The Great Experiment.

Reinhardt & Hollis: "Standing on their record."

Editorial

This editorial is unique for the student community in that it is a break from tradition. Normally, in past years the Sagebrush has refrained from taking sides in student elections. Past editors were generally of the opinion that to present opposition or support for particular candidates was unfair to the majority of the students, not the candidates. It was felt that with only one campus newspaper students would have difficulty in choosing who they should vote for.

Instead, particular candidates were endorsed by Sagebrush columnists or staff writers, with space provided for guest opinions of opposing views.

Yet in the vast majority of election races, it was fairly well assumed that there were at least two qualified candidates running.

This year at UNR has also been unique. To most of us it has been a question of how could so many things go wrong in so short a time. Not only have three of our numbers been lost in senseless deaths, but ASUN has been plagued with in-house fighting and, in several cases, ineptitude.

Because of the unusual nature of 1975-76, we at the Sagebrush feel that two of the candidates that are seeking executive positions are simply not qualified to take over the government, whatever their past accomplishments have been.

Jack Reinhardt is seeking the presidency of ASUN. He has served for the last year as V.P. of Finance and Publications, during which time he has developed a nasty habit of making editors tear their hair and eat their pencils.

Reinhardt was helpful in convincing the senate of the Sagebrush's plan to invest \$10,000 to save \$12,000 a year in printing costs. He was personable and appeared helpful.

But when the pressure came on, the problems started.

The Artemisia/Sundowner photo controversy was rough on everyone involved. Feelings and emotions on both sides were considerably strained. Yet, since we are for the most part stable people, we acted like adults in our relationships.

However, we feel Reinhardt was, in many cases, lacking in the maturity necessary to represent 8,000 students in an official capacity. The height of this was when Reinhardt simply walked out of a later Publications Board meeting after refusing to answer Artemisia editor, Bob Horn's, questions about the state of his discretionary fund. Whether the questions were valid or not is no excuse for behavior like that.

Reinhardt's unprofessional conduct has made his dealings with Publications and others difficult, if not impossible. During the Artemisia problems, Reinhardt refused to comment or make his position clear many times. This not only made communication next to impossible, but made our task of providing both sides of the issue difficult.

Reinhardt is being opposed by a newcomer, Jim Stone. Though Stone is untried in ASUN government, he has shown us a concern for making the upcoming year something

far better than this one has been. His newness to the scene of campus politics is probably his greatest attribute. His record is clean.

For us, these two represent opposites -- A legacy of disagreement and uncertainty against a hopeful unknown.

The other race in which we have decided to make our position known is that of the V. P. of Finance and Publications in which Marc Cardinalli is opposed by Senate President Pawl Hollis.

Hollis has served the College of Agriculture well in the past two years as their senator. However, his involvement in student government this year has been a poor example of leadership as head of the student's legislative body.

After his involvement in the tragic death of John Davies, Hollis' attempts to run an unbiased senate failed miserably. This is evident by the record-setting number of times he passed his gavel (stepped down as Senate President to express his opinion) and the senate's subsequent attempt to abridge the freedom to portray an actual event.

Hollis' actions in front of the Board of Regents has also made us question his ability to provide competent student leadership. Finally, we must question Hollis' motives towards free press based on his record.

Cardinalli, on the other hand, has proved time and again his concern for the betterment of this campus. Not only does he support the free exchange of information, but he has been involved in the workings of both the press and the government in his part in establishing an ASUN Investigative Office. Though he has been vocal on several issues, he has at least been professional and courteous. Cardinalli has shown those that know him his ability to deal rationally in the day to day workings of student government.

In both of these races we feel there is a serious question of qualification. Not only have Reinhardt and Hollis shown a lack of maturity and leadership, but their records have proven their inability to represent the students adequately.

We have provided the candidates every opportunity to express their platforms and reply to our position. Our desire to stay out of elections as much as possible, is evident in our lack of commentary on the other races. In the case of the V. P. of Activities, we feel that both candidates are competent and both could do a good job of representing the student's interests.

Hopefully, as many people as possible will vote tomorrow. The polls will be open all day long in the Travis Union. But, when you vote, consider the possibility of another year of headaches and hassles, or the promise of some constructive advancements in the students rights, and more importantly, pride.

After all, you have to do it. We can't do it for you.

ASUN Candidates: 1976

General Election March 17

President

Jim Stone

I wish to take this opportunity to thank the students of UNR for their support in last Wednesday's primary election. I should like to reiterate my stand on what I believe to be some of the important issues that face us, and propose some solutions.

I still believe, and I think the primary election proves, that there is a need for new blood in student government which will generate the enthusiasm necessary to rid this campus of the apathy which has overcome us this past year. I believe that I am the answer to this problem. I will bring a new enthusiasm and dedication to student government that ASUN needs and deserves.

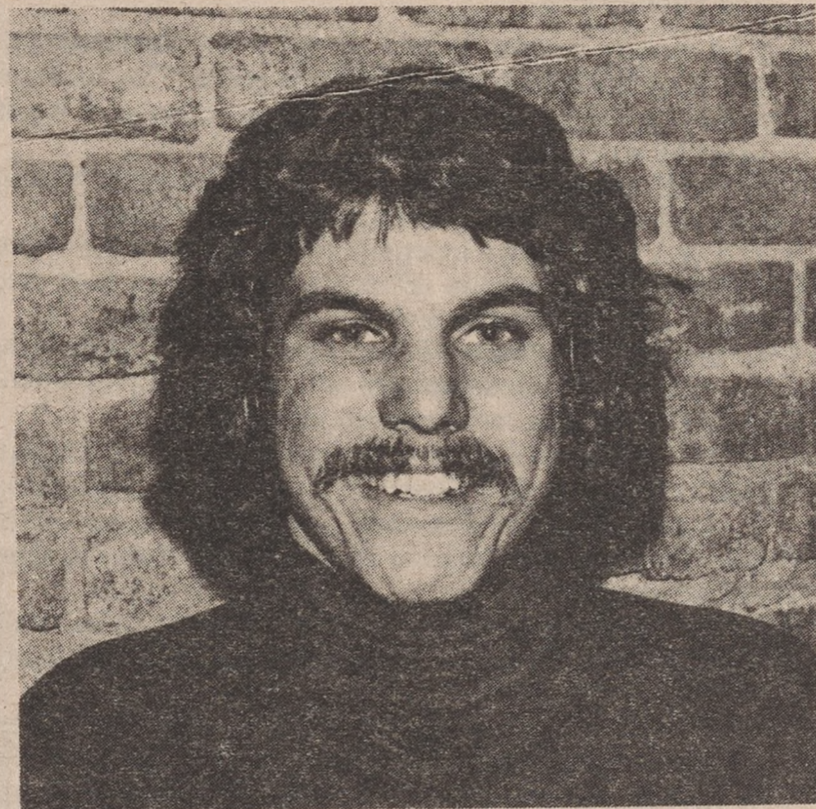

ISSUES: Students have waged a long and hard struggle to procure the rights which should be theirs without question. Students have the right to decent living accommodations in the dormitories. We need to go to the Board of Regents and get the money we need to make them fit to live in. We have the right to decent food in the Dining Commons. These people signed a contract to feed us properly. They are obviously not living up to their part of the bargain, therefore we should have the contract reviewed by our attorney and revoked if possible. Then we can hire someone who will feed us properly. I pledge myself and my administration to work diligently on these continuing problems, because the students of this university have the RIGHT to the minimum comforts of life.

ASUN President Pat Archer has made significant progress on the Foreign Language requirement this past year. The Arts and Science Goals committee passed a resolution two weeks ago that will make the requirement optional with some departments. While the resolution must still be approved by the Faculty Senate, it is the first major breakthrough we have been able to make on this issue. I pledge myself to continue Pat's efforts in this area.

I have been amazed at the need that students on this campus have for legal assistance. I have been equally amazed that there has been no action taken to provide the students with this much-needed service. I propose to establish a legal counseling service whereby students may get FREE legal assistance when they need it. There are two ways we can establish this program. I propose to look closely at both and establish the one which will best serve the interests and needs of the student body.

Plan one would look to the legal community in Reno to donate their time to the students. This would accomplish two things: 1. It would be helpful in improving student-community relations. 2. It would provide us with the legal assistance we need. Plan two would call for ASUN filing an application with VISTA for two full time attorneys to be assigned to ASUN for the exclusive use of the student body.

Finally, I have heard it said that students are tired of an unresponsive student government. If you are one of these students, then I urge you to vote for JIM STONE for ASUN President. I cannot cure all of the problems we face on this campus in one year, but I will bring new vigor to the office, and I will work for you, the students. Protect your rights. Elect JIM STONE ASUN President on March 17th.

Jack Reinhardt

The office of ASUN President demands a knowledge of the position as well as the proper experience needed to attain objectives efficiently and effectively.

My objectives are:

1. Strive for an administration of student government that works together and communicates with as many students on this campus as possible.
2. Effectively represent the students.
3. Work towards solutions to problems and issues that concern students and the University. They would include longer library hours, dormitory improvement and funding, better Student Services, better parking, and promote a student responsibility to allow student activities where alcoholic beverages are served.
4. Promote and coordinate activities through ASUN for the dorms, organizations, fraternities, and sororities.
5. To generate enthusiasm and a greater student participation for all events at this campus.

My experience with student government for two years as a senator and Vice-President of Finance and Publications which had good relations with Regents, the Administration, Faculty, Deans, ASUN Business Manager, ASUN secretary, and most importantly, students, provides me with the ability and insight to work my way through the channels to strive for solutions to student needs and problems. In my office, no time will be spent learning the duties and responsibilities of the position as well as making all the contacts that are so necessary to do the best possible job. I have the knowledge of the position, the political experience, the contacts, and have served on numerous committees and boards which are all keys to the success of ASUN. The students need a competent person to motivate people and generate enthusiasm not only in student government, but also in the entire university. I was instrumental in restructuring personnel in ASUN for a more efficient operation at a lower cost and a savings of \$15,000. I pushed for the investment in Sagebrush equipment which has initiated a good start to a self-sufficient campus newspaper, thus saving student money.

Besides working out an equitable budget this year to support as many active organizations on campus as possible, I was successful in obtaining funding for many students derived from sources other than ASUN.

ASUN needs a fresh approach to issues and problems as well as the promotion of activities, athletics, and academics to instill pride in our university. I am the only candidate for this.

I am more than familiar with the problems at this university having lived in the dorms for a year and from

my experience in student government, the only promise I will make is to protect ASUN and work hard to try to produce results.

I am very happy that the election procedures for this year have been upgraded and that a fair election will be held. I urge everyone to vote and would appreciate your support. Thank you very much.

Vice-President of Activities

Mark Tuffo

My name is Mark Tuffo, and I am running for Vice-president of Activities. I am a native Nevadan and have attended UNR since Fall of 1972. I am majoring in Electronics Engineering Technology.

I am pursuing this office because I feel that the students have been socially deprived. For the most part the activities of the past have been non-representative of their interests. During the past year there have been two specific areas of activities that have suffered greatly at the hands of the current Vice-president and the members of the Activities Board. These areas are concerts and guest lecturers.

If elected, I will institute the following changes in those areas:

1. I will make myself accessible to all students by establishing open office hours during which time they may come in and express their independent or groups' activity interests.

2. Prior to each Tuesday's Sagebrush, I will submit for publication an agenda of business to be discussed at Wednesday's Activities Board Meeting so that interested students may attend.

3. I want to require the concert promoter/producer to put up a bond equal to the dollar amount of tickets sold to ensure immediate refunds in case of a "no show" concert or lecturer. This would also apply if there were a change in the performer and/or cancellation of the performer. At the present time the ASUN Concert Policy states that the producer must publicize refunds for a minimum of only three weeks after the cancellation of the performance. I want to see this changed. **THE STUDENTS ARE ENTITLED TO IMMEDIATE REFUNDS!**

I want to emphasize that in the area of contracted events I would deal only with reputable promoters. I would not tolerate promoters who produce "no show" events such as the Ohio Players concert.

I want to maintain a diversified activity schedule including Rock, Jazz, Folk, and Country and Western Concerts, provocative guest lecturers, dances, plus traditional university functions and increased new activities.

I have talked to different students who have expressed interest in obtaining top name entertainment such as Earth, Wind, and Fire, Allman Bros., Crusaders, Waylon Jennings, Masters and Johnson and Ralph Nadar, just to name a few. I would do my best to follow through on these requests.

I feel that I have the requirements to be Vice-president of Activities. I have the ability to deal with promoters, board members and students. I am especially knowledgeable in the field of music. Most important, I would be representative of the students' interests.

I would appreciate your vote, and, in turn, I will put enlightenment and excitement into your activities.

Marie Pecorilla

I have been an ASUN Senator for the past 2 years and have been on the Activities Board for BOTH of these years. I have learned, and know, how this board is run and what is needed for it to function properly and effectively.

YOU CAN'T COME IN COLD WITH YOUR EYES CLOSED AND FAKE YOUR WAY FOR THE FIRST 6 MONTHS, not in this job. You need to have some previous knowledge of the board and the likes and dislikes of the students on campus to aid in approving concerts, lecturers, Sunday movies, budget requests or major weekends. You need to have seen and know what activ-

Cont. on Page 4

ities bomb and which sell out. My experience on the Activities Board has shown me the final results: statistics, attendance, records, ticket sales, and participation from the past 2 years.

The Activities Board needs continuity in it. **YOU, THE STUDENTS, CAN'T SIT IDLE WHILE SOMEONE IS LEARNING WHAT TO DO - WITH YOUR MONEY!**

Again, I am not going to make any unfeasible campaign promises I cannot keep; like promising a concert every 3 weeks. I have learned there are too many interfering factors and situations that can upset the best plans and promises. Producers may not submit an offer, the band pulls out, the Coliseum isn't available, the gym is too small, dates conflict . . . regardless. I will try to bring as wide a variety and as many activities as is monetarily possible.

YOU PAY FOR IT - YOU SHOULD GET EVERY CENT'S WORTH.

This Wednesday vote for experience; it will count.

Vice-President of Finance & Publications

Pawl Hollis

The office of Finance and Publications requires a good knowledge of the procedures and policies of ASUN government on a day-to-day basis, and an ability to work with the UNR Administration in order to represent the UNR student body.

Through my 2 terms as Agriculture senator and Senate president, I have obtained a working knowledge of ASUN. I have also developed the channels of communications with the UNR Administration which are so necessary to effectively represent the students. Many times I have been before the Nevada Legislature, regents and the President to work on student affairs for the College of Agriculture and also ASUN.

It is essential that ASUN Publications be used to inform the students of the events and activities which occur on campus. If people are well-informed, they will be able to take full advantage of the ASUN government and the services they pay for.

I'm not one to make campaign promises but more to present an attitude of enthusiasm and organization. What I see lacking in ASUN is the ability for students to really work together for common goals. Often times petty differences have clouded the scene and hindered their actions.

The ASUN has a responsibility to the students they represent to spend their money in a way to utilize it to the fullest. Careful planning and experience are the key.

This office will be responsible for informing the students on what is happening by coordinating the publications and keeping them fully informed, so that they in turn, will inform you. Past experience shows that often apathy and poor attendance are associated with poor publicity. If we are to build a morale on campus, somebody has to step up and keep you posted.

An example of this would be the upcoming football season. We should, as students, rally together to support our team. The team is there and ready to win, but with the students behind them they will go much further.

I have always been one for balanced spending to benefit the majority of students. I want to continue representing you and get you involved with your own money and government.

I urge you to vote Wednesday for PAWL HOLLIS and appreciate your support. Thank you.

Marc Cardinalli

My qualifications for the job of VP of Finance and Publications include being editor of two high school newspapers and assistant editor of my high school yearbook. In college, I was assistant and managing editor of the *Guardian*—paper of the City College of San Francisco. I am a journalism major at UNR, actively involved with the Freedom of Information committee in that department. I am the student representative on the Arts and Science Finance and Scholarship Board which allocates funds to students.

The office of VP of Finance and Publications should and will be objective and fair. No single student or organization will have the final say on any issue. Every o-

pinion will be carefully considered before any issue is resolved.

The Finance Control Board will distribute funds to organizations according to need, type of activity and number of students in that organization. A written budget will be required before and after funding with all unspent money returned to ASUN. Every dollar allocated to the Finance Board will be distributed properly and fairly. All students coming up before the Board for funding will be treated equally, impartially and fairly. Funding will not be refused without probable cause.

The rights of the editors to control their publications and the integrity of the publications will be strictly adhered to by my office and the Publications Board with no interference from either. The budgets for the various publications will not be cut in any way by my office, and, if possible, will be increased to help expansion. Appointment of editors and business managers will be based on ability and experience.

My platform consists of 8 basic points which I feel deal effectively with the issues facing the VP of Finance and Publications:

1. A weekly column should appear in the *Sagebrush* telling students where their money is going. This includes money given to organizations, publications and funds spent by student government.
2. I will attempt to establish a student run publication that will review all professors and classes on campus.
3. I will hold regular meetings with publications personnel to insure maximum efficiency and discuss such topics as funding and expansion.
4. Several Publications Board meetings will be held in the *Artemisia* and *Sagebrush* offices to acquaint Board members with the mechanics of publication.
5. An advisory board will be created to help students find help with financial and legal problems.
6. A review of the desirability and effectiveness of the student insurance program and Health Services funding will be instituted.
7. An intensified public relations program will be established to help Reno and Nevada become better acquainted with the students.
8. A re-evaluation of student funding priorities will be instituted along with a program to cut the fat from the budget so more students and organizations can get more funding.

Senators

Ross Chichester

Business Majors: My name is Ross Chichester and I am running for Business Senator. I am a sophomore in the accounting department.

ASUN Senator is a very important position, especially in Business Administration, due to the fact that the senators also sit on the Dean's Student Advisory Council. This is virtually the only input students have with the staff of the college. Another important aspect of ASUN Senator is that the ASUN Senate makes certain decisions on publications and activities.

As your senator, I will take whatever time necessary to see that students in business get their money's worth of activities, lectures, and publications from the money assessed in student fees.

Business has many unique problems, like a small and deteriorating building and lately, accreditation problems. I feel I have the time and interest necessary to help correct these problems. Voting is Wednesday, March 17, in the Jot Travis Student Union. Once again, my name is Ross Chichester, and I would greatly appreciate your support.

Gary Etchevarria

In the seven semesters that I have attended UNR, I have come to know and become friends with many of the agriculture students. This means that I'm a person that you can relate to and expect to convey your problems or solutions to other people. I have had no second thoughts about running, and feel I have the time and devotion to do a good job as one of our two senators.

Thank you for your support in the primary race and please remember to vote Wednesday the 17th.

Paul Etchegoyan

My name is Paul Etchegoyan. I'm a business major and my area of emphasis is accounting. I have attended UNR for four semesters, which I think has given me enough time to become aware of the problems facing us today.

One thing I can honestly say to you, the students of the College of Business, is that I will work hard to do a good job if you elect me as your senator. I really don't believe that there is any substitute for hard work. I don't pretend to know all the answers to the problem facing us. That's why, if I am elected, I will encourage students of the College of Business to voice or suggest any opinion or belief they may have concerning any matter to me. In this way I could have a better background on which to represent you fairly and honestly.

Many people feel that once elected the work is over and they may do as they please. I believe this is where the work starts, and a senator has the duty to go and listen to what other students, the students that he is representing, have to say. In these ways I would work hard to do a job that I could be proud of later, and I hope, you the students of the College of Business, could be too.

I hope everybody takes a little time to voice their opinion right away by going to vote on Wednesday.

Billy Flangas

My name is Billy Flangas and I'm running for the position of Senator for the College of Medical Sciences. It has become quite evident to me as well as to a lot of other students that there needs to be closer ties between ASUN and the Med. Sciences college. This past year ASUN has undergone several tragedies and we the students need to pull together. The necessity of closer cooperation is vital if the students of the university ever wish to have any kind of university life. Several times this past year the administration and the student government have been able to put forth programs and move together to promote a positive atmosphere. I feel that this idea has only begun, and I will continue to see it develop further. ASUN can only be as effective as the people who run it "and the people who get involved."

Athletics is one of the main sources of getting students together to rally for a mutual cause. However, I feel that there are other causes that need such active support from the students. Active support besides signing petitions, areas such as academics and where the students should have some say. Parking on this campus has been a major concern for everyone and perhaps this year we, the students, faculty and the administration can put our efforts together.

I've been a student here at UNR for one year and have been a resident of Nye Hall. I, as one student, am tired of seeing every facet of University populace fighting and inhibiting any real progress. This past year's student government has started a new trend of everyone working towards the benefit of the university at large. They started the ball rolling with respect to everyone carrying his own share as well. That includes the students, faculty and the administration.

Another area of concern is to begin working within my college to find out the problems and to move the proper channels to rectify them. I know that it is easy to say one thing, to do it is another, but at least I am willing to try and I am willing to devote my time and efforts for you, the students. All I ask are two things:

1) To please get out and vote; don't procrastinate and shine it off. We need a definite change in the attitude of the students on this campus.

2) Take the time to get involved with your student government. I've heard too many times and too many places students complaining about what was or was not done.

It is not going to change unless we the students get out and get involved. Your first step, if you believe in yourself and what I'm saying is to get out and vote.

I thank you for reading my speech and have a good day. Please vote on Wednesday. If you are in the College of Med. Sciences I would appreciate your support.

Robin Johnson

Let's begin with an introduction. I'm Robin Johnson, an Ag major specializing in Agricultural Journalism.

During the five semesters that I have attended UNR, I have had an adequate variety of courses in the different colleges and departments to expose me to some of the problems we face.

A prime objective of mine is improvement of communication between the students and strengthening and expanding faculty/student relations. This objective is partially accomplished in outside organizations such as Aggie Club and Alpha Zeta, both of which I'm affiliated with.

I'm offering my services as a Senatorial candidate to stimulate and suggest new programs or methods, with communication in mind.

Currently, I'm involved with the mass media function of Agricultural Communication through research and broadcasting.

My campaign focuses on honesty, not promises. There are many aspects of the Agriculture department

SHORTS

NEW YORK (UPI) — The University of Nevada-Reno, newspaper has won top honors in its class in the Columbia Scholastic Press Association's annual contest.

The Sagebrush was awarded medalist honors in the classification of printed newspapers of colleges and universities. Publications were given one of five ratings from medalist to fourth place, and medallist was reserved for "publications of distinction."

SHORTS

Cy What?

Dr. James K. Whitesell, Professor of Chemistry from the University of Texas in Austin, will be visiting the UNR Chemistry Department today. He will discuss his recent research on "A Novel Approach to the Synthesis of Cyclopentanoid Natural Products" during the Organic Chemistry Colloquium at 7:30 pm this evening in the Physical Sciences Conference Room (PB 221).

Gold Deposits

The geology and exploration aspects of fine grained, Carlin type gold deposits will be covered in a March 26 program presented by the Mackay School of Mines and the Geological Society of Nevada.

Arthur Radtke of the U. S. Geological Survey, and Paul Chamberlain of Conoco, will be the featured speakers at the session to start at 8:30 a. m. at the Sixth Street Holiday Inn in Reno.

In addition, there will be a series of individual papers presented on the geochemical and geological characteristics of such specific gold deposits as the Carlin, Getchell, Treble and Pinson, Cortez, Windfall, White Caps and Mercury.

Registration can be accomplished through the General University Extension office at UNR.

\$15 Buys A Lot

Applications for summer and fall study through the Institute of European Studies are still available from IES Coordinator Charles V. Wells in Room 201 of the Frandsen Humanities Building at UNR.

The deadline is March 19, though it can be extended with a late application fee of \$15.

Discussing, Isn't It.

Howard Rosenberg, renowned UNR film critic, will be the guest of Lincoln Hall this evening for a combined dinner-discussion presentation. The multi-sensory experience will begin with a Pyramid Lake Room dinner. Afterwards, the discussion session will commence in the Lincoln lounge. Festivities get underway at 6:15 pm in the lounge for all Lincoln Hall and Association members.

Prepare A Statement

A seminar on the preparation of Environmental Impact Statements as required under the National Environmental Policy Act (NEPA) will be given at UNR Thursday evening, March 18.

Presented by the Mackay School of Mines, the seminar will be conducted by Mr. Pranab Chakrawarti, Director of Planning for the consulting firm of Murray-McCormick, Inc., of Oakland, California.

Subjects to be covered during the seminar include the scope and jurisdiction of NEPA and the Council on Environmental Quality; the California Environmental Quality Act of 1970; and the content, organization, and review process of Environmental Impact Statements.

The public seminar will be held at 7 pm, March 18, in Lecture Room 3 at the Lecture Building, UNR.

Scholarships

The Sociedad Honorifica Mexicana has established two \$100 scholarships for use at UNR by students of Mexican-American descent.

In addition to being of Mexican-American descent, candidates must be residents of Northern Nevada or Eastern California and either high school graduates or in their final semester of high school work.

Applicants will be screened by the university's Scholarship and Prizes Board, with final selection made by the Sociedad Honorifica Mexicana. Both academic achievement and financial need will be considered.

Money for the scholarships was presented Dr. Robert McQueen, chairman of the Scholarship Board, by Arcadio Ruvalcaba of Sparks, president of Sociedad Honorifica Mexicana, and Feliciano Jimenez, also of Sparks, past president of the group.

MISS Opportunity

Women students interested in joining Mackay Misses must have their applications into Peggy in the ASUN Office by 5:00 p. m., Friday, March 19th.

Interviews will be held on Tuesday, March 23rd, and selections will be announced at Women's Night of Honor.

Mackay Misses serve as hostesses when the President entertains.

Applications are available in the ASUN Office.

Ify Question

If you know a graduating senior with an outstanding record of public service who has brought credit to the university, pass his or her name along to the associate dean of students' office in Thompson.

The Office of Student Services is seeking nominations from students, staff and faculty of those deserving of the Henry Albert Senior Public Service awards.

Nominations must be submitted by March 26.

The four awards will be presented at the annual Honors Convocation set for May 6.

Deadlines Near

The ASUN wishes to remind all students that the filing deadlines for several important ASUN appointive offices are drawing near.

Filing for chairperson of the Mackay Week Committee closes at 5 p. m. Wednesday, March 17. Selection of the chairperson will be made that night by the ASUN Senate.

The filing deadline for editor and business manager of the UNR Sagebrush, Brushfire editor and business manager, and business manager for the Artemisia is 5 p. m. Friday, March 19.

The deadline for applying for the position of ASUN Investigative Officer is 5 p. m. Friday, March 26. The Investigative officer directs the ASUN Office of Investigations. All candidates will be reviewed by the top ASUN officers and the person appointed must be approved by senate.

Those wishing to file for any of the above positions should contact Peggy Martin, the ASUN Secretary, at the ASUN offices in the Union. The ASUN offices are open from 8 a. m. to 5 p. m. Monday through Friday.

WOMEN'S
SUPPLEMENT

Submit Contributions (Art, Photos, Words) to Sagebrush, c/o ASUN, Student Union

MARIA COSWAY

that I'm unfamiliar with. If elected, I hope to discover and familiarize myself with the available programs and pass this information on to you. We deserve to be notified of what's available to us but too often remain unaware.

Again, I can promise nothing but sheer effort. I encourage each and every eligible voter to exercise his or her right on March 17.

Jeff Littlefield

I'm Jeff Littlefield, and I am running for the office of ASUN Senator from the College of Agriculture. I'm a junior in the department of Renewable Natural Resources.

The College of Agriculture has only two seats in the ASUN Senate, and with such a limit placed upon our college at the outset, we need to be represented by people who are willing to invest the time and consideration necessary to fully put forward the interests of the students in the College of Agriculture.

I am willing to give as much of my time and effort as is necessary to insure that the students of my college are fairly represented in the Senate. I don't propose that in all matters the students of the College of Ag. will have significantly different views than the rest of the student body, indeed, we must remember that we are all in the same university, and in many cases what is best for the student body will be the prime concern.

I believe that I can do a good job both as representative of the student body, and as spokesman of the special considerations of the College of Agriculture. If you elect me senator, I will be most interested in your thoughts on any and all matters to be considered, and will actively solicit them from you whenever possible.

I know how little time I spend at the student union, and I imagine that you may be the same way. But I'm making a special trip to vote on March 10th and 17th, and I hope that you will do so too.

Cindy Mayer

My name is Cindy Mayer. I'm currently a freshman in the College of Medical Sciences. I would like very much to become a senator and represent this college in student government.

I have always been interested and involved in student government, especially throughout high school. I was a member of student council and was active as publicity commissioner.

I believe I am aware of the problems, issues, and complaints that are enveloping the UNR campus.

I am ready and willing to devote my time, effort and dedication to the problems and assets of my fellow students. I will appreciate your support in the up-coming election. Your vote will be a vote for better representation.

John Miller

I enjoy attending the university and participating in many on and off campus activities.

In the past, I have been involved in bringing speakers and demonstrations to this campus; I opposed Calley's appearance here; I have worked against the storage of Nuclear Waste in Nevada; and I have helped to establish the Washoe Zephyr Food Co-op. I will be continuing in many projects for improving the quality of life at UNR. I would like to do so as one of your senators from the School of Business.

If anyone has any questions, please call 322-6618 after 5 p.m. Thank You.

Dave Ritch

Tomorrow is the general election and my name will appear on the ballot for ASUN senator from the College of Medical Sciences.

I am running for senator this year because I feel that there is a need for responsible representation in the senate, especially in a time when there is a high amount of apathy towards student government. This apathetic attitude is evidenced by the low number of students running for office and also by the low voter turnout each election.

But apathy towards student government can be eliminated by a hard-working senate that is quick to respond to student needs and receptive to changes that will heighten the quality of student life at UNR.

For the last four years, I have been active in many leadership capacities of student government both in high school, district and state levels. With my experience and motivation, I feel I can do a good job in representing the College of Medical Sciences in a beneficial way.

I urge you to review the candidates and to most of all, VOTE tomorrow in the student union.

Letters

Everyone Else Did

Editor;

This is the letter you sent to the executive candidates. To Candidates for ASUN Executive offices;

This letter is to inform you that the Sagebrush will editorially support and oppose particular candidates in the Tuesday, March 16 issue.

The Sagebrush will support the following candidates: President - Jim Stone

V. P. of Finance and Publications - Marc Cardinali

The Sagebrush will also editorially oppose the following candidates:

President - Jack Reinhardt

V. P. of Finance and Publications - Pawl Hollis

This letter will serve as notice that all candidates who are not being supported may submit, by 6:00 p. m. March 14, a response to our opposition.

This response may be written by the candidate himself or he may have someone else write a response.

The Sagebrush wishes to make it clear that it is the editor's prerogative as to whether or not candidates will be supported or opposed. Since the Sagebrush is the only source of media on campus, we are offering this opportunity for your response. No responses will be accepted after 6:00 p. m. Sunday.

-Bob Anderson

Editor

The first point that I don't understand is the fact that - how is it possible for a candidate to write a reply to the March 16th Sagebrush's opposition when he has no idea what is going to be written? Next, is it the editor's prerogative to allow Sagebrush staff members to review, analyse and then write articles from material submitted by candidates or any one else by the established deadline? According to responsible journalism it's, may I use one of your favorite words, UNETHICAL. The editor has already assured me that it is his prerogative to allow this and that it has been done all year long.

In the past, editors like Kelsie Harder chose to commend specific candidates for outstanding qualities, but refrained from using undue criticism so not to unfairly distort public opinion.

I secured the monies, much more than in past years, for all publications, and worked to get the ten thousand dollars worth of Sagebrush equipment this year. It's evident that my active support means nothing.

Under these policies of this year's editor, pertaining to student elections, it's impossible for anyone in political office to express himself freely during a school year. What this means is that any person in office having political aspirations for another office or term has to serve his term under threatening conditions and restrictions. He has to cater to the press so he won't get attacked around election time. The newspaper, as we all know, can freely express itself. Part of my fees go to support the Sagebrush, and I don't like what I'm paying for. Finally, I agree that a person in an official capacity has to be open for comment, by the press, by political cartoons, editorials or whatever, but under these circumstances, it is not right or fair to the students as well as the candidates to have the Sagebrush take this stand at this particular time.

NOTE TO STUDENTS: Do you want to use your power to vote or do you want the Sagebrush to take care of everything for you?

-Jack Reinhardt

Editor;

I was saddened to read in last week's Sagebrush that students involved in campus politics are not more supportive and understanding of each other's individual efforts and viewpoints.

Many things were brought up last week by Paul Gallo in his column that need to be cleared up.

The death of John and close call of Gary has been the most tragic event of my life, and in my heart, I still regret it very much. It was not only the event itself, but the actions which followed that concern me.

When the Artemisia layout of John's memorial and the Sundowners were put together, there was a great

deal of controversy. This led to Senate action and lengthy Publications Board meetings, in which people involved were sidetracked with personal differences.

My elected job as Senate President is to chair meetings of senate in an unbiased manner and to insure the proper order of business. I have never, in my capacity as chairman, expressed any bias verbally or by my actions when holding the chair. I ran the meetings in proper order. That's my job. Even Editor Bob Horn agreed to this. (See Quote)

When I supported the withdrawal of funds from the Artemisia, it was at a time when I could no longer see the continued threats on parents and families of Sundowners and other people involved.

I was trying to make the point clear that our student publications should carefully review what they print and be aware of what their impact would be on the readers.

Editor Bob Horn agreed that the particular layout did, in fact, have implications of guilt for one particular person. In view of this, and the threats on the Sundowner's and on his family's lives, Horn saw fit to change the layout. That was his own action.

When Mr. Gallo approached me and asked for the Sundowner's support of his Guatemalan Earthquake Relief Campaign, I was, to say the least, very surprised. I wouldn't have been so surprised had he asked for my individual help, but he asked that the Sundowners rally together to support this cause.

Mr. Gallo has criticized and attacked the Sundowners as a club and individually. He saw no purpose in the club and did not think it should be in existence. Yet he felt that they should come out of the shadows and support this campaign, thereby gaining the approval of the public.

There seems to be a conflict involved here. The club has degenerated to nothing more than a few close friends, faced with massive legal actions and heavy criticism. However, Mr. Gallo seems to think that this action would cause a complete reversal of public opinion.

Let us face the facts. The Sundowner club is nothing more than a memory. With the problems facing the Sundowners, it would be next to impossible to resurrect the club. The first concern, of those involved, would be toward the memory of John, and I told Gallo this.

The quote itself was taken out of context, and was made in jest. Peggy Martin, ASUN Secretary, who was present at the time, agrees that the statement was not made in a derogatory sense.

I am disappointed that Mr. Gallo has placed himself in this position of judgement. His appraisal of this situation is both inaccurate and misleading. I only hope that the voters will evaluate me with respect to my achievements and qualifications, rather than Mr. Gallo's inaccurate and biased presentation.

-Pawl Hollis

Voting In The Streets

Editor;

Five months have passed since the tragic death of a fellow UNR student. This senseless tragedy stemmed from a three-day drinking bout sponsored by the Sundowner organization.

As friends and fellow students of John Davies, can we forget in a mere five months the fact that John died, or forget those individuals directly involved in this incident? One such individual is currently running for the office of Vice-president of Finance and Publications, namely Pawl Hollis. How can we, as students, conscientiously place an individual with such involvement in such a highly prestigious position in our student government? An individual who shows such insensitivity towards others as demonstrated by Hollis' remark regarding the Guatemalan relief campaign, and what happened to J. D. is hardly qualified to hold office in our student government. How could he possibly be sensitive to the feelings and wants of the UNR student body?

Because we as students feel we hold a moral responsibility to prevent such an individual from holding an ASUN office, we are organizing a campaign to oppose this candidate. Any students who feel this responsibility to themselves and our university to prevent the election of Pawl Hollis, we invite you to join us in openly opposing this candidate Wednesday, in front of Jot Travis. Show that you give a damn! Let's not let this campus be run by apathy.

Editor;

Thank you for giving me this opportunity to present my position in regards to the office of Vice-president of Activities.

During the past two years, Marie Pecorilla has served

on the Activities Board. This board could have been better served by an individual who listened intently to students' desires, who was accessible to all the students at specific times, and who had an imaginative mind that could create better activities for the students.

I have been before this board as an independent student, and I have seen how reluctant the members have been toward student desires. The entire reason why I am pursuing this office is because I feel that the UNR students have not received their money's worth of concerts, lecturers, etc. . . This is mainly due to their representation on the Activities Board, thus causing a condition of social deprivation and intellectual isolation as compared to other universities.

Though our funds are limited, we can bring greater diversification and higher quality to our activities rather than 1) A prostitute, 2) A natural foods nut who would rather have eaten at a MacDonalds, and 3) An assassination conspiracy nut, and dealings with promoters who are known as "no show" producers of concerts in other states.

I also feel that there were many activities that should have been encouraged and funded that were left ignored. A change is necessary in the policies of this office.

Marie Pecorilla obviously doesn't believe a change is needed, since she is a member of the Board that has formulated the conditions that are present at UNR which is evident by student apathy.

In conclusion, experience is not as important as the actions behind it. The choice is not between the experienced and the inexperienced, but between continued stagnation and needed change.

-Mark Tuffo

I acknowledge Blue J. Whelan's quote from last Tuesday's SAGEBRUSH.

Editor;

I am moved to write this letter by the weak turnout at the polls. Apathy has reached epidemic proportions at UNR, and few people are willing enough to help cure themselves by simply voting. There can be no excuse for a turnout of only 1057 voters. It is my hope that the epidemic is stopped by going to the polls, signing one's name to the register and voting for the candidate of your choice. In this way we, the students, can show our support for responsive, responsible government.

Responsive, responsible government cannot be achieved by voting alone. Our elected officials must not be responsive only around re-election time, nor may their responsibility run out when an issue sparks controversy or a project fails. It is our duty as voters to elect the qualified candidate and follow-up by seeing to it that the officials do the job they were elected to do.

As a concerned voter, I must speak out for one such qualified, concerned candidate. Mark Tuffo is running for the office of Vice-president of Activities. He is qualified by his experience in the areas of music, business management and public relations. He is concerned that the students have not received enough diversified, quality, well-planned activities. If elected, he promises to make himself open to each and every student or group who desires to talk to him. He is resolute to really work to bring a broader spectrum of activities to this campus. Mark has shown his responsiveness by questioning students as to where their interests lie.

His responsibility has been proven by his ability to distinguish between right and wrong and to think and act rationally; he is trustworthy, dependable, reliable and hence, he is accountable for his behavior and therefore the best candidate for Vice-president of Activities.

I urge the students to support Mark in his pursuit of this office by voting for him in the General Election tomorrow there by "ENSURING DIVERSIFIED ENTERTAINMENT".

-Stanley Aaronson

Editor;

ASUN has undergone several tragedies that have left many of us uncertain about tomorrow and what it is going to bring. Several side effects from these tragedies have already come to surface. I address this article to one of these in particular in the hope that you, the reader, will take a few minutes of your time and think about what I have to say.

This side effect that is most tangible to identify are the articles that have appeared in Sagebrush concerning certain candidates. I am not in the position, nor am I going to put myself in that position, to measure the validity of those articles, but rather to tell you of a responsibility. A responsibility that you owe to yourself. As I mentioned earlier, ASUN has had some real hardships that everyone has felt in one way or another, but regardless of how things may end up on this campus, I don't think you, the student and the voter, should yourself possibly become swayed by opinionated editorials.

Three, perhaps four weeks have gone by and many students have not met and talked with the candidates. I believe that you should make a real effort to meet and talk with them. Find out for yourself, and not through rumors and editorials, just exactly what these people have to offer. Then make your own choice.

There is one more thing I would like to share with you. I am one student who is tired of seeing and reading about students fighting students and hearing complaints about how ineffective student government is at UNR. Student government is as effective as the people behind it. We need to pull together and try to solve problems, not make them.

If we ever hope to get off the ground, and we can, we must become actively involved. Signing petitions is not enough any more. Start it off by going and voting this coming Wednesday at the Student Union. If you have any questions, please come and see me. My door is and always has been open.

-J. Pat Archer

Editor;

As a student who was born in Guatemala, I am appalled by the apathy the majority of the ASUN shows. I am thankful to all those who did participate in helping with the Guatemalan food and clothing drive. I have over 20 relatives who live there, and thank God they all survived. My disappointment lies in the fact that when Paul Gallo was trying to get assistance in the drive, very few students volunteered. I thought that the Greek organizations on campus would jump right in to help, but alas, it seems that the Greeks are all too interested in alcoholism and hazing to be of any use to anyone. Obviously, the concept of Greeks as a community service organization is erroneous.

I am further disappointed when our student leaders show such a lack of concern as Pawl Hollis' comment, "I ain't giving anything to wetbacks". To go one step further, I can understand the apathy of the ASUN when

we are led by such "experienced" student politicians as Jack Reinhardt who, if he had his way, would control the press. Those campus politicians on the Activities Board, who brought us such memorable moments as the Ohio Players and Buddy Miles concert, failed to properly promote the Harrison and Tyler lecture and who have done nothing to improve the acoustics of the old gymnasium, have the gall to run for office again.

These people are living microcosms of those greater influences in our society who fall back on their experience only to show us that they have not learned from it. The fact that these students are our future leaders, who will use their successes at the university level to further their political careers, at the expense of the general public, help generate the apathy that already exists.

-John McDonald

Editor;

Nationally Known Speed Reading Course to be Taught Here in Reno

RENO - Golden State Reading Lab, Inc., will offer a 4 week course in speed reading to a limited number of qualified people in the Reno area.

This recently developed method of instruction is the most innovative and effective program available in the United States.

Not only does this famous course reduce your time in the classroom to just one class per week for 4 short weeks, but it also includes an advanced speed reading course on cassette tape so that you can continue to improve for the rest of your life. In just 4 short weeks the average student should be reading 4-5 times faster. In a few months some students are reading 20-30 times faster, attaining speeds that approach 6000 words per minute. In rare instances speeds of up to 13,000 words a minute have been documented.

Our average graduate should read 7-10 times faster upon completion of the course with marked improvement in comprehension and concentration.

For those who would like additional information, a series of free, one hour, orientation lectures have been scheduled. At these free lectures the course will be explained in complete detail, including classroom procedures, instruction methods, class schedule and a special 1 time only introductory tuition that is less than

one-half the cost of similar courses. You must attend any of the meetings for information about the Reno classes.

These orientations are open to the public, above age 14, (persons under 18 should be accompanied by a parent if possible.)

If you are a student who would like to make A's instead of B's or C's or if you are a business person who wants to stay abreast of today's everchanging accelerating world than this course is an absolute necessity.

These special one-hour lectures will be held at the following times and places.

Reno Meetings

Thursday, March 25, 6:30 p.m. and 8:30 p.m. Friday, March 26, 6:30 p.m. and 8:30 p.m. Saturday, March 27, 10:30 a.m. and 1:30 p.m. Tuesday, March 30, 6:30 p.m. and 8:30 p.m. Wednesday, March 31, 6:30 p.m. and 8:30 p.m.

The above meetings will be held at the East-West Room, UNR Student Union.

If you are a businessman, student, housewife or executive this course, which took 5 years of intensive research to develop, is a must. You can read 7-10 times faster, comprehend more, concentrate better, and remember longer. Students are offered an additional discount. This course can be taught to industry or civic groups at "Group rates" upon request. Be sure to attend whichever free orientation that fits best in your schedule.

Things To Think About

Paul Gallo

I am a media freak. I read newspapers, news weeklies, all types of periodicals, watch TV (most of which is nauseating) and I go to movies. I've found that the media has grown to such an extent that there are occasions when those who report the news or offer commentary and opinion on it have become newsworthy. There have been many examples of this: Jack Anderson, Daniel Schoor of CBS, Woodward and Bernstein of the Washington Post, and Sy Hersh (who uncovered the Mylai Massacre) to name a few. The interviewer is now being interviewed. The reporter's actions are being reported on by other reporters. It is a phenomenon of the time and will undoubtedly continue.

I find in my own experiences in the last week that I have been thrust into a somewhat similar situation, albeit in micro-scale. Paul Gallo, the commentator, has been censured by the ASUN Senate and the ASUN Election Board. Paul Gallo, the commentator, has caused a fuss. He has made news.

Now there is another Paul Gallo. This one has conducted interviews, covered straight news stories. This one is a reporter. The reporter seized the opportunity and is pleased to announce that he has conducted an exclusive interview with Paul Gallo, the commentator who, by his Things To Think About column of March 9, 1976, has been skyrocketed into the highly unlikely and ever so reluctant role of . . . Paul Gallo -- Newsmaker.

The Interview:

The Reporter: Firstly, Mr. Gallo, I want to thank you for your time. I understand that you categorically refuse to grant interviews with anyone. Why have you permitted me to . . .

The Newsmaker: I don't really know if I could say exactly why I am allowing you to interview me other than I feel a certain familiarity with you, a sense of recognition if you will.

The Reporter: The Sagebrush was censured by the ASUN Senate and the Election Board and your article was singled out as the cause for that action. How do you feel about that?

The Newsmaker: I am amused. The ASUN Senate has already tried to censor the Artemisia and it is not impossible that they may have confused the two words. Stranger things have happened. If, however, they were aware of what censure means -- to disapprove -- then they have every right to do so. In fact, we all do. I disapprove of many things and I have the right to censure them. I hereby censure the ASUN Senate and Election Board for censoring me. I hereby censure the Boston Red Sox for losing the World Series. I censure the weather in Greenland . . . Keno tickets . . . bras . . . unfriendly domestic animals . . . parking meters . . . acid indigestion . . . the Sundowners . . . my creditors . . . lack of performance at stag parties . . . physical violence . . . and the state of the American ice cream cone.

The Reporter: Do you agree that, as stated in the act of censure, "The censure is not of content, but of timing, and the failure of the editor to allow for equal response time prior to the ASUN Primary Election"?

The Newsmaker: My article was aimed at showing the readers that there is a serious decision in the election that would have a profound effect on the university. I might ask you a question here. Would I or the Sagebrush have been censured if the article were uncritical of Jack Reinhardt and Pawl Hollis? I think not, although I'm afraid we'll never know.

As far as timing is concerned, I am utterly amazed that there are so many people who feel that they are entitled to equal time when a writer expresses his opinion. Were I a candidate for election, opposing the individuals in question, then there would be a strong case for equal time. I'm not a candidate, as you know. The action was naive and out of line, but not surprising when one realizes that Pawl Hollis is the President of the ASUN Senate.

The Reporter: On March 12, 1976, Sagebrush, Jack Reinhardt, a candidate for ASUN President, labeled you as "our champion of the downtrodden and the hero for social injustices," do you feel that is an accurate statement?

The Newsmaker: Well, I think he meant a hero for social justice, not injustice. Or then again maybe he didn't. I certainly want to thank him for the compliment of "champion of the downtrodden." But there were many others who helped out with Guatamalan relief.

The Reporter: Do you feel that your article on Hollis and Reinhardt had an effect on the outcome of the primary election?

The Newsmaker: Why do you think I wrote it -- for typing practice? I wrote it with the intention of informing the voters of two particular candidates' qualities.

The Reporter: Is there any part of that article that you would like to change or retract?

The Newsmaker: Has anything I wrote been challenged in terms of accuracy by Hollis or Reinhardt?

The Reporter: You didn't vote in the primary according to Reinhardt's letter to the Sagebrush. Is that true?

The Newsmaker: I'm glad you asked that question. I am not a member of the ASUN because I need only 6 credits to graduate. Perhaps one can say that I am voting in public through my column. It is interesting that Jack Reinhardt took the trouble to go through the voter rolls to find out whether or not I had voted. It is possibly indicative of his state of mind. Perhaps he checked to see if you voted.

The Reporter: I couldn't vote either.

The Newsmaker: Hmmm.

The Reporter: How would you summarize the events of the election, the censoring and your March 9 article?

The Newsmaker: It's the same old story, reminiscent of the Nixon years. Voters have to learn to be attentive to governmental action. There has been serious attempt at censoring a student publication and we just don't like that sort of thing. It's just not done in America. We have to fight it because as soon as the press is gagged, the government becomes the only voice to be heard and we have learned to be a bit skeptical of what they tell us. Certainly Viet Nam and Watergate are examples of that. We can make a damn fine statement here by showing the young American voters are too smart to swallow any more political rhetoric.

The Reporter: Would you care to comment on the recent letter from the national head of ATO which prohibited local membership in the Sundowners?

The Newsmaker: Sanity reigns.

The Reporter: The Sagebrush received a first place award at the Columbia University Press Association's newspaper contest. This year it has been given the Medalist Award. What are your reflections on those facts?

The Newsmaker: Sanity reigns.

Horn Refuses To Eat It

Dennis Myers

Bob Horn, between all night editorial sessions and battles with the student senate, fortifies himself with popsicles--"Super Star Fudges are my favorite, no doubt about it," he says. Super Star Fudges are made by a company named Tomorrow Products, which does not customarily include a prize in every package but made an exception for the erstwhile yearbook editor whom the Nevada State Journal once referred to as a "soft spoken, bearded young giant."

One evening, upon opening a Super Star Fudge 'cicle, Horn found a large metal object embedded in the product. Not just a metal object--a large metal object, about four inches long, half the size of the 'cicle itself and probably weighing twice as much.

After meditating for awhile, Horn sent the object back to Tomorrow Products with the following letter attached:

"Hi! Bet you didn't think you'd ever hear from me, eh? Well, to tell you the truth, I never imagined myself writing a letter to Tomorrow Products either. But that metal component you have there in front of you changed my mind. I just can't resist the temptation to write out a little something after coming across that object. By now, you're probably making a few wild guesses as to how it came upon me, eh?

"... I probably eat five [Super Star Fudges] a week. But one day I opened one up and found this cold hulk half imbedded into the 'cicle. No, I'm not kidding. Don't get me wrong--I am not writing to question the legitimacy of your company, or to embarrass you, or to try to shame you into sending me 20,000 Super Star Fudges like everyone who knows I'm writing this tells me you will. The only reason I am bothering to hen-peck this out is because the paper was still sealed when I found the little treasure, so I have ... to assume that it came from 'the plant.' At any rate, I thought it might be a good idea to return it to you so you can find out where it came from, and replace it, thus solving the mysterious case of the Displaced Machine Part or Temporary Address Reno. Besides, we tried it on everything and it doesn't fit anywhere."

GLEaming pillar of constancy in a changing world, the design of the schooner is lost back in the dim past of Scandinavian glass craftsmanship. Until 1895, it remained nameless, when Australian sailors adopted it as the regulation beer quantity for young seamen. (A 3/4 pint mug was too much; a 1/2 pint glass too little.) So the wasp-waist, bottom-heavy taw-glass was christened with the name of a ship midway between a cutter and a frigate.

The schooner hasn't changed a lot. And neither has Olympia Beer. It's still made with premium ingredients and a heritage of brewing experience that never changes. A great beer doesn't change. Olympia never will.

OLYMPIA
Beer doesn't get any better.

CIRCLE

Blue J. Whelan

Chick Corea: The Leprechaun
Polydor Records

1976
PD-6062

Chick Corea, who normally plays with his group Return to Forever (the group's name is taken from a Neville Potter poem of the same name), has created and produced a solo album of strength and beauty, which reflects the realm and reality of a "Leprechaun's Dream."

Corea, like McCoy Tyner, is a keyboard artist of the jazz genre. However, unlike Tyner, Corea who plays a fine acoustic piano, also makes generous use of electric piano, Honher Clavinet, Arp Odyssey, Yamaha Organ, Micromini Moog and Moog 15. In addition to these instruments, he also performs percussion on this album.

The Leprechaun is a stylistic neo-classic tale told through music by Corea. Being the central character of the tale, The Leprechaun is celebrated by the imps and little people of the woods that he calls home. His lady is a fairy queen of great beauty named "Lenore," and among his other friends and subjects (for he is indeed their leader), are pixies, sprites, and fairy minstrels.

In The Leprechaun's world, like that of mortal man, the inhabitants seek to find an existence closer to perfection. Although his world is one where all creatures sing and dance in peace, The Leprechaun has visions of something different. Perhaps like mortal man, he seeks serenity, or oneness with the universe, but he knows it is something different than his present reality.

Except for one or two lines describing each piece on the album, there are no linear notes. Corea allows the music to carry the tale and leaves the rest to the listener's imagination.

In all, there are nine pieces on The Leprechaun (which happens to be the magic number of 'The Little People'), arranged and orchestrated by Corea, which contains strong melodic lines intertwined with excellent variations on each theme. Corea has used his imagination by creating on each track a suggested atmosphere of total relation to each title.

On "Imp's Welcome," the album's opening track, his use of Moog and Arp Odyssey on the raga-like melody, creates for the listener a strong vision of a pointed eared imp with a sly grin trumpeting a welcome to The Leprechaun's world. "Lenore," The Leprechaun's "dance for his fairy queen," portrays an entity of beauty and grace,

as well as suggesting the speed with which these beings are said to move.

Of particular interest on The Leprechaun are "Reverie," a tone poem depicting The Leprechaun reflecting "long and deep", and two vocals: "Looking at the World," by Neville Potter, plus "Soft and Gentle," written by Gayle Moran. The vocals on both tracks are performed hauntingly by Ms. Moran.

"Looking at the World," is a piece in which the "... fairy mistrels sing about the Leprechaun to all in the woods," while "Soft and Gentle" is the fairy queen's love song to The Leprechaun. Both melodies are enchanting, with a certain amount of pixish charm and beauty.

The album's most important track is, of course, "The Leprechaun's Dream." Here, Corea combines variations from the previous tracks with a recurring new melody throughout to give us The Leprechaun's final vision of the new world. As Ms. Moran's vocals intertwine with the melody lines of horn, strings and Corea's keyboards, the strong impression of a leprechaun describing his dream and inviting his friends to join him in his private dream world is created.

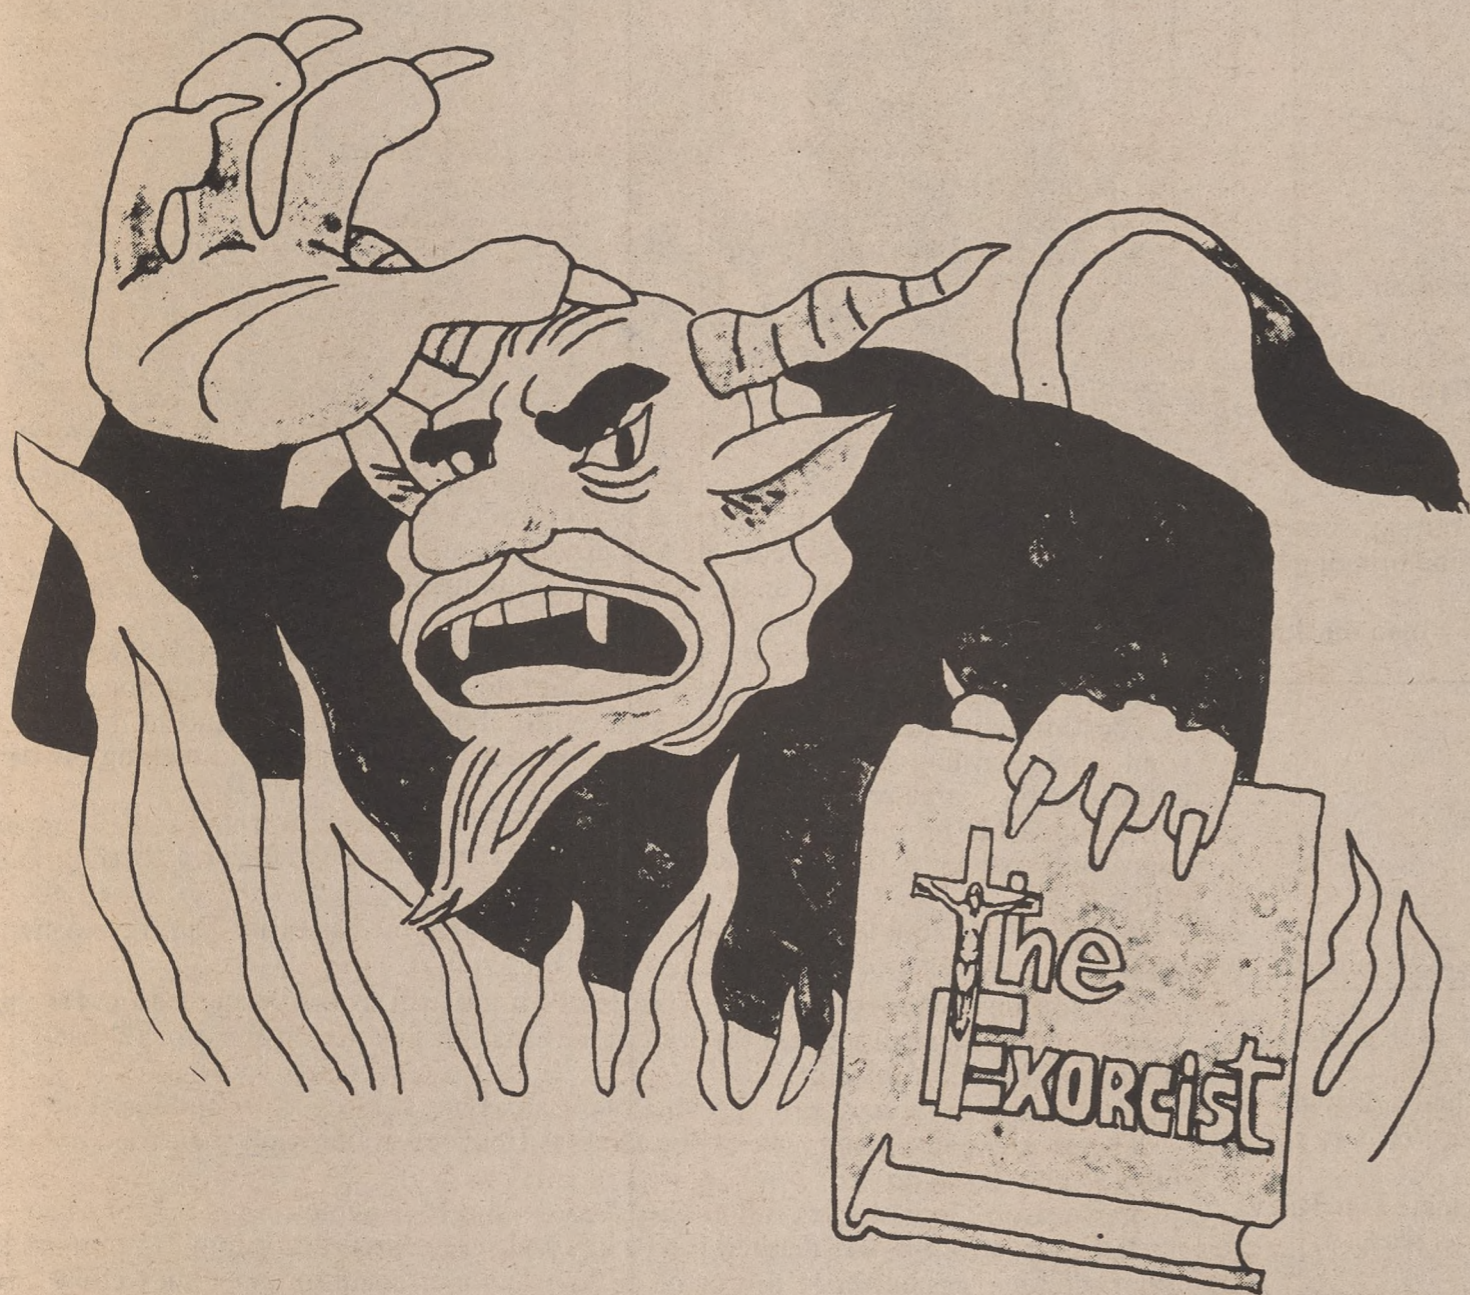

The Leprechaun is a thoroughly enjoyable and en-

chanting creation from the mind of Chick Corea. Unlike his previous releases (No Mystery, for instance) which were full of tension and power, this new creation is restrained and well thought out. There is a maturity on The Leprechaun, which for Corea is new and exciting.

Do not expect the universal explosions and cosmic fire of his previous efforts. If you do this, then the album will be a disappointment for you. If, however, you open your mind to the man's concepts; you too will become enchanted with The Leprechaun and may even find yourself doing a "Pixieland Rag."

Circle Notes: Tomorrow is the general election, and it will be time again to choose a Vice-president of Activities. Although either candidate is well qualified to perform the job, I must (after much consideration) support and ask you to vote for Marie Peccorilla. In the final analysis the job should be given to the more experienced individual. I hope there will be no hard feelings on my decision and wish both candidates well.

Good Luck to Jim Stone and Marc Cardinalli also!
There ya' go! Listen To The Music!!!

It Sounds Incredible

BUT EVELYN WOOD GRADUATES CAN READ

THE EXORCIST IN 58 MINUTES

**At That Speed, The 403 Pages Come Across
With More Impact Than The Movie.**

You can do it, too. So far over 550,000 other people have done it. People who have different jobs, different IQs, different interests, different educations have completed the course. Our graduates are people from all walks of life. These people have all taken a course developed by Evelyn Wood, a prominent educator. Practically all of them at least tripled their reading speed with equal or better comprehension. Most have increased it even more.

Think for a moment what that means. All of them—even the slowest—now read an average novel in less than two hours. They read an entire issue of Time or Newsweek in 35 minutes. They don't skip or skim. They read every word. They use no machines. Instead, they let the material they're reading determine how fast they read. And mark this well: they actually understand more, remember more, and enjoy more than when they read slowly. That's right! They understand more. They remember more. They enjoy more. You can do the same

thing—the place to learn more about it is at a free speed reading lesson.

This is the same course President Kennedy had his Joint Chiefs of Staff take. The staff of President Nixon completed this course in June 1970. The same one Senators and Congressmen have taken.

Come to a Mini-Lesson and find out. It is free to you and you will leave with a better understanding of why it works. One thing that might bother you about your reading speed is that someone might find out how slow it is. The instructors at the Evelyn Wood Reading Dynamics Free Speed Reading lesson will let you keep your secret. It's true we practice the first step to improved reading at a Mini-Lesson and we will increase your reading speed on the spot, but the results will remain your secret. Plan to attend a free Mini-Lesson and learn that it is possible to read 3-4-5 times faster, with comparable comprehension.

SCHEDULE OF FREE MINI-LESSONS

You'll increase your reading speed
50 to 100% on the spot!

Today, Tomorrow & Thursday

4 p.m. or 8 p.m.

Pioneer Inn, 221 S. Virginia

SPORTS

Baseball Team Drops Doubleheader

Steve Martarano

Pitching is the name of the game in baseball and the UNR baseball team didn't get the amount it needed in a weekend three-game series.

The Pack had evened its record to 5-5 after Friday's brilliantly played 3-1-victory over the University of Pacific, but fell to 5-7 after dropping a doubleheader Saturday to the same team.

It was the first time all season UNR had made a home appearance and the weather was crisp, cool and clear Friday.

Pack pitcher Don Fisk, coming off a shutout performance in his last outing, showed that that effort was no fluke. He scattered seven hits while striking out nine bringing his record to 2-1.

Fisk was continually working himself out of tough spots. Pacific had a man on third

Saturday's doubleheader, however, was a disaster.

with one out in the fifth inning but Fisk responded with a strikeout and an infield grounder. In the seventh, he retired three batters in a row after a leadoff triple.

Although last year Fisk had the team's lowest earned run average, he had a dismal 1-7 record. This year however has changed. Pack coach Barry Mckinnon said, "He's in good shape. I've never seen him throw so good."

Reno could only manage seven hits themselves, three by third basemen Tim Riley. Riley tripled and then scored in the eighth inning to give the Pack a two run lead.

Saturday's doubleheader, however, was a disaster.

The Pack could get absolutely nothing effective out of its pitching staff as they dropped games 11-8 and 7-5.

In the opening game, UNR fell behind 7-0 as Pack starter Pat Alexander gave up five hits and five runs in three innings of work.

Track Team Breezes

Terri Gunkel

Either the Wolf Pack track team is very lucky or much better than what head coach Jack Cook expected it to be, but at any rate, Nevada breezed by its second tough opposition, Big Sky contender Boise State, 85-68, Saturday in Boise.

"We were lucky they (Boise) had those two injuries, otherwise it would have gone right down to the wire," declared Cook. Two of the Broncos' starters, their top miler who beat Domingo Tibaduiza last year, and best sprinter were unable to compete.

But don't let that comment be misleading. The Pack did not just happen to win. "Our kids were really up," said Cook. "They wanted it." They showed it too, posting ten lifetime bests. Sophomore Tom Wysocki won the mile in 4:13.6, edging Tibaduiza; Mike Dagg of England ran his fastest three-mile time in three years in the United States, clocked at 14:22; and Terry Ybarra of Las Vegas placed third in the steeplechase with a lifetime best of 9:56.

Although it placed second, according to Cook the mile relay team ran its "best of the season" in 3:20. Wayne Valentic and Dale Clayton also achieved lifetime track bests for the 440 intermediate hurdles and 220, respectively. Valentic did the hurdles in 56.9 placing second, while Clayton was timed at 22.3 for the 220, placing third.

In the field events junior John Buffington and freshman Larry Moss, both graduates of Sparks High School, bettered their individual records. Buffington threw the shot put 52-2 for first place honors and the javelin 157-0 bringing up the rear of a Nevada sweep in that event. Although not his best, the two-year letterman also won the discus with a throw of 147-7, a meet record.

Moss, who also plays Wolf Pack football, had bests in the shot put (48-7½) and javelin (168-10) for third and second places. Nevada's Bjorn Koch of Sweden won the javelin event at 193-1, well below his school record, but he had a jammed disc in his back which happened earlier in the week.

Before the season started, Cook was leery of meeting his toughest two opponents, Chico and Boise, at the outset, but now after easy victories he sees the rest of the season as downhill. "I can't see anyone beating us for the rest of the year," Cook said confidently. "We'd have to have a rash of injuries first."

Wrestling Finals

Terri Gunkel

The stench of sweat and bloodied noses mingled with loud cheering support filled the multi-purpose room of the recreation building last Wednesday during the finals of the intramural wrestling matches. Winning all three matches it was represented in was the Sigma Nu fraternity. Most of the other representation came heavily from the independents or the Alpha Tau Omega and Sigma Alpha Epsilon fraternities.

In the 125-pound division, Rea (Ind.) defeated Butler (Lambda Chi) after the match went into overtime and was finally decided by the judge. At 135 pounds, Pecorilla (ATO) decisioned Jeppson (SAE), 5-2. Miller (Ind.) beat Melcher (SAE) 1-0 at 145 pounds.

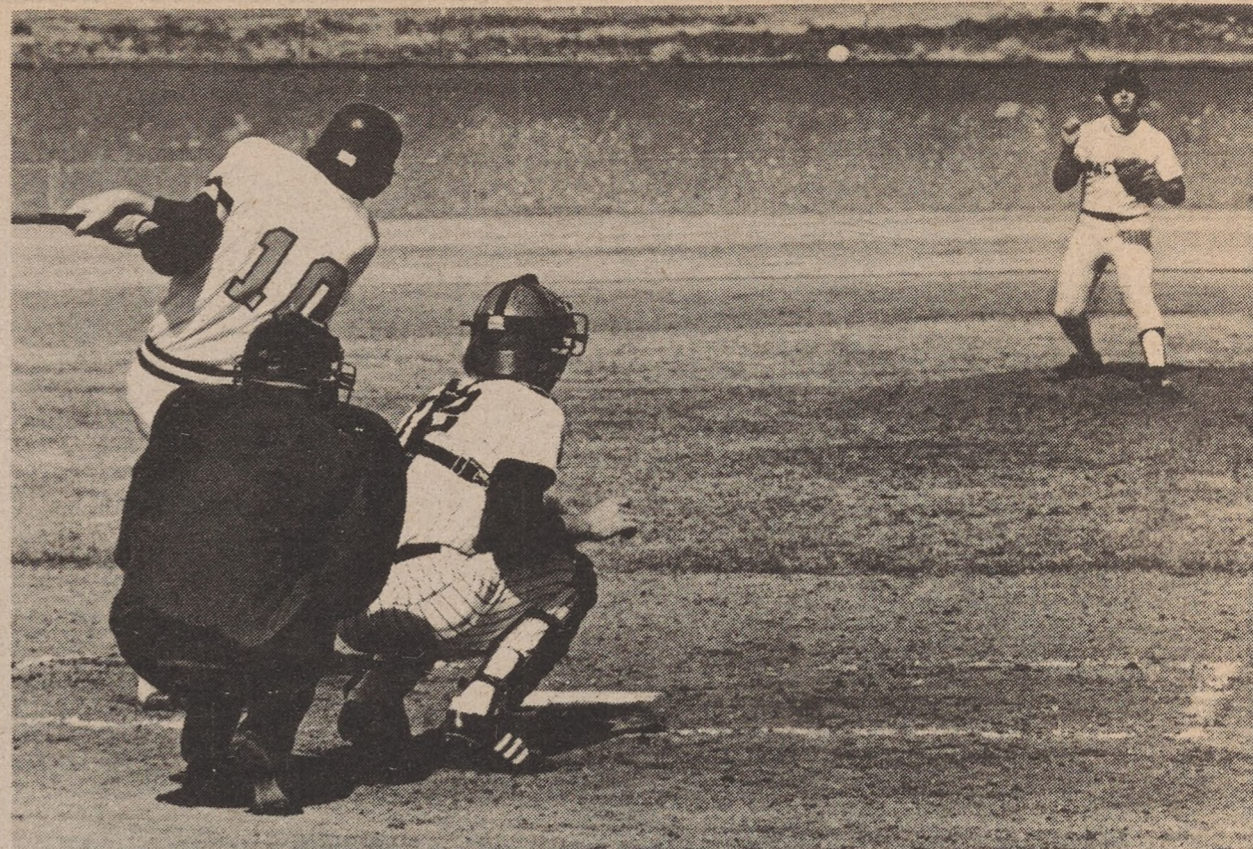

Photo by Lockwood

But Nevada rallied to pull within two runs highlighted by a line drive two-run homerun by freshman John Anderson. Anderson, who hasn't yet made a Pack road trip, was batting in the designated hitter slot. He had grounded out in his first collegiate at bat when he stepped in with a runner on and two out. He jumped on the first pitch, a fastball belt high, and drove it over the center field fence.

Only two runs down, what the Pack needed now was a bullpen. They didn't get anything resembling that as Pacific scored four more times in the next three innings.

The University field is probably located in just about the windiest spot in the city. The wind, when swirling like it was Saturday, blows out towards right field making the park a definite hitters paradise.

Anything hit up in the air to right has a chance of blowing out and it has happened many times where a first baseman will call for a pop fly only to have the rightfielder gather it in.

In Saturday's doubleheader, there were five homers hit, three by Pacific and two by UNR.

In addition to Anderson's blast, Tom Jesse hit his fifth of the young season. He smashed a hanging curveball up into the wind in left that crashed up on the dirt hill back there. It was easily a 425-foot shot.

Nevada scored three runs in the final two frames but still fell short and lost 11-9.

The second game was much of the same as UNR fell behind and then tried unsuccessfully to play catch-up.

Last season's most successful pitcher record-wise, Rich Jameson got ripped again.

Jameson, now 1-4, was mashed for 10 hits and seven earned runs in 4 2/3 innings. Pack relief pitching was better in this game as Rob Summer came in and didn't allow a thing for the last 2 1/3 innings.

Tom Jesse had four hits in the doubleheader but other than him no other Pack player had a real fantastic day at the plate.

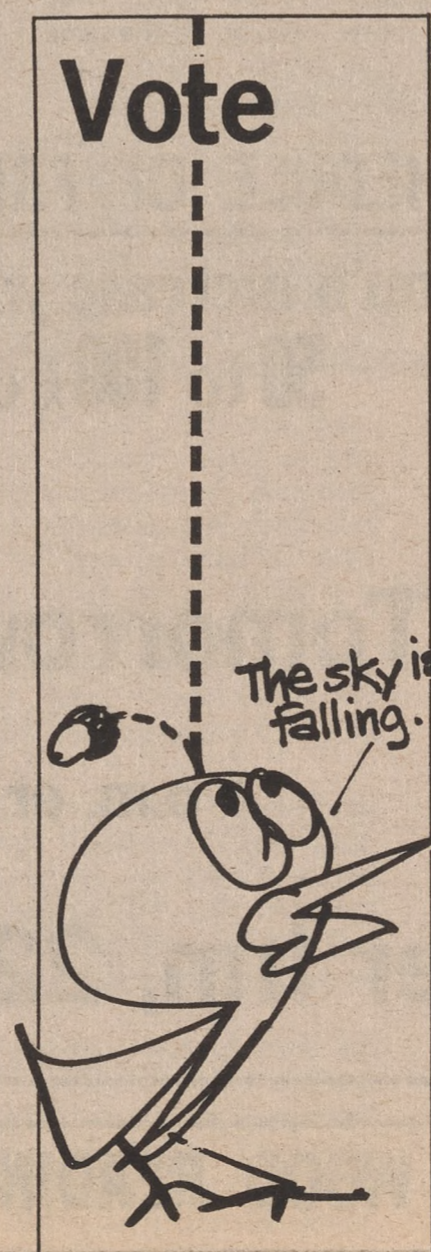

Reno will be home again today to take on Sacramento State; game time is 2:30.

Alvarez (Ind. 145-pounds), and Lathrop (ATO 165-pounds) both won their matches by forfeit over Rosha (Ind.) and Hoensch (SAE), respectively. At 160-pounds, two wrestlers from the dorms met, and Condie (Lincoln) defeated Gearhauser (Nye) by a decision, 3-2.

The Sigma Nus went to work then for their consecutive victories which started off with Harrington decisioning Cate (ATO), 7-4, at 175 pounds. In the 185-pound division, McClellan defeated Griswold (SAE), 2-0. And at 195-pounds, Masteletto pinned Butler (ATO). Finally in the heavyweights, West (Ind.) pinned Easley (SAE).

Officiating for all the matches was done by intramural sports director Lee Newell.

Vote

A new career for college graduates. . .

Consider your opportunities as a
LAWYER'S ASSISTANT

You may qualify for this intensive, 12 week, post-graduate course offered by the **UNIVERSITY OF SAN DIEGO** in cooperation with the National Center for Paralegal Training.

By specializing in one of the following fields--Corporations; Litigation; Estates, Trusts, and Wills; Public Service Law; Real Estate and Mortgages--you can prepare yourself for a responsible position as a skilled member of the legal team.

Applications are now being accepted for
Summer, 1976 Fall, 1976 Spring, 1977
