capital City. It was the fourth straight Far Western Conference win for the Pack, against two FWC losses.

The squad has improved very much in the second semester, after a few hard-knocks early in the year. Nevada will be one of the stronger contenders for the FWC championships next week at Davis.

Results of the Sacramento match:

123-pounds — Leonard Batchelder (N) won by forfeit. 130-pounds — Bill Teglia (N) pinned Less Williams (S). 137-pounds — Al Ikamata (S) won by forfeit. 145-pounds — Ken Gledhill (N) pinned Mike Bua (S). 152-pounds Ross Cortez (S) de-

feated Charles Ballard (N), 9-8. 160-pounds Earl Wilkens (N) won by forfeit. 167-pounds Roy Kreizenbeck pinned Ralph Craven (S). 177-pounds — Jack McDonald (S)

defeated Chip Carder (N). Carder suffered shoulder injury. 191-pounds Bob Seymore (N) pinned Keith Brodus (S). HVY — Larry Stiff (N) pinned Gary Smith.

PHI SIG GEORGE MANES, top, about to pin Robert Foote of White Pine Hall for the 157-pound championship.

LITTLE MAN ON CAMPUS

NICANOR ZABALETA

Spanish Harpist To Perform

The University of Nevada's 1965-66 Performing-Artists Series continues this Friday with the appearance of Spanish harp virtuoso, Nicanor Zabaleta. The performance will begin at 8 p.m. in the Jot Travis Student Union.

During past year Zabaleta has played at important music festivals in Germany, Puerto Rico, Scotland, Switzerland, Japan, and Italy. Last season, he played 77 concerts throughout the world.

Zabaleta claims he has transported his harp on everything but a mule. He takes it without its case, which is the heaviest, most awkward part of a harpist's equipment.

He prefers to travel by air; but boats, trains, taxi cabs, and gondolas offer no problems, says the musician.

Zabaleta began his career when his father bought him a small harp in an antique shop. Later he had formal training in his home city of San Sebastian and then Paris, France.

Zabaleta's programs are made up of original works for the instrument rather than arrangements or transcriptions. He plays original works of masters from

the 16th centuries, Cabezon; K.P.E. Bach and Beethoven from the 18th and 19th centuries; and Hindemith is represented by a sonata dated 1939.

Tickets are available by contacting Mrs. Pat Thomas in the university chancellor's office. General admission is \$2.25; university faculty and staff, \$1.25; students, \$1. University students with proper identification will be admitted free.

Dorm Salaries Questioned

Presidents of both Artemisia and Manzanita Halls are paid \$100 each semester for the work they must do while in office.

In Juniper Hall, the president gets only \$50, while the vice president, secretary, treasurer, and two social chairmen each get salaries of \$25 each.

Officers other than the presidents in Manzanita and Artemisia Halls do not get any salary for their work.

Donrey Speakers Address Students

Representatives of the Donrey media group spoke last week to various journalism classes. The Donrey group owns 18 newspapers and many radio and television stations in six states, including Alaska and Hawaii. KOLO-TV and the KOLO radio station in Reno are owned by Donrey, as well as newspapers in Winnemucca, Fallon, Carson City, Ely, and Las Vegas.

Donrey's Washington correspondent, Ken Scheibel, spoke to combined journalism classes on news coverage of Washington D.C.

Scheibel talked on President Johnson's relations with the press, as well as press relations with Walter Baring, Howard Cannon, and Alan Bible. He said President Johnson was a dynamic personality, but was sensitive to criticism by the press.

William V. Wright, general manager of the Las Vegas "Review-Journal," talked about opportunities in journalism. Wright is a former president of the Nevada State Press Association.

This difference in policy was discussed with several of the dormitory officers. Jean Bookman, vice president of Manzanita Hall, stated that although the women would have to vote on it, she believed the other officers should get some salary.

Maxine Forbush, who receives \$100 per semester as president of Manzanita Hall, says she definitely thinks at least the vice president of her dorm should get paid, since the campuses, bell duties, and room check are all the vice president's responsibility.

President of Artemisia Hall Lynn Hyland thinks that the two vice presidents should be paid. Since Artemisia has such a small treasury, Lynne suggested that she be paid \$50 instead of \$100. The remaining \$50 should be split between the two vice presidents, she said.

Judy Weishaupt, parliamentarian of Artemisia Hall, agrees with Lynne. Judy would not be affect-

ed by a salary change, but believes that the vice presidents do enough work to warrant a salary.

"Cookie" Beale, treasurer of Artemisia, disagrees. She said, "I've never felt like I should be paid. Juniper officers have a lot more to do than our officers."

The idea of reducing the salaries of the presidents of Artemisia and Manzanita so that other officers could be paid was suggested by Frankie Miller, treasurer of Juniper Hall. Frankie now gets paid for holding the office of treasurer.

Candy McGimsey, president of Juniper Hall, is paid \$50 a semester. She thinks the four top officers of all the dorms should be paid, especially the vice presidents.

Salaries for the officers are stated in the constitutions of each dorm, and any changes in these salaries would have to be voted upon by the residents of each dormitory.

Views On Frat Participation In Campus Activities Varied

Why are the fraternities more active on campus than other organized groups? This question was posed to University students this week and responses were varied.

"The training in fraternities and sororities and the group identification that goes with them cause people to be more outgoing. They want to do more to gain more experience. Fraternities give students a broader perspective in school," stated Carl Fuetsch.

ATO Larry Stiff commented, "They are more cohesive as a group. Fraternities have more organization and they want to improve themselves as a group. They also have the money and means to support activities such as politics and sports."

The feminine sector seemed to have other ideas. "They are more active for the prestige of the house," stated sophomore Jane Connor. Linda Reardon had a different view. "They need the prestige for the pledges and the pledges for the money."

This comment was countered by Rosemarie Garland who stated, "Fraternities are more campus minded. One of the basic purposes of the fraternity is to aid the school. Besides if it wasn't for the fraternities and sororities there would be absolutely no support for anything on campus."

"This was echoed by Independent John Stoddart who said, "There are no other groups on campus!"

Sea & Ski Products Researched

Checking for world-wide quality control of Sea and Ski products is part of the job now being undertaken in two research laboratories at the Desert Research Institute's new Water Resources Building

These laboratories are now being utilized for the research and development of Sea and Ski sun tan products and cosmetics.

Personnel are now in the process of completing the move into the new building.

Sea and Ski Corporation, a subsidiary of Smith, Kline, and French, a large drug and pharmaceutical house, formerly operated in the San Francisco area.

The research projects are under the direction of Dr. Robert J. Morris.

The Sea and Ski Corporation has an industrial research and development grant with the University of Nevada's Desert Research Institute that has been in effect since 1960.

Arrowhead Taken From University

An important aspect of the work carried on here is the testing of chemicals known as sunscreens, which can absorb burning ultra-violet rays to various degrees.

All research for the development of new products in the Sea and Ski cosmetic line will be conducted in these laboratories.

Professor Don Fowler of the anthropology department has reported the theft of an arrowhead from the Center for North American Studies in the Water Resources Building. The arrowhead was from field work done by Dr. Wilber Davis last summer in the Carson Valley.

SNEA Meeting Scheduled Thurs.

The Student Nevada Education Association will meet on Thursday, February 24 at 4 P.M. in the Jot Travis Lounge.

In as much as the arrowhead is the only one of a particular specimen type and has not been photographed yet, the department would greatly appreciate its return. Professor Fowler said that if anyone returned the arrowhead, no questions would be asked.

Dr. Higbee will be the guest speaker to speak about "the new grant for scholarships for undergraduates interested in mental retardation."

VISTA Representatives Here To Outline Program

Representatives from Volunteers In Service To America (VISTA) are at the University of Nevada to outline the program and its role in the war on poverty this week.

ers and who are committed enough to live and work for a year among the poor in this country."

"We're looking for volunteers of all backgrounds and abilities," reported Barbara Selfridge, leader of the VISTA contingent. She described VISTA Volunteers as, "people who can listen, understand and communicate with others."

VISTA Volunteers serve for one year, receiving living expenses and medical care. In addition to an allowance for food, housing, travel and clothing, they receive \$600 at the end of their service.

their help has been requested. Along with work in cities and rural areas. Volunteers are also assigned to institutions for the mentally handicapped. They may request service in a specific geographical area in the United States or its Territories and indicate the type of assignment they prefer. Upon acceptance, candidates enter a six-week training program to prepare them for their assignments.

Research Subject At Sigma Xi Meet Thursday At Noon

"Research in the College of Business Administration" will be the subject of the Sigma Xi Luncheon this Thursday at noon.

Mill Selfridge pointed out that over 2000 VISTA Volunteers are currently in training on an assignment to poverty areas throughout the United States. About 75 per cent of them are between the ages of 18 and 24.

The luncheon-lecture will be presented by Dean Weems of the College of Business Administration in the Card Room of the Travis Union building.

"Students now serving as Volunteers are involved in a list of activities as long as the problems which poverty creates," she said. They are conducting literacy programs, organizing clean-up campaigns, developing recreation programs, tutoring dropouts, setting up libraries, organizing community meetings and surveying health needs. They have renovated one-room school houses, started night classes for adults, and extended legal services on bail bond projects.

Students may buy or bring their own lunch. There is no charge to the program.

VISTA Volunteers go where

No entrance examinations or interviews are necessary to join VISTA. Persons over 18 are eligible; there are no education or experience requirements. Those who wish to join must submit two applications which may be obtained from the VISTA information center on campus along with further information.

Pack Pugilists Whip Chico

CHICO — The Nevada boxing team remained undefeated in the 1966 campaign by defeating Chico, 6-3-1, at Chico Saturday night. It was the third straight win for Coach Jimmy Olivas' boxers.

Winning for Nevada were David Halstead, Bill Georgeson, Jim Wright, Mike Schellin, Riley Beckett, and Mike Smithwick. The biggest upset of the night occurred when Nevada heavyweight Dale Landon was held to a draw by Chico's Wayne Cook.

Although he lost the decision, Nevada's tough 164-pounder Tony Schueller was the outstanding Pack boxer for the night. Schueller lost the decision to Mike Jones, after having Jones in trouble for the first two rounds. Jones landed one good punch in the third round to win the decision. Jones had knocked out Schueller last year, but never came close in this fight.

In the 126-pound division, Nevada's David Halstead forced the fight all the way to win by a good margin over Fidencio Ramirez.

Former two-time California Collegiate Boxing Champ Ken Katsumoto won a close decision over less experienced Bob Engle in the 132-pound class. Katsumoto took charge in the last two rounds.

Nevada Dave Widmer lost a

narrow decision in Chico's Denny Helms in the 139-pound bout. Helms came on strong in the last round.

Bill Georgeson remained undefeated in college boxing by taking an easy decision over Joe Tavalero in the 147-pound class. Battling Bill is the defending conference champion.

Nevada's Jim Wright used his wind-mill attack to easily decision Jeff Gower in another 147-pound match.

Mike Schellin came close to kayoing John Hughes in the 156-pound class to win a decision. After two close rounds, Schellin opened up to win his third straight bout this year.

Riley Beckett also won his third bout of the year, by taking a decision over rough Tim Fitzgerald in the 172-pound class. Beckett shook up his opponent several times in the wild-swinging brawl.

Nevada's Mike Smithwick continued his winning ways by defeating Russ Dewine in the 180-pound division. The Nevada fighter had his man in trouble in the second round and controlled the fight all the way.

Heavyweight Dale Landon, fighting for the first time in almost a year, was held to a draw

by substitute Wayne Cook. Cook, two-time conference wrestling champ, used his wrestling ability to good advantage and he mauled his way through. Landon is the defending conference boxing champion.

Narrow ATO Win Leads Intramural, Tau's 61, Phi Sig's 7

Last week's intramural basketball action saw the ATOs trounce the Phi Sigs by a score of 61 to 7. The high-scoring man for ATO was Mike Sala with 23 points. George Manes scored 3 points for the Phi Sigs.

In other basketball action, White Pine Hall downed Lincoln Hall with a score of 41 to 27. Dave Colleti was high point man for White Pine Hall and Johnson took the honors for Lincoln Hall with a total of 10 points.

Beginning the eighth week of play, SAE No. 3 will clash with Theta Chi at 4:15 p.m., and at 5:05 p.m. it will be White Pine Hall No. 2 vs. ATO No. 1. Both these games will be played Feb. 22.

On Feb. 24, at 4:15 p.m., SAE No. 1 vs. White Pine Hall No. 1. At 5:05 p.m. ATO No. 3 vs. Lambda Chi.

Nevada Shooters Near FWC Top In Scoring Race

Latest Far Western Conference basketball statistics show that the University of Nevada has three of the league's top 10 scorers. Larry Moore, Nap Montgomery, and Frank Bruno are in the top eight.

Engineers and Scientists:

Let's talk about a career at Boeing...
50-year leader in aerospace technology

Campus Interviews, Thursday and Friday, March 3 and 4

The most effective way to evaluate a company in terms of its potential for dynamic career growth is to examine its past record, its current status, and its prospects and planning for the future, together with the professional climate it offers for the development of your individual capabilities.

Boeing, which in 1966 completes 50 years of unmatched aircraft innovation and production, offers you career opportunities as diverse as its extensive and varied backlog. Whether your interests lie in the field of commercial jet airliners of the future or in space-flight technology, you can find at Boeing an opening which combines professional challenge and long-range stability.

The men of Boeing are today pioneering evolutionary advances in both civilian and military aircraft, as well as in space programs of such historic importance as America's first moon landing. Missiles, space vehicles, gas turbine engines, transport helicopters, marine vehicles and basic research are other areas of Boeing activity.

There's a spot where your talents can mature and grow at Boeing, in research, design, test, manufacturing or administration. The company's position as world leader in jet transportation provides a measure of the calibre of people with whom you would work. In addition, Boeing people work in small groups, where initiative and ability get maximum exposure. Boeing encourages participation in the company-paid Graduate Study Program at leading colleges and universities near company installations.

We're looking forward to meeting engineering, mathematics and science seniors and graduate students during our visit to your campus. Make an appointment now at your placement office. Boeing is an equal opportunity employer.

Records Given To University

Reno Little Theatre's records have been transferred to the University of Nevada's Special Collections department. The records were acquired by the library after a meeting with the Little Theatre Board of Directors last week.

The papers were given to the library Saturday after a meeting with the Board of Directors and Edwin Semenza, supervising director. Mr. Semenza founded the Little Theatre 31 years ago and has been with the group since that time.

Included in the collection are the business and financial records of the organization. Scripts of each of the plays produced by the group and programs of the plays are in the collection.

In addition to the official papers of the Little Theatre, the Special Collections departments has the files of theatre magazines collected by the group. Newspaper copy and publicity clippings of the performances and cast members activities are in the records.

Pictures of some of the performances are in the archives.

Robert Armstrong, special collections librarian, says the records of the association will be sent to the library on a continuing basis. He hopes to have the works in a usable form as soon as possible. A complete catalog of the papers will be made.

BOXING

THERE WERE A FEW HARD FIGHTS Saturday night at the Nevada-Chico boxing match. Nevada's bill Georgeson made a great come-back after being knocked down in the first round. He came back to win the bout by giving his opponent two black eyes and a swollen lip—Georgeson won by a unanimous decision.

Tony Schueller also fought a tremendous bout against a man who KOed him last year. He had the man in trouble throughout the fight but lost the decision. I thought Tony won the fight but was a victim of a "home job" by the judges.

Dave Halstead, Nevada's 126 pounder, is also a tough little fighter for his first year of boxing. He could be a great boxer by the time he is a junior or senior.

JIM WRIGHT CLAIMED he was sick last week, so coach Olivas told him not to box Saturday night. Half an hour before the match began, Jim appeared in the locker room at Chico bragging about how nice it was in the grand stands—Olivas grabbed him and put the gloves on him, and five minutes later he was boxing—and he won (I wonder if he really had the flu or a girl friend in Chico).

The Wolf Pack boxing team has won all three of its matches and could complete the season undefeated. This Saturday's battle with the defending champions at Berkeley will tell the story.

TRACK

THE FIRST MEET is in a couple of weeks and the Wolf Pack is favored to win by quite a large margin. In fact the Wolf Pack could easily win the conference and possibly the regionals this season.

COACH DANKWORTH HAS some of the most talented athletes on the west coast, and there are rumors that Nevada may send part of its team to the Mount Sack track relays, and if so Nevada will have a good chance to place first in the small college division with our 15 ft. 6 in pole vaulter, 190 ft. discus thrower, 7 ft. 2 in. high jumper, and a few others.

THIS YEAR, I predict the University of Nevada track team will receive more honors than ever before and will place higher in collegiate rankings than ever before.

MISCELLANEOUS

A FEW WEEKS AGO Nevada heavyweight boxer Ben Blinn was traveling through Chico California when he decided to have a bite to eat. He went to a restaurant (all you can eat for \$1.00) and ate six chickens. But that's typical for Ben, I heard he once won a \$5.00 bet because he ate more than 10 hamburgers in one sitting.

THIS IS THE LAST TIME I will write a regular column. Mike Parman is taking over my job as sports editor and will do a fine job I am sure. It was fun and rewarding being on the Sagebrush staff but unfortunately too time consuming while competing in a sport myself. I hope I'll be writing again someday.
