Enrollment Less This Year Than In Fall of 1928

Strict Entrance Rules Thought Cause For Drop

Registration totals less this semester than last semester. There are 74 less, and at the present writing there are only 800 cards out so from all indications the final count will leave the mark some few short of the high total of 849 established for the fall period.

Registration varies within certain limits each semester and the loss or gain of twenty or thirty students does not cause alarm in the department offices. In fact, President Walter Clark, who has made registration a matter of his special concern, should feel some relief when the final total starts down.

For the past several years he has endeavored to keep the enrollment at the University below the 1000 mark. In spite of the fact that regulations governing entrance requirements have been made more stringent, the mark has continued to increase each semester.

In spite of the fact that it has often been said of Nevada that it is a school for girls the belief is without foundation for there are and always have been more men students than women students here. Men total 452 and women 323 to date. Registration closes on Jan. 29.

R.O.T.C. OFFICER IN CAR ACCIDENT

Captain L. N. Johnson, University R. O. T. C. instructor, is in the Letterman General Hospital in San Francisco as a result of a fractured skull received in an accident when the car in which he was riding collided with a train early last Wednesday morning.

Captain Johnson was returning home in a taxi about 1:45 a. m. Wednesday, on Lake street, when struck by a west going passenger train, throwing Johnson to the ground, where he was found badly bleeding from an injury in the head.

After being taken to his home at 829 Evans Avenue doctors found his skull fractured in three places, necessitating his being removed to San Francisco on the 10:45 train Wednesday evening by Dr. D. A. Turner. The latest word received as to his condition is that while grave his progress is considered favorable.

Sophomores Must Be More Vigilant

Enforcement of Nevada traditions will be taken from the hands of the sophomores and given over to the Upperclass Committee. If the sophomores do not, within a certain length of time, carry out the business more thoroughly, according to a recommendation made in the A. S. U. N. meeting this morning.

For some time now, although traditions have been broken freely, there has been no punishment whatever. This thing cannot go on, thinks the Upperclass Committee, so if the sophomores want to continue holding the privilege of padding, lying, etc., they must become more vigilant very soon.

Rally Will Be Held This Eve

Pep and enthusiasm for tonight's game with Chico State will begin at 6:30 by a rally, starting from Manzanita Hall. From there the gang will serpentine down town until time for the feature preliminary at 7:00 o'clock.

HAVE YOU SENT MONEY FOR YOUR CHRISTMAS SEALS YET?

Delayed "Whooping Cough" pamphlets now available, free of charge, at main office, P. O. Box No. 6, Reno, or from Mrs. Nettie Storey, Public Health Nurse in this district.

Nevada Public Health Association, Room 401, Clay Peters Bldg., Reno. Louise F. Sadler, Executive Secretary.

Attention

January 17, 1929.

To Members of the Student Body:

It is vitally important that your correct address should be on file in the Registrar's office at all times. Those who have failed to leave an address should do so AT ONCE.

In two instances since the beginning of this semester mail and telegrams have been received for students whom I could not locate because of lack of address.

LOUISE M. SISSA,
Registrar.

DEBATE TEAM TO TAKE TRIP OF TEN DAYS DURING MARCH

NEVADA GROUP TO MEET FOUR PACIFIC COLLEGES

TWO QUESTIONS WILL BE DEBATED WITH OTHER UNIVERSITIES

With the opening of the second semester the varsity debate squad has begun intensive preparation for what promises to be the most interesting season of debate the University of Nevada has ever experienced, according to Mr. Griffin, coach of debate.

The first of March a team of three men will start on the longest trip ever undertaken by a debate team from this institution. The itinerary will occupy ten days during which time the debaters will engage with four schools of the Pacific coast. These four have been selected from the many offers for debates for two reasons: First, because all of them offer a substantial guarantee to help defray expenses; and second, because all four are outstanding in forensic work. The colleges to be debated are Fresno State College, University of Oregon at Eugene, Oregon State College at Corvallis, and Reed College at Portland.

The University of Oregon and Oregon State College are well known throughout the United States and foreign countries. Last year a team from the University of Oregon made a trip around the world, debating every English speaking country on the globe as well as other nations. This was the largest debate trip ever undertaken by an American college or university.

Oregon State College, which has a national reputation in forensics, last year sent one of its longest-tour ever taken within the United States and Canada, covering 18,000 miles in debating the outstanding colleges of the United States and the University of Montreal in Canada. Both of these colleges produce only the highest type of debaters and competition is certain to be keen.

Reed College in Portland, while small, has always maintained a high standing among educational institutions of the West. Their entrance requirements are among the highest on the Pacific Coast, thus insuring a very high type of student. Their forensic work is correspondingly high in caliber. They are well known for their work in debating and the Nevada team is certain to have a very interesting hour when the teams clash.

Fresno Advancing
Fresno State College is well known to Nevada teams. While a comparatively young institution they are rapidly forging to the front in forensic work. Nevada expects to have many meetings with Fresno teams in the future.

The questions to be debated are: "Resolved, that the Debutante Plan of farm relief should be adopted by Congress," and "Resolved, that the system of trial by jury should be abolished." The latter question is the most popular debate question in the United States this year. It is being debated by colleges and universities in every section of the country. It should prove particularly interesting to all audiences since it has become one of the vital problems of political science which this country has to face. This question also lends itself favorably to the introduction of wit and humor in debate. The farm relief sponsored by the Oregon State Grange and is being given coast-wide publicity. It will be broadcasted from the college radio station, KOAC, and will have radio audiences all over the entire northwest.

The four home debates include: College of the Pacific, University of Oregon, University of Southern California, and Northwestern University of Evanston, Illinois. The debate with Pacific is a return debate of last year's program when San Bible '30 and Emerson Wilson '28, invaded the coast.

A team from the University of Oregon is making a trip through the northwest, including the University of Nevada on their schedule. The system carried in this debate will be the Oregon Cross-question System in which the debaters of both sides cross-examine the opposition. This plan is famous for its entertaining qualities and should draw a large crowd in Reno.

The University of Southern California is one of the most noted forensic schools on the coast. Their teams are well known for their humor and wit. This promises to be one of the best debates of the year.

Northwestern University, whose School of Speech rates foremost among American colleges, is sending a team to the Pacific coast in March. Their debaters are certain to be finished speakers.

This schedule has been arranged through a careful selection of institutions, and according to Mr. Griffin, if we were to pick the country over we could not have selected schools who are more outstanding than those to be debated this season.

BLEWETT CALLED HOME

Miss Marjorie Blewett '31 was called to her home Monday night in Berkeley, due to the severe illness of her grandfather.

Frosh "Bibles" Due To Be Out In Near Future

Every Frosh Man and Woman Required to Have Handbook

New A. S. U. N. "bibles" will be out Monday or Tuesday of next week, and after Tuesday every freshman and woman will be required to buy one and carry it with him or her continually while on the campus. The price being seventy-five cents.

Those who secured the temporary handbooks last semester may exchange them for the new ones, which, according to reports, are very handsome, containing pictures of interest, and being much more elaborate.

The place of sale of the books will be announced on the bulletin board later, but will probably be in the A. S. U. N. office in the Mining building.

"Put your name in your book as soon as you secure it," says the Upperclass Committee. "There is going to be a close check-up made, every man and woman being required to report at the A. S. U. N. office with his or her autographed book. If a book does not contain your name, you will be treated as though you did not have one, and measures of punishment will be dealt by the Men's and Women's Upperclass Committees."

INTERNATIONAL SQUADS TANGLE FOR SUPREMACY

FANS OFFERED UNUSUAL STYLE OF HOOP CAVORTING

Nevada basketball fans will be given a chance to see what might be called international basketball, when two teams gathered from the corners of the earth mix in the first preliminary game Friday night. The University has gone to a great deal of expense to get these athletes for the date and wants the students and the townspeople to take advantage of the fact.

Unusual Men
The forwards on one team both hold broad jump records in the Sandwich Isles, one of the centers has served on the city scavenger force for the last fifteen years and one of the guards has won four medals and a dollar for flag pole sitting in various parts of the United States. The other team not to be outdone has imported two of the best known chessmakers in Switzerland for forwards, has gone to unlimited expense and time to get the man that started the Bolshevik revolution in Russia for center and at the guard positions has the mayors of Beowave and Dolly Varden. Anyone can readily see that besides the uncanny brand of basketball that will be passed out, that they will meet and see people that will give the refreshing outlook and education that could only otherwise be gained by extensive travel.

It is also announced that between halves of the Saturday contest between Nevada and Chico State, a magnificent and unparalleled stunt in the annals of gymnasium stunts will be offered to the public. The costumes, the training and the beauty of this affair can only be appreciated by actual vision and people should arrive early if they wish to get the best seats.

Besides all this entertainment the spectators will witness some real basketball when the Nevada engers and the Chico State Teachers tangle in a two-game series. Chico has been downing teams in her section of the country by a good record and comes with as good a heavy score and some team had last week end. This also is a new team on the Nevada court and will give the fans a good insight on the great team that Nevada has this year.

When the spectators saw Nevada hold the San Jose quintet to a lone field goal in the first half of the second game last week, they saw a real team because San Jose scored a victory over Stanford, and right now Stanford is considered one of the big threats on the Pacific Coast. Anyone that likes basketball can certainly get his fill this year watching the Nevada squad play.

D. A. E. Presents Gift to Library

A beautiful bronze bust of Shakespeare was given by the D. A. E. honor society as its annual presentation to the campus. This bust was obtained from abroad and took several months in arriving. All those interested in the bust may see it in the hall of the library.

The pedestal on which the bust sets was given by the Board of Regents.

CARPENTER BRINGS ORE

Professor Jay A. Carpenter inspected the Gold Canyon Mining district near Mina on January 5th and 6th. He brought back some specimen of ore and rocks with him from that country.

SOCIAL CALENDAR

Social dates for the ensuing semester were arranged as follows in a meeting held by representatives of the various organizations on Tuesday, January 15:

- Jan.
18 Alpha Tau Omega.
19 Inter-Greek.
25 Sigma Phi Sigma, Sigma Nu, Lincoln Hall, Delta Sigma Lambda.
26 Pi Beta Phi Crawl.

- Feb.
1 Beta Kappa, Sigma Alpha Epsilon, Kappa Lambda.
2 Frosh Football Sweater Dance.
8 Pi Beta Phi, Beta Delta, Phi Sigma Kappa.
9 Junior Prom.
14 Campus Players Play.
15 Sigma Alpha Epsilon, Delta Delta Formal, Lincoln Hall.
16 Open.
22 Sigma Nu, Alpha Tau Omega, Delta Sigma Lambda.
23 Press Mardi Gras (tentative)

- Mar.
1 Beta Kappa, Kappa Alpha Theta, Sigma Alpha Epsilon, Sigma Phi Sigma.
2 Tri Delt Jazzarino.
8 Campus Players—Play.
7-8-9 Boys' Basketball Tournament.
9 Juniors or Block N.
14 Tri-Delt Jinx.
15 Pi Beta Phi Formal, Phi Sigma Kappa Formal, Lincoln Hall.
16 Engineers.
22 Sigma Nu, A. T. O., S. A. E., Delta Sigma Lambda, Kappa Lambda Formal.
23 Freshman Glee.
28 Alpha Tau Omega Formal.
29-30 Vacation, Easter.

- Apr.
3-4 Campus Players Play.
5 Spring Festival, Sigma Phi Sigma Formal.
6 Mackay Day.
12 Beta Kappa Formal, Sigma Alpha Epsilon, Kappa Alpha Theta Formal, Lincoln Hall Formal.
13 Women's Glee Club Concert Dance.
18 Campus Players Play.
19 Delta Delta, Sigma Nu, Tri Delt, Phi Sigma Kappa, Kappa Lambda.
20 Seniors.
25 Sigma Nu, Sigma Alpha Epsilon Formal.
27 Wampus Ball.

- May
3 Senior Play.
4 Senior Ball.
10 Open.
11 Phi Kappa Phi Banquet.
13 Commencement.

If any dates are cancelled Miss Mack should be notified immediately.

55 Selected To Take Parts With Productions of Campus Players

Duerr Selects Members From Large Group of Tryees

Tentative Casts For Coming Plays Announced

Of the one hundred and twenty-two students who tried out last Thursday afternoon for parts in Campus Players productions this semester fifty-five have been passed by Edwin Duerr, director of dramatics.

The tryouts held last week were one of the largest held by the hill dramatic organization. It is planned to use as many of the new students as possible. Further tryouts, for those who missed the first, will be held Monday afternoon in the auditorium of the Education building from 4 until 5 o'clock.

Tentative casts for the first three plays to be presented are given out as follows:

Claire Lemkuhl '29 will play the leading part in Don Marquis' "The Old Soak," which is to be presented on February 15 by Campus Players. It is planned to offer the comedy at the Granada theater. The remainder of the cast:

- Cousin Webster Parsons.....
Matilda..... Ruth Gooding '29
Lucy..... Renee Duque '29
Tom Oden..... Joe Mahoney '31
Clen Hawley Jr..... Dan Semseny '30
Ina..... Evelyn Anderson '29
Nellie..... Clara Tomlin '31
Al..... Lorin Tomlin '30
For "Outward Bound," the first Mack and Daggler production to be given by Campus Players, an all-star cast has been selected. Sutton Vane's play will be presented on March 7 and 8 in the auditorium of the Educational building.

Duerr to Appear
Byron O'Hara '31 has been assigned the leading role. Edwin Duerr will also play a part in the drama, his first appearance in the two years that he has been directing here.

The complete cast is as follows:
Mrs. Cliverton Bank.....
Mrs. O'Hara..... Helen Mahoney '29
Mr. Lingley..... William Colman '29
Tom Pryor..... Byron O'Hara '31
Ann..... Genevieve Leonard '29
Henry..... Hoyt Martin '29
Rev. William Duke..... Edwin Duerr
Scrubby..... Edwain Semenza '30
Mrs. Midget..... Wilma Fitzgerald '32
Rev. Thompson..... Don Bernstein '29
Wilma Fitzgerald, Patricia Harding, and Albert Smith will be guest players for Mack and Daggler.

English Comedy
"Mary, Mary, Quite Contrary," by St. John Ervine, will be given on April 4 and 5 in the Education building auditorium by Campus Players and Delta Alpha Epsilon. The following will comprise the cast for this English comedy: "Peg" Smith '30 playing the leading part. Those in support are: Mrs. Considine, Gwendolyn Pierson '31, Sheila..... Patricia Harding '29, Mr. Beby..... Howard Sheerin '31, Miss Mimmis..... Barbara Horton '30, Jenny..... Lois Carmen '31, Geoffrey..... Dan McKnight '30, Sir Henry Considine..... N. Brown '30, Mr. Westlake..... "Peg" Smith '30, Rev. Canon Peter Considine.....

Freshmen: Edwin Cantlon, Mary Baird, Louise Gastanga, Virginia Garside, Winifred Hanson, Olga Nelson, Raymond Poncia, Betty Seeks, Vlou Stewart, Maurine Stromer, Bruce Thompson, Fred Trevitt.

On Radio Mondays
Two full-length plays, and a number of short skits and radio plays, which are given every Monday evening over station KOH, remain to be cast. The players will be made up from the following list:

Graduates: Mary Wilkinson.
Seniors: Don Bernstein, Don Bell, Elbert Edwards, Romayne Foley, Russell Garcia, Jack Gregory, Dick Hillman, Elmer Lyon.
Juniors: Leonard Sledge.
Sophomores: Frances Hilborn, Rose Mahana, Stanley Sundeen, Howard Ballinger '31.
Freshmen: Alice Atkinson, Norman Shakerpearson and one-act play contests. Byron O'Hara '31 and Barbara Horton '30 will direct the radio programs.

Art Staff
The art staff for the semester has been selected as follows: Inez Loomis '29, director; Tom Wilson '29, Genevieve Leonard '29, and Lois Carmen '31. The managerial staff personnel has been cut to the following ten men: Thurber Brookbank '29, general manager; Ralph Anderson '30, Stanley Lehigh '30, Marshall Guisti '30, Bernard Moulton '30, Clark Pomeroy '31, Chas. Eldredge '31, Harold Taber '32, Fred Wilson '32, Robert Rossier '32.

Lenard Sledge '30 has been appointed to take charge of the high school Shakespearean and one-act play contests. Byron O'Hara '31 and Barbara Horton '30 will direct the radio programs.

CAGERS BATTLE CHICO STATE IN TWO MEETINGS THIS WEEK-END

STATERS HAVE ENVIABLE RECORD IN FIRST SIX STARTS

WOLVES HAVE FAST TEAM TO OPPOSE NEW INVADERS

By GUS NEWMAN

A bunch of athletes muffled in heavy sheepskins and overcoats hopped down from an eastbound train last evening just as dusk settled over Reno and got a taste of what they termed "cold weather and high altitude." Nine of them there were, headed by Coach A. L. Acker; nine big huskies who hail from Chico State College and who have journeyed up to Reno to meet the Nevada Wolf Pack tonight and tomorrow night.

One glimpse of that bunch was sufficient to know that "Doc" Martie and his band of bravados will have their hands full trying to dispose of the Chico cagers. Six victories against one defeat is the record which the Chico boys are bringing along from California for the Wolf Pack to shoot at.

Coach Acker believes in starting his basketball seasons in the right manner and in a way of fulfilling his belief he sent his band of casaba tossers against the Auburn Cubs. Chico copped two straight victories and the Auburn Cubs are known to play a sterling brand of basketball themselves. As a follow-up on this good start the Chico Staters proceeded to romp on Santa Barbara State College 57 to 8 and 53 to 9 and in so doing ran up two of the largest scores on the coast this season.

California Polytechnic was the next bunch of basketweavers to fall under the drive of Chico and this game turned out in the way of another dramatic encounter ending with a 50-20 score. Chico's next appearance proved to be its first defeat when the Pacific Tigers decided it was time that the Staters lost a game and set them down 26 to 21. Somewhat surprised at being handed in this fashion the Chico gang took it upon their shoulders to give the College of Pacific a taste of defeat in return for the treatment handed them by the Tigers the first night. Pacific, it seemed, could take as well as give, and bowed graciously before a 26-20 score in the following game.

Stanford found it necessary to put on a dazzling spurt in the last few minutes of play to nose out the Pacific Tigers the week before, after trailing for more than three periods. Those who saw Nevada split games with Stanford during the Christmas vacation will have some idea of the type of team that Pacific has in order to defeat the Cards and a further consideration of the fact that Chico copped the last game of the series with the College of Pacific quite well serve to further emphasize the strength of the Wolf Pack's opponents for this week-end.

Consistent Scorers
For a team to score fifty points or (Continued On Page Five)

Athletic Manager Stevenson Leaves

Due to the acceptance of a position with the Commercial Company of Salt Lake City, Duell Stevenson '28, general athletic manager, tendered his resignation to Finance Control this week. Stevenson will leave the fore part of next week, after clearing up all University athletic business for the new manager.

Hoyt Martin '29, Homer Rayercraft '29, and Don Budge '30 are prospective candidates for the position, the appointment of which will be made by the Finance Control Committee at its next meeting.

Players to Have New Headquarters

At last Campus Players have a place to call their own. The little room near the stage in the education auditorium has been taken over by the players, and furnished with a desk, chairs, telephone, and a cabinet for electric and other equipment.

The new "office" will serve as headquarters for the business of the organization. Heretofore there has been no regular place for ticket selling, etc., and loss and theft of equipment have occurred because there was no store-room in which to keep it safely.

STEWART TO BE SPEAKER

Dean Stewart of the College of Agriculture will speak before the Rotary Club of Twin Falls, Idaho, February 6th. His topic will be "The Current Economic Trend in American Farming." Farmers and agriculturists of that section will attend the meeting.

Record Medals Given to Five Cinder Artists

Frosh Discipline May Be Put In Hands of Upperclassmen

The presentation of medals to six men who are record breakers in track was one of the features of the A. S. U. N. meeting held in the Education Auditorium this morning.

Kellogg Gets Medal
Jack Kellogg '29, this season's track captain, received a medal for the breaking of the 100-yard dash record as well as being a member of the record breaking relay team. Other members of the relay team were Karl Voight '30, James Bailey '29, and Carleton Ferguson '30. Bernard Hartung '28, broke the half-mile record in 1927, and he was awarded his medal this morning. Another to receive a medal was Byron O'Hara '31, who broke the pole vault record.

Jack Grier '30 was unanimously selected as the acting yell leader for this semester, to replace Laddie Miller who graduated last semester. A large megaphone was presented to Grier as yell leader, and will, in turn be handed over to following yell leaders. This blue and white loud speaker effect was given to Nevada by Laddie Miller.

Frosh Too Cocky
Another item of interest was announced when Kelly Lyon spoke of the possibilities of the Executive Committee removing the privilege of the sophomores to handle and chastise the freshmen. This question was brought up because of the lack of organization on the part of the sophs, and the traditions constantly being broken by these frosh, without any fear of punishment.

It was also announced that the Desert Wolf scholarship trophy offered for the men's organization during the best scholastic standing had been won by Lincoln Hall Association, with an average of 2.312, and the trophy offered by Pi Beta Phi sorority for the women's organization having the best scholarship will go to Beta Delta sorority, with an average of 2.020.

Coach To Be Announced
The probability of the announcement of the new football coach at the meeting on February 1, was spoken of by President Lyon.

Phi Sigma Kappa fraternity was presented with the intra-mural basketball cup. This team went through the season without a defeat and was declared one of the smoothest and best teams ever seen on the tournament floor. Buck Farnsworth '29, manager of the team, received the cup for his men.

Big Percentage
of Low Grades
Last Semester

Several Probationers
Have Returned
to Classes

The list of probationers and flunk-outs last semester was unusually high, numbering altogether 55. Twenty-nine were really probationers, fourteen were flunk-outs who, for various reasons including illness, errors, etc., were allowed to be put on probation, and twelve bona-fide flunk-outs who were not allowed to return.

Of those who are disqualified, there are four freshmen, two sophomores, one junior, two specials, one unclassified, and two graduates.

Those technically disqualified, but put on probation, included seven freshmen, five sophomores, and two juniors. Probation students numbered fourteen freshmen, ten sophomores, and five juniors.

Eight Disqualified
Returning to college this semester are at least eight of the probation-disqualified students, and seventeen of the true probationers.

If a freshman does not carry one-third of his work, he is flunked out, and if he does not carry over half, he is put on probation. Students above the freshmen class must carry at least one-half their work to keep off the disqualified list, and two-thirds to stay off the probation list.

GREER SELECTED AS YELL LEADER

Acting yell leader for the rest of the year will be Jack Greer, sophomore, according to action taken by the A. S. U. N. this morning, upon the recommendation of the Executive Committee.

Laddie Miller, the official yell leader for the year, graduated at Christmas time, and is now in Berkeley, Calif. Of the assistants under Miller, Greer has worked out successfully in the opinion of the Executive and Finance Control Committees, he will receive the regular yell-leader's sweater.

Jessie Leonard Returns to Hill After Extensive European Tour

EQYPT LURES BUT CALL OF ICE COUNTRIES IS STRONGER

AUDIENCE WITH POPE IS IMPRESSIVE IN ITS CEREMONY

From Egypt to the North Pole, a ten month journey of ten million experiences; and now home again with a crowded memory; such a trip has been the experience of Jess Leonard '31, a prominent member of the Delta Delta Delta sorority on the Hill. Fifteen countries she motored through, and gazed on the gleaming sands of the Sahara, the blue lakes of France, the soft lights of Venice, and the glistening glaciers of the arctic that we find in fiction. But the fictional side of it was dashed with very cold water when the touring party bravely jumped into the waters of the arctic, 225 miles from the north pole, for the pleasure of swimming!

While in Sweden Miss Leonard witnessed the departure of the last rescue party sent to try and locate the explorer Nobille, lost in the arctic ice wastes. Long, lazy canal trips through the fjords of Norway hastened the passage of the two weeks stay in the northern countries. Easter Sunday saw the group attending services at St. Peter's Cathedral, and on Easter Saturday Miss Leonard obtained an audience with the Pope. "The gardens of the Vatican are beautiful, and the audience ceremony is most impressive," says Miss Leonard. "Long-sleeved black gowns and dark veils are worn by the women who go into the Pope's presence, and everyone kneels as he blesses them."

Four rooms are every day lined with people who seek his blessing, and come to see him, and kiss the emerald he wears on his hand. Then the Sahara, and the all silent Sphinx, and the Valley of Kings where they visited the tomb of famous old King "Tut". "Sad to tell he was not receiving," relates Jess ruefully.

One of the biggest thrills to the young traveler was camel traveling. "It is so queer and different," she said laughing. Six weeks in England! Six busy weeks, shopping, sight-seeing, dreaming and wandering among the immense shops of London, and the quaint, quiet lanes of old English villages. Then the boat for home. Steaming over the Atlantic to U. S. A., to Nevada to Reno. After all old ties are strong, old grads will come back. Welcome home Jess.

TEAM HAS HIGH SCORE AVERAGE

Los Angeles.—An average of slightly over 41 points a game has been scored by University of Southern California's basketball team, Pacific Coast Conference champs last year, in its five straight practice games. Victories that have preceded the opening of the conference contests this week-end.

Following are the results of the Trojan practice tilts: Loyola College, 43-14; Phoenix Junior College, 39-9; Tempe State Teachers' College, 44-19; University of Arizona, 35-31, 35-34; Hollywood Athletic Club, 40-26; Fresno State Teachers' College, 42-28; Pacific Coast Athletic Club, 43-20; Los Angeles Athletic Club, 55-28.

The opening conference games for the Trojans will be played tonight and tomorrow night at the Olympic auditorium with the University of California, former conference champions.

U. C. L. A. Sophomores Air Differences

U. C. L. A., Los Angeles.—(PIP)—At the first meeting of the sophomore class this semester, organization and non-organization students aired their differences. Charges of the latter group that members of fraternities and sororities made them feel unwelcome, and insinuations that the class was directed by an unrepresentative group took up the majority of the time of the gathering.

Y. W. C. A. NEWS

How can the Advisory Board become more of an active part of the Y. W. C. A.? How can the Y. W. C. A. help Freshmen women in solving their problems and making their adjustments? What are the religious problems arising in the new student movement which is taking place throughout the world? These are three of the main questions which members of the Y. W. C. A., under the able leadership of Miss Helen Price, visiting secretary of the Assistant Division, have been discussing during the past week.

Meets Monday

On Monday night the members of the Advisory Board met with Miss Price and the cabinet at the home of Mrs. A. E. Hill on Maple street. The need for closer personal contact between the cabinet and the advisory board was recognized and discussed. It was suggested that each member of the advisory board be given some special committee to work on, in cooperation with the cabinet chairman of that particular committee. Thus by means of common interest in mutual problems it is hoped to secure closer cooperation between the two groups.

Changes Discussed

Changes in the method of electing the Advisory Board which is at present a self-perpetuating body, were also discussed. Alterations whereby the cabinet members will take a more active part in such elections will probably be incorporated in the constitution when it is revised in February.

Following a Chinese dinner at the Asia in honor of Miss Price, and at which cabinet members exhibited their prowess with the elusive chop-sticks a meeting was held at the home of Mrs. Moll Case. Individual problems of the various chairmen on the cabinet were discussed in the light of the new Advisory Board plan. Those cabinet members who feel the need of advice from an older person will take their problems to the member of the Advisory Board whom they believe can be of greatest assistance to them.

Supper Meeting Held

A general supper meeting was held at the downtown Y. W. C. A. headquarters on Wednesday evening. Some thirty women enjoyed the talk on religion given by Miss Price. Y. W. C. A. songs were sung and an announcement was made by Idel Anderson '30, concerning a trip to Truckee on next Saturday, 19th, to enjoy the winter sports. The invitation is not restricted to Y. W. C. A. members, for anyone interested is cordially invited to go. The party will leave from the downtown Y. W. C. A. at 1:15 on Saturday afternoon. It will be greatly appreciated if anyone having a car will bring it.

Increase Shown In Metal Output

Increasing in value from \$23,422,589 to \$31,184,000 in one year, the metal output in Nevada has caused three Nevada mining companies to pay dividends amounting to about \$7,600,000 according to a preliminary statement issued by C. N. Gerry of the United States Bureau of Mines. Nearly all of the dividends were paid by the Nevada Consolidated Copper Co.

The increase in copper was about \$7,400,000 and this accounts for the greater part of the total increase. The copper pit at Kimberley produced practically all of this total.

The gold increase was \$462,169, most of which was recovered from the copper or from rejuvenated mines.

Silver did not increase a great deal throughout the state and a decrease was found in the Comstock Lode, and the Tonopah district.

Poison Eaten By Mistake for Salt

Austin, Texas.—Mistaking poison for salt, and pouring it on an apple he was eating, Kenneth H. Hall, freshman at the University of Texas, died on his way to the hospital. Hall had brought the poison from the science lab to his room for experimental purposes, and had warned a roommate of its deadly qualities.

Every student at Winchester College, Winchester, England, is required by tradition to climb a 500 foot hill twice a year.

Lack of Liquor Laws at Games Brings Protest

College Faculty Claim University Gets "Black Eye"

Minneapolis, Minn.—Lack of enforcement of the liquor law at recent football games brought forth a storm of protests from members of the Wisconsin faculty who declared that the practice was hurting the University. Many instances of open violation in the stadium were cited which were condoned by the Madison police. Although four students were arrested after vigorous protests from the faculty, many more offenses were winked at by those in authority, it was charged.

"The 'black eye' that the university gets is not realized until one goes into some of the cities around the state," asserted a member of the administration.

"When I occasionally get into another Wisconsin city, I am often asked for my opinion of University students. I answer that I had never thought it possible to gather together such a large group of fine young people.

"These people then contradict me and say that the university must be a 'hell-hole,' if the stories circulated are to be believed. And of course, all these people take pleasure in believing this rot about the university and my attempts to discredit it are almost futile.

"It is to correct this erroneous opinion that is being developed throughout the state that the university's energies must be spent and one of the best ways is to smash this promiscuous drinking at football games since these are occasions when thousands from all over the state are here to see what goes on. The threats made against drinking by enforcement officers must be carried out or the occasion makes laughing stock of these officers and of the university."

Scouting Course Offered on Hill

The Education department of the University is offering a new course for all interested. Education 56. This course is for scoutmaster training and is not for prospective teachers alone. Students from any department may take this course in scout training. A division of scout craft for women has already been started for women students.

CAMPUS ACTORS TO BE INITIATED

A meeting of Campus Players was held Wednesday evening at the S. A. E. house at which plans for initiation of new members and for the Shakespearean one-act play contests to be held in March were discussed.

On January 30 initiation of the following five students will take place: Vion Stewart '32, Barbara Horton '30, Tom Wilson '29, Stanley Sundeen '31, and Dan Trevitt '31. At this meeting special entertainment will be provided by the initiates, and Edwin Duerr will lead a discussion on the outstanding American dramatists.

Committee Appointed

A committee consisting of Lenard Sledge '30, Helen Mahoney '30, and Dan Senseney '30 was appointed to make arrangements for the one-act play contest and the Shakespearean reading contest.

A large number of high schools throughout the state have signified their intention of entering the contests this year and it is expected that a greater interest than ever will be made to present a higher type of one-act plays than is usually presented in the schools in the state.

Gwendolyn Pierson '31 was appointed mistress of the wardrobe and a committee consisting of Evelyn Anderson '30, Hoyt Martin '29, and Marshall Guisti '30 is to work on a system of electing new members into the organization.

Following a financial report and brief plans for the coming productions this semester the meeting was adjourned, after which refreshments were served.

TWO EXTENSION SPEAKERS HERE

Two speakers from Washington, D. C., Dr. Louise Stanley, chief of the Bureau of Home Economics, U. S. Department of Agriculture, and A. B. Graham, in charge of subject-matter specialists at the office of Cooperative Extension work, U. S. Department of Agriculture, are prominent in the Twelfth Annual Extension conference, which is being held on the campus this week from January 15-19.

Mr. Graham is especially stressing extension teaching methods, and approximately half the time is being spent in planning how to carry out the 1929 program taking into consideration the points brought out in the lectures.

COEDS ARRANGE SCHEDULE FOR POPULAR SPORT

INTERCLASS GAMES WILL BE ON PROGRAM FOR VOLLEY BALL

Volley ball, one of the favorite sports of the "coeds", began Thursday with Florence Mitchell '29 as manager. According to the manager the periods for this class will be Tuesday and Thursday at 3:45 and 4:10, and at 3:45 on Friday. The women going out for this activity must attend three classes a week.

Health cards will also be distributed and the women are expected to follow their requirements as much as possible. The season will last six weeks, with the first four weeks spent in practice and learning the technique of playing the game under the direction of the P. E. instructor, Mae Bernasconi '28. The remaining two weeks will be the most interesting. Class games will be played during this time and the victors shall be the volley ball champions of 1929, after which the varsity will be chosen by the P. E. instructor with the aid of the captains.

Several Strong Teams
The volley ball champions will be either one of these three classes, the class of '30, '31, or '32. All three classes made a good showing last semester in soccer and hockey and have good material and making it a difficult problem to choose the varsity team.

The following record that is made in volley ball in past years:
1923 by the class of '27,
1925 by the class of '28,
1926 by the class of '29,
1928 by the class of '31.

Judging from the above record, the final battle will probably be between the class of '31 and '30. Last year the class of '31 was victorious over the class of '30.

Enrollment Large
Enrollment for volley ball is expected to be much greater than that of last year, as women are becoming very much more interested in W. A. A. activities. This is shown by the W. A. A. point chart made by Idel Anderson '30, secretary of W. A. A. From eighty members who received W. A. A. points, it now totals 109 members. This is an increase of 29 new members.

Volley ball has been scheduled for last semester, but it could not be given due to the prolonged season for hockey in 1928.

DEAN OF WOMEN GIVES REASONS FOR 'FLUNKING'

LACK OF FACILITIES FOR STUDY AND ILLNESS HEAD EXCUSES

University of Washington, Seattle—In a search for "reasons" as to why students "flunk out" of the University, Mrs. Winifred Haggett, dean of women, recently brought to light an old list of suggestions which was prepared a few years ago by the dean of men's office.

The list disclosed by the dean of women gave as reasons: (1) Absence, caused by illness of pupil, illness of others, truancy, and excused by parents when not really necessary. (2) Short mentally, caused by not prepared for courses, too heavy a program and lack of brain power. (3) Outside resistance, caused by no good place for home study and outside job. (4) Bad habits, such as indifference, carelessness, negligence, laziness, obstinacy and smoking.

Dean Haggett pointed out that she believed that illness of students and illness of others in their family had a great deal to do with students' failures. "Although a few week's illness often puts students far behind in their work, the students who try to carry full hours when they are half-sick are the cause of quite a number of flunks," she explained.

Fresh Flunk
"Also," she continued, "some students are placed in courses which they are not able to grasp during their first quarter in school. The greatest number of flunks in psychology are credited to first year students."
"Although when a student places activities before studies, he is likely to fail; it seems to me that the students

Lincoln Hall Has Five Honor Men

Win Scholarship Cup Offered by Hill Publication

The scholarship average of the Lincoln Hall Association, which leads the fraternities by one point, was greatly aided by the records of the five of its members who made the honor roll. The highest of these is Claude Winder '32, placed near the top of the list. His position has since ascended a few steps due to an error, the correction of which gave him a 1.2, even. Tom Jackson '29, a chemistry major, carrying some of the stiffest chemistry and advanced mathematics offered at the University with an average of 1.34, was only a little way behind. His 22 1/2 hours are just three more than that carried by any other student on the honor roll. Some ratio between his hours and his grade would put him on the top of the entire list.

Hill Gets Cup
The association has secured the cup offered by the Desert Wolf for this semester, and two more wins will make it a permanent addition to the mantle-piece. Other honor members who aided in winning this prize were Randolph Stigen '29 with 19 hours, Leonard Sledge '30 with 19 1/2, and Wilbur Stodiek '29, president of the Aggie Club and the youngest man in the Senior class. Each of these have also helped in the previous records wherein Lincoln Hall has won out above the fraternities for four consecutive semesters including the present. Lincoln Grayson '30, an independent living at the Hall, also reached high honors.

Women Will Brave Exploration Trip

Substituting thrills for the comforts of home any five or more girls who sign up may explore the Cave of a Thousand Wonders during the Thanksgiving holidays. Mae "Barney" Bernasconi, instructor in the women's P. E. department and athletic coach, will bravely lead her band against the unknown terrors of the place, leaving the gymnasium on Saturday at 2 for Potter's field, from where the gallant march is to begin. The women are not to bring any selves on their return.

Gothic N Gives Party for Women

Last Friday night much merriment and fun was in sway at the Mackay Training Quarters when the Gothic N, Women's Honorary Athletic Society, was the hostess at a get-together party. The guests included all new women and members of W. A. A. in order that new acquaintances might be made and cooperation and good-will be felt on the campus.

This society, which was first organized as an honorary basketball society, but which now includes the all around athletic girl.

In activities get more into the spirit of the university, and the spirit of continual work, and by so doing are very likely to make much better grades than the students who are not in activities," he said.
In regard to the old list which Dean Haggett disclosed, she believes the third reason to be the most important, and signified that the fourth was of least importance.

WOMEN'S SADDLE AND SPUR CLUB FINISHES PLANS

SOCIETY DESIRES PAGE IN THIS YEAR'S ARTEMISIA

Saddle and Spurs, under the management of Lois Carman '31, will begin riding about February 18. New features added to the old combine to make Saddle and Spurs one of the most fascinating athletic activities on the campus. Foremost is the planned participation in the track day activities held each spring for the high schools of the state.

A horse show will be held on that Saturday, on Mackay field, offering speed-racing, novelty racing, trick riding, parading, and perhaps steer-riding for the amusement of the spectators.

Artemisia Page
A "Saddle and Spur" page in the Artemisia has been suggested by some of the last semester members, and if possible this suggestion will be carried out. Designs are being made for a small Saddle and Spur pin to be worn by the members.

Lois Carman, manager of Saddle and Spurs, will be coach for the advanced section this semester, and Natalie Lipman '31, will be treasurer and will also coach the beginners. It is planned to have the two sections. Margaret Canby and Mae Bernasconi, instructors at the University, will assist with the coaching.

Arrangements for horses and prices have not yet been completed. The price will not be over \$8.00 per semester and may be as low as \$6.00. Joe Geiser or the McGinnis Riding Stables will furnish the horses. The rides will continue for nine weeks, once a week, and the women will leave the campus at four each afternoon.

Meeting January 21
The first meeting will take place in the Agriculture building at four o'clock on January 21, at which time the members will be divided into beginners and advanced, and days will be set for their rides.

"Saddle and Spurs" was organized last semester, with Florence Handy '30 as manager, and Nathalie Lipman '31 as treasurer. There were about thirty members divided into advanced, intermediate, and beginning sections. Members rode in the Homecoming Day parade.

Fifty W. A. A. points are given for completing the nine weeks riding, and extra points are arranged for outside riding.

Special rates for two and one-half hours Saturday rides are made to the Saddle and Spurs girls. Last semester this rate was \$1.

SCHOLARSHIPS IN Hi Schools Will Enter Contests

MISSOURI GIVES AWARDS TO APPLICANTS IN GRADUATE WORK

To promising graduates of standard universities and colleges the University of Missouri offers a large number of scholarships, each bearing a stipend of \$300 annually, and also a number of fellowships, bearing a stipend of \$600 each, to students who have successfully completed at least one year of graduate study.

These fellowships and scholarships are awarded to the applicants best qualified, irrespective of departments of specialization in the following:
Many Subjects
Biological and Physical Sciences; Mathematics and Engineering; Philosophy, Education, Journalism, and the Social Sciences; Languages and Literature and Art; Agricultural and Medical Science; Home Economics.

Anyone interested in the above information may write to the dean of the graduate school of the University of Missouri for application blanks and any further information.
All applications must be in the hands of the dean of the graduate faculty of the college not later than March 1, 1929, in order to receive consideration for the academic year 1929-1930.

NICHOLS GIVEN WORK

Mr. G. E. Nichols, a new student in the Mackay School of Mines, has been assigned special field work at Galena Creek on a series of metamorphic rocks.

Clonia held its first meeting of the spring semester Tuesday night. Letters were received from Goldfield and Carl announcing their intentions of entering the high school dramatic contests, the date which will be announced later. It is hoped by Clonia that all high schools of the State will enter this year.
Notices will be posted for tryouts in the near future and all students interested in Clonia are urged to be in attendance at the tryout meeting.

Mike Lawlor and "Glen" Bream, both lettermen, are back in college and should give a good account of themselves as soon as they get in condition.

SUPPORT NEEDED

Nevada has a real team representing her this year on the waxed floor and stands an undeniable chance to take the majority of her games. But that team isn't going to play its best if the student body don't show it that they are behind the team at all the home games and at the rallies. Nevada showed a spirit during the last football season that any school could be proud of, now with a winning basketball team the student body should be that much more enthusiastic, in their backing of the 1929 cage squad.

Anyone knows that the University gymnasium is small enough to spoil any ideas of big crowds, yet last week-end didn't find it packed as much as the High School tournament packs it. Now when one considers the difference between the best brand of basketball showed on the Pacific coast every season and that of the average Nevada high school, one should be considered foolish when he states that he prefers the high school games. A couple of good rallies and some verbal advertising among the townspeople should do much to insure a packed house every time the University played.

The first rally of the 1929 season will be staged tonight, beginning at six thirty from Manzanita Hall and from there the gang will march downtown and stir up enthusiasm in the town. Every student should be there, and to make things doubly sure should see that all his friends are there.

HELP HER OUT

Miss Sissa is again requesting that all students, that have changed their University addresses, inform her immediately about it. It isn't for any particular advantage to the registrar to get these addresses but rather for the good of the students. Last week it took her exactly two days to find a certain student to deliver a telegram to him, and when one considers how important speed might be in delivering a message of that kind, he will see the advantage to be gained by Miss Sissa having everyone's correct address. Many friends of students drop in the registrar's office to find out where they are living and often come back blaming Miss Sissa for sending them on a wild goose chase. Make sure that Miss Sissa has your correct University address.

THREE RAHS FOR NEVADA!

Annually the University of Nevada sends a football team to the camp of its powerful neighbor, the University of California. When the smaller college loses the game, as it usually does, there are no complaints nor alibis. The Nevadans say they will be back again in another year.

Now from the campus of that plucky little team has come a bit of news which is of more importance than any victory on the gridiron. A number of citizens of Reno, wishing to change the athletic story, offered to endow some "athletic scholarships," make it possible to attract to the college a picked number of men of brawn and dash, and thus make a bid for championship honors and big company recognition.

Students of the smaller university, in these days when critics insist "sport" is spelled "sport," thanked the generous townsmen, acknowledged the spirit behind the offer, and refused the gift on the ground that it would lay the university open to the charge of professionalism.

Is not this one of the finest triumphs of the 1928 football season? Nevada, with every temptation to retrieve its former losses on the turf, stands for amateur sport and the game for the game's sake, and the students, themselves, made the decision.—From Oakland Tribune, Dec. 22, 1928.

Oswald Peeper, the first, has abdicated! Long live Oswald! Due to the heavy schedule which Dean "Maxy" Adams has actually forced on Oswald in an attempt to get him out of the University this semester, the aforementioned Mr. Peeper has found it necessary to give up his royal position.

Hear Ye! Hear Ye! Hear Ye! Next Tuesday night at Becker's Hall on Commercial Row, Oswald Peeper I, will crown Oswald Peeper II with a bottle of beer, thus carrying out the old Southern Custom. Following the Coronator ceremonies a general free-for-all will take place. Ladies and Gentlemen (with their escort), are welcome, but no college students are invited. They get too rough. This party is going to be a friendly one—???

This is an inside view of the artistic reception and ballroom at Becker's in which the party will take place. The woodwork is done in Louis XVI style and the tapestries are direct from the Orient. The chestfields are a wonderful source of relaxation for those who tire of dancing or struggling and they are almost as good as Old Golds. "Not a car in a coughload."

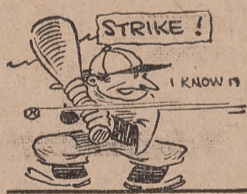

Since this is Oswald's last public appearance he wants to be remembered by everyone and so he is taking this opportunity to get in a few final scandalous digs at some of his very dear friends.

Speaking of something novel in the way of bridge parties, how about the one that a certain bunch of sorority sisters (living on Virginia St.) gave to their spouses. Of course the following tale might be only a coincidence but we will let the readers draw their own conclusions. As the story goes compact was presented as prizes and about that time a Reno merchant complained of missing several of his choice silver compacts. OF COURSE IT WAS ONLY A COINCIDENT, BUT—

All hail to the new Greek god we have on the Campus! One of the women's P. E. classes were asked to choose the man with the best physique, the best walk, etc., attending our Alma Mater. Step up and take your little bow "Goon" boy.

"Apollo," the new Greek god, is pictured above. Look at those chest expansions!

This is Captain-Self-Elect Jones who plans to take his team on a barnstorming tour this season. Last year Jones' team wrecked the barn at the Aggie farm and that barnstorming tour broke up immediately after the open-

IT HAS TO STOP

Where before we were optimistic enough to believe that the reason for books disappearing from the library was merely overlooking them on the part of students, we are now being forced to believe that some students or maybe outside individuals are stealing books from our library. Last week a book that had eighteen people on the waiting list for it, was taken while the librarian was getting a book for someone. The book was behind the window from which books are issued and the person that took it had to reach in to get it. The case is similar to one of breaking into anyone's home and is really stealing from the student body.

Speeches and articles have been given and written for the last two years about the unfairness of taking books, and the smallness of any person that would do such a thing, but they seem to have had no effect. The students practically drove the librarian to make it necessary for the students to sign out books and to restrict the use of the seminars because they couldn't be trusted to act honorably. But even with these measures the librarian must go still further it seems and either hire a policeman or a vigilant committee to watch the students.

BOOK REVIEW

"A sensational human document," that is what Kain O'Dare's new book "Philosophy of the Dusk," has been called. It is the self-revelation of the soul of an habitual crook, written behind prison bars. O'Dare writes of the real underworld, opening vistas never before revealed to the reading public.

Starting History
"The Hohenzollerns," by Herman Eulenberg, is a startling history of the monarchical family whose iron hand was felt in Germany for more than five hundred years. It includes a particularly keen study of the late Kaiser, Wilhelm. The book was translated by M. M. Bozman.

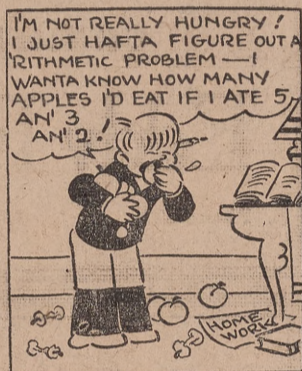

An intimate portrait of the stormy petrel of American letters, Ambrose Bierce, is given in the book entitled "The Portrait of Ambrose Bierce," by Alphonse de Castro. The author is well qualified to write on this subject being a close associate of Bierce, and a man who knew his closest secrets.

History and Romance
Archibald D. Turnbull and Norman R. Van der Veer are the joint authors of "Cochrane the Unconquerable." In this historical romance, the fiery Scotch admiral who swept the French and Spaniards from the sea and helped liberate South America comes to life. Harry A. French, who has been called "The Prince of Vagabonds" since the appearance of his book entitled "The Vagabond Journey Round the World," in his new book roams through the picturesque land of Ulysses and tells what he finds unchanged and what is new. The title of the book is "I Discovered Greece."

In "Under Five Sultans," Mary Mills Patrick, the woman who for thirty-five years was head of the Constantinople Woman's College, describes the eventful march of Balkan history as it passed before her own eyes.

Lyle Saxon, whose celebrated book, "Father Mississippi," published last year, won for him the title "the new chronicler of the south," will have a new book, "Fabulous New Orleans." In this book Saxon will reveal the inner secrets of the great American "City of Mystery." Among other things, he offers an eye-witness account of a voodoo ceremony, a romantic description of a creole ball, an evening in the old French opera house, a vivid encounter at dawn at the famous dueling oaks, and many other romantic and adventurous episodes from the past history of this baffling city. The first chapter of "Fabulous New Orleans" shows the reader an entire Mardi Gras, including the grotesque ceremony in the negro quarters as seen through the eyes of a small boy.

Night Life Revealed
"Nights Abroad," by Konrad Berocovi, takes the reader behind the scenes of the night life of Paris, Vienna, London, Milan, Bucharest, Monte-

One way of doing away with halitosis has been found by the Chem major who is shown above. He says, "All that has to be done is to load some hydrogen sulphide into an apple core. Eat the apple and then you'll smell so bad that no one will know whether you have halitosis or not."

Kappa Lambda seems to possess about the brightest pledge of any fraternity. If you can believe your eyes read the following:

This pledge borrowed a car from one of the members—drove to town—stepped into a store to purchase a few sundry articles—stepped out again and into the car—drove up to a filling station—had the car filled with gas—started home—and then for the first time noticed that he was in the wrong car. He returned to town—found two frantic ladies whose car had been stolen—politely informed them that he had made a mistake—bowed his way out of a bad situation—stepped into the right car and proceeded to drive away.

"Yeh, there was a lot of fun to that," sez this big-hearted boy, "I had to fill the other car with gas too."

And mind you, gentle reader, he was a sophomore and a Kappa Lambda.

"Bottom's up!" said the old soak. And another frosh was turned upside down and paddled for violating the Campus traditions.

This is as far as we go this time so you'll have to transfer to next week's issue.

Students Defeat Ticket Scalpers

Berkeley—Guns were aimed at California ticket scalpers this week when the executive committee appointed a ticket committee and authorized appropriate action for use in running down offenders.

The same method as used last year was adopted in apprehending the scalpers. Agents sent out to buy tickets from bell-hops and others who have tickets on sale; the tickets were used as evidence and then resold at the standard price.

S. A. E. Mother's Club Entertain

The Sigma Alpha Epsilon Mother's Club were hostesses to the campus on Saturday evening at a "Get Together" dance at Dania Hall.

Supper Held for Officer

A buffet supper was held at the Y. W. C. A. hall downtown Wednesday night, Jan. 16th, in honor of Miss Helen Price, secretary of the Aslomar division of the National Y. W. C. A.

Carlo, Copenhagen, Toledo and many other cities of Europe. Speaking of "Nights Abroad" Mr. Berocovi says, "I have never gone out in search of material. Somehow things worthy of notice have come my way while I was traveling for other purposes or no purpose at all. Cities, rivers, mountains and people are never settings or setups for me, but are what they are. At home nowhere, because at home everywhere, I have wandered over the face of the earth not because of the irresistibility of the romance of the road but in search for that anchorage which has held and holds men to the inertia of their birthright."

Gordon MacCreagh, author of "The Last of Free Africa," is a descendant of the famous Scottish highland clan called "the Wild MacCreags." Mr. MacCreagh, who is an intrepid explorer and an irrepressible wit, now lives a very quiet and domestic life on his estate at Huntington, Long Island, and saves his "wild moments" for his exploration expeditions.

Shaw Pleased
When George Bernard Shaw saw Paul Raynal's great tragedy of the World War, "The Unknown Warrior," in England last season he exclaimed, "It was almost worth having a war to have so fine a play." The play will be produced on Broadway next month.

SCANT CLOTHING IS AID TO HEALTH ACCORDING TO M.D.

American Women Surpass Men Due to Sensibility of Dress

ATLANTIC CITY.—(IP)—Scant clothing and silk stockings are making women stronger than men, according to Dr. E. R. Mulford, president of the Medical Society of New Jersey, who spoke at a convention here recently.

"Today," he said, "our American women are in better physical condition than our men. And while there are many reasons, we might credit one to the fact that women do not wear too many clothes, especially in summer. Their garments, light in weight and color, permit the ultraviolet rays of the sun to give its full benefit. Men in their dark clothing which completely covers them from neck to ankle, are denied this energy. "Women are learning how to relax also, while men are not."

Men Have Best Teeth Report

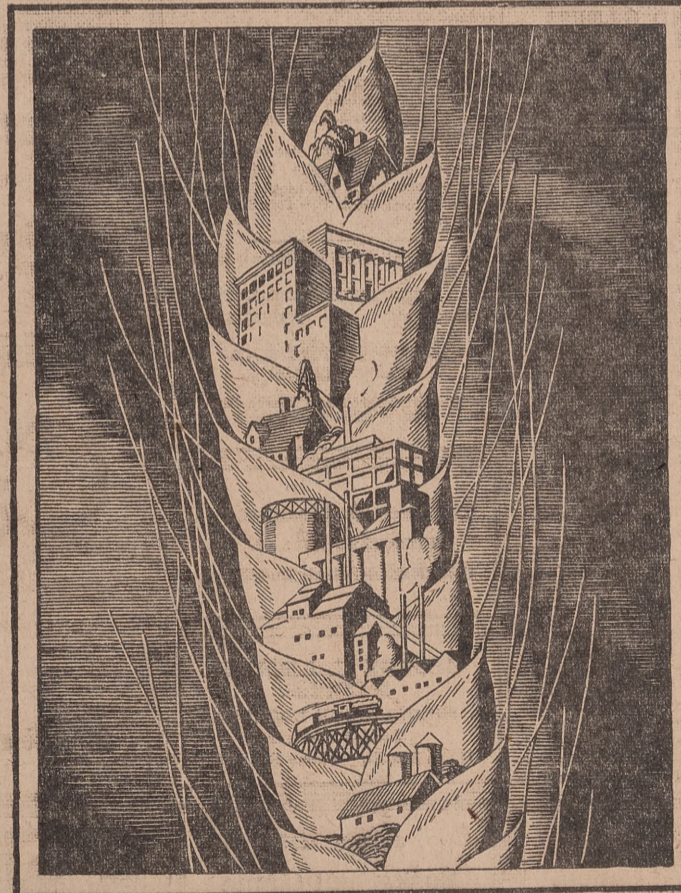

Minneapolis, Minn.—Men students have twice as perfect mouths as women students, according to an examination of entering freshmen. Out of 3,245 men and women students examined, 4.7 per cent of the male students had perfect mouths while only 1.8 per cent of the females had perfect mouths.

In this group of freshman students there was a total of 2,883 teeth lost from cavities and a total of 27,207 fillings, not counting the 4,294 unfilled cavities. Of those teeth that were filled, 23 per cent of gold, 8.2 per cent of silicate, and 1.5 per cent of cement fillings.

From this investigation Dr. Peter Brekhus prepared a pamphlet, "The Loss of Human Teeth," in which he gave a statistical report of investigations made in the Division of Oral Diagnosis of the College of Dentistry.

The university library museum at the University of Wisconsin has been presented with a giant tooth measuring 15 inches in circumference and almost two feet in length by C. F. Lewis of Madison. Mr. Lewis found the tooth, which weighs 16 pounds, about 21 feet beneath the surface while prospecting for gold in the Fairbanks district of Alaska in 1905.

LOST—Gothic N pin. Return to Mrs. Bradshaw in Registrar's office.

Great states from wheat seeds

It was unprofitable wilderness, most men thought. But James J. Hill had faith that it could grow wheat and so he built his railroad. Settlers turned the waste-land into wheat-land, the wheat into wealth, the wealth into great western states.

Faith in the economic future still points the way. Right now men in the Bell

System are planting the seeds of vast possibilities for even better communication.

Out of the belief that the public needs a broader use of the telephone is growing a constantly improved long distance telephone service. Like the railroads of an earlier day, this service is now tapping and helping to develop rich new territories of commerce.

WOLVES COME BACK FOR WIN DIVIDING SERIES WITH SPARTANS

CAPTAIN TOM MALONEY SAN JOSE THREAT IN FAST GAME

"TIP" WHITEHEAD PLAYS STELLAR GAME FOR WOLF CAGERS

By EMMET RIORDAN

The highly touted San Jose State College basketball team, last year's champions of the California Coast Conference, split a two game series with Nevada by winning the first game 28-25 and losing the second 22-16, last Friday and Saturday. Nevada came back the second night and displayed a clever brand of basketball to win the final game.

Eighteen points by Maloney enabled the San Jose quintet to nose the Wolves out in a thrilling last minute rally to win the first game. Captain Maloney, rangy forward, gave a clever exhibition of basket shooting by sinking shots from all parts of the court. Nevada started the game off with a bang and piled up a comfortable lead before the Californians could get started. "Tip" Whitehead, diminutive forward, led the Pack in the onslaught and rung up three baskets before the visitors knew what had happened. Bailey with three baskets and Haines with two hoisted Nevada into a lead that looked safe.

Men Come Back
Coming back in the second half on the short end of a 17-13 score, the San Jose quintet went on a scoring spree that soon placed them on even terms with the fast tiring Wolf Pack.

Captain Tom Maloney proved himself to be the real threat on the visiting team with the start of this period. He went on a scoring rampage that netted four baskets and a free throw, bringing his total to eighteen points, and giving his team a lead which they never lost.

The Wolves made a desperate last minute rally, that netted one basket by Gilmartin, but fell three points short of overtaking the hard fighting visitors. Nevada fought desperately the last few minutes and the outcome was in doubt to the end.

"Tip" Scores
"Tip" Whitehead's playing was one of the bright features of the game from a Nevada standpoint. Besides scoring six points "Tip's" floor work was one of the high lights of the game.

Freitag, going in for Haines in the second half, scored two field baskets and two free throws in a vain effort to overcome the lead piled up by Maloney.

Nevada came back the second night, with a drive that swept the visitors off their feet, and won by a 22-16 count. The Wolf defense was so tight in the second game that all the attempts made by the Staters to get close to the basket were effectually smothered.

The Pack was quick to jump into the lead and was never headed. "Tip" Whitehead started the scoring when he sunk a foul shot. Four field baskets in the first half, two of them by Bailey, gave Nevada a 9-3 lead at half time. San Jose's only field basket for this period came from the hands of Captain Maloney on a shot from mid-court.

Coming back in the second half the Californians started a drive that threatened to repeat their performance of the night before. Nevada however, was not to be taken so easily and led by "Goon" Gilmartin they staged a comeback to maintain their lead.

Game Is Rough
As the game progressed it became rougher and finally resulted in three of Nevada's and one of San Jose's players being expelled from the game on personal fouls. Nevada lost Gilmartin, Whitehead, and Lawlor while San Jose was deprived of the services of Hubbard.

With three stars out of the game Nevada fought desperately to turn back a drive that cut down their lead from 22-9 to 22-16. Maloney was the power in this drive scoring two field baskets and a pair of three throws before the final gun ended the game.

Maloney High
Maloney was high point man of the game with 8 points, while Gilmartin led the Nevada scorers with 7 markers. Captain Jake Lawlor played a whale of a defensive game for Nevada while Gilmartin, Whitehead and Bailey were the mainstays of the offense. Box score first game:

San Jose State College

Freitag, forward	2	2	6
M. Lawlor, forward	1	0	2
Poloni, forward	2	0	4
Totals	38	13	89

Jim Bailey, stellar Nevada guard, still leads his team mates in the total point column. "Jim" gained 11 points in last week-end's series, which curiously enough was the same number he managed to get in the first series with Stanford. Gilmartin, who gained 9 points in the San Jose series, managed to nose Haines out for second place.

"Tip" Whitehead was tied for high point honors with Jim Bailey for the two game series. Each man scored 11 points against the San Jose quintet.

San Jose scored 44 points in the two game series while Nevada scored 47 points. Freitag and "Mike" Lawlor broke into the score column this week for the first time.

Swimming Given To P. E. Students

The men's P. E. classes are being offered swimming as an optional class again this semester and are scheduled for 2:30 on Monday, Wednesday and Friday. The course is the same as that which was offered last semester, with training in charge of Chet Scranton, with the object of training students that wish to secure a life saving certificate at its conclusion.

Swimming will be done at the downtown Y. M. C. A., and a fee of \$5 is required of everyone registering in it except those who are members of the Y.

SPRING SEASON TRACK OUTLOOK REPORTED GOOD

VETERANS AND FROSH FIGHTING FOR BERTHS

With fourteen letter men returning this season for track Nevada's prospects for a big year on the cinder oval look fat. In addition to these stars, several prep men with records will be in there to make up a championship team. This year's captain, Jack Kellogg, who was high-point man last year, is expected to go great guns in the sprints. Tommy Towle, captain two years ago, will do honors on the sticks this season, again Brockbank, who also ran in this event two years ago, will be back to do his best.

Bailey To Be Out
O'Hara will probably take Leavitt's place quite handsily as he tied him several times. Jim Bailey, who has made his letter in three different events, javelin, high jump, and relay, can be expected to do his share. Les Clover has H. Bailey and Lohse to take his place. Bristol is back again to run the low hurdles. Schnoor will have the 800 berth to defend. In the high jump Gilmartin will do honors and will also be in on the broad jump with Kline. Voight, running mate of Kellogg, is back expecting to do big things. Ligon, who made his letter two years in the relay, will be expected to get his place again. Kinross is expected here this semester to leave the weights. Ferguson, quarter miler, will not be back but there are several men coming out who are hot after his berth on the team.

Scott Fast
Foremost among the frosh this year are Neil Scott from Las Vegas who took twenty points for his team in more than one meet. "Red" Rossiter, small miler, should, by virtue of his past performances, give H. Bailey and Lohse a good run for their money. Salsbury, who formerly held the State half mile record, should do a great deal in this event. Martin, who got the state record for the 440 in last year's meet, is expected to do some great stuff in this event.

CAGERS BATTLE

(Continued from Page 1)

more in three consecutive games, 57 in the first, 53 in the second, and 50 in the third game, means that that team has a consistent scoring combination. And that is just the thing that Chico has. Nearly every man on the team can sink a bucket both from out in the court and from close under the basket. Led by Captain Wilson, who, it is said is the word "speed" personified, the Chico cagers are presenting a smooth and fast aggregation which promises to match the Nevada lightning offense.

Coach Acker plans on starting Wilson and Garrigan at the forward positions, Palmer at center, and Dan Farmer and Vugreuez at guards. As a reserve he will hold Souler as guard, Blondin as center, and Elfendahl and Manford as forwards. Facing this quintet will probably be Nevada's old standbys, "Tip" Whitehead and "Lin" Haines at forwards, "Jack" Gilmartin at center, and Captain "Jake" Lawlor and "Jimmy" Bailey at the guard positions.

Nevada has never managed to get over the 26 mark in scoring but it has been able to hold its opponents to the 28 mark and that was in the San Jose games when the Pack bowed to a 28-25 score the first night. Stanford's highest score was 23 and the Pack raked in a 26 the first night. In two pre-season practice encounters the Silver and Blue care artists took the measure of the N. A. C. basketers 84 to 4 and 79 to 6, all of which goes to show that Nevada too can stack up a few points.

The fact that the Chico cagers have never played in such a high altitude as found here at Reno, ranging as it does somewhere near the 4400 foot mark, seems to be a point in favor of the Pack. A high speed game from the very start might serve to tire the

Chico Staters quickly in which case Nevada would have little difficulty in stalking off with both games tucked away to its credit. Other teams, however, have hailed from the lowlands of California and have proceeded to absolutely ignore the effect of the high altitude in winning over the Pack.

Tip-Off Plays Perfected
With "Jack" Gilmartin getting up in the air plenty high at the center position the Wolf Pack is almost certain of getting the tip-off in many of its games. Martie has worked out a nice system of tip-off plays which should put the ball in the hands of the Nevada cagers directly after the jump each

which resulted in scores. A brilliant offense with plenty of nice team work and neat passing will serve to take the ball under the basket for close-in shots and that is the thing that "Doc" is working towards.

Tip-Off Plays Perfected
With "Jack" Gilmartin getting up in the air plenty high at the center position the Wolf Pack is almost certain of getting the tip-off in many of its games. Martie has worked out a nice system of tip-off plays which should put the ball in the hands of the Nevada cagers directly after the jump each

time. Getting the ball directly after the tip-off is advantageous inasmuch as the opposition has little time in which to set its defense, thus insuring a better chance for a score by the offensive team.

Pack Strong
The Pack will be out in force tonight. "Old man injury" seems to have kept pretty clear of the bunch this week and the first string and all the reserves are in top-notch condition. If the Pack doesn't have an off night two straight wins over the Chico bunch may safely be predicted.

"The sun never sets on Chesterfield's popularity!"

"Globe trotters", we can imagine Dr. Freud as saying, "are people whose nurses dropped them onto an escalator in early childhood. They buy a sun helmet, a guide book, and a first-class passage to the Pyramids, and are never heard from again."

Nevertheless, the most confirmed voyager owns to a thrill at finding a carton of Chesterfields in a tiny cafe on the Left Bank,

or a package of the same on a card table at the Army Club at Simla, or on meeting an Arab camel-boy whose only English is "Sooch popular mos' be desarvel!"

For Chesterfield's popularity never saw a sunset; travel as far as you will, this cigarette will always be somewhere ahead, ready to bring good taste and good tobacco home to you.

Such popularity must be deserved—and it IS!

CHESTERFIELD

MILD enough for anybody...and yet...THEY SATISFY

Babes Win and Lose In Games With N.A.C. and Wilson Quintets

Frosh Miss Tie Score With Cubs By One Point

Athletic Club Game Is Walk Away For Nevada

After taking the short end of a 20-19 score in a basketball game with the strong Wilson Cub team Friday night the Nevada Frosh five came back the following evening and walked on the unimpressive N. A. C. quintet to the tune of 33-16.

In the Friday game the Babes trailed throughout the contest. The more experienced Cub team had played together too long and had too much on the ball for the frosh to nose them out. Coach Seranton's boys gave a fine exhibition of gameness by bringing the score up to a bare one point difference in the closing minutes of play, when two buckets by Johnson gave the frosh a chance at a tie or a win. The crowd was on its feet when the bell ended the contest.

17 Personals

Stan Johnson, Babe center, tied with Dakin and Bussey of the Cubs for high point honors. Each man accounted for six markers. Johnson and Dakin making all their points from the floor, while Bussey hung up two via the free throw route. Seventeen personal fouls were called, nine of them on the Frosh and Johnnie Griffin of the Frosh and Tony Poloni of the Cubs were both forced to witness the end of the game from the bench because of too many infractions of the rules.

The Babes found the going easier against the N. A. C. and everybody but the manager got into the game. Johnson again copped high point honors with four field goals and a free throw. He was closely followed by his team mate Griffin who hung up a total of eight marks, two from the foul line and the rest from the floor. Bankoffier also sank three buckets from the floor and Smith put two through the hoop.

Salisbury Valuable

The floor work of Salisbury, Frosh guard, was a feature of both contests. Although he doesn't break into the score column often, Roy accounts for plenty of points by feeding the ball to the forwards where they can use it and is a big help in keeping down the opposition score.

Next Saturday night the Babes are slated to tangle with the Goofs. The Goofs are working hard under the direction of "Butch" Lawlor and will put up a good battle. These contests between the Babes and the Almosts are always for blood, as the losers are a cinch to take a beating every night at practice. This one won't be any exception and will be worth watching.

Y. W. Women Take Skiing Excursion

Skiing and tobogganing at Truckee last Saturday were enjoyed by Idel Anderson '30, Lois Carmon '31, Dora Clover '31, Mae Bernasconi, Aurora Belmont '30, and Lucille Sanford '29. Another trip which may be a two-day outing is being planned for this weekend.

The trip was sponsored by the Y. W. C. A. and was made with a group of local Girl Reserve members and Miss Mildred Van Every, secretary of the downtown Y. W. C. A.

Although there was not a great deal of snow at Truckee, the roads being practically dry all the way, the toboggan slide on the shady side of the mountain was well-packed and dry.

Student Pictures Taken Next Week

This week and the week ending Saturday, 26th, the Riverside Studio will be open to all students who have not had their pictures taken for the Artemisia. A limited special rate of 50c will hold for this date. From then on however, \$1 will be the charge and the Artemisia asks everyone to give his immediate attention to this matter.

All new pledges are urged to have their pictures taken immediately. To date there are twenty seniors who have not had their pictures taken and it is necessary to remind them that the time is limited and their cooperation is asked—any individual senior whose picture is not taken will be omitted from the book.

CAGE CHATTER

San Jose played Stanford a two-game series and each team won a game. Stanford came to Nevada and won a two-games series with Nevada and then San Jose came to Nevada and broke even on a two-game series. In those six games the total scores were as follows:

Stanford	96
Nevada	89
San Jose	87

In the games here Nevada has scored 89 points and their opponents have scored 89.

Something like a record was made in the last game against San Jose State College when a grand total of 23 personal fouls were called. Nevada had three men put out of the game on that account while the visitors lost one.

Hubbard, San Jose guard, who was put out of the game on four personal fouls, made as his fouls against "Tip" Whitehead. "Tip" scored four fouls for himself too.

"Tip" Whitehead made three out of four foul shots in the last game. "Tip" and Bailey tied for high point honors among the Nevada scores with 11 each for the two games.

Captain Maloney, San Jose forward, was high point man of the series with a total of 26 points for the two games.

NEVADA BATTLES PFE'S NEXT WEEK

STATE TEAM COMPOSED OF EX-COLLEGE PLAYERS

The only regularly scheduled game which the Varsity plays with a Nevada team is slated for next Friday evening, when the Wolves meet the Pacific Fruit Express five in the University gym.

The Expressmen travel in from Carlin with the reputation of being the best team in the eastern part of the state. The players are college men who have kept up their cage work after leaving school. Their schedule calls for a trip to the coast, and it was to get some first class competition before making this journey that the game was planned.

This game is not to be taken too lightly. The Expressmen have been winning their games by wide margins, and have yet to be defeated.

CHEMISTRY CLUB HOLDS MEETING

A prophecy of the chemical students at Nevada read by Prof. Lough was the feature of the Chemistry Club meeting, held at the home of Dr. Sears last week.

In his reading Prof. Lough pictured Dr. Sears thirty years in the future, visiting his former brilliant chemistry students. How he visited them one by one, only to see them distort the factors of his theories and teachings until he found the only sane one of the lot in an insane asylum, and, dismayed, disillusioned, chagrined, his hopes blasted, he returned to the University of Nevada to forget his horrible experience, was told interestingly to the club.

At the meeting the constitution for the Chem club was read and it was decided to vote on it next meeting.

After the business meeting, games relating to chemical subjects were enjoyed by the twenty members present.

Psychology Prof Is Disqualified

The employment of Mr. Hoyle as a temporary assistant in the psychology department of the University of Nevada has been discontinued because of the fact that he is a citizen of Canada. A statute passed in 1915 prevents the employment of anyone not an American citizen, by the University. Mr. Frank Morse of the local Y. M. C. A. is taking over the work of assistant this semester.

8395 Decisions Favoring This Smoke

Ipswich, S. D., Sept. 4, 1928

Larus & Brother Co., Richmond, Va.

Gentlemen:

In answer to the challenge of J. J. Roberts of Columbia, S. D., as printed in the Minneapolis Journal dated Sunday, September 2nd, I have smoked Edgeworth for twenty-three (23) years and for two years previous to that time I smoked Quid, which, I believe, is manufactured by your firm.

During this time I have smoked at least one can each day, and to verify this statement you may address the C & C Cafe of this city, where I make my tobacco purchases.

It may be interesting to know that my purchases of Edgeworth during this period have totaled more than 8395 (eight thousand three hundred ninety-five) cans, representing a total expenditure of more than \$1259 (twelve hundred fifty-nine dollars).

I have never smoked any other brand of tobacco but Edgeworth during the twenty-three years.

Yours very truly,
(Signed) Chas. Bostock
Justice of the Peace

Edgeworth Extra High Grade Smoking Tobacco

SPRING SPORTS SCHEDULED FOR COMING SEASON

TRACK PROSPECTS LOOK GOOD FOR ANOTHER CHAMPIONSHIP

With the beginning of the second semester spring sports will soon get under way definitely. Baseball, track, tennis are the major concerns at this time of year.

Nevada's track season with training of the squad for spring competition in this sport will open as soon as the weather permits. Many of the other teams in the conference are already training, which means that the Nevada squad will have to work as usual, which is under full steam while they are at it. A few of the tracksters are doing a bit of inside conditioning work and all are impatient for old King Winter to get the boot and make way for sunshine and a reduction in the velocity of the famous Washoe zephyrs so that the usual procedure of bucking the wind up the back stretch can be left out of it this year for a change. Barring a shortage of weight and field men this year, the track situation looks as good as ever and the competition will be stronger, the chances are very good for a fourth successive championship for Nevada in this sport.

Along with track will go baseball. This sport is growing in favor more and more each year and the grade of games played is by no means mediocre. Some very good material is in evidence on the various teams, and most of them are intact as they were last year.

Tennis will get into its own again when the weather permits and will keep the courts filled with contest and recreational matches. The State championship games are usually played on the campus courts and offer plenty of entertainment to the fans.

Spring training in football will also be carried out as usual this year which, while giving the coach a good perspective on material for next year, will also give the men a chance to brush up on small details.

BETHUNE PLACED IN MINING LABORATORY

Angus Bethune '28 is employed as chemist in the laboratory of the Sullivan Mining Company at Kellogg, Idaho. He started out as a sampler and was transferred to the laboratory within a week. The company is producing commercially the purest zinc in the world. The work is interesting and Bethune is in a position to learn about the entire plant.

Read it in the Brush.

Menke Delegate To I. S. C. A. Meet At Asilomar, Cal.

300 Representatives From Many Nations In Attendance

"Students in the United States are tame, docile, and do not think. They take no active interest in problems requiring real thinking." This is the opinion expressed at the conference of the International Christian Students Association held at Asilomar, California from December 26 to January 2. The five representatives from the University of California who have traveled throughout Europe studying student problems and activities came to this conclusion at the end of the conference.

Menke Representative

The Y. M. C. A., although not directly connected with this organization, is an important branch of it. Mark Menke '29, as the representative from the Y. M. C. A. of Nevada and the Reno Baptist church, attended this conference. Attempts to establish a Y on the Nevada campus have been unsuccessful, but this year a nucleus is organized and this group is planning meetings for the rest of the semester. Any men interested may see Dean Maxwell Adams, Don Knapp, president of the campus Y, or Mark Menke. This present organization shall attempt to handle social problems on the campus and matters of observing traditions as well.

Two delegates from the Y. W. C. A. at the University of Southern California, Los Angeles, were present at the conference to see how the men managed such a meeting and to gather ideas for the women's organization.

300 Attend

Attending this gathering from various parts of the world were 300 delegates from 42 colleges on the Pacific coast as well as from Hawaii, China, Japan, Russia, and the Philippine Islands. The purpose of the meeting was to arouse interest on the camp of the United States; to attempt to solve international problems such as war and peace; to urge the adoption of the Kellogg peace plan and to advise the various camps to take some action such as sending student signatures to congress as the University of Nevada did.

Militarism, fraternities and sororities and the matter of race prejudice as seen on the camp of the United States were some of the college problems discussed. More democracy among students was urged. Another campus problem was that of interesting students in the Y. M. C. A. as a church

Halls Entertain Normal Students

Dean and Mrs. Hall entertained the students of the Normal School at their home last Friday evening. About forty students attended the party with Mr. and Mrs. Tramer, and Miss Williamson as additional guests.
