

## Wolves to Battle Fresno Bulldogs On Mackay Field

### Wolf Varsity Is Conceded Even Break in Contest With California Team

### First Conference Game

### Pack Will Seek Revenge for Last Season's Tie With Teacher Eleven

By BRUCE THOMPSON

Tomorrow the Nevada Wolves will make their third start of the season in a griffin battle with the Bulldogs from Fresno State Teachers College as the first conference game of the 1929 schedule.

The Nevada men will be out to wipe out all memory of the smart of the surprise 12-12 tie game with the Bulldogs last year. So far the Teachers have not done so well, having dropped their first two starts to U. C. L. A. and the Olympic Club. Notwithstanding the fact that the Wolves have also lost their first two games, they are favored to walk off the field victorious after tomorrow's battle.

Led by Captain "Nig" Newton the Pack which will take the turf tomorrow will be entirely rejuvenated since the disastrous Utah contest, and will be characterized by several changes in the lineup. Bull Moyes, last year's Varsity end, is back at his old post on short side. Bull is well known for his hard-hitting tactics and all-around defensive ability as a wing man, and will be a formidable addition to the already strong line. Wally Rusk, whom Mayo has superseded at end, has been shifted to a backfield post, and will be used by Coach Philbrook as alternate for Butch Lawlor in the interfering end of the game.

Outside of the change at right end, the line Saturday will be much the same as that which has started in the first two games. This line, consisting of Levy, end; Newton and Linehan, tackles; Jones and Madariaga, guards; and Withers, center, has shown a great deal of ability, both offensively and defensively. Neither the Brigham Young or Utah backfield aces were able to make any appreciable yardage through the Wolves' forward wall, all of their big gains being made through open field play. And time and again the Wolf linemen have broken through to smear the opponents' plays before they started. With Griffin, Demmer, Brown, Glasgow, Caldwell, Thies, Montgomery and other strong linemen ready to enter the game at any time, Nevada will have little to fear so far as the ability of its forward wall is concerned.

In the backfield the Wolves have the greatest amount of material, numerically speaking, that they have ever had. The loss of Walt Mitchell, plucky little halfback who suffered a fractured elbow in the Utah game, will be keenly felt. But several new backfield threats have come forward since the first two disastrous games. Goldie Holmes, stocky Wolf full, was the outstanding man in the Alumni game last Saturday. He can neither pass nor kick, but amply makes up for his lack of ability along these lines by his actions as a ball totter. He looked fine on those off-tackle plays, and is one of the few men in the backfield who can get through the line standing up. Tip Whitehead is another Wolf backfield threat who is certain to see action against the Bulldogs. He has developed in all branches of play since the first of the season, and was the outstanding Nevada man in the game with the Utes. Butch Lawlor has played a good consistent game as quarter since the first of the season, and will start in that position tomorrow. Other backfield men who will probably get in the game are Handley, Tupper, Sultenfuss, Wonder, Parsons and Gors.

Coach Philbrook has had two weeks (Continued on Page 6)

## Engineers Form Homecoming Plans

### Many Features Will Be Shown by Engineer Group Next Week-end

Engineers' Day, which is being held in collaboration with Homecoming day festivities, promises to have an extensive program, according to Ralph Adamson, president of the associated engineers.

On Friday, October 25, a banquet will be held at the Century Club. This affair will start at 6:15. Exhibits in the engineering buildings will be open all day Friday and most of them open all day Saturday.

Almost all of the space for the auto show which is to be held in the gymnasium has been sold, according to Thurber Brockbank, who is in charge of the exhibit.

There will be five floats from the various engineering departments, including mechanical, mines, electrical, civil and chemistry club.

Displays will be sent by many concerns and to date the following have entered: Weston Electrical Instrument Co., located at Chicago; General Electric, from San Francisco; Bell Telephone and Associated Press, sending teletype from California offices; Sierra Pacific Power Co., Brown & Milbery, J. E. Saviers and Nevada Machinery & Electric Co., all of Reno.

## Summerfield Talks to A. S. U. N. Today

### Yells, Songs, Serpentine in Evidence at Meeting of Student Body; Pease Leads Gathering in Songs

Serpentine, school spirit and no bus-in spite of the many drawbacks this iness featured the A. S. U. N. rally-bunch of boys will win the Par West-meeting this morning at 11:25 in the Education Auditorium. You are going to be Education Auditorium. After several rounds to be behind them before the announcements President Cross turned season is over. They not only can the meeting over to Song Leader Loranhold the score down but can lick the Pease who, after leading several songs other team."

Lester D. Summerfield then was introduced and delivered an enthusiastic pep talk. "This is a mighty fine bunch of boys, on the platform, and a mighty fine coach," was his opening statement.

"The old Wolf is pretty gaunt and 'Hail Proud Nevada' was the song hungry looking at this time of the year," he continued, "but I feel that they concluded with the College hymn."

For the first time since their election Yell Leaders Blakely and Merriman had the opportunity to lead yells at the meeting this morning.

Cross asked that all members of the student body sit in the middle section of the bleachers in front of the press box.

## Sophs Will Sport Derbies and dVests at Bonfire Rally

Thursday night at the Soph-Frosch bonfire rally the sophomores plan to don their derbies, white vests, and canes for a two-day exhibition of the laurels they won on the last two field days. It has been the custom of previous classes having the same privilege to appear during the entire Homecoming celebration in this attire, particularly during the dance on the closing night.

The class of 1932 is the first since that of 1928 to win the honor. It is a singular coincidence that the class of 1924 also won both fights. Many believe the honor will come in a four-year cycle from now on.

## Hall Smoker Held Wednesday as Hill Men Get Together

### Varied Program at the Annual Students' Meeting With Faculty Members

More than forty-five members of the faculty and business men, in addition to men residing in the hall, were present at the annual Lincoln Hall smoker held Wednesday night. The affair featured short talks, vocal selections, recitations, checker, games, smoke-ring blowing contests, an abundance of cigars, cigarettes and apples and refreshments consisting of coffee and doughnuts. Open house was also held by the men of the hall for the benefit of the visitors.

Sledge Welcomes Guests  
Leonard Sledge, Mayor of Lincoln Hall, welcomed the guests, after which Dallas Blankenship, toastmaster of the evening, presided. Dr. Walter E. Clark, president of the University, spoke stressing the importance of greater contact between the students and the faculty.

Dr. Clark pointed out that we should get away from the idea that a student is "red applying" if he approaches a prof when out of the classroom.

Others to speak during the evening were Prof. Charles E. Haseman, Dean of Men; Prof. W. R. Blackler, Master of Men of Lincoln Hall, and Dean John W. Hall of the School of Education.

Prof. and Mrs. T. H. Post, accompanied by the piano by Mrs. W. R. Blackler, entertained with vocal selections. Phil Mann and Bob Long of Lincoln Hall sang "Sada Green" and "My Sin." Howard Lambert, another student, gave a "doughboy" recitation.

Jones, Haseman Tie  
In the smoke-ring contest Professor Haseman and Prof. J. C. Jones tied for first prize; Haseman made the greatest number of rings, and Jones made the largest rings. Dean F. Sibley received the consolation prize.

That the checker games were closely contested is attested by the fact that, although the smoker ended around 11:30 p. m., some of the visiting players stayed on until 1:30 a. m.

Among the visitors present were Mr. W. Deming, Wayne Bueker, Arthur Gay, F. H. Sibley, R. C. Thompson, Brewster Adams, F. L. Bixby, F. A. Bonasi, T. W. Leifson, Lieut. H. B. Wilcox, C. R. Hicks, R. S. Griffin, J. E. Kline, T. H. Post, Peter Frandsen, S. E. Longwell, R. A. Irwin, Ed Reed, V. E. Scott, Edmund S. Leaver, S. Allan Lough, Chet Scranton, Cruz Vestrom, Maxwell Adams, Bob Farquhar, C. W. Davis, O. T. Rockwood, S. G. Palmer, H. P. Boardman, S. C. Foemster, B. S. Couch, G. W. Sears, Charles Haseman, J. C. Jones, J. E. Church, Walter E. Clark, George V. Brown, A. E. Hill, John S. Belford, John W. Hall, Jay A. Carpenter, Irv. J. Sanford, Mrs. T. H. Post and Mrs. W. R. Blackler.

Company "B"  
Cadet Captain, Stanley A. Leahigh; Cadet 1st Lieutenant, Herbert E. Hoover; Cadet 2nd Lieutenant, John W. Hutchison; Cadet 2nd Lieutenant, Fred R. Pader; Cadet 1st Sergeant, John M. Griffin.

Cadet Sergeants are Adelbert C. States, Mathew C. Mohorovich, Fred E. Needham and Earl H. Handley. Cadet Corporals are Robert J. Bannkoff, Bennett L. Johnson, Brisbane Henderson, Minter Harris, James T. Settemeyer and Frank M. Harley.

Company "C"  
Cadet Captain, Lamonte R. Brown; Cadet 1st Lieutenant, Emery F. Chace; Cadet 2nd Lieutenant, Leonard A. Fox; Cadet 2nd Lieutenant, Jack M. Lindley, and Cadet 1st Sergeant, Chester H. Elliott.

Cadet Sergeants are Edwin L. Cantlon, Orvis E. Reil, Norman T. Annett and Charles E. Burgis.

Cadet Corporals are Harland Stuart, Booker R. Henderson, LeRoy H. Chanslor, Robert H. Merriman and John H. Fant.

Keith W. Scott is frequent visitor at grid practices

Keith W. Scott, ex '27, known to his friends as the "flying millionaire," is in Reno for a few days with his new Travelair airplane which he brought home with him from Los Angeles this summer. He has been making regular tours each night over the football players on Mackay Field and was also an air visitor at the Nevada-B. Y. U. game.

Last week he flew down to Tonopah to spend the week-end with Mr. and Mrs. Earle Hendrickson, with whom he attended college.

Scott, accompanied by Ernie Clays, '29, took a tour around the world two years ago, taking their automobile along with them. They took a great number of news reel shots which they have shown to the Campus at different times.

Preparations for dinner completed

The annual Aggie dinner for members of the Agriculture Club and agricultural alumni will be given this year on October 25 at the Golden Hotel at 6 o'clock.

Originally intended as a get-together for University agriculture students and alumni for the purpose of discussing current problems in agriculture, this year the invitations have been extended to include the wives of the visiting alumni as well.

Arrangements for reservations can be made by dialing 7333 or by calling Cruz Ventrom, '27, at the Agricultural Experiment Station.

Carl F. Fuetsch has a job at a Reno bank daytimes.

## Military Officers Given Promotions

### Thomas Towle Is Made Head of Entire Corps for Ensuing Year

Assignments of officers and non-commissioned officers of the Reserve Training Corps were announced the first part of the week and were put into effect today. The promotions are as follows:

Battalion Headquarters  
Cadet Major, Thomas O. Towle, commanding battalion; Cadet Staff Sergeant, Calvin J. Dodson, Sergeant Major; and Cadet Staff Sergeant, Arvin E. Boerlin, battalion supply sergeant.

Company "A"  
Cadet Captain, Raymond R. Germain; Cadet 1st Lieutenant, John B. Albin; Cadet 2nd Lieutenant, Frederick C. Nelson; Cadet 2nd Lieutenant, Emmett R. Kierlan; Cadet 1st Sergeant, Louis A. Gardella.

Cadet Sergeants are Leland S. Martin, Bernard York, Walter D. Mitchell and Charles E. Thompson.

Cadet Corporals are Lester J. Bailey, John R. Perkins, George L. Gottschalk, Hermann W. Kiemann and Fred B. Trevvit.

Company "B"  
Cadet Captain, Stanley A. Leahigh; Cadet 1st Lieutenant, Herbert E. Hoover; Cadet 2nd Lieutenant, John W. Hutchison; Cadet 2nd Lieutenant, Fred R. Pader; Cadet 1st Sergeant, John M. Griffin.

Cadet Sergeants are Adelbert C. States, Mathew C. Mohorovich, Fred E. Needham and Earl H. Handley. Cadet Corporals are Robert J. Bannkoff, Bennett L. Johnson, Brisbane Henderson, Minter Harris, James T. Settemeyer and Frank M. Harley.

Company "C"  
Cadet Captain, Lamonte R. Brown; Cadet 1st Lieutenant, Emery F. Chace; Cadet 2nd Lieutenant, Leonard A. Fox; Cadet 2nd Lieutenant, Jack M. Lindley, and Cadet 1st Sergeant, Chester H. Elliott.

Cadet Sergeants are Edwin L. Cantlon, Orvis E. Reil, Norman T. Annett and Charles E. Burgis.

Cadet Corporals are Harland Stuart, Booker R. Henderson, LeRoy H. Chanslor, Robert H. Merriman and John H. Fant.

## Committee Finishes Tug-of-War Plans

At a meeting of the Men's Upper-class Committee held Wednesday plans were made for the annual tug-of-war across Manzanita lake between the freshmen and sophomores, on Saturday morning of Homecoming week.

This will be the last inter-class contest of the year and the traditional rivalry will be settled. Twenty-five men from each class will compose the contesting teams this year. The pull will be across the northern end of the lake. Russel Laird will look out for the interests of the frosh, while Joe Dereemer will handle the sophs.

Other business taken care of at the meeting was the appointment of Carol Cross, Melville Hancock and Walter Sigal to oversee the Whelps, who are sponsoring the huge bonfire preceding the Homecoming Day football game. It was decided that all underclassmen shall bring boxes and old rickshaws for the fire.

The name of Pat Knight was brought up for wearing cords on the Campus. As this is his first offense he was warned but will be punished on the second offense.

Richard "Telephone" Hillman has a job in the talks as extra. He is also studying music be-times.

## Nation-wide Contest of One-act Plays Is Sponsored by Federation of Farm Bureaus

Sponsoring a nation-wide contest of one-act plays, the American Farm Bureau Federation is awarding twelve prizes to the best plays submitted by October 15, 1929, which will be presented at farm bureau community meetings in every section of the United States. Anyone interested may obtain complete information from Edwin Duer.

The main rules of the contest are that the play must tell a story pertinent to the problems of modern farm life in an entirely original manner and

## Student Life Shown in Moving Picture

### Publicity Bureau Undertakes Filming of Typical Campus Scenes

Both the serious and humorous sides of college life are shown in the moving picture "Nevada's Year" being made by the publicity bureau. It is to be the official A. S. U. N. history of the year, and is promoted by Dean Haseman, the publicity bureau, and Bob Ray. The proceeds from the showing of the picture will go into the A. S. U. N. treasury presumably for football expenses.

All phases of student life will be shown. Scenes from football practice, field day, football games, air pictures of the Homecoming day celebration, Anna Christie, Androcles and the Lion, the Wolves Frolic, interiors of certain classes, and even the Manzanita laundry compose a part of the picture.

Furnishing the comedy interest is a sequence showing the trials and tribulations of the frosh. Bill Beemer, president of the Freshman class, plays the part of the dumb yearling. Vlou Stewart is the designing sophomore who queens on the campus. Tom Penrose, president of the Sophomore class, deals out misery to Beemer, and Walt Linehan catches the poor fellow. A special and very realistic taking for no special reason was given Beemer for the picture. It was redone for a close-up. The purpose of the scenes is to show exactly why the frosh receive their punishment.

The picture will be shown first at the Granada and later will be taken through the state by the Glee Club on its tour either this or early next semester. Not only will it show the school as it is and serve as an asset for future alumni reunions but it will furnish advance publicity and trailer copy for dramatics and Glee Club acts.

## Chinese Journalist To Talk to Class

"Chinese Journalism in America" will be the subject of a lecture to be given before the class in newspaper history at 8:40 in the journalism laboratory next Monday. The talk will be given by Ng Poon Chew, managing editor of the Chung Sat Yat Po newspaper in San Francisco. The lecture is open to anyone who is interested.

Ng Poon Chew holds a doctorate of literature degree from the University of Pittsburgh, a degree not often granted. He has been connected with newspaper work for many years, being the first to publish a Chinese illustrated weekly as well as publishing the first Chinese daily newspaper, which appeared in San Francisco. Besides managing this newspaper he is also managing editor of the Chung Sat Yat Po publishing company. He is an authority on Chinese exclusion matters and is a well-known Chinese-American relations lecturer.

The journalism department expects to have a series of lectures throughout the year by prominent newspaper men and related professional experts. Philip Sinnott, Pacific coast representative of the Newspaper Enterprise Association, has already been secured and will appear in the near future. He will illustrate his talk by motion pictures.

## "Androcles and the Lion" To Be Staged in November

Because of a student lecture, the date of "Androcles and the Lion" has been changed to November 14 and 15. The play production class, English 81, is producing the play entirely, and has charge of advertising, publicity, music and the practical applied sides of the production.

Settings are being done by Edwin Semenza, John Mariana and Archie Van Norden. Thursday night D. A. E., under the direction of Evelyn Anderson, president, will have charge of selling tickets and will receive the proceeds of the house.

## Tryouts Announced by Taylor

Maryemma Taylor, business manager of the Artemisia, announces that tryouts for the business staff are still open. Those interested may call at the Artemisia office on Wednesday afternoon between 2:30 and 4:30.

## Grads' Honor Roll Gets New Names

### Prominent Nevada Grads Given Distinctive Honor in 'Book of Oath'

Names of the six Nevada alumni chosen in May of this year for the Alumni Service Roll have been inscribed in the book of the oath in the President's office. The book was taken to the coast by President W. E. Clark last week-end and at that time the names were engraved in old English lettering.

Those chosen for this signal honor are: James Ford Abel, '01, now connected with the United States Bureau of Education at Washington, D. C.; Cecil W. Creel, '11, director of the Agriculture Extension Division of the University of Nevada; John A. Fulton, '98, director of the Mackay School of Mines, University of Nevada; Harold Louderback, '05, judge of the United States District Court for the northern district of the state of California; Katherine Rieglhuth, '97, associate professor of English at the University of Nevada, and Robert E. Tally, '99, chancellor of the University of Arizona.

Those whose names are engraved on the Alumni Honor Roll are chosen every five years by vote of the University alumni. This year there was a tie between two of the candidates so that six names were added to the roll. The roll was begun in the year 1924 by President Clark, and only the names of those who have succeeded in their life's work and who have likewise carried out the substance of the oath to serve—are eligible. It now contains 16 names, as the first roll contained the names of the University's ten most outstanding graduates since its beginning. This year ten names were balloted upon, from which the six most deserving were chosen.

## Artemisia Editor Announces Photo Dates for Campus

Edwin Semenza announces that the secretaries or presidents of all organizations wishing a page and panel in the 1930 Artemisia should see him at once.

All students on the Campus this semester must have their pictures taken before Christmas as it will be impossible to get special sittings next semester.

### Fant, Newman Play In Tennis Finals

#### Pan-Hellenic Council Offers Loving Cup to Winner of Tournament

All except the final games of the intra-mural tennis tournament for women were played this week. Because of the interclass games in hockey the final game was deferred until the beginning of next week. It will be played between Verdie Fant, independent, and Magdelen Newman, Manzanita.

A cup will be presented to the winner by Pan-Hellenic Council. The tournament was sponsored by Gothic N. women's honorary athletic society.

The women who played were Magdelen Newman, Manzanita hall; Ora Lee, Beta Delta; Alice Couch, Gamma Phi Beta; Euphemia Clark, Kappa Alpha Theta; Mary Weeks, Artemisia hall; Ruth Stewart, Sigma Alpha Omega, and Verdie Fant, independent.

In the interclass tournament which is closing the regular W. A. tennis season, Magdelen Newman, freshman, plays Verdie Fant, senior, for honors. They are playing for both championships at the same time, early next week, at which time the Varsity will be announced.

The class teams in tennis are as follows: Fresh, first team, Magdelen Newman, Doris Johnson, Rose Podrin; second team, Blanche Alexander, Blanche Lucas, Mary Trudelle, Sophomore, first team, Juanita Johnson, Florence Nichols, Junior, first team, Euphemia Clark, Ora Lee, M. Kincaid; second team, Julia Baldini, Frances Millar, Ruth Oppedyke.

### Call Sent Out for Tourney Entrants

Chet Scranton has turned the management of the annual men's singles elimination tennis tournament over to John Fant, who will be in complete charge. The latter has sent out a general call for participants, all men connected with the university being eligible.

The event is being conducted in true big tournament style. All entrants must post their names, along with an entrance fee of 15 cents, with Chet, on or before Friday, October 25. The first games of the tournament will be run off directly after the Homecoming celebration, and the winner will be officially designated the 1929 men's singles tennis champion of the University of Nevada. A trophy with this inscription on it will be awarded the champion.

Those in charge wish to extend a special invitation to tennis fans among the faculty. There are several faculty men who are known to be interested in this sport, and any entrants from this group will be welcomed. The tournament is being sponsored by the P. E. department, and all students taking tennis for P. E. are required to enter.

#### Nevada Faculty Assists in Compiling of Publication

University of Nevada faculty members and graduates gave valuable assistance to the compiler of the Colorado River investigation publication which was authorized by Congress last year and prepared and edited by George W. Malone, state engineer of Nevada and secretary of the Colorado River Commission of this state.

Among the faculty members who contributed to this publication were Prof. J. C. Jones, consulting geologist; Stanley Palmer, consulting electrical engineer; Maxwell Adams, vice-president of the University. Other reports were contributed by Nevada alumni including Thomas R. King, '27, consulting engineer, and H. H. McPhail, '15.

#### Nevada Mining Engineers Attend Sectional Meeting

A meeting of the American Institute of Mining Engineers was held in San Francisco on October 7. The representatives from Nevada were E. S. Leaver, J. A. Wolfe and J. Carpenter. Professor Carpenter acted as chairman of the mining section meeting, and Mr. Leaver and Mr. Wolfe delivered a paper on copper and zinc in cyanidation.

The meeting was attended by representatives of the profession from all parts of the world, many of whom were on their way to the next meeting to be held in Tokyo, Japan.

#### Jones Visits Dumorturite Mine

Prof. J. C. Jones of the Mackay School of Mines spent the week-end with Dr. W. R. Jeffries examining a dumorturite mine of the Champion Porcelain company. Dumorturite is very important as a porcelain flux and chemical use as it is extremely durable and strong. Such articles as evaporating dishes are made of it.

#### Souvenir Programs to Be Sold

A Homecoming week souvenir program will be sold on the campus during the Homecoming festivities. The program will contain a list of events, pictures and line-up of the Wolves and Cal Aggies, and advertisements. The feature of the pamphlet will be cartoons by Wilma Fitzserald and a four-color cover, the first of its kind to be used on these programs. They are being prepared by the Publications Board.

#### Fulton at Dam Conference

Dr. J. A. Fulton of the Mackay School of Mines is still in Washington, D. C., attending the hearings before Secretary Ray Lyman Wilbur for the allocation of the power generated at the proposed Boulder Canyon Dam. Dr. Fulton and George W. Malone, state engineer, have spent some time in the eastern capital, pressing the Nevada power claims.

### Point System Will Be Effective Now

Pending replies from several western universities there is a possibility of a change in the point system among women as it has been operation on this campus, as there have been no changes made to meet the new conditions which have come up during the past few years, when the system was not in effect here.

The purpose of the point system is to secure a more even distribution of honors and activities among women students. Its object is to prevent overloading one woman with more offices than she can hold efficiently, thereby injuring the organization of which she is a member, keeping other women students from having an opportunity to hold an office and working a hardship on the woman herself by placing too heavy a responsibility upon her.

A point system, chairman, who is Verdie Fant at present, is appointed every year to keep a record of the points that every woman is carrying and to see that no one has more than the number allotted to her by the system. Doris Conway and Clara Tomlin were forced to drop some activities.

Points are estimated according to class standings: Seniors 15 juniors 10, sophomores 8 and freshmen 5. Every office and activity which comes under the rule is listed with the number of points allotted to it. The number possessed by a woman in one year does not affect the number she carries the following year.

#### Vesper Services Held Sunday

Vesper services for the University Y. W. C. A. will be held Sunday next at the Federated church at 4 o'clock for the second time this semester. Similar services have been planned to take place once each month during the school term.

This Sunday Mrs. William Moll Case will talk of the cathedrals she has visited. Verdie Fant, chairman of the vesper committee, has also arranged for a musical program.

Herb Jacobs almost died this summer.

#### STUDENTS ATTENTION

For self supporting students desiring fascinating, remunerative work either temporary or permanent, may I suggest that many students of both sexes have earned scholarships and cash sufficient to defray all college expenses, representing national magazine publishers. If interested, write or wire for details.—M. A. Steele, National Organizer, 5 Columbus Circle, New York, N. Y.

### Lecture Schedule Planned For Year

#### Hicks Announces Well-Known Men Who Will Speak Before Students

During the current academic year the University of Nevada has scheduled many speakers, whose lectures are intended to be of special interest to students, selected by Prof. C. R. Hicks, chairman of the lecture committee.

Dr. Ira B. Cross, well-known economist, will speak, December 13 at 11:25 a. m., on the subject "Brass Tacks," and at 8:00 p. m., on "Newer Ideals of Business."

Dr. A. F. Blanks, popular lecturer, will give a lecture group, "O. Henry, American," February 14 at 11:25 a. m., and will give a dramatic reading, "Abraham Lincoln," by John Drinkwater, February 14 at 8:00 p. m.

Dr. Max Radin, versatile student of law, archeology and the drama, will lecture March 14 at 11:25 a. m. on "The People and the Law" and at 8 p. m. will deliver an illustrated lecture on the subject "Digging Into the Past."

Dr. C. A. Kofoid, famous zoologist, will talk April 11 at 11:25 a. m., on "Science and Human Affairs," and at 8 p. m. he will interpret Dr. Cant's film on the "Growth of Living Cells Under the Microscope," using motion pictures and slides.

These lectures will all be given in the auditorium of the Education building.

#### Prof. Jones Returns From Coast

Prof. J. C. Jones has returned from San Francisco where he attended the meeting of the American Institute of Mining Engineers. He is chairman of the Nevada district and presided over a number of the meetings.

### W. A. A. Plans On Party For Lodge

#### Sanford C. Dinsmore and Party Visit Death Valley

A house-warming of the Women's Athletic Association lodge at Galena Creek will be held next Friday, October 18, when the hockey-tennis spread will be celebrated. A house shower is going to be the main feature of the party, at which all members of W. A. A. and all women who were out for tennis and hockey will be present.

The lodge is the culmination of three years' struggle on the part of W. A. A. to raise money for the construction. Now that it is nearly completed the members of the organization are thinking of ways and means to furnish it.

The lodge consists of a single room sixteen by twenty-four feet with a large natural stone fireplace, and an open porch across the front. The roof and sides are covered with shingles to assure warmth in winter. The main purpose of the lodge is a headquarters for winter sports, hikes, outings for members of W. A. A., and other women's organizations on the Hill.

## Violet Rays of Sunshine

not "artificial treatment"—make OLD GOLD  
... a better and a smoother cigarette

OLD GOLD brought about a great change in smoking habits. It gave smokers a new freedom of enjoyment ... without any forbidden limits.

The man who used to say "I can't smoke until after lunch ... my throat is sensitive in the morning" now finds that he can "light up" whenever he pleases. For his morning OLD GOLD has no more throat-scratch than his breakfast omelet.

Likewise all those who have to guard their throats ... salesmen, singers, actors, and the like ... no longer have to stint their smokes, for OLD GOLD is as free of throat irritants as a glass of spring water.

Better tobaccos did it ... naturally good tobaccos ... extra-prime leaf made irritation-free by the violet rays of sunshine ... not by "artificial treatment."

If you like food that is naturally good, instead of food made good by "artificial treatment" ... you're sure to prefer OLD GOLD'S natural tobacco smoothness. Try a package ... and get a vote of thanks from both your throat and taste.

Mother Nature makes them smoother and better ... with "not a cough in a carload"

On your Radio, OLD GOLD—PAUL WHITEMAN HOUR. Paul Whiteman, with his complete orchestra, every Tuesday, 9 to 10 P. M., Eastern Standard Time

Sigma Phi Sigma  
To Entertain Pledges

Sigma Phi Sigma will entertain in honor of their pledges on Saturday evening at a barn dance at Maple hall. Those who are to be feted by the novel dance are Edmund Muth, Francis Oakberg, Max Thompson, Hugh Cooper and Matt Osborn.

**Tri Delt to Hold Initiation**  
Saturday night Delta Delta Delta will hold initiation services for the following pledges: Virginia Cole, Margaret Watkins, Ellen Olson, all of Reno; Mercedes Eason of Sparks, and Gladys Downing of Napa, Cal. The initiation ceremony is to take place at midnight and will be followed by a breakfast at the chapter house.

**Manzanita Hall Holds Formal Dance**  
Manzanita Hall Association entertained with a delightful formal dancing party at Artemisia hall last Saturday evening. The main feature of the evening was the music that was furnished by the Cotton Pickers orchestra. Invitations were graciously extended to all the sorority presidents and other women's groups. During the evening cooling refreshments were served the guests.

**Province Deputy Visits Tri Delt**  
Mrs. Olive Lewis, province deputy of Delta Delta Delta, will be a guest at that house this week. Her trip here is an annual one and during her brief visit she will be entertained extensively.

**Mabel Aljets Visits Here**  
Mabel Aljets was a house guest at the Tri Delt house over the week-end.

**Students Visit Friends in Lovelock**  
Alice Mae Atkinson, Frances Millar and Ethel Hanson spent the week-end in Lovelock at the home of the latter.

**Altha Pierson Visits Parents**  
Altha Pierson arrived from San Francisco Friday to spend the week-end with her parents, Mr. and Mrs. F. Pierson. Miss Pierson is associated with the Y. W. C. A. there.

**Dorothy Eaton Becomes Bride of William Sanford**  
Dorothy Eaton and William Sanford were married at high noon Saturday at the home of the bride's parents, Mr. and Mrs. C. H. Eaton. Prof. B. C. Thompson performed the ceremony in the presence of relatives and a few close friends. The bride was attended by her sister, Jane Eaton, and John Sanford, brother of the groom, was best man. Following the ceremony a wedding luncheon was served, the table being very attractively decorated with fall flowers. Mrs. Sanford is a graduate of the University of Nevada and is a member of Delta Delta Delta.

**Beta Kappa Celebrates "Founders Day"**  
Last Tuesday evening Hotel Golden was the scene of a banquet in honor of the national founding of Beta Kappa. The affair was honored by the presence of Ross L. Mooney, Beta Kappa's traveling secretary.

George Stockle acted as master of ceremonies, and in the course of events short talks were given. The banquet was attended by Dean Robert Stewart, Professors V. E. Coott

**Engagement Announced**  
The engagement of Julia Thein to Walter Melarkey was announced Saturday at a formal tea held at the Delta Delta house, with Rose Mahana as hostess. Garlands of autumn leaves and fall flowers were used to carry out an effective color scheme in the living room, where the guests were received by Rose Mahana, Julia Thein, Mrs. J. A. Thein and Mrs. D. W. Melarkey. The tea table was most attractive with a lace cloth and centerpiece of marigolds and tall yellow tapers in silver holders. Helen Adamson and Ann Porter graciously presided and were assisted in serving by the members of the sorority.

During the afternoon Mrs. J. M. Gilfoyle and Evelyn Anderson, each contributed a group of solos, accompanied by Mary Duffy and Mrs. Herbert Hadden.

Julia Thein attended the University of Nevada, where she was affiliated with Delta Delta Delta. Walter Melarkey also attended the University of Nevada, where he was a member of Phi Sigma Kappa.

**Have Guests**  
Stanley Lealigh and Joe McDonnell were dinner guests at the Tri Delta house Tuesday evening. Following dinner the guests spoke on Homecoming Day.

**Theta Alumnae Hold Bridge Parties**  
Kappa Alpha Theta alumnae sponsored two card parties Saturday afternoon at the home of Mrs. J. H. Clemmons, South Virginia street, and also at the chapter house. Those serving as hostesses were Margaret Hill, Gertrude Wycoff, Grace Costello, Muriel Holland, Katherine Ryan and Mrs. Harry Johnson.

**Regan and Ryan Attend California Game**  
Margaret Regan and Katherine Ryan, secretaries to the colleges of agriculture and arts and science, respectively, motored to Oakland for a few days last week-end. While there they attended the California-Washington State game.

**Warren Monroe Visits Campus**  
Warren Monroe, '29, of the Delta Sigma Lambda fraternity, now assistant editor of the Humboldt Star, visited the chapter house last Sunday.

**Lambda Chi Hold Barn Dance**  
Epsilon Iota of Lambda Chi Alpha entertained with an old-fashioned barn dance at Maple hall on last Saturday evening. The hall presented a very unusual aspect with its bales of hay, shocks of corn and the many requisites of a true barn dance. Among those attending were Peggy Thornton, Dorothy Ernst, Betty Allen, Elberta Johns, Emma Boyd, Helen Steinmiller, Ione Smith, Eloise Colton, Mae Vuich, Kay Burke, Donna Wilson, Marian Brodie, Peggy Spellman, Florence Miskel, Ann Thacker, Beatrice Cobb, Verdie Cant and Kathryn Ligon; Roger Colton, Beale Carr, Alex Lohse, Harry Harper, Nick Basta, Horace Bath, Emmet Riordan, Gordon Kline Peter, Douglas Callaway, William Conroy, Jack McKay, Adelbert States, Elmer Perry, Fred Tong, Wallace White, Bernard Moulton, Fred Lohse, Evanson, Mattson, Peters and Boyden.

**Beta Kappa Celebrates "Founders Day"**  
Last Tuesday evening Hotel Golden was the scene of a banquet in honor of the national founding of Beta Kappa. The affair was honored by the presence of Ross L. Mooney, Beta Kappa's traveling secretary.

George Stockle acted as master of ceremonies, and in the course of events short talks were given. The banquet was attended by Dean Robert Stewart, Professors V. E. Coott

Gianella, Ted Beach, Frank Bristol, George Stockle, Jack Ericson, Ernest Feland, Frank Estes, Howard Estes, Jack McGee, Jack Curdis, Merle Smart, Alfred Weger, Edward Usnik, Meredith Hawk, Horace Church, John Molini, Fred Shahr, Bernard Fry, Edward Redman, Edwin Force, Mason Myers, Herman Rieman, Calvin Dodson, William Wright, William Durbrow Jr., Donald Ronk, Patrick Katen and Gerald Hartley.

**Mack, Sissa Are Dinner Guests**  
Miss Margaret Mack and Miss Louise Sissa were dinner guests at the Gamma Phi Beta house Wednesday evening.

**Delta Sigma Lambda announces the pledging of Chris Gansberg, '33.**  
Tony Blum

**Visits Sigma Phi**  
Tony Blum, '28, has been visiting the Sigma Phi Sigma house since Tuesday for a short vacation. Blum is assistant manager of the California Canning company in Carmel, Cal., near San Jose.

**Dora Clover Attends Wedding**  
Dora Clover left Wednesday for Woodland, Cal., where she was present at the marriage of her sister.

**Housewarming Is Held to Open New W. A. A. Lodge**  
Celebrating the close of the hockey and tennis seasons, a housewarming at the new W. A. A. lodge was given this afternoon for those who participated in hockey and tennis, and other members of the association. The lodge is unfurnished and each member presented her contribution, including pillows, frying pans, a table and many other things necessary to set up housekeeping.

The feed was then served and the regular class stunts were given, after which the hockey varsity was announced. The tennis varsity was not announced because the playing off of the class games in hockey prevented the finals in tennis, which will take place the first of next week.

**Florence Mitchell Convalesces**  
Florence Mitchell, who is convalescing after a severe cold, was the only student remaining in the hospital this week.

Dr. Wright has been ill and has not been able to attend to cases, but his wife, who is a registered physician in her own name, has been carrying on the doctor's work.

Rusty Garcia is recovering nicely from "The Haunted House."

Prof. Higginbotham reports that the amount of carving on the journalism tables has decreased materially with the graduation last May of "Guzz" Newman and "Four-eyes" Crawford.

The Reviewing Stand

By Wm. K. Colman

The Granada will open Saturday with the biggest revue that has been presented this season. Over forty people will take part. Syncopated jazz bands, negro blues singers, novelty dances, a harmony trio from our own Campus, with a fast comedy team and a juvenile chorus will round out the bill. Nothing either in time or expense has been spared to make this the best bill of the season. The bill will be rounded out with the feature picture, "The Red Sword," a stirring drama of the Russian Revolution. Commencing with life in the upper stratum of Russian society when the Czar's power was supreme and his pleasure paramount, it runs the gamut of emotions and shows the same people after the Revolution in the deepest poverty. A red sword may achieve ambition but in the end demands retribution.

Really an interesting picture and a good climax to a good bill.

The Majestic opens Sunday with Paramount's super-special "Four Feathers," starring Richard Arlen, William Powell, Clive Brook and Fay Wray.

The story is based on the famous novel of British soldier life in the Sudan, "The Four Feathers," written by A. E. Mason. Richard Arlen, a young officer is branded as a coward by his comrades. He swears that he will "come back," and he does. How the youth conquers the stigma of cowardice forms the theme for the story which carries him and his three comrades through the kind of he-man adventures we have all seen in "Beau Geste" and then some.

It is interesting to note that the African sequences were made by the men who made "Chang" and "Grass" and took two years in the making. Never before have you seen such shots as these in any narrative epic.

Accorded the highest praise by critics all over the country this picture really needs no other recommendation.

Catch this one or you'll regret it. "The Mysterious Dr. Fu Manchu" will hold the center of the screen at the Majestic next Wednesday. Warner Oland, the well-known character actor, will be seen in the title role, ably supported by a cast of experienced players, including Niel Hamilton, Jean Arthur, O. P. Heggie and William Austin.

The story revolves about a wealthy Chinese gentleman who, after having had his wife and son murdered in the Boxer rebellion, devotes his life and fortune to the consummation of his revenge. Gripping awful mystery—erie footsteps in the dead of the night—unseen hand spreading terror and destruction—a beautiful girl hypnotized to work the will of a cruel maniac—and love, dominating, controlling, triumphing in the mystic maze of a revengeful career—all in all making this picture one of the best of the season.

Commencing Sunday the Wigwam will screen "The Official Scandal," starring Phyllis Haver, Leslie Fenton and Margaret Livingston. Miss Haver will be seen in a new type of characterization, a sob sister cub reporter on a New York newspaper. How she unearths political intrigue, murder and mystery, traces it to the very door of the editorial rooms and falls in love with the suspect, is enough to make any story a wow. As we have maintained before, Haver is worth two hours of anybody's time.

Tuesday brings May McAvoy and Monte Blue in "No Defense," a vivid and entralling love drama built around the construction of a great

railroad bridge. The collapse of the bridge, due to faulty material, while the dedication was in progress, furnishes one of the biggest thrills in a long time.

"Fancy Baggage" opens Friday, featuring Audrey Ferris as an extravagant modern girl who sets about righting the wrong she has done to her over-indulgent father who has made himself liable to a prison term. Of course, there is a romance woven into the story.

Just another picture. Not too good. Sparks once more comes to the fore with an excellent week's booking, "The Three Passions," a Rex Ingram production, with Alice Terry and the famous continental star, Ivan Petrovitch. Very good.

Friday opens "She Goes to War," Eleanor Boardman's latest opus. First showing in Nevada. Excellent.

He's playing the Lion but even the best authorities are undecided as to which end of the Lion he plays.

Dan Senseny has been called on for a variety of parts, but I seriously doubt if he has ever been called upon to play the part of a phycic before.

Bill Beemer, late star of the college picture, "You're All Wet," has started to learn lines of Androcles and will display his manly form in a suit of the American Can Company's best armor. His address and telephone number will be given to any constant reader of this column any time after the performance.

Happy Tomlin, otherwise known as Mrs. Androcles, says that the same information regarding herself will be found at any hour of the day or night on the bulletin board.

And that's that.

**Prewitt Visits Chapter House**  
James Prewitt, ex-'30, who is not in school this semester, visited the chapter house of Delta Sigma Lambda last week-end. He is now located at Winnemucca where he is working for the Bell Telephone company.

IF INQUIRING INTO the reason why most graduates study it most probably would be found that the objective is grades rather than knowledge. (The word "students" here is applied rather loosely.) Men and women, who are supposed-ly the cream of the American people and whose intellectual status is approximately that of being the upper one-half of one per cent, go through college with the feeble aim of a "1" or an "A" plus.

Why they should set scholastic excellence in terms of grades, rather than actual superiority, is more than the logical mind can comprehend. Certainly the average undergraduate does not think of the honor roll student as being anything extraordinary. In truth, he is set aside—there are few exceptions—as a bookworm and most surely as being uninteresting. The few who do a thing well for the personal satisfaction of a job well done are indeed difficult to discover.

To omit those who study because they have to, because if they did not they would be asked to quit college, would be a dastardly oversight. Students of this disposition make up, perhaps, one-half of the student body. They are such an everyday occurrence that they are immediately recognized as being "college people"—no more, no less. They, too, study for grades, as their efforts to "get by" are really to impress upon the instructor the idea that they deserve a passing grade, rather than any pre-conceived intention at learning.

The ideal student is he who comes to college for that which he may give and that which he may get out of an institution (in the finer sense) and at the same time caring little whether he has made grades of an enviable character. He realizes what he is taking away and it is not necessary for anyone to tell him he is a good or a bad student. The old rule of making a good impression as a freshman and riding on reputation for the remaining years is not adhered to by this student. Why? Because he knows that in life there are no such standards and that to be classified under these standards is at best only a very relative attempt by the instructor.

THE CAMPUS IS "taking hold" as a unit in an endeavor to put over another Homecoming. Next week-end is one time that the holiday spirit is freely felt and indulged by all connected with the University. Those working for the success of the day with others in contact with them—this must include all the Campus—feel the throb of working to the end of offering a representative cross-section of university life at Nevada. That this visualization may be viewed by the outsider and by the student, various contests, shows, parades, etc., are staged. Opportunity is offered to review Nevada student life in a colorful and palatable manner. Partakers of the dish are welcomed.

IT APPEARS TIMELY that something be said of the policy of The Sagebrush concerning apologies. Generally that which appears in print is the belief of the paper and to retract would not only be a weak-kneed line of action but inconsistent; that is, if the stand taken is believed in. The editorial principle of procedure of a newspaper is not often changed overnight.

It might also be stated that neither groups nor individuals should bother themselves in trying to bluff, bully or bamboozle the paper into apologetic statements. Such attempts will be without avail.

## Cutting Campus

by COQUETTE

Cartoons by Dorlon Peckham Ex-'29

We hear the A. T. O. "idiots" dance went over big.

Every reason in the world why it should have.

Seems as though the Pi Phi could put on a pretty good one themselves.

Dear Editor:

As members of Nevada's first rating sorority we feel it our duty to call your attention to the manner in which we have been slighted in your so-called humor column.

Please do not misconstrue this to mean that we are hankering for undesirable publicity, but it is a well recognized fact that "razzing" is usually confined chiefly to the "big" men and women of the Campus.

We have almost worn out the "aristocracy" gag, and have been casting about for some new means of keeping ourselves in the limelight. How about a little help?

Yours in secrecy,

Dear Girls:

Many thanks for calling the oversight to our attention, and having dusted off our copy of "Here's How," we are pleased to quote the following:

"Butler, Verna—American sorority girl (sorority believed to be listed in Baer's Manual); Educated in Berkeley and came to this country to pursue a course in college men, specializing in editorial inspiration. Fell for Theta line of "Superiority," but is now reconciled to her fate."

No doubt, other members of your illustrious organization are listed, and in the event you should care for a little more help around plugging time just say the word.

Yours in Service,  
COQUETTE.

Every "colymist" is bound to get lucky once in a while, and we got ours this week. It all happened kind of unsuspecting like, too. Just casting about for some notables to take up space and along comes Daniel "Calford" Trevitt, the great Underclassman. In transferring from the famous institution that bears his name, Trevitt says his

## Through the Looking Glass

Several weeks ago one of my compatriots extended himself so far as to say in this column that individuals were never to be horse-whipped by the half of a squad who compose this bilge. Maybe he was drunk; maybe he was right. Anyway, Eddie Duerr is so much of an institution, mushroom like, around this campus that he deserves flaying.

So genuflect, you infidels! Chirp a carol or two! Salaam! Pretend you are cherubim, rosy and radiant, for the moment! And pledge allegiance via lip to the GREAT GOD DUERR, master of everybody else's fate. Cardinal, Oyster, would-be writer, anarchist, and monarch of all he surveys!

His Majesty Duerr has the campus publications in an "old man of the sea" grasp. First, he has Dan McKnight, editor of the Wolf, completely under his thumb. He has reorganized that magazine, telling Daniel what to publish, how to publish, and when to publish. He has designed the covers; he has selected the type; he supervises the editorials; he censors all contributions; he writes half the book himself!

Second, he has Edwin Semenza, editor of the Artemisia, under that same prodigious thumb. All summer the two conferred with Duerr, deciding all the make-up, the covers, the artists, and the costs. In addition, he let the contracts. He has already decided that the book will be dedicated to himself. Of course, gentle A. E. Hill is supposed to be faculty adviser; but Eddie passes upon all art and editorial matters away before they ever reach A. E. So Hill gets the blame for all salaciousness, and Eddie goes free. Smart lad!

Third, he has James Hammond, editor of this paper, entirely submerged under that now gigantic thumb. He writes the entire editorial page; he makes all the appointments to the staffs; he determines all editorial policies, all campaigns. Before anything appears in the publication, Jimmie runs to Eddie for his o.k. He sees promptly to it that each week there appear three or four stories about himself.

In student body government His Majesty Duerr is again on top of the pile. He is President Cross's confidential adviser, having commented that relationship all summer by means of hotsy-totsy letters. He is Vice-president Horton's master, designating and executing all of her policies for her. He rooms with Don Budge, athletic manager, thereby passing on all budgets, controlling university publicity and programs, having his finger in all finances, and rating free tickets to all contests.

In Campus Players and Mask and Dagger, His Majesty rules supreme. Every semester, or oftener, he hands in a resignation if something isn't done his way. "He won't play." Nobody has a look-in for parts but his few favorites.

Now he's running Blue Key, and the Wolves' Frolic. And judging fraternity and sorority acts at assemblies, and, and, and—

They are telling me that as soon as possible the name of the Hall of English building is to be changed to Duerr Hall.

Talk about otopi! Or elephants! Or gourmands! Say, it's about time someone put a stop to this sort of "anarchistic rumpus." Next year he will be more important than Prexy himself. Among those who are glad His Majesty is leaving next year are—

As a self-made publicity man Trevitt admits no superior. A graduate pupil of Grenville Keiser and the Beta Delta course in "Shortcuts to Fame," no one can deny that "Calford" is an asset to the University. Not least among his accomplishments can be listed the conquest of Cleopatra and the discouraging of encroachments. No student body meeting is complete without a "fire" talk by Dan, and his presence is said to account for the pre-war percentage of underclass women.

The young man peering at you below is none other than Lenard "Oswald" Sledge, commonly known as L. S. '30, an ideal example of that rare modern type—a lad with a serious turn of mind.

Sledge has been the "fall guy" for the band, publications, the upperclass committee, and a number of other endeavors, but he still takes them on. As the moving spirit of organizations that aim to sponsor speech activity, he is ever ready to co-operate, and will stare a candy pull, a social, or a log-rolling contest on short notice. Hasn't scratched yet.

INFORMATION DEPT.  
Dear Coquette:

My roommate's girl complains that he is out up to standard, and she is asking me for advice.

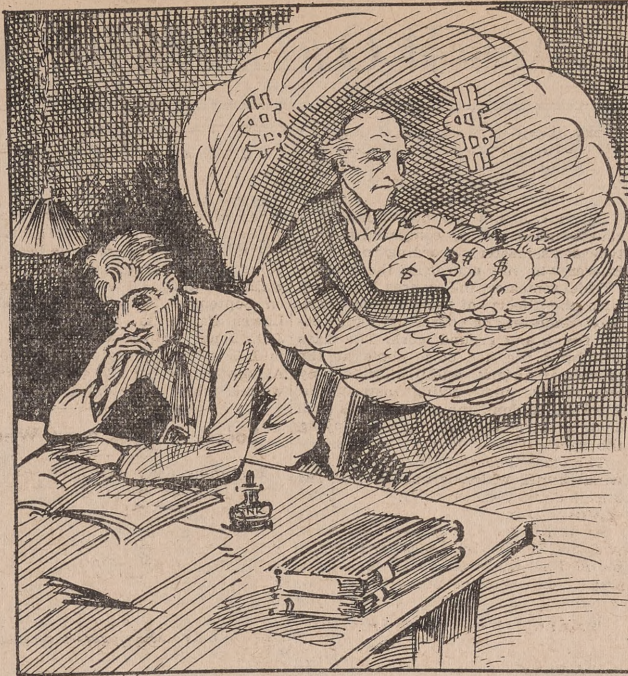

What would you suggest?  
WILLIE KHOUIM.

Dear Willie:

Your roommate is probably overworking himself in Prof. Post's Appreciation of Music course.

I'd suggest a rest.  
COQUETTE.

## AS FILTHY LUCRE?

### Line's Busy

#### SABBATH BATTLE

Just about the most satisfying sight of the week was that afforded two members of Campus Players Sunday night. According to the story, they had accompanied Instructor Edwin Duerr to the theater; and after the theater party decided to enjoy a bite at a local soda fountain. When the waitress came to take the order, Mr. Duerr observed that he was afraid to order anything to eat, since the last sandwich he had had at that fountain, a toasted tuna, had spoiled a whole evening and day for him; so he ordered a hot chocolate.

The girl departed, somewhat miffed at the degage tone taken toward her by Mr. Duerr. After a reasonable length of time she returned with the order. Mr. Duerr discovered it was cold, and prepared a masterpiece of sarcasm to deliver. Accordingly, when he left the store, he started to deliver it. Putting a quarter down by the cash register, he said casually:

"You can have my chocolate. I didn't take any of it. It was too cold."

The girl—same girl that brought the chocolate—looked at Instructor Duerr, standing there so confidently. Then she took the ticket and disgustedly tore it up.

"Well, you certainly don't have to pay for it, then!" she said in a loud, firm voice. Everybody in the store looked up and flapped his ears. The proprietress bustled to the fore.

"Why, all you had to do was to call us and have us warm it up for you," she said aggressively.

The girl almost threw the quarter back at Mr. Duerr, who had said nothing since his coming sally. He quickly gathered the coin in, stuck it in his pocket, and crawled out of the store, a spanked little Eddie Duerr. He was completely routed.

#### HABERDASHERY

An otherwise unidentified young lady attracted my attention the other day by the label on the front of the sweat-shirt she was wearing. It was just one word: "SIS." Whose Sis? Or is she looking for Sis? Is it a code word? Or is it a modified form of SOS? I must solve this mystery.

#### COMMITTEE REPORT

I have appointed myself a committee of one to keep readers of this paper informed on the inside stuff concerning Wolves' Frolic progress. Everything seems to be going along quite nicely, except that the Pi Phi football chorus can't succeed in getting out of the fumbles; and that the Pi Phi are worried lest football suits being too revealing, they may be put to the necessity of wearing baseball suits, which would rather spoil the effect.

#### SCHOLASTICALLY SPEAKING

A pitiful figure was Mr. Lou Pease last Monday. He had a theme all written, comparing Thackeray with Dickens, when the professor announced that it was to be simply and solely on Thackeray. This business of changing assignments on a person!

FIRE! A frosh woman from Manzanita told me the other day of a bit of trouble she had innocently caused there. She saw a little push-bell that looked as if it might be for calling the waitress, so she pushed it. It was the fire-alarm.

#### THOUGHTS WHILE STROLLING

Don Thompson and George Cole have broken into the old-time Sigma Nu quartet. Oh, tempore, oh mores! . . . Or something of the sort . . . Franny Hiborn certainly has Duk-Duk. . . I hear that a terrible lot of Manzanita women went to the ATO and Phi Sig dances last Saturday nite. . . At least, they signed out for those places. . . There was a dance at Winnemucca Saturday nite, too. . . Add Alumni notes: Dutch Lehmkuhl is applying his knowledge of electrical engineering by learning to sell pneumatic tools in Detroit. . . Just WHY does Dave Price always wear colored glasses? . . . Not that we're over-curious, or anything. . . That scum on Manzanita Lake goes very nicely with the fall weather. . . Heigh-ho, everybody, heigh-ho!

Speedball, a combination of football, basketball and soccer which is played outdoors, has been introduced into Oregon State University athletics. Must be a tough job keeping track of the ball.

We read that if the views of James Rowland Angell and Henry N. McCracken, respective presidents of the Yale and Vassar, are put into force, the students of the two universities will no longer be able to enjoy week-ends together in New York for dances and other social functions. Maybe Yale and Vassar will turn co-educational in time.

### Yours Truly

#### To the Editor:

Say, students, do you know that there is a situation existing on the Nevada campus which, if not remedied in time will deprive the Hill of all good music? Now, wouldn't that be most embarrassing? This situation has arisen from the fact that members of certain Greek letter societies are not willing to co-operate with the rest of the University. We, as a student body, want good music at our different functions. We demand it, in fact; and, still knowing this, we shun the boys who will furnish us the best music in town. These boys belong to our own student body. Why, then, must we go out of our way to hire men from town, or black men from out of town? Our boys are working their way through school, and even if this were not a logical reason, are they still not our boys?

Are these black men really better musicians? They most assuredly are not—but they have black faces, red tongues, and wear white ties. They are unique and that's all that gets them over. Now, if that still you want why not give our boys a break? They can dress like musketeers or black crows if it is novelty that you desire. Plenty of you know what it means to work your way through college. Music is the means of an education to some of our boys and, by your perverted ideas of novelty, you are making the situation very difficult for them.

I am not pleading for orphans or something of the like; I am just trying to point out one way we can prove our loyalty to our school. These boys

## Here and There

King Alfonso XIII of Spain recently donated a large bell to the University of Santa Clara.

Writing a 200-word paper on "Traditions" is the punishment dished out to frosh women at the University of Southern California for not carrying their frosh bibles.

A tap-dance club has been organized at the University of Southern California for those who wished to learn tap dance and clog steps.

Frosh at Oregon State University pledge their allegiance to that institution by accepting the Beaver creed at the first student-body meeting.

Phi Gamma Delta fraternity house at the U. of Illinois was placed under quarantine when one of the boys contracted scarlet fever. Now pledges don't use that as an excuse!

Figure this out! "Do women have more brains than men?" queries someone in the University of Washington Daily.

The answer given was this: "Why, of course, they have. The girls have twice as much intelligence as the men. But two times nothing is still nothing!"

Freshmen at the College of the City of New York are obliged to wear white socks, a black tie with lavender stripes, and a black cap with a lavender but-

will live without our help; don't get excited on that score. However, it is the spirit of the act that is most injurious to our University.

Nevada has always been known to be very independent. Let us help the situation and promote this part of Nevada spirit. We shall then encourage men with musical ability to come to our university by backing the musicians in our school. —D. T.

Dear Sir Editor:

Am writing forthwith Filipino poetry as how you entry same in Sagebrush of last week. Much thank. Such follows with throts to rime of football contests:

Fresno State she play together with us next Sat

Very tuff  
We fight them they not no where they at  
Get ruff!

O hall! to mighty team of football gen's  
Colors with blue and white  
Same like some tents  
Under trees with sun very bright.  
O hall!

Fiercely fight team of University of Nevada so brave  
She severe  
Opposite opposers of which she put in grave  
All hear!  
Ruff! Ruff! Ruff!

(Please you sign full name; inasmuch success!)  
—HOE (Harold same like) POY, '33 of Class.

"OUR PIONEERING WORK HAS JUST BEGUN"

### High Percentage Scored In Frosh Intelligence Test

#### Engineers Relatively Higher Than Aggies; Women Surpass Men

After grading the freshman class intelligence tests, it has been found that out of the highest ten per cent, twelve were women and ten men. There were 119 men taking the test and 108 women. The number failing to show for the test was 63.

In relative grades the school of engineering led with the aggies coming second. Arts and Science including the Normal school came next and Arts and Science not including the Normal school was last.

It is of interest to note that the student who ranked first in the mental test out of the 227 freshmen was William K. Wright, who was recently selected as Nevada's representative to the Edison contest after passing various tests and securing the approval of all his teachers and officials connected with the contest.

Following is a list of the students included in the highest ten percent of the total number taking the test: Elizabeth Adams, Irvin Ayres, William Beemer, Lois Berney, John Brooks, Blythe Bulmer, John Chism, Christine Crisp, Armeta Fritz, Martha Hansen, Margaret Hume, Mona Kay, Rollin King, John McNamara, Paul Nichols, Phillip Pinner, Harriet Reager, Sheila-Lee Roberts, Helen Rogers, J. Donald Ronk, June Shair and William Wright.

### Haseman's Mother Dies In Indiana

Elizabeth Christina Haseman, mother of Dean Charles Haseman, died on September 29th, at her home in Linton, Indiana. Mrs. Haseman was 76 years old at the time of her death. She is survived by nine children, all of whom are college graduates and with the exception of one, have all taught school. Five are Ph.D.'s and of the remaining three, two possess master's degrees. The surviving children are: Joseph H. Haseman, Linton; Wm. P. Haseman, Oklahoma City; Charles Haseman, Reno, Nev.; John D. Haseman, Linton; Leonard Haseman, Columbia, Mo.; Oscar Haseman, Linton; Mary Gertrude Haseman, Linton; Bertha A. Haseman Crane, Bloomfield, and Arthur Haseman, Switz City.

**Harris An Accountant**  
Margaret Harris ex-'30 is now employed as accountant to a business firm in Ely, Nevada. Miss Harris attended Nevada for two years and was a student at Stanford last year. She is affiliated with Delta Delta Delta.

### Tobacco's at its best... in a pipe

**MEN'S** preference for a man's smoke—the pipe—is plenty positive. But do you know why? We'll tell you.

First, pipe tobacco's different—for instance, Edgeworth. Second, tobacco smolders as it *should* in a pipe. And third, these mean you get more satisfaction—greater relish of the good old savory burley, retaining fullness of rich smoke.

There's even a fourth reason: you like good company. The pipe-smoking brotherhood is that.

Tobacco's at its best in a pipe. It gets a chance to be itself there—to loosen up as it comes to life, to expand and take in air and glow. Only the choicest leaves get that chance, moreover, for pipes tell the truth about tobacco. Choice leaves, choice blends, and *mighty careful handling*. Edgeworth comes up through eleven distinct processes before we're willing to pass it on to you.

If you keep on missing all this, that's your fault—for we're waiting to send you your first pipeful of Edgeworth. See the coupon? Fill it out, get a good pipe and the postman will bring you a neat little glad-to-meet-you packet of good old Edgeworth.

Edgeworth is a careful blend of good tobacco—selected especially for pipe-smoking. Its quality and flavor never change. Buy it anywhere—"Ready Rubbed" and "Plug Slice"—1 1/2¢ packet package to pound humidifier.

**EDGEWORTH**

### Annual Drive for Funds Is Started By Reno Y.W.C.A.

Tuesday the Y.W.C.A. of Reno started their annual Finance Drive, which covered the entire city of Reno and was held for the purpose of raising funds for the maintenance of the Reno Y. W. C. A. This year marked the second year that the University took active part in the drive.

All of the territory north of Fourth street was allotted to the University Y. W. C. A., which worked in two teams, under the captaincy of Elizabeth Johnstone, and Dorothy Kallenbach. Each member of the University Y. W. cabinet was given a beat in this territory and worked with the aid of freshmen women.

The campaign will last until tomorrow morning, and, according to Elizabeth Johnstone, chairman of the University division, the drive so far has been very successful.

### Musical Groups to Present Concerts

The University Community Orchestra, which contains the talent of Reno, is planning a concert to be given later this fall. No definite date has yet been set but it is expected to be set for the last of November or early in December.

The California Aggies at Davis has written asking to repeat the joint concert given last year. However, definite plans have not been made as yet. San Jose State Teachers' College has also invited the women's club to give a concert.

### No More Books Sent Prisoners

No more requests from inmates of the state prison will be filled by the University Library because the captain of guards at the prison reports that it has been found possible for prisoners to have dope smuggled into the cells in the covers of books in some instances. The prison is acquiring and maintaining a private library with all the usual regulations and facilities found in ordinary libraries.

### "Verdi" Bream in Gettysburg

Glenn "Verdi" Bream, '29, who was on last year's basketball varsity, has written to the Brush inquiring of Nevada's football team and subscribing to the paper. Bream is employed by the Western Maryland Railway Company at Gettysburg, Pa., as yard master.

### Increase Recorded In Aviation Course

#### Next Semester Brings Actual Flying Work to Seven Students In Class

Seven students are now taking the course in aviation, as compared to only two last semester, according to Wayne Buerer who has charge of the class.

This semester the course will deal with the theory of aeronautics alone. Next semester the course calls for actual flying and ground work. The class will have the use of a plane at the municipal airport, and with this they will receive their flying instructions.

The instructions in ground work will come from the old plane now occupying the baseball field on the Campus. The class laboratory is situated in a wind tunnel, which is used to test the different shaped wings and their respective lifting powers.

At the present time Mr. Buerer is working on a plane model which will be used as an exhibit on Homecoming Day in the engineering displays.

### Students Visit Gardnerville

Chris Gansberg and Herman Riemann spent the week-end at the Gansberg home in Gardnerville. While there they attended the fights sponsored by the American Legion.

Dallas Blankenship of Lincoln hall went deer hunting last week.

### Shaw Receives Honorary Letter

Laurence T. "Buck" Shaw, former coach of the Nevada Wolf Pack, has been made an honorary member of the Block S. C. Santa Clara athletic organization. Shaw is now assistant coach in football at that college.

### Seismograph Notes Ten Slight Quakes

The seismograph in the Mackay School of Mines has been very active, recording ten earthquakes since September 10.

Slight quakes within ten to twenty-seven miles from Reno were recorded on September 10, 20, 21 and October 4.

A number of quakes have been noted along the California coast and the Hawaiian Islands. Two quakes occurred on September 17, either in Alaska or Lower California, according to Prof. J. C. Jones. There was a slight shock in Los Angeles, September 23, one in Alaska September 27, and in the Hawaiian Islands, October 5 and 6.

### Soccer Begins Next Week

Beginning next week, the season for W. A. A. soccer will open and will continue until two weeks before the end of the semester, during which time there will be regular practice.

Soccer has been a very popular sport in the past and new women are urged to turn out as well as experienced players.

# No Wonder OWNERS are PROUD of this refrigerator!

**EVEN** the most modest hostess will go out of her way to create an opportunity for her guests to enter the kitchen and admire her General Electric Refrigerator.

Nor can you blame her. From the top of its refrigerating mechanism to the tips of its feet, the General Electric is a thing of gleaming quiet. Quietly, faithfully, day-in and day-out, the General Electric gives you a generous supply of pure, sparkling ice cubes. It makes it easy to create delightful, cool, crisp salads, intriguing frozen desserts. And above all, it maintains a constant temperature well below 50 degrees which means that your food is safeguarded against spoilage—always.

Let us demonstrate the General Electric's vital features of superiority... the hermetically sealed mechanism, that never requires oiling, dust-proof, mounted on top of the cabinet... the accessible freezing regulator... the only all-steel warp-proof cabinet.

Then let us tell you of the amazing guarantee that goes with each General Electric Refrigerator and the special payment plan that makes it so easy for you to enjoy the comfort of a General Electric without delay.

**THIS RECORD STANDS ALONE**  
There are now more than 350,000 users of General Electric Refrigerators—and not one owner has ever had to spend a single dollar for repairs or service.

Tune in on the General Electric Hour broadcast every Saturday evening, from 9 to 10 Eastern Standard Time, over the N.B.C. network of 42 stations.

EVERY GENERAL ELECTRIC REFRIGERATOR IS HERMETICALLY SEALED

## Alumni Team Is Beaten by 59-0 Score Saturday

Lack of Condition Is Blamed as Factor in Large Score Made

Small Crowd Attends Tupper Loses Points in Third Quarter; Stops and Is Tackled

By HARVEY DICKERSON

In a football game which developed into an endurance contest before the end of the second quarter, the Nevada Wolf Pack ran wild last Saturday on Mackay field and piled up a 59-0 score on a picked Student-Alumni team. Technically it was a match between two football teams but theoretically it was a footrace and before the game was many minutes old it became apparent that the only thing which would stop the Philbrook eleven would be the final whistle. The found an Alumni line, which had never worked together before, to their liking, and ripped it to shreds; their interference had no trouble in getting the backs safely around the ends, and it was the secondary defense of the "All Stars" that brought the man with the ball down time after time, they passed into the arms of eligible receivers whenever the occasion demanded; and when they didn't have the ball an Alumni back would fumble and Nevada would recover. Oh, what a game!

### Alumni Team Tires

The first quarter was prophetic of what was to come, despite the fact that Philbrook's men only scored one touchdown during this period. The alumni team was just fresh enough to give battle and several times stopped the Wolf Pack short of their required ten yards, but they soon began to tire, and the better conditioned Nevada team, now warmed up, started to function.

The second quarter saw Whitehead, Ambrose and Holmes start work in earnest, and with the assistance of their line they pushed over three scores, converting two of these. During this period the Alumni fumbled no less than five times, which is indicative of the fact that Messrs. Allen, Overlin & Co. had not handled the pigskin for some little time. By the time the whistle blew for the half the Nevada backfield would have had to be shackled before an Alumni man could have caught him. These boys were all in.

### Pants Come Loose

An element of interest seldom interjected in a football game occurred in the third quarter when Tupper broke loose from several tacklers in midfield to find the way clear to scoring territory, only to have his pants come loose at the critical moment. The question is should he have stopped to pull them up or should he have kept on for the goal. Mr. Tupper adopted the former course, was duly tackled, and thus sacrificed six points in favor of Dame Modesty. This score was entirely unnecessary, however, as Nevada scored twice before changing position for the fourth quarter, in which twenty points were added to the one-sided tally.

The analysis of the game can be summed up in one word: Condition. The Alumni team had the ability but they did not have the endurance. However, little Hal Overlin, Earl Walthers, "Speed" Weaver, Max Allen and Dick Gridley played "bang up" for the Alumni. Overlin several times got away for nice gains and Gridley was practically one side of the Alumni line, while Weaver's tackling was a feature.

Levy, Ambrose and Holmes were the outstanding Nevada men. During the course of the game Coach Philbrook used nearly his entire squad.

The score by quarters was: 7, 19, 13, 20.

## 24 Frosh Working For Team Positions

"Speed" Weaver's freshmen gridders are working out every evening in preparation for their game with Stewart Indians, October 19, which will be followed by a game with Reno high on October 26.

Weaver is using Coach Philbrook's system of play which features an unbalanced line. There are 24 men on the squad. No first team has been picked as yet but by next week Coach Weaver expects to have a strong aggregation selected from the 24 men on the squad.

The squad consists of Rampoldi, Austin, McKay, A. Johnson, guards; Parovitch, Ken Johnson, Butt, Borman, Kerman, tackles; Gregg, Keates, Beemer, Jasper, ends; Gregory and Brooks, centers; McClure, Hill, Chancellor, O'Connell, Bannigan, Bletso, Pastrel, Phillips are all trying out for backfield posts.

### Overlin, Baldini Coach Y. M. C. A.

Hal Overlin '28 and "Red" Baldini '28 are coaching the Y. M. C. A. "varsity" football squad which holds nightly workouts at the city baseball park. Overlin and Baldini were on the University team last year. They have a squad of 43 men and their first game is scheduled for Saturday with the Carson high school at Reno.

Edgar Olsson is coaching the 30 boys on the 100 pound team. He was also a Nevada football man.

## Polo Teams Being Formed On Campus

Evidences of the Nevada Campus becoming polo conscious have been in the air recently with the formation of one club, the Nevada Polo Club, and the fact that two others are rumored to be in the process of formation, one being composed of women.

Several dude ranches in the near vicinity are sending for equipment, and the indication is that a few weeks or so will see several pastures at the outskirts of Reno filled with enthusiastic if somewhat amateur poloists.

## Tennis Tournament Starts October 28

Under the supervision of the P. E. department, a tennis tournament open to all university students and faculty men on the Campus will be held, beginning the week after Homecoming. The purpose of the tournament is to obtain information on varsity tennis material for next semester when matches will be held with other colleges.

An entrance fee of fifteen cents will be required of each entry, the total of which will go toward the purchase of a suitable trophy for the winner. The winner will also win the title of "Men's 1929 Singles Champion of the University of Nevada."

Entries will be received in the P. E. office any time before October 25. An announcement relative to the drawing for places and the rules to be followed will be posted on the P. E. bulletin board early next week.

## Prep Teams Clash Throughout State

Reno high school and Susanville battled to a scoreless tie in one of the most hotly contested football games ever witnessed in Susanville, Saturday. The ball remained near the center of field practically the entire game with Reno threatening to score but once when a Susanville fumble was recovered in midfield and the Renos marced the oval to the 20-yard line. Then the Susanville defense tightened and Reno was unable to tally thereafter.

**Fallon Beats Winnemucca**  
Fallon high defeated Winnemucca in a one-sided game at Fallon last Saturday by a score of 20-2. Fallon has won all of her games except the one with the Frosh at the beginning of the season.

Sparks high school walloped the Stewart Indian school, 6-0, at Stewart, Saturday. The Indians seemed to have the better of the argument until the last quarter, when on a recovered fumble, Sparks made a 25-yard gain on a lateral pass and a line back for the touchdown.

**Lovelock, Virginia City Victors**  
Lovelock defeated Carson City high school at Carson the same day to the tune of 14-0. Both teams showed little power on the line but all the advantages were in favor of Lovelock.

Virginia City, under the leadership of George Gadda, defeated the Junior Athletic club of Reno, 18-6, on the Comstock's new football field.

Two games were played by Ely high school last Saturday. Ely high school was held to a scoreless tie by the McGill town team and Las Vegas high defeated their old rivals, Kingman, Arizona, 13-0, at Kingman. Tonopah and Panaca both are supposed to have organized football teams but as yet neither have played any games.

## Wolves Will Have Heaviest; Lightest Man on Field in Tomorrow's Clash With Fresno Bulldogs in Madariaga and Tip Whitehead

When the Wolves meet with the Fresno Bulldogs on Mackay field tomorrow, the home team will be at a decided advantage where weight is concerned, but on about even terms in experience.

The Nevada team averages 180 pounds against 169 of the visitors. The average playing time of the Fresno team is a few points higher than that of the Pack, the Teachers having 1.5 years to Nevada's 1.3.

In the forward wall the Wolves will have an average tonnage of two pounds more per man than the Bulldogs, tipping the scales at 187 1-2, while the Teachers weight 185 1-2. The heaviest man on the field will be Bob

## Big Boys Baffle Supply Sergeant; Pants Are Puzzle

There seems to be a shortage of military pants this year as the department is unable to find a pair large enough to fit "Little Elmer" Dimmer, twin brother of "Shorty" Dale Smith. As it happens there is only one pair large enough for either of them and Smith is the happy possessor. The heads of the department have gone into a huddle and are now trying to remodel an old tent to meet the demand.

## Wolves to Battle

(Continued from Page 1)

since the last game to polish up the Pack on offense and defense. The outstanding weakness in the team's play, to which can be attributed the size of the Utah score, is its defense against forward passes. Phil has spent a lot of time in perfecting a defense against attack over the air route, and as the team gets more experience against this style of offense, this weakness will gradually be wiped out. The coaches have also spent a lot of time on fundamentals and general technique of team play, and it will undoubtedly be a much stronger Pack which will take the field tomorrow.

Coach Stan Borleski is whipping a squad of approximately thirty Bulldogs into shape for the coming fray.

Nevada	Weight	Experience
36-Moyes, l. e.	185	3
24-Newton, l. t.	195	3
23-Jones, l. g.	180	0
21-Walthers, center	190	2
33-Madariaga, r. g.	207	0
13-Limehan, r. t.	180	1
26-Levy, r. e.	175	0
27-Lawlor, quarter	185	3
2-Whitehead, r. h.	130	2
5-Handley, l. h.	176	0
17-Gorsse, full	175	0

Fresno	Weight	Experience
15-Telonicher, l. e.	175	3
10-Hammond, l. t.	205	2
18-R. White, l. g.	197	3
33-Qualls, center	172	3
22-Dumoto, r. g.	190	1
24-Bessey, r. t.	184	2
28-Sheley, r. e.	175	0
9-Smith, quarter	168	3
4-Glen, r. h.	150	0
3-Gonzales, l. h.	165	0
-Mathieson, full	180	0

The team has no captain. As a whole the Teachers have had little experience, so far as working together as a unit is concerned, as is evidenced by the appearance of several first year men in Fresno's lineup. They lost only four men over the graduation route last semester, however, so the aforementioned first year men must have shown some class to supersede the veterans in the lineup. Coach Borleski has had a large amount of good material to work on, and will send in a well-rounded team against the Wolves tomorrow.

### Alumni Will Meet Engineers On Grid

#### Former Wolf Players To Play In Special Feature of Davis Game

As a diversion for the spectators, a clash between the Engineers and the Alumni on the turf of Mackay Field has been booked to take up the time between halves of the Varsity game on Homecoming Day.

Two teams will dash on the field Homecoming Day determined to fight to the last ditch to come off victorious. An alumni-engineers game will precede the main contest, furnishing an interesting spectacle to the old grads.

**Committee Formed**  
A committee composed of Ed Reed, Tom Buckman, Chris Thornton and Chet Scranton is in charge of the alumni side of the game, and they promise plenty of thrills for the fans. They have already signed up a number of prospective stars, and feel certain of coming out victorious in the coming clash.

"Husky" John Sinai has already signed up and is in training. He promises to be one of the outstanding triple threat men in the alumni backfield, his weight (110 lbs.) being of great value in plunging the line. "Long Tom" Smith is another sure point getter. When he gets a hold on the ball, he merely has to fall down to score a touchdown. Harlan Howard will be his running mate, and Ted Withers will have charge of piloting the team, and will settle all technical and legal disputes.

#### Tricky Ends to Play

Pat McCarran and Frank Norcross will make a pair of tricky ends, and will be hard men to get around. Tom King and Molly Malone have signed up and will be of use in engineering new plays. Charles Rader, Harry Chism, Gardner Chism, Al Caton, Frank Golden, Joe McDonald and "Tiny" Falchchild have places on the alumni line-up and are certain to see action Homecoming Day. The committee wishes it to be known that this list is absolutely tentative, and alterations will be made whenever it seems necessary.

Against this formidable array the Engineers will present a team of huskies, in charge of Jack Ericson. Material is plentiful and they are also confident of coming out on the long end of the score. Among those who will see action on that team are: Usnick, Curtis, Ladd, Lambert, Cavan, Dejong, Grayson, Gray, Angst, Fader and Moulton.

### Frosh Are Slated To Play Indians

After four weeks of inactivity, "Speed" Weaver's Freshman football team will play the Stewart Indian School's eleven on Mackay Field Saturday as a preliminary to the Nevada-Fresno State battle.

Stewart has a real football team this year and the Frosh will have to work hard to take them into camp. The Indians lost a very tough game last Saturday to Sparks. After outplaying the railroaders for three quarters, the Indians fumbled in the fourth quarter and Sparks scored the lone touchdown of the game. In three previous games Stewart won by very large scores from Yerington, Carson and the Junior Athletic Club.

The Freshmen won from Fallon High School at the beginning of the season but haven't played any games since. Weaver has not as yet picked his first team, but the starting line-up will probably be as follows: Gregg and Keates, ends; Perovich and Johnson, tackles; Austin and Rampoldi, guards; Gregory, center; Bludsoe, full; Chancellor, quarter; Hill and Ayres, halves.

### Sport Sallies

After the calamities of the early season starts, Coach "Phil" went into a huddle with himself to determine ways and means, and the foremost result is secret practice. Probably the next step will be to equip the boys with nose guards, or some equally antique measure.

The only result of the measure will be to exclude students and townspeople from the bleachers, for with all the underbrush on the far side of the field, an enemy scout would have little trouble in finding a vantage point from which to grab a large eyeful of the Wolf tactics. Doubters need only to station themselves on Jackass Flat with a pair of field glasses to test the truth of this statement.

Not only that, but this matter of locked-door practice is passing along with other superstitions. Knute Rockne is the foremost exponent of open-to-the-public drill. The great Rock declares that a coach has trouble enough schooling his squad in his own style of play without also teaching someone else's maneuvers. And "Pop" Warner has all his plays in a book which all may buy and read. And Santa Clara invites inspection.

Nevada still stands 100 per cent in the Far Western Conference as neither of the two games with the Utah schools counted in conference standing. Her game with Fresno Saturday will be the first one in which her conference standing will be endangered. If the Nevada team succeeds in winning from the Fresno Bulldogs she will have a good start for the pennant. The other obstacles she will meet in her efforts to stay on top will be College of Pacific, St. Ignatius and the Cal Aggies.

A good deal of the credit for the strength of the Pack forward wall goes to the pivot man, Jack Walters. Jack is one of the few left over from last year's varsity and is again playing an excellent game at center. Watch the long accurate passes from center on punt formation, and the number of plays that are halted on the line of scrimmage by the stocky lad wearing 21 on his jersey.

The coach, in an effort to strengthen his backfield, has moved "Wally" Busis from end to full. His experiment has proven very successful as "Wally's" weight and speed make him an excellent man for running interference and backing up the line.

Here is an idea for the perfect football player: "Tippy" Whitehead's speed and drive in Eddie Dimmer's 235-pound frame.

At least the injuries have been light this far. The old hoodoo of Nevada squads has been the number of men who have had to hobble out on crutches and watch the games from the bench. Only two major injuries

### Horseshoe Tourney Promoted by Aggies

Following its annual custom, the Aggie Club will hold its horseshoe tournament again this year on Homecoming day, in which all students, boys or interested outsiders may participate. Two silver cups will be given; one in the singles match and the other to the winners of the doubles. The cups are donated by the Aggie Club.

Have shown, "Mitch" Mitchell is the second with a fractured elbow which gives him a place beside "Swede" Huntington on the bench.

A fan who saw the Utah game reports that the second string, which went in in the first half, looked even stronger than the first Varsity. That's probably stretching it a bit, but to know that the Wolves have any replacements on the bench is encouraging. And subs who don't weaken the team when they go in, give a rosy glow to the prospects.

The eminent Mr. Godfrey missed his shot a long way on the game at Utah. But they say that two of those Utah touchdowns were gifts so maybe he didn't do so badly at that. No prophet can be expected to call an 80 yard run with a fumbled ball before it happens.

The Cal Aggies pulled one out of the bag when they took the B. Y. U. Cougars. It puts a new aspect on the Homecoming game. For one thing, it puts the Wolves away on the short end as far as the dope is concerned, and for another will give them a chance to get back at the Cougars during the present season by beating a team which floored the Utah gridsters.

That may be looking a long way ahead, but the prediction is that it will be a different Wolf Pack that meets the Farmers than the one that tangled with B. Y. U. By that time the Varsity should be in its stride, which it hasn't had time yet to develop.

### Interclass Hockey Is Won by Seniors

#### Mythical Varsity Team Will Be Announced at Galena Creek Dinner

Hockey season was drawn to a close yesterday afternoon when the final game between the Junior and Senior class teams resulted in a 7-1 win for the latter, who were crowned champions after having won all three of their previous starts.

Monday the Seniors were scheduled to play the sophomores but, due to a confusion, the latter did not put in appearance and the game was forfeited to the Seniors.

On Tuesday two games were played, the Juniors being pitted against the Sophomores, and the Seniors against the Freshmen. The upper classes emerged victorious from these contests by scores of 7-5 and 9-1 respectively.

The frosh developed a strong backfield during the course of the series, with Helen Patterson as goalkeeper, Beatrice Balschweider and Rose Fodrin, fullbacks, and Doris Johnson at center half all doing fast work.

In the Junior-Freshman game played Wednesday afternoon, the frosh backfield held the score 5-3 by the fast work of their backfield. Julia Baldini, Judy Cummings, Lucy King, Doris Clover and Irma Parker shone for the Juniors.

Outstanding Senior artists appearing were Mary Weeks, Helen Mann, Idel Anderson, Jane Eaton, Sparky Nash and Evelyn Gault.

The mythical varsity is to be announced at the tennis-hockey spread held at the W. A. A. Lodge at Galena creek this evening. It will be chosen by the class captains and the coach, Mae Bernasconi. The class captains are: Senior, Jane Eaton; Junior, Lucy King; sophomore, Lydia Grandi; Fresh, Doris Johnson.

### Northwestern Star Is Barred for Play Against Wolf Pack

Because he played for three minutes against Nevada in the Wolves encounter with Utah in 1927, Carl Hutchinson, 225-pound tackle, has been declared ineligible by Big Ten authorities, and Northwestern, the school which the big linesman is now attending, must find another man to hold down his job in the forward wall.

Although the appearance against Nevada was Hutchinson's only grid appearance during the '27 season, and that game was not a conference affair, it will be counted as an entire season of competition. The case is similar to one of 1924 when Norm Cleveland, Stanford backfield ace, was barred from competition on the eve of the big game because of playing for one minute against the Wolves in his Freshman year. However, the result

### 'Historical Outlook' Publishes Article Written by Hicks

#### 'Teaching College Freshmen to Study' Is Subject of Magazine Report

"The Historical Outlook" for the month of October contains an article written by Prof. Charles R. Hicks of the University of Nevada, entitled "Teaching College Freshmen to Study History."

The point Professor Hicks brings out in his article is the fact that only by work can a college freshman ever hope to pass a history course. In the course of the article he says, in part: "He who works best succeeds best and profits most, that without work no one can 'get by' for very long; and that all advice to freshmen students of history is as pearls before swine—unless and until the student gets into his head the one requisite and essential concept that he must work, work, work, and use his common sense."

**Hard Knocks Bring Study**

Professor Hicks feels that only hard knocks can really make a freshman, uninterested in history, study enough to pass the course, and that hard knocks can only be given by flunking grades. No amount of advice or warning can bring about the same result as a good rousing 5.

Even those students who have had the most careful preparations before matriculation into a college or university, are exempt from the word "work," thinks Professor Hicks, and no amount of method takes its place.

Professor Hicks also says that a professor cannot hope to teach by urging his students into a subject. The only appeal that can be made is by the subject. This appeal is at the bottom of every success in mastering a subject, the personality of the teacher being only a minor, though necessary, part.

**Written Exams Necessary**

Whatever method of presentation, whatever personality, whatever subject, written examinations are the best means of obtaining an idea of the quality of work done by the student. They must be representative and fair, yet difficult enough to stimulate increasing efficiency.

The article concludes with the statement that, "Work, then, is the grand secret for success in studying history; and in working the student learns to bear responsibility. No elaborate schemes can obviate the necessity for work, nor shift the responsibility for it from the shoulders of the student to the shoulders of the instructor."

### Rehearsals Start on 'Anna Christie'

Mask and Dagger has begun rehearsals for Eugene O'Neill's play "Anna Christie," which will be presented at the Granada theatre December 5 and 6, under the direction of Edwin Duerr, dramatics coach. There is a possibility of the cast appearing in Berkeley with the drama later in December.

"Anna Christie" is being presented for the first time in Nevada, and is one of the few attempts which have been made by University players to produce one of the more difficult O'Neill plays.

The cast will include: William Colman as Chris Christopherson; Helen Mahoney Prendeville as Anna Christie; Byron O'Hara, Mat Burke; Gwendolyn Pierson, Marty Owen; George Vargas, Larry; and Leonard Sledge, Johnny, the Priest. The cast is composed of members of Mask and Dagger with the exception of George Vargas, who is a guest player.

Tom Wilson is doing the settings.

### Mackay Is Donor Of Flight Trophy

Clarence H. Mackay, whose gifts to the University of Nevada during the last twenty-one years have totaled nearly a million and a half dollars, is the awardee of the Clarence H. Mackay trophy in recognition of the most meritorious flight services performed by an army pilot each year.

The award for 1928 has just been made by Secretary Good to Lieut. Harry A. Sutton of the army reserve corps. Sutton, who recently resigned from the army, was awarded the trophy for conducting flying tests to determine the spinning characteristics of several types of airplanes that were dangerous.

### Milling Processes Prove Profitable

Several experiments in cyanidation have recently been conducted at the United States Bureau of Mines at the University of Nevada, under the direction of E. S. Leaver. Cyanidation is the process which has to a great extent replaced the amalgamation process in the milling of precious metals. In a recent experiment conducted at Virginia City both processes were used with a notable increase in profit after the cyanidation experiment.

### Gardner Visits Mines Bureau

E. D. Gardner, supervising engineer of the mining department of Bureau of Mines at Tucson, Arizona, is visiting the local station of the Bureau of Mines.

### Announcements

Miss Thea Thompson, librarian, announces that she would appreciate contributions of any old text books for which students no longer have use. Books which are particularly needed at the library for reference work are: "Colonization of North America" by Bolton and Marshall; "Spain in America" by Bourne; "The Question as a Factor in Teaching," by Hall.

All freshmen are requested to appear at the bleachers Saturday morning at 9:30 o'clock, with gunny-sacks and brooms. A general clean-up will take place, and all absentees will be dealt with by the Upperclass Committee.

Students are advised to pay fines and return overdue books promptly at the library as no desk service will be allowed a student after the third notice of these has been sent him.

Vesper services will be held by the University Y. W. C. A. at the Federated Church Sunday, October 20 at 4 p. m. Y. W. C. A. cordially invites all women students to attend.

Immediately following the game on Saturday afternoon the Pi Beta Phi house will be open to all students.

Miss Cornelia Williamson, secretary of the school of education, wishes that anyone who has lost any gloves, pencils, pens, purses or jewelry would kindly call at her office in the Education building and claim them.

### Gym Will Be Site Of Auto Exhibit

Featuring the latest types and styles of automobiles, an auto show will be held in the gymnasium next Friday and Saturday in connection with the Homecoming celebration. It will be under the auspices of the Associated Engineers with the co-operation of downtown car dealers.

Among the cars which will be on display are the Cadillac, the Auburn, La Salle, Chevrolet, Ford, Studebaker and Buick. Each type of car will be represented by two models. The show will be open from one to four on Friday afternoon and from nine to twelve Saturday morning.

The Engineers are decorating the gymnasium for auto show purposes in a manner entirely new to the campus and the same decorations will be used for the A. S. U. N. dance that evening.

The display will be under the supervision of Ralph Adamson and Thurber Brockbank who have secured the dealers' support in initiating this new feature of Homecoming exhibits.

### Bleachers Receive Finishing Touches

The remodeled bleachers on Mackay field have about received the last of their finishing touches. A concrete retaining wall will frame in the whole area of seats, giving it more the appearance of a stadium than it formerly had.

For approximately 35 feet on each end of the colonnade, a new addition is being built. The colonnade will not back the entire bleachers, however, since it would cut off valuable parking space. The curbing that will surround the cinder track is now under construction.

### Artemisia Staff Sponsors Campus Snapshot Contest

A snapshot contest will be sponsored by the staff of the 1930 Artemisia. The contest which will commence next month and will be open to all undergraduates. The snaps may be of any size and was taken by any kind of a camera.

An enlarged tinted scene of the Campus will probably be offered as a prize. Any students who have pictures of University track meets of last semester are asked to give them to Edwin Semenza.

### Chemical Club Has Term Initiations

Twenty-one new members, were initiated into the Chemistry Club Thursday night of last week with ceremonies that combined both fun and instruction. For two days the neophytes carried gallon jars containing chemical solutions which they had to look up and report on as part of the initiation.

Each initiate was assigned an atomic number and representing the element was prepared to answer any questions that might be asked about it. Profs who were members of the club formed the questioning committee. After the initiation the Home Ec girls furnished refreshments.

Those entering the club were Ione Smith, Verdie Fant, Ruth Stewart, Florence Shedd, Verna Selmer, Margaret Purdy, Helen Mann, Evelyn Gault, Esther Long, M. Sullivan, Leonard Martin, Henry A. Francis, Kendall Bunker, Meredith Hawk, John McGee, H. L. Church, Max Wright, Edward Uslick, K. Stoddard, Frank Harley and Robert Harrison.

### University Y.W.C.A. Cabinet Elects New Vice-President

At the University Y. W. C. A. cabinet meeting held at the downtown Y. W. C. A. Wednesday evening, Verdie Fant was elected vice-president of the cabinet, to take the place of Clara Tomlin who has resigned.

Verdie Fant was formerly the chairman of the University Y. W. C. A. Vesper Service Committee, and the cabinet officers will meet in the near future to elect a Y. W. C. A. member to take this position.

### Aggie Club Plans Potato, Apple Show

In keeping with the custom of past years, the University of Nevada Aggie Club will co-operate with the Washoe County Farm Bureau and the state agricultural extension service in staging the seventh annual Potato and Apple and Livestock Show as a feature of the Homecoming week-end, October 25 and 26.

Plans are being made, according to E. C. Reed, Washoe County extension agent and manager of the show, for the use of two tent pavilions instead of the one heretofore used. The livestock exhibit will be the largest in the history of the show. Among the exhibits will be seven prize calves now being raised by the Washoe 4H clubs.

A new onion harvesting machine, designed by J. F. Kleppe & Sons, Washoe county ranchers, will be on display. The device, it is said, materially lessens the cost of harvesting onions.

### Rhodes Scholar To Be Selected Soon

Dean Maxwell Adams announces that the University Rhodes Scholarship committee will have a meeting within the next two weeks for the purpose of considering candidates for recommendations.

These recommendations are to be given to the State Rhodes Scholarship committee by tomorrow. Its approval of one of the nominations comes during the month of November.

Anyone interested in this matter may confer with Dean Adams relative to the requirements and conditions surrounding the scholarship.

### Lincoln Hall Has Stunt Act Night

"Stunt Act Night" was held Tuesday night for all new members of Lincoln Hall. All members residing in the Hall for the first time this semester had to give some act, either singly or jointly with others.

Among the stunts were a pie-eating contest which featured four men and real blackberry pies placed on the floor and eaten; a boxing match in which the contestants were blindfolded; a pillow fight; a mock church sermon; a very realistic shooting of Dan McGrew, and solos and monologues.

Each man gave his name and his home town, among hoos and cheers before his act. After each act those who performed gave a big "N-E-V."

### Crucible Club Completes Plans for Homecoming Day

A meeting of the Crucible Club of the Mackay School of Mines was held Wednesday afternoon, at which time plans for Homecoming Day were completed. A "mucking contest" will be one of the features offered by them, as well as the distribution of souvenirs to visitors to the mining school. The mill in the school will also be in operation. Robert Prince is the chairman of the Homecoming Day committee.

### New Men Elected To Nu Eta Epsilon

At the last meeting of Nu Eta Epsilon, honorary engineering fraternity, held last week, three new men were elected to membership. Those receiving this honor are Paul Gemmill, Lincoln Grayson and Vincent Gianella, faculty member of the School of Mines.

It has been a custom of the organization to elect to membership each year one-eighth of the junior and senior engineers.

At present there are a large number of alumni, many of them scattered to points all over the world in the pursuit of their profession. Nu Eta Epsilon was founded in 1922 and was modeled after Tau Beta Pi, national engineering fraternity. The object of the local organization is to promote scholarship among the engineers.
