

ISABEL LORING REPORTS D. A. E. PLAY SUCCESS

ORGANIZATION OF HONOR SOCIETIES IN STATE SCHOOLS SOUGHT

"She Stoops to Conquer" Delta Alpha Epsilon play given February 3 at the Education building was very successful according to Miss Isabel Loring '28, president of the society. The financial returns were fairly good although positive figures will probably not be available until the next meeting which will take place February 16th.

"D. A. E. deserves to be congratulated upon its presentation of Goldsmith's play," said Prof. A. E. Hill. "The work was indeed well done."

Honor Group Planned

Plans regarding the organization of English honor societies in high schools all over the state similar to D. A. E. have not as yet materialized but are being very seriously considered. One or two will be started very soon so as to get the project under way. The idea is to bridge the gap between high school and college as far as possible and to furnish the incentive for better work. Dr. H. W. Hill, director of the society and absent on leave until next semester is endeavoring to institute an English honor society at the University of Southern California.

Grades of English majors and minors will be looked over in the near future in search of eligible members.

Plans for the scandal show aren't as yet coherent. The exact date has not been set but it will take place some time next month. This annual event is one much looked forward to both by students and faculty. It is interesting "to see yourself as others see you." New members will plan and present it entirely.

CENTRALIZED

(Continued from Page 1)
tion of a requisition signed by the treasurer of the Student Body and the president of the Student Body, the Comptroller shall present the treasurer of the class concerned with a check for the required amount.

Section 5. An official representative of Finance Control committee shall check every gate at which admission is charged for student functions or activities.

Section 6. A duplicate of all requisitions shall be systematically filed according to organizations, by the treasurer of A. S. U. N.

ARTICLE VII. FINANCE CONTROL COMMITTEE

Section 1. The full control of all A. S. U. N. finances shall be vested in the Finance Control committee.

Section 2. The committee shall consist of five voting members as follows: 1—Chairman of Faculty Athletic committee, who shall be chairman of the committee. 2—Another faculty member appointed by the Executive Committee of A. S. U. N. 3—President of A. S. U. N. 4—A woman selected from either the Junior or Senior class at each general election. 5—A man selected from either the Junior or Senior class at each general election.

In addition the committee shall be composed of non-voting members as follows:

6—Delegate from publications board.

7—Delegate from Block N. 8—Delegate from Campus Players. 9—Delegate from Blue Key. 10—Delegate from Debating Society. 11—Delegate from Glee Club. 12—Delegate from W. A. A. 13—Athletic manager. 14—Treasurer from A. S. U. N. who shall be secretary of the committee.

Section 3. Finance Control committee meetings shall be open to any member of A. S. U. N.

Section 4. The Finance Control committee shall appoint the Athletic Manager and determine his salary.

Section 5. The Finance Control committee shall determine the salary of the athletic coach or coaches and assistants, whenever the A. S. U. N. in whole or in part pays their salaries.

Section 6. All net moneys derived from Student Body activities shall be turned over to Finance Control committee. These moneys shall be checked and dispersed by Finance Control committee with the sanction of the organization concerned.

Section 7. Finance Control committee shall budget the expenses of each organization at the beginning of each semester.

Section 8. The Finance Control committee shall delegate a member of which admission is charged for Student Body functions or activities.

Section 9. The Finance Control committee shall check the books of each organization at least twice each semester.

Section 10. The Finance Control committee shall not have the power to spend money accumulated by surplus from any of the following organizations unless sanctioned by the respective organization through its representative: Publications, Campus Players, Block N, Blue Key, Glee Club, Debating Society, and W. A. A.

ARTICLE VIII. OPERATION OF ORGANIZATIONS

1—Athletics
Section 1. All major expenses incurred by athletic activities shall be directly handled by the Finance Control committee through the Athletic manager.

Section 2. To cover minor expenses the athletic manager of A. S. U. N. shall have at his disposal a Minor Expense Account of \$100 as follows:
a. By written request of the Finance Control committee, the Comptroller of the University shall place \$100 in a separate account, to be used by the athletic manager for minor expenses.

b. The athletic manager shall retain receipts of all expenditures from this sum, which receipts shall be checked by him in the presence of the Comptroller when the \$100 is exhausted.

c. Upon the exhaustion of this fund, the athletic manager shall notify by written statement the treasurer of A. S. U. N.

d. Upon notification by the treasurer and athletic manager to the Finance Control of the exhaustion of the fund, the Finance Control shall cause another such fund of the same amount to be created.

2—Campus Players

Section 1. Campus Players shall submit to Finance Control, a budget covering the estimated expenses of any production. If at any time the estimated budget fails to cover the necessary expense of any one production Campus Players may petition Finance Control committee for additional fund to the extent that that organization has credit in the central treasury.

Section 2. After all expenses have been paid for each production, the sur-

plus shall be turned over to the central treasury along with receipts covering all expenses incurred during the current production.

Section 3. For miscellaneous expenditures Campus Players shall have a Minor Expense Account of \$50.
a. The minor expense account shall be created for the general manager of Campus Players.

b. The operation of this account shall be similar to Section 2 of Article VIII of the athletic manager's.

Section 4. Campus Players may use a maximum of \$200 throughout the school year for their own expenses and functions providing that such an amount is available as indicated by the treasury account.

Section 5. Campus Players manager shall receive as salary, 20 per cent of the net profit of each production. This shall be limited to a maximum of \$50 for each production.

2—Block N

Section 1. All moneys derived by admission to any Block N function unless otherwise designated by Finance Control committee shall be turned over to the central treasury.

Section 2. For any function requiring advances, Block N shall submit a budget to Finance Control committee.

Section 3. Block N Society may use a maximum of \$500 a year for their own expenses and functions providing such an amount is available as indicated by their treasury account.

4—Blue Key, Debating Society, W. A. A. and Glee Club

Section 1. At the beginning of each semester the above named organizations shall submit to Finance Control committee a budget of their estimated expenses.

Section 2. Any activity that any of the above named organizations wish to sponsor will be backed financially by Finance Control committee providing that that activity is authorized by that committee.

Section 3. All surplus accruing by the student activities or functions of these organizations shall be turned over to the central treasury.

Section 4. By petition to Finance Control anyone of the above named organizations may be authorized to give a function for the benefit of the respective organization.

5—Publications

a. Sagebrush.
Section 1. The Comptroller of the University shall collect as part of the student fees 75 cents each semester which shall entitle the student to receive one copy of each edition of the Sagebrush.

Section 2. Sixty per cent of the fund shall upon request of the Sagebrush manager be transferred to the regular treasury of the Publication, the A. S. U. N. treasury receiving receipt for the same.

Section 3. Forty per cent of the fund shall be expended by the Sage-

brush in the purchase of publication and exchange with other University publications, and cuts, of scenes and contests about the campus, and in the publication of extra or enlarged editions upon the occasion of important events in the campus calendar; said expenditures to be accounted for to the Finance Control committee in separate statements with attached receipts and vouchers.

Section 4. Business manager and editor shall each receive as salary \$60 per month, provided this amount is earned, four issues to constitute a month.

Section 5. Any surplus above this salary shall revert to the central treasury.

Section 6. The possibility of a surplus shall be ascertained at the completion of each month during the school year.

Section 7. Surplus turnover may be used in the payment of back wages during current year.

Section 8. Wages may not be paid by surplus accruing from previous years.

Section 9. Surplus from previous years may not be used for direct betterment of any publication.

Section 10. Comptroller of the University shall collect as part of the student fees during the second semester four dollars which shall entitle each student to a copy of the Artemisia.

Section 2. This sum shall be in the central treasury until such time as the audit of the Artemisia book shows that the publication is on a sound business basis.

Section 3. When the audit indicates that the Artemisia is on a sound business basis, the Artemisia fund shall be turned over to the Artemisia treasury by requisition to the central treasury.

Section 4. The business manager and editor shall each receive a salary of not more than three hundred dollars per school year, providing that this amount is available above the liabilities.

Section 5. This salary shall be paid at the final audit of the books.

Section 6. Any surplus above this salary shall revert to the central treasury.

Section 7. Wages shall not be paid by surplus accruing from previous years.

Section 8. Surplus turnover during the school year may be used in the payment of back wages.

Section 9. Surplus from previous years may not be used for direct betterment of any publication.

c. Desert Wolf.
Section 1. The Comptroller of the University shall collect as part of the student fees sixty cents each semester which shall entitle each student to a copy of each issue of the Desert Wolf.

Section 2. This sum shall be in the centralized treasury until such time as the audit of the Desert Wolf books show that the publication is on a sound business basis.

Section 3. When the audit shows the publication on a sound business basis the sum collected by the Comptroller will be turned over to the manager of the Desert Wolf by requisition to the Finance Control committee.

Section 4. The business manager and editor shall receive a salary of \$75 each per issue, providing that this amount is available above all liabilities.

Section 5. This salary shall be paid after the audit following each edition.

Section 6. Any surplus above this salary shall revert to the centralized treasury.

Section 7. The possibility of surplus turnover shall be ascertained at the completion of each month during the school year.

Section 8. Surplus turnover may be used in the payment of back wages during the current year.

Section 9. Wages may not be paid by surplus accruing from previous years.

Section 10. Surplus from previous years may not be used for betterment of any publication.

Section 5. This salary shall be paid after the audit following each edition.

Section 6. Any surplus above this salary shall revert to the centralized treasury.

Section 7. The possibility of surplus turnover shall be ascertained at the completion of each month during the school year.

Section 8. Surplus turnover may be used in the payment of back wages during the current year.

Section 9. Wages may not be paid by surplus accruing from previous years.

Section 10. Surplus from previous years may not be used for betterment of any publication.

RYAN WILL LIVE HERE

D. T. Ryan, author of the song "My Reno Belle," is making his future home in Reno according to present plans. This song was copyrighted in 1923 and was quite popular.

FINE SHOWINGS MADE BY MEN ON RIFLE TEAM

COMPETITION KEEN FOR PLACES; BROWN, BLUM HIGH

Results of rifle practice of the R. O. T. C. team to date show R. Blum '28 and L. Brown tied for first place, each with scores of 190 points. This shooting is done from the prone and sitting positions and is part of the 9th Corps Area contest of the R. O. T. C. The members of the Women's Rifle team are also engaged in active competition, there being 20 women trying out for positions on the team. The organization of the Men's Rifle team is well under way, a captain and a manager will probably be elected soon.

Affiliation Complete
The National Rifle Association, at Washington, D. C., recently notified the University of Nevada Rifle club that their petition for membership had been accepted. This will assure the local rifle club of an ample supply of ammunition; the national association, acting for the U. S. government, distributes large amounts of ammunition and supplies every year free of charge to recognized rifle clubs throughout the country. The University of Nevada Rifle club consists of the R. O. T. C. team, Men's team and Women's team.

Fifteen women will be selected this week for the team, this team to represent the university in all inter-collegiate rifle contests for women. Ten Circle "N" awards will be given this year to members of this team. All firing is on R. O. T. C. indoor range, using "10 ring," half size targets at a distance of 50 feet. The new army target rifle used, is of 22 calibre and weighs three-quarters of a pound more than the U. S. Army 30-30 rifle.

ENROLLMENT

(Continued to page 3)
were not enrolled in the fall semester. The total enrollment for the University year is determined by adding the total of such new and returned former students enrolled in the second semester to the total enrollment for the fall semester. In January of 1925 there were 103 such added enrollments; in January of 1926 there were 76; in January 1927 there were 100 and in January 1928 there were 131. Adding these 131 additional enrollments occurring in January, 1928, to the enrollment total of 869 for the fall semester of this year, the total regular enrollment (apart from enrollments in special short courses and in summer session) for the entire University year 1927-1928 is 1000. This is the first time that the year's total enrollment, apart from short course or summer enrollments ever reached 1000 although each of the preceding three years recorded above 900. Adding the summer session enrollment of 130 the grand total enrollment for the year 1927-1928 is 1130.

The record of regular enrollments (apart from short courses and summer enrollments) for the Reno years of the University's history will be of interest for comparison with the 1000 for the year's total in this year 1927-1928.

Average yearly enrollment 1886 to 1906-1907 (21 years)—264.
Average yearly enrollment 1907 to 1918-1919 (12 years)—300.
Enrollment for the year 1918-1919 285
Enrollment for the year 1919-1920 430
Enrollment for the year 1920-1921 559
Enrollment for the year 1921-1922 726
Enrollment for the year 1922-1923 803
Enrollment for the year 1923-1924 855
Enrollment for the year 1924-1925 926
Enrollment for the year 1925-1926 913
Enrollment for the year 1926-1927 930
Enrollment for the year 1927-1928 1000

A glance at this record reveals that for the first twenty-one Reno years the University's enrollment approximated 200 a year; for the next twelve years the enrollment level rose and was maintained at 300 per year. Then came five years of rapid and steady rise from the 300 level to a new level which gives promise of remaining above 900 and which probably will be maintained for many years.

The limitation-of-enrollment policy, the rising scholarship entrance standards, and the rising tuition charges for non-resident students will together probably prevent the regular enrollment from rising above 1,000 in any one semester of the decade which began with 1922-1923. On the other hand, the steadily rising reputation of the University will in all probability prevent the enrollment from falling appreciably, if any, below 800 during that same decade. In summary it appears that our University's enrollment, having approximated 200 per year for the first twenty-one Reno years and having approximated 300 per year for the next twelve Reno years, now bids fair to approximate a yearly average of 800 to 1000 for the ten or twelve years beginning with the year 1922-

'HEAP BIG CHIEF' SEEN ON STREETS

Back to the days of scalps and covered wagons! A fully feathered Heap Big Chief was seen strolling down one of the main streets of Reno. Pedestrians paused to gaze, and traffic honked in amazement. Blissfully unconscious of the many stares, this descendant of old Sitting Bull casually wandered on. His progress was rather slow, but perhaps he considered that one of the privileges due a celebrity. Finally one of our keen observing cops noticed something attached to the gentleman's leg. The mystery was solved! Just another "collegiate inspiration!" No names shall be mentioned, for the owner of the cigar store might jump at the chance.

EXHIBIT, DANCE PLANS ADVANCE FOR ENGINEERS

DEPARTMENT TO BE OPEN TO PUBLIC DURING TOURNAMENT

At the meeting of the Associated Engineers held last Wednesday evening plans were made for the engineers' dance and banquet which will be held the 17th of March. The banquet committee, as appointed by President Ziegler '28 were: A. McCullom '29, chairman; A. Chase '29, J. Tavelle '28, A. Dixon '28, L. Olsen '28, while T. Brookbank '29, N. Lamb '30, H. Reynolds '29, L. Collins '29, and J. Babcock '28 were placed on the dance committee.

Exhibit Planned
It was decided that the laboratories of the engineering department would be open one day of the state high school basketball tournament so as to display and interest high school students in the engineering course which Nevada has to offer. Some of the machinery in the laboratories will be operated at that time.

Dean Sibley urged as many engineers as possible to attend the excursion trip to the coast the first part of April and gave a short resume of the trips previously held and the value received from such excursions.

Lawrence Niswander '28 spoke to the society on the Union Building plans urging the support of the engineers.

In conjunction with the regular meeting two motion picture films were shown in which the engineer's part in the World War was emphasized as an important factor.

1923.
729 Nevada youth from Nevada's population of about 70,000 white people is a very high ratio, possibly the highest in the Union to be shown in publicly supported colleges or universities. Expressed in another way, this year one person in every 96 of Nevada's white population has been enrolled as a student in the University of Nevada.

Special Drop Off
Another gratifying fact is the rapidly lessening proportion of "special" students. In some of the years before 1918-1919 "special" students made up

SEARS INVITED TO MAKE TALK AT CONVENTION

CHEMICAL SOCIETY WILL MEET IN ST. LOUIS THIS APRIL

Another honor has been brought to the University of Nevada by Dr. Sears, head of the Chemistry department. Dr. Sears has been invited to speak before the American Chemical Society in Missouri, at its meeting to be held in St. Louis, during the week beginning April 9th.

The invitation comes from the Division of Chemical Education, and asks that Dr. Sears lead the formal discussion of the paper of Dr. J. H. Reedy of the University of Illinois. Dr. Reedy's paper is entitled "Objectives and Content of the First Years in Qualitative Analysis."

Last year Dr. Sears published a paper entitled "Correlation of Qualitative Analyses with General Chemistry of Metals," which was along the same line of Dr. Reedy's paper, so that Dr. Sears is well qualified to lead the discussion.

It is interesting to note that the American Chemical Society is the largest Chemical Society in the world and has a membership of about 15,000, and its meetings are always attended by from 500 to 1,000.

Dr. Sears expects to be gone about two weeks and his trip will be all the more enjoyable because he will be visiting his home state from which he has been absent for the last ten years.

FACULTY SCIENCE CLUB HOLDS FIRST MEETING

The Faculty Science Club held its first meeting of the new semester on Thursday, February 9th, in room 110 in the Aggie building.

Mr. S. Allan Lough, a new member of the staff of the Chemistry department, spoke to the group. His chosen topic was "Research on the Sex Hormones."

INITIATION HELD FOR NEW LINCOLN HALL MEN

Monday evening, Lincoln Hall Association held initiation ceremonies for the following: Walter Jensen '29, Vallejo, Cal.; Eric Walsh '31, McGill, Nevada; Thomas Schuur '31, Walnut Creek, Cal.; Gerald De Jong '31, San Francisco, Cal.; Evert Lindquist '31, Susanville, Cal.; Horace Bath '31, Ely, Nevada.

Over thirty percent of the total enrollment. This year records only 19 "Specials" in a total enrollment of 1000 or less than two per cent only of "Specials." This, of course, means that, on the whole, the body of new students is coming to the University better prepared than ever before. This is one of the reasons for the general impression of the University staff that the quality of students is rising as well as the number.

Rifle Matches Won by Women

The Women's Rifle Team shot a match with the Agricultural College of Utah and Michigan State College last week. The total score of the Nevada team was 483 points, our team winning by 10 points, and 3 points, respectively.

About 23 matches are scheduled for the season. Matches are being shot this week with the Men's Rifle Team and the University of Pennsylvania, and with perhaps one or two others.

Affiliation with the National Rifle-men's Association is practically completed, and plans have been made to compete in some individual matches for highest shots in various college rifle clubs.

The varsity squad has been chosen and was announced at the rifle-volley-ball feed which was held at Henry's on Thursday night. These women will constitute those from whose scores the varsity matches will be held, but all those who joined the Rifle Club may continue to practice and in case of exceptional showings will be given opportunities of winning places on the squad.

Approximately 65 per cent of the clothing industry in America today is dominated by college and university style trends, according to a style survey published by the Fairchild Publications, New York City.

Quality sent P.A.

to the head
of the
class

YEARS ago, P.A. showed a clean pair of heels to the field of smoking-tobaccos. It has maintained its lead ever since putting more distance behind it every year. There must be a reason why P.A. is the world's largest-selling brand.

There is! Open a tidy red tin and get a full breath of that class-by-itself fragrance. Then tamp a load into the bowl of your pipe and light up. The first pull tells you why more men smoke P.A. than any other brand. Cool and smooth and mellow and mild—not for one pipe-load, but always. Try this long-burning tobacco, Fellows. You'll say so!

PRINGE ALBERT
—the national joy smoke!

If you vibrate to quality, you'll gravitate to P.A.

SENIORS!

The last lap of our collegiate journey is well under way and now, before it is too far gone, perhaps it is best that we stop and consider how we can realize the most from it.

We have spent three and a half years in the drudgery of getting educated. Now, with that behind us and our minds filled with ideas to revolutionize the world, our cue is to turn to the frivolities of life, and, as Seniors, to make up in a few short months for those three and a half years of toil.

This semester is undoubtedly the one most fraught with those experiences and events dear to the collegiate heart. Remember that every one of them you miss is something you will never have another chance at.

PETTINESS

"I won't sign the Union Building petition—I won't be on the campus when it's built and I'll never get any good out of it, so why should I pay for it?"

More pettiness. Fourteen dollars in candy and small change stolen from the Y. W. C. A. candy booth last week—necessitating additional effort and work on the part of everyone in striving to raise funds to carry on service work here and abroad.

Pettiness—cheating in examinations. "Everyone does it—why shouldn't I?"

It really is all very petty—all tending to immerse people in the chaos of details—

I can't see life in the abstract, In circles large and grand—I bury my head in the details, As the ostrich does in the sand.

One wonders sometimes just why these things occupy us—why we do them. An organization upon the campus is striving for money to contribute to the Student Friendship Fund, an international project to encourage good fellowship and service between students of various nations, as well as give interchange of ideas and culture thru representatives being exchanged for service between the various countries.

Are we too immersed in our own backyards? Does our vision only go to our mountain-rimmed horizons? Or are we simply

By NOMIAL

AND SO THIS IS WHAT YOU MIGHT CALL A BUSY WEEK FOR THE SORORITIES. WHAT WITH THE PI PHIS GETTING SCARED TO DEATH BY MASKED BANDITS, AND THE THETAS HAVING THEIR TROUBLES, TOO. ALMOST AS EXCITING AS THE RUSHING SEASON WEEKS.

Who is the BAD MAN? Silly question, when everybody on the campus knows that he's Don Bernstein—and looking pretty good in the part, too, even though he doesn't appear in the first act. This, it must be admitted, is a disadvantage.

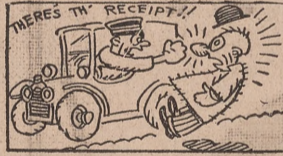

And so the scenery will be the first ever entirely constructed by the student—well, well, we hope the action isn't as violent as that of the D. A. E. masterpiece, or that they brace the fireplace, if there is one, better than D. A. E. did.

But then, Ruth Streeter isn't in the "Bad Man"; so the scenery is reasonably safe.

IT INTERESTED US VERY MUCH TO NOTE WHAT BLUE LIGHT WILL DO TO RED HAIR. WE'LL KNOW BETTER THAN TO TAKE RED-HEADED WOMEN OUT INTO THE MOONLIGHT AFTER THIS, IF WE WANT TO PRESERVE OUR ILLUSIONS.

It strikes us as going a little too far to blame Richard Halliburton for the prevalence of nuts on the campus—but, then, girls will be girls and seize on any excuse that offers itself.

WE UNDERSTAND THAT A CERTAIN EDITOR HAS BEEN WARNED THAT HE'S DUE FOR A WORKING OVER. IF THE A. T. O.'S RECEIVE A DISMEMBERED BODY IN THE NEXT FEW DAYS THEY'LL KNOW WHO'S IT IS.

We refuse to be quoted on the subject of the Beauty Contest. We're

Poetry

THE MARDI GRAS The Publications gave a dance, And gee, it was a boot! The press all went in fancy dress

too petty, too small to be interested in anything but that which is spicy—or fun—or revenue bringing—or "getting-by?" Pettiness is all right, perhaps, in its place—but its place is a very small one, and should under no circumstances shadow or "bury our heads" from the bigger things, from the more vital significances, from the things of life that are never—petty.

STOP PASTING

Recently, a number of complaints have been voiced by certain of the business men of Reno concerning some of the methods used in advertising university functions. The sticking on windshield and window of paper posters is undoubtedly a nuisance to the automobile owners, both because of their preventing a clear view of the roads and because of the difficulty in removing them.

GAMMA PHI DINNER GUESTS

Gamma Phi Beta had as dinner guests on Thursday evening, Grace Basset '28, and Ruth Streeter '28.

DELTA SIGMA LAMBDA INITIATIONS

Delta Sigma Lambda entertained Dean Leach and Messrs. Noonan and Doonerwirth at dinner during the week.

K. O. T. PLEDGES ENTERTAINED

The alumni members of Kappa Alpha Theta entertained the pledges with a buffet supper at the home of Mrs. J. H. Clemons, February 3rd.

A. T. O. HOSTS AT DINNER

Mrs. J. A. Walters and Mr. and Mrs. J. A. Walters were dinner guests at the Alpha Tau Omega house last Wednesday night.

PI BETA PHI ENTERTAINS

The pledges of Pi Beta Phi entertained the alumnae and active members on Monday evening, February the sixth. Stunts, songs and specialty dances by Phyllis Day '31 and Bessie Davie '30 were the entertainment of the evening.

PI PHI DINNER GUESTS

Pi Beta Phi entertained at an exchange dinner Thursday night, February the second. Edith Scribner '29 and Beverley Bulmer '28, members of Sigma Alpha Omega were the guests of the evening.

BETA DELTA GUEST OF TRI DELT

Ether Saur represented Beta Delta at the Exchange dinner at the Delta Delta house on Sierra Street, Thursday evening.

S. A. E. HOLDS INITIATION

Sigma Alpha Epsilon held initiation Sunday at the Masonic Temple at Sparks for Jack Hopkins '31, William Woodburn '31, Roscoe Prior '31, James Louidgan '31, Grant Bowen '31, Gilbert Mathews '31, Harold Vaughn '31, Howard Quinn '31, Howard Ballinger '31, Sam Imelli '31, Al Kinne '31, Mar-

SOCIETY NOTES

Alvin W. Went of Los Angeles, province president, was present at the ceremony.

Following the initiation, the new members were honored with a banquet at the Riverside Hotel. The speakers of the evening were McKenzie, Went and Canton.

SIGMA NU INITIATION

Sigma Nu held initiation January 28th, at the Century Club for Harold Thompson '31, Newton Crumley '31, Walter Cunningham '29, David Burns '31 and Charles Eldridge '30.

Following the ceremony there was a banquet at Toscano's in honor of the new initiates.

PI HOSE PARTY

Last Saturday night, February the fourth, the members of Pi Beta Phi gave their semi-annual Slumber party at the chapter house.

PHI SIG INITIATE FIVE

Saturday night, January 28th, Phi Sigma Kappa held initiation for the following initiates: Joseph McDonnell '31, Robert Osborn '31, John Prenterville '31, Max Newton '31, Norman Coughlin '31, and Al Weiland '31.

VESPER SERVICES

Last Sunday evening Vesper Services, under the auspices of the Y. W. C. A. were held at Manzanita Hall. About seventy guests were present to enjoy the program which consisted of the following numbers: piano solos by Mrs. Cowl of New York; vocal solos by Mrs. Chaska West, and violin solos by Ethel Leonard '31. The musical entertainment was followed by a social hour.

These Vesper Services will be given every Sunday evening in February, and everyone is welcome to attend.

Yale university is planning on building a church which will be centrally located for students and faculty.

In anthropology, the University of California ranks first among the colleges and universities of the United States.

U.S. China Plan Graduate Study

Harvard University and Yenching University in Peking, China, are forming a union of graduate study, by which an institute of Chinese studies will be added to both institutions, and an exchange of graduate students inaugurated.

"The main purpose of the institute," said Dr. J. Leighton Stuart, president of Yenching, "is to promote both in China and America graduate study and research in the various branches of Chinese culture with the primary objective of encouraging the Chinese to study their own highly-developed civilization in the light of Occidental methods of research and to interpret this civilization to the West."

Harvard will add courses in Chinese language and literature, as well as various aspects of Sinoology, studied through English and other European languages.

Will Anyone Accept This Challenge?

Columbia, S. D. Sept. 9, 1926

Larus & Bro. Co. Richmond, Va.

Gentlemen:

I am a veteran of the Edgeworth army, still in active service. I make this claim, challenging all comers, to have smoked Edgeworth and nothing else but Edgeworth (when it was possible to get it) for a longer period than any other person within the scope of your territory.

I have smoked Edgeworth for twenty-one years and will soon start on the twenty-second.

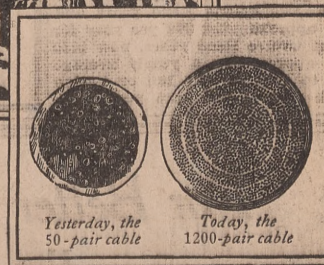

I'll admit to having tried other brands, including so-called high-class, high-priced blends and mixtures, enough to appreciate and satisfy myself of the superiority of Edgeworth.

In all these years I have never had one can of Edgeworth that varied in flavor or otherwise.

Yours very truly, (signed) J.J. Roberts.

BULLDOGS AND WOLVES DIVIDE HONORS IN FAR WESTERN TILTS

FRESNO DOWNS VISITORS AFTER LOSING IN FIRST GAME

NEVADA SUFFERS FIRST CONFERENCE DEFEAT THIS SEASON

By BOB BLACKMUN '29

The Nevada Wolf Pack divided honors with the Fresno State teachers last week in a two game series on the latter teams court. The pack won the first game 26-24, but lost the second 26-17.

In the first encounter on Friday night the Wolf Pack had things going pretty much their own way all through the first fifteen minutes. At the beginning of the second half, however, the Fresno cagers suddenly came to life and began to sink baskets with considerable consistency. This sudden attack placed them several points in the lead which they held up until near the end of the game. With two minutes and fifteen seconds to go and the Teachers leading 24 to 23 the Pack took time out to talk things over which seemed to give them the necessary pep, for they staged a last minute rally which netted them the game. Bailey, running guard, shot a free throw to even the count at 24 all, and just as the sun shined for the end of the game Gilmartin, substitute center, loomed the ball through the hoop from the fifteen foot line to win for the Wolves, proving himself a real star.

Second Game Dull
The second game was not nearly so interesting as the first encounter. The Wolves started out fast and as in the Friday game soon piled up a fairly good lead. However, near the end of the first half, the Fresno forwards located the basket and began to sink goals consistently from all parts of the floor. The Bulldogs were leading by a scant 13 to 12 margin at the end of the half.

The Fresno team continued their onslaught all during the second half and it looked as if the Wolves would surely be smothered. The two Bulldog forwards, "Dolly" Wilhelmson and George Telonicher, were uncanny with their long shots, and time and again they sank baskets from out near the center of the floor. As in the previous encounter the Wolves took time out with only a few minutes to play and came back strong to stage a desperate rally in an endeavor to catch their opponents, but were unable to make the necessary points to win.

First Conference Defeat
This is Nevada's first conference defeat of the season so far and still has a good chance at the Far Western title. St. Mary's won from the College of the Pacific last week and are at present leading the Conference, which leaves Nevada in a triple tie for second place.

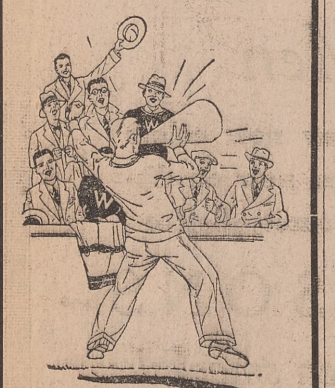

\$1,750,000 DORM

John D. Rockefeller Jr. has donated the University of California a sum of \$1,750,000 for the erection and furnishing of a 500-room dormitory which is to serve as a residence and social center in Berkeley for both American and foreign students.

'SPRING HAS COME'; GOLF BUGS ARE OUT!

"Spring has come!" Spring with all its attendant joys and sorrows, with its love-struck youths, and gayly dressed co-eds, and above all, with its numerous colds.

Yes, but the trees are not in bloom, the birds aren't singing, the men have not yet donned their "knickers." Sounds like a false-alarm, doesn't it? But it isn't, because there is always one infallible sign that warns us of the coming of that great season, and that sign is—GOLF! The S.A.E.s have gotten out their golf clubs and are practicing daily the intricacies of that great Scotch game.

We don't know whether their form has improved or their tempers after one week of hard practice, but we do know that Spring surely must have come!

FALLON CHAMPS AGAIN LOOM UP

The women's end of the state basketball tournament next month promises to be a very exciting one. Four teams stand out for keen competition. They are: Fallon, Reno, Tonopah and Sparks. So far this year the Fallon girls' team under the able coaching of Joe D. Scott, has not lost a single game. Some of the old veterans on the team are: Mary K. Morris, a Day and Dorothy Ernst, Dorothy Mackadon, and Laura Marke. The Fallon squad have held the state championship for seven consecutive years and are out fighting for the cup again this year.

Tonopah runs Fallon a close second as to the winner of the tournament. They have lost only one game this season and that to the Fallon girls, but even then they held them to a close score. The stars of the team were the two Gulsti sisters.

The girl hoopsters from Sparks have played a good game all season only being defeated by Tonopah, Fallon and Reno. This last week-end they won two games, one from Lovelock and one from Winnemucca. In none of their defeats were they beaten, they fought hard to the end of every game, in most cases bringing the score up in the last quarter.

The Reno High School team promises to give some good fight to the other three teams and stands a good show for the cup. The only bad defeat they have had this season was given them by the Fallon girls, since then they have been training harder and harder and are getting ready to give any team in the state a real battle. On the Reno team are Leona Sellman, Cardelli, Ramsey, Merle Fairbanks, Nancy Mitchell, Bess Taylor, and Mary Aiken.

Among the teams of the smaller schools, Carson City ranks first. Lovelock and Winnemucca will also try and make a mark for themselves.

'WILSON CUBS' TO BE ENTERED IN S.F. TOURNEY

FORMER STARS COMPOSE TEAM; REPRESENTS RENO LEAGUE

The Reno Industrial Basketball League will be represented at the Pacific Association tournament to be held in San Francisco, by the Wilson Cubs, leaders of the league. The Cubs will leave on February 28, the tournament beginning February 29.

The Cubs have a fast speedy organization composed of former university and high school players and have defeated about everything in the amateur competition this season. They are financed by the Wilson Drug Co., and are managed by "Tim" Wilson, ex '23. The Reno Industrial Basketball League is composed of teams from various business and fraternal organizations in Reno and vicinity. The Reno High School Goofs are also included in the league and it was originally intended to enter the U. of N. Goofs but owing to the fact that the squads in the league are limited to 12 players and the Goof squad of the university is composed of 25 players, their entry was withdrawn.

PAC CONFERENCE MAY END IN L. A.

Pacific Coast Conference basketball, which started in Los Angeles at the beginning of the season, is likely to end there also, if the University of Southern California hoopsters, and the U. C. L. A. Bruins continue on the path they are now traveling. These two teams are tied for the league leadership, with a percentage of .667. The three games between them scheduled for February 17-23-25 may decide the championship.

Stanford Games Cancelled
Cancellation of the three game series with Stanford has left athletic authorities at Southern California wondering just what they are to do. The feeling at Southern California is that the cancellation, a result of an epidemic of infantile paralysis at Palo Alto, was clearly not the fault of Stanford leaders, according to Willis O. Hunter, Trojan athletic director. He regards the present state of affairs as a postponement rather than a cancellation. Southern California does not wish to force Stanford to forfeit the games, he stated, but he hopes to arrange for games later in the season.

Drawbacks To Plan
The drawback to this plan is that both the northern and southern branches of the Pacific Coast Conference basketball organization finish lock and Winnemucca will also try and make a mark for themselves.

Nevada vs. St. Marys, Feb. 17 and 18, 1928 at San Francisco.
Nevada vs. St. Ignatius, Feb. 24 and 25, 1928 at Reno.

PREP SPORTS

With another week of the high school basketball season gone, only one upset was recorded in the last few games played, that being the defeat of the strong high school team from Tonopah by the supposedly weak team from Ely. The game was a close and hard fought one with the outcome always in doubt. Ely took the lead at the start and at all times were able to stave off the rush of the Muckers. Ely seems to have the strongest team than they have had in years in the past they have had hard fighting teams but composed mostly of small men who were smothered by the larger teams of the state. Since Ely's defeat of Tonopah they must be seriously considered as one of the strong contenders for state title.

Reno Wins
The Reno team added two more victories to their already long list over

their schedules at approximately the same time, and the play-off games are arranged as soon as possible. The Trojans may be forced to play Stanford after the close of the regular season if the University of Southern California should be declared winner of the southern section. Already the Trojans have rolled up 560 points to 393 combined opposition, winning thirteen of the fifteen games played.

Sparks Takes Two
Sparks also had a profitable week-end by defeating Winnemucca Friday night and Lovelock Saturday night. Winnemucca, without the service of their star center, Bankoffler, were at quite a disadvantage but put up a strong fight. They led the biggest part of the game and it was only in the last few minutes that Reno by superior basket shooting forged into the lead. Winnemucca used a peculiar form of defense that Reno could not solve until the latter part of the game. On Saturday night Reno defeated the second of the eastern invaders when they won from the Lovelock team in another fast game.

When they turned back the two small Wellington team in a rather slow and uninteresting game. Carson's Saturday night game with Fallon was cancelled. In the eastern end of the state Elko defeated their old rival Wells for the second time this season by a small score.

Winnemucca won the only game of their Western invasion when they defeated Carson on Thursday night by a score of 20 to 27 but only after the hardest kind of a fight. Carson won one of the closest races for the championship in years.

STUDENT COURT IS ESTABLISHED FOR OFFENDERS

PUNISHMENT FOR MALLOY NEWTON IS SET BY UPPERCLASSMEN

Monday afternoon the Men's and Women's Upperclass Committees met together to consider recent offences against university traditions.

It was moved and passed that a court should be established, composed of the combined Men's and Women's Upperclass Committees, to try serious cases which had gone beyond the control of either committee acting separately. It was decided that tradition breakers should be given three chances to redeem themselves. In the case of men this can be done by appearing for a laking, paddling, or tubbing, while women must apologize to the student body in a sincere manner. If the third summons should be ignored, this A. S. U. N. court will take over the matter and deal out punishment, which shall be exclusion from student body activities of all kinds. These actions of the Upperclass Committees received the approval and backing of the Student Affairs Committee.

In the same session two members of the A. S. U. N. were haled before the court. The first, Miss Kathleen Malloy '29, was charged with three offenses, cutting campus, refusing to apologize before the student body, and refusing to abide by any traditions unless she felt so inclined. The court gave Miss Malloy a chance to explain her attitude towards Nevada traditions. As she refused to do so or to apologize, the court passed the following resolution:

"Miss K. Malloy is no longer a member of the A. S. U. N. She shall relinquish all claims to campus organizations to which she may belong. She is excluded from all campus activities. Should she decide to attend any campus dance or function it will be done against the wishes of the student body."

Her picture and records, if any, shall be removed from the Artemisia. Miss Malloy was given till Thursday 11:25, in which to reconsider in writing to the chairman of the committee in which case the action would be repeated.

Miss Calda Waite, who did not appear before the student body to apologize, was next brought before the court. She agreed to apologize at the next meeting.

The court then adjourned and the Women's Committee left while the Men's Committee met to consider the case of Max Newton '31, who has broken traditions. Newton was charged with failure to show up for laking and paddling. The committee decided to give him his last chance and he was instructed to appear at the gymnasium for a tubbing.

W. A. A. Breakfast Set For Monday

The W. A. A. volleyball-rifle spread which had been planned for Thursday night at 8 o'clock was postponed on account of the lecture until Sunday morning at 9 o'clock, when it will be held in the form of a breakfast at Henry's.

All women who came out for volleyball and who signed up for the Women's Rifle club or came out for rifle practice are invited to attend the spread, according to those in charge. Stunts by the various classes, with class volleyball captains in charge, will be a feature of the event. Varsity volleyball and rifle teams will be announced at this time, also, with the usual award being given. All who plan to attend the breakfast are urged to sign up with the managers immediately.

Masked Bandit Scares Lassies

Leave it to the clever Pi Phis to find a new and different way to allure the men to their door! How's this for originality? They place an exceedingly attractive floor lamp near a conspicuous window, for it is a well-known fact that the opposite sex delights in bright colors. They remain at home for the evening, supposedly to enjoy a quiet game of bridge. When everything was in readiness the fun began.

But oh, what different fun! In the first place an unexpected kind of guest arrived. He was masked! Can you imagine the consternation of the Pi Phis? How could they know if his looks would do? But worst of all he had an accomplice. It was soon evident that the floor lamp was going to be too enticing a bait. While one masked man entertained the girls, the other made off with the lamp. Something had to be done, for things weren't turning out as planned. Consequently several fair maidens proceeded to faint, but even that had no effect on this heartless marauder. Could anything be worse? Effeminate skill having failed, manly force was used, and the invader was mobbed and clawed. Even these heroic efforts failed to dislodge that annoying mask.

Alas! He escaped, his identity still unknown. Lost one lamp, and aroused a whole house full of curiosity! Rumor has it however that the bandit's tender hearts weakened and the alluring lamp is gracing its former position once more.

BUREAU MEETING IN EASTERN CITY

The Nevada State Farm Bureau held its Ninth Annual meeting, in the Elks Home, at Elko, Nevada, January 30, 31 and February 1. Sessions were held both in the mornings and afternoons during the three days meeting, and the evenings were filled with various interesting entertainments.

The County Agent held a meeting after the Extension conference. The purpose of these meetings was twofold: first, to discuss and plan for extending and carrying on the Farm Bureau's work for the coming year; second, to receive reports concerning the progress of its work during the past year. Plans were thoroughly discussed, and made to extend this work which is giving the state so much helpful service.

Those in attendance who are connected with the University were: Professor Scott, C. W. Creel, T. E. Buckman and Mrs. Buol.

Mid-semester reports at Ohio Wesleyan University showed that the juniors were the best scholars while the freshmen were the poorest.

D. A. E. PRESENTS PLAY IN MOST PLEASING WAY

SHE STOOPS TO CONQUER KEEPS WELL PACKED HOUSE AMUSED

Subtle wit and riotous mirth were well handled in Delta Alpha Epsilon's presentation of "She Stoops to Conquer," by Oliver Goldsmith, given in the auditorium of the Education building last Friday night.

Dead moments were few and the well filled hall gave a ready response to the hilarious and seldom sober actions of Tony Lumpkin and his abundantly rich carnine appearance, a role deftly handled by Ruth Streeter '29. Hardly less an incentive for mirth was the greatly imposed upon Mr. Hardcastle with his injured pride creating constantly, a cause for wit and biting sarcasm; portrayed by Eva Adams '28, with a characteristic touch of her versatility.

Costumes Beautiful
Second only to the mirth, was the effect produced by the beautiful century costumes worn by all the cast. It is little wonder that young Marlowe, Altha Pierson '28, should fall from his perch of stately modesty before the enchanting smile of coy Miss Hardcastle, Ellen Harrington '29, peeking from the depths of full skirts and flowered bonnets. Nor is it to be wondered that the violent love of Hasting, Kathleen Griffin '28, should cause him to attempt several elopements when his beloved Miss Neville, La Verne Blundell '28, appeared in skirts of lace and silk.

Good Plot
Isabel Loring '28, played the role of Mrs. Hardcastle and presented the difficulties of an eighteenth century mother with exceptional talent. Perhaps the high peak of mirth was reached when Isabel Loring, thinking herself forty miles from home, takes her husband, Mr. Hardcastle, for a highwayman in her own back yard and implores him with tears in her eyes to take her jewels and life if need be but spare her son.

The members of D. A. E. who helped to make this play the success it was and the roles they played were: Mrs. Hardcastle, Isabel Loring '28; Mr. Hardcastle, Eva Adams '28; Tony Lumpkin, Ruth Streeter '29; Miss Hardcastle, Ellen Harrington, '29; Miss Neville, La Verne Blundell '28; Digory, Juanita Lowe '28; Dick, Helen Smith '29; Roger, Margaret Hartman '29; Stingo, Loretta Miller '29; Hastings, Kathleen Griffin '28; Young Marlowe, Altha Pierson '28; Sir Charles Marlowe, Grace Basset '28.

UNIQUE PORTRAIT PAINTER ON HILL

Have you seen a strange blotch of gray with a black case beneath one threadworn wing meandering about our campus? Have you heard a tale of "Rembrandt, De Vinci, and Michael De Angelo?" If not, you have missed Charles Pape, who nonchalantly terms himself "the world's greatest artist."

An unusual character, this artist proudly displays his mysterious treasure chest; a small travelling case filled with crayons of every hue, self-patented "fountain pen" brushes, oil can contrivances; in fact all that is essential for the artist's palette.

Pride in Work
Charles Pape takes great pride in his work. A few flourishes of his pencil, a delicate shading with his brush and he turns out another portrait. For Charles Pape has painted thousands of students in the last few years.

"I find students among the hardest subjects to draw. They have not developed definite character lines, and it is difficult to make the portrait individual." This painter has proven himself an extraordinary person. Jovial, talkative, and humorous, this self-educated artist brings with him stories of every nature; humorous and serious, real and unreal. And painting and talking, he has in his brief stay in Reno won his way into the hearts of many friends.

MOONLIGHT JUANT FEATURES W. A. A.

Eighteen co-eds arrayed in various hiking outfits and carrying their own lunches went on the W. A. A. moonlight hike on last Wednesday night.

Miss Weber, instructor of physical education for women, led the hikers to a camping spot below the big "N" where a huge bonfire was built.

The new coffee-pot, which was awarded to W. A. A. by Mrs. Walter E. Clark, was used for the first time. The job of scouring it was allotted to the freshman women who attended the hike.

Songs were the main event of the evening. The women all stated that they had a very enjoyable time, and are planning to have another hike on Saturday morning. Anyone interested may sign up in the gymnasium.

FIRST YEAR MEN WIN TWO GAMES

The Frosh defeated the Goofs in a hotly contested game last Friday afternoon. It was a very close and thrilling battle all the way, first one team being in the lead and then the other. At the end of the game the score was twenty-two up, necessitating an extra five minutes of play. During this extra period of play the Frosh showed unexpected power by ringing three baskets and a foul, while the Goofs had to be content with no score. The final count was 29-22 in favor of the yearlings. Liston, former Panaca star, was undoubtedly the flashiest player of the game scoring the majority of points for his team.

Frosh Win Another
Monday night the Frosh defeated the Knights of Columbus team in a very listless and uninteresting game by a score of 35-14. During the first half the two fives fought on even terms but in the second half the Frosh asserted themselves and got away to a comfortable lead.

Tonight the Wolf Babes play Reno High School on Reno's court. A close contest is looked for as both quintets are very strong.

PRESS DANCE IS SPLENDID AFFAIR

Balloons, confetti, swashbuckling pirates, belles and beaux of long ago, and a colorful variety of other costumed dancers made the annual Press Mardi Gras a gorgeous and exciting affair. During the evening Essie Davies '30, who was most charming as a Hawaiian hula girl, was awarded the prize, a leather address book, for the cleverest costume.

A silver loving cup was presented to Alan Bible '30, winner of the Desert Wolf-Sagebrush story contest. Barbara Horton '30 and Melville Hancock '30 tied for second place with 250 points each. One received a leather book cover and the other a book of Nevada poems, while Betty Lippincott '30, winner of the third place received a leather address book.

The best story contest, which ran for a period of eight weeks, was judged by Elmer Lyon '29, editor of the Desert Wolf and Herb Jacobs '29, business manager. The writer of the best story handed in each week received 100 points, the second 75, the third 50 and the fourth 25. A similar contest is now being sponsored by the Artemisia.
