PRICE FIVE CENTS

## UNDERCLASSMEN SET TO TANGLE IN FIELD DAY BATTLES TOMORROW

### Pent-up Rivalry of Past Weeks Will Reach Fighting Climax; Frosh Women to Cheer in Kindergarten Garb

Intense rivalry which has been smouldering during the past few weeks between sophomore and freshman classes, flaring out into pitched battle on several occasions, will find its culmination in a series of "knock 'em down, drag 'em out" contests to be staged in Nevada's first Field day tomorrow at 1:30 on the Mackay athletic field. While the men of '30 fight for the honor of the class against the second year antagonists all frosh women will be in attendance en masse in the front rows of the bleachers, attired in the most fitting "baby sister" style that they are able to muster.

Promptly at 1:30, heavyweight representatives of the two underclasses will leave their corners of the fighting ring erected before the stands, shake hands and start pounding K. O. blows in the first event of the day. Both freshman and sophomore pugilists have been taking on intensive training during the past couple of weeks and each is fully determined that his class shall not be the first to go to the mat. After three rounds, their place will be taken by middleweight and then lightweight fighters from the two classes. Each fight will go three rounds with the probabilities for a knock out running high in each contest.

## DEBATE TRYOUTS TO BE ON 17TH

### Debates Probable With Cal., Stanford, Utah and Australia

Tryouts for the Varsity debating squad will be held at 7 o'clock on Friday evening, September 17, in the auditorium of the Education building. They are open to all senior junior and sophomore men and women students.

Those trying out will deliver a five minute speech on either side of any of the following questions:

"Resolved, That we should pity artists in America."  
"Resolved, That Babbitts are the Hope of This Country."  
Edwin Duerr, debating coach, will judge at all the tryouts, no rebuttals being called for.

Those who make the squad will participate in probable debates with the Universities of Sydney, Australia, California, Stanford and Utah.

## CLARK TALKS TO MINDEN ROTARY

With the University as his topic, President Walter E. Clark spoke before the Rotary club of Minden on Wednesday. The Lincoln Hall quartet composed of Robert Annand, '29, Clifford Hitchens, '29, Donald Bernstein, '29, and Alden Copeland, '29, accompanied Dr. Clark and entertained the club with a number of musical selections. The musical program was arranged by Robert Farrer, '12.

## VAUGHN WILL GO ON LEAVE SOON

Sergeant Vaughn expects to go on indefinite leave September 20. He will be relieved by Sergeant Barba who is now at the University of California.

## TWENTY SIGN UP FOR WOLF WORK

Twenty students evidenced their interest in work for the Desert Wolf by attending the first meeting of the Campus humor publication Tuesday at 4 o'clock in Stewart Hall. Although various plans were discussed, none were given official sanction by Norman Bell, editor of the magazine. Appointments to the art and editorial staffs will be made at a later date.

## NEW DATE DIRECTORY COMPILED FOR 'HALL'

"The Sing Sing Directory" is the title which heads the list tacked up just inside the door of room 307 in Lincoln Hall. Below the above given title is a very elaborately arranged directory giving the room numbers of all the attractive girls in Manzanita Hall and the house addresses of all the sorority sisters worth knowing.

## COMMERCE CLUB PROSPECTS AND GROWTH MARKED BY SUTHERLAND

### Cooperative Plans for Placing Graduates Explained

### BIG DEPARTMENT School of Commerce Is Set as Ultimate Achievement

The membership of the Commerce Club was decidedly increased and the prospects of still a much larger organization are very favorable, in view of the fact that there are more students registered this semester majoring in the business department than even in the engineering department which previously had the largest enrollment, according to Associate Professor of Economics, Business and Sociology, E. G. Sutherland, who spoke to the club at its regular meeting Wednesday night, September 8th, and explained the real purposes and aims of the Commerce Club.

Supply Needs  
"We want to take pride in our organization, live it up and begin preparations for a school in commerce primarily, and secondly do something as members of the Commerce Club representing the student body and department of business and economics, to get in touch with organizations and corporations that need men to fill the ever growing number of positions offered in this field," Sutherland began.

"I have come to an agreement with a certain corporation to supply their needs from the Nevada campus, and since Reno cannot offer as many opportunities to graduating students, this will be a means of letting corporations all over the west know when and where new material lies."  
Be Factor  
"There is no reason why this organization cannot 'put things over' as other clubs on the Hill are doing, and there is every indication that it will be a leading factor in college activities here," he added.

Visitors coming through Reno and down town business men are constantly available for talks and important information concerning this work and would be only too glad to give some of their time to students interested in these matters."

In the course of the meeting, Evelyn Anderson, '29, was elected secretary and treasurer to succeed Ellis Randall, '28, and a number of new committees were appointed by President Thomas Fitzgerald, '27, for furthering the purposes of the club.

Formal initiation of new members was dispensed with for at least two more meetings, after which time, anyone wishing to join the organization must receive the conventional bid.

The next meeting of the Commerce Club will be Tuesday, September 21st, which will be followed by the usual social meeting and refreshments.

## OLD BUREAU TO BE INDEPENDENT

The publicity bureau, which was a department under the direction of the Sagebrush last year, will in future act independently. This organization will handle all school publicity, sport and news items for the Coast and Nevada papers.

The bureau has been granted funds for supplies by the Finance Control Committee and will have its offices on the third floor of Stewart Hall. Any one wishing to try out for a place in this organization is referred to Robert Adamson, '29, or Fred Hagmeyer, '27, at the new office.

## HOME COMING IS SET FOR OCT. 23

It has been definitely decided that the Wolf Pack will be lined up against the strong Saint Mary's eleven on Homecoming Day, October 23.

## Present Student Pitfalls Frolic Acts Soon to Be Non-Existant Called For

With the finalities of the soph-frosh poster rush closed, a great danger has been removed from the campus, but there has been an even greater one ever present since school commenced. It, too, will soon be non-existent.

For more than two weeks a veritable maze of pits, footfalls, wires, pipes, cement blocks and heaps of dirt has been awaiting the unwary student; to admit a passing young lady, to greet one's professors, to note the surroundings, to even lift one's eye from the ground in front—has been to endanger life or limb. That no accidents have occurred is astounding.

And the upperclassmen—how handicapped they have been. To stroll about the campus as is their privilege and habit, in the company of some interested co-ed, has been to risk being

## ADDITIONS WILL BETTER STATION Construction of Public Service Building Is Planned

The Hatch Station which was recently moved to the northwest part of the campus to make room for the new library, will undergo a good many repairs before it will be ready for use. A new addition will be added to the north end which will be used by the Veterinary department. The basement of the main building will also be divided into several rooms, one of which will be used as the ladies' rest room.

The exterior of the Hatch Station, which is stained by time and weather and was somewhat marred in the process of moving, will be completely gone over. It may be gone over with plaster, although it is probable that the broken and damaged bricks will be replaced with new ones. Another feature which will probably improve the looks of the building will be a porch which will be added to the entrance of the building at the west side.

New Foundation  
The building will set upon a new cement foundation, inside of which there will be built several rooms to be used by the Veterinary department. One of them will be used as the Veterinarian's office and will connect with the main research laboratory in the new addition, which will be added to the north end of the main building. It will be built with skylights and side windows so as to furnish plenty of light for the laboratory which will occupy the west half. The other half will be used by the department as a room in which to keep small experimental animals. The second and third floors will be used by the agricultural experiment station as before.

The Hatch Building will become the first of a group of buildings planned to occupy the northwest portion of the University campus. Its reconstruction will be followed by the construction of a large structure which will house the departments of pure food and drugs, the state hygiene laboratories, the veterinary control service and allied public service divisions. The parking of the grounds will make this portion of the campus conform fully to the high standards set for the remainder of Nevada's beautiful campus.

## Y. W. C. A. BOOTH IS OPENED AGAIN

On Tuesday morning the members of the Y. W. C. A. cabinet opened their candy booth at the front entrance of Stewart Hall. This booth has been conducted every semester during the last five or six years to raise funds to send the Y. W. C. A. delegates to Asilomar.

The booth will be open between 8:40 and 9:45 every day except Saturday. Besides a varied assortment of bars, students will be able to purchase men's and women's "Nevada" belts.

## MINOR MALADIES EVIDENT ON HILL

Tonsillitis and colds have proved the most popular maladies on the campus so far, according to the register at the university hospital. Norton Warden, '27, was among the first to appear at the hospital for medical aid, having suffered from a severe cold during the opening week. Others who felt the sudden change in weather were Helen Tibbert, '28, and George Dunan, '30.

Sprained ankles also were favored by some of the students, among whom were Marjorie Lane, '30, and Nellie Earl, '30. So far, however, the University hospital has not been the most populated of the campus buildings.

## INTERCOLLEGIATE DEBATES TO BE SCHEDULED SOON

### Duerr Plans Successes in Coming Debates of Semester LIVE SUBJECTS

### Winning Not Object of Debating, Interest Is Stressed

The debating season for this year promises to be very successful. Under the leadership of the new debate coach, Mr. Edwin Duerr, many plans are being made. Last year it was impossible to arouse very much interest in debating as there were too many debates of an inferior quality. This semester there will be fewer and better debates.

Mr. Duerr's plans include two intercollegiate debates and one freshman debate each semester. Complete arrangements have not yet been made but Mr. Duerr hopes to secure debates with Stanford and University of California as well as one women's debate with Mills. The debating teams from the University of Virginia and the University of Australia are making a Pacific coast tour this year and we may be fortunate enough to obtain debates with them. College of Pacific is also a possibility.

Other Schedules  
Besides these intercollegiate debates there will, of course, be many interclass and Clontia vs. Cactus contests.

Mr. Duerr states that the general lack of interest in debating is due to the choice of dry subjects. No one is interested in the independence of the Philippines or in any subject which is merely a collection of facts gleaned from an encyclopedia. He desires more real live subjects as, for example: Resolved, We Dirty Artists in America, or: Babbitts are the Hope of the Country. A discussion of such subjects as these involves real thinking and originality and is naturally more fascinating than statistics.

Winning is not to be the object of any debate. Mr. Duerr favors the new Oxford system of no decision debating. Many interesting subjects for interclass debates have already been suggested as: "The Use of Cosmetics in the Class Room," and "Woman's Place in the Home." Definite plans will soon be completed and real work will begin.

## CLUB TO PICNIC AT DONNER LAKE

Plans for a picnic to be held at Donner Lake next Sunday, September 11, were perfected at a meeting of the Aggie Club held last Wednesday night. The Aggies and their friends will leave from the Aggie building at 8 o'clock Sunday morning, with box lunches and plenty of plans for a lively time.

After the regular business meeting, a social meeting which included a program and refreshments lasted until 10 o'clock.

## REGISTRATION TO END NEXT WEEK

Next week will be the last chance to register, as September 16 is the date set when all registration cards must be filed. Up to September seventh there were 896 cards taken out, which is only twenty under the total registered last year. It is impossible to compare the number of Nevada and California students with those of last year until all cards have been turned in and registration closed.

## HASEMAN PLANS TOUR OF STATE

The outlook for the men's Glee club program is especially encouraging this year, according to Professor "Charlie" Haseman, director, because of the large number of old members who have returned, and because of the unusual talent, displayed by freshmen prospects. The men hope to make this year the greatest triumph in glee work in the history of the university.

The club has complete plans for trips to be taken by twenty-five men to different parts of the state during the coming year, following the first formal appearance of the glee club at the Wolves Frolic in October.

FACULTY  
Members who intend to subscribe to the Sagebrush may get this issue by calling at the "Brush" office. Subscriptions are being taken during the coming week.

Maybe I'm dumb but I don't think a corkscrew is a key to a revolving door.

# THE SOCIAL SIDE

**SOUTHERN RUSHING TEA**  
The S. K. Morrison home on Court street was the scene of a southern party Saturday, September 3, when the members of Gamma Phi Beta sorority entertained at their rushing tea. Kathleen Malloy, '28, accompanied by Catherine Curieux, '28, sang several solos; Althea Shaber and several little picaninies danced the Charleston to the accompaniment of a negro orchestra, and Anna Blundell played several southern selections on the violin.

**JAPANESE TEA**  
Beta Delta entertained at a rushing tea Saturday, September 4, at the home of Mrs. J. H. Fulstone. The affair was carried out as a Japanese tea, the music and dancing being in keeping with the occasion.

**S. A. E.'s ENTERTAIN**  
Nevada Chapter of Sigma Alpha Epsilon and their guests entertained at an informal dancing party at the home of George B. Thatcher Saturday, September 4.

**Lambda Chapter of Delta Sigma Lambda** fraternity announces the formal pledging of Emery Chase, '30, Darrel Cuff, '29, and Dan Senseney, '30.

**SIGMA PHI SIGMA ENTERTAINS**  
Honoring the new pledges of Sigma Phi Sigma, the active members entertained with an informal dance at the chapter house on North Virginia street last Friday evening. The rooms were decorated in the fraternity colors, and refreshments were served throughout the dance. Chaperons for the evening were Mr. and Mrs. B. F. Chappelle and Dean Sibley.

**NINNIS-GOLDIE NUPTIALS**  
On Sunday evening, September 5, Thelma Ninnis, '26, became the bride of Pirie R. Goldie of San Francisco. The wedding took place at the home of the bride, Reverend R. C. Thompson reading the ceremony. Mrs. Goldie was prominent in university affairs and is a member of Pi Beta Phi sorority. Goldie attended the University for a time before taking up his studies at Stanford where he obtained his degree. At present he is connected with the California Automobile association of San Francisco in which city the couple will reside after their honeymoon.

## NEW CLOCKS TO AVOID CONFUSION

Clocks are being installed in Manzanita, Artemisia and Lincoln halls, as well as in the dining hall, which will be set exactly alike and which will correspond in time with the clocks in the class buildings. The class bells will be rung according to these clocks, thus avoiding the confusion which there has been in the past.

## SAGEBRUSH WINS SERVICE AWARD

The University of Nevada Sagebrush is in receipt of a diploma from the directors of the Sesqui-Centennial International Exposition in Philadelphia for conspicuous service in assisting to bring the message of the exposition before the public.

The Sagebrush devoted time and effort toward making the affair a success, and the certificate is presented as an expression of appreciation and commendation for assistance in the celebration of one hundred and fifty years of American independence.

Send the 'Brush home.

**PLEDGES COMPLIMENTED**  
Members of Sigma Nu fraternity complimented their pledges with an informal dance given Friday evening at the chapter house. Bill Clinch sang several solos during the evening and the affair closed with the singing of fraternity songs.

**LINCOLN ENTERTAINS**  
Saturday evening, September 4, Lincoln Hall association was host at an informal dancing party at the hall. The Glee Club orchestra provided the music for the occasion. Dean and Mrs. Raymond Beach acted as patron and patronesses.

**U. OF N. GRAD WEDS**  
A large church of Pittsburgh, Pennsylvania, was the setting for the marriage ceremony of Ottway Peck, '25, and Miss Myrtle Kell of that city, July 19, 1926. The groom is employed by the Westinghouse Electric company of Berkeley where the couple are now residing.

**ANNOUNCE PLEDGING**  
Delta Iota of Alpha Tau Omega announces the pledging of Carl Volght, '30, and Walter Johnson, '30. Both were former athletes of Elko.

**MANZANITA TEA**  
The tea dansant that was to be given at Manzanita hall this afternoon has been postponed until next Friday. The junior class women of the hall were the hostesses at the regular tea this afternoon.

**DELTA SIGMA LAMBDA INFORMAL**  
Members of Delta Sigma Lambda were hosts Friday evening, September 3, at an informal dance given at the chapter house. Dean and Mrs. Raymond Beach acted as chaperones for the affair.

**TRI DELT RUSHING TEA**  
Delta Delta Delta sorority entertained Friday afternoon, September 3, at the home of Mrs. H. E. Reid with their rushing tea. A fashion show was the feature of the affair. Other entertainment was provided by Mildred Hughes who gave several dances, by William Blackler, soloist, and by Mrs. Hadden, Mrs. Gordon Hempton and Enid Harris, who sang gypsy songs in costume.

## K. C. MAGAZINE GREETNS NEVADA

An article recently appearing in the September number of "Sail On," bulletin of Knights of Columbus, comments on the renewed activity on the campus due to the taking up of the fall semester and welcomes the students back to their work. It declares: "We are glad to have you with us and if our council may be of any assistance to you we wish only to be called upon to do our part."

An explorer in Africa tells of a beauty show held in the heart of the jungle. Five hundred young women entered, the winner was judged by the perfection of her feet.

## FIRST AID WORK TO BE GIVEN BY PHYSICAL ED. 63

### Second Part of Course to Be Devoted to Camp Craft

The Red Cross first aid unit will be offered by Physical Education 63, a course in principles of physical education, the first part of this semester. For a Red Cross certificate fifteen periods of work are required. As planned, this part of the work will be under the direction of Miss Elsie Sameth and will be given on Tuesday and Thursday at 3:15.

All students interested in earning a Red Cross First Aid certificate should consult with Miss Sameth as early as possible. The second part of the work of this course will probably be devoted to instruction in camp craft and will be under the direction of Miss Verrel Weber, instructor in physical education. For this part of the course there will be field work which will also include lectures. Tentative trips to Lake Tahoe and to Bowers' Mansion have also been planned.

College credit for either half of this course will not be given, but taken as a whole it is a two-unit course.

## SILENT SUNDAY BRINGS GLOOM AS RUSH WEEKS DRAW NEAR TO BID DAY

"Ting-ling ting-ling," the gloomy silence of Manzanita hall is broken by the welcome sound of the telephone.

Girls all about start, hoping that the bell brings some cheering message to them. They are disappointed, however, for out of the whole group, only one girl is called.

The gloom settles again. Faces are long and laughter is scarce. What contrast with the gaiety of the past few weeks! The reason is apparent, it is Sunday, silent Sunday, which is followed by Blue Monday, Bid Day.

## PAINTINGS GIVEN U. BY MAXWELL

### Nevada Prospector Is Donator of Oil Landscapes

The University has recently received a donation in the form of two large oil paintings. They were done by a man who loved Nevada and who knew of no better way to express this affection.

This man is Fred Maxwell, an old time prospector of Southern Nevada. He is a man of over sixty years, forty-five of which he spent seeking riches in the Nevada mountains. In preference to a good home with his daughter, who is the wife of a prosperous Ohio manufacturer, Maxwell lives a solitary but happy life in a little tent-cabin at the desert station of Bellville, on a narrow gauge branch of the Southern Pacific.

In donating these paintings to the University, Maxwell believed he had found one way of being appreciated.

### CIVIL EXAMS IN MANY SUBJECTS GIVEN BY U. S.

Applications Must Be on File Before October 9

Competitors in the United States civil service commission will be interested to know that all applications for junior patent examiner must be on file at Washington, D. C., not later than October ninth. The date for assembling of competitors will be established on the admission cards sent applicants after the close of receipt of applications and will be about ten days after that date.

Examinations will be given in the following optional subjects: Civil engineering, electrical engineering, mechanical engineering, chemical engineering, electrochemistry and general chemistry. Competitors will be rated on physics, mechanical drawing, technique, the optional subject chosen, mathematics and language (French and German).

The duties of appointees will be to perform elementary scientific or technical work in the examination of applications for patents; to see what the alleged inventor thinks he has produced that is new, and to see that the disclosure is complete, and to investigate the prior art as represented by patents already granted in the United States and various foreign countries and by the descriptions in technical literature.

Full information and application blanks may be obtained from the United States civil service commission, Washington, D. C., or the secretary of the board of U. S. civil service examiners at the postoffice or customs house in any city.

### BUSEY CHAMPION IN STATE TENNIS

Douglas Busey, member of the sophomore class, won for himself the title of Nevada tennis champion in men's singles by defeating Radey in the state tennis tournament held last May. Radey was state champion last year, but was forced to yield first place to Busey in this year's contest.

Busey will be seen in action in the coming Reno city tournament which is scheduled for August 28. Some twenty-five entries are expected, among them Green, Nenzel and Radey. There will be a cup given to the winner of the men's singles.

### SCHOOL TRAFFIC RESERVES ADDED

In line with its policy of extending the Public School Traffic Reserves in the larger cities throughout its territory, the California State Automobile association announced recently that two new units of the reserve had been organized in San Francisco. They are additions to more than twenty units which are now functioning in San Francisco schools.

Towne said that it is significant that practically no accidents to school children have occurred in the vicinity of the schools in any of the Northern and Central California cities in which the reserves are functioning.

### A LITTLE MATTER OF BEING WELL DRESSED

When one drags oneself out of bed for that tiresome 7:45, 8:40 or 9:35 it just doesn't seem important what color of hose one slips on or whether one's hat is cocked in "de bowery" fashion. But later in the day when one passes the secret sorrow on, bliss of blisses, he strolls along at one's side, the little matter of how-do-I-look becomes suddenly of vast importance.

A small thing may make or mar your appearance. For example let us take Sorority Sue. S. S. is a good looking girl and, to use the campus lingo, she gets by big. But of late S. S. has flaunted one particular spot which hangs down below her dress in a woe-be-gone manner. We will excuse S. S. She probably has a mirror which will only show one piece of herself at a time. How much better though it be for S. S. if she tipped the mirror and became acquainted with herself. Then that ominous phrase "Charlie is dead" would not ring in her ears as she passed by.

Just another suggestion—there are types and types. Jeanne, who is tall and willowy may wear a dress with full sleeves and a flounced skirt. Peggy, who is short and "pleasantly plump" (most damning of all phrases), must cling to the straight and narrow line.

"Trifles make perfection," says a famous author "but perfection is no trifle." I wonder if he did not mean in clothes as well as in morals.

### REWARDS GIVEN FOR CARD SALES

UNIVERSITY OF CALIFORNIA, Sept. 9.—(P. I. P.)—Premier saleslady of the campus, is the title universally accorded to Betty Stevenson, 27. Miss Stevenson won her honor by surpassing any of the other co-eds on the A. S. U. C. card sales committee in selling the student body cards. A total of 320 cards, representing \$3,200 in cash, was sold by Miss Stevenson. Herbert U. Mensing, 28, disposed of 270 cards. Both these figures are far in advance of previous records for cards sold.

The two leaders will be awarded complimentary cards and gold fountain pens for their work. Nine other co-eds and fourteen men in addition to Mensing will also receive complimentary cards for surpassing the rest of the committee of salesmen in the drive.

### CAL. RESTRICTS COURSE CHANGES

Pocket books will be hard hit by those who change their minds at the University of California, inasmuch as the university recorder's office has announced a charge of \$1 per course added or dropped.

Further restrictions have been heaped upon the California student, due to the fact that after Saturday, October 9, no courses may be dropped. However, permission may be obtained to discontinue attendance at class. In this case a grade of "F" will be received.

### DYKE'S INJURIES NOT SERIOUS AS FIRST BELIEVED

Report of Petition for Redress Denied by Boy's Parents

UNIVERSITY OF CALIFORNIA, Sept. 9.—(P. I. P.)—Emphatically denying the statement appearing in afternoon newspapers yesterday, University officials and Dr. Louis Dyke last night declared that no requests had been filed with the University concerning the injury of Louis Dyke Jr. 30, in the recent freshman-sophomore rush outside Harmon gymnasium.

Dr. Dyke asserted that he had no intentions of petitioning for redress and refuted the details of the case as related by the newspapers.

"I have made no requests of Dr. Campbell or the University of California in this regard, nor do I intend doing so," he said. "I called upon Dr. Campbell at the University and we had a very friendly and satisfactory talk."

Papers declared that young Dyke sustained "a fractured skull, concussion of the eye, and a fracture of the orbit of the left eye."

Dr. Robert T. Legge, University physician, pointed out that the student was not seriously injured. Dyke is attending classes.

The story originated in an afternoon paper and was copied by the Associated Press. Acquainted with the facts, the press association immediately ordered member papers to "kill" the article. This was not done by at least one afternoon paper.

POLAND TO RESTORE PALACE  
Poland is preparing to restore the Chateau Lazienki at a cost of about \$150,000. It was there that Poland's last kings dwelt. Napoleon also lived there for a time. The chateau is beautifully situated before an artificial pool. Its delicately colored walls make a pleasing effect in the green of the large park.

### OCEAN REPTILES FOUND BY CAMP

Ocean reptiles, of prehistoric ages were unearthed this summer in northern Mexico by Dr. C. L. Camp, curator of amphibians and reptiles at the museum of paleontology at the University of California. The fossils now being mounted by Dr. Camp were found in Sonora.

Dr. C. L. Baker, geologist, was the first to report the existence of the beds of trassic deposits. Last year Camp and his party explored in New Mexico and Arizona, uncovering unusual land reptiles, but it was not until this summer that they discovered ocean reptiles in the region. One of the reptiles has a head more than five feet long, with huge teeth. "It was a specialized lizard form," Dr. Camp explained. "It was almost a whale-like creature."

Many ammonites, small-like shells, which belonged to the ancestors of the now practically extinct nautilus, were found by Dr. Camp, in addition to the sea reptiles. That a great ocean once extended over this coast and into Mexico is the belief advanced by a Stanford professor who has found other similar shells in Shasta county.

The function of the Graduate School of the University of Indiana is to carry on research in science and literature and to train students in the methods of research.

### TRUNKS NEEDED FOR ROCK-AGE COMPACTS

UNIVERSITY OF CALIFORNIA, Sept. 9.—(P. I. P.)—Vanity causes the size of trunks would have been the lot of flappers living five thousand years ago, reports Dr. William F. Bade, Berkeley archaeologist.

Returning from Jerusalem, Dr. Bade brings many evidences that flappers having bobbed hair lived in that country long ago.

"They differed very little from the flapper of today in their clamor for cosmetics," the savant said.

He then displayed a rare old vase which he said was used by the ancient flappers to hold oil for plastering down the bobbed coiffure. Their priming tools were rather crudely made and it would take a good sized trunk to hold them.

### Campus Briefs

Donna Dove, ex-'28, is now connected with the Elko Free Press where she holds the position of society editor.

Hulbert Horn, '24, is now occupying the position of assistant engineer at Emigrant Gap, California, where an arch dam is being constructed in the heart of the Sierras.

Clara Doyle, '25, spent the week-end in Reno with friends.

Dean Margaret E. Mack spent Sunday in Virginia City.

Charles Russel, '26, will teach in Ruby Valley this coming year.

Elizabeth Berndt, '26, will teach in a private school in Los Angeles this year.

Mildred Leavitt, '26, and Bernice Gruber, '26, were in Reno during the latter part of last week.

Russel Boardman, '23, and Ashton Codd, '25, were in Reno over the week-end. Both are employed in Independence, Cal.

E. J. "Babe" Carlson, '25, was in Reno last week. He is employed by the Bell Telephone Company at Sacramento.

Tayne Larrick, '25, Ernie Tarn, '18, Forrest Frost, '24, and Lee Lyons, '26, were the guests at the Phi Sigma Kappa house over the week-end.

Eddy Ducker, '29, and Charles Kitzmeyer, '30, were in Carson City over Sunday and Monday.

John Agrusa, '27, Mike Lawlor, '27, Glenn Lawler, '30, and Glenn Beam, '29, attended a ball game in Battle Mountain over Sunday.

Bruce Connelly, '28, and Bernard White, '28, were in Fallon where they played at a dance.

Neil Collinger, '25, spent his vacation in Reno with his parents.

Margaret Sullivan, '30 and Regina Sullivan, '30, spent the week-end at home in Virginia City.

Barbara Horton, '30, visited her home in Virginia City over the week-end.

Aurora Belmonte, '30, had as her guests over the holiday at her home in Carson City, June Byrnes, '30, and Gerdy Hexam, '30.

Sylvia Crowell, '30, had Helen Mann, '30, as her guest in Carson City over Labor Day.

Ed. Whitehead, '30, spent the holiday in Minden.

Saralee Clark, '30, went to Virginia City last week-end.

Prof. Duerr spent the week-end at the University of California arranging a debating schedule for the coming year.

Irene Wilson, '30, Marion Allison, '30, and Maryemma Taylor, '30, spent the week-end at their homes in Carson Valley.

"Barney" Keating, '25, well known alumnus, is in Reno visiting with friends. He is working with an electric company on the coast.

Don Robison, '26, was a visitor in Reno over the week-end, enjoying the festivities of Labor Day. He is working for the Holt Caterpillar Company in San Francisco.

Professor and Mrs. Sutherland visited Lake Tahoe over the week-end as the guests of Professor Bixby.

Professor and Mrs. Hicks and Professor and Mrs. Higginbotham spent Sunday in Truckee.

Frank King, '26, has returned to the University of Nevada to work for his M. A. King expects to complete his degree in December and immediately enter Stanford to work for a Ph. D.

Marshall Harrell, formerly professor of geology in the Mackay School of Mines, is now connected with the Sun Oil Company in Pecos, Texas. His official duties are field survey work in connection with the development of new oil wells.

Grace Uhart, '30, was the guest of Louyne Anderson, '30, in Wadsworth Sunday.

Edith Scribner, '29, Cecil Newton, '30, and Lucille McKenny, '30, visited their homes in Loyalton, Calif., over the week-end.

James Johnson, '30, spent the week at his home in Portola, California.

Naomi Ayers, '27, Julia Thein, '28, Ruth Glasscock, '29, Helen Coverston, '29, Lucille Opdyke, '30, and Maud Dunbar, '30, spent the week-end at their homes in Fallon.

Miss Christina Garteiz, '26, spent the week-end in Winnemucca returning to Manzanita Tuesday evening.

Charlotte Gibson, '26, and Claire Williams, '25, were the guests of Ada Moore at Manzanita Hall over the week-end. Miss Gibson left Sunday for Hawthorne where she will teach this year. Miss Williams will teach in the English department in the Reno Junior High School.

Kathleen Griffin, '28, Sally Lovell,

City arrived Tuesday morning to register at the University.

Florence Benoit, '26, who has been visiting friends in Reno and Sparks, left for Hawthorne, Nevada, where she will teach this year.

Mildred Leavitt, '26, was a week-end guest at the Delta Delta Delta house. Miss Leavitt will teach at Jackson.

Genevieve Williams, '29, has as her guest at the Tri-Delt house Miss Marchand Newman of Elko, who is on her way to Castelleja to attend school.

Genevieve Williams, '29, spent Wednesday at her home in Fallon.

Dean Margaret E. Mack took a trip over Geiger grade through Virginia City, Silver City, Gold Hill, Sutro and Dayton, returning by way of Carson last Sunday. At Sutro she visited the famous Sutro mansion.

Kappa Alpha Theta announces that Mrs. Roy Terwilliger will be their new house mother this semester.

Payne Larrick, '25, Lee Lyons, Ernest Tam, Wayne Hinkleley, all ex-'27, were in Reno for the Labor Day celebration year.

Wilma Blattner, '26, is the guest of friends this week.

Lois Hesson, '27, is the guest of Grace McNeil this week. She will enter Stanford in October.

Jessie Brown of Berkeley is the guest of Katherine Davidson, '29.

Hampton Brady, ex-'28, former president of the Clonia debating society, visited with his parents in Reno last Tuesday. Brady has been working in the vicinity of Elko during the past year and intends to spend the next two months on a vacation trip in California.

Farrar Richardson, '29, and Kent Wallace, '30, drove to Fallon Tuesday for a short visit with relatives. They

### GILBRETH DIRECTOR OF VIRGINIA MINES SCHOOL

The Virginia City Mining School, which opened Tuesday, September 7, is under the direction of John P. Gilbreth, who recently returned from a two week's stay at Glenbrook, Lake Tahoe, where he attended the annual conference of vocational school instructors of the state. Mr. Gilbreth states that the conference was a very enjoyable and valuable one to all who attended.

Mr. Gilbreth has made all arrangements for the work of the year in the mining school and the usual courses are offered.

returned the same evening.

Gael Canto, '29, spent the week-end in Sacramento.

R. C. Thompson, professor of philosophy, has preached at the Baptist Church during the summer in the absence of Brewster Adams. According to some members of the University faculty, Professor Thompson has given some very vigorous and strong sermons.

### COLLEGIAN FAILS IN MASQUERADE

NEW YORK, Sept. 9.—Masquerading as a ship's steward, Ernest F. Arnold, who claims to be a University of Washington student, nearly had a free trip across the Atlantic ocean.

He stowed away on the S. S. Leviathan at Southampton, but was caught eating at the steward's mess by a petty officer. When asked for his number, Arnold admitted that he had none.

He arrived at New York today as a full-fledged third-class passenger, for he had produced sufficient money to purchase a ticket.

The Campus, official publication of the Connecticut Agricultural College, is to have one issue put out entirely by the faculty.

list this under "major sports"

THERE'S no other sport on the calendar to compare with smoking a jimmy-pipe packed with P. A. Indoors and out. Any season. You win even when you draw, if you get what we mean. And how you will draw, once you know the wonderful taste of Prince Albert!

Cool as an over-cut notice from the dean. Sweet as the thoughts of a holiday. Fragrant as woodland flowers after a spring shower. P. A. never bites your tongue or parches your throat. The Prince Albert process fixed that the day P. A. matriculated.

Come out for this major sport. Get yourself a tidy red tin at that nearby smoke-shop where they hand out P. A. sunshine. You and Prince Albert are going to be great buddies right from the start. Because there just never was another tobacco like Prince Albert!

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

## Pacific Coast Football Schedule Gathered for Fans

### Pacific Coast Football Schedule Given to Fans

September 9 ushered in the Pacific Coast football season and with it one of the most ambitious schedules ever attempted in the Far West. Because of the interest displayed in games played, not only at Nevada, but at all the other colleges on the coast, the Sagebrush has obtained a complete schedule for the fans. The schedule shows games listed according to dates, from the start of the season until the finish.

It will be an easy matter for you to pick the teams you are interested in at any time. Better still, cut out this schedule and keep it for future reference.

**THURSDAY, SEPTEMBER 9**  
Olympic Club vs. St. Ignatius, at San Francisco.

**SUNDAY, SEPTEMBER 12**  
Army vs. Barbarians, at Ewing Field.

**SUNDAY, SEPTEMBER 19**  
Olympic Club vs. U. S. Army, at San Francisco.

**SATURDAY, SEPTEMBER 25**  
Stanford vs. California Tech, at Stanford.  
Stanford vs. Fresno State, at Stanford.  
Stanford vs. St. Mary's Frosh, at Berkeley.  
California vs. Santa Clara, at Berkeley.  
Oregon Aggies vs. Multnomah A. C., at Corvallis.  
Washington U. vs. two Navy battle ship teams, at Seattle.  
University of Southern California vs. Whittier College, at Los Angeles.  
Oregon University vs. Willamette, at Eugene.  
U. C. Southern Branch vs. Santa Barbara Teachers, at Los Angeles.  
California Aggies vs. U. S. Navy Training Hospital, at Davis.  
College of Pacific vs. San Jose Alumni, at Stockton.

**SUNDAY, SEPTEMBER 26**  
St. Mary's vs. Ninth Army Corps, at Ewing Field.  
Olympic Club vs. Barbarians, at San Francisco.

**U. C. Frosh vs. San Bernardino High, at Berkeley.**

**SATURDAY, OCTOBER 2**

Olympic Club vs. Honolulu All-Stars, at Honolulu.

### SHAW TO START ACTUAL WORK SEPTEMBER 15

#### Grid Men Rounding to Form Under Hard Conditioning

**By "DIX"**

With over two weeks of conditioning exercise under their belts, the Wolf Pack will be ready for the more strenuous part of football which will be in order for them after September 15. On that date Coach Shaw will officially take the field and will immediately begin to shape a grid machine destined to be the Nevada varsity.

It is not well at this time to endeavor to predict the amount of success that shall be Nevada's this fall. Many piskin toters are able to run, kick, and pass during the preliminary season but with opposition present are absolutely useless as reliable football men. It is a real fact that the men who have made good at the University are those who have not been particularly flashy at the beginning of the season, but who have, under the careful guidance of the coaching staff and through a period of sacrifice and self-denial, emerged as members of the Nevada Varsity. It is no easy matter to become a part of a football team and the successful applicant besides developing his give and take ability must be a sticker. When the fur starts to fly the Wolf Pack will be chosen from those who are conspicuous for the amount of football knowledge they have assimilated—and for the amount they can put into actual use.

**Ten Days Left**

With only ten days to work in before the opening shot is fired, Coach Shaw will indeed be busy. Nevada's first opponents, St. Ignatius College, have been building their team for the past month and already have a game with the Olympic Club under their belts. They will present a team that has already experienced the shock of battle while Nevada has yet to receive their baptismal fire. On the other hand, the contest will be played on Mackay Field and with the solid support of the bleachers in their ears, the Wolf Pack altho composed of many new men ought to play through an interesting four quarters to say the least.

### Prep Sports

**By "CLEATS"**

Although hit hard by the loss of many stars from last year's team, the prospects for a successful football season at Reno high school look exceedingly bright.

Reno suffered with the graduation of many stars, among them being Etchebarren, star guard and at present a strong contender for a varsity berth; Bertrand, another stellar guard; Panchelli, one of the best high school tackles seen in action last year; Hayes and Caselli, two strong ends; Spina, a hard hitting fullback, and Raggio and Gault, halfbacks. Gault was one of the best high school halfbacks last year being a flashy open field runner and a good defensive man.

Coach Foster has a few veterans around which to build his team, among them being Walthers at center, Huntington at guard, and Captain Mery at quarterback. Walthers is a player of several years experience, heavy and fast and should be a very valuable man this year. Huntington at guard is another heavy man with several years experience in back of him. Mery at quarter is a heavy consistent player and runs his team with judgment rarely seen in a high school quarter. Mery is also a valuable man in carrying the ball.

Foster also has several of his last year's second string men back, among them being Harris at fullback and Taber and Penrose at halfbacks. These men are all from last year's squad and should give a good account of themselves. Taber and Penrose are both very fast men and should give the opposing ends plenty of worry.

The entire team looks well fortified with the exception of the end positions where an entirely new set must be de-

### CAL. VARSITY IS TO BE COACHED ON NEW BASIS

#### Division of Team Will Give Individual Instruction

**BERKELEY, Sept. 9.**—Coach "Nibs" Price, Bruin football mentor, will institute a new system of squad division of football candidates during the season of 1926, a departure from the standard method in vogue on the coast and the method employed by Andy Smith. With the addition of several developed, all of last year's wing men having graduated. Reno's team this year will be much lighter than the one last year. Last year's team being one of the heaviest ever seen in state high school teams, averaging about 178 pounds.

**SUITS Less Than Hand-Me-Down**

You young fellows who want to be dressed in the latest vogue would do well to see the Lavoie models put out by the

**Lavoie, Tailor**  
342 North Virginia Street

new assistant coaches to his staff. Price plans to divide the squad into smaller units so that each man will command personal attention.

The Varsity squad at the start will consist of two teams, with a few substitutes who will scrimmage with each other and be under the immediate supervision of Price and the line coach, Boles. The remainder of the men named by Price to comprise the third team will perform under the watchful eye of Assistant Coach "Fat" Clark. They will be known as the "reserves," and will scrimmage with the "roofs," coached by Frank Thatcher, former Varsity end, another addition to the coaching staff.

With the large Varsity squads of former years, the third team did not see much action in practice, but lagged behind the first two outfits. With the new system started by "Nibs," every man in a suit will have plenty to do and no talent will remain uncovered for long.

Coach Price will select a temporary first team of 15 men, September 15, the first day of practice, and drill them intensively in preparation for the first game of the season with Santa Clara, September 25.

Send the 'Brush home.

### WARNS TROJANS AGAINST AGGIES

**LOS ANGELES, Sept. 10.**—Stanford and California are being given so much consideration by Southern California fans in pre-season estimates on the outcome of the Pacific Coast Conference race that the real danger which the Oregon Aggies are furnishing the Trojans is being partially overlooked. This is the opinion of Coach Dean B. Cromwell, famous track mentor who has just returned from a summer outing in Oregon.

Cromwell cautions Southern California boosters against centering too much attention on the Bears and Cards when the Beavers should be rated as highly as either of the other teams.

"The Oregon Aggies are confident," says Cromwell. "Practically the same team returns from last season and the entire state believes that Coach P. J. Schiesler is as foxy as any coach in the game."

Cromwell was football coach at Southern California from 1908 until 1911 and then up until 1915. He is the only Trojan coach ever to score a victory over the Golden Bears—this was in 1915 and the score was 28 to 10.

### WOMEN'S SOCCER PROGRAM MADE

The following definite program for women's soccer practice was arranged at the soccer meeting held last Tuesday afternoon: Freshmen period, Monday, Wednesday at 4:45; sophomore practice, Tuesday, Thursday, at 4:45; juniors, Monday, Wednesday, at 3:45; senior practice, Tuesday, Thursday, at 3:45. The periods on Friday are scheduled for 2:45, 3:45 and 4:45.

About seventy women have already signed up for this sport. The best representation comes from the freshman class, while the seniors have the least number out.

Regular practice started Wednesday and will last for about four weeks before the interclass games begin.

**Boost for the greater Nevada!**

### CAL. SQUAD FOR FENCING CHOSEN

**BERKELEY, Sept. 9.**—With the first meet scheduled for the later part of September with the powerful San Francisco Y. M. C. A. fencers, the Bruin foilmen are holding daily work-outs under the critical eye of Coach Von Arnold.

Coach Arnold, through a series of elimination matches, has practically decided upon the 1926 squad. Captain Month, D. Knowles, L. Raymond, M. Marquis, and E. Del Osso, veterans of former seasons, have all returned and are gradually rounding into mid-season form.

Raymond Dow, a transfer from the University of California at Los Angeles, and Koch, captain of the 1925 freshman squad, are both likely candidates for the first squad.

### PHYSICAL ED. 53 IS NOT OFFERED

Physical Education 53, a course in advanced dancing, will not be given this year as previously planned, because of the lack of a sufficient number of students in this course.

Miss Samuth requests that all women registered in this course officially withdraw as soon as possible.

# NEVADA TENNIS MEN UNLUCKY IN WESTERN MATCH

## Busey Fights Radey of Reno Tennis Club to Standstill

The varsity racket welders fared rather badly in the western Nevada championships which were held at Carson last Saturday. All of the Nevada players managed to fight their way to the finals in each event, only to lose out there with one solitary exception. "Doug" Busey made the best showing of any member of the team by playing Radey, of the Reno Tennis club, to a standstill. The match finally had to be called on account of darkness.

In the women's singles Margaret Hill played a good game and won her way to the finals only to lose to M. Roehon, of the Carson Tennis club, in a thrilling match.

Another good match came in the men's doubles with Radey and Scheeline, of the Reno aggregation, finally nosing out Subner Green and Joe Nenzel of the Wolf team in a late match.

In the mixed doubles Elsie Mitchell and Tony Blum went down to defeat before the expert playing of Roehon and Hunting of the Carson Tennis club.

While the showing made was not as great as was at first expected, it was fair nevertheless as the best players in the state were practically there in a bunch. The experience gained however, should place them in a good position when the state championship meet rolls around later on in the season.

# GOOD MATERIAL EXPECTED FOR CAL. YEARLINGS

## Nine High Captains to Be Uniformed on September 15

BERKELEY, Sept. 9.—Over one hundred men will answer to roll call when Clint Evans calls the first practice for freshmen football aspirants at the University of California on September 15. Among these will be found nine former captains of high school teams, and twelve men who were named on all-star teams.

First week of practice will be spent mostly in routing work in order to give the coaches a chance to select a first squad in preparation for their first game with San Bernardino High school on September 25, preliminary to the varsity-Santa Clara game.

Coach Clint Evans will have the same coaching staff that assisted him last year in developing the team that defeated Stanford 14-0. Coaches Latham and Crammer who specialize in developing linemen, will have their hands full in forming a forward wall in the ten days which they have before the first game. Clint will be faced with the same problem in the backfield.

After the first game the coaches will point the team for the U. S. C. game which will be played on October 16 at Los Angeles. The rest of the season will be spent in preparation for the Big-Little game with Stanford on November 6.

### WONDER RAILWAY

One of the world's most wonderful railways runs between Buenos Aires and Valparaiso. The line, owing to the immense elevation it attains in crossing the Andes, runs for hundreds of miles through a region of eternal snow and is frequently blocked by avalanches. Among its wonders is a spiral tunnel, a natural bridge of rock and a string of 118 steel bridges linked together by short stretches of solid permanent way.

Send the 'Brush home.

# BRUSH SPORTS

## BEAR VARSITY IS PICKED FOR 1926

BERKELEY, Sept. 10.—Several startling facts were revealed when Coach "Nibs" Price, the California football mentor, made an official announcement of his varsity and reserve squads that are to take the field when football is ushered in on September 15.

Twenty-seven gridiron players who have distinguished themselves in former seasons will make up the first squad, while an additional sixteen are to be referred to as reserves.

They are to include: Ends—Gordon Huber, Jim Dougery, Steve Bancroft, Don Killison, Ralph Dougery and Caltoft Lawston.

Tackles—John Sargent, Bert Cook, Neal Green, Irvine Phillips and Don Koch.

Guards—Fred Coltrin, Roy Niswander, Ed. Giddings and Bob Green.

Center—Andy Miller.

Quarter—Dick Blewett, Paul Clymer, Harold Brockenridge.

Half—Earl Jabs, Paul Perrin, "Brick" Marcus, George Dixon, Gene Van Horn, Frank Gill.

Fullback—Captain Bert Griffin and Jim Cockburn.

The reserve squad will include John Clymer, Bob Booth, Benning Cook, La Vorne Corbin, Jack Hill, W. P. Jones, Axel Lingren, E. V. Lisenbard, A. P. Norton, Preston Nuner, Frank Ribble, Bert Schwartz, H. A. Kauffman, Tim Scott, Charles Leslie and Walter Hill.

## MARTIE LEAVES FOR F. W. C. MEET

Coach J. E. Martie left last night for San Francisco where he called a meeting of all the coaches of the far western conference. Martie was elected to fill the position of chairman of the conference last spring and in this capacity has acted ever since.

The meeting is to take place in the Spaulding sporting goods store and it is hoped that the basketball schedule for the coming hoop season can be arranged as well as selecting a place for the 1927 conference track meet.

The coaches attending the meeting will represent all the schools in the conference which includes The College of the Pacific, California Agricultural College, St. Mary's, Fresno State Teachers College and the University of Nevada.

The reserve squad will include John Clymer, Bob Booth, Benning Cook, La Vorne Corbin, Jack Hill, W. P. Jones, Axel Lingren, E. V. Lisenbard, A. P. Norton, Preston Nuner, Frank Ribble, Bert Schwartz, H. A. Kauffman, Tim Scott, Charles Leslie and Walter Hill.

## U. C. SENIORS TO PLAY JUNIORS IN CLASS FOOTBALL

BERKELEY, Sept. 9.—Senior and junior class football teams of the University of California will meet in the Memorial Stadium, Saturday afternoon, to decide the interclass championship.

Last week the seniors were victorious over the sophomores and earned the right to contest the title with the juniors. The freshmen class cannot enter the competition due to the Pacific Coast Conference ruling that prevents organized practice until September 15.

The seniors did not ride roughshod over their lower class rivals as was predicted, but met with stiff resistance, entering the second half with a score of 7 to 6 in the sophomores' favor.

Johnny Chapman, senior halfback, featured the day with consistent gains on line plays. Orsell, senior fullback, also played stellar football.

Fullback—Captain Bert Griffin and Jim Cockburn.

The reserve squad will include John Clymer, Bob Booth, Benning Cook, La Vorne Corbin, Jack Hill, W. P. Jones, Axel Lingren, E. V. Lisenbard, A. P. Norton, Preston Nuner, Frank Ribble, Bert Schwartz, H. A. Kauffman, Tim Scott, Charles Leslie and Walter Hill.

## CINDER ARTISTS TO START FALL WORKOUTS SOON

time since a Nevada team has competed in the quarter-mile relay. Fall track starts next week and already several men are taking a daily workout on the cinder path. The following are registered this semester: Captain-elect Clover, distances; Martin, jumps; Raymond Ede, distance; Jack Kellogg, sprints; Bernard Hartung, half-mile; Thurber Brockbank, hurdles; Bert Bristol, hurdles; Granville Leavitt, pole vault; Earl Worden, mile; Thomas Raycraft, quarter; Glenn Wimer, javelin; Archie Watson, high jump; Thomas Towle, hurdles; Max Allen, shot, and Kenneth Robison, sprints.

Fall track will continue until cold weather sets in and will end with a final exhibition meet, probably as a special Homecoming Day feature. There will be keen competition for berths on the varsity squad this season as a number of stellar high school athletes graduated last spring and have registered at the University.

It is doubtful whether the quarter mile relay could be included in the far western conference, but if the members of such a squad show considerable class it is quite possible that they would be sent east to take part in the national contests.

The sprint relay will be something new to Nevada tracksters. In years gone by the half-mile and mile relays have been run but it has been some

## Attempt to Be Made to Develop Quarter Mile Relay

"An attempt will be made to develop a quarter mile relay team to take part in the Drake relays at Des Moines, Iowa, next spring and possibly the Kansas relays at Lawrence, Kansas," said Coach Martie when asked about the prospects of the coming track season.

It is doubtful whether the quarter mile relay could be included in the far western conference, but if the members of such a squad show considerable class it is quite possible that they would be sent east to take part in the national contests.

The sprint relay will be something new to Nevada tracksters. In years gone by the half-mile and mile relays have been run but it has been some

## TEXAS ATHLETE IS PROFESSIONAL

One of the outstanding athletes of Texas University history, Sandy Esquivel of El Paso, has embarked on a professional ring career in hopes of earning enough money to carry him through medical school.

This welterweight of Spanish and Scotch descent won his first fight by knocking out "Wildcat" Monte, but lost his second by the kayo route to "Dummy" Mahan.

Esquivel won letters in basketball, track and cross-country at Texas University, in one year capturing both the basketball and track aggregations. He holds the southwest conference record in the two-mile run.

Transfer of 29,880 acres of state-owned land for an equal amount of federal land to be used for state recreation grounds and game refuges, is nearing completion, registers of Nevada land offices having been advised by E. C. Finney, first assistant secretary of the Interior, to make arrangement for the transfer.

### INTEREST RUNS STRONG IN FLAG DESIGN CONTEST

#### Honor Attached Should Stimulate Says Sullivan

The suggestion of Adjutant General Maurice J. Sullivan, that a new State Flag be designed for Nevada has aroused much interest throughout the state. From all sections have come enthusiastic persons have entered the contest for the honor of designing Nevada's official flag. Every citizen of Nevada is urged to participate.

In the interests of State pride, Maurice J. Sullivan has offered a cash prize for the design chosen as the most effective and suitable for the use of Nevada as a State Flag, the present flag having been found too elaborate and intricate of detail and coloring to be practicable. The winning design will be submitted to the State Legislature at its next session for adoption as Nevada's legal emblem.

Boldness and simplicity of design, together with the use of but few colors, are elements to be considered in the new flag. Adjutant General Sullivan says he has observed that in public parades and displays of a patriotic character, it is often difficult to distinguish the various State flags at any distance, by reason of the similarity of many of them. He therefore advises contestants to try out their designs at a long distance, as the feature of being readily distinguishable will be one of the considerations in choosing the winning flag.

General Sullivan cites the State Flags of Tennessee, Alabama, and Colorado as examples of effective simplicity. Tennessee's banner shows a red field, having in its center a circle of blue, and within the circle three white stars. At the end of the flag appears one blue bar.

Alabama's flag bears a crimson cross of St. Andrew upon a white field. This is probably the simplest in design of all the State flags, and is extremely effective.

Colorado's flag consists of one white and two blue stripes of equal width and at right angles to the staff. The flag bears a large circular letter "C" in red. Completely filling the letter is a gold disk.

Thus it appears that few colors and bold simple design combine to make an effective banner. There is still plenty of time to enter the contest. The closing date is October 10. Winner will receive \$25.

Contest Rules  
Any number of suggestions or drawings for a State Flag may be submitted by one person.

While a drawing may be submitted, this is not necessary, as a suggestion for a design will be sufficient. Send your suggestions to Maurice J. Sullivan, The Adjutant-General, Carson City, Nevada.

### EIGHT STATES IN RESCUE CONTEST

Mining companies operating in eight states will send fourteen rescue teams to compete in the international mine rescue contest scheduled for Saturday morning from 9 to 12 o'clock in the Greek Theatre at U. C.

Construction of a glassed-in chamber to represent a section of a mine is being undertaken on the stage of the theatre. The teams will perform their exhibition there. They will be judged by men appointed by the United States Bureau of Mines, under whose direction the event is to be held.

The teams are coming from mines located in Arizona, California, Illinois, Montana, Utah, Virginia, Washington and Wyoming.

Appearing on the Campus of the University of Kansas wearing a pair of violently colored suspenders, Miss Isabel Ashford, a summer session student, has started the fad at the university. She claims that the suspenders are cool for summer and afford a convenient place for hanging pen and pencil.—Boston Post.

### Excitement Seeker Thwarted by Jones

It was a dark night indeed; very, very dark. The campus was as black as night, that is, wherever there was no arc light. The surrounding hillsides were silent except for the occasional toot of a freight train, a chorus of howls from a band of dogs, or an outburst of jovial laughter from the groups of students hysterically prowling about. But aside from all these noises the night was silent. Near the Mackay School of Mines a dark figure could be seen stealthily creeping into the shadows of the tall pillars. But he was not alone. Nay, for another figure could be seen stalking him unobserved.

Suddenly, the first figure could be seen placing a small round black object beside the foundation of the building. A flare—a hiss of a fuse—a muffled cry—and the second figure had pounced upon the would-be anarchist. Rapidly he whipped out a flashlight and turned its piercing rays on the figure of the criminal.

"What are you doing here?" he cried, with a harsh tone of professional authority.

"Oh, Prof. Jones," cried the unfortunate one, "there wasn't any news in the mining building and I just had to get a story, so I was trying to blow up the building to create a bit of excitement."

Prof. Jones released the unfortunate frosh reporter from his iron grasp and with a sigh of remorse burst into plying tears.

### ANTELOPE HERDS INCREASING FAST

Nevada antelope are thriving and increasing rapidly according to E. R. Sans, head of the United States biological survey, and their complete extinction, which was threatened a few years ago, is now a thing of the past.

"The animals were fast being killed off and a few years ago it was said that in ten years more antelope in the state would be practically extinct. They would have been if the Washoe game refuge hadn't been established in 1923. There the little animals have done well and multiplied rapidly. The refuge contains 3,888 square miles and its boundaries are about 312 miles in extent. It is therefore large enough to take care of the present herds and the increase for an indefinite time.

"A few years ago there were about 2500 head and now the herds are estimated to number between five and six thousand. The refuge is in an isolated part of the country and as hunters and trappers have cleaned out predatory animals, the antelope have an excellent chance.

### INITIATION RITES TO BE NO MORE

Days of initiation for the Manzanita Hall freshmen are gone forever. The class of '27 was the last class to delightfully spring into a tub of water, and so desiring that the class of '28 should have all the experiences due a freshman, the class of '27 of course were wild with happiness to find that they could only do their worst by giving the class of '28 a watermelon spread on the lawn.

The kind hearted '28's generously decided not to give the incoming frosh such cruel treatment, so that the worst experience a freshman woman has, is to give a stunt in L. F. G., which can hardly be considered an initiation.

### CROWD HANDLED BY TELEPHONES

To facilitate the handling of the vast crowds that fill the W. C. Memorial Stadium during Big Game time, the bowl is being honeycombed with telephones. These are all under the control of one man seated up in the western rim of the Stadium. Stationed at each gate is a corps of reserves and a telephone order will send them to any point in the bowl in less than three minutes.

In 1924, 80,000 people filled the Stadium and a still larger crowd is forecast for this year's contest.

### HUNGER IS DEFEATED THOUGH RANGE BALKS

Because of a mishap to the oil feeder of the new range in the University dining hall, Sunday evening meal hour found no one present but the mechanics—and they were not eating. Instead of the usual aroma of hot biscuits and creamed fish, the air was clouded with smoke, sooty and heavy with fumes from pungent oil.

Thirty-two women living in Manzanita, and about 35 men of Lincoln Hall were not inconvenienced by the dining room trouble, as they spent the week-end out of town. The trouble began early Sunday morning, and it was necessary for the chef to prepare the Sunday breakfast and dinner for 101 people in the small bakery. Monday morning, however, evidenced the usual routine.

### UNIVERSITY STUDENTS ATTEND RODEO SHOWS

Christina Garteiz, '26, Taylor Smith, '27, Glenn Bream, '29, and Bob Cahill, '27, attended the rodeo in Winnemucca September 4, 5 and 6. Outsiders from all over the state gathered there to witness the events. Among the prominent men of the state present were Messrs. George Wingfield, John G. Taylor and Ray Baker.

Horse and chariot races, bronco-busting, fancy riding, baseball games, side shows, and dances were the principal features of the three days. It is estimated that 2000 Indians gathered in Winnemucca for the event.

Each student at the Dennison University chooses, as early as possible, the department containing the line of study which he wishes to emphasize in his course. The professor in charge of this department becomes the student's adviser in his course of study and must be consulted at each subsequent registration.

Each summer the University of New Hampshire throws open its dormitories and classrooms for a series of public meetings by which the poultry men, farmers, ranchers, beekeepers, and health workers of the state acquaint themselves with their own resources and learn modern developments in their fields of work.

### AT RECENT PRIMARIES EIGHT CANDIDATES ARE FORMER HILL STUDENTS

Eight of the candidates on the ticket for the recent primary election were former University of Nevada students, or received their degrees from Nevada.

They are as follows: Ray Baker, P. A. McCarran, George Brodigan, C. S. Wheeler, James Peckham, Earle C. Hart, Guy Waltz, and William Malloy.

### SAFETY FIRST IS COLLEGE COURSE

In response to the demand for public safety education, New York University is offering a collegiate course in industrial accident prevention. Recently, prominent labor leaders have been expounding theories concerning the shifting of the accidental responsibility from the workman to the trained director.

"Eighty-four thousand deaths and over two million injuries and the loss of more than a billion dollars resulted from accidents during 1925. Not more than ten per cent could have been prevented by additional safety equipment," states Arthur Williams, president of the American Museum of Safety.

### NEW USES FOR TELEPHONES

A new system of police signaling is being tried in the provinces. At 20 sites in Halifax telephone boxes have been placed, and in an elevated position near them are fixed colored lights. By the latter the officer on duty at the police station can call the attention of a constable on beat in the neighborhood, who will at once go to the telephone box for instructions.
